**Getting the best sound quality on ice**

We provide headphones that are specially set to complement the audio output from our inflight entertainment system, which is different from mobile devices. Your personal headphones may make announcements by cabin crew or pilots much louder than other sounds. To get the best sound quality we always recommend using our headphones.

**Hearing aids**

Emirates headphones are compatible with hearing aids, when switched over to the 'T' position.

\*in-seat phone - When using the in-seat phone\*\* a US\$5 fee may show on your credit card, even if you sent a US\$1 SMS. Don't worry, this is a deposit that will be refunded. You'll only pay for actual calls or messages.  
\*\*We are currently investigating possible issues with mobile phones containing the Snapdragon 820 processor, including the Samsung S7 or LG G5. If you are using one of these phones you may not be able to make phone calls or send SMS. Our experts are working to resolve this issue as soon as possible.

# MUSIC LEGENDS

The story of Dusty Springfield's classic album, *Dusty in Memphis*.

## WISHIN' AND HOPIN'

In 1968, Dusty Springfield had already made hits with the likes of **Bacharach & David** (ch 2939). She hoped to create a new sound for herself in Memphis, influenced heavily by her idol **Aretha Franklin** (ch 2966).

## SO MUCH LOVE

Dusty was brought to Memphis by renowned producer Jerry Wexler, who had also worked with **Led Zeppelin** (ch 2980), **Bob Dylan** (ch 2960) and the **Allman Brothers** (ch 3205), as well as pioneer of soul music **Ray Charles** (ch 3156).

## ALL SHOOK UP

*Dusty in Memphis* (ch 3180) included iconic hit *Son Of A Preacher Man*, and featured instrumentals from The Memphis Cats, who had previously worked with **Elvis Presley** (ch 2996). The album took Dusty's soulful vocals to a new level.

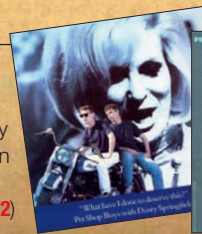

## LEGACY OF AN ALBUM

Dusty Springfield paved the way for Britain's biggest female voices, and her influence can be heard in the more recent work of **Amy Winehouse** (ch 3341) and **Norah Jones** (ch 3333).

## Essential sounds

Our selection of **Classic Music Videos** (ch 1346) includes *What Have I Done To Deserve This* by Pet Shop Boys and Dusty Springfield, and there's more from Dusty in **Smooth & Silky Jazz** (ch 3039). Listen to **Emirates Presents... The Sixties** (ch 1532) for an insight into an iconic decade.

# MOVIES | AUDIO DESCRIPTION & CLOSED CAPTIONS

Emirates is committed to setting industry standards, that's why we became the first airline in the world to introduce Audio Description soundtracks and Closed Captions on movies on our inflight entertainment system. We're also working with our partners to increase the amount of content available for aircraft in these formats.

Emirates se esfuerza al máximo para adquirir películas dobladas en los idiomas hablados por nuestros clientes. Nuestra capacidad para ofrecer esto depende de lo que esté disponible en el mercado. Esta es la razón por la que los doblajes en español de América Latina suelen tener una mayor disponibilidad en las películas nuevas de Hollywood que los doblajes en español de España. Seguimos trabajando con nuestros socios para aumentar la cantidad de contenidos disponibles en distintos idiomas.

# STAY CONNECTED

with 20MB free OnAir Wi-Fi data

Use WhatsApp, Messenger, tweet, or update your status. **20MB** is enough data to keep you in touch, and it's complimentary for up to two hours from connecting.

## MAKE THE MOST OF YOUR MEGABYTES

Due to current technology, the bandwidth to the aircraft is limited. OnAir Wi-Fi works best on smartphones, and over 90% of users connect using their phones (laptops are not recommended).

### For Wi-Fi log on to the OnAir network

Available on all Emirates A380s and most Boeing 777s.

### Here are some useful tips to help your data last longer:

- ✓ Use apps rather than browsers (many websites eat up a lot of data).
- ✓ Most phones take very big photos – try to shrink before sending.
- ✓ Turn off background app refresh and synchronisation.
- ✓ We try to help you save data by blocking background software updates and cloud photo synchronisation. This isn't guaranteed, so best to turn it off on your device.
- ✓ Video streaming uses a lot of data and may not work because internet speeds are not fast enough. Services such as YouTube and Netflix are usually blocked.

If you are a Skywards member sitting in First Class or Business Class enjoy free Wi-Fi for the flight; just log in with your Skywards number or email, plus the password. This also applies to Platinum and Gold members sitting in Economy Class. Check the OnAir login page for all Skywards Wi-Fi offers.

If you need more data, check the price plans available on the OnAir Wi-Fi log-in page. To learn more about Wi-Fi onboard, check the leaflet in your seat pocket.

Data packages and price plans quoted are subject to change.
