

BASIL®

spread the cycling joy

collection 2023

INE WITH HER SON DAAN, 1976

Hello,

We are Basil. We like to see you enjoying riding your bicycle, which is why we make beautiful and functional bicycle accessories that encourage you to cycle more often. Simply because cycling is healthy and gives you a daily dose of happiness.

It all started in 1976 when Ine van Dam stepped into the bicycle shop of Nico van Balveren, looking for a wicker basket for her bicycle. Nico rose up to the challenge and developed a custom made basket, meeting all Ine's wishes. The most important discovery: because of that basket she enjoyed her bike rides even more!

Not a whole lot has changed in our family business since then. Our passion still is designing products that make cycling more enjoyable, always taking your wishes into account.

We want to understand why and when you ride your bicycle. And also why and when you don't. From that we learn, every single day. This information, together with our sense of style and technical knowledge, results in stylish, high quality and always functional cycling accessories and cyclist rainwear. Together we can spread cycling joy. Will you join us?

On behalf of the Basil team,

Marthijn van Balveren

A handwritten signature in black ink, appearing to read 'M. van Balveren', written in a cursive style. The signature is positioned below the name 'Marthijn van Balveren' and extends diagonally across the page.

365 DAYS TO CYCLE

Every day is a cycling day with Basil.

You love the feeling of freedom on your bicycle. Cycling is good for you, good for the earth, and feels fantastic. You want to cycle on workdays, school days, summer days, winter days, dry days, and wet days.

Basil has you covered.

We'll extend your positive impact with our eco-friendly options. We'll carry your packets of joy, large and small. We'll keep you dry, comfortable, and looking great. You just focus on enjoying the ride, every single day.

**Spread the cycling joy,
365 days a year!**

#365DAYSTOCYCLE

Basil Brand Elements

At Basil, we want you to enjoy riding your bicycle. On workdays, school days, summer days, winter days, dry days, and wet days. That is why we make bicycle accessories that meet (y)our high standards. Our brand elements are the core of our business. They are the building blocks we use to design and create accessories that work for you. We use brand element icons to label products and their features.

SUSTAINABILITY

Cycling is a green choice. Extend your impact with our line of eco-friendly products. We reduce our environmental impact so you can cycle with a clear mind.

PERFECT FIT

Our innovative systems fit almost all bicycles. It is up to you, removable or fixed mounted... Good to know: no mounting stress. And you can easily swap accessories. The choice is yours!

PERFECT
FIT

VISIBILITY

Cycling is a way to LED go. With our Basil accessories you will be seen on the road, day or night! Our standard safety features reflective detailing. The next level for even better road safety, is our Nordlicht Technology*

WATERPROOF

Rain or shine, keep smiling with Basil. Our waterproof bags and rainwear will keep you and your belongings dry, every journey!

E-BIKE PERFECT

All our products are suitable for your E-bike. Several of our bags, baskets and systems are especially designed to the usage of your E-bike. We call them: E-bike perfect!

Our commitment to sustainability started in the year 2012 with the Basil Urban Unfold bicycle bags made from recycled canvas, which launched the [re]-Cycling label. That commitment has grown ever since. Today, our headquarters are solar powered and produce more energy than they use.

On the road to being green

The successful Basil Skane rainwear series bears the BlueSign label, certifying the reduced social and environmental impact of the production process. Various products are made from recycled PET. Like the Basil Elegance, Basil Ever Green and Basil Bloom Field series. Also several series are finished with a Bionic Finish® Eco like the Basil Skane HiVis and the Basil Kavan series. To name just a few of our green endeavors. The green highlight for this season is the improved design of our crates. The Basil crates are made from recycled material, using post-consumer waste. With local production in the Netherlands.

How to wear the **Basil Ever-Green** daypack...

On your bicycle

As a backpack

As a shoulder bag

A woman with a large afro hairstyle, wearing a black leather jacket and a light-colored skirt, stands next to a light blue bicycle. A young child with curly hair, wearing a denim jacket and yellow shorts, is leaning over the bicycle, looking into a blue patterned bag hanging from the handlebars. The scene is outdoors in a park-like setting with green grass, trees, and a building in the background. The building has a green wall with a white sign that reads "WELKOM PLEZANT" and an arrow pointing up. There are other people sitting at tables in the background.

All my favourite things go in here

Basil Bohème

Accessorize your bicycle in the latest Bohème prints and all eyes will be on you. Available as double pannier bag, city bag or carry all bag with matching saddle cover and big bell. Created for a carefree ride in elegant luxury.

Did you know that... that cycling with a backpack hooked-on your luggage carrier is much safer than cycling with a backpack on your shoulders? Why? The weight of your backpack is lower located. Furthermore, it is so much more comfortable, no more dreaded sweaty backs when cycling to or from work. Safe & smart thinking!

Basil Flex

This is ideal when you're on the move or simply going to work. You don't have to carry a swaying bag on your back that could cause you to lose your balance. Therefore, it's safer and you won't need to worry about getting a sweaty back. Once you've arrived at your cycling destination, it's easy to put your backpack on again.

Basil Stardust

Little bags & baskets, big smiles. Yes, they are fun and safe. Now we added Stardust to the collection. Because children love the moon and the stars. These bags are cool, solid, safe and spacious enough to pack for a trip to the moon... Or, with a sandwich and a banana, when going to school.

A photograph of two cyclists riding away on a dirt path through a misty forest at sunrise. The sun is low in the sky, creating a warm, golden glow and long shadows. The path is flanked by tall grasses and trees, with a dense forest visible in the background. The overall mood is peaceful and adventurous.

An aerial photograph of a city street intersection. A cyclist in a blue shirt is riding a red bicycle on the left side of the frame. White curved lines representing sound waves emanate from the cyclist and spread across the road. Other people are visible: a pedestrian on the left, a cyclist on the right, and a group of three pedestrians at the bottom. A traffic light pole and a tree are visible near the top center. The scene is brightly lit, casting long shadows.

A woman with long, wavy red hair and blue eyes is smiling slightly. She is wearing a long-sleeved, teal-colored dress with a repeating pattern of small, colorful flowers in shades of orange, yellow, and purple. She is standing next to a bicycle, with her right hand resting on the handlebar. A large, light-colored wicker basket is attached to the front of the bicycle, overflowing with a variety of fresh flowers, including a large white dahlia, a red gerbera, purple irises, and purple thistles. The background is a soft-focus green, suggesting a garden or park setting. The text "Gorgeous basket, don't you think?" is overlaid on the right side of the image in a white, sans-serif font.

Gorgeous

Cyclist rainwear

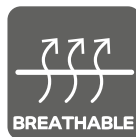

I hope it's going to rain today!

Do you skip cycling because your rainwear makes you look and feel like a damp noodle inside a wet plastic bag? Are you embarrassed about arriving at your destination dripping wet, inside and out?

We admire the folks who cycle in the rain, but we envy the ones who look good doing it. What's their secret? Super powers aside, good rainwear is key.

With Basil rainwear, you can worry less about the weather forecast and more about where you're going. Good-bye, plastic bag feeling.

Hello, 365 days a year rainwear.

SKANE

- THE ACTIVE COLLECTION -

Basil WSL System

The patented WSL system ensures perfect mounting of our basket in a safe and stable manner. The system is universal, the **width and length can be adjusted**. It fits on to various diameters of luggage carrier frames, and can be used in conjunction with batteries in the luggage carrier. **E-bike perfect!**

Basil Clever System

What makes it so clever? The Clever is one single system that can be used in **two ways**. The **removable option** works with a spring clamp. The **permanent system** works with an extra set of hooks that are included.

Basil **Multi system Baskets**

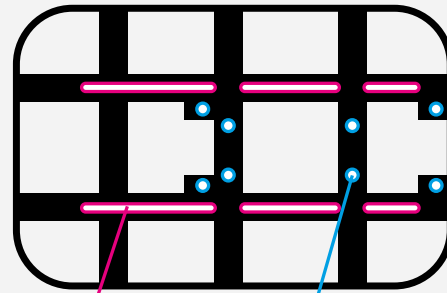

Compatible with MIK, Racktime, i-Rack/Carrymore and Atran Vélo plates? Yes, they are! Basil has developed six baskets with compatible bottom design, that makes them suitable for MIK, Racktime, i-Rack/Carrymore and Atran Velo plates (sold separately). In combination with an adapter plate of these brands, you are able to quickly and easily remove your basket from your luggage carrier.

BOTTOM DESIGN

COMPATIBLE WITH PLATES OF:

A + B + C

D

A. MIK

C. Atran Velo

B. Racktime

D. i-Rack /
Carrymore

Basil **Luggage Carrier Extender**

Bicycles with a child's seat on the back don't have any room for bicycle bags. That problem has been consigned to history by the luggage carrier extender. Includes side supports for double bicycle bags and the option to attach a back light (50-80 mm).

BASIL **CARRIER EXTENDER**

70180 matt black

Basil bags **Fixed mounted straps**

All Basil bags are equipped with straps. You can choose between removable double pannier bag (with Universal bridge system) or fixed mounted straps (stitched straps). Several Basil bags have **four stitched straps**, situated on the bridge. With these four straps, you can **permanently** mount your Basil onto your luggage carrier.

Basil **DBS** (detachable bag system)

In all its simplicity, our new DBS – detachable bag system – is an effective way of carrying your double pannier bag. Why? Because this system makes your bag **detachable**. How?

- 1 By using straps you can easily mount the adapter plate with rotary locks onto your luggage carrier
- 2 The same goes for the second plate, thanks to the four straps you can combine the plate with your double pannier bag
- 3 And then, simply attach the bag onto your luggage carrier by rotating the two locks. Off you go!

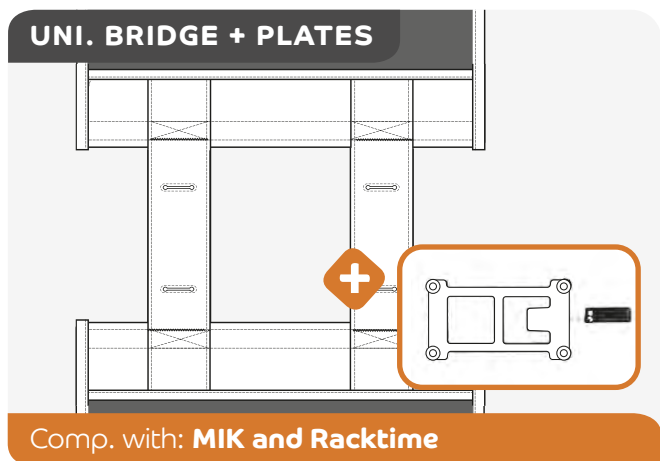

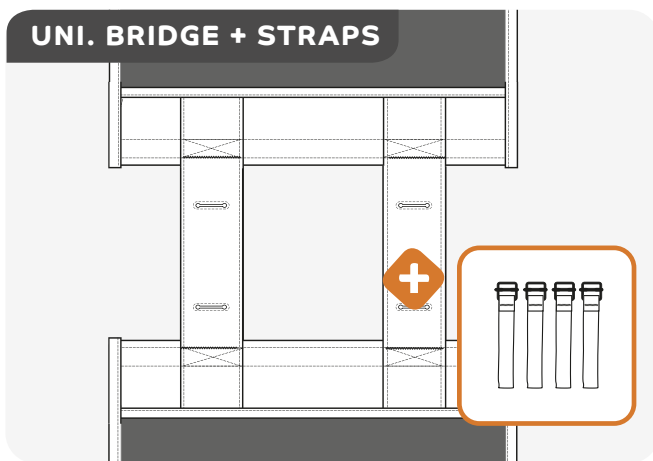

Basil **Universal Bridge system**

Basil has developed the Universal Bridge system, so you are able to **quickly and easily remove** your double pannier bag from your luggage carrier. By means of **four openings** the Universal Bridge system is easy to install on your luggage carrier. This system is compatible with all luggage carriers including **e-bikes**, MIK and Racktime. It's all in the name: Universal!

You can mount with Universal bridge system in **two ways**:

- 1 Classic mounting with four fixed mounted **straps**
- 2 Compatible with and easy to install on MIK and Racktime **plates**
(sold separately or in combination with Basil DBS system)

Basil **Additional handle**

When function meets style: the Basil Additional handle. This accessory completes your double pannier bag. It is made of durable material. And with the Additional handle the installation, removal and carry of your double pannier bag was never so easy.

BASIL **ADDITIONAL HANDLE**

50467 black

MIK

MOUNTING . IS . KEY

MEET MIK: EASY AS 1, 2, 3

MIK is a revolutionary click system for your luggage carrier. Thanks to the MIK system you can click on your luggage carrier whatever you want. In 1 second. Works with accessories of all kinds of brands. Click – that's MIK!

- Intuitive user comfort
- Freedom of choice, a system that fits multiple brands
- Easy to mount
- Open platform allows multiple brands of accessories to be used on the system

Basil **Hook On system**

The hooks are width-adjustable for the best possible positioning on the luggage carrier. The locking system with its green flag provides extra security to prevent loss. Also suitable for E-bikes. For tubes up to 16 mm Ø.

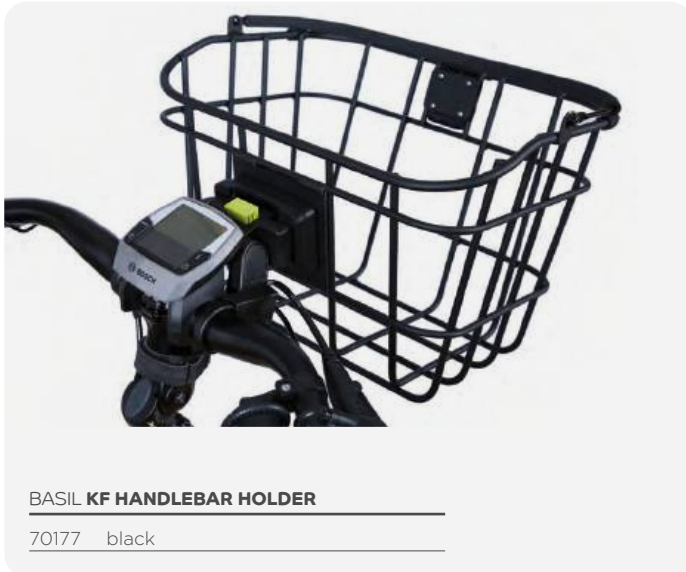

Basil **zipper pocket** solution

How do you turn a bicycle bag into a fashion accessory? The answer is the zipper pocket, first introduced by Basil. The Hook -On System can be hidden away in the zipper pocket, transforming the bicycle bag into a 'normal' shoulder bag in the blink of an eye.

Basil KF Handlebar holder

The Basil KF Handlebar holder is compatible with all removable bags and baskets equipped with an **KF adapter plate**. This system is suitable for steering tubes from 22 to 31.8 mm Ø. **The angle can be adjusted.** Furthermore, thanks to two parts (included) you can use the handlebar holder in combination with E-bike operating displays, such as the Bosch® display.

NORMAL

EXTRA WIDTH (elements included)

Basil Ahead-Stem Holder KF

The Basil Ahead-stemholder is compatible with all removable bags and baskets equipped with the **KF adapter plate** or **BE/KF adapter plate**. This system is suitable for **ahead or stem mounting**. Therefore, the system can be mounted on nearly all bicycles. For mounting, especially ahead, we recommend that this should be done by your bicycle specialist.

STEM

AHEAD

Basil Front **Stem Holders**

BASIL
PATENT

Durable, easy to install permanent holder for handlebar stems from 22-25.4 Ø. Suitable for **fixed mounted (FM) baskets**.

FIXED MOUNTED

BASIL **FIXED MOUNTED STEM HOLDER**

70183 black

Basil has developed the BasEasy holder for **safely and securely mounting** removable bags and baskets on the handlebar.

REMOVABLE

BASIL **BASEASY STEM HOLDER**

70182 black

Durable, **easily mountable holder** for handlebar stems from 22 – 25.4 mm Ø.

A woman with dark hair in a bun, wearing a mustard yellow cardigan and a patterned scarf, is riding a white bicycle on a paved path. A small, fluffy brown dog is sitting in a white basket attached to the front of the bike. The background shows a grassy area with trees.

About Basil

Driven by your moments of cycle happiness, Basil creates baskets, bags, accessories and rainwear to accompany a carefree ride in elegant luxury. Combining premium quality, style and functionality, these durable products encourage you to hop on your bicycle as often as you can.

Join the Basil happiness. Spread the cycling joy.

Basil Waterproof

Explanation of waterproof:

- Meets IPX3, with due observance of the applicable IP Code (IEC 60529).
- IPX 3 applies to the main compartment of the bags.
- Sharp objects may have a negative effect on the water resistance of the materials used.
- Condensation may be the cause of items inside the waterproof inner bag feeling damp. For this reason electronic equipment must always be packed in a separate waterproof cover.
- The level of water resistance was determined on the basis of normal use with a maximum load of 10kg per main compartment. A maximum of 2.5 kg applies to the handlebar bags.
- The water resistance cannot be guaranteed if the flap and any roll top closures of the bag are not overlapped and closed properly.
- Bags must be dried carefully after every exposure to rainwater.
- In general terms, the effects of the weather will gradually reduce the water resistance of fabrics. We recommend periodically treating the bags with an appropriate, water-repelling spray.

Basil Nordlicht Technology

Nordlicht Technology can be used as additional lightning and should under no circumstances replace the legally required bicycle light. Whenever any light is used on a bicycle, it must at all times comply with local regulations.

The publicity photos contained in this brochure have been specially staged for this new Basil collection. In daily traffic, you must comply with traffic regulations at all times. Furthermore, please note that you should always follow the manufacturer's instructions regarding the correct use of any product. Basil cannot accept any liability for damage incurred directly or indirectly from the improper use of any product, and/or if the manufacturer's instructions are not properly followed.

This catalogue is intended for promotion and clarification of the Basil range. Specifications could be subject to change for improvement without notice.

MIK HD

MOUNTING . IS . KEY

CHILDSEAT OR ACCESSORY + **MIK HD** = GO!

MIK HD

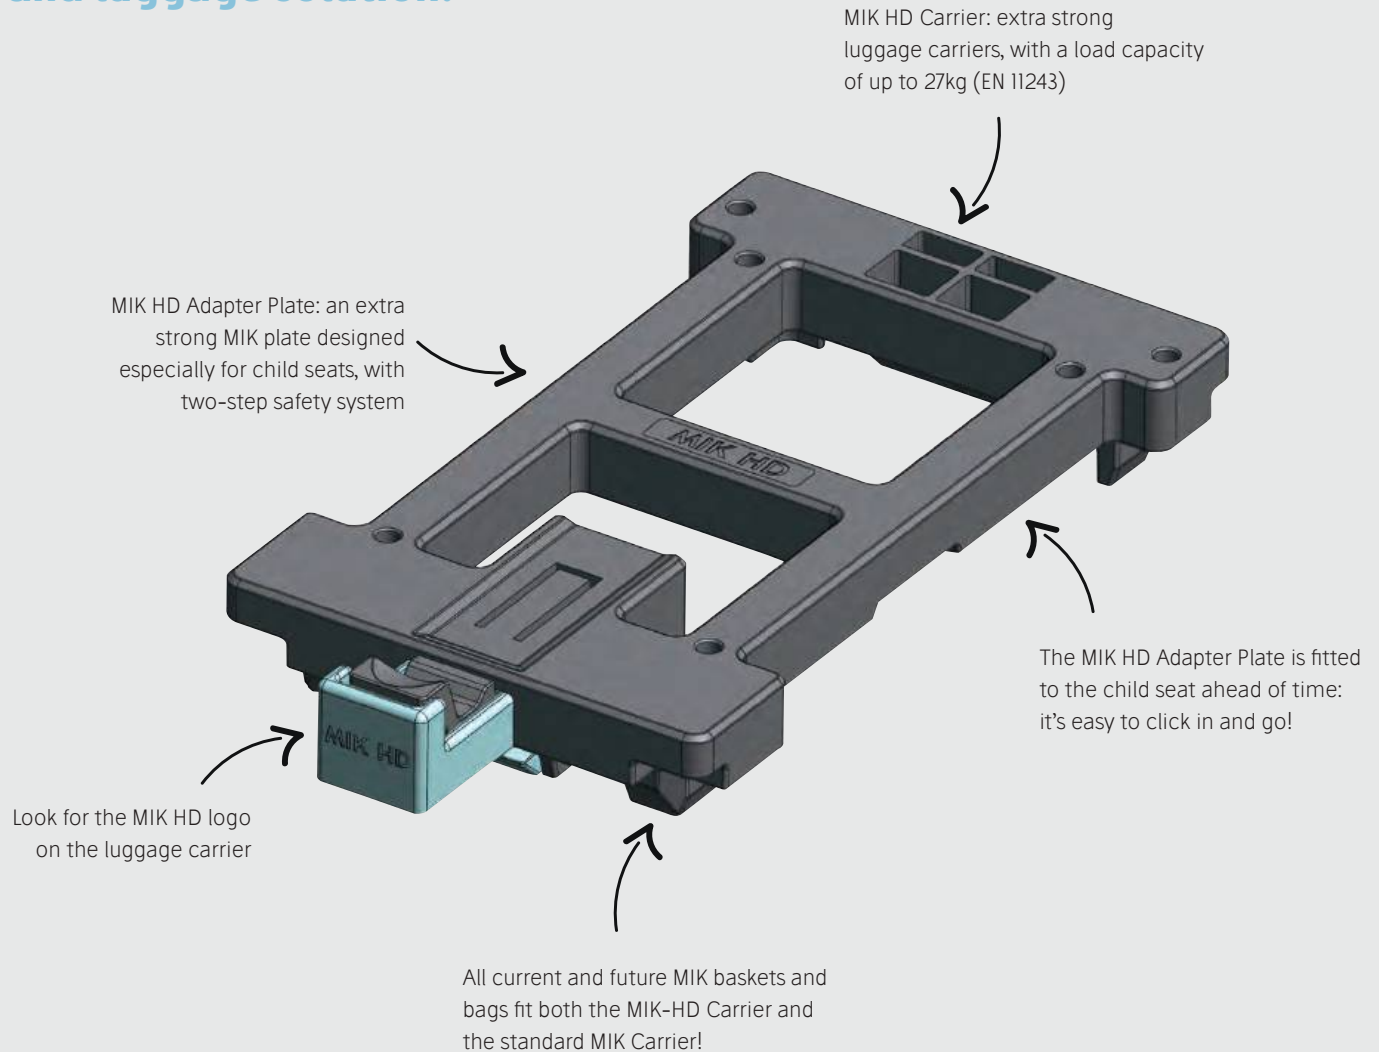

MIK
PATENT

MIK HD, the child seat and
luggage solution!

MIK HD, the child seat and luggage solution!

MIK

MIK is a revolutionary click-fastening system for your luggage carrier. Thanks to the MIK system, you can attach anything you like to your luggage carrier with a click. Whether your ride is a retro commuter or a sporty e-bike. In seconds. The system also works for accessories from many other brands. Click – that's MIK.

MIK HD

- The child seat and luggage solution
- MIK HD Carriers are extra strong luggage carriers, with a load capacity of up to 27kg (EN 11243)
- The MIK HD Adapter Plate is an extra strong MIK plate designed especially for child seats, with two-step safety system
- Compatible with certain Urban Iki, Polisport and Bobike child seats
- Easy to swap in any other MIK accessory (bags, baskets etc)
- Easy, secure mounting for child seats on the carrier of your favourite bicycle brand

- Child seats available from Urban Iki, Polisport and Bobike stockists

MIK SIDE

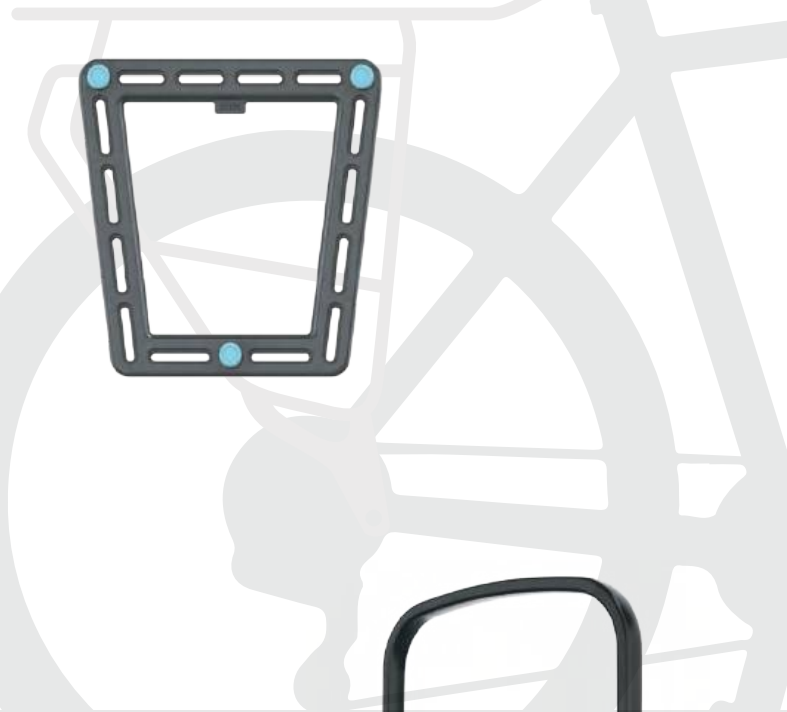

MOUNTING . IS . KEY

INTEGRATED MIK SIDE

in luggage carrier

FRAME ADAPTER

with MIK SIDE

MIK takes the next step and introduces **MIK SIDE**. **MIK SIDE** stands for Sideways Integration and its allows you to also mount and switch accessories to the **side** of your carrier and use the **topdeck** of your carrier. **At the same time.**

Click – that's MIK!

Safe way of transporting accessories. Pannier bags with MIK SIDE can be locked thanks to an additional lock.

Intuitive assembly in just 1 second.

Now accessories can be changed **without damaging** the luggage carrier.

Flexible adjustment of backbone to create an angle of 10° for heel freedom.

Transportation of **more gear**. MIK SIDE enables you to use MIK (topdeck) together with MIK SIDE.

Very **stable and solid** way of fixating a pannier bag.

ACCESSORY + MIK SIDE = GO!

Use the three MIK SIDE Studs in the three M5 holes or mount the MIK SIDE frame adapter onto the luggage carrier.

Place MIK SIDE Stud Guidance onto the lower MIK SIDE Stud.

And then click the pannier bag using the two MIK SIDE Click boxes onto the upper two MIK SIDE Studs.

MIK READY PRODUCTS

The accessories come with a pre-mounted **MIK** adapter plate. You just click it onto your luggage carrier with its **MIK** extrusion profiles. The result is an exceptionally stable system for transporting your stuff with a super-fast procedure for swapping accessories. Got some equipment to carry? Just click – that's **MIK!**

No luggage carrier with the right **MIK** extrusion profiles? No worries. Just use the **MIK** carrier plate to convert your luggage carrier (100 up to 170 mm width) to fit any **MIK** adapter plate + accessories (Aftermarket).

MIK COMPATIBLE PRODUCTS

The current MIK compatible collection of bicycle bags, baskets and pet basket offers plenty of choice for consumers, retailers and distributors. And the best part? The open-platform approach allows other bicycle accessories manufacturers to produce MIK compatible bicycle accessories as well. Freedom of product design and development previously unknown in the bicycle industry.
