PRODUCT WORKSHEETS: All Plants, Products and Services (Sec. A–P)

OAN Nursery Guide / Nursery Guide Online Revised 2021

Manage your listings and profile online!

The preferred way to submit your listings is online. The process is easier than ever! Just log in to www.NurseryGuide.com and click on the My Listings link at the top of the page. All of the plants, products and services that you listed in the book last year are already there. *If you are unable to submit your listings online, please contact the OAN office at 503-682-5089 for assistance.*

As an OAN member you automatically receive a free profile page on www.NurseryGuide.com. You can add your logo (or main image) and up to 10 gallery images. It's a great way to promote your brand. Log in to NurseryGuide.com and click on the My Account link at the top of the page. Click "Help" at the top of the page for detailed instructions.

About This PDF Booklet

The PDF booklet contains a list of all plants and products found in past issues of the OAN Nursery Guide as of early 2021. Listings are arranged alphabetically within each main section in the same order as they appear in the book. If you ran listings last year, log in to NurseryGuide.com and select the My Listings link at the top of the page to view/change your listings from last year.

New Listings

You can use this booklet to add listings that did not run last year. Locate the product in the PDF booklet and indicate quantity in production or place an "X" in the appropriate column(s). Refer to the chart at right for the explanation of codes and abbreviations. Enter amount on the payment summary section of your order form.

Items Not in the Booklet

Every plant species, product and service that appeared in last year's OAN Nursery Guide is included in the booklet. Use the sheets on Pages 92 and 93 to add new varieties or products. One page is for plants, the other is for services and supplies. If you have too many new items to fit on the page, you may photocopy the form. Enter amount on the payment summary section of the enclosed order form.

<p>The Oregon Department of Agriculture regulates Buddleja davidii as a noxious weed. However, ODA has approved certain sterile varieties of Buddleja that produce less than 2% viable seed. Only ODA-approved varieties may be propagated and sold if labeled with the approved variety name. Unless approved, Buddleja davidii plants may not be imported into Oregon, nor propagated in Oregon, nor transported, purchased, sold or offered for sale in Oregon. Plants may be collected from the wild in infested areas, provided the plants, plant parts or seeds are not used for propagation or sale within the state of Oregon. For more information, see ODA's Web site for noxious weeds: www.oregon.gov/ODA/PLANT/603_052_1200.shtml.</p>

Additional Items - Plant Material

Do you sell a plant that is not listed in the worksheet booklet? We can add it to our plant list. Please give both botanical and common name (where applicable) and note any trademarks or plant patents. It is helpful if you include a brochure or copy from a published reference for new cultivars that might not be listed in the horticultural reference books we use to check spelling and verify plant names. Attach additional pages as required. Use Page 98 for non-plant items.
