Version 1.7

Release Date: January 1, 2021

Note: When services requiring only a network validation review are performed in a provider's office (Place of Service 11) by a Bright Health contracted provider, no authorization is required for the claim to pay.

Any service performed out-of-network requires an authorization. If in-network options can be identified, an administrative denial will be issued. For services noted as not requiring a prior authorization, please contact Provider Services to ensure the service is a covered benefit for the Bright Health member. SAD means Self Administered Drug.
