Aiming to make high-school athletes more resilient

Ambassadors of Compassion program

BY GARY HABER

Jack Coan is one of the greatest football players to come out of Suffolk County.

But as the one-time Sayville High School star told a group of between 1,500 and 2,000 high school student-athletes from Suffolk County on a rainy Friday afternoon, the road to success can be long, frustrating at times, and require a lot of hard work.

Coan quarterbacked the Golden

Flashes to a Long Island Championship in 2015 and was named Suffolk County's top player in 2016, before heading to college at University of Wisconsin.

Coan enrolled expecting to be the starting quarterback his freshman year, but that role went to another player. He worked his way into the starting job, but broke his foot and lost his starting spot, which led him to transfer to Notre Dame.

He went unsigned in the 2022 N.F.L. Draft, but signed on as a free agent with the Indianapolis Colts. He played in the preseason, but was let go before the regular season.

But Coan didn't quit.

Two 14-year-olds arrested for burglary, trespassing at Oakdale mansion

Fifteen arrests since April

BY SAM DESMOND

The Suffolk County Police Department arrested two 14-year-old males for burglarizing the Idle Hour Mansion on Wednesday, Aug. 23.

Fifth Precinct patrol officers responded to a 9-11 call about youths vandalizing the building with spray paint on the campus of the old Dowling College, located at 150 Idle Hour Boulevard, at 4:25 p.m.

The suspects, who left the scene pri-

or to police arrival, were located a short distance from the campus and placed under arrest. A backpack containing spray paint and a proceed from the burglary was recovered.

Fifth Squad detectives responded and charged the two 14-year-olds with burglary 3rd degree and making graffiti as juvenile delinquents. They were released to a parent and issued a family court appearance ticket.

This is the most recent arrest after a slew of apprehensions by the SCPD following calls for tips and releasing

Instead, he found a starting QB spot with the San Antonio Brahmas of the XFL and is hoping to make his way back to the NFL.

“Everyone wants the blessing of success, but not everyone wants the burden” of the hard work it takes to achieve success, Coan told the athletes assembled at East Islip High School.

Coan spoke to the students as part of the kickoff event for Ambassadors of Compassion, a character development program for high-school athletes.

The students came from more than 20 high schools including Bellport, Center Moriches, East Islip and Sayville.

Ambassadors of Compassion is a national program whose motto is “Building emotionally resilient youth.” It aims to help high school student-athletes develop the skills to deal with life’s inevitable frustrations and disappointments, and encourages them to become mentors to other students.

Among the other speakers at Friday’s kickoff were East Islip High School alumnus Boomer Esiason, who delivered

a video message; Ambassadors of Compassion founders Eric and Judy Hannah; and Gregg “Gio” Giannotti, co-host with Esiason of WFAN radio’s “Boomer and Gio” show.

Giannotti, a Bellport High School alumnus, who now lives in Sayville, recounted his own athletic frustration as a 12-year-old pitcher.

He was on the mound in a playoff game when he hit five consecutive batters and was taken out of the game. The experience rattled him and took him two years to regain his confidence, Giannotti said.

“I ended up screwing up the tryout the next year in sixth grade, middle school, screwing up the tryout in seventh grade and wanting to quit baseball,” he said. “And that was exactly the wrong thing to do.”

Giannotti eventually regained his confidence and went on to play high-school baseball and football.

“It’s not what happens to you,” he said. “It’s how you deal with it and deal with it in a positive way.” ■

Former Sayville High football star Jack Coan told high school student-athletes assembled for the Ambassadors of Compassion kickoff event that not everyone is willing to put in the effort success requires.

Local volunteer EMS wins award from U.S. Attorney for cocaine gang takedown

Earlier this month, Sayville Community Ambulance president, Mike Duffy, was awarded a commendation for his “enduring impact on the streets of New York through the successful investigation and prosecution of Operation Pharaoh,” by the Southern District of New York for his role as a detective in the

SAYVILLE

New York Police Department.

As part of the NYPD Manhattan North Major Case Squad, Duffy, who joined New York’s finest in July 2009 and was promoted to detective in November 2018 and rose to second grade detective in March 2023, was a key, instrumental figure in the prosecution’s case involving a gang called the Downtown Mafia.

“They were a kilo ring, trafficking kilograms of cocaine in New Jersey, Bronx and Harlem, and Washington Heights in Manhattan,” said Duffy.

Duffy and his team were able to successfully arrest nine high-level members of the crew in February 2022 on federal narcotics trafficking and conspiracy charges, as well as a 10th on attempted murder charges from New Jersey.

All 10 have now been found guilty and are awaiting sentencing.

Duffy was the lead on the Pharaoh case from January 2021 through February 2022.

Abandoned cat; two women charged

Detectives from the Suffolk County SPCA charged two Bohemia women who abandoned a black cat at South Denver Avenue in Bay Shore.

Roy Gross, chief of the Suffolk SPCA, said that its detectives charged Jillian Fitzpatrick, 43, and Janine BOHEMIA Albrecht, 69, of Bohemia, with one count each of abandonment and conspiracy for abandoning Rocky, a 6-year-old male cat, on July 10 at 3:55 p.m.

The defendants abandoned Rocky at the end of South Denver Avenue in Bay Shore within a few hundred feet of the defunct Town of Islip Animal Shelter that was replaced with a new building several years ago.

The two were interrupted by a good Samaritan who contacted the SPCA and has since been caring for the cat, which most recently underwent multiple surgeries, including the removal of one eye, on Aug. 17.

The good Samaritan has also indi-

cated they will adopt Rocky as soon as he is healthy enough to come to a forever home.

Albrecht and Fitzpatrick were arrested on Aug. 27, 2023, by SPCA detectives and are scheduled to appear at First District Court in Central Islip, on Sept. 15.

“Animal cruelty will not be tolerated in Suffolk County,” Gross said.

Residents are asked to report incidents of animal cruelty or neglect to the Suffolk County SPCA at (631) 382-7722.

Over 3,000 cases of animal abuse were reported in Suffolk County in 2022.

The Suffolk County SPCA is a local, independent not-for-profit organization that has been servicing the humane needs, requirements, and enforcement of cruelty laws for Suffolk County, N.Y., animals since 1984.

St. Joe's student paints mural at Sayville Ferry

Junior artist resides in Oakdale

BY GARY HABER

Visitors to Sailors Haven and Sunken Forest on Fire Island can get a preview of their destination even before they depart, thanks to a new mural at the Sayville Ferry terminal painted by a student at St. Joseph's University.

The 4-foot-by-8-foot mural painted by Isabella Van Kalmthout, a junior studio art and history major from Oakdale, depicts many of the elements for which Fire Island is known: seagulls, deer, and horseshoe crabs. The pristine beach, the boardwalk through Sunken Forest, and the ferry that transports passengers there also make an appearance in Van Kalmthout's mural.

"She has a real sense of illustration and knows how to put the parts together," Dawn Lee, a professor and chair of the arts department at St. Joseph's, said of Van Kalmthout.

Lee was instrumental in making the project happen.

An artist-in-residence for the National Park Service's Fire Island National Seashore, Lee worked with the parks service to create an internship for a St. Joseph's art student to paint a mural illustrating Fire Island's ecosystem.

Lee had taught Van Kalmthout in two classes and thought she'd be a great fit.

"She's always excelled," Lee said.

Van Kalmthout spent the spring semester developing the design for the mural, which had to be approved by NPS and the ferry's owners, and then painting the mural in the art studio at

St. Joseph's. It was the first time she'd worked on a project that large.

Van Kalmthout researched Fire Island's ecosystem to come up with the elements she included in the painting and incorporated input from the National Park Service. "I was anxious that everything I was doing was up to their standards," she said.

Van Kalmthout said she was pleased

when she saw her work hanging outside the ferry terminal for the first time.

"When it was in the [art studio] I was very focused on what can I change, what can I add?" she said. "I was very focused on the details."

Lee, too, was happy with how the mural turned out.

"She did a very nice job in carrying through on the project," she said. ■

Don't forget to reduce your waste

Did you know that more trash is made during the summer than any other time of year?

But! There are some small steps we can take to reduce our waste to make a big difference.

- Buy fresh produce.
- Choose reusable cups and plates for parties.
- Use decorations that can be reused.
- Pack snacks in reusable containers.
- Compost your food waste.

The town is also urging residents to increase their aluminum, tin, and mixed-metals recycling efforts. Aluminum is infinitely recyclable, and the amount of energy needed to produce a new can from recycled aluminum is just 5 percent of the energy needed to make one from bauxite ore. It also works quickly—a metal can that's recycled today could return to the shelf as a new can in as little as eight weeks.

Everyday products such as soda cans, foil, and pie tins are made of aluminum and are fully recyclable. The products should be clean of food residue. Clean foil should be balled up before it is tossed in the recycling bin.

For more information about Islip Town recycling visit <https://islipny.gov/community-and-services/wrap-calendar>.

Local participates in the PGA Junior Classic

Brock Walters recently participated in The Michael Hebron Metropolitan PGA Junior Classic at Smithtown Landing Golf and Country Club.

Walters won first place with a 68. It was his first-ever bogey free round in tournament play. What was even more special was after the round, Walters had the privilege to personally meet PGA Master Michael Hebron and to spend some time in conversation together, discussing travel and all of the joys of the game of golf.

"It was a really special moment in time for my son, and one that he will never forget!" said his mother, Christine Walters. "Golf is Brock's passion, and he is on trajectory, and it is people like Michael Hebron that help to keep him motivated by transferring their wisdom in a simple conversation." Walters currently splits his time between Minden, Nev., and East Hampton, N.Y. He is currently homeschooled via the U.S. Performance Academy, which allows for flexibility and for him to hone in on his passion for golf.

WORD OF THE WEEK: Forever chemicals

Forever Chemicals

(noun) /fəˈrevər kemɪklz/

A range of synthetic substances (aka PFAS), used in many everyday products such as food packaging, nonstick products and household cleaning products, that are extremely persistent, lasting thousands of years in the environment.

Commonly found in our drinking water and local waterways, they are a threat to marine life as well as human health with very small doses increasing the risk of a wide variety of health problems, such as cancer, liver problems, and immunosuppression.

Save the Great South Bay

Forever chemicals not only affect the health of our marine life, but also pose severe risks to human health.

Examples of forever-chemical sources:

- Food packaging: pizza boxes, food wrappers, takeout containers, microwave popcorn bags, disposable trays, and bakery bags;
- Non-stick pans (Teflon)
- Firefighting foam
- Carpets, rugs, furniture textiles, window treatments, car seats
- Stain-proof and waterproof clothing
- Outdoor gear
- Umbrellas
- Personal-care products like dental floss, mascara, foundation, menstrual underwear
- Artificial turf
- Medical equipment and masks
- Building products
- Firefighters' personal protective equipment,
- And more.

On Dec. 31, 2022, New York banned the distribution and sale of food packaging containing intentionally added PFAS. But much more work needs to be done to protect our water quality in both our waterways and our drinking water.

Biking to the brewery

The Bike to the Brewery is a bike ride stretching across New York City to Long Island.

Catering the ride and being its final destination, the Blue Point Brewery helped promote the riders' cause in extending the Long Island Greenway.

The ride is a 60-mile-long race stretching from New York City to the Blue Point Brewery, while also taking breaks at rest stops like the Snapper Inn for a quick bite to enjoy some Long Island oysters before Oyster Week in October.

The ride was created to help support completing the Long Island Greenway. The Greenway is a 200-mile-long bike trail going from the east of Manhattan to Montauk. The riders' goals are to advocate for better biking and to support the construction of the bike trail to Montauk, linking it to the Empire State Trail and surrounding areas like Queens and Brooklyn, further creating a cleaner way to travel and safer way of biking for all New Yorkers.

The event took place on Saturday, Aug. 26.

Passport can take 13 weeks to be issued

Town processing applications to send to State Department

BY SAM DESMOND

Although the busy summer traveling season is coming to a close, the Town of Islip is now able to witness your signature on passport applications and seal your passport application to send for processing to the Department of State in Washington, D.C.

The town accepts passport applications only for first-time passports or passports expired over five years (i.e., not a renewal of a current passport or one that has only expired in the last five years).

The town clerk's office, at 655 Main Street in Islip, accepts completed passport applications from Monday through Friday, 8:30 a.m. to 4 p.m.

As adults and children can all apply at the same time, appointments are required for groups of three or more people.

With processing times for passports being reported as long as 10 to 13 weeks for routine applications by the Department of State, even expedited processing can take seven to nine weeks.

To assemble your passport application package, visit:

- <https://travel.state.gov/content/travel/en/passports/how-apply/forms.html>
- Make sure the image of the application covers the entire page.
- Use vertical, portrait format (Do not print your form horizontally.

Doing so will cause delays with your application.)

- Print your form single-sided on 8.5-inch-by-11-inch letter-sized paper. The State Department does not accept double-sided forms.
- Complete the application either online using the Form Filler or manually, but do not sign the document (the town must witness your signature in person)

For your identification document, you may submit the following in original with a photocopy (that is in the original size of the document):

- Valid or expired, undamaged U.S. passport book or passport card
- In-state, fully-valid driver's license or enhanced driver's license with photo
- Certificate of Naturalization
- Certificate of Citizenship
- Government employee ID (city, county, state, or federal)
- U.S. military or military dependent ID
- Current (valid) foreign passport
- Matricula Consular (Mexican Consular ID) - commonly used by a parent of a U.S. citizen child applicant
- U.S. Permanent Resident Card (Green Card) - commonly used by a parent of
- U.S. citizen child applicant
- Trusted Traveler IDs (including valid Global Entry, FAST, SENTRI, and NEXUS cards)
- Enhanced Tribal Cards and Native American tribal photo IDs

Photographs can be taken at the TOI passport acceptance location for a fee of \$10 per photograph payable by check or money order, but can also be taken

separately. The parameters for passport photographs are as follows:

- Must be taken in last 6 months.
- Use a clear image of your face. Do not use filters commonly used on social media.
- No selfies.
- No eyeglasses (even prescription)
- A white or off-white background without shadows, texture, or lines.

A check or money order payable to the U.S. Department of State in the amount of:

- \$130 (for a passport book for an applicant aged 16 or older), \$209.53 if expedited
- \$100 (for a passport book for an applicant aged 16 and younger), \$179.53 if expedited

A separate, check or money order for the Town of Islip processing fee in the amount of \$35 payable to the Islip town clerk must also be submitted.

A separate check or money order in

the amount of \$28.75 for the shipping fee must be made payable to the Islip town clerk.

For those wanting an additional passport card (a photo ID similar to a driver's license that can be used for re-entry to the U.S. for land border crossings, i.e. driving to Canada) the fees are as follows:

- \$30 (adult, aged 16 or older), \$90 if expedited, check or money order payable to U.S. Department of State
- \$15 (minor, aged 16 or younger), \$75 if expedited, check or money order payable to U.S. Department of State
- \$35 processing fee in a check or money order made payable to the Islip Town Clerk
- \$22.95 shipping fee in a check or money order made payable to the Islip town clerk.

Please note that two separate photos are required for the passport card application.

As of Nov. 1, 2010 the Town of Islip will no longer consider a Puerto Rican birth certificate valid if it was issued before July 1, 2010.

The Puerto Rican government and the United States Department of State and Department of Homeland Security collaborated in creating a new law on the island to match documentation policies in the United States, according to the government of Puerto Rico's website.

The birth certificate has become widely used to obtain fraudulent identification and documentation in the United States, so the federal agencies and territorial government made changes to how the certificates are issued.

Puerto Rican-born citizens living stateside can apply for a certificate at the website, www.pr.gov. ■

'School system to be positive, happy, and engaging'

Superintendents share their goals for '23-'24 school year

BY SAM DESMOND

The Suffolk County News spoke with superintendents for Bayport-Blue Point, Connetquot, and Sayville school districts for their leadership vision this upcoming school year.

All three districts have celebrated championships in sports, rigorous academic triumphs, and unique challenges to their respective schools.

Dr. Joseph Centamore, who was newly installed as superintendent of Connetquot School District earlier this summer, said, "The enduring and brilliant summer rays highlight what a very special time of year this truly is. It is time to go back to school, and I can't wait! 2023-2024 is going to be an outstanding school year! From our kindergartners to our seniors, it will be a year filled with wonderful milestones and memories to last a lifetime. My expectation is that this is going to be a year where we highlight all of the positive and marvelous work being done throughout the district by our students and staff."

Superintendent of BBP, Dr. Tim Hearney said it was "important to pause and reflect" on the district's great strides in the past year, including adding universal pre-school and continued focus on the social emotional well-being of students and staff.

"Several of our athletic teams played and won at the State competition level, music and art students were nominated for Teeny Awards, students hit new records on a national level with

our robotics team; and our community involvement was better than ever," said Hearney.

Entering the 2023/24 school year, Hearney said "the District will remain steadfast on our academic goals and providing educational opportunities for all students."

Reinforcing his commitment to each student having a "Go-To-Person, a Wellness Center at the High School has been established so that "we can truly live the BBP mantra of, 'You BELONG here, We BELIEVE in you, Anything is POSSIBLE.'"

Dr. Marc Ferris of Sayville School District spoke of surveying teachers, parents, students, and other stakeholders to "explore what [is] value[d] most in [...] public school education."

He went on and said, "I am most proud of the collective work of our teachers, staff, administrators, families, and board of education as they focus their efforts on creating learning expe-

riences that support our students in being successful, happy, thriving young adults upon their commencement."

Ferris outlined six goals for students, including becoming:

Independent Learners

"We want our students to be able to complete tasks with independence and take responsibility for their work. We want them to be resilient when things get hard or challenging."

Caring Citizens

"Caring means being kind to others, respectful, and aware of people's similarities and differences. We want our students to be good citizens, leaders who contribute to our community within Sayville and beyond."

Communicators

"We want our students to effectively communicate verbally and in writing, expressing what they know well, advo-

cating for themselves and others."

Collaborators

"We want our students to effectively collaborate with each other, work together in small groups to solve problems, and demonstrate the skills to work well with one another, much in the way they will be required to when they enter the modern-day workforce."

Critical Thinkers

"Students [should] be able to consume information as critical thinkers, developing the ability to analyze, evaluate, and synthesize information to produce their own conclusions, understandings, theories, or beliefs about the world."

Joyful Learners

"We want our students to find joy in learning and for their daily experiences in our school system to be positive, happy, and engaging." ■

Billy Joel lyrics through a Long Island lens

Presentation at West Islip Library

BY GARY HABER

From hanging out at Levittown's Village Green to cruising Manhasset's luxe Miracle Mile shopping district, references to Long Island are sprinkled throughout Billy Joel's lyrics.

A multimedia presentation by long-time journalist and St. Joseph's University adjunct journalism professor, Clive Young, explores the creative process behind some of Joel's best-known songs, and the Long Island and New York City locales that played an important part in Joel's life and lyrics.

Young brings his multimedia presentation to the West Islip Public Library on Thursday, Aug. 31 at 7 p.m. "Billy Joel's New York" had its roots in a presentation Young started doing about five years ago, about Long Island and New York City locations that show up in famous rock songs.

"People liked it. But the part they really paid attention to was the 10 minutes about Billy Joel," said Young, 55, a Rockville Centre resident.

"I wondered if I could make a program that was Billy Joel-centric," said Young, a mainstay of the Long Island library speaker circuit, who has developed lectures on topics as diverse as Sylvester

Stallone's "Rocky" movies and TV show theme songs.

Young has given his Billy Joel presentation at five libraries so far, and it's been a hit with his audiences, mostly folks in their 50s and older, for whom Joel's music was a big part of their young adulthood.

They know the lyrics and want to know, for example, which restaurant Joel is talking about in his "Scenes from an Italian Restaurant."

"Everybody has a story about how they met him or went to high school with him," said Young, who grew up in Westchester as a Billy Joel fan and came to Long Island to attend Hofstra University.

Young, editor in chief of *Mix* and *Pro Sound* magazines, two trade publications for the recording industry, has done extensive research in putting together his presentation, which runs about 70 minutes.

His research includes visiting numerous sites on Long Island and in New York City that show up in Joel's music videos

'White-out' conditions expected at first home game

BY SAM DESMOND

On Sunday, Aug. 27, the Bayport-Blue Point varsity football team raised \$1,300 hosting a car wash at Geoghan Insurance, on Montauk Highway in Bayport. **BAYPORT-BLUE POINT** The funds raised will go towards the team's pregame breakfasts, protein bars, senior gifts (e.g., banners), and gifts for coaches.

Part of the proceeds will also support events on Senior Day, which is the last game of the season on Oct. 27.

Customers at the car wash were also able to purchase T-shirts for the "white out" of the first home game at BBP against Mount Sinai on Sept. 8.

One parent described last year's first game under the lights as "crazy" and hoped for strong community attendance again this year.

Coach Michael Zafonte, who led the Phantoms to an incredible, undefeated season that culminated in the Long Island Championship, said, "We are seeded No. 1 again, so we have a lot of work to do. Our focus, as always, will be on one game at a time. We want to put in a tremendous amount of effort and practice daily to win the week."

Athletic director Tim Mullins praised the "positive tradition and culture" that Zafonte and fellow staff members created for the team.

Senior and team center Jeremiah "Jerry" Lee, who will also be playing defensive tackle, said, "I think the main goal is just winning the next game, honestly. [It] doesn't matter what team we play; the main focus is to fire out on all cylinders and win." ■

Suffolk Transportation’s Green Bus Summit Fleet Award

Suffolk Transportation Service Inc. (STS) was selected by School Transportation News (STN) as this year’s recipient of the prestigious Green Bus Summit Fleet Award at the STN Expo in Reno, Nev.

Suffolk Transportation Service (STS) was selected for its commitment to investing in a “greener” fleet that significantly benefits the more than 50,000 school children the company transports every day.

This national award was presented on July 16 at the Peppermill Resort Hotel with over 1,000 school transportation professionals in attendance from throughout the country. School Transportation News presented the award in affiliation with the National Renewable Energy Laboratory, which assisted in judging the nominations.

“Congratulations to Suffolk Transportation Service for being awarded the 2023 Green Bus Summit Fleet Award at STN EXPO in the regional contractor category,” said Tony Corpin, publisher and president of School Transportation News. “Their vision to invest in greener

school buses has made a positive impact on the communities they serve and the children they transport in New York. I applaud their leadership for moving towards a greener future in school trans-

portation.” STS was selected for this esteemed award in recognition of its ongoing, proactive measures to be in the forefront of environmentally responsible school bus

operations and technology. Serving twenty-seven school districts and agencies with more than 1,800 vehicles in its fleet, STS’s commitment to running a sustainable operation is multifaceted. The company currently operates 11 all-electric vehicles and is gathering data to plan accordingly for the future.

A recent new law enacted by New York State requires school bus operators to purchase zero-emission buses by 2027 and the entire fleet must be converted to zero emissions buses by 2035.

In addition to making sizeable annual investments in “green” technology, the company has prepared all of its state-of-the-art facilities for all-electric school buses and 25 percent of the company’s power is generated by solar energy.

“We are very proud to receive this award and to be recognized for our ongoing efforts towards fleet electrification,” said Thomas Smith, vice president of school operations and business development for Suffolk Transportation. “We have a monumental task ahead of us. Our team and industry partners will help make us successful as we move into the future together. A big thank you to the STN team for putting together a great conference.”

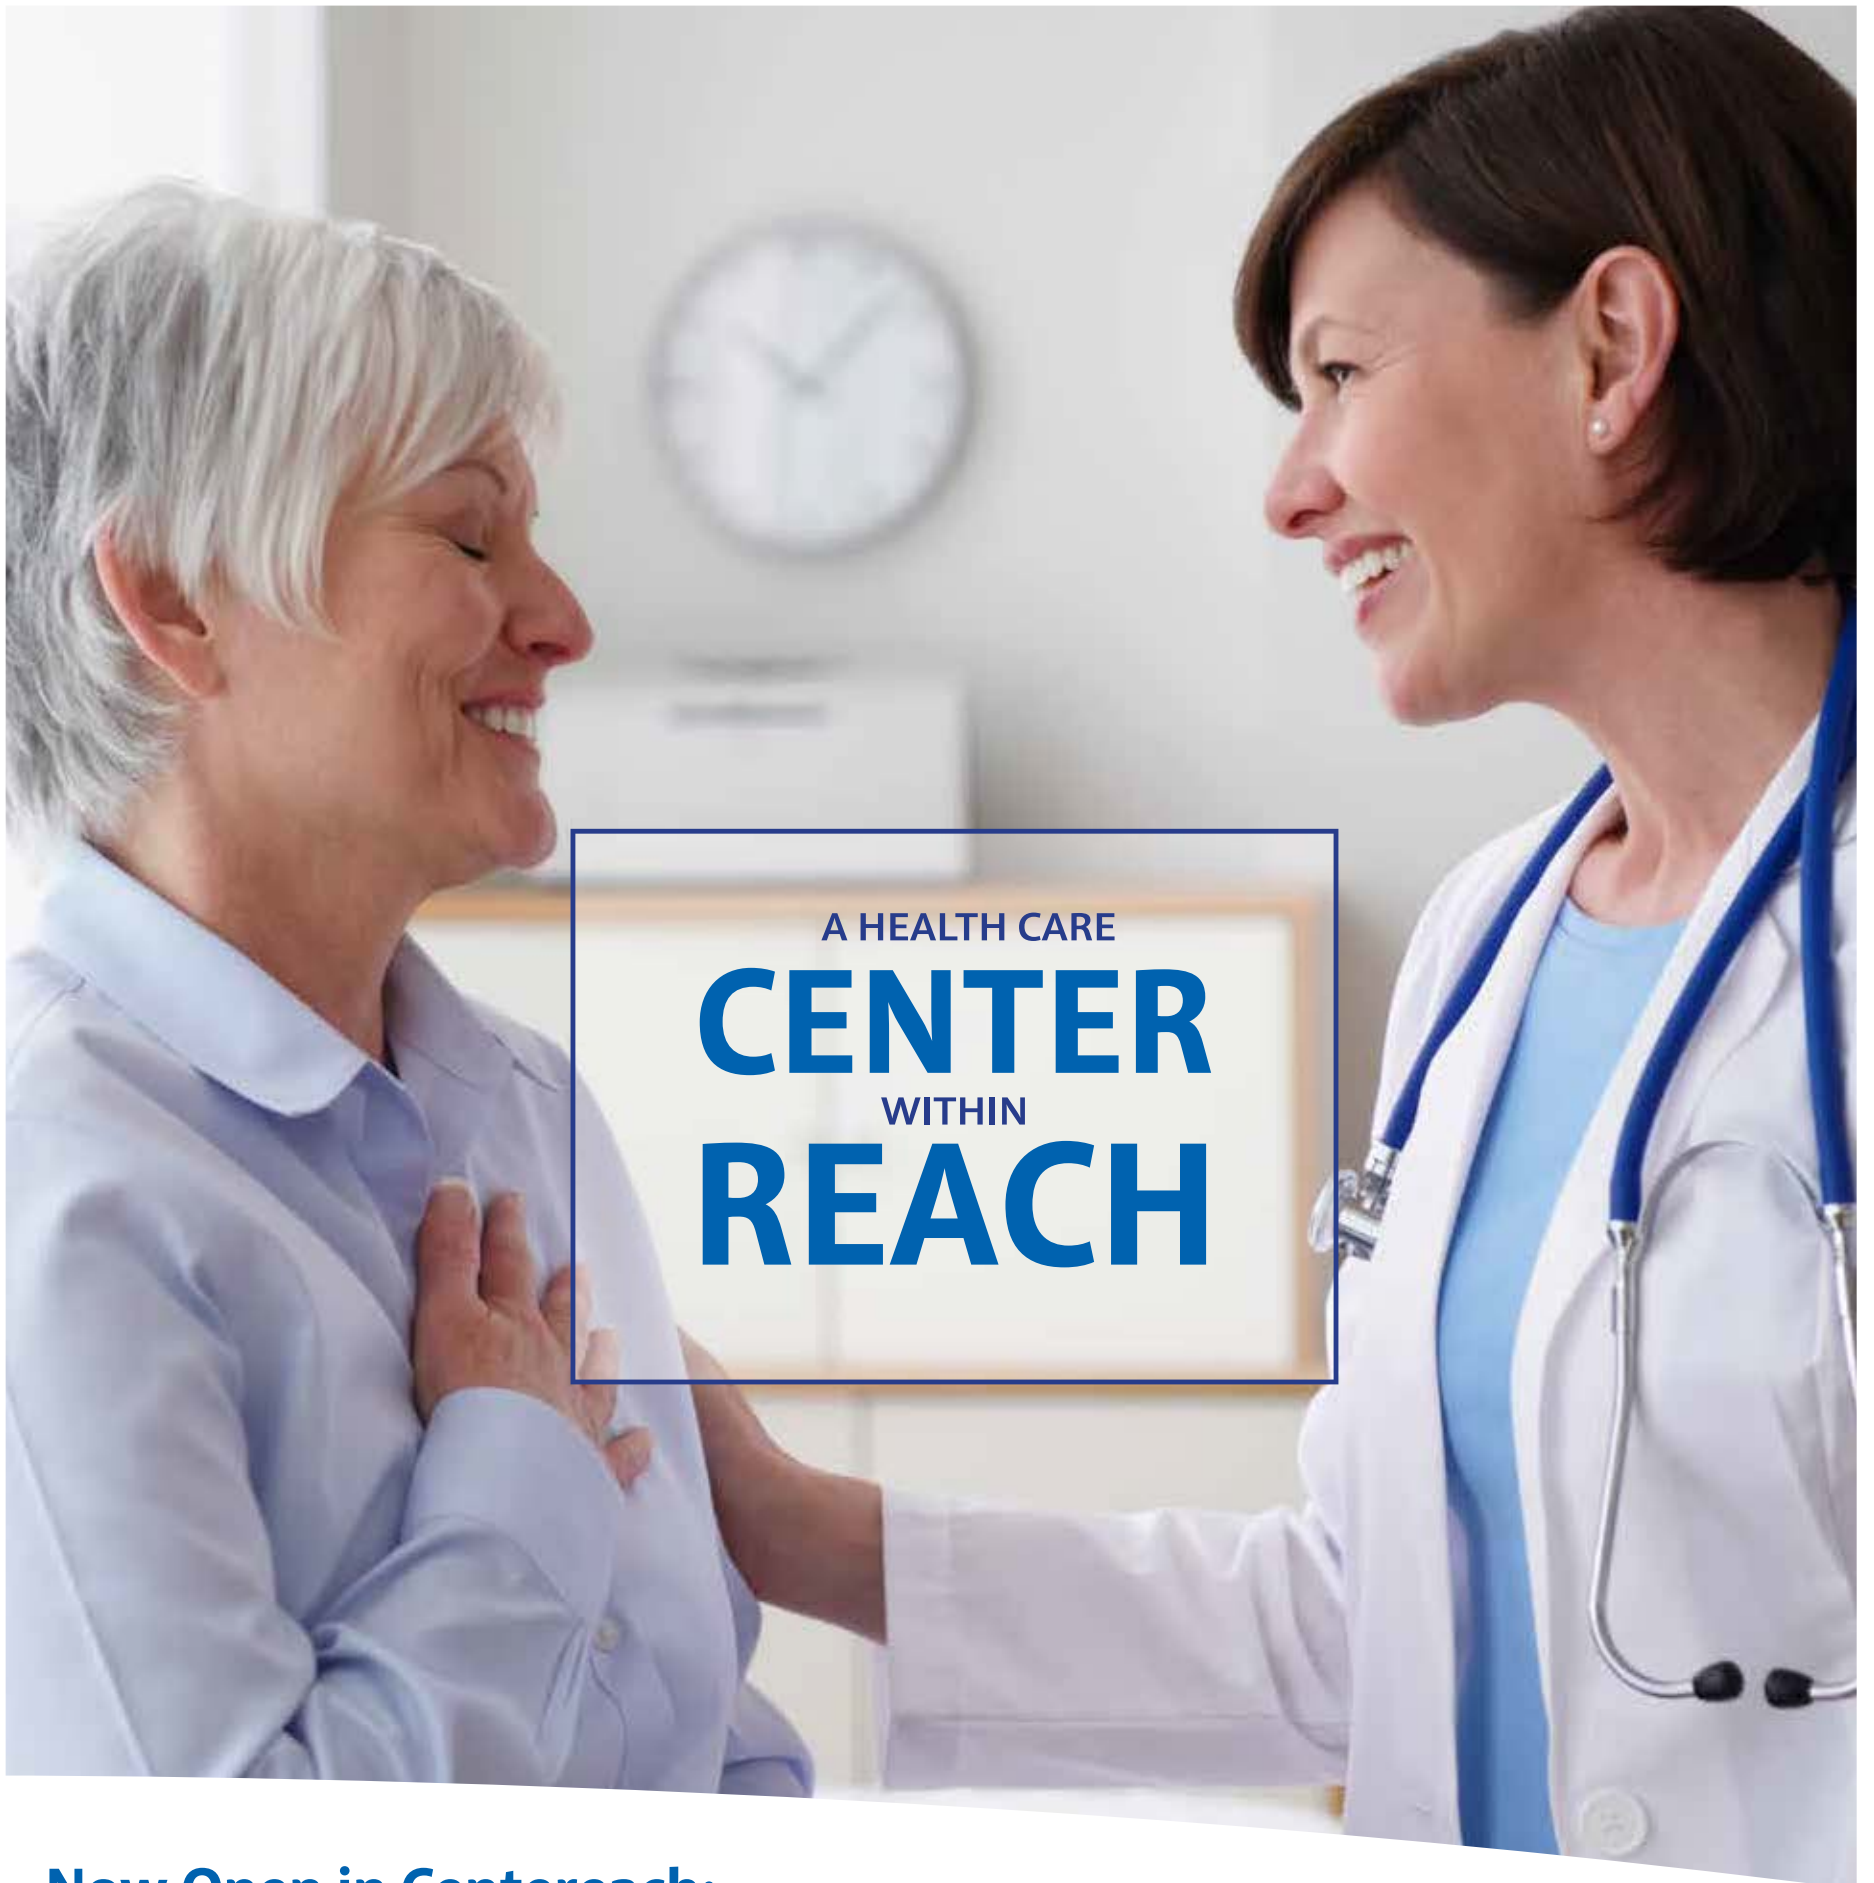

The Green Bus Summit is designed for school districts, school bus contractors and green energy professionals seeking to increase their knowledge of sustainable infrastructure, technology, and funding. The event included a full day of Green Leadership educational discussion sessions and a ride and drive event in the evening. Green experts, government officials, representatives from public utilities and manufacturers provided information on the latest technologies that result in fuel savings, emissions reductions, and lower cost of ownership. ■

DIY farm stand pops up on morning walks

A micro-farm stand has appeared in Blue Point on Railroad Avenue, offering take-and-pay cucumbers for sale.

With home farming a popular activity in the community, many have offered garden vegetables to neighbors from an abundance of growth this spring and summer season.

A tropical vegetable, cucumbers thrive when the weather is hot and water is plentiful.

BAYPORT

Plants are so frost-tender that they shouldn't be set into the garden until soil temperatures are reliably in the 70-degree range (no fewer than two weeks after the last frost date).

Cucumber plants grow in two forms: vining and bush. Vines scramble along the ground or clamber up trellises, while bush types, such as burpless bush hybrid, form a more compact plant. Generally, vining cucumbers yield more fruit throughout the growing season. Bush selections are especially suited to containers and small gardens. You can increase the season's yield of bush varieties by planting several crops in succession, two weeks apart.

Lemon cucumber offers smaller fruits perfect for a single serving, while Boston pickling boasts classic heirloom taste. The long Armenian cucumber is a specialty cucumber, prized for taste and

the fact that a single cucumber yields so many slices.

Send your guesses for what type of cucumber is being sold to snd.scribe@gmail.com.

COUNTY OF SUFFOLK PROCLAMATION 2023-12 PROCLAMATION OF A LOCAL STATE OF EMERGENCY UNDER SECTION 24 OF ARTICLE 2-B OF THE EXECUTIVE LAW
A State of Emergency is hereby proclaimed in Suffolk County, New York for a period of time beginning at 5:00 p.m. on August 24, 2023 and continuing in effect for a period not to exceed thirty (30) days as required by Section 24 of the New York State Executive Law.
This State of Emergency has been declared as a result of the expiration on May 11, 2023 of 42 U.S.C. secs. 362 and 365 (the "Title 42 Order"), which prohibited the migration into the United States by "covered noncitizens" traveling from Canada or Mexico, resulting in a surge of migration into the United States and into New York State. As a consequence of such, some states have dispersed and delivered asylum seekers to various states throughout the country and, subsequently some municipalities have dispersed and delivered asylum seekers to various counties within New York State. Accordingly, the anticipated uncoordinated moving of people into the County of Suffolk will result in a severe housing crisis as a result of the limited number of temporary and permanent housing available in the County.
As the Executive of Suffolk County, I, Steven Bellone exercise the authority given me under Section 24 of the New York State Executive Law, to preserve the public safety and hereby render all required and available assistance vital to the well-being and health of Suffolk County.
I hereby direct all departments and agencies of Suffolk County to take whatever steps necessary to provide emergency assistance as deemed appropriate.
Signed: Lisa M. Black, Chief Deputy County Executive
Dated August 24, 2023

Lemonade stand remains popular summer pastime

Legislature bill on childhood beverage business remains in committee

BY SAM DESMOND

Georgia, 5, and Jacob, 7, of Bayport, got into the entrepreneurial spirit, like many kids in the community have this summer season, and opened their very own lemonade stand on Saturday, Aug. 19.

Georgia said that she was “happy to give people cold lemonade on a hot day,” but also wanted to use the proceeds of the lemonade stand “to go to the raceway.”

Brother Jacob said that he was “excit-

ed to meet and talk to new people,” adding that “sometimes people come that you don’t know and they’re nice.”

To accompany the traditional lemonade mix, the children also made cake pops (targeting that Starbucks effect).

Using lemon cake mix, crumbling and combining with frosting, Georgia and Jacob formed the mixture into spheres, which were frozen and then dipped in yellow melted chocolate and rolled in sprinkles.

“They taste better than they look,” said mom, Erin.

Putting in a hard day’s work, Georgia and Jacob closed up shop at around dinner time.

The selling of lemonade on the streets of New York can be traced back to when a Big Apple child sold the sweet concoction to thirsty streetcar riders over 130

years ago.

As lemonade stands have long been a symbol of youthful segues into the business world, they are typically exempt from permitting requirements; however, in 2015, a Texas child was forced to close down their lemonade stand and told their kitchen would need to be inspected.

Resulting from that case, in 2018, Country Time, a mainstay in the childhood lemonade stand world, created Legal-Ade, which pays up to \$300 of the legal fees for lemonade stands fined for

permits.

In 2019, bill S762 was introduced into the New York State Legislature that would “exempt lemonade stands operated by persons under 16 years of age from Department of Health permitting requirements.”

Former State Sen. Phil Boyle (R-4th District) was a co-sponsor of the bill.

As of print, the bill is still pending a vote while the Senate’s health committee examines the legislation. ■

Local Emergency Order:

Allowing the County to quickly respond to the potential arrival of asylum seekers

Now, therefore, I, Steven Bellone, Suffolk County Executive by the power vested in me by the Suffolk County Charter and the Laws of the State of New York and pursuant to Section 24 of Article 2-B of the New York State Executive Law, do hereby temporarily suspend or modify any statute, local law, resolution, order, rule or regulation or parts thereof, if compliance with such statute, local law, resolution, order, rule or regulation would prevent, hinder or delay action necessary to assist, aid or cope with the aforementioned State of Emergency, and I hereby order the following:

- B. All County Departments are authorized to continue to commu-

This prohibition extends to any person or entity participating in an external municipality's government program, or a contract or service funded by an external municipality or acting on behalf of any external municipality.

NOTICE OF PUBLIC HEARING
PLEASE TAKE NOTICE GIVEN that the County Legislature will hold a public hearing on the 6th day of September, 2023, at 6:30 P.M. in the Rose Y. Caracappa Auditorium of the William H. Rogers Building, 725 Veterans Memorial Highway, Hauppauge, New York, for the purpose of conducting a public hearing upon a proposal for the establishment of a "Suffolk County Wastewater Man-

agement District," with the merger therewith of all existing Suffolk County sewer districts, in substantial accordance with the report and recommendations transmitted to said County Legislature by the Suffolk County Sewer Agency, at which time and place the Suffolk County Legislature will consider such proposal and hear all parties interested therein concerning the same.

Copies of the report and recommendations for the establishment of the proposed district and merger are available in the Office of the Clerk of the County Legislature where they can be reviewed during normal business hours Monday through Friday.

Project Description

Pursuant to authority granted under the Suffolk County Water Quality Restoration Act, adopted under Chapter 58 of the 2023 Laws of New York, and amending Article 5-a of the New York County Law, the County seeks to establish a county-wide wastewater management district (the "District") to address the County's long-term wastewater infrastructure needs comprehensively by implementing the science-based recommendations set forth in the Suffolk County Subwatersheds Wastewater Plan. This action will result in a more efficient, integrated approach to the development of new wastewater infrastructure, and consolidate the County's existing sewer districts into a unified single zone of assessment, streamline the existing duplicative administrative structure, and optimize the use of the District's resources. The recommended District structure and management approach will also standardize the cost of sewer services for property owners throughout the sewer portions of the District. A separate unsewered zone of assessment will be established for parcels not connected to a County sewer district or County wastewater treatment facility, for which infrastructure improvements will instead involve the replacement of antiquated cesspools and septic systems with nitrogen reducing Innovative Alternative Onsite Wastewater Treatment Systems. Existing town and village sewer districts and systems will not be included as part of the District. As indicated herein, the District will be divided into two separate zones of assessment based on the current and intended form of wastewater treatment, either by County sewer treatment works, or by nitrogen reducing septic systems (IAOWTS), as set forth further in the "Map, Plan, Report and Recommendations for the Proposed Establishment of the Suffolk County Wastewater Management District" dated May 15, 2023 (the "Map, Plan and Report") on file with the Department of Public Works and in the office of the Clerk of the Suffolk County Legislature.

Notice of Cost
As indicated herein, the District will consist of two zones of assessment, one that includes all parcels or properties that are currently connected and will continue to be connected to County sewage treatment facilities ("sewered"), and one that includes all other areas of the County, excepting those that are excluded from the boundaries of the District by law, that are not currently connected to County sewage treatment ("unsewered"). Parcels which are currently unsewered but will be connected to sewers in the future as a result of wastewater infrastructure improvements will be added upon connection to the sewer zone of assessment. Parcels or properties that are located within the boundaries or connected to town or village sewer districts and sewer systems will be excluded from the countywide district. The County will not undertake any debt, financing by the issuance of bonds, notes or other evidences of indebtedness, or otherwise use any County funding for the establishment of the District, and all existing debt from all County sewer districts will be consolidated into and become the debt of the District, however, only the sewer zone of assessment will be responsible for the repayment of such debt service. Existing property and assets of the existing individual County sewer districts shall

become the property of the District, and existing indebtedness shall be assumed by the District, as set forth in the Map, Plan and Report.

Upon the establishment of the District, the cost to ratepayers will be dependent on the zone of assessment within which each parcel or property is located, and will be determined on a benefit basis as set forth in the Map, Plan and Report. Properties within the sewered zone of assessment will be responsible for the operation and maintenance costs of the District's sewer facilities, the ongoing debt service of the assumed and consolidated debt of the District, and the portion of the cost for future District improvement projects not funded by grants or other funding sources, undertaken within the sewered areas zone of assessment. Within the first year after the establishment of the District, which is expected to be in 2025, the estimated annual cost to the typical one family home within the sewered zone of assessment, is \$670 in total, or one single family equivalent. The \$670 annual fee for the typical one family home will include a \$196 contribution toward debt service and a contribution of \$474 toward operation and maintenance costs. A single-family equivalent ("SFE") is determined based on a property's classification code. A single-family home is assigned one SFE, a two-family home is two SFEs, and a three-family home is three SFEs, as set forth further in the Map, Plan and Report. The annual cost for other property classifications within the sewered zone of assessment, as also set forth in the Map, Plan and Report, will be determined based on actual water use in the prior year as a factor of an SFE. The cost of future District improvement projects within the sewered zone of assessment not funded by grants or other funding sources will be borne by the entire zone of assessment and the cost to ratepayers will be similarly calculated on a benefit basis. Consistent with State law, properties within the un-sewered zone of assessment will not be responsible for any operation and maintenance costs or debt service for sewers or other wastewater improvement projects within the District.

All interested parties are encouraged to appear at the public hearing. Any questions should be forwarded to Commissioner Joseph Brown, P.E. at 631-852-4205 at the Suffolk County Department of Public Works.

‘Lifelong friendships... without that, there is no Long Island Championship’

Champion football team gears up for '23 season

BY SAM DESMOND

On Saturday, Aug. 26, the Sayville boys varsity football team celebrated at coach Reade Sands's home, for their annual preseason picnic.

SAYVILLE The tradition started when Sands took over as head coach in 2017.

Coming off a spectacular season last year that took the Golden Flashes all the way to the Long Island Championship, the bar is set high for the team, but Sands said, "Our goal is to give them a great experience—build lifelong friendships because without that, there is no Long Island Championship."

Senior and mid-linebacker, Jackson Neugebauer, spoke of his team's excitement and expectations at the upcoming season. "Repeating a high school football championship goes beyond mere skill or talent. It is a testament to the determination and relentless dedication of the team. We refuse to settle for mediocrity,

and we push ourselves each and every day on and off the field to achieve this goal once again!"

Athletic director of Sayville School District, Ryan Cox, said how "proud" he was of the team and their accomplishments, and commended them for "set[ting] the stage" for another successful season. "We are very excited about our entire fall athletic program and the work that they have all put in to prepare for the upcoming season! Our football program has again set high standards and expectations for this season as they are preseason ranked No. 1!"

Sands and Neugebauer both spoke of the "brotherhood" of football that each attributed to the success of the team.

"When you can build that family environment, that brotherhood, when each individual puts the team first, that's when you know it will be a great season," said Sands.

Echoing his coach's sentiments, Neugebauer said, "Our team has unity, resilience, and an unbreakable spirit. Brothers forever." ■

MEET ZOYA!

Zoya is a 1 year-old female terrier mix we pulled from a local animal shelter. She was doing horrible at the shelter, licking the bars and drooling. Since she came to Almost Home, she is doing much better. Zoya is good with dogs and walks well on a leash. She will do best with an experienced dog owner who will continue her training.
