Variety pays off!

Major sales potential often lies in the subtle differences. Transfer your experiences with glass, tableware or cutlery to the growing market for carafes.

FLOW

the curved one

The shape of this carafe flows as beautifully as its contents. The asymmetric lid gives this compact design momentum. A whole litre and a completely elegant design.

FLOW SLIM

the one with the straight lines

The model among bottles. Delicate lines, a high waist-line, graceful and slender. The FLOW SLIM is the focal point of any table.

FLOW CLASSIC

the classic one

Fits in with any style of interior design. Modestly attractive. Simply a sales hit!

FLOW BOTTLE

the dynamic one

A new take on the established bottle shape. The outline flows seamlessly from the base to the tip. Glass and stainless steel are combined to exciting effect. Beautiful simplicity.
