Made for  
iPod iPhone iPad

### Feature Highlights of Pioneer's Slim Micro Systems

**Slim, Stylish, and Authentic—A Sophisticated Tool for Mature Users**

**SMC11**

The latest Slim Micro System from Pioneer, the X-SMC11-K, features a simple and cool design with an authentic touch—the perfect gadget for mature users who make full use of their smartphones. With two full-range speakers and two passive radiators, the system provides a satisfying listening experience from various sources. The compact and slim system easily fits on a shelf or tabletop, and can even be wall-mounted. The stylish design goes well with any room décor.

**Lightning Connector Dock for iPod/iPhone**

**SMC11**

The system is equipped with 8-pin Lightning connector dock for mounting compatible iOS devices such as iPhone 5, iPod touch (5th generation), and iPod nano (7th generation). Previous 30-pin iOS devices can be connected via USB.

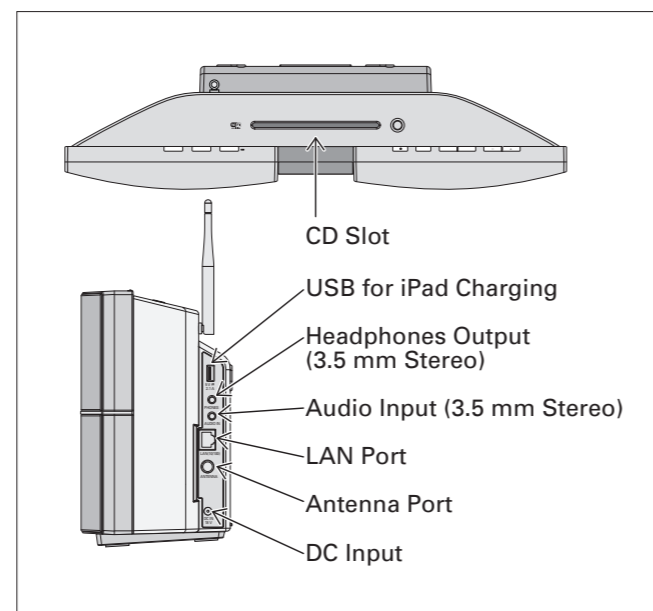

**Wall-Mountable**

**SMC11 SMC00BT SMC00**

The Slim Micro Systems have mounting holes on the back, and can be attached to a wall. You can easily insert discs from the slot on top.

**Top Panel/Side Panel**

**SMC11**

**Wakeup Timer**

**SMC11 SMC00BT SMC00 SMC1**

You can wake up to your favourite tune by setting the timer to your selected input source such as iPod/iPhone, CD, USB, or FM radio.

### Feature Highlights of Pioneer's Slim Micro Systems

**iPod Digital Transmission**

**SMC11 SMC00BT SMC00**

Enjoy iPod/iPhone/iPad\* music in high-quality sound via digital transmission. The units come with a retractable dock for iPod/iPhone. You can also connect your iOS device via the front USB terminal.

\* iPad mini only for X-SMC00BT/X-SMC00

**Interior-Matching Design and Setup**

**SMC00BT SMC00**

The systems come with changeable front panels in pearl white, black, and silver, letting you setup and coordinate to suit your taste or interior.

**Bass Enhancer "P-BASS"**

**SMC11 SMC00BT SMC00**

The P-BASS function emphasizes the bass frequencies for a powerful sound. The function is available by default when you first turn the power on, and can be turned off with the remote control.

**Video Output from iPod**

**SMC1**

The unit allows you to watch video content from compatible iPod/iPhone devices enlarged on your TV screen. Just connect the unit to your TV via a composite out to enjoy video and photos from your iPod/iPhone, or even YouTube video content.
