

Corydalis held in Durham

moupinensis

flexuosa

heterocarpa

omeiensis

barbisepala

aquilegioides

Frodo

Frodo

Firecracker

Kharkov

transilvanica

C. solidago cultivars

***Corydalis* collection**

116 species, about 20 still for naming

possibly several new species

60+ grow well in open garden

80 cultivars (mostly *C. solida* or various hybrids)

*** 450 species world-wide**

*** 330 species in China**

*** Now difficult to obtain or import species, yet China is destroying many limestone sites, where majority of *Corydalis* occur**

- * Durham collection the only place in UK for many species**
- * Probably second largest collection in world in one location**
