COLLEGE OF LIBERAL ARTS

UNIVERSITY OF MINNESOTA

CLA CLASS *of* 2004  
Sunday, December 12, 2004  
Northrop Memorial Auditorium

COMMENCEMENT

### *Congratulations, CLA Graduate!*

We come together today—family and friends, students and faculty—to celebrate a major milestone in your life. You have studied hard to achieve the goal for which we honor you—a degree from the College of Liberal Arts at the University of Minnesota. Congratulations on your achievement!

Whatever your major—economics or art, English or Japanese, psychology or American Indian Studies—you have been privileged to learn from, and with, some of the finest professors in the country. You have listened, critiqued, challenged and been challenged, made connections, found meaning and value, explored, discovered, and created—all under the guidance of world-class scholars at one of the world's great universities.

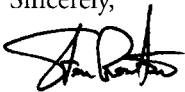

I am confident that, wherever you go from here, your CLA undergraduate education will be a foundation for a good life, however you define it. You have not simply acquired specialized skills for a job “in your field.” You have been challenged to reach beyond today to build for tomorrow; to be a leader; to think critically and creatively; to cross intellectual and cultural boundaries; to embrace ambiguity and complexity; and to think and act with vision, courage, and wisdom.

My advice to you now is to apply these values wisely and well: do what you love and do it with gusto; never lose sight of your dreams; and remember to create opportunities for others who will follow in your footsteps. Know, too, that your first job out of college is just that—your first job. If current trends hold, you may change jobs, even careers, several times in the coming years. With your CLA education, you'll be ready when change comes. Indeed, you'll be on the leading edge of change.

I do hope that your CLA education has touched you profoundly and that what you have learned about yourself and the world will give you purpose and direction in the years ahead. I also hope that your years at the University of Minnesota truly have been some of the best years of your life.

I extend my warmest wishes for your continued success throughout your life. I hope that you will carry your degree with pride and stay connected with the University of Minnesota and the College of Liberal Arts as an alumnus/alumna, Class of 2004.

Sincerely,

Steven J. Rosenstone  
Dean, College of Liberal Arts

## HAIL! MINNESOTA

The audience will rise and join in singing "Hail! Minnesota" in honor of our alma mater:

Minnesota, hail to thee!  
Hail to thee, our college dear!  
Thy light shall ever be  
A beacon bright and clear,  
Thy sons and daughters true  
Will proclaim thee near and far;  
They will guard thy fame  
And adore thy name;  
Thou shalt be their Northern Star.

## RECESSIONAL

# THE UNIVERSITY OF MINNESOTA

*...world-class education for tomorrow*

The University of Minnesota, ranked among the nation's top public universities, reflects the state of Minnesota's strong and enduring commitment to education. It is nearly unique among universities in the United States in its three defining characteristics:

- It is an international research university.
- It is a public land-grant institution with a strong tradition of education and public service.
- Its largest campus—the Twin Cities campus—is located in a vibrant metropolitan area with not one, but two great cities at its center: Minneapolis and St. Paul.

The University is the primary center in Minnesota (and much of the Upper Midwest) for education and research in the liberal arts and sciences, health sciences, law, education, engineering, agriculture, and natural resources. The Twin Cities campus comprises 19 colleges and offers a full range of academic and professional degrees. A comprehensive campus in Duluth offers undergraduate and graduate programs. The Morris campus offers a four-year liberal arts program. Crookston offers associate and baccalaureate degrees in technical, career-oriented programs. Through the Minnesota Extension Service, the University is present in each of Minnesota's 87 counties.

When the University was founded as a preparatory school in 1851, Minnesota had been a territory for just two years, and statehood was still seven years away. The school

was built on little more than the pioneers' faith in education. In its early years, the University struggled financially; during the Civil War, it was forced to close. It reopened in 1867, thanks to the energetic leadership of Governor John S. Pillsbury, who came to be known as

the "Father of the University." Mathematics Professor William Watts Folwell became the University's first president in 1869. Robert Bruininks is the University's fifteenth president.

Two students received bachelor of arts degrees at the first commencement in June 1873. Since then, the University has granted nearly 550,000 degrees.

University alumni include five Nobel Prize winners, a former chief justice of the United States Supreme Court, two former U.S. vice presidents, the heads of Fortune 500 companies, pioneers in medicine, civil rights leaders, top journalists, distinguished teachers and scholars, performing artists, and countless other men and women who have achieved distinction in every field.

Alumni and their families and friends are always welcome at the University. We invite you to visit campus regularly to enjoy the many educational, cultural, and entertainment opportunities that are open to the public—including performances by students in CLA's vibrant arts programs. We also invite you to continue your relationship with the University through the Minnesota Alumni

## THE COLLEGE OF LIBERAL ARTS

*creating the future for 135 years*

The College of Liberal Arts (CLA)—then the College of Science, Literature and Arts (SLA)—offered its first classes at the University of Minnesota in 1869, 18 years after the founding of the University. Since then, it has become an international center for education in the arts and sciences, humanities, and social sciences.

The liberal arts span all areas of human knowledge, enterprise, and aspirations. The college offers more than 60 majors, with study and research opportunities in fields ranging from anthropology to women's studies. Students whose interests cross disciplines may also choose to design individualized major programs.

The majority of students who enter CLA as first-year students complete their undergraduate education in CLA. Others complete their basic liberal arts coursework in the college and then transfer to other units of the University. The college offers strong preprofessional programs with close ties to the health sciences and other professional schools at the University.

There are more than 16,700 undergraduate and graduate students enrolled in CLA programs. Approximately 540 permanent faculty members—teachers and scholars of international stature—share with students their vast

knowledge, their provocative insights, and the most current research in their fields.

CLA students acquire both breadth of knowledge and particular depth and proficiency in a specialized field of knowledge. Whatever their majors, students complete an education based broadly in the liberal arts. Courses necessary to meet general education requirements introduce students to modes of inquiry and subject matter across

the major branches of knowledge.

This education is the very best preparation for lives and careers in a rapidly changing world—a solid grounding in ideas and knowledge across disciplines, across centuries, across cultures, and across geographic boundaries, as well as in critical analysis, communication, and research methodologies

Equipped with this education, graduates of the College of Liberal Arts bring into the world the communication skills, critical and innovative thinking, creativity, and intellectual versatility needed for a lifetime of learning and leadership. If you want to learn more about the College of Liberal Arts, we invite you to explore our Web site: <http://www.cla.umn.edu>

*Above, left to right:* Dean Harvey (honors grad in political science and philosophy, Selmer Birkelo Scholar); Martina Broner (B.A. '00, interdepartmental major, *summa cum laude*); Letisha Morgan (B.A. '00, cultural studies and comparative literature, *summa cum laude*, Marshall Scholar).

## DARCY POHLAND

REPORTER, WCCO-TV

*Keynote Speaker*

**T**welve years ago, WCCO-TV's Darcy Pohland fulfilled her dream of becoming a reporter—a dream she thought was impossible after an accident in 1983. Pohland, then a sophomore at George Washington University and a promising intern at WCCO's Washington, D.C., news bureau, dived into the shallow end of a swimming pool and broke her neck. The accident left her paralyzed from the chest down.

Following the accident, Pohland, who grew up in the St. Paul suburb of Mendota Heights and graduated from Sibley High School, returned to Minnesota and completed her bachelor's degree in speech-communication (now communication studies). In 1986, she joined WCCO as a dispatcher. After six years of dedicated

work, she became a reporter—breaking ground as possibly the only quadriplegic TV reporter in the nation.

Pohland, now a general assignment reporter, covers city government and the University of Minnesota, her two “beats.” She considers herself an avid Golden Gopher sports fan, and she supports her alma mater by serving on the University of Minnesota Alumni Association's National Board.

Pohland not is only a familiar face on WCCO-TV news, but also is a dedicated public servant, giving back to her community by speaking to companies and community groups to raise awareness of people with physical challenges.

## LIBERAL ARTS DEGREES

The College of Liberal Arts offers five bachelor's degrees—bachelor of arts (B.A.), bachelor of individualized studies (B.I.S.), bachelor of fine arts (B.F.A.), bachelor of music (B.M.), and bachelor of science (B.S.). The bachelor's degrees have many requirements in common.

### DEGREE CANDIDATES

Subject to successful completion, degrees will be conferred on those students listed below and on others meeting all curriculum requirements for graduation. Honor citations are provisional and do not become final until all requirements are met for the level indicated. Degrees and degree candidates are listed alphabetically in this program.

**HONORS DESIGNATIONS**—Honors graduates complete college and departmental honors requirements, including completing honors projects in their majors, with a minimum G.P.A. of 3.5 for the last 60 credits of their undergraduate career. Students meeting these minimum requirements may graduate *cum laude*. Students graduating *magna cum laude* have a minimum G.P.A. of 3.66. Students graduating *summa cum laude* have a minimum G.P.A. of 3.75 and have completed a summa thesis that has been approved by three readers, one of whom is outside the discipline of the major.

**DEGREES WITH DISTINCTION**—Students graduating “with distinction” must have a cumulative grade point average of 3.75 or higher in University of Minnesota coursework at the time of graduation; students graduating “with high distinction” must have a cumulative grade point average of 3.90 or higher. At least 60 of the total number of semester credits must have been completed at the University of Minnesota. \* indicates “with distinction”; \*\* indicates “with high distinction.”

### THE DEGREE OF BACHELOR OF ARTS

This degree can be earned through majors in most CLA departments and programs. Its breadth and diversity in general education make it valuable as a base for many kinds of careers or for advanced study. CLA offers several professional majors

## ACADEMIC COSTUME

Academic gowns date back to the 14th century, when they served two functions of nearly equal importance: to indicate the academic rank of the wearer and to keep the scholar warm in the drafty stone halls of academia.

The markings, cut, and color of modern-day academic costume—cap, gown, and sometimes hood—indicate the academic degree, the field of study, and the institution that granted the degree.

Bachelor's degree gowns are black and untrimmed. A tassel hanging from the mortar board worn on the head is color-coded by college at the University of Minnesota. The College of Liberal Arts tassel is white. Honors graduates wear a medallion adorned with a maroon and gold ribbon.

Master's degree gowns, black and untrimmed, have pointed sleeves. Doctoral gowns in the United States traditionally have been black with velvet front facings and crossbars on the sleeves, but in recent years a number of universities have adopted gowns of distinctive school colors.

A new University of Minnesota Ph.D. gown and matching tam made their appearance in 1988 to celebrate the centenary of the first Minnesota doctor of philosophy degree. The new Minnesota gown is maroon-trimmed with black velvet chevrons and gold metallic braid. The traditional gown may still be worn.

The Minnesota hood, which may be worn by anyone with a doctoral degree from the University of Minnesota, is black with maroon chevron on gold. Each institution has its own pattern of colors on the hood, worn around the neck and down the back of the gown. The length and shape of the hood identify the most advanced degree the wearer has earned, and the velvet edging shows the field: blue for doctor of philosophy, light blue for doctor of education, and pink for doctor of musical arts.

At commencement ceremonies those who already have the doctoral degree wear hoods. Degree candidates wear the gowns appropriate for the degrees they are about to receive, and new doctorates are hooded on stage.

## THE MACE

The University of Minnesota mace was carried for the first time in 1961 by Regents' Professor of Physics Alfred O.C. Nier at the inauguration of President O. Meredith Wilson. Art professor Philip Morton designed the mace: a crystal sphere four inches in diameter surmounted by the North Star, symbol of the state of Minnesota, on a solid aluminum handle set with the University regents' seal.

## THE NORTHROP ORGAN

Comprising 108 ranks of pipes, the Northrop Memorial Auditorium organ is not only one of the largest organs in the Upper Midwest but also one of the finest examples in the United States of a late-Romantic concert-hall organ. Built in 1932, the organ is located in the ceiling of the auditorium, above the stage and behind the proscenium, and is played from a console on an elevator platform in the orchestra pit. Unlike many large organs from its era, the Northrop organ is completely unaltered and entirely in its original condition. Persons interested in events that feature the Northrop organ may contact The Friends of the Northrop Organ, c/o the School of Music, University of Minnesota, 2106 Fourth Street South, Minneapolis, MN 55455.
