

Association of NSW Regional Conservatoriums

High quality music education and performance

The Association of NSW Regional Conservatoriums (ANSWRC) is the peak body for the 17 NSW Regional Conservatoriums, providing its members with leadership, shared resources and expertise.

ANSWRC is committed to excellence and life-long engagement in music education, enriching the lives of people and regional communities.

Regional Conservatoriums are shaped by the communities and regions in which they operate, and are responsive to local needs and interests. They are key providers of high quality music education and performance programs for their regions.

Regional Conservatoriums are partially funded by the NSW Government to support the provision of services to NSW Government schools and the wider community.

funded by

From vocal to instrumental, beginner to professional, early childhood to post schooling, individual to ensembles: Regional Conservatoriums have got it covered!

students

schools

Regional Conservatoriums support schools by:

- Implementing music education activities aligned to NESA requirements
- Providing students with individual and group music tuition in schools and off-site
- Leading and developing bands, choirs and ensembles
- Designing and delivering gifted and talented programs
- Providing teacher professional learning courses

parents

- Regional Conservatoriums provide music education and performance opportunities for their local communities
- Teachers and tutors are qualified and experienced music specialists
- Everyone engaged by the Conservatorium is required to have a Working with Children Check and is trained in Child Protection
