1. Some 3rd party software and devices may currently have limited functionality or not be compatible with this model. Please confirm with 3rd party vendor or manufacturer for compatibility.
2. Memory Stick media (sold separately) is required for playing back audio and video content. Tested to support Memory Stick PRO media capacities up to 1 GB, does not support high speed transfer, does not support access control security function, and does not support MagicGate copyright protection in Memory Stick PRO media.
3. Based on average use of 30 minutes per day using Personal Information Management applications (ex. Date Book), with backlight(s) set OFF. Excludes the use of multimedia features including built-in camera. Actual battery life varies depending on the temperature and conditions of use.

\*Here's how to get your copy: Simply register your CLIE handheld at [www.sony.com/clie/register](http://www.sony.com/clie/register). You must include your e-mail address during registration. You will receive, via e-mail, a download address and code within approximately 5-7 business days. Once you go to that site, enter your code, answer a few simple questions and download the software. The following Sony CLIE models qualify only: PEG-TJ27, PEG-TJ37, PEG-TH55.
