

Logitech®

Driving Force Wireless™

Wireless technology, one-piece simplicity.

- 2.4 GHz wireless technology
- Force-feedback technology
- One-piece design
- Expandable lap rest
- 2-year guarantee
- Full product support

The Logitech® Driving Force Wireless™ is a one-piece, force-feedback racing wheel that's comfortable, easy to set up and store, and cuts down on clutter. Features include 2.4 GHz wireless technology for lag-free control from up to 10 metres (30 feet) away from the console; force-feedback technology, which recreates bumps and crashes with exceptional realism; an expandable lap rest for comfortable game play without being bound to a table or desk; and built-in gas and brake controls which put precise, fast action within easy reach.

Logitech® Driving Force Wireless™
