General Information

This document is meant to be a guide for student behavior in the Vernonia School District. While it is meant to be comprehensive, it cannot be all inclusive. No student handbook can anticipate every circumstance or question about every one of our procedures. Further, there may be situations where the need arises for us to revise, add, or cancel procedures. Therefore, the district reserves the right to add new procedures, and to change or cancel existing procedures at any time. The handbook will be reviewed and updated annually.

Animals

Animals are not allowed on school grounds at any time unless previous approval has been granted by the principal for instructional purposes, or they are performing a task as a service animal.

Assembly of Students

Freedom of expression and assembly are important elements in the learning process. Students may meet at school to express their views. The time and place of the meetings should comply with school rules and not interfere with school programs. Students should check with the principal to determine the places and times appropriate to meet.

Students are not to distribute or display materials which are defamatory, which are obscene, which physically disrupts the orderly operation of school, which violate laws including existing attendance regulations, which violate dress expectations or which are racially or religiously offensive.

Bilingual Students

The school provides special program for limited English proficient students. A student or parent with questions about these programs should contact the building principal.

Building Safety

The District Safety Committee meets regularly, conducts inspections, makes recommendations, and coordinates all safety requirements. Their goal is to make every attempt to keep the students, staff, and community safe from potential accidents or injuries at all times in school facilities and on school grounds. If you have a safety concern, please contact the Superintendent's office.

Bus Routes and Snow Routes

There will be a 5-minute window of time allowed for pickups on routes and all route times are subject to change due to additional stops and unforeseen traffic issues.

Special needs and in town small bus will be determined at the start of school pending notification of riders. Special Needs and out of town small bus will be determined at the start of school pending notification of riders. These routes change often as they carry our smallest number of riders and they vary daily.

The following Vernonia K-12 School Building morning route times are approximate and subject to change due. When only one time is listed this is for K-5 students. If two times are listed the earlier time is for MS/HS and the later time K-5. Mist Elementary route pick-up times and all other questions, please contact Curl School Bus Services at 503 429-0507.

Van Routes - These routes are determined by specific need and will not be set until school starts. These routes are subject to change as needed.

During inclement weather we may announce that our busses are on “snow routes”. This announcement would mean that the bus routes will require adjustments for your student to be picked up for school and to be transported after school. If you live past the following turn around or junction, you must transport your student to and from those locations when we are on “snow routes”.

1. Timber Route: Students to be picked up at Clear Creek Road

2. Pebble Creek Route: This route will be a two bus run. Students on the lower end of McDonald Rd. walk to intersection of McDonald Road and Hwy 47 for pick up. Students on Pebble Creek Road wait for the small bus or van/
3. Birkenfeld Route: No Birkenfeld area pick up. Students picked up at Mist/Birkenfeld Fire Station
4. Keasey Route: Students picked up Nehalem St. & 1st and Bridge St. & 1st. No pick up on the hill.
5. Scappoose/Vernonia Hwy. Route: No Stoney Point Road pick up.
6. In Town Route: Roseview Heights picked up at bottom of hill. No Noakes Road pick up.
7. Fishhawk Lake / Small Bus Route: No Fishhawk Road pick up.

All out of town van transportation will be cancelled. Although we will make our best effort, some stops may be late due to the inclement weather. All school closures, delayed openings, and snow routes will be announced on all local and metro area radio and television stations as well as notifications going out through the District's automated calling system. Whenever there is a weather related school decision, we will act on the side of safety.

1. If school has a delayed start or is closed for the entire day:
When emergency conditions cause school to be closed for the entire day, announcements are made on the official school district Facebook page as well as through the Blackboard Connect system via telephone calls to each student's main contact number. Local radio / TV stations are also notified. No other announcements are considered official. If school is delayed we ask that students do not report to school until 10 minutes before the announced late opening time.
2. If school opens normally, but must close during the day:
You should develop a plan with your child so he/she knows where to go if school closes early. This plan should not involve using the school telephone. A neighbor or friend's home, to which your child could be supervised, is suggested. Please share the plan with all the people involved.
3. In the event of school closure, all school activities will be canceled for the entire day.

Step One – Bullying, Hazing, Harassment, Menacing and Sexual Harassment Complaints

Any hazing, harassment, intimidation, bullying, menacing or sexual harassment information (complaints, rumors, etc.) shall be presented to the building principal or superintendent. Complaints against the building principal shall be filed with the superintendent. Information may be presented anonymously. Complaints against the superintendent shall be filed with the Board chair. All such information will be reduced to writing and will include the specific nature of the offense and corresponding dates.

Step Two – General Complaints

If unable to resolve a problem or concern at step one then the complainant should work with the building principal or program director to resolve the complaint or concern.

Step Two – Bullying, Hazing, Harassment, Menacing and Sexual Harassment Complaints

The district official receiving the information or complaint shall promptly initiate an investigation. Parents will be notified of the nature of any complaint involving their student. The district official will arrange such meetings as may be necessary with all concerned parties within five working days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The district official(s) conducting the investigation shall notify the complainant and parents as appropriate, in writing, when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended shall be forwarded to the superintendent.

Step Three - All Complaints

If such a discussion at the building level does not resolve the complaint or if such discussion is not practical under the circumstances, the complainant, if he or she wishes to pursue the action shall file a signed, written complaint with the superintendent clearly stating the nature of the complaint and a suggested remedy. A complaint form is available, but is not required.

The superintendent shall investigate the complaint, confer with the complainant and the parties involved and prepare a written report of their findings and their conclusion. (approximately one week in most cases will be required.) Additionally, if the complaint or appeal concerns curriculum/instructional materials or alleges a violation of state standards, the superintendent may refer the matter to a committee established for such purposes for a recommendation prior to rendering a decision. The time line for responding to the complainant in such instances will be adjusted as deemed appropriate.

Step Four - All Complaints

If the complainant is dissatisfied with the superintendent's findings and conclusion, the complainant may appeal the decision to the Board. All such appeals shall be submitted in writing to the board chair. The Board shall hold a hearing to review the findings and conclusion of the superintendent, to hear the complainant and to take such other evidence as it deems appropriate. Generally, all parties involved, including the school administration, will be asked to attend such meeting for the purpose of presenting additional facts, making further explanations and clarifying the issues.

The Board may elect to hold the hearing in executive session if the subject matter qualifies under Oregon Revised Statutes.

Food Service

Information regarding free and/or reduced price lunches will be sent home at the beginning of each school year and may also be obtained at the school office or on the District Website (www.vernonia.k12.or.us). All inquiries are confidential.

Breakfast will be served in the cafeteria daily beginning at 7:30 a.m. Late start Wednesdays breakfast will be available at 8:45 a.m. Students eating breakfast at school are expected to be to class on time. Students purchasing meals and/or milk should make checks payable to Vernonia School District. Payments should be made **before school** not during lunch.

House Bill 3454: Districts that participate in the U.S. Dept. of Agriculture lunch or breakfast program must provide meals to students regardless of whether the students can pay for the meal or owe money to the district’s meal program. Districts may not throw away or take away a student’s meal for lack of funds or provide an “alternative” meal. If a student owes money for five or more meals, the district must make attempts to determine the student’s eligibility for free or reduced meals. If the student is eligible, the district must determine if the student is categorically eligible for free meals or contact the parent or guardian (at least twice, if necessary) to fill out a free and reduced lunch application. The bill prohibits publicly identifying students who owe meal money (such as with a stamp or sticker) and prohibits requiring students to do work to pay off meal debts. Districts must direct communications about unpaid meals to parents or guardians and may not charge fees to collect meal debts.

The District will make every effort to notify parents when student meal account balances are low. Student account balances and transactions are also available by logging into the Mealtime Pay Online System available on the district website www.vernonia.k12.or.us.

Guidance Services

Guidance Services focus on providing information and counseling in the areas of academic, social and emotional development.

The Guidance Program includes academic counseling, career & college counseling, referral to outside agencies as appropriate and coordination of the school testing program.

The Behavior and Educational Service Team (BEST) is an integral part of the Guidance Program and is comprised of representatives from administration, special education, teaching and counseling. The primary function of BEST is to receive referrals from teachers, parents and students regarding issues of concern. The team discusses referrals and provides recommendations for addressing the concern. Issues include, but are not limited to, attendance, academic performance, attitude, drug or alcohol involvement, and emotional or social difficulties.

Staff members, parents or students may request a BEST referral form from the office. Counseling office hours are held daily and students are encouraged to schedule an appointment to discuss any issues pertaining to their educational, personal or social well-being.

Since any such risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

Contact the building principal for additional information.

Video Taping & Photographing

During the school year, students may be photographed or video-taped as part of extra-curricular activities or classroom instruction. Communicable Disease Precautions

While the risk of one athlete infecting another with HIV/AIDS is close to non-existent, there is greater risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as in other body fluids. Precautions for reducing the potential for transmission of these infection agents should include, but not limited to, the following:

1. Before competing, cover any open wounds you/your players have to reduce the transfer of blood from one open wound to another.
2. Athletes should render first aid to themselves and cover their own wounds, whenever possible. This reduces the risk of transmitting a blood borne virus from one person to another.
3. Routine use of gloves or other precautions to prevent skin and mucous-membrane exposure when contact with blood or other body fluids is anticipated. Clean gloves should be worn for each athlete or recurrence of an injury with the same athlete if any practice or competition has occurred following initial treatment.
4. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
5. If blood or any other body fluids containing visible blood are present during practice or competition, play should be stopped, the injured athlete removed from the activity and given proper attention, and any contaminated surfaces should be cleaned. Any open wounds should be cleaned, the bleeding should be stopped, and the wounds covered before the athlete is allowed to continue participation. The bloodied portion of the uniform must be properly disinfected or the uniform changed before the athlete may participate.

6. Clean all blood-contaminated surfaces and equipment with a solution made from a 1-100 dilution of household bleach or other disinfectants before competition resumes.
7. Practice proper disposal procedures to prevent injuries caused by needles, scalpels, and other sharp instruments or devices.
8. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available for use.
9. Athletic Trainers/Coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.
10. Contaminated towels should be properly disposed of/disinfected. Do not use common towels to clean surfaces contaminated with blood. The use of common towels at any time during athletics is a very poor health habit.
11. Wash all soiled uniforms, towels, and other dirty linen in warm or hot, soapy, water. Any detergent containing bleach (chlorine or non-chlorine) would be appropriate.
12. Follow acceptable guidelines in the immediate control of bleeding and when handling bloody dressings, mouth guards and other articles containing body fluids.
13. In general, use good hygienic practices. Shower after each practice or competition, using a liberal amount of soap and water. Avoid the sharing of towels, cups, and water bottles.

A packet for cleaning up blood and body fluids is available from the Athletic Director (AD), coaches, and activity supervisors.

Athletic Mandatory Drug Testing

All students participating in inter-league sports will be subject to random tests throughout the season. More information about this program can be obtained by consulting the Athletic Director.

Attendance and Truancy

All students between the ages of 6 and 18, who have not completed grade 12, are required to attend school unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law. All children 5 years of age who have been enrolled in a public school are required to attend regularly.

Any parent who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine, as provided by ORS 339.925.

The school may grant an exception from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor under special circumstances. All such requests must be submitted in writing to the principal and include documentation of the student's employment by the employer, or enrollment status by the school. The school requires notification should the student's employment or enrollment status be terminated.

Students with excessive unexcused absences and/or tardies will not be allowed to participate and/or attend extra-curricular activities. Chronic absence is defined as missing 10 percent or more of school days and is highly correlated with poor literacy skills and low academic performance.

Oregon Revised Statutes (ORS) 339.065 Estimates of attendance; irregular attendance; excused absence. (1) In estimating regular attendance for the purposes of the compulsory attendance provisions of ORS 339.005 to 339.030, 339.040 to 339.125, 339.137, 339.420 and 339.990, the principal or teacher shall consider all unexcused absences. Eight unexcused one-half day absences in any four-week period during which the school is in session shall be considered irregular attendance. (2) An absence may be excused by a principal or teacher if the absence **is caused by the pupil's sickness, by the sickness of some member of the pupil's family or by an emergency.** A principal or teacher **may** also excuse absences for other reasons where satisfactory arrangements are made in advance of the absence.

COMPULSORY SCHOOL ATTENDANCE 339.010 School attendance required; age limits. (1) Except as provided in ORS 339.030, all children between the ages of 6 and 18 years who have not completed the 12th grade are required to attend regularly a public full-time school during the entire school term. (2) All children five years of age who have been enrolled in a public school are required to attend regularly the public school while enrolled in the public school. (3) For the purpose of subsection (1) of this section, a child is considered to be six years of age if the sixth birthday of the child occurred on or before September 1 immediately preceding the beginning of the current school term. (4) For a child who is six years of age, the requirement of subsection (1) of this section is met if the child regularly attends any grade of a public full-time school during the entire school term. [Amended by 1965 c.100 §274; 2012 c.91 §13; 2015 c.234 §1] 339.020 Duty to send children to school. (1) Except as provided in ORS 339.030, every person having control of a child between the ages of 6 and 18 years who has not completed the 12th grade is required to send the child to, and maintain the child in, regular attendance at a public full-time school during the entire school term.

Absences will be defined as any time a student misses a class period for a non-school related event, regardless if it is excused by a parent/guardian. Regardless of the reason, the student missed a day of instruction. The following are guidelines for communication between the school and parents when students are chronically absent.

1. Teachers communicate with the parents of all students that are chronically absent at the end of the first quarter. This would be all students who have four or more absences. The teachers will:

- Inform parents that their child is chronically absent. Explain that chronically absent means absent 10% or more of school days and that we are monitoring our chronically absent students' attendance and achievement closely. Counselors will provide teachers a few talking points that highlight the data how attendance can affect current and future achievement.
- Inform parents that they can expect future contacts from a counselor as long as their child is chronically absent.
- Record the contact on a tracking sheet and pass the sheet on to a counselor

2. The counselor will contact parents at least every four weeks to update the parents on the child's attendance progress. Those whose attendance improves, such that they are not chronically absent will no longer be monitored. Those whose attendance does not improve will be informed of incentive programs that might be tried to improve attendance and possible administrative action if chronic absence continues.

3. The counselor will check school attendance records every two weeks. Any new students that become chronically absent will be referred to the teacher by a counselor to go through step one, above.

4. Students who reach 12 or more absences any time in the first three quarters of the school year will be discussed with the Principal to determine if administrative action is needed. These discussions will take place every two weeks. Considerations will include excused versus unexcused absences, medically excused absences, frequency of tardies, suspensions and possible extenuating circumstances. Any further

action taken will be based on the particular data that the students' attendance profiles show. This action may include working with the NWRESA Truancy Officer and levying truancy fines against the parent(s).

If the above steps fail to deter student truancy, the student will receive zero (0) credit in the class related to the truancy. It is the student and parent/guardian's responsibility to contact the teacher of the class in question to propose a plan to regain credit. Any plan must be agreed upon by the classroom teacher and counselor, with final approval being granted by the principal.

Grading

Grades are determined by teachers. Parents having questions about grades received by their students are encouraged to contact the teacher directly. Any parent encountering difficulty in making such contact should contact the principal. The grades a teacher will issue for students in grades 4-12 are as follows:

100 - 90	A=Superior	P=Pass (does not affect GPA)
89 - 80	B=Above Average	U=Unsatisfactory (does not affect GPA)
79 - 70	C=Average	I=Incomplete
69 - 60	D=Below Average	
59 and below	F=Failing	

Homework

Assigned work will only be accepted for full credit if it is turned in on time. If assignments are turned in late, a penalty in grade may result. Amount of homework will vary from type of class, style of teacher, time of assignment, and effort of student. Any alternative late work policies will be clearly communicated (written) to parents prior to implementation.

Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills and to create and stimulate interest. Whatever the task, the experience is intended to be complementary to the classroom process. Each class should be accompanied by a syllabus which outlines expectations, including homework policies. Some homework may be available for some classes on line on the District website.

Homework requests will only be processed for pre-arranged absences and for medical absences that last more than two days.

Homework Suggestions

1. Help schedule a time to do homework, showing that it is an important priority and that you value its worth.
2. If possible, provide a quiet area for your student to work.
3. Help set up this area so there is good lighting and materials to work with (pencils, a ruler, a dictionary).
4. Let your student work on his or her own, but let him or her know you are available for help.
5. Be aware that there is a difference between being a resource or consultant and hovering over a student with constant advice.
6. Be available to check work as needed and to check whether the assignment has been completed.
7. If possible, help your child see how this particular assignment or skill relates to everyday life and life skills.
8. **Remember, nothing can help like a hug, smile, and a word of approval. Be encouraging and supportive. Your attitudes are contagious.**

In-person conferences can be set up by appointment through the school office.

Hard copy report cards will be provided at parent-teacher conferences after the 1st quarter for grades K-5, and will be printed and mailed after each other quarter. Hard-copy report cards will be printed and mailed at each quarter for grades 6-8 and each semester for grades 9-12.

For further information, contact the Special Services Director.

Spectators

For all activities held in the gym, student spectators and children unaccompanied by parents or guardian will be expected to remain there except during half-times and intermissions. Anyone choosing to loiter in the hallways instead of watching the events will be asked to leave the premises. **Because of safety issues, our staff cannot satisfactorily conduct the event and provide necessary supervision of wandering, restless youngsters.** We would appreciate parents attending with their children providing proper supervision.

Talented and Gifted Program - T.A.G.

The district serves academically talented and gifted students in grades K-12, including talented and gifted (TAG) students from such special populations as ethnic minorities, the economically disadvantaged, the culturally different, the underachieving gifted and students with disabilities. Students will be identified based on:

- Behavioral, learning and/or performance information;
- A nationally standardized mental ability test for assistance in identifying intellectually gifted students;
- A nationally standardized academic achievement test for assistance in identifying academically talented students.

Identified students shall score at or above the 97th percentile on one of these tests. Only students who demonstrate the potential to perform at the eligibility criteria, as well as additionally students who are talented and gifted, may be identified.

Individuals with complaints regarding the appropriateness of programs or services provided for TAG students should complete the TAG Standards Complaint form available through the school office. All complaints will be reported to the Superintendent who will arrange for a review committee to meet within ten (10) school days of receiving the written complaint to review all pertinent information.

Dress Code Guidelines – What is Appropriate?

Dress Code Guidelines – Dress Codes are a preparatory piece for the future success of our students. Students’ dress and grooming is the responsibility of the individual and his or her parents. Dress codes in all of our district schools provide that student dress shall be modest, neat, clean, and in keeping with health, sanitary, and safety practices, and shall not disrupt the teaching/learning process. (see also District Dress Code Policy JFCA).

Appropriate dress may not:

- Display or advertise substances illegal for students.
- Contain inappropriate language, offensive messages, gang membership or symbols, sexual themes, sexually demeaning pictures, sexual innuendo, etc.
- State, imply, or depict hate speech, imagery **targeting** groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or any other protected classification.
- Display or depict, including jewelry or accessories, gang symbols, dangerous attachments, inappropriate nicknames, weapons, or illegal substances.

In Addition:

- Open-toed shoes may not be allowed in some classes and certain areas for safety reasons.
- Head coverings as allowed according to current school policy, individual schools, and/or individual classroom teacher.
- Chains, including wallet attachments and dog chains are not allowed.

Appropriate dress should:

- Tops must have shoulder straps

Note: Administration reserves the right to determine what constitutes appropriate dress.

Detention Policies

Detentions will be served during lunch breaks, after school or in the morning before school. Lunch detentions will be served Monday-Friday. After notification, it is the student’s responsibility to serve the detention on the assigned day, following all rules and guidelines of the supervising adult. Failure to do so will result in parent notification, after school detention, and/or in-school suspension. If a student is assigned an after school detention it can take precedence over any after school activity, including athletics. It is the athlete’s responsibility to share this with their coach. After school detentions will start

five minutes after the dismissal bell and last for one hour; unless otherwise assigned. Parents will be notified of assigned after school detentions.

The following guidelines apply to detentions:

- Be on time. Failure to arrive on time will be considered skipping detention.
- Bring study materials (calculator, books, paper, pen, pencil, reading books).
- Cannot leave after entering (including locker and media center) unless given specific permission.
- No talking (except with supervisor).
- Food by permission only.
- No cell phone. Stow in locker or turn over to detention room staff.
- Students not working during detention may be assigned another detention or In-School Suspension.
- Failure to abide by Detention Policies will result in further consequences.

Gum, Candy, Drinks, and Snacks

Responsible gum chewing only on the school grounds; this includes proper disposal of used gum. Gum is not allowed at the elementary level. Teachers may not allow gum in their classroom. Snacks may be brought to school to eat as part of a lunch or during teacher approved time. Students are responsible for keeping snack areas clean and free of litter. As part of our Integrated Pest Management (IPM) we are committed to preventing unwanted pests taking hold in our school. Students can help with this by not eating/drinking (water is allowed) outside the cafeteria, keeping uneaten foods in sealed containers, and cleaning up or reporting spills right away. **Energy drinks will not be allowed on campus.** Food items made at home cannot be shared with others during class time.

Hall Passes

Students are not allowed in the halls during class periods unless they are accompanied by a teacher or have a school issued hall pass from an authorized staff member. Students will be questioned when they are in the halls and will be assigned an appropriate consequence if they do not have permission to be in the hall. Students will be asked to sign out/in when using a hall pass to leave the classroom.

Late Arrival/Early Dismissal

Any student with late arrival privileges is not to be in the building more than five minutes prior to the beginning of the first class in which he or she is scheduled unless other arrangements have been made with school staff. If they must arrive early they will remain seated outside the front office. A student with early dismissal privileges is to leave campus immediately following the last scheduled class; unless other arrangements have been made with school staff. Failure to follow these guidelines will result in parent contact. If the problem persists, students will lose the privilege, be scheduled into a class or study hall, and/or receive disciplinary action. Students arriving prior to the release bell will wait quietly by the main office.

Laser Pointers

The Food and Drug Administration has warned parents and consumers that hand held laser pointers may cause serious eye damage if aimed straight into the eye. Due to these safety issues and the disruption to classes, laser pointers are not allowed on school premises and will be confiscated.

Lockers

Lockers and other places where students keep things are the property of, and are under the control of the school and may be checked at any time by the school for dangerous and prohibited items. The school

provides locks; no personal locks are allowed. Students should not share personal locker combinations with other students. Locker combinations will not be changed as a deterrent for unwanted foe in a student's locker. The student may change lockers as needed but a top locker is not guaranteed. Best practice is to NOT share locker combinations with others. ***The District does not provide payment for student property which is lost, stolen, or damaged at school. All items are brought to school at the risk of the owner. Expensive items invite theft and should not be brought to school.***

Public Display of Affection

Public display of affection in the school buildings or on the school grounds is inappropriate. Inappropriate bodily contact behaviors include, but are not limited to, kissing, hugging, being together on floors, benches, or furniture, front to front or front to back body contact including sitting on laps. ONLY handholding is allowed. Repeated warnings will result in a parent/guardian conference and possible disciplinary action. This applies to behavior at school sponsored events including games and dances.

Searches

A student or their possessions, vehicle, locker, or assigned storage area may be searched if the school has a reasonable suspicion that a prohibited item will be found.

1. A written report of the search is made by the school administration to the Superintendent.
2. Except in an emergency, there should be two (2) adults present during a search. It is recommended that the student be present for the search of their locker or other assigned storage areas.
3. Prohibited items will be held in the office. Items may be returned to the student, parent/guardian or police, whichever is deemed appropriate.
4. Police using police authority can search a student or student storage areas.
5. Inappropriate materials stored in lockers such as photos or lewd materials are unacceptable.

This includes sexual harassment of students or staff by other students, staff, Board members or third parties. "Third parties" include, but are not limited to, school volunteers, parents, school visitors, service contractors or others engaged in district business, such as employees of businesses or organizations participating in cooperative work programs with the district and others not directly subject to district control at interdistrict and intradistrict athletic competitions or other school events. "District" includes district facilities, district premises and non-district property if the student or employee is at any district-sponsored, district-approved or district-related activity or function, such as field trips or athletic events where students are under the control of the district or where the employee is engaged in district business.

Sexual harassment of students and staff shall include, but is not limited to, unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature when:

1. The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits;
2. Submission to or rejection of the conduct or communication is used as the basis for educational decisions affecting a student or employment or assignment of staff,
3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student's educational performance or with an employee's ability to

perform their job- or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile- the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subjected to the harassment- number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.

Examples of sexual harassment may include, but not be limited to, physical touching or graffiti of a sexual nature, displaying or distributing of sexually explicit drawings, pictures and written materials, sexual gestures or obscene jokes, touching oneself sexually or talking about one's sexuality in front of others or spreading rumors about or rating other students or others as to appearance, sexual activity or performance.

All complaints about behavior that may violate this policy shall be promptly investigated. Any student or employee who has knowledge of conduct in violation of this policy or feels he/she is a victim of sexual harassment must immediately report their concerns to the building principal, compliance officer or superintendent, who have overall responsibility for all investigations. A student may also report concerns to a teacher, counselor or school nurse, who will promptly notify the appropriate district official. The student and the student's parents or staff member who initiated the complaint shall be notified of the findings of the investigation and, if appropriate, that remedial action has been taken.

The initiation of a complaint in good faith about behavior that may violate this policy shall not adversely affect the educational assignments or study environment of a student complainant or any terms or conditions of employment or work environment of the staff complainant. There shall be no retaliation by the district against any person who, in good faith, reports, files a complaint or otherwise participates in an investigation or inquiry of sexual harassment.

It is the intent of the Board that appropriate corrective action will be taken by the district to stop the sexual harassment, prevent its recurrence and address negative consequences. Students in violation of this policy shall be subject to discipline up to and including expulsion and/or counseling or sexual harassment awareness training, as appropriate. The age and maturity of the student(s) involved and other relevant factors will be considered in determining appropriate action. Employees in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional sexual harassment awareness training, as appropriate. Other individuals whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or Board.

Additionally, the District may report individuals in violation of this policy to law enforcement officials. Licensed staff, staff registered with the Teacher Standards and Practices Commission (TSPC) and those participating in practicum programs, as specified by Oregon Administrative Rules, shall be reported to the TSPC.

The superintendent shall ensure appropriate periodic sexual harassment awareness training or information is provided to all supervisors, staff and students and that annually, the name and position of district officials responsible for accepting and managing sexual harassment complaints, business phone numbers, addresses or other necessary contact information is readily available. This policy as well as the complaint procedure will be made available to all students, parents of students and staff in student/parent and staff

handbooks. The district's policy shall be posted in all grade 6 through 12 schools. Such posting shall be by a sign of at least 8.5 by 11 inches.

The superintendent will establish a process of reporting incidents of sexual harassment.

Student Related Policies

Alcohol and Drug Policy

The unlawful possession, use, sale, or supply of any alcohol, narcotics including marijuana, or any other dangerous/illegal drug, or any substance used as a drug that is not medically prescribed for the student is prohibited on the school premises or at any school-sponsored activity. Violations of this regulation will result in suspension and/or expulsion from school. Appropriate health and law enforcement agencies may be involved and parents will be notified. The process may include assessment, and/or referral for treatment. (Refer to School Board Policy JFCH)

Students who use, possess, distribute, share, or are under the influence of dangerous drugs and/or alcohol on or near (within 1,000 feet) District property during school hours or at any school-sponsored activity are subject to immediate suspension and/or expulsion. The student is also subject to additional educational programs and obligations established by the District.

If it is established that a student is found to be selling alcohol and/or other dangerous drugs to another person, that student shall be suspended with the possibility of expulsion from the School District up to the full extent of school rules and the law.

All regular education students expelled for any drug or alcohol violation will be given the opportunity to choose one of two alternative choices in order to continue their education. Students eligible for special education services under IDEA will be placed in an appropriate program following an IEP meeting. Students who are eligible for services under Section 504 will be re-evaluated and have their 504 plan reviewed prior to placement.

Denial of Admission to Regular School Program

The School District will deny admission to their regular school program to a student who is expelled from another school district and who has moved into the Vernonia School District for the length of the expulsion. The District will provide an alternative learning environment for the student.

Denial of Admission to Regular School Program and Alternative Education Program for Weapons Violation

If a resident student or a student transferring into the District is expelled for a weapons violation, pursuant to Section (6) of ORS 339.250, the District will deny that student admission to the school's regular program for a least one calendar year from the date of the expulsion. In addition, the district will not offer an alternative education program to students expelled for weapons violations pursuant to section (10) of ORS 339.250 for at least one calendar year from the date of the expulsions subject to modifications by the Superintendent on a case-by-case basis.

Search and Inspection

If school officials have reasonable suspicion to believe that an illegal act or violation of school rules has been committed, is being committed, or is about to be committed, they are authorized to search the student and their personal property, or any School District property used by the student, and seize any items deemed injurious or detrimental to the safety, health, and welfare of the students and staff. Students are prohibited from using or possessing dangerous weapons, firearms, dangerous instruments, and/or hazardous or explosive materials or devices. On a random basis, drug sniffing dogs may be used to search lockers and vehicles, to detect contraband and violations of school rules and criminal laws.

To further protect students and provide a safer school environment, random inspections of lockers and other student storage areas may also occur at any time. These areas remain in the possession and control of the school when they are assigned for student use. Students may use student storage areas for the limited purpose of temporarily keeping items needed for classes and other school activities. Students shall expect that lockers and other student storage areas will be inspected by the school from time to time without prior notice to assure that such areas are not being used for any unauthorized purpose. Prohibited items will be removed and held by the school. Any items removed during an inspection will be returned to the student, the student's parents/guardians or held for the police as necessary. Students will be disciplined if any prohibited items are found.

Items held or confiscated by the school will be evaluated for return to the proper owner upon completion of an investigation or a disciplinary action. Contraband or unlawful items, the possession of which violate Vernonia School District Handbook, Vernonia School District policy, State laws, and/or federal laws shall not be returned to the student or to any representative of the student; such items shall be turned over to law enforcement officials.

Other items left unclaimed after an investigation or disciplinary action will be disposed of by the school. Each school may set aside a time period, with reasonable advance notice to students, when all lockers will be inspected for overdue books and prohibited items.

Tardy Policy / Unexcused Absence / Skipping

The tardy policy begins each Quarter. After ten (10) minutes into the class period, the student is considered absent and must have an admit slip to enter the class or student is marked as an unexcused absence.

Tardies are governed as follows:

If students find it necessary to bring large amounts of cash or valuables to school they are strongly encouraged to report cash or items to their teacher/coach or to the main office. Do not leave items in classrooms, halls, dressing rooms, or school grounds. **Students are responsible for their personal property and school property assigned to their use. Locks for hallway (after paying locker maintenance fee) and locker room lockers are free to all students. Leaving lockers unlocked may invite theft. We encourage all lockers to be locked at all times. The school is not responsible for items missing from lockers.**

Weapons in the Schools

Students shall not bring, possess, conceal or use a weapon on or at district property, activities under the jurisdiction of the district or interscholastic activities administered by a voluntary organization approved by the State Board of Education.

For the purposes of this policy, and as defined by state and federal law, weapon includes:

1. “Dangerous weapon” – any weapon, device, instrument, material or substance, which under the circumstances in which it is used, attempted to be used or threatened to be used is readily capable of causing death or serious physical injury;
2. “Deadly Weapon” – any instrument, article or substance specifically designed for and presently capable of causing death or serious physical injury;
3. “Firearm” – any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, frame or receiver of any such weapon, any firearm silencer or any other destructive device including any explosive, incendiary or poisonous gas.
4. “Replicas of weapons (and pocket knives)” - are prohibited by Board policy. Exceptions to the district’s replica prohibition may be granted only with prior building principal approval for certain curriculum or school-related activities. Violations will result in discipline up to and including expulsion.

Student Discipline

There is a connection between academic success and student management. The techniques of student management will reflect concern of school personnel for the dignity and growth potential of all students. Student management will involve counseling and promote behavioral changes enabling students to function successfully in their educational and social environments. Effective educational programs and effective student management are the results of cooperation among the administration, teachers, parents, and students.

Consequences must be treated as an individual matter. Due process for students will be adhered to in all situations. Students will be responsible for understanding and following the **Responsibilities of Students** located on page 22 and will be held accountable for any behavior that deviates from the established policies. See Vernonia School District Policy JG.

Managing one's own behavior is the ultimate goal. Student management should be directed toward developing skills necessary for the students to:

1. Solve problems successfully
2. Develop positive relationships with others
3. Take responsibility for own actions
4. Become productive citizens
5. Recognize when their actions are interfering with the rights of others
6. Respect the property rights of others
7. Understand and appreciate other people, other cultures, etc.
8. Develop a sense of responsibility for their actions and an awareness of probable consequences
9. Succeed in school

Appropriate Learning Environment

Students are expected to act in a manner permitting teachers to teach and students to learn without interference or disruption.

Expectations and Consequences

The most effective consequence is the result of prevention rather than punishment. However, when it is necessary to use corrective measures, the actions will be based on an understanding of the student and sound guidance principles consistent with School Board Policies and State/Federal laws. The school and home/family must work as partners to successfully prevent and resolve behavior management problems.

Physical Safety and Mental Well-Being

Students are to behave with respect for the educational climate and to promote respect for the physical safety and emotional well-being of other students and staff. Students are expected to resolve conflicts by discussion, problem-solving techniques, and with assistance by staff members. Students are encouraged to contact staff members to assist in resolving any conflicts that occur between students.

Protection of Property

Students are expected to use property (equipment), as well as facilities, only for its intended purposes without damage. Property belonging to others is to be used with permission from the owner or person in charge.

Consequences of Inappropriate Conduct

Disciplinary actions are taken with the air of correcting behavior patterns. Most behavior problems can be handled routinely with properly organized school and classroom programs. Nearly all students respond satisfactorily to friendly encouragement, firm direction, and understanding guidance. In order to protect the rights of all our students, it is important that parents and students understand the consequences of misbehavior. There are certain responsibilities we all share in helping students overcome behavior problems. A student who becomes involved in areas of problem behavior will be subjected to certain disciplinary actions. Depending upon the seriousness of the behavioral problem, one or more of the following actions will be taken by the school staff. In the case of severe violation of rules, the disciplinary action taken may extend beyond these guidelines to include the juvenile justice system even for the first offense. If a student's misbehavior is directly related to an identified disability, the school staff will take such conditions into account. For students with disabilities eligible under IDEA and/or Section 504, behavioral consequences will be related to the requirements of IDEA and Section 504 and the student's disability.

Informal Talk

A member of the school staff will talk with the student to reach agreement regarding the student's behavior.

Parent Involvement

The parent will be informed of the problem area. A conference with the student, the parent/guardian, and appropriate staff members may be scheduled. If a plan is developed to help improve the student's behavior, copies will be given to the student and the parent/guardian.

Conference

A conference may be held with the student, the teacher, the administrator, and/or other appropriate staff members to develop a plan for improving behavior. This plan may include a written behavioral contract. The parent will be contacted and encouraged to attend the conference. A counselor will receive notice of any referral issued to a student and may become part of the process to overcome the behavioral problem depending upon the seriousness.

Loss of Privileges

The school administration may notify the parent of privilege suspension. These privileges may include removing the student from class participation (including participation in athletics and scheduled field trips) and/or school campus. In addition, they could include the loss of privilege to use the media center and computer labs, to drive to and from school, to park on campus, to ride the school bus, and /or the loss of the student's driver's license.

Disciplinary Reassignment/Detention/In-School Suspension (ISS)

A misbehaving student may be reassigned to a separate, supervised environment away from usual school activities. This could include a supervised detention during lunch or before or after school, time out from the classroom, ISS, and/or an alternative school placement.

Due Process

This handbook explains the major areas of inappropriate conduct and the consequences that may result for those students who do not follow the rules. All students are entitled to due process as it relates to discipline. In general, **this means that no action will be taken against a student until the student has an opportunity to explain their version of the event** after hearing the charges. There are also procedures which students and parents/guardians must follow if they do not agree with the school's actions.

Hopefully, students will never be in a situation where they need the protection of due process. If, however, a student does become involved in a disciplinary action, both the student and the parent/guardian, upon request to the principal, will be given a more detailed description of the due process procedure.

Suspension Process

Suspension temporarily removes from a student the right of attending school or school activities on or off School District property. This includes District and State athletic contests. After reviewing available information, suspensions may be made by the principal or designee with the approval of the principal. The length of the suspension shall be determined by the severity of the act and previous behavior of the student. Minimum out-of-school suspension is a partial day to a maximum of 10 for a one time offense.

Unless an emergency situation exists relating to health or safety, the student shall receive prior notice of the suspension, specification of charges and an opportunity to present their view of the alleged misconduct. The suspending administrator may postpone these procedures if there is a risk that harm will occur if the suspension does not take place immediately. In all cases, an administrator will notify the parent/guardian by letter and, when possible, by telephone, and the procedure for reinstatement will be explained. There is no appeal process beyond the school principal.

The period of suspension is not to exceed a maximum of ten (10) school days. In specific circumstances, a suspension may be continued until some specific pending action occurs such as physical or mental examination or incarceration by court action. In cases involving use of alcohol/drugs, possession of alcohol/drugs or being under the influence of alcohol/drugs, up to a ten (10) school days suspension period will be imposed. Suspension will be continued beyond the ten (10) school days pending action on the part of the student to participate in a chemical abuse evaluation performed by an approved third party at the parent/guardian expense.

Expulsion Process

Expulsion is the termination of the student's right to attend school, school activities, and /or be on any School District property for a substantial period not to extend beyond one calendar year.

Expulsions shall be recommended only by the school Administration to the Superintendent. District procedures provide for written notification to the student's parents/guardians identification of alternative education options (in appropriate circumstances), and information concerning the right to an expulsion hearing. In case the parent/guardian or student have difficulty understanding the English language or have other serious communication difficulties, the District will provide a translator. The student will be suspended by the principal pending expulsion. If the student and/or parent/guardian believe there has been a violation of due process, they may appeal the decision to the School Board.

In cases where the student brings a firearm or dangerous weapon to school or is in possession of a firearm or dangerous weapon at school, the expulsion period will be no less than one calendar year in length unless a modification is warranted.

Special procedures must be followed if a disabled student is suspended or expelled, and a relationship is shown between the behavior and the disability.

The student will be permitted to have a representative present at the hearing to advise and to present arguments. The representative may be an attorney or parent. The school district's attorney may be present.

The student will be afforded the right to present their version of the charges and to introduce evidence by testimony, writings or other exhibits. The student will be permitted to be present and to hear the evidence presented by the District. For students with disabilities, the right to due process is extended through IDEA and Section 504 of the Rehabilitation Act of 1973.

Restorative

At times it may be appropriate for students to restore the relationship damaged by their actions. In this case a plan will be worked out with all involved parties. This could be student to student(s), student to staff, or student to team. A plan might involve formal apologies, volunteer work, hearings, contracts, paying forward, physical damage to property repaired, adding value to campus (in the form of creating a positive addition such as art, seating, et al), etc. In most cases, a timeline for completion will be established and parents will be involved in the process.

Restitution

The parent/guardian will be informed of the problem area. The student will assume the responsibility for restitution of lost or damaged materials, equipment or other school property. Restitution may be monetary or through volunteer work/community service as determined by District officials.

The student and the parent/guardian of the student may be liable for the amount of the assessed damages not to exceed \$5,000, plus costs if legal action is required (ORS 339.270). If a plan is developed to cover restitution, copies will be given to the student and the parent/guardian. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and the student's grade reports, diploma and records may be withheld. **Restitution may occur in conjunction with any of the above disciplinary actions.**

Saturday School

Saturday School is an option that the administration may use to improve attendance and/or modify student behavior; especially when behavior is directly related to loss of academic time. In most instances, Saturday School will be assigned in lieu of ISS (In School Suspension).

A student missing any portion of their assigned Saturday School may be given an additional four (4) hour period. Failure to serve may lead to an extensive OSS (Out of School Suspension) and/or other disciplinary considerations.

Rules for Saturday School shall include but are not necessarily limited to the following:

- Students are to have sufficient learning activities and materials, including class assignments for the entire length of Saturday School.
- Students are not to communicate with each other unless given specific permission.
- Students are to remain in designated seats at all times unless granted permission otherwise.
- Students are not allowed to put head down and/or sleep.
- No food or beverages shall be consumed unless given specific permission.
- No electronic devices, including cell phones, iPods, etc...

Transportation to and from Saturday School shall be the responsibility of the parent/guardian of the student.

Discipline of Disabled Students

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a non-disabled student, the student's

parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability the student may be disciplined in the same manner as would other students. If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a disabled student or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current education placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

Discipline Consequence Guidelines:

The Administration reserves the right to adjust consequences based on the seriousness of the behavior, repetitive behavior, and/or uniqueness of the behavior and/or situation.

DESCRIPTIONS/DEFINITIONS OF INCIDENTS

NOTE: Off Campus and Outside of School Conduct - Off campus and outside-of-school conduct that violates the District's Student Code of Conduct may also be the basis for discipline if it has the potential to disrupt or impact the safe and efficient operation of the school or interfere with the rights of others. Examples of behaviors that fall under this category include threats or harassment that occurs online or on social media platforms such as Facebook, Twitter, Snapchat, Instagram, e-mail, and/or text messages or pictures that contain sexual and/or inappropriate content. This is not limited to district computers; at home computers and cell phones also fall under this jurisdiction.

3 Behavior Reminders in a 30 day period - Three reminders for the same incident, or at times earning three reminders for any incident, will result in a behavior referral. Steps 1-3 of the Disciple Consequence Guidelines will be considered for this earned referral.

Absence: Truancy/Skipping/Tardies - Unexcused absence from school, unauthorized absence from assigned class, unexcused arrival to class after the designated time; including unprepared to learn once arrived. Arriving more than 10 minutes late is considered an absence, not a tardy, and will be documented in Synergy as such. **Failure to serve detention is considered skipping.**

Alcohol/Drug and associated Paraphernalia (Distribution, Possession, Use) - The use or possession of alcohol and/or other drugs (including associated paraphernalia) on all School District property including buildings, vehicles, school sponsored events, and outdoor areas is prohibited. It is strictly prohibited for students to be under the influence or unlawfully using, possessing, purchasing, distributing, dispensing, or manufacturing alcohol and/or drugs while on school premises, in District owned or District approved vehicles, at District sponsored or District approved activities or events, or otherwise engaged in School District business. Disciplinary sanctions up to and including suspension, expulsion, or a requirement that the offending student satisfactorily complete an appropriate substance abuse treatment program will be imposed. Students who are under the influence, possess, purchase, distribute, dispense, or manufacture alcohol and/or drugs while attending a function at another school may also be subject to discipline.

Alcohol/Drug Use and/or Distribution – Under the influence of alcohol or drugs. Giving, sharing, selling, offering to sell, etc. of alcohol or drugs.

Assault - Intentionally, knowingly or recklessly causing physical injury to another.

Automobile Misuse - All students who drive on school premises must have a valid driver's license, drive safely, and not endanger anyone. Only high school students are permitted to drive a motor vehicle to school. While driving a vehicle on school properties, students must follow the district traffic pattern (enter, exit, etc.) and drive slowly and safely at all times. Students must park in designated parking areas only. Students must park in an actual parking space that allows for others to park; maximizing our lot. Repeat violations may result in a loss of driving privileges on campus.

Bullying - Any Act that:

- substantially interferes with a student's educational benefits, opportunities, or performance;
- demonstrates unwanted aggressive behavior, repeated over a period of time;

- intentionally (isolated or repeated) has the potential of interfering with a student's educational benefits, opportunities, or performance (especially where there is a real or perceived power imbalance);
- is repetitive/unkind where there is a real or perceived power imbalance;
- AND has the effect of: Physically harming a student or damaging a student's property; knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property; or creating a hostile educational environment, including interfering with the psychological well-being of a student.
- takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation, or at any school bus stop.

Includes bullying that was initiated off-campus that affects a student's campus experiences such as, but not limited to, **CYBERBULLYING** (Electronic communication devised to harass, intimidate, or bully as illustrated above).

Off campus and outside-of-school conduct that violates the District's Student Code of Conduct may also be the basis for discipline if it has the potential to disrupt or impact the safe and efficient operation of the school or interfere with the rights of others. Examples of behaviors that fall under this category include threats or harassment that occurs online or in social media sites such as Facebook, Twitter, Snapchat, Instagram, e-mails, and/or texting messages or pictures that contain sexual and/or inappropriate content. This is not limited to district computers; at home computers also fall under this jurisdiction.

Bus Misconduct/Referral - Not following the Transportation Rules governing riding school buses.

NOTE: Students may forfeit the privilege of District provided bus transportation and the consequences thereof if not complying to Transportation Rules governing riding school buses.

Pupils riding District transportation must follow bus driver's instructions at all times.

Cell Phone Issue - NOTE: Cell phone use at school is a privilege; not a right. Anytime a cell phone is used when prohibited by school policy, school staff, or classroom teacher. Anytime a cell phone is used that violates another incident issue such as bullying, disruption, harassment, prohibited item, etc. See current policy for discipline consequences; of which can range from lost for the period, the day, the quarter, etc.

NOTE: Unless an elementary school student has a specific reason to have a cell phone at school AND has specific permission to do so...cell phones are not allowed at school.

Disruptive Conduct - Language or behavior which disrupts and/or interferes with the educational environment or process.

Disruptive Devices/Prohibited Items - The possession and/or use of any item (examples: laser pointers, water guns, balloons, toys, etc.) not required for class, and any classroom item used in a manner other than its intended use (example: throwing pencils) THAT causes a disruption or is not allowed at school is considered a disruptive device and/or prohibited item.

Dress Code Violations - Dress and grooming are primary responsibilities of students and parents/guardians. However, students may be directed to change dress or attend to grooming if it interferes with the learning process or school climate, is unclean, or threatens the health and/or safety of the student or others. General Guidelines for clothing is that armpit to armpit is covered and length is 4 inches below upper thigh. Considering the professionalism of exposed midriffs, exposed cleavage and chest, short skirts or short shorts, meniscal straps on tops, muscle shirts, tank tops, jewelry, or wording on

clothing which is sexually suggestive, drug or alcohol related, vulgar, insulting, gang affiliated, or ridicules a particular person or group is therefore prohibited (see District Dress Code policy). We are creating a climate that is comfortable for everyone and with adherence to policy and law.

Electronic Devices - Any device, such as cell phones, digital cameras, pagers, smartwatches, smart phones, iPods, iPads, laptops, etc., which have communication capabilities and can be disruptive to the educational process are not to be used during instructional time (unless specific permission to use has been granted by supervising staff). The district prohibits any form of harassment, intimidation or bullying, through electronic means, which is known as cyberbullying. A student may be subject to discipline, up to and including expulsion, for a violation. A student may also be referred to law enforcement for a violation. Texting/picture taking messages to others that contain bullying, negative comments, sexual content, and/or harassment is prohibited. All electronic media player's with or without headsets are not to be used during class time or library; unless having specific permission to do so from supervising staff. The device(s) will be forfeited and can be picked up at the end of the school day; dependent on infraction level and severity. See current electronic devices/cell phone policy. Policies developed after printing of handbook will supersede those in this handbook.

- Middle School Student class information subject to change.

8th Grade Promotion Requirements

8th Grade students will be permitted to participate in promotion activities, including an end of the year class field trip, if they average passing grades **in each core class for the entire year** or have demonstrated significant academic improvement in courses for which they do not average a passing grade. Students may also be ineligible for the promotion ceremony for attendance and disciplinary concerns. Final determination of eligibility is determined by the Principal and communicated with parents and students.

Leadership

Leadership team consists of 8th grade middle school students. The Team will sponsor a variety of activities and fundraisers.

Retention / Summer School

Passing grades must be attained in language arts and mathematics. Failures in 6th and 7th grade will result in course make-up through regular school schedule or summer school. Failures in 8th grade may result in retention unless student attends and passes the necessary language arts or mathematics course during summer school or a principal approved program of remediation.

High School Student Information

Academic Honesty

Vernonia School District values academic integrity. Students are expected to be responsible for their own work. Plagiarism will not be tolerated. First offense will result in loss of credit on assignment. Second offense may result in no credit for class; in addition to other disciplinary consequences.

Adding & Dropping Classes

Student schedules are developed according to requests made by the students during the forecasting/pre-registration process. Most classes are required courses, while some will serve as electives. Electives are assigned by student request, pre-requisites being met, and class and schedule availability. Schedule changes, therefore, will be allowed only under unique circumstances during the first two weeks of each semester. Students needing assistance with their schedule need to utilize the following procedure:

1. Meet with the counselor.
2. Complete petition form to add or drop class (petition includes input from student, parent, teacher and counselor.)
3. Principal approves or denies petition request.

These private programs must be appropriate and accessible to the referred students.

To be eligible for **Credit Recovery**, students must first retake the failed course in the regular education setting. Exceptions approved by Administration.

Community Service is defined as those activities performed by a student to improve their community. Examples would be volunteering at community events or with a community agency, church, or assisting the elderly. Exclusions may include any community service performed for relatives or for school events/facilities.

Participation in the graduation ceremony and the senior trip are privileges reserved for those students who complete the above stated graduation requirements.

Incomplete Grade

If a teacher feels issuing an incomplete is appropriate, students will have 5 school days from the beginning of the next grading period to complete requirements and have a letter grade issued. Exceptions must be approved by the Principal.

Make-Up Exams

Students who have absences due to illness or family emergency such as death, accident or medical emergency, may make up semester exams. A parent or guardian must notify the school on the day of the exam if a student is going to miss a final. Students are responsible for making arrangements to complete the exam.

Make-Up Work

A student who has an excused absence from class may be permitted to make up those assignments that they have missed. The student is expected to make arrangements with the teacher on their first day back in class for the work missed due to absence. Any student with an unexcused absence will be permitted to make up missed work at the discretion of the teacher.

A student suspended from school will be permitted, as provided by Oregon Administrative Rule, to make up schoolwork upon their return from the suspension if the work reflects achievement over a greater period of time than the length of the suspension. For example, the student is allowed to make up final, midterm and unit examinations, without an academic penalty. Students will not, however, be allowed to make up daily assignments, laboratory experiments, class discussions or presentations missed while under suspension.

Oregon University System Requirements

The Oregon University System requires the completion of 14 credits in the following areas:

Language Arts	4 credits (Intro to Lit & higher)
Math	3 credits (Minimum Algebra I/Equivalent)
Science	2 credits (One with laboratory component)
Social Studies	3 credits
Second Language	2 credits (2 years of same language)

Pass/Fail Grade Option

The parent or guardian, teacher, principal and counselor will determine the appropriateness of issuing a Pass/Fail grade option. Under most circumstances, the request and decision will be made by the 4 weeks progress report.

Retaking Classes

Although credit cannot be issued twice for the same course work, students are always encouraged to improve their academic standing. If the grade was passing, the first grade becomes a “P” (pass) and the grade earned the second time around is the grade used in figuring the cumulative GPA. If the first grade was failing, the “F” will remain on the transcript.

Scheduling Guidelines

All students must take at least 5 academic classes (not counting Advisory)

Students may not take more than 2 School-to-Work per semester.

Students may only take 1 T.A. (Teacher Assistance) per semester.

Skip Day

Vernonia High School or Vernonia School District 47J does not sponsor or excuse skip days. We ask parents to support this policy by not condoning or approving skipping or asking VHS to excuse such an activity. The opportunities for accidents, injuries and inappropriate behavior are greatly increased when groups of young people gather and are unsupervised.

Summer School

Students that have not demonstrated adequate academic progress may be assigned mandatory summer school. The purpose of summer school is to provide opportunities to make-up lost credits with the goal to ensure all students are on track to graduate.
