**GRADUATE STUDIES AT  
SANTA CLARA**

# M.B.A. PROGRAM

**Charles J. Dirksen**  
Dean, School of Business

**John Pagani**  
Associate Dean, School of Business

The undergraduate program in business of Santa Clara incorporates a generous mix of courses designed to acquaint students with the culture in which business units operate. Such courses range in scope from the verbal arts, literature, history and philosophy and ultimately in theology which defines the ultimate objective of man and the purpose of a Santa Clara education. Concomitantly with the liberalizing courses, the student is required to study certain areas of business generally described as basic and to which all member schools of the American Association of Collegiate Schools of Business subscribe. These include economics, accounting, finance, marketing, organization, statistics and policy. Although some degree of specialization is permitted, it is not the aim of the faculty to restrict a student to a narrow view of some phase of business activity, but to provide an educational base that will serve him well in his understanding of our culture and economy to meet the problems of the next several decades.

In addition to an undergraduate program, the School of Business through its graduate division offers both the M.B.A. and Ph.D. degrees. The M.B.A. degree constitutes a self-contained program available to all students regardless of undergraduate background. Quarter-unit requirements range from a minimum of forty-five to a maximum of sixty-three. Essentially, the objective of the educational training in the M.B.A. is that of management in its broader context. Courses are directed to the design of techniques for the solution of complex business problems through the development of analytical economic and decision models.

The Ph.D. is the most recent addition to the academic programs of the School of Business. Such a curriculum is an expression on the part of Santa Clara that it has both the faculty and the facilities to take its place in graduate education and eventually provide an inventory of highly trained personnel for the teaching profession and for research in government and business.

The School of Business through its Management Center also offers a wide and varied series of training programs to those actively engaged in government and business.

# SANTA CLARA'S EARLY BIRDS

**Robert J. Parden**

Dean, School of Engineering

**Richard Dorf**

Director, Graduate Division

## SANTA CLARA'S EARLY BIRDS

Not too long ago it was possible for an engineer to attend a university, enter engineering practice, and be reasonably certain that he could remain abreast of technical developments throughout his professional life. The number of new innovations introduced each year was small, and he could accommodate to these changes relatively easily. Since World War II, however, this placid scene has changed. The current rate of introduction of new knowledge about science and the applications of science makes it increasingly difficult to remain current. A particular specialty may be eliminated or seriously modified by the introduction of new methods and materials. Assignments which might occupy most of each man's time are now completed by computers. Technological obsolescence of mental abilities, comparable to technological displacement of manual skills, is very real.

Continuing education, formal education which parallels job experience, is one way in which the efforts of the individual to remain current can be sustained. Evening classes have been the traditional method of attending courses offered outside of working hours. Since both the students and the instructor may have had a long day, fatigue is a constant adversary. To overcome this serious problem, Santa Clara initiated a part-time program for employed engineers in the hours before work. The fresh end of the day is best for learning. It was immediately dubbed the "early bird program" with all the connotations thereof. Engineers who have already earned a bachelor's degree in some area of engineering, science, or mathematics, are admitted to courses which are scheduled between seven and nine in the morning. Each course receives two hours credit. A student can enroll in five different courses during the five days of the week. A master's degree may be earned in three to four years.

Should a student attend graduate school full time or accept employment and continue in a program such as the Early Bird? The answer is probably both. Each individual's financial, marital interest pattern controls his choice. But it is apparent that many students who earn a master's degree full time continue in course work to help sustain their technical competence. It is no longer possible to count an education that ends when the job assignment begins.

Rev. Thomas D. Terry, S.J.  
Dean, College of Arts and Sciences

At Santa Clara, the undergraduate colleges are the care of the University. However, in tune with modern education, the University has graduate programs in three of its colleges. The larger two are in Business Administration and Engineering, each of which has over 600 students. The vast majority of these are working for Master's degrees. However within the last year the University has instituted a doctoral program.

The Master's program in the College of Arts and Sciences is smaller. It has less than 100 students in different departments. The M.A. degree is given in English and History. In Education two Master's degrees are given. One in teaching at the secondary level, the other for pupil personnel services. In addition to these, many students spend their fifth year obtaining a general secondary credential which permits them to teach in public schools.

One other unique program is the M.S.T.M. (Master of Science in the teaching of Mathematics). This is a program for people who are already teaching who come to Santa Clara each summer to do this work.

The Graduate Division of the University serves both our own students who wish further education and at the same time provides service to the area. The majority of students enrolled in the Graduate Division are graduates of colleges other than Santa Clara.

The Graduate Division is an ambitious and busy part of the campus. Classes begin at 7 a.m. and end at 10 p.m.

# SCHOOL OF LAW

The School of Law seeks to graduate lawyers who are competent and ethical. To this end, the curriculum is directed to a study of the processes by which the courts and other judicial bodies decide controversies and a study of the legal rules and principles which guide them.

The administration and faculty of the School of Law believe that the most effective teaching frequently is not teaching in any formal sense. Intellect and moral character are not developed merely in formal class sessions. Therefore, the School of Law is committed to a policy of maintaining intimacy and contact between professor and student during classes and through the day. Full-time faculty members are available for consultation with students throughout the day.

Dean, School of Law

**George A. Strong**  
Assistant Dean, School of Law

## FIRST YEAR STUDENTS

The first year class is the largest in the history of SBU law school with seventy-six students entering. Each faces three years of intensive study to attain his goal. Ahead are hours of pouring over case notes and decisions which form the basis of the Common Law and paramount figures of judicial history will become familiar names as the student reads and interprets their decisions. The law's past greatness is studied to understand its foundation so that the student can add to its future development.

SBA Officers: William Sullivan, Juliet Chargin, Henry Talifer

## STUDENT BAR ASSOCIATION

The Student Bar Association is the student governing body of the School of Law. Open to all students, the Student Bar is responsible for the Campbell Lecture Series, Moor Court, St. Thomas More Society and all social events held for the law students. The Student Bar is also charged with the preservation and administration of the student code of honor and each student is the censor of his own conduct and that of his fellow students.

SBA President: Robert Ennis

# SECOND YEAR STUDENTS

The Moot Court program competition was the outstanding project in which all members of the second year class participated. The students were divided into two-man teams to argue unresolved problems in the law. Oral argument was presented before a three man appellate court which was composed of attorneys and judges. Roger Sanborn was the winner of this year's competition.

The second year class actually participated in the Student Bar Association under the leadership of James Leathers, Jr., class representative. Student Bar officers from the class included Wm. Sullivan, Henry Talifer and Juliet Chargin.

Members of this class also participated as candidates for the **Santa Clara Lawyer**, the law school's legal publication. Several of the candidates had their articles published in this legal periodical.

## PHI ALPHA DELTA

Phi Alpha Delta, Law Fraternity, offers practical training to help its members bridge the gap between the academic emphasis in law school and the actual handling of clients and their problems; it affords its members an opportunity to associate with prominent members of the bench and the bar at fraternity-sponsored functions; it furnishes the young lawyer a forum in which he may become acquainted with practicing attorneys from throughout the country and through its active chapters it gives the law student the opportunity to develop friendships which will ripen into life-long professional associations.

# GRADUATING LAW STUDENTS

This year the largest number of law students to ever graduate from Santa Clara are finishing their law school studies. In addition to the third year day division, the first group of evening school graduates will take the California Bar Examination this summer. These men hope to equal the outstanding record of accomplishment set by last year's graduates, when over ninety percent of the Santa Clara Law School graduates passed the Bar Exam.

## SANTA CLARA LAWYER

The **Santa Clara Lawyer** is the student edited legal periodical of the University of Santa Clara School of Law. It is published biannually for the benefit of scholars, judges, attorneys and law students. The objectives of the **Lawyer** are twofold: First it seeks to provide the profession with current materials of legal significance, carefully researched and analyzed, and to

shed light on problems facing the practicing lawyer and judge. Second, the **Lawyer** seeks to train students in sound analysis and precise legal writing. In its six years of publication the **Santa Clara Lawyer** has achieved national circulation.

**ASUSC**

# RECOGNITION COMMITTEE

All the clubs and organizations on campus that bear the university's name are recognized and supervised by the ASUSC Recognition Committee. This past year the committee recognized five new clubs; the Young Republicans, the Flying Club, Historical Society, Santa Clara Christian Action Program, and the Irish Club. Also, questionnaires were sent to all clubs on campus to evaluate their activities since Fall 1965.

Any group of students who wish to form a club are eligible for recognition and ASUSC funds, if they have a good purpose and a constitution.

# RECRUITING COMMITTEE

The purpose of the Recruiting Committee is to serve as a liaison between the ASUSC and high school students. The Committee has sponsored two high school days to enable high school students to become familiar with the Santa Clara campus. The first high school day, for seniors, was held in the fall. In the spring quarter a high school junior day was set up by the committee. This committee has been the recipient of considerable assistance from Mr. Richard Jansen, Director of Admissions of University.

# RULES COMMITTEE

The Rules Committee, one of five standing Senate committees, proposes to the Senate, amendments to the ASUSC. This year, the committee considered the dress regulations dormitory rules, the off-campus housing system, the election of the head cheerleader, the establishment of a Constitutional Committee, the apportionment in the Senate, and the philosophy of a university. The Rules Committee proposed and the Senate passed legislation relating to the above areas.

# ACADEMIC COMMITTEE

The Academic Committee, the newest senate standing committee successfully completed its first year of activity under the chairmanship of Tam Grigliatti. This committee demonstrated the expansion of student government interests in the betterment of Santa Clara, by carrying that interest into the academic atmosphere of the campus.

# SOCIAL COMMITTEE

The Social Committee is an ASUSC committee appointed by the Social Vice-President. The purpose of the organization is to coordinate all social events on campus. It is their duty to see that all social events are properly planned and carried out. In addition it makes suggestions throughout the year as to how the social events and life on campus can be improved.

# RALLY COMMITTEE AND CHEERLEADERS

The University of Santa Clara's Rally Committee is composed of a group of enthusiastic individuals who play a fundamental role in establishing the school spirit and morale of the University. Its general purpose is to prepare formal rallies before each athletic event and to organize half-time entertainment for the football and basketball seasons. Its members have the responsibility of setting a proper example of enthusiasm for the student body.

# PROBLEMS COMMITTEE

The Problems Committee of the Senate concerns itself with problems affecting the Student Body and the University Community in areas not already encompassed by the other standing committees. It concentrates in general on the philosophy of the university and the goals toward which the student body must strive. Such a study of theory would be impossible for the Senate as a whole. Once having transgressed the realm of ideas, the Problems Committee proposes specific questions or plans to the other committees for solution or implementation.

# STUDENT DIRECTORY

Under the direct jurisdiction of this year's ASUSC corresponding secretary, Dove Hickey, the Student Directory Committee aggressively initiated a program of expansion. In addition to residence information on students, the directory included a faculty and staff index, a roster of clubs and organizations, and an academic calendar.

# ELECTION COMMITTEE

The Election Committee is one of the standing committees of the ASUSC. It has as its task the job of supervising and promoting all ASUSC elections. The committee tries to take an overview of all elections and election procedures in its effort to be fair to all participants. The committee is occasionally forced to relax its unusually rigid enforcement of campaign and election procedures. The committee additionally takes responsibility for conducting both balloting and tabulation of results. Membership on the committee is by appointment only.

# FRESHMAN ORIENTATION COMMITTEE

The Freshman Orientation Committee played a key role in a new type of program for fresh week. This committee conducted the social activities for the week. Among the activities were mixers, introductions of members of the administration, the faculty and the ASUSC executive board, inter-darm competition in athletics and skits, and a beach party. The Class of '69 showed their appreciation by sending the Sophomore Class President, Tim Smith, on a free one-way flight to Vancouver. The Freshman Orientation Committee succeeded in supplying the freshmen with a week of lively activities.

Tom Bender Chief Justice

The Student Court is the vehicle through which the students at Santa Clara share the responsibility in the area of student discipline. The Court has jurisdiction on virtually all cases involving University life. The Justices, chosen for their integrity, judgment and the respect which they command from all segments of the University are charged with upholding the goals of the University when they interpret and apply the code of law made by the students in the Senate.

Terry Lyons Attorney General

Mike Ziemann  
Associate  
Justice

The Prosecution Department of the Associated Students is responsible for the pre-trial investigation and courtroom prosecution of all violations of ASUSC legislation, for the defense of the Associated Students in all appeals, and for maintaining relations between the deans' offices and student government.

Under the direction of Attorney-General Terry Lyons this year, the Department worked in conjunction with the Blockstone Legal Society and  $\Omega\Sigma\Sigma$  in providing individual students with legal experience as well as providing the ASUSC with competent service.

# COURT

Dan McCoy Associate Justice

Chuck Kryski Associate Justice

Dave Bigger  
Associate  
Justice

Joe Jacani

Council

# LECTURE COMMITTEE

The ASUSC Lecture Series was, contrary to public opinion, in existence this year. Formerly the Arts and Sciences-ASUSC Lecture Series, under the direction of Chairman Geff Greiveldinger, it sponsored notable speeches and did other things that made the Arts and Sciences Association glad to be rid of it. But, proud in spirit and pure of heart, the Committee members are pleased with themselves.

# STUDENT HANDBOOK COMMITTEE

The student handbook, **The Mission**, is an annual publication presented to bewildered freshmen upon arrival at the University. It directs the incoming freshmen to the many opportunities offered on campus. Expanding with ASUSC's New Role, **The Mission** has increased in size so as to present a complete picture of Branca life.

# HOMECOMING COMMITTEE

The purpose of the Homecoming Committee is to organize events during the Fall for the return of the Alumni. The committee co-ordinates with the Alumni office to insure that the events planned will be to the enjoyment of Student Body and Alumni alike. The committee is headed by a chairman, who in turn, appoints the different and varied sub-committee positions. Working with a budget of thousands, this committee is one of the biggest and most well organized on campus.

# EUROPEAN STUDIES AND TOURS COMMITTEE

The Committee is composed of the students who spent last year studying at campuses in Europe and it directs its activities to aiding Santa Clara students in preparing for study abroad. Members gave a number of talks and slide shows to acquaint Sophomores about the various possibilities available to them for a Junior year in Europe, trying to convince as many as possible that it would be an experience they shouldn't miss. In addition, the Committee gave out information on student tours and work and study programs during the summer months.

# INTRAMURALS COMMITTEE

While varsity athletics are very popular in college, not all men and women can qualify. Thus the Intramural Committee organizes leagues and sponsors trophy and award banquets for such sports as basketball, softball, football, volleyball, swimming, bowling and handball. Participation is open to all students.

# SUMMER PROGRAM COMMITTEE

The Summer Orientation Program is designed to acquaint incoming Freshmen and transfer students with each other and with the returning upperclassmen. In addition, this program helps new students prepare for life at Santa Clara. This goal is accomplished through informal parties, teas, and gatherings sponsored by the members of this program and their respective committees.

# CLUBS

# CLUB 575

decidedly better for their association

Here, right in front of God and everybody, is one of those rare moments of 1965-66, Vespo and friends, Club 575. From right to left, they are: Don Moyer, leader of the Red Hat Band and future San Jose attorney; Ernie De Gasporis, **Redwood** editor and general extortionist; Mike Crowley, Master Electrical Engineer, mountain man, and currently Peace Corpsman (Nigeria); John Moore, Australia's soft-speaking Christian gift to parameter plane interstellar flight control systems, general genius, and soon to receive his PhD. in

Electrical Engineering; Kevin McCarthy, former **Owl** editor, Phoenix president, writer, quasi-guitarist, bay theologian and general shirker of domestic responsibilities, and Peter Sullivan, ASUSC Vice President, double major in Electrical Engineering and Medicine, 3.6 GPA, winner of \$4,000 in fellowships for the academic year 1966-67, and top lightweight oarsman, white socks and all. They were and are very likely to remain a somewhat motley outfit, but decidedly better for their association.

# HOW TO SUCCEED IN LIBRARIANSHIP WITHOUT EVEN TRYING

Group effort will work wonders as the above people will testify. No single organization has ever brought so much joy, chaos and havoc to Santa Clara. It is doubtful whether such great heights will ever be reached again. Our hats are off to these wonderful and gifted people!

## DAY STUDENTS' ASSOCIATION SHOWS SPIRIT AT HOMECOMING

Under the able leadership of KZØ Man of the Year Jim Farwell, the D.S.A. progressed toward its chief goal of stimulating interest among day students in the Santa Clara life. With the help of his mature and well-groomed officers (as shown in the above picture), Jim was able to give the day students the opportunity to take an active interest in the cultural, social, athletic, and apostolic activities at Santa Clara. During the past year the association sponsored a number of diversified and successful events, ranging from a pre-orientation party for all incoming bay area freshmen to the annual Christmas Basketball Tournament.

## SANCTUARY SOCIETY AIDS IN CELEBRATION OF THE MASS

The Sanctuary Society consists of university men who participate in the liturgical functions of the campus community, primarily through serving Mass in the Mission Church. They are also available for assistance in the other ceremonial activities, such as Holy Week and the Graduation exercises. This is the oldest organization at Santa Clara, dating back to the establishment of the university.

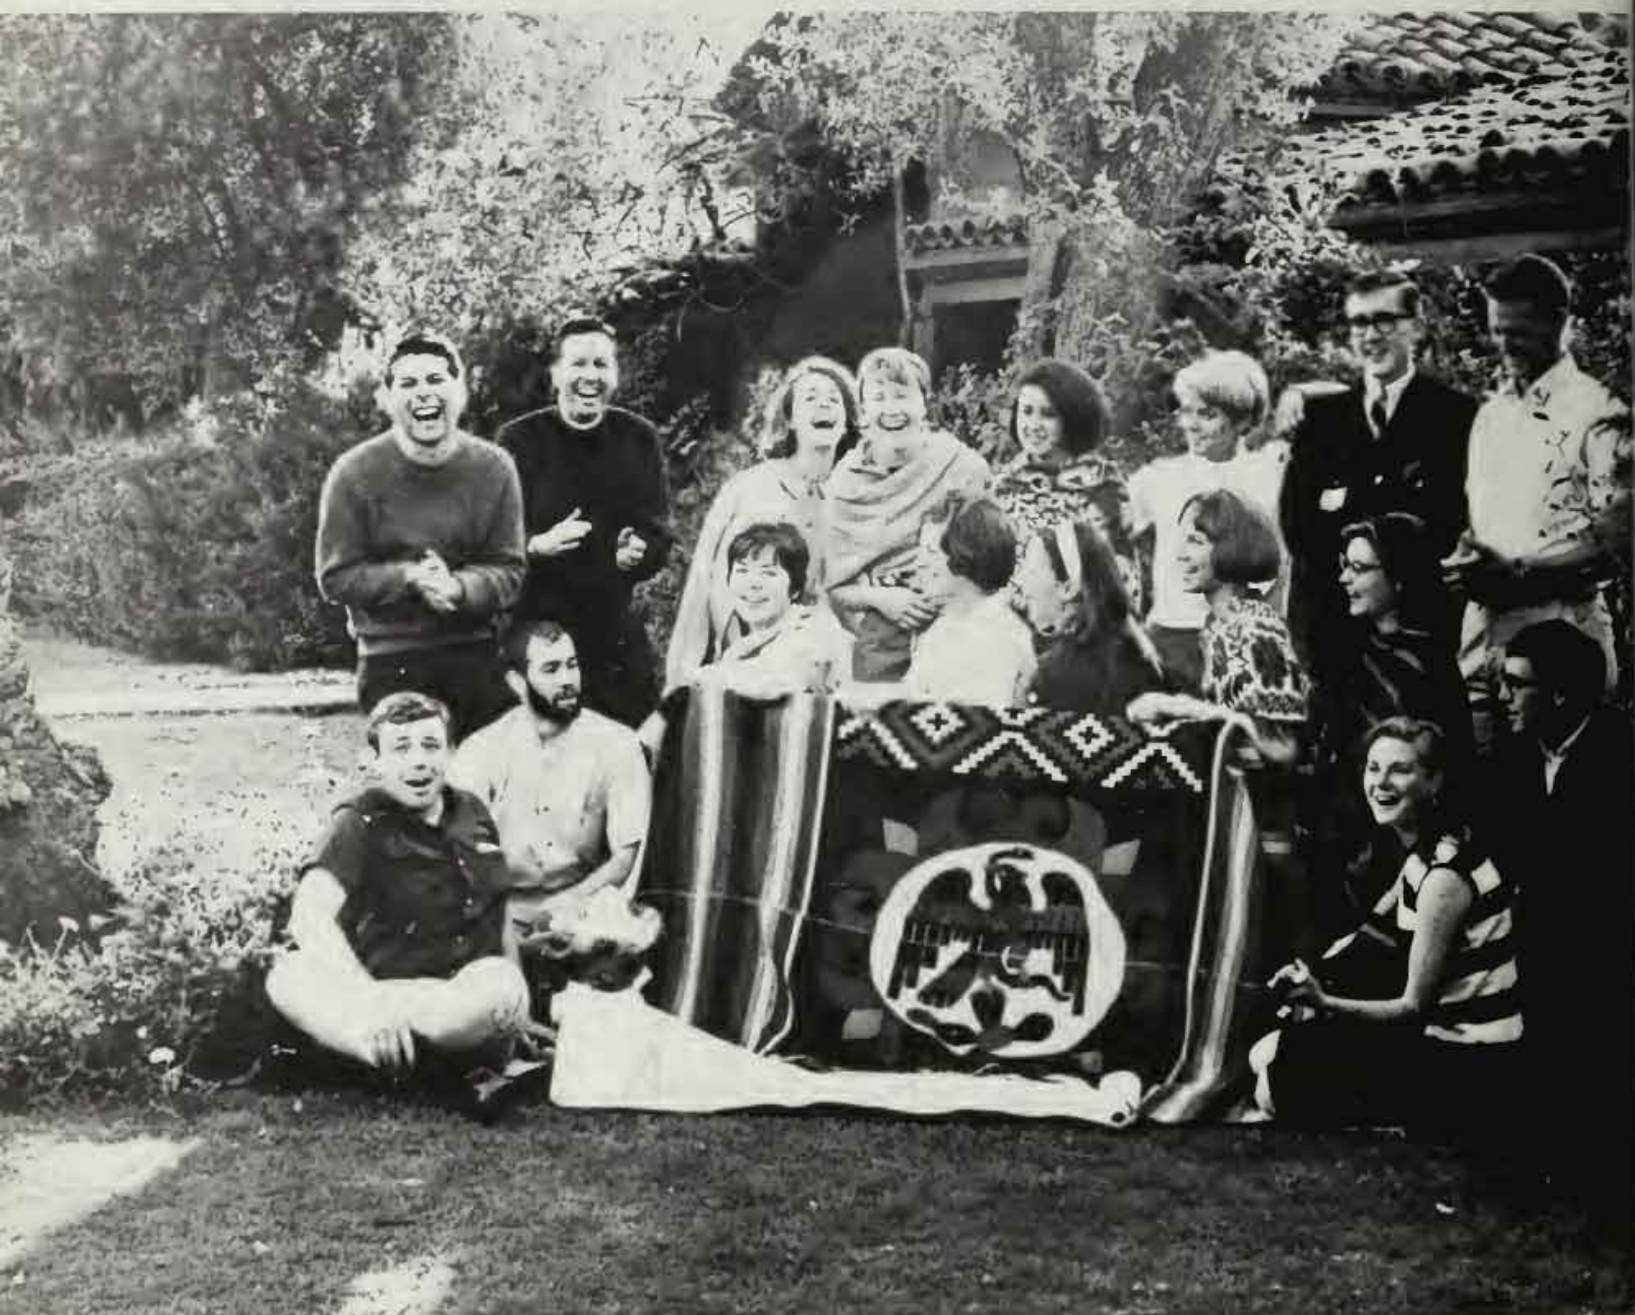

## SODALITY OF OUR LADY DEVELOPS CHRISTIAN IDEALS

The Sodality of Santa Clara is a religious association of men and women organized under the special patronage of the Blessed Virgin Mary for a threefold end: the sanctification of themselves, of others, and the defense of the Church. In assuming a life of spiritual practices and apostolic action, the Sodolists attempt to convey their aspiration into achievements in leading their neighbors to better lives, and in applying Catholic principles to society. The Santa Clara Sodality is a pre-professional Sodality aiming toward the development of a spiritual approach to the professional commitment required of a college graduate.

# LAMBDA SOCIETY ENCOURAGES FULLER PARTICIPATION IN THE LITURGY

The Lambda Society is an organization on campus that promotes lay participation in the liturgy by providing commentators, readers, porters, singers, and organists for all of the student dialogue Masses. In view of this augmented interest in the Church's liturgical movement, students have willfully accepted the challenge of more Christian responsibilities.

## AMIGOS ANONYMOUS WORKS FOR SOCIAL JUSTICE

Amigos Anonymous is a Christian student movement maintaining summer projects in Mexico. The Santa Clara members work with 150 other students from colleges and universities around the Bay Area, returning year after year to carry on community development programs in 12 towns and villoges in Mexico. The Bay Area group has fostered other Amigos organizations in Los Angeles and Seattle.

The students work year-round. Here in San Jose they are working in tutoring and a community development program. Members train for four months before going to Mexico. The training emphasizes community development method, Spanish, cultural background, and needed skills. Amigos come by invitation into the villoges to live and to learn alongside the Mexican people.

Amigos Anonymous is older than the Peace Corps.

## THE "SAINTS" GO MARCHING IN

The Red Hot Band is life and spirit at all Santa Clara home football and basketball games. No rally is complete without the Dixieland sounds of The Saints Go Marching In. This unique musical organization serves as an inspiration for students and ball players alike. As for the Red Hotter, no other group could be more fun. It's o-gas!

Alpha Sigma Nu is the national Jesuit honor fraternity. The watchwords of Alpha Sigma Nu are scholarship, loyalty, and service. In their junior year, two persons from each of the four campus colleges who have most distinguished themselves in these fields are elected to the fraternity by the dean of their college.

Alpha Sigma Nu represents the entire student body when dealing with academically oriented questions within the university.

**A Σ N: SCHOLARSHIP, LOYALTY AND SERVICE**

## ENGINEERING SOCIETY: MOLDERS OF MODERN TECHNOLOGY

The Engineering Society participates in the majority of school functions during the course of the academic year. It also serves as an integral part of Homecoming, class picnics, and other traditional activities. The engineers hold an informal dinner which is attended by all interested members of the faculty. This gathering affords the students an opportunity to converse freely with the engineering professors and in this way get better insight into the engineering profession. The general purpose of the society is to help the engineer become adjusted to college life and to the pursuit of his desired profession.

# ASCE PAVES THE WAY FOR FUTURE ENGINEERS

The Santa Clara chapter of the American Society of Civil Engineers affords civil engineering students an opportunity to meet members of the engineering profession, develop professional attitudes, and supplement class work with an interesting variety of technical discussions. The chapter sponsors field trips, lectures, and an annual convention for the interest of its members.

## ASME: DESIGNERS OF TOMORROW

The Santa Clara Student Section of the American Society of Mechanical Engineers strives to acquaint its members and other interested students with the role of the mechanical engineer in business and industry. Field trips to local engineering concerns as well as lectures and informal talks by practicing engineers help to accomplish this.

Another annual A.S.M.E. activity is the regional speech contest, at which contestants from the Western U.S. vie for honors and cash awards. This year the Regional Conference was held at the Arizona State University in Tempe and several SCU members attended.

# I. E. E. E. SPARKS INTEREST IN ELECTRICAL ENGINEERING

The gap between theory and practice is especially noticeable to the student embarking on his professional career. The I.E.E.E. tries to soften the environmental shock for the embryonic electrical, by giving him a glimpse of the professional atmosphere. Speakers from industry, films and field trips to plants give an insight into the way pros make  $V = IR$ .

This year Santa Clara placed high in I.E.E.E. technical paper contests in competition with schools across the country.

# TB II HONORS OUTSTANDING ENGINEERING STUDENTS

Tau Beta Pi is a national honor society, founded to honor those who have distinguished themselves through outstanding scholarship and exemplary character in the field of engineering. The California Zeta Chapter was established at Santa Clara in 1956, and presently elects about ten students to its membership each year.

The annual chapter project is a scholarship fund, which provides a partial scholarship to a deserving engineering student every year.

A fine example of this year's membership was Pete Sullivan, who received the Hewlett and Packard Fellowship from Stanford University. He will receive \$2500 for the coming year to earn his MA in engineering.

Left to right: Mitooka, Sullivan, Sauer, Mori, Eisele, Rodgers, Balestrieri, Hendrickson, Lightbody, Morton, Desrosiers, Deis.

# ARTS AND SCIENCES ASSOCIATION

Film Projection Committee:  
Skip Cumming  
Anne Howe  
Bro. Michael Cicinoto, O.S.J.

Michael Zimmermann, Treasurer  
Thomas R. Konrod, President

The Arts and Sciences Association serves to enhance the academic and cultural life of the University. It began the year by sending an introductory reading list to incoming frosh in the Arts and Sciences College. Other projects which Arts and Sciences participated in by sponsoring or coordinating included the three-term Cinema Classics film series; ART 66, a Bay Area exhibit of student art; PHOTOGRAPHY 66, Northern California student photography exhibit and several special guest lecturers.

Left to right: Diebel, Caputo, Tom, Ott, Mateo, Miyoshiro, Leong, Yamaki.

## HAWAIIAN CLUB SPREADS THE CULTURE OF OUR 50TH STATE

The Hawaiian Club attempts to bring the spirit of the Islands to the Santa Clara campus. Membership in the club requires only that one be interested in Hawaiian culture whether his home be in Honolulu or Las Vegas. The high point of the club's activities is an annual luau with authentic Hawaiian entertainment. But there is even talk of sponsoring a surfing contest and exhibition at Santa Cruz next year.

# INTERNATIONAL STUDENTS CLUB STIMULATES INTERRACIAL UNDERSTANDING

The cultures of Europe, the intrigue of Arabia, the mysteries of the Orient, and the familiarity of the Americas are the tantalizing ingredients for the curious at heart. These are the elements of the International Students Club. Our members come from distant lands, from Russia and India to Jamaica and the United States. It has been our purpose this year to incorporate into our club functions the cultural flavor and mutual enthusiasm of an organization with our diversity and uniqueness.

# KSCU: THE VOICE OF THE STUDENTS

Radio Station KSCU was instituted last year by an enterprising group of Santa Clara students. It has grown to the present proportions of a current working staff of over two hundred contributing station members. Its broadcasting hours run from 7 to 9 a.m. and from 3 through 1 a.m. Programming includes its own top thirty and a good amount of listening study music in the evening and early morning.

The most outstanding feature of KSCU in this its first year of operation is its outstanding growth. From little more than the germ of an idea, it has grown into one of the largest organizations on campus both in personnel and the job it is doing.

Front, left to right: Quackenbush, Sexton, Heino, Johnson, Trambetta, Tone, Friedenbach, Caffey, Farnan, Owen, Priar, Weed; (kneeling), left to right: Connie, Gioffi, Dysart, Haworth, Sussanni, Bacon, Mellor, Dickson, Olson, Duggan, Coleman, Wetzler, Kovacovich, Danohue, Reed, Fenton, McNiff,

Moon, Branson (Station Manager); left to right: Schmitz, Wagner, Harrington, Kewon, Dinglesov, Brecker, Moise, Craven, Bric, Sullivan, Martin, Kelly, Poitevin, Atkins; Short, Nettle, Thomas, Zorrg, Roefield, Roybol, Cashin, Coleiro, Klose, Walter, Coppentrath, Thompson, Allan, Debel, Malley.

## FLYING CLUB SOLOS IN '66

For the first time in the University's history, Santa Clara has its own private air force. With bravery and cunning to match the legendary Red Baran and the Luftwaffe, Santa Clara's Flying Club has exhibited extraordinary drive and growth in its solo year. A fine example of its Bronco spirit was daringly displayed in an unprecedented retaliatory air attack on a neighboring college rival, St. Mary's College for Rowdies. However, its main interest does not lie in midnight sardies, but in the development of the flying spirit at SCU.

**THE RODENTS** is an informal campus organization, rising to notariety during the transition of Santa Clara from the old to the "New Role". It is camposed of a broad cross section of the senior class. Its main purpose is maximum exploitotion of its hedanistic potential. Often criticized, often envied, but never unnoticed, the Radents have placed their mark on this university.

Their actions were explosive, and many times condemned, but nevertheless they have created apposition, o vital ingredient to the success of any truly liberal institution. To them, the exercise of dissent was sacred. The record stands, their future remains. detrimental or instrumental, only time will tell.

# BLOCK SC SPORTS SUCCESSFUL ATHLETIC YEAR

The Block SC is composed of those hearty individuals who have distinguished themselves in major sports at Santa Clara. Its members serve the school by ushering at athletic games and other school functions, by providing a variety of social activities, and by spreading Santa Clara's athletic fame. This year's outstanding example is Bob Miranda who was signed by the Minnesota Vikings of the National Football League. But probably the year's most demanding test of the current membership's desire and physical ability was its valiant defense of the renowned Beatles from the onslaught of female fanatics at the portals of the Cabana Hotel.

Left to right: Miranda, Dooling, Stuckey, Dunlap, Lindenthal, Harvey, O'Neill, Rodgers, Ennis, Guheen, Shea, Hayden, Ruggero.

# MINOR SPORTS ASSOCIATION OFFERS VARIED ATHLETIC COMPETITION

The Minor Sports Association exists in order to promote interest among students in the many non-revenue bearing sports programs sponsored by the University. This is done primarily through publicizing the various teams matches. It also conducts the annual election for the Minor Sports Sportsman of the Year. The teams represented are: Bowling, Golf, Rifle team, Rugby, Soccer, Swimming, Tennis, Track, Volleyball, Water polo, and Wrestling.

# CLAY M. GREENE PLAYERS BEHIND THE SCENES

An active concern with theatre, and an attachment to it, is the main purpose of the Clay M. Greene Players. This student organization seeks through its involvement in theatre to realize the art of the theatre. This involvement of the Clay M. Greene Players allows contact with the environment of drama, people, and the Lifeboat Theatre building. Since the theatre is made up of people, the Clay M. Greene Players welcome any personal interest in the dramatic arts. In the Clay M. Greene this interest is directed as artistic and technical experimentation and development. From the interest of our friends and members drama is created at Santa Clara University. Through this drama the Clay M. Greene Players seek to communicate the art and genius of the world's major dramatic artists. In this communication we seek to expand our interest in this art of theatre.

## ALPINE INTEREST STEMS FROM SKI CLUB

Sporting interest in both water and snow skiing, the Ski Club features movies, organizes trips, and provides two ski clinics for the entire student body.

A three-day Thanksgiving trip, five-day post-Christmas trip, Spring break trip, plus weekend water skiing excursions have become traditional. New this year is the Sonto Cloro Ski Weekend to Squaw Valley with skiing, lessons, races, ice skating, and a dance.

## ΣΔΕ NEW WOMEN'S SORORITY

OFFICERS L. to R.: Marsha Andersen, Maggie Weeks, Pat Sutherland, Janice DeLa Briandais, Rose Avila.

Sigma Delta Upsilon is a service sorority established to enable women students to give, as the name states, service and dedication to the University. Sigma Delta members serve as hostesses, ushers, receptionists, public speakers, and workers in the community. All fund raising activities are directed toward the maintenance of a fund to buy books and periodicals for Orradre Library.

## WOMEN'S RECREATION ASSOCIATION

What is the W.R.A. of Santa Clara? Would you believe **Wrestling, Rugby, Acrobatics**? You might offer the female, football tournament at the "Powder puff Bowl".

Actually, the W.R.A. is active in tennis, basketball, volleyball, bowling, and what every university should have—a women's rifle team. This organization also provides ushers for baseball and football games, a high school sportsday, secretarial work for the athletic office, and helps open the Easter Seal Camp in Santa Cruz each spring. Because of excellent sportsmanship in competition, S.C.U. was elected to represent California at the National Recreation Federation in Wisconsin.

## PROSPECTS HIGH FOR ARCHEOLOGICAL SOCIETY

The Archeological Society consists of students interested in working on original historical material. The club carries on work in the field and in the laboratory. Much progress has been made in restoring and cataloguing past finds.

Trips last year included excursions to historical spots in the state and local Indian mounds. The society's finds were displayed in the de Saisset Art Gallery.

# GLEE CLUB HOLDS SUCCESSFUL CONCERTS

The Santa Clara Glee Club, a forty member mixed chorus, under the direction of S. Ross Bergontz, has completed its 1965-66 concert season. With two major concerts, during the winter and spring quarters, the Glee Club has performed to capacity audiences on both occasions. On a volunteer basis, the members have given up their free time for practices and performances, and have become a credit to the Music Department, and the University.

Ross Bergontz (Director), Kevin Henker (Accompanist).

## "ERIN GO BRAU"

The Irish Club consists of a hardy band of Leprechouns who moaintoin the ol' Bronco spirit. Its unwritten low, which limits its membership to the masculine gender, has been maintained under great pressure. Its members ore loyal to their potran, St. Patrick. The clubs major activity is sponsoring the minor sportsmon of the year award. Membership is open to all Irishmen.

## ITALIAN CLUB RALLIES SPIRIT WITH PRE-ELECTION PARTY

The Italian Club, under the dynamic leadership of President Gary Filizetti, V.P. Tony Orlandini, Sec.-Treas. Tim Filice, and Sgt.-at-Arms Poul Giacalone came from the near-defunct organization it was last year to become one of the most active clubs on campus. The new spirit of the club is exemplified in the distinctive t-shirts which were innovated by this year's members. Also, the inspired Italians rallied to present a party during campaign week which was one of the social highlights of the year. Look for bigger and better things next year from the only club on campus which can claim almost as many wineries in its membership as the California Wine Association.

# CHARLIE GRAHAM CLUB CLEANS UP?

Jim Pavisha  
President

The Buck Shaw Clean-Up" or "Cantata for a Keg Party  
Goes to the tune of "Greenback Dollor"

Some people say I'm a no' count, others say I'm a lush,  
But I'm just a member of Charlie Graham,  
Workin' with a con and a brush, O Lord.

Workin' with a can and a brush,

And I'm not that enthused  
About a Buck Shaw Clean-Up  
Finish fast as I can.

For companionship and an open keg's  
The only thing I ever demand, O Lord.  
The only thing I ever demand.

When I was just a freshman, upperclassmen said,  
Hey, grub!

If you don't sober up real soon,  
You'll have to join the Charlie Graham Club, O Lord!  
You'll have to join the Charlie Graham Club."

REFRAIN (from singing)

Now that I'm a Senior, I've worked both hard and long,  
I've found that life is much easier when  
You live it with a beer and a song, O Lord.  
You live it with a beer and a song.

# MATHEMATICS SOCIETY SPONSORS MATH CONTESTS

The Mathematics Society is open to all students at the University and provides its members with a common meeting ground for the discussion of mathematics. The Society's purpose is to keep its members abreast of the latest developments and opportunities in mathematics, and to foster interest in mathematics throughout the campus. It accomplishes this by posing challenging mathematical problems and concepts, by sponsoring visiting lecturers, and by conducting contests.

## PHYSICS SOCIETY STIMULATES INTEREST IN THE PHYSICAL SCIENCES

Arousing interest in the sciences, introducing people of like interests to each other, bringing physics students and faculty together, and, on occasions, just plain having a good time. These are some of the things that the Santa Clara Student Section of the American Institute of Physics—Physics Society for short—strives to do through meetings, movies, lectures—and picnics. A successful year for this group means bringing together on different levels of communication many different people interested in physics and related sciences: students in discussion with each other, students hearing what learned men of science have to offer, and students and faculty meeting on a more personal basis at social events.

# MENDEL SOCIETY

Mendel (to the tune of "Michelle")

Mendel, it's swell  
These are words that go together well.  
Dear old Mendel,  
Mendel, it's swell  
If genetics doesn't end us up in hell  
Dear old Mendel,  
Eugenics, eugenics, eugenics.  
Eugenics is the key  
To a better you and me.  
So let's take a scalpel to  
All your recessive genes.  
Mendel, it's swell,  
It has virtues I can't even tell.  
Dear old Mendel,  
Mendel, it's swell  
For it you needn't even know how to spell  
In old Mendel.  
DNA, DNA, DNA.  
DNA is the way  
To a for better day,  
So let's get some life  
Growing in a tube.

## CHEMISTRY SOCIETY CONJURES UP CHEMICAL CURIOSITY

The Chemistry Society, composed primarily of chemistry majors, is devoted to keeping interested students informed of recent developments in chemistry and related fields. Through lectures, movies, and field trips, the society increases its members' knowledge in areas of chemistry not usually covered in the classroom. Notable activities during the year include the club picnic, and the annual convention of Western student-affiliated chapters of the American Chemical Society, at which Santa Clara's representatives annually present a research project.

# B.A.A.: ACTIVITIES COVER THE SPECTRUM OF THE BUSINESS WORLD

The Business Administration Association is an organization sponsored by the School of Business to cultivate the analysis of business problems and for the encouragement of social activities. In the realm of academics, the B.A.A. fosters guest speakers for the benefit of its members. Among the activities this year were field trips to General Motors and the Federal Reserve Bank, the annual B.A.A. ball, and the banquet in May. Membership is open to all business students.

OFFICERS L. to R.: Patti Allegrini, Dennis Sullivan, Joe Zotter, Paul Jordan.

## S.A.M. MANAGES A SUCCESSFUL YEAR

The Society for the Advancement of Management is the number one national professional organization of managers. The purpose of the organization is to allow individual managers to share their experiences with each other, to promote dissemination of knowledge in the field of management, and to stimulate research into the study of the principles of management. At Santa Clara there is both a graduate and undergraduate chapter open to students of Business Administration, Economics, and Engineering. The undergraduate section is open only to Juniors and Seniors, and membership is kept to a small number of select students.

# FINANCE CLUB: FUTURE FINANCIERS

Sponsored by the Business College, the primary purpose of the Finance Club is to gather money by both legal and devious means for the use of students on both the graduate and undergraduate level. A member must have a GPA of 2.25 for Juniors and Seniors and 2.5 for Sophomores. But the basic criterion for membership is an innate desire to be a "con-artist."

## MARKETING SOCIETY DEVELOPS INTEREST IN BUSINESS

The purpose of the Marketing Society is to develop concepts of marketing for those interested, to arrange for a series of informal discussions led by men of prominence in the marketing field, and to arrange trips to industrial establishments in the metropolitan Bay Area. Membership in the society is mandatory for all marketing majors in their Junior and Senior years, but any S.C.U. student interested in the marketing field may join.

# ΔΣΠ HONORS OUTSTANDING BUSINESS MAJORS

Delta Sigma Pi is a professional business fraternity which seeks to foster the study of business and to promote a closer affiliation between the commercial world and students of commerce. It is also their responsibility to promote a high standard of commercial ethics and culture, together with the civic welfare of the community. Toward accomplishing their goals, guest speakers give valuable insights on what members may expect from the business world upon graduation.

## ROWING ASSOCIATION SPRINTS TO AN OUTSTANDING YEAR

He has sacrificed many of the renowned pleasures of college days. In the spring, at least, his social life is non-existent. No one on campus knows physical toil as he and his teammates do. Often his object is to drive himself beyond the known limits of his endurance. He receives few tangible rewards, but finds others.

He accepts and enjoys the anonymity inherent in his way of life. He claims moments of pleasure beyond those attainable in other sports and he believes what he is doing is essentially better than what others do. He likes belonging to an interdependent group. In fact he is clannish, saying only those of his kind can know the reason why—why row?

He is an oarsman.

# THE OWL: SHOWPLACE FOR CREATIVE TALENT

The Owl is a student literary publication specifically intended to represent the creative activity and process on the Santa Clara campus. One may expect to find in The Owl poetry, short stories, drama, and prose essays which significantly manifest an author's aesthetic competence and understanding of his genre.

# BOOM . . . BOOM . . . BOOM . . .

The Santa Clara is the weekly news publication that reaches the dorms and the hearts of every Bronco each Friday afternoon. It is the only weekly newspaper on the mission campus, and is generally considered the best in the area. The job of editor-in-chief was held firmly this year by the mild-mannered reporter himself, Mike McLoughlin of Liberty 14.

# YOUNG REPUBLICANS GENERATE POLITICAL INTEREST

The Young Republicans gives students the opportunity to express themselves politically through a free dialectic exchange. Anyone seeking experience in practical politics will find that this organization offers one this chance. The Young Republicans is affiliated with both the Young Republicans of America and the California Federation of Young Republicans.

**BRONCOS  
ROLL IN  
'66**

## NORTHERN CALIFORNIA COACH OF THE YEAR

### PAT MALLEY

This season, Bronco head coach Pat Malley was selected Northern California Coach of the Year for the second time in three years. The 1953 University of Santa Clara graduate has coached the Broncos since their return to football in 1959. A former guard on Bronco teams in 1950-52, Malley coached while in the United States Army, compiling a 20-3 record with outstanding service teams.

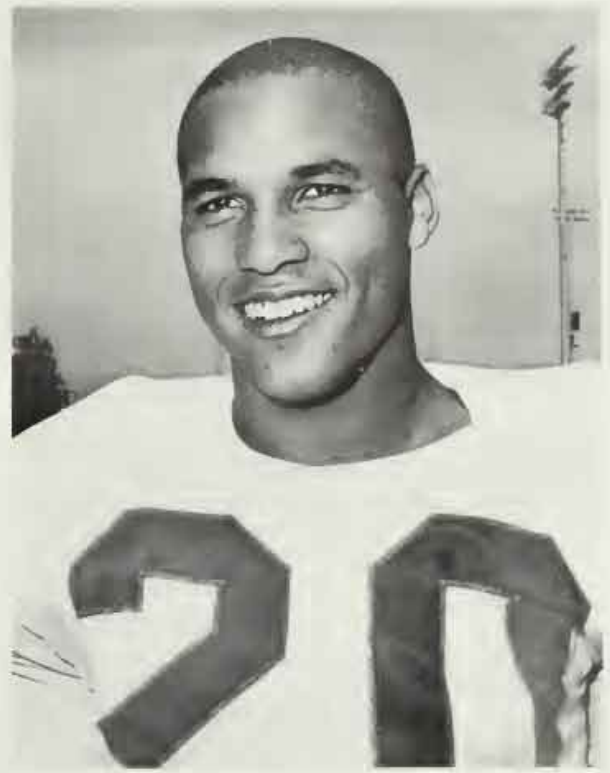

In 1956, he became head varsity football coach at St. Ignatius High School in San Francisco. During his three years at St. Ignatius, his team won the city championship twice. His prep coaching record was 20-7-2.

At Santa Clara, Malley sports a fine 34-19 record. In 1963 when his team had a 6-3 mark he first received Coach of the Year honors. This past season, the Broncos compiled an 8-1 record, the best since returning to football. A heart-breaking one-point loss to Santa Barbara marred the Bronco slate. Malley puts the accent on passing and a strong blocking while balancing the attack with effective running.

## BOB MIRANDA

Bobby Miranda, the most highly acclaimed football player since SCU returned to football six years ago, is perhaps the greatest ball carrier in Branco Gridiron history. Miranda shattered former great Ken Cosenaga's three-year rushing record by grinding out 2,196 yards. He holds several Santa Clara football records including most yards gained rushing in one season (1,005 in 1963); most yards gained rushing in one game (186 yards against San Francisco State, 1963); most touchdowns rushing in one season, (10 in 1964); and most times carried the ball in one season (156 in 1963).

Among his post-season awards are: All-Catholic, All-American, 1964; Little All-Coast, 1964, 1965; Honorable Mention, Little All-American Grid team, 1965. The picture below shows Miranda picking up his two thousandth yard against the University of British Columbia this year.

## BILL MCPHERSON

Bill McPherson, the indispensable assistant coach of the Broncos, graduated from Santa Clara in 1954 having played football and baseball at the University. Shortly thereafter, he became varsity line coach at Bellarmine. The Bells were perennial champions of the Catholic Athletic League and were always high in Northern California rankings. With the stepped-up football program, McPherson came to Santa Clara in 1963 as line coach. In his three years, the Bronco gridiron machine has compiled a 21-6 record. McPherson's importance and proficiency as assistant coach is noted by the fact that during his 3-year tenure, Head Coach Pat Malley has twice been selected as Northern California Coach of the Year. The Broncos' tenacious line play and stingy defense, as illustrated on the opposite page are products of McPherson's coaching.

## CAPTAIN ERIC PAULSON

One of the finest ball-players to ever don a basketball uniform at SCU, Paulson is noted for his magician's hands and speed on the court. He was the 1964-65 captain as a junior and led SCU to an upset championship in the 1964 WCAC Tournament. He was chosen outstanding player in the same tournament and was named to the 1965 all-league team. An outstanding shooter as well as team-leader, he has proved to be the most consistent Bronco the last two years, blazing the nets for a 13.3 average.

## SANTA CLARA FRESHMAN BASKETBALL TEAM HAS SUCCESSFUL 15-6 SEASON

The University of Santa Clara freshman basketball team led by San Lorenzo forward Dave Pouliot, wound up its 1965-66 cage season with a fine 15-6 record. Pouliot, 6-3 former Bishop O'Dowd High School prep All-American, played in all 21 games scoring 356 points for a 16.9 average. Trailing Pouliot was former Bellarmine back court ace, Bob Kelly, 5-10 San Carlos resident who tallied 319 points for a 15.1 average. Kelly scored a single game high of 30 points against Hamilton AFB.

Pouliot climaxed a fine season by being named to the

first-team all-Northern California Freshman team. Kelly made the second squad. Another SCU yearling in double figures was Keith Paulson, 5-11 brother of varsity captain Eric Paulson, who scored 213 points for a 10.1 average.

Coach Carroll Williams Santa Clara frosh quintet scored double victories over USF, SJS, and St. Mary's College. The SCU frosh also tipped California 72-71, but lost twice to a strong UOP frosh 68-69, and 92-104.

## "SCHMITTY"

Henry Schmidt, Santa Clara's famed Helm's Trainers' Hall of Fame trainer, is now in his 40th season as liniment specialist for all Bronco athletic teams.

Schmidt, whose son Bill is a member of the SCU varsity baseball team, is also trainer for the East team of the annual East-West Shrine Football Classic, a position he has held for 23 years. He also is a former Los Angeles Rams and San Francisco 49ers trainer.

For seven innings, the Broncos' sensational southpaw, Jan Dukes held the San Francisco Giants at bay before he tired. Photo at left shows coach Taormina watching his charges jump off to a 4-0 lead. Right; Taormina checks with the tired, but valiant Dukes. Below; Taormina brings in a relief pitcher.

# SCABBARD AND BLADE PREAMBLE

Believing that military service is an obligation of citizenship, and that the greater opportunities afforded college men for the study of military science place upon them certain responsibilities as citizens, we, cadet officers in various colleges and universities conferring baccalaureate degrees, do form this Society and adopt this constitution in order to unite in closer relationship the military departments of American universities and colleges; to preserve and develop the essential qualities of good and efficient officers; to prepare ourselves as educated men to take a more active part and to have a greater influence in the military affairs of the communities in which we may reside; and above all to spread intelligent information concerning the military requirements of our country

Scabbard & Blade: L to R: row 2: Kellogg, D. Amico, Sullivan, Murphy, O. Looney, McCarthy, Buchner, Regan, Yonts, Brutacca, Clark, Kubota

## STILLWELL SABER AWARD

This award is presented to the cadet, a resident of California and representing a California institution, who attains the highest Final Camp Grade. The award was won by Kenneth G. Coveney, Company D, from the University of Santa Clara while at Sixth Army ROTC Summer Camp, Ft. Lewis, Washington, during the summer of 1965. The recipient of the University ROTC Stilwell Sabre is chosen for superior military ability.

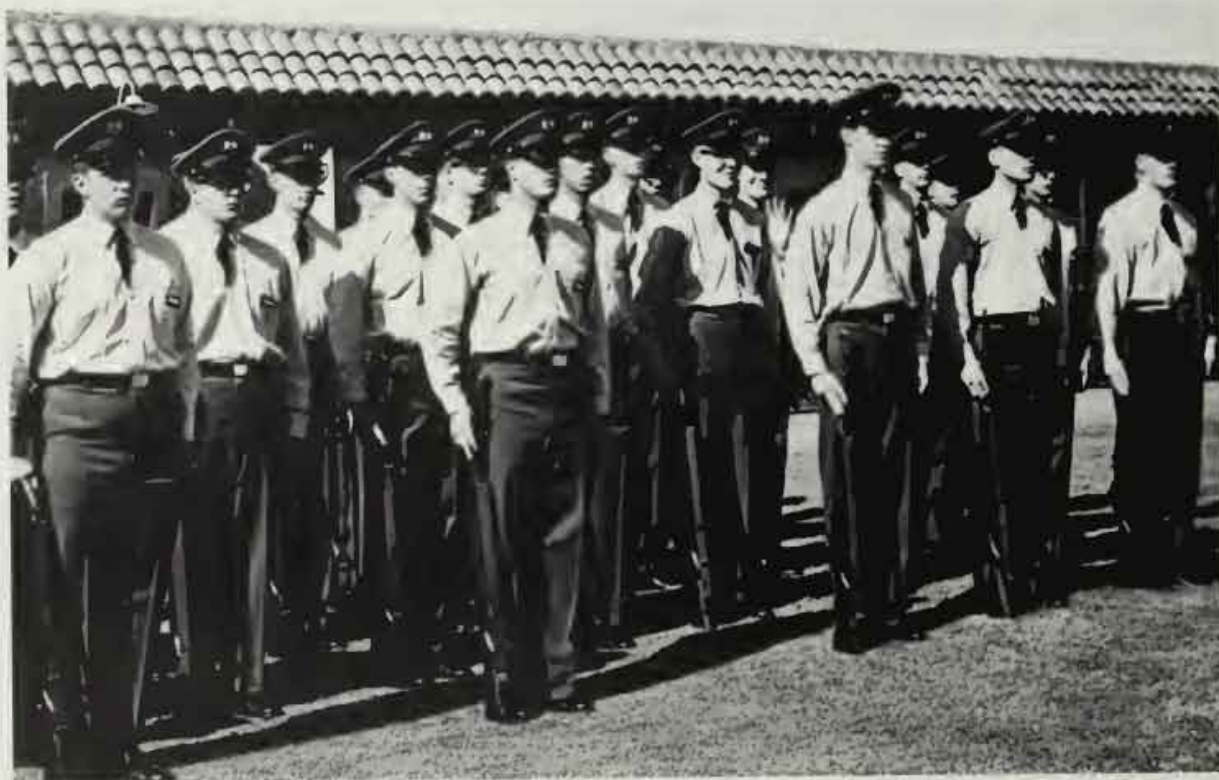

Cadet Colonel Kenneth G. Coveney

## DISTINGUISHED MILITARY STUDENTS

The Distinguished Military Student Award (DMS) is granted to those senior cadets who have achieved a high degree of excellence in their endeavors both military and non-military. This year's recipients are among the University's top leaders in many and diversified areas.

# WHO'S WHO IN AMERICAN COLLEGES AND UNIVERSITIES

The students recognized by this organization each year are nominated from approximately 800 colleges and universities. Campus nominating committees are instructed to consider, in making their selections, the student's scholarship; his participation and leadership in academic and extracurricular activities; his citizenship and service to the school; and his promise of future usefulness.

From L to R: John Burns, Mike Ronahan, Chuck Kryski, Peter Sullivan, Doug Barry, Tom Bender, Mary Lcini, Kevin McCarthy, Joan Lizzo, Dennis Sullivan, Tim Regan, Mike Hoffman, Billie Lambert, Patty Allegrino, Gail
