Summary

Registers of Scotland story and serverless archive architecture

Meeting strong public sector governance requirements

Encouraging adoption and unforeseen benefits

Wrap-up and takeaways

1. Use the best tools – CDK with CDK pipelines is a game changer
2. Adoption – share a service, not a stack
3. Executive sponsorship – drive a serverless first strategy
4. Architect for the unforeseen – enable business process simplification
5. AWS Well-Architected – apply best practices and stay up to date
