BGC PARTNERS, INC.

3,646,055 Shares of Class A Common Stock

This prospectus relates to 3,446,055 shares of Class A common stock, par value \$0.01 per share, which we refer to as our “Class A common stock,” of BGC Partners, Inc., which we refer to as “BGC Partners,” “we,” “us,” or the “Company,” that are subject to distribution rights granted by Cantor Fitzgerald, L.P., which we refer to as “Cantor,” on April 1, 2008 to certain of its current and former partners in connection with the separation of the BGC business from Cantor and the merger of BGC Partners, LLC with eSpeed, Inc. These 3,446,055 distribution rights shares may be offered and sold through this prospectus by Cantor at the direction and for the account of such current and former partners, and/or by such current and former partners as distributees of the shares from Cantor and/or by their respective pledgees, donees, transferees or other successors in interest, which we refer to as the “Individual Selling Stockholders.”

This prospectus also relates to 200,000 shares of Class A common stock donated by Cantor on August 16, 2010 to the Cantor Fitzgerald Relief Fund, a charitable organization, and/or by its pledgees, donees, transferees or other successors in interest, which we refer to as the “Relief Fund,” that may be offered and sold through this prospectus by the Relief Fund. References in this prospectus to the “Selling Stockholders” include Cantor, the Individual Selling Stockholders and the Relief Fund.

The primary purpose of this prospectus is to meet the expectations of the Individual Selling Stockholders that they will receive registered distribution rights shares pursuant to the distribution rights issued to them by Cantor in connection with our merger on April 1, 2008. Although nominally listed as a Selling Stockholder, Cantor will not be selling any shares for its own account through this prospectus. An additional purpose of this prospectus is to enable the Relief Fund to offer and sell through this prospectus the 200,000 shares of Class A common stock donated to it by Cantor on August 16, 2010. Through this prospectus, the Selling Stockholders may offer the shares of our Class A common stock from time to time and sell shares in amounts, at prices and on terms to be determined at the time of the offering. The Selling Stockholders may sell the shares to or through one or more underwriters, dealers or agents or directly to purchasers on a delayed or continuous basis.

We do not expect to receive any of the proceeds from the sale of the shares by the Selling Stockholders. The Individual Selling Stockholders who are current or former partners of Cantor will be expected to use the proceeds from such sales to repay any outstanding loans to, or credit enhanced by, Cantor before receipt of any net proceeds.

We have agreed to pay all expenses in connection with the sale of shares of Class A common stock by the Selling Stockholders through this prospectus. The Selling Stockholders will pay any underwriting discounts, commissions and transfer taxes applicable to the shares of Class A common stock sold by them through this prospectus.

Our Class A common stock is traded on the Nasdaq Global Select Market under the symbol “BGCP.” On September 2, 2010, the last reported sale price of our Class A common stock was \$5.53 per share.

An investment in shares of our Class A common stock involves risks. See the “[Risk Factors](#)” sections beginning on page 5 of our Annual Report on Form 10-K for the year ended December 31, 2009, page 56 of our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010 and page 52 of our Quarterly Report on Form 10-Q for the quarter ended June 30, 2010, each as filed with the Securities and Exchange Commission, which we refer to as the “SEC,” and any updates to those risk factors or new risk factors contained in our subsequent Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC, all of which we incorporate by reference herein.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus or any applicable prospectus supplement is truthful or complete. Any representation to the contrary is a criminal offense.

SUMMARY

This summary highlights selected information from this prospectus, but may not contain all information that may be important to you. The following summary is qualified in its entirety by the more detailed information included in or incorporated by reference into this prospectus. For a more complete understanding of the terms of our Class A common stock, and before making your investment decision, you should carefully read this entire prospectus, any applicable prospectus supplement, and the documents referred to in “Where You Can Find More Information” and “Incorporation of Certain Information by Reference.” See the “Certain Defined Terms” section on page iv of this prospectus for the definition of certain terms used in this prospectus.

When we use the words “BGC Partners,” the “Company,” “we,” “us,” “ours,” and “our,” we are referring to BGC Partners, Inc. and its consolidated subsidiaries.

Our Company

We are a leading global financial intermediary to the financial markets specializing in the brokering of a broad range of financial products globally, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures, structured products and other instruments. We also provide a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back office services, to a broad range of financial and non-financial institutions. Through our eSpeed and BGCantor Market Data brands, we also offer financial technology solutions, market data, and analytics related to select financial instruments and markets. Our customers include many of the world’s largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms. Our integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or, where available, fully electronic brokerage services in connection with transactions executed either OTC or through an exchange.

We have offices in New York and London, as well as in Beijing (representative office), Chicago, Copenhagen, Hong Kong, Istanbul, Johannesburg, Mexico City, Moscow, Nyon, Paris, Rio de Janeiro, Sao Paulo, Sarasota, Seoul, Singapore, Sydney, Tokyo and Toronto.

As of June 30, 2010, we had 1,612 brokers and salespeople across approximately 180 desks and products (approximately triple the number we had in October 2004). In 2009, we processed approximately 15.7 million transactions, totaling almost \$125 trillion notional on our hybrid and fully electronic platforms. During the first six months of 2010, we processed approximately 10.6 million transactions, totaling almost \$90.8 trillion notional on our hybrid and fully electronic platforms.

Our Organizational Structure

On April 1, 2008, BGC Partners OldCo and eSpeed merged to form BGC Partners. Immediately prior to the merger, pursuant to a separation agreement, Cantor transferred certain assets and liabilities to BGC Partners OldCo and/or its subsidiaries.

We are a holding company and our business is operated through two operating partnerships: BGC U.S., which holds our U.S. businesses, and BGC Global, which holds our non-U.S. businesses. In connection with the separation, Maxcor was contributed to BGC Partners OldCo in exchange for BGC Partners OldCo units that became shares of our common stock in the merger, and the remainder of the BGC businesses were contributed to the OpCos in exchange for limited partnership interests in the OpCos. In connection with the merger, eSpeed contributed the eSpeed businesses to the OpCos in exchange for limited partnership interests in the OpCos.

The limited partnership interests of the OpCos are held by us and BGC Holdings, and the limited partnership interests of BGC Holdings are currently held by Cantor, the founding/working partners, and other partners, including the REU, RPU, PSU and PSI partners. We hold the BGC Holdings general partnership interest and the BGC Holdings special voting limited partnership interest, which entitle us to remove and appoint the general partner of BGC Holdings, and serve as the general partner of BGC Holdings, which entitles us to control BGC Holdings. BGC Holdings, in turn, holds the BGC U.S. general partnership interest and the BGC U.S. special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC U.S., and the BGC Global general partnership interest and the BGC Global special voting limited partnership interest,

which entitle the holder thereof to remove and appoint the general partner of BGC Global, and serves as the general partner of BGC U.S. and BGC Global, all of which entitle BGC Holdings (and thereby us) to control each of BGC U.S. and BGC Global. BGC Holdings holds its BGC Global general partnership interest through a company incorporated in the Cayman Islands, BGC Global Holdings GP Limited.

The following diagram illustrates our ownership structure as of August 31, 2010. The following diagram does not reflect the various subsidiaries of ours, BGC U.S., BGC Global, BGC Holdings or Cantor, or, to the extent applicable, outstanding RSUs.

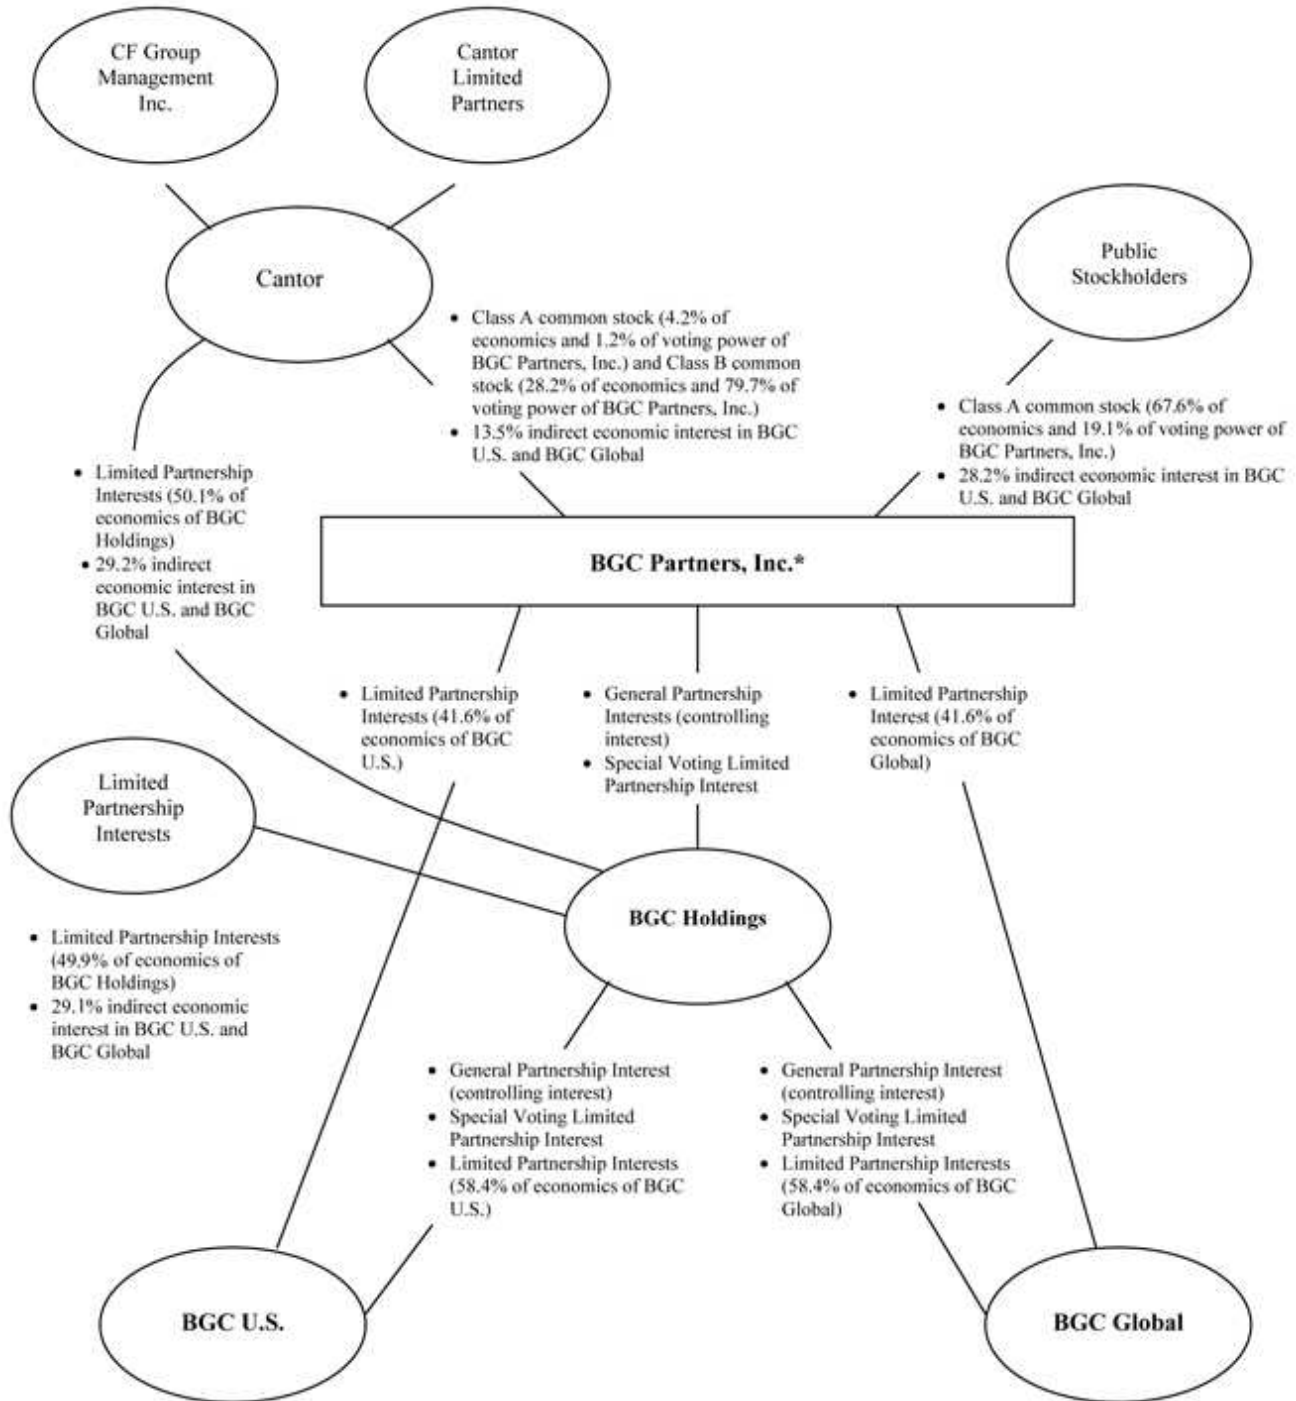

Table of Contents

* Shares of our Class B common stock are convertible into shares of our Class A common stock at any time in the discretion of the holder on a one-for-one basis (subject to adjustment). Accordingly, if Cantor converted all of its Class B common stock into Class A common stock, Cantor would hold 32.3% of the voting power and the public stockholders would hold 67.7% of the voting power (and the indirect economic interests in each of BGC U.S. and BGC Global would remain unchanged). This diagram does not reflect Cantor's economic interest in the convertible notes or the 21,689,924 shares of our Class A common stock acquirable by Cantor upon conversion thereof. If Cantor converted all of the convertible notes into shares of our Class A common stock, Cantor would hold 82.1% of the voting power and the public stockholders would hold 17.9% of the voting power (and its indirect economic interests in each of BGC U.S. and BGC Global would be 47.8%). Further, this diagram does not reflect (i) 294,090 shares of our Class A common stock remaining to be sold pursuant to the June 2010 sales agreement and (ii) 5,500,000 shares of our Class A common stock that may be sold pursuant to the September 2010 sales agreement. In addition, this diagram does not give effect to the request by the holders of approximately 830,000 limited partnership interests to exchange their units for an equal number of shares of our Class A common stock in connection with our partnership redemption and compensation restructuring program.

The Individual Selling Stockholders who are current or former partners of Cantor will be expected to use the proceeds from such sales to repay any outstanding loans to, or credit enhanced by, Cantor before receipt of any net proceeds.

DIVIDEND POLICY

Our board of directors has authorized a dividend policy which provides that we expect to pay not less than 75% of our “post-tax distributable earnings per fully diluted share” (defined below) as cash dividends to all common stockholders, with the balance of such distributable earnings to be available to repurchase shares of our Class A common stock or purchase BGC Holdings units or other equity interests in our subsidiaries, including from Cantor, our executive officers, other employees, partners and others. We calculate our “post-tax distributable earnings” generally as our GAAP income (loss) from continuing operations before minority interest and income taxes and excluding certain non-cash compensation and other non-cash expenses, as well as non-cash undistributed income or non-cash losses from our equity investments, adjusted to assume that such earnings were taxed at the same effective tax rate as BGC Partners, Inc. (please see below for a more detailed definition of “post-tax distributable earnings”).

Our board of directors and our audit committee have authorized repurchases of our Class A common stock and purchases of BGC Holdings units or other equity interests in our subsidiaries as part of this policy, including those held by Cantor, our executive officers, other employees, partners and others, at the volume weighted-average price over various time periods, or at other negotiated prices, of such securities on the date on which such repurchase or purchase is made. As of August 31, 2010, we had approximately \$97.6 million remaining under this authorization and may continue to actively make repurchases or purchases, or cease to make such repurchases or purchases, from time to time. We expect to pay such dividends, if and when declared by our board of directors, on a quarterly basis. The dividend to stockholders is expected to be calculated based on post-tax distributable earnings allocated to BGC Partners, Inc. and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

The declaration, payment, timing and amount of any future dividends payable by us will be at the sole discretion of our board of directors. We are a holding company, with no direct operations, and therefore we are able to pay dividends only from our available cash on hand and funds received from distributions from BGC U.S. and BGC Global. Our ability to pay dividends may also be limited by regulatory considerations as well as by covenants contained in future financing or other agreements. In addition, under Delaware law, dividends may be payable only out of surplus, which is our net assets minus our liabilities and our capital, or, if we have no surplus, out of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. Accordingly, any unanticipated accounting, tax or other charges against net income may adversely affect our ability to pay dividends. While we intend to declare and pay dividends quarterly, there can be no assurance that our board of directors will declare dividends at all or on a regular basis or that the amount of our dividends will not change.

Any distributable earnings and other cash of BGC Partners, Inc. not used for dividends will generally be available for repurchases of Class A common stock, purchases of BGC Holdings units or purchases of other equity interests in our subsidiaries. If such repurchases or purchases are made, they will have the effect of reducing the total number of fully diluted shares outstanding, which results in each share of common stock of BGC Partners, Inc. and each partnership unit of BGC Holdings that remains outstanding being eligible to receive an increased share of the distributable earnings of BGC Partners, Inc. and may cause BGC Partners, Inc. to bear certain interest expenses.

Certain Definitions

“Revenues for distributable earnings,” “pre-tax distributable earnings” and “post-tax distributable earnings” are supplemental measures of operating performance which are used by our management to evaluate the financial performance of us and our subsidiaries. We believe that distributable earnings best reflects the operating earnings generated by the Company on a consolidated basis and are the earnings which management considers available for distribution to BGC Partners, Inc. and its common stockholders as well as to holders of BGC Holdings partnership units during any period. As compared with “income (loss) from continuing operations before income taxes,” “net income (loss) for fully diluted shares,” and “fully diluted earnings (loss) per share,” all prepared in accordance with GAAP, distributable earnings calculations exclude certain non-cash compensation and other expenses which generally do not involve the receipt or outlay of cash by us, which do not dilute existing stockholders, and which do not have economic consequences, as described below.

Revenues for distributable earnings are defined as GAAP revenues excluding the impact of BGC Partners, Inc.’s non-cash earnings or losses related to our equity investments, such as in Aqua Securities, L.P. and ELX Futures, L.P., and its holding company general partner, ELX Futures Holdings LLC.

Table of Contents

Pre-tax distributable earnings are defined as GAAP income (loss) from continuing operations before income taxes excluding non-cash, non-dilutive, and non-economic items, including, for example:

- Non-cash stock-based equity compensation charges for REUs granted or issued prior to the merger of BGC Partners, Inc. with and into eSpeed, as well as post-merger non-cash, non-dilutive equity-based compensation related to partnership unit exchange or conversion;
- Allocations of net income to founding/working partner and other units, including REUs, RPUs, PSUs and PSIs;
- Non-cash asset impairment charges, if any.

Distributable earnings calculations also exclude charges related to purchases, cancellations or redemptions of partnership interests and certain one-time or non-recurring items, if any.

Since distributable earnings are calculated on a pre-tax basis, management intends to also report “post-tax distributable earnings” and “post-tax distributable earnings per fully diluted share”:

- “Post-tax distributable earnings” are defined as pre-tax distributable earnings adjusted to assume that all pre-tax distributable earnings were taxed at the same effective rate.
- “Post-tax distributable earnings per fully diluted share” are defined as post-tax distributable earnings divided by the weighted-average number of fully diluted shares for the period.
- In the event that there is a GAAP loss but positive distributable earnings, the distributable earnings per share calculation will include all fully diluted shares that would be excluded under GAAP to avoid anti-dilution, but will exclude quarterly interest expense, net of tax, associated with the convertible notes.

In addition to the quarterly dividend to our common stockholders, we expect to pay a pro rata distribution of net income to BGC Holdings founding/working partner and other units, including REUs, RPUs, PSUs and PSIs, and to Cantor for its noncontrolling interest. The amount of all of these payments is expected to be determined using the same definition of distributable earnings. The dividend to stockholders is expected to be calculated based on post-tax distributable earnings allocated to us and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

Employees who are holders of unvested restricted stock units, which we refer to as “RSUs,” are granted pro-rata payments equivalent to the amount of dividend paid to common stockholders. Under GAAP, dividend equivalents on unvested RSUs are required to be taken as a compensation charge in the period paid. However, to the extent that they represent cash payments made from the prior period’s distributable earnings, they do not dilute existing stockholders and are therefore excluded from the calculation of distributable earnings.

Distributable earnings is not meant to be an exact measure of cash generated by operations and available for distribution, nor should it be considered in isolation or as an alternative to cash flow from operations or income (loss) for fully diluted shares. We view distributable earnings as a metric that is not necessarily indicative of liquidity or the cash available to fund our operations.

Pre- and post-tax distributable earnings are not intended to replace the presentation of our GAAP financial results. However, management does believe that they will help provide investors with a clearer understanding of our financial performance and offer useful information to both management and investors regarding certain financial and business trends related to our financial condition and results of operations. Management believes that distributable earnings and the GAAP measures of our financial performance should be considered together.

Since the merger, and through August 31, 2010, Cantor has distributed to such partners an aggregate of 11,342,659 distribution rights shares, and is scheduled to distribute the remaining 22,029,081 distribution rights shares by April 1, 2011, or in some cases earlier upon the request of certain partners. - (1) Cantor has pledged to us, pursuant to a Pledge Agreement, dated as of July 26, 2007, such number of shares of our Class A common stock and our Class B common stock as equals 125% of the principal amount of the loan amount outstanding on any given date, as security for loans we agreed to make to Cantor from time to time. In September 2008, we were authorized to increase the amount available under the secured loan and Pledge Agreement with Cantor from up to \$100.0 million to all excess cash other than that amount needed for regulatory purposes, and to also accept, as security, pledges of any securities in addition to pledges of our Class A common stock or Class B common stock provided for under the original secured loan and Pledge Agreement. As of August 31, 2010, there was no loan amount outstanding, and there are no shares of our Class A or Class B common stock pledged under the Pledge Agreement.

Of these 3,446,055 distribution rights shares, an aggregate of 2,175,626 such shares beneficially owned by the Individual Selling Stockholders listed in this table are currently being offered and sold pursuant to this prospectus. Selling Stockholder information for each additional Individual Selling Stockholder who beneficially owns any of the remaining 1,270,429 distribution rights shares included in this prospectus will be set forth by prospectus supplement to the extent required prior to the time of any offer or sale of such persons' shares pursuant to this prospectus.

DESCRIPTION OF CAPITAL STOCK

The following summary is a description of the material terms of our capital stock. Our certificate of incorporation and bylaws are filed as exhibits to the registration statement of which this prospectus is a part.

Our Capital Stock

The following description of our Class A common stock, Class B common stock, preferred stock and the relevant provisions of our certificate of incorporation and bylaws are summaries thereof and are qualified in their entirety by reference to our certificate of incorporation and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part, and applicable law. Our certificate of incorporation and bylaws are each an amendment and restatement of the eSpeed certificate of incorporation and bylaws.

Our authorized capital stock consists of 600 million shares of common stock, consisting of 500 million shares of Class A common stock, par value \$0.01 per share, and 100 million shares of Class B common stock, par value \$0.01 per share, and 50 million shares of preferred stock, par value \$0.01 per share.

Common Stock

As of August 31, 2010, there were 65,940,812 shares of our Class A common stock outstanding and 25,848,107 shares of our Class B common stock outstanding. The holders of our Class A common stock are generally entitled to one vote per share on all matters to be voted upon by the stockholders as a group, entitling holders of our Class A common stock to approximately 20.3% of our voting power, and do not have cumulative voting rights. Our Class B common stock entitles holders to ten votes per share on all matters to be voted upon by the stockholders as a group, to 79.7% of the voting power in our company, and does not have cumulative voting rights. Cantor and CFGM, the managing general partner of Cantor, and an entity controlled by our Chairman and Chief Executive Officer, Howard W. Lutnick, are the only holders of our Class B common stock. Our Class B common stock generally votes together with our Class A common stock on all matters submitted to the vote of our stockholders.

Each share of Class A common stock is equivalent to a share of Class B common stock for purposes of economic rights. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of Class A common stock and Class B common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our board of directors out of funds legally available therefor. See “Price Range of Class A Common Stock” and “Dividend Policy.” In the event of our liquidation, dissolution or winding up, the holders of Class A common stock and holders of Class B common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Our certificate of incorporation provides that each share of the Class B common stock is convertible at any time, at the option of the holder, into one share of the Class A common stock. Each share of the Class B common stock will automatically convert into a share of the Class A common stock upon any sale, pledge or other transfer, which we refer to as a “transfer,” whether or not for value, by the initial registered holder, other than any transfer by the initial holder to (1) Cantor, (2) any entity controlled by Cantor or by Mr. Lutnick and (3) Mr. Lutnick, his spouse, his estate, any of his descendants, any of his relatives or any trust established for his benefit or for the benefit of his spouse, any of his descendants or any of his relatives.

Any holder of shares of our Class B common stock may pledge his, her or its shares of Class B common stock, as the case may be, to a pledgee pursuant to a bona fide pledge of the shares as collateral security for indebtedness due to the pledgee so long as the shares are not transferred to or registered in the name of the pledgee. In the event of any pledge meeting these requirements, the pledged shares will not be converted automatically into shares of the Class A common stock. If the pledged shares of the Class B common stock become subject to any foreclosure, realization or other similar action by the pledgee, they will be converted automatically into shares of Class A common stock upon the occurrence of that action. The automatic conversion provisions in our certificate of incorporation may not be amended, altered, changed or repealed without the approval of the holders of a majority of the voting power of all outstanding shares of the Class A common stock.

Shares of the Class A common stock are not subject to any conversion right. None of the Class A common stock or Class B common stock has any pre-emptive or other subscription rights. There will be no redemption or sinking fund provisions applicable to the Class A common stock or Class B common stock. All outstanding shares of Class A common stock and Class B common stock are fully paid and non-assessable.

Preferred Stock

Our board of directors will have the authority to issue preferred stock in one or more classes or series and to fix the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof, including dividend rights, dividend rates, terms of redemption, redemption prices, conversion rights and liquidation preferences of the shares constituting any class or series, without further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change of control of our company without further action by the stockholders and may adversely affect the voting and other rights of the holders of our common stock. At present, we have no plans to issue any preferred stock.

Anti-Takeover Effects of Delaware Law and our Certificate of Incorporation, Bylaws and Convertible Notes

Some provisions of the Delaware General Corporation Law, which we refer to as the “DGCL,” and our certificate of incorporation, bylaws and convertible notes could make the following more difficult:

- acquisition of us by means of a tender offer;
- acquisition of us by means of a proxy contest or otherwise; or
- removal of our incumbent officers and directors.

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also primarily designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection give us the potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us and outweigh the disadvantages of discouraging those proposals because negotiation of them could result in an improvement of their terms.

Delaware Anti-Takeover Law

We are subject to Section 203 of the DGCL. In general, Section 203 of the DGCL prohibits a publicly held Delaware corporation from engaging in a “business combination” with an “interested stockholder” for a period of three years following the date the person became an interested stockholder, unless the “business combination” or the transaction in which the person became an “interested stockholder” is approved in a prescribed manner. Generally, a “business combination” includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the “interested stockholder.” An “interested stockholder” is a person who, together with affiliates and associates, owns 15% or more of a corporation’s outstanding voting stock, or was the owner of 15% or more of a corporation’s outstanding voting stock at any time within the prior three years, other than “interested stockholders” prior to the time the Class A common stock was traded on the Nasdaq Market. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by our board of directors, including discouraging takeover attempts that might result in a premium over the market price for the shares of Class A common stock held by stockholders.

Certificate of Incorporation and Bylaws

Our bylaws provide that special meetings of stockholders may be called only by the Chairman of our board of directors, or in the event the Chairman of our board of directors is unavailable, by the Chief Executive Officer or by the holders of a majority of the voting power of our Class B common stock, which is held by Cantor and CFGM. In addition, our certificate of incorporation permits us to issue “blank check” preferred stock.

Our bylaws require advance written notice prior to a meeting of stockholders of a proposal or director nomination which a stockholder desires to present at such a meeting, which generally must be received by our Secretary not later than 120 days prior to the first anniversary of the date of our proxy statement for the preceding year’s annual meeting. Our bylaws provide that all amendments to our bylaws must be approved by either the holders of a majority of the voting power of all outstanding capital stock entitled to vote or by a majority of our board of directors.

Table of Contents

Convertible Notes

Pursuant to the terms of our convertible notes, holders of our convertible notes will have the right to require us to repurchase all or a portion such notes upon the occurrence of a “fundamental change” (as defined in the Indenture governing the convertible notes) at 100% of their principal amount, plus accrued and unpaid interest. In addition, if a “make-whole fundamental change occurs” (as defined in the Indenture governing the convertible notes) prior to maturity of the convertible notes, under certain circumstances, we will increase the conversion rate by a number of additional shares of our Class A common stock for convertible notes converted in connection with such “make-whole fundamental change.” The fundamental change purchase rights and the provisions requiring an increase to the conversion rate for conversions in connection with make-whole fundamental changes may in certain circumstances delay or prevent a takeover of us and/or the removal of incumbent management that might otherwise be beneficial to investors. In addition, to the extent that Cantor or its affiliates continue to hold the convertible notes, these provisions may enhance Cantor’s control of us even if Cantor were to reduce its voting power in us by, among other things, converting shares of our Class B common stock held by it into shares of our Class A common stock or selling or distributing shares of our Class A common stock.

Corporate Opportunity

Our certificate of incorporation provides that no Cantor Company (as defined below) or any of the representatives (as defined below) of a Cantor Company will owe any fiduciary duty to, nor will any Cantor Company or any of their respective representatives be liable for breach of fiduciary duty to, us or any of our stockholders. To the extent that any representative of a Cantor Company also serves as our director or officer, such person will owe fiduciary duties to us in his or her capacity as our director or officer. In addition, none of any Cantor Company or any of their representatives will owe any duty to refrain from engaging in the same or similar activities or lines of business as us, or doing business with any of our clients or customers.

If a third party presents a corporate opportunity (as defined below) to a person who is a representative of ours and a representative of a Cantor Company, expressly and solely in such person’s capacity as a representative of us, and such person acts in good faith in a manner consistent with the policy that such corporate opportunity belongs to us, then such person:

- will be deemed to have fully satisfied and fulfilled any fiduciary duty that person has to us;
- will not be liable to us or any of our stockholders for breach of fiduciary duty by reason of such person’s action or inaction with respect to the corporate opportunity;
- will be deemed to have acted in good faith and in a manner that such person reasonably believed to be in, and not opposed to, our best interests; and
- will be deemed not to have breached such person’s duty of loyalty to us and our stockholders, and not to have derived an improper personal benefit therefrom.

A Cantor Company may pursue such a corporate opportunity if we decide not to.

If a corporate opportunity is not presented to a person who is both a representative of ours and a representative of a Cantor Company and, expressly and solely in such person’s capacity as a representative of us, such person will not be obligated to present the corporate opportunity to us or to act as if such corporate opportunity belongs to us, and such person:

- will be deemed to have fully satisfied and fulfilled any fiduciary duty that such person has to us as a representative of us with respect to such corporate opportunity;
- will not be liable to us or any of our stockholders for breach of fiduciary duty by reason of such person’s action or inaction with respect to such corporate opportunity;
- will be deemed to have acted in good faith and in a manner that such person reasonably believed to be in, and not opposed to, our best interests; and
- will be deemed not to have breached a duty of loyalty to us and our stockholders and not to have derived an improper personal benefit therefrom.

Table of Contents

For purposes of the above:

- “Cantor Company” means Cantor and any of its affiliates (other than, if applicable, the Company and its affiliates);
- “representatives” means, with respect to any person, the directors, officers, employees, general partners or managing member of such person; and
- “corporate opportunity” means any business opportunity that we are financially able to undertake that is, from its nature, in our lines of business, is of practical advantage to us and is one in which we have an interest or a reasonable expectancy, and in which, by embracing the opportunity, the self-interest of a Cantor Company or their respective representatives will be brought into conflict with our self-interest.

We also assumed in connection with the merger the obligations of BGC Partners OldCo under its registration rights agreement with Cantor dated March 31, 2008. For a description of such registration rights available to Cantor, see “Certain Relationships and Related Transactions, and Director Independence—Registration Rights Agreements” included in our Annual Report on Form 10-K for the year ended December 31, 2009, which we incorporate herein by reference. The transfer agent and registrar for our Class A common stock is American Stock Transfer & Trust Company.

**CERTAIN U.S. FEDERAL TAX CONSIDERATIONS
FOR NON-U.S. HOLDERS OF CLASS A COMMON STOCK**

The following is a general discussion of certain U.S. federal income tax considerations with respect to the acquisition, ownership and disposition of shares of our Class A common stock applicable to non-U.S. holders who acquire such shares in this offering and hold such shares as a capital asset (generally, property held for investment). For purposes of this discussion, a “non-U.S. holder” means a beneficial owner of our Class A common stock (other than an entity or arrangement that is treated as a partnership for U.S. federal income tax purposes) that is not, for U.S. federal income tax purposes, any of the following:

- a citizen or resident of the United States;
- a corporation created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia;
- an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

This discussion is based on current provisions of the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations promulgated thereunder, judicial opinions, published positions of the Internal Revenue Service, and other applicable authorities, all of which are subject to change (possibly with retroactive effect). This discussion does not address all aspects of U.S. federal income taxation that may be important to a particular non-U.S. holder in light of that non-U.S. holder’s individual circumstances, nor does it address any aspects of U.S. federal estate and gift, state, local, or non-U.S. taxes. This discussion may not apply, in whole or in part, to particular non-U.S. holders in light of their individual circumstances or to holders subject to special treatment under the U.S. federal income tax laws (such as insurance companies, tax-exempt organizations, financial institutions, brokers or dealers in securities, “controlled foreign corporations,” “passive foreign investment companies,” non-U.S. holders that hold our Class A common stock as part of a straddle, hedge, conversion transaction or other integrated investment, and certain U.S. expatriates).

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds our Class A common stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partners of a partnership holding our Class A common stock should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

THIS SUMMARY IS FOR GENERAL INFORMATION ONLY AND IS NOT INTENDED TO CONSTITUTE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES FOR NON-U.S. HOLDERS RELATING TO THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR CLASS A COMMON STOCK. PROSPECTIVE HOLDERS OF OUR CLASS A COMMON STOCK SHOULD CONSULT WITH THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES TO THEM (INCLUDING THE APPLICATION AND EFFECT OF ANY STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS) OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR CLASS A COMMON STOCK.

Dividends

In general, any distribution we make to a non-U.S. holder with respect to its shares of our Class A common stock that constitutes a dividend for U.S. federal income tax purposes will be subject to U.S. withholding tax at a rate of 30% of the gross amount, unless the non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable tax treaty and the non-U.S. holder provides proper certification of its eligibility for such reduced rate. A distribution will constitute a dividend for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits as determined for U.S. federal income tax purposes. Any distribution not constituting a dividend will be treated first as reducing the adjusted basis in the non-U.S. holder’s shares of our Class A common stock and, to the extent it exceeds the adjusted basis in the non-U.S. holder’s shares of our Class A common stock, as gain from the sale or exchange of such stock.

Table of Contents

Dividends we pay to a non-U.S. holder that are effectively connected with its conduct of a trade or business within the United States (and, if a tax treaty applies, are attributable to a U.S. permanent establishment of such non-U.S. holder) will not be subject to U.S. withholding tax, as described above, if the non-U.S. holder complies with applicable certification and disclosure requirements. Instead, such dividends generally will be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a resident of the United States. Dividends received by a foreign corporation that are effectively connected with its conduct of trade or business within the United States may be subject to an additional branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty).

Gain on Sale or Other Disposition of Class A Common Stock

In general, a non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other disposition of the non-U.S. holder's shares of our Class A common stock unless:

- the gain is effectively connected with a trade or business carried on by the non-U.S. holder within the United States (and, if required by an applicable tax treaty, is attributable to a U.S. permanent establishment of such non-U.S. holder);
- the non-U.S. holder is an individual and is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or
- we are or have been a U.S. real property holding corporation, which we refer to as an "USRPHC," for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding such disposition or such non-U.S. holder's holding period of our Class A common stock. We believe we are not, and do not anticipate becoming, a USRPHC for U.S. federal income tax purposes. If we were or were to become a USRPHC at any time during the applicable period, however, any gain recognized on a sale or other disposition of our Class A common stock by a non-U.S. holder that did not own (directly, indirectly or constructively) more than 5% of our Class A common stock during the applicable period would not be subject to U.S. federal income tax, provided that our Class A common stock is "regularly traded on an established securities market" (within the meaning of Section 897(c)(3) of the Code).

Gain that is effectively connected with the conduct of a trade or business in the United States (or so treated) generally will be subject to U.S. federal income tax, net of certain deductions, at regular U.S. federal income tax rates. If the non-U.S. holder is a foreign corporation, the branch profits tax described above also may apply to such effectively connected gain. An individual non-U.S. holder who is subject to U.S. federal income tax because the non-U.S. holder was present in the United States for 183 days or more during the year of sale or other disposition of our Class A common stock will be subject to a flat 30% tax on the gain derived from such sale or other disposition, which may be offset by United States source capital losses.

Backup Withholding, Information Reporting and Other Reporting Requirements

We must report annually to the Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to, and the tax withheld with respect to, each non-U.S. holder. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty. Copies of this information reporting may also be made available under the provisions of a specific tax treaty or agreement with the tax authorities in the country in which the non-U.S. holder resides or is established.

A non-U.S. holder will generally be subject to backup withholding with respect to dividends paid on our Class A common stock to such holder unless such holder certifies under penalties of perjury that, among other things, it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code).

Information reporting and backup withholding generally are not required with respect to the amount of any proceeds from the sale or other disposition of our Class A common stock by a non-U.S. holder outside the United States through a foreign office of a foreign broker that does not have certain specified connections to the United States. However, if a non-U.S. holder sells or otherwise disposes of its shares of our Class A common stock through a U.S. broker or the U.S. offices of a foreign broker, the broker will generally be required to report the amount of proceeds paid to the non-U.S. holder to the Internal Revenue Service and also backup withhold on that amount unless such non-U.S. holder provides appropriate certification to the broker of its status as a non-U.S. person or otherwise establishes an exemption (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code). Information reporting will also apply if a non-U.S. holder sells or

Table of Contents

otherwise dispose of its shares of our Class A common stock through a foreign broker deriving more than a specified percentage of its income from U.S. sources or having certain other connections to the United States, unless such broker has documentary evidence in its records that such non-U.S. holder is a non-U.S. person and certain other conditions are met, or such non-U.S. holder otherwise establishes an exemption (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder can be credited against the non-U.S. holder's U.S. federal income tax liability, if any, or refunded, *provided* that the required information is furnished to the Internal Revenue Service in a timely manner. Non-U.S. holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them.

Recent Legislative Developments Potentially Affecting Taxation of Class A Common Stock Held by or Through Foreign Entities

Legislation recently enacted by the United States Congress will generally impose a withholding tax of 30% on dividends paid on our Class A common stock and the gross proceeds of a sale or other disposition of our Class A common stock paid to a foreign financial institution, unless such institution enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners). The legislation will also generally impose a withholding tax of 30% on dividends paid on our Class A common stock and the gross proceeds of a sale or other disposition of our Class A common stock paid to a non-financial foreign entity unless such entity provides the withholding agent with a certification identifying the direct and indirect U.S. owners of the entity. Under certain circumstances, a non-U.S. holder of our Class A common stock may be eligible for refunds or credits of such taxes. The legislation will be effective for amounts paid after December 31, 2012. Investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in our Class A common stock.

PLAN OF DISTRIBUTION

Of the 3,646,055 shares of our Class A common stock included in this prospectus, 3,446,055 are subject to distribution rights granted by Cantor to certain of its current and former partners in connection with the separation and the merger on April 1, 2008. These 3,446,055 distribution rights shares may be offered and sold through this prospectus by Cantor at the direction and for the account of the Individual Selling Stockholders, and/or by the Individual Selling Stockholders as distributees of the shares from Cantor. Although nominally listed as a Selling Stockholder, Cantor will not be selling any shares for its own account through this prospectus. The remaining 200,000 shares of our Class A common stock included in this prospectus were donated by Cantor on August 16, 2010 to the Relief Fund and may be offered and sold by the Relief Fund through this prospectus.

The primary purpose of this prospectus is to meet the expectations of the Individual Selling Stockholders that they will receive registered distribution rights shares. An additional purpose of this prospectus is to enable the Relief Fund to offer and sell through this prospectus the 200,000 shares of Class A common stock donated to it by Cantor. The Selling Stockholders may sell the shares of Class A common stock included in this prospectus from time to time directly to purchasers, through underwriters, to dealers, or through agents, at fixed prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices, or at privately negotiated prices.

The Selling Stockholders may sell some or all of the shares of Class A common stock included in this prospectus by or through a broker-dealer in one or more, or a combination, of the following methods:

- purchases by the broker-dealer as principal, and resale by the broker-dealer for its account;
- a block trade in which the broker-dealer may attempt to sell the shares as agent, but may resell all or a portion of the block as principal in order to facilitate the transaction; or
- transactions in which the broker-dealer as agent solicits purchasers and ordinary brokerage transactions by the broker-dealer as agent.

The Selling Stockholders may enter into hedging, option, loan, pledge, or other types of derivative or monetization transactions with respect to the shares of Class A common stock included in this prospectus, such as lending or pledging such shares to a broker-dealer, bank, or other third party, which may become a Selling Stockholder and sell such shares through this prospectus.

The Selling Stockholders may directly make offers to sell the shares of Class A common stock to, or solicit offers to purchase the shares of Class A common stock from, purchasers from time to time. If required, the prospectus supplement related to any such offering by the Selling Stockholders will set forth the terms of such offering.

The Selling Stockholders may sell the shares of Class A common stock included in this prospectus from time to time to one or more underwriters, which would purchase the shares as principal for resale to purchasers, on a firm-commitment or other basis. If the Selling Stockholders sell shares of the Class A common stock to underwriters, they may execute an underwriting agreement with them at the time of sale and will name them in the prospectus supplement related to any such offering. In connection with those sales, underwriters may be deemed to have received compensation from the Selling Stockholders in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the shares of Class A common stock for which they may act as agents. Underwriters may resell the shares of Class A common stock to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for which they may act as agents. The prospectus supplement related to any such offering will include any required information about underwriting compensation to be paid to underwriters, and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with such offering.

From time to time, the Selling Stockholders may sell the shares of Class A common stock included in this prospectus to one or more dealers acting as principals. If required, the prospectus supplement related to any such offering will name such dealers, and will include information about any compensation paid to the dealers, in such offering. The dealers, which may be deemed to be “underwriters” as that term is defined in the Securities Act, may then resell the shares to purchasers.

Table of Contents

The Selling Stockholders may also designate broker-dealers as agents from time to time to solicit offers from purchasers to purchase the shares of Class A common stock, or to sell the shares of Class A common stock in ordinary brokerage transactions, on their behalf. If required, the prospectus supplement related to any such offering will name such agents, and will include information about any commissions paid to the agents, in such offering. Agents may be deemed to be “underwriters” as that term is defined in the Securities Act in such offering.

Each of the Selling Stockholders may be deemed to be an “underwriter” as that term is defined in the Securities Act, and any profit on the sale of the shares by such Selling Stockholder may be deemed to be “underwriting discounts or commissions” under the Securities Act. We have informed the Selling Stockholders that the anti-manipulative provisions of Regulation M promulgated under the Exchange Act may apply to their sales in the market or otherwise.

In connection with a firm commitment offering, the underwriters may purchase and sell shares of the Class A common stock included in this prospectus in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares of the Class A common stock than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Class A common stock while an offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased shares of the Class A common stock sold by or for the account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the Class A common stock. As a result, the price of the Class A common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on or through the Nasdaq Global Select Market, the existing trading market for our Class A common stock, or in the over-the-counter market or otherwise.

The Selling Stockholders or their underwriters, broker-dealers, or agents may make sales deemed to be an at-the-market offering as defined in Rule 415 promulgated under the Securities Act, which includes sales made directly on or through the Nasdaq Global Select Market, the existing trading market for our Class A common stock, or in the over-the-counter market or otherwise.

Any underwriters, broker-dealers, or agents offering the shares of Class A common stock included in this prospectus will not confirm sales to any accounts over which they or their affiliates exercise discretionary authority without the prior approval of the customer.

Underwriters, broker-dealers, agents and other persons may be entitled, under agreements that they may enter into with the Selling Stockholders or the Company, to indemnification by them against certain liabilities, including liabilities under the Securities Act, in connection with an offering of the shares of Class A common stock included in this prospectus.

We have agreed to pay the expenses of the registration of the shares of our Class A common stock being registered under the registration statement of which this prospectus forms a part, including, but not limited to, all registration and filing fees, and fees and expenses of our counsel and our accountants. The Selling Stockholders will pay any underwriting discounts, commissions and transfer taxes applicable to the shares of Class A common stock sold by them through this prospectus.

In return for our agreement to include in the registration statement of which this prospectus forms a part the shares of our Class A common stock to be offered for sale by the Individual Selling Stockholders and to pay the expenses of the registration of such shares, we have required that the Individual Selling Stockholders be subject to any restrictions on sale imposed by us from time to time, including, without limitation, with respect to blackout periods for sales, volume limitations, manner of sale restrictions or otherwise.

As a result of the requirements of FINRA, the maximum discount, concession or commission to be received by any FINRA member or independent broker-dealer may not be greater than eight percent (8%) of the gross proceeds received by the Selling Stockholders for the sale of any of the shares of Class A common stock included in this prospectus.

Table of Contents

Any of the shares of Class A common stock included in this prospectus held by the Selling Stockholders that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus. If any Selling Stockholder sells pursuant to Rule 144, such Selling Stockholder will not be deemed to be an “underwriter” as that term is defined in the Securities Act and will not be subject to the prospectus delivery requirements of the Securities Act with respect to such sales.

Item 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent of the Registrant. The Delaware General Corporation Law provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaws, agreement, vote of stockholders or disinterested directors or otherwise. The Registrant’s Amended and Restated Certificate of Incorporation provides for indemnification by the Registrant of its directors, officers and employees to the fullest extent permitted by the Delaware General Corporation Law.

Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director’s duty of loyalty to the corporation or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions or (4) for any transaction from which the director derived an improper personal benefit. The Registrant’s Amended and Restated Certificate of Incorporation and its Amended and Restated Bylaws provide for such limitation of liability to the fullest extent permitted by the Delaware General Corporation Law.

The Registrant maintains standard policies of insurance under which coverage is provided (1) to its directors and officers against loss rising from claims made by reason of breach of duty or other wrongful act, while acting in their capacity as directors and officers of the Registrant, and (2) to the Registrant with respect to payments which may be made by the Registrant to such officers and directors pursuant to any indemnification provision contained in the Registrant’s Amended and Restated Certificate of Incorporation or otherwise as a matter of law.

Any underwriting agreement or agency agreement that may be entered into connection with sales under this Registration Statement will likely provide for indemnification of directors and certain officers of the Registrant by the underwriters or agents against certain liabilities, including liabilities under the Securities Act. Any such underwriting agreement or agency agreement with respect to an offering of shares registered hereunder will provide for indemnification of BGC Partners, Inc. and its officers and directors and the directors who signed this Registration Statement by the underwriters or agents, as the case may be, against certain liabilities, including liabilities under the Securities Act.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;
- (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

That, for the purpose of determining liability under the Securities Act to any purchaser:

(A) Each prospectus filed by a Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

That, for purposes of determining any liability under the Securities Act, each filing of Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Ladies and Gentlemen:

I am the Executive Vice President, General Counsel and Secretary of BGC Partners, Inc. (the "Company"). In connection with the Registration Statement on Form S-3 (Registration No. 333-167953) initially filed by the Company with the U.S. Securities and Exchange Commission (the "SEC") on July 2, 2010, as amended by Amendment No. 1 filed on the date hereof (the "Registration Statement"), relating to the registration under the Securities Act of 1933, as amended (the "Securities Act"), of the offer and sale of up to an aggregate of 3,646,055 shares of Class A common stock, par value \$0.01 per share (the "Class A common stock"), you have requested my opinion with respect to the matters set forth below relating to the 200,000 shares of Class A common stock donated by Cantor Fitzgerald, L.P. to the Cantor Fitzgerald Relief Fund (the "Relief Fund") that are included in the Registration Statement to be offered and sold by the Relief Fund (the "Shares").

For the purposes of this opinion letter, I, or attorneys working under my direction ("we"), have examined the Registration Statement and the originals, or duplicates or certified or conformed copies, of such corporate records, agreements, documents and other instruments, including the Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws of the Company, and have made such other investigations as we have deemed relevant and necessary in connection with the opinions set forth below. As to questions of fact material to this opinion letter, we have relied, with your approval, upon oral and written representations of officers and representatives of the Company and certificates or comparable documents of public officials and of officers and other representatives of the Company.

In making such examination and rendering the opinions set forth below, I have assumed without verification the genuineness of all signatures, the authenticity of all documents submitted to us as originals, that all documents submitted to us as certified copies are true and correct copies of such originals, the authenticity of the originals of such documents submitted to us as certified copies, the conformity to originals of all documents submitted to us as copies, the authenticity of the originals of such documents, and the legal capacity of all individuals executing any of the foregoing documents.

Based upon the foregoing, and subject to the qualifications, assumptions and limitations stated herein, I am of the opinion that when the Registration Statement has been declared effective by order of the SEC and the Shares have been sold, delivered and paid for in the manner contemplated by and upon the terms and conditions set forth in the Registration Statement, the Shares will be validly issued, fully paid and non-assessable.

I am a member of the bar of the State of New York, and I do not express any opinion herein concerning any law other than the laws of the State of New York and the Delaware General Corporation Law (including the statutory provisions, all applicable provisions of the Delaware Constitution and reported judicial decisions interpreting the foregoing).

I hereby consent to the filing of this opinion letter as Exhibit 5.2 to the Registration Statement. In giving such consent, I do not thereby admit that I am in the category of persons whose consent is required under Section 7 of the Securities Act, and the rules and regulations of the SEC promulgated thereunder.

Very truly yours,
