Hall - Olimpica 2

conferenceseries.com 09:30-09:50

Opening Ceremony

	Keynote Forum	
09:50-10:00	Introduction	
	Title: Arsenicin a from the marine sponge Echinochalina Bargibanti as a drug lead:	
10:00-10:30	Synthesis and antitumor evaluation of related arsenicals	
	Ines Mancini, University of Trento, Italy	
10:30-11:00	Title: Anti-diabetic and anti-obesity effects of natural flavonoids	
	Hitoshi Ashida, Stanford University School of Medicine, USA	
	Networking & Refreshment Break: 11:00-11:20	
11:20-11:50	Title: New and bioactive compounds from Hawaiian microorganisms	
	Shugeng Cao, University of Hawaii, USA	
11:50-12:20	Title: Sustainable development and the future of marine natural products in Egypt :	
	SMIAF-Prototype project	
	Mohamed Ashour Fikry Metwally, National Institute of Oceanography and Fisheries, Egypt	
Group Photo 12:20-12:35		
Sessions: Nat	ural Products Marine Biotechnology New Sources and Approaches to Natural Products	
	ent of Marine Drugs and Natural Products Natural Products Chemistry Natural	
	Discovery Phytomedicine and Phytochemistry Medicinal Natural Products Anti-	
COMPACH MAIONIC	in Medicinal Plants Therapeutic Drugs and Personalized Medicines	
Session Chair	: Ines Mancini, University of Trento, Italy	
Session Chair	: Ines Mancini, University of Trento, Italy : Hitoshi Ashida, Stanford University School of Medicine, USA	
Session Chair	: Ines Mancini, University of Trento, Italy : Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction	
Session Chair Session Chair	: Ines Mancini, University of Trento, Italy : Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal	
Session Chair	: Ines Mancini, University of Trento, Italy : Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal	
Session Chair Session Chair	: Ines Mancini, University of Trento, Italy : Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina	
Session Chair Session Chair	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40	
Session Chair Session Chair	: Ines Mancini, University of Trento, Italy : Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina	
Session Chair Session Chair 12:35-13:00	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and	
Session Chair Session Chair 12:35-13:00	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats	
Session Chair Session Chair 12:35-13:00	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast	
Session Chair Session Chair 12:35-13:00	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a	
Session Chair Session Chair 12:35-13:00	Elias Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide	
Session Chair Session Chair 12:35-13:00 13:40-14:05	Elnes Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in	
Session Chair Session Chair 12:35-13:00	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats	
Session Chair Session Chair 12:35-13:00 13:40-14:05	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India	
Session Chair Session Chair 12:35-13:00 13:40-14:05 14:05-14:30	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India Title: Cytotoxic effect of peptides isolated from sea cucumber, Holothuria Parva, muscle	
Session Chair Session Chair 12:35-13:00 13:40-14:05	Elnes Mancini, University of Trento, Italy Elitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India Title: Cytotoxic effect of peptides isolated from sea cucumber, Holothuria Parva, muscle protein hydrolysis on the breast cancer cell line (4T1)	
Session Chair Session Chair 12:35-13:00 13:40-14:05 14:05-14:30	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India Title: Cytotoxic effect of peptides isolated from sea cucumber, Holothuria Parva, muscle protein hydrolysis on the breast cancer cell line (4T1) Samira Besharati, Tarbiat Modares University, Iran	
Session Chair Session Chair 12:35-13:00 13:40-14:05 14:05-14:30	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India Title: Cytotoxic effect of peptides isolated from sea cucumber, Holothuria Parva, muscle protein hydrolysis on the breast cancer cell line (4T1) Samira Besharati, Tarbiat Modares University, Iran Title: Comparison of conventional and microwave assisted acid mediated pectin	
Session Chair Session Chair 12:35-13:00 13:40-14:05 14:05-14:30	Elnes Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India Title: Cytotoxic effect of peptides isolated from sea cucumber, Holothuria Parva, muscle protein hydrolysis on the breast cancer cell line (4T1) Samira Besharati, Tarbiat Modares University, Iran Title: Comparison of conventional and microwave assisted acid mediated pectin extraction from peels of Manilkara Zapota	
Session Chair Session Chair 12:35-13:00 13:40-14:05 14:05-14:30	Ines Mancini, University of Trento, Italy Hitoshi Ashida, Stanford University School of Medicine, USA Session Introduction Title: Natural sesquiterpene lactones as potential Trypanocidal and Leishmanicidal agents Liliana V. Muschietti, University of Buenos Aires, Argentina Lunch Break: 13:00-13:40 Title: Effects of aqueous and ethanolic extracts of Entandrophragma angolense, cola nitida and Gomphrena Celosioides against Doxorubicin induced cardiotoxicity in rats Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast Title: Trichiliasinenoids a-c, three novel 6,7-secomexicanolide limonoids with a 7,29-linkage from Trichilia Sinensis Donghua Cao, Chinese Academy of Sciences, China Title: Herb-drug interaction of Andrographis paniculata (Nees) extract and andrographolide on pharmacokinetic and pharmacodynamic of Etoricoxib, Nabumetone and Naproxen in rats Aishwarya Balap, PES's Modern College of Pharmacy, India Title: Cytotoxic effect of peptides isolated from sea cucumber, Holothuria Parva, muscle protein hydrolysis on the breast cancer cell line (4T1) Samira Besharati, Tarbiat Modares University, Iran Title: Comparison of conventional and microwave assisted acid mediated pectin	

	tun Shan Chung, National Ising Hua University, laiwan
	Title: Some biochemical parameters and their relation with elevation of ovary tumor
16:30-16:55	marker – our experience
	Slobodan Dunjić, Center for Integrative procedures and Supplements, Serbia
	Title: Presence of high blood pressure and level of some biochemical parameters — our
16:55-17:20	experience
	Dušan Vešović, VISAN - Sanitary Medical School of Applied Sciences, Serbia
17.00.17.45	Title: Blood glucose level and lipid profile of alloxan-induced hyperglycemic rats treated
17:20-17:45	with single and combinatorial herbal formulations
_	Paul C. Chikezie, Imo State University, Nigeria Panel Discussion
	Faller Discossion
	Day 2 June 12, 2018
	Hall - Olimpica 2
	•
	Keynote Forum
09:50-10:00	Introduction Control of the Control
10:00-10:30	Title: Bioactive biomasses in food and not food application, the case study of Brassicas
	Luca LAZZERI, Council for Agricultural Research and Economics, Italy
	Title: Stability enhancement of anthocyanins from Hibiscus Sabdarriffa with respect to
10:30-11:00	their application as food colorant
	Santosh Bhujbal, Dr D Y Patil Institute of Pharmaceutical Sciences and Research, India
	Networking & Refreshment Break:@ 11:00-11:20
	Title: A research pipeline for the discovery of bioactive small molecules with anti-aging
11:20-11:50	activity from the marine mesophotic zone
	Ioannis P Trougakos, University of Athens, Greece
11:50-12:20	Title: Aquatic, semi-aquatic medicinal plants used as food and remedies in Iran
11:50-12:20	Mohammadbagher Rezaee, Research Institute of Forest and Rangeland, Iran
Sessions: Natu	ural Products as Anti-Cancer Drugs Marine: The Ultimate Source of Bioactives and Drug
	Marine Natural Products Drug Discovery Bioactive Natural Products Bioactive Natural
	Marine Bacteria Marine Probiotics and Prebiotics A Promising Future for Marine
	tural Products Medicinal Chemistry & Drug Discovery
Session Chair:	: Shugeng Cao , University of Hawaii, USA
	Session Introduction
	Title: Antioxidant and tyrosinase inhibitory activities of γ -keto ester derivatives of carvacrol
12:20-12:45	and thymol
	Geneive E Henry, Susquehanna University, USA
	Lunch Break @ 12:45-13:30
	Title: An investigation of compounds and their bioactivities from Jamaican Gracilaria
13:30-13:55	mammillaris, Clavelina picta and Plexaurella nutans
	Doleasha Davis, University of the West Indies, Jamaica
	Title: Anti-inflammatory activity of Lupalbigenin from Derris scandens in Raw 264. 7 cells
13:55-14:20	Kanlayanee Sriklung, Srinakharinwirot University, Thailand
	Title: Oxodolastanes from the Jamaican Brown Alga, Canistrocarpus cervicornis
14:20-14:45	Sanjay Campbell, University of the West Indies, Jamaica
	Poster Presentations 14:45-15:45
	Title: N-acetyldopamine dimers with anti-platelet aggregation activity from Oxya Chinensis
PC-01	Sinuosa
	InWha Park, Chungnam National University, Republic of Korea

Title: Solid state culture and metabolites analysis of white Antrodia cinnamomea fruiting

16:05-16:30 bodies

	Title: Cucurbitane Triterpenoids derived from Momordica Charantia inhibit proliferation of
PC-02	vascular smooth muscle cells
	DaYoung Kim, Chungnam National University, Republic of Korea
	Title: Discorhabdin alkaloids from <i>Antarctic Latrunculia spp.</i> sponges as a
PC-03	new class of cholinesterase inhibitors
	Ines Mancini, University of Trento, Italy
	Title: Comparative in vivo antidiabetic evaluation of Glimepiride, Fenugreek and their
PC-04	combination in Streptozotocin induced diabetic rats
	Hala H Zaatout, Alexandria University, Egypt
	Title: Total phenolic content, antioxidant activity and cytotoxicity on vibrio fischeri of herbal
PC-05	blends infusions from Greek flora: A synergism evaluation
	Elpida Giorgi, University of Athens, Greece
PC-06	Title: Screening British Columbia (BC) wild mushrooms for anti-cancer properties
	Bryan Chu Chwen LIM, University of Northern British Columbia, Canada
	"Title: Evaluation of the cytotoxic effect of extracts of Cuphea aequipetala Cav. and Verbena
PC-07	carolina L. on cancer cell lines
	Calleros F R, Universidad Autónoma Metropolitana, Mexico
PC-08	Title: Chemical-Pharmacological study of Centaurea Americana
1 C-00	Jimenez P E, Universidad Autónoma Metropolitana, Mexico
	Networking & Refreshment Break: @ 15:45-16:00
	Title: Improvement of secondary metabolites from Phyllanthus Odontadenius against
16:00-16:25	malaria by mutagenesis
	Rufin Kikakedimau Nakweti, CGEA / CREN-K, Republic of the Congo
	Title: Accumulation and quantification of reserpine in cadmium chloride amended
16:25-16:50	cultures of R. serpentina
	Nadia Zafar, Jamia Hamdard, India
	Title: Evaluation of the hepatoprotective activity of the ethanol extract of Gomphrena
16:50-17:15	Celesioides
	Bamba Abou, Félix Houphouët Boigny University of Abidjan, Ivory Coast
17:15-17:40	Speaker Slot Available

Panel Discussion

Note: Tentative Program has been designed with the projected Speakers Names and Titles. Dates and timings in this program are subject to change
