

Sugatami Trail

At 1.7km, most visitors can hike in an hour

Flowers of Aleutian Avens are getting falling in Sugatami Trail. You can see later flowers of Aleutian Avens and Phyllodoce, and *Gentiana nipponica* and *Pennellianthus frutescens* that bloom late in this season, now around the trail. We hope you enjoy your walking surrounded with various colors of beautiful alpine flowers.

Aleutian Avens colony and Mt. Asahidake

Siberian Rubythroat

Iwabukuro
(*Pennellianthus frutescens*)

Alpine plants in Sugatami

Miyamarindou
(*Gentiana nipponica*)

Hakusanchidori
(*Dactylorhiza aristata*)

Hakusanbouhoo
(*Peucedanum multivittatum*)

We recommend you to bring

※Rainwear is recommended, mountain weather changes quickly.

Asahidake Onsen

Trails • Alpine Botanical Garden • Onsen • Campsite

Ezomurasaki
(*Myosotis sylvatica*)

Tent site

Tenninkyō

Hagoromo Waterfall • Columnar joint • Foot bath • Onsen

- We conducted a placing of temporary toilet in the Tenninkyō parking lot for any tourists.
- With 15 minutes-walk, you can find flowers of *Tricyrtis latifolia* var. *makinoana*, a plant unique to Tenninkyō, and watch Hokkaido's highest waterfall, Hagoromo Waterfall.
- After your trail, the footbath and Shikishimasou's Onsen are also recommended.

Asahidake ropeway

Daisetsuzan Nature School

We found a brown bear scat around the campsite on July 15th. Please bring your bear bell and keep beware of them, even when you enjoy watching various species of plants and birds on the Asahidake Onsen nature trails.
