Law Quadrangle Notes (USPS 893-460), issued quarterly by the University of Michigan Law School. Second class postage paid at Ann Arbor, Michigan. Office of publication, 409 E. Jefferson, Ann Arbor, Michigan 48109.

POSTMASTER: Send Form 3579 to: Law Quadrangle Notes, Law School, The University of Michigan, Ann Arbor, MI 48109.

This issue of the *Law Quadrangle Notes* is the nineteenth annual report of the Law School Fund. The Fund is under the direction of Professor Roy F. Proffitt; Mrs. Lois A. Richards is supervisor of the Fund and is responsible for gathering the names and data used in this report. Editorial and design responsibilities were handled by the University of Michigan Publications Office.

About the Cover: The photography of John Elam, Law School student photographer, is of a model of the new construction—at least that part which will be a connecting point between the old and the new. The stairs will lead out of the south wall of the library reading room down to the new three-story underground addition.

A National Law School— An International Law School Fund

In this column we bring to your attention some things about the Fund that might otherwise go unnoticed. This year we want to emphasize that the Michigan Law School Fund is truly a national fund, and in fact more than that—an international fund.

That doesn't impress you? You've known for years that the Law School is an international school, with students each year from virtually every state in the Union and several foreign countries, and from approximately 200 other schools and colleges. And it's common knowledge that Michigan graduates are living and working virtually everywhere in the world. So why shouldn't the Fund be international? Isn't that just what you would expect? Maybe.

Your expectation is justified to some extent, of course, and the Fund, and through it the School, has always received broad-based support for which we are very grateful.

But have you ever stopped to think of all the reasons why this should not be so? (Through our mail and the feedback from our solicitors we have heard a fine assortment of arguments.) For example: "As a non-resident student I have already paid for all that I received from Michigan through higher tuition"; or "I'm a resident of Michigan and a part of my taxes already support the University"; or "I practice in a rural community, and I can't hire a Michigan graduate to work with me"; or "I'm in business, not practicing law, so why should I support the Law School?" And, of course, (if one lives **outside** of Michigan) "You take too many Michigan kids, and even a good student [sometimes my niece, my son, or my partner's child] from [Ohio, Nebraska, Alaska, etc.] wasn't admitted." Or (if one lives **in** Michigan) "You take all those non-resident kids, and even a good student from Michigan . . . etc. . . . doesn't have a chance."

The very fact that each year our students come to us from 200 other schools throughout the world means that most of our alumni will also be asked each year to help those schools. Our alumni who live and work in the less populated states have limited opportunity for either social or professional contact with other Law School alumni. The life styles and incomes of some of our graduates living and working in some of the major cities in the world are dramatically different from those of alumni in smaller cities or engaged in public service work. There is no income tax incentive for any of our foreign graduates or scholars, and in many foreign countries there is no tradition of contributing to educational institutions. There could be more, but . . .

Happily, most of you know (to repeat the title of a speech by one of our alumni a few years ago) "There Ain't No Such Thing As A Free Lunch," and there are more good reasons why you should support the Law School than why you should not. The results of each past campaign has shown this to be true, but 1979 was a very special year. On the next page we have printed some comparative figures that are usually found elsewhere in the report. From these figures you can see that we have just completed the best year yet! This exciting result was not just the consequence of a few very large gifts during the year or a larger than usual cluster of gifts from one or two regions, but is the consequence of a very broad based feeling by a very large number of people that it is important that they help to assure that Michigan continues to be one of the world leaders in legal education.

During 1979 there was an increase in the number of gifts or the dollars contributed—and usually both—in every geographic region but one. This widespread support is all the more impressive when we consider that the "team" responsible for this record result consisted of several hundred solicitors under the direction of seventeen widely separated regional leaders, each doing his or her "thing" in his or her own way, and 55 class agents who operated independently of each other.

WONDERFUL!

How Good Was 1979?

This report is *filled* with details, but a few important figures which underscore the Fund's continued good health:

Total dollars—\$687,473.58 (up 19.8%)
Total gifts—5,887 (up 6.2%)
Total alumni donors—5,227 (up 3.3%)
Per cent of alumni
participation—41.4% (up 0.5%)

We thank each one of you who helped to make 1979 a good year. And our special thanks go to all who helped with the solicitation because it is this help that we receive at the grass roots level that makes the Fund go and grow.

Japan and Europe

Two different but equally important developments took place in Japan and in Europe during the past year. In Japan the 51 graduates of the Law School, and many others who have worked in Ann Arbor as research scholars or have taught at the Law School without becoming candidates for degrees, organized the Japan Michigan Law School Alumni Association. One purpose of the association was to encourage financial support for the Law School. The association was organized in 1978, but the first gifts through it were sent to the Law School in 1979. Because of the success it had in 1978-1979, the association has now undertaken to solicit support in Japan on an annual basis, and Japan has become Region XXV on our organizational chart. Professor Makoto Yazawa, of the University of Tokyo Faculty of Law was the first president of the association. At its last meeting, Professor Ryuichi Hirano, also on the University of Tokyo Faculty of Law, succeeded Professor Yazawa in that position. Yoichiro Yamakawa, MCL 1969, serves as the Secretary and in that capacity has ably supported his fellow officers on behalf of the Law School Fund.

Europe became Region XXX in a quite different way. Walter König, MCL 1969, worked in Chicago for two years after receiving his degree before returning to Zurich, and saw at close range the importance of the local "team" effort to the success of the Fund. He agreed to head a team in Europe and the Mid-East, and Region XXX was born. There are 208 Michigan degree holders in this European Region, but in Europe as in Japan, there is a substantial number of former research scholars and professors who worked or taught in Ann Arbor without being candidates for degrees, but who nevertheless have close ties with the Law School. This latter group, which for convenience we shall call "foreign scholars," as well as degree holders will be invited to participate in the Fund.

The early results from these new regions are encouraging, and we wish them well in the years ahead.

Costs of the Campaign

We are pleased that from time to time some of you ask about the costs of our campaigns, because we try to keep down the cost of each dollar raised. In 1979, in spite of increased costs for our three largest expenses—salaries, printing, and postage—we reduced the total cost of the campaign to 15.5 percent of receipts, far better than most charitable and educational funds. The staff in Ann Arbor deserves some of the credit for achieving this low cost ratio, but it is clear that the time and effort contributed by "team members" such as the class agents who stuff and mail their letter, and the local chairpersons and their solicitors who plan and carry out their local appeals are as important in keeping costs of the campaign down as keeping contributors up. If you haven't been a volunteer we hope you will answer the "call" this year.

Special Donor Groups

Your reaction to our discussion a year ago of special donor groups suggested we should reprint some of the details about these various groups, and we have on the inside back cover.

Later on in this report you will find several lists containing the names of Law School alumni, friends of the Law School, and members of the "Law School Family" (usually spouses of alumni) whose gifts or commitments to the University now qualify them for inclusion within one of these special groups. **A name will normally be found only in the one list with the**

highest requirements for which the person qualifies. For example, even though the person's gift for 1979 was at least \$500, the lower limit for *The University Deans Club*, if that person is already a *Benefactor* or a member of the *Presidents Club* his or her name would not be included in the Deans Club list.

If you wish more information about deferred gifts, trusts, insurance, unitrusts, pooled income funds, bequests, gifts other than cash or negotiable instruments, etc., etc. please feel free to telephone or write the Law School Fund. Or you may wish to write to the Associate Director of Development, University of Michigan, 3540A Student Activities Building, Ann Arbor, Michigan 48109.

Congratulations!

Each year we point out that it is risky business to single out specific areas or classes for comment because of the very wide differences in size, numbers, and previous levels of participation, but each year there are some things that simply must be said. This year they include:

1) The number of **Thousand Dollar Cities** (total gifts over \$1,000) increased from 67 to 91.

2) Two **regions** that had spectacular increases in total dollars were XIV (Southwest U.S., Charles Humphrey) 75.8% and XIII (Hawaii, Mervyn S. Gerson) 40.8%. Region VIII (Northwest U.S., Anthony vanWestrum) increased total gifts 11.6%.

3) In a special category, since previously there had been no organized efforts abroad, the number of gifts from **outside the United States** jumped 137.8% in one year, and the total dollars increased 53.5%.

4) Chairperson Joyce Bihary and her team in the **state of Georgia** obviously "put their act together" and increased gifts by 25.9% and dollars 81%.

5) We **call your attention** to two boxes elsewhere in the report in which we show the various geographic areas (20 or fewer alumni, and more than 20 alumni) that have the greatest percentage of participation. These are outstanding results, and we applaud the alumni and "team leaders" in these several places.

From left, Bill Groening, E. Roger Frisch, Dick Elconin

From left, Jon Lowe, Chris Cohen, Ira Rose

From left, E. Roger Frisch, Judd Johnson, Tom Koykka

6) Among the **classes**, 1968 (Allen D. Field is class agent) kept the pressure on any challengers, and continues to lead in three important areas—most donors, most gifts, and percentage of contributors—and retained its third place position in most dollars contributed. In the process, '68 Law increased its performance in every category.

Other results and leaders in a variety of categories are listed throughout the report. Our congratulations and thanks to everyone.

Commemorative Gifts

Each of us has at one time or another received the sad news of the death of a person who has meant a great deal to us. We must determine the most appropriate way to show our respect. A letter is often difficult to phrase.

You may feel that graduation of a friend or relative, or a birthday, or perhaps retirement of a friend or colleague, etc. should be marked by a commemorative gift, but how, and where?

On these occasions a gift to the University of Michigan Law School will allow the donor to honor the individual in a way that will bring lasting benefits to others. The person honored or the next of kin, as appropriate, will be told of the donor's thoughtfulness by the Law School.

We welcome inquiries.

Bequests and Life Insurance

During 1979 the Law School was the direct recipient of money as beneficiary in the wills of the following deceased alumni or in the wills of their widows or other members of their families:

- May Hall Dickinson, na
- Clifton G. Dyer, '13
- Austin Fleming, '29

- Thomas G. Long, '01
- Jessie M. Montgomery, na
- Marion Lehr Simpson, na
- Odette Whipple, na
- Rosina M. Wolfson, na

In addition the School received the proceeds from life insurance policies on the lives of Calvin N. Souther, JD '29, who died October 23, 1979, and Edward L. Cobb, JD '50, who died April 28, 1979.

Some of these gifts provided new student scholarship or student loan funds, and others permitted the money to be used within the discretion of the dean. These gifts are not reported with any other figures and statistics in the report because they were not necessarily the result of a donative intent in 1979, and because we thought the addition of the amount of the proceeds to the annual giving campaign would distort the direct results of that campaign.

The bequests serve as reminders of the truth and applicability of a statement published by one of our sister law schools to show the relationship of its annual giving program and bequests to the law school: "Annual giving to the Fund has improved steadily—but death terminates annual giving, and annual givers must become testators who remember the law school in their wills." Life insurance policies can serve a similar purpose.

Gifts-In-Kind

We frequently receive gifts of securities in lieu of cash, and they are certainly welcome. These gifts are usually sold promptly and the proceeds are reflected in the cash figures that we report. From time to time we receive gifts of real value, but a little less marketable than typical securities, that are not included elsewhere in the report. These gifts, too, are welcome. They have included

such diverse things as a collection of antique pistols, a city lot in Escanaba, rare books for the Law School library, savings bonds, an automobile, life insurance policies, and an undivided interest in some real property in Barry County, Michigan. We suggest, if the gift-in-kind that you contemplate is an unusual one, and may entail special handling problems for the University, that you contact the Law School Fund office before you attempt to make the transfer.

Matching and Other Non-Alumni Gifts

As an encouragement to charitable giving many companies and some law firms make matching gifts to the Law School Fund (as well as to other donees). If you work for a company or perhaps sit on the board of directors you should check on its policy. In 1979 we received 225 gifts totaling \$39,246 from 144 companies and firms.

Many other gifts from non-alumni are sent as memorial gifts (see more in other parts of this report). A few other very substantial gifts come through charitable foundations and trusts where our alumni have a role in advising the directors or trustees, and from time to time we receive a gift from an alumnus' individual client who wishes to make a charitable contribution, and on the advice of the alumnus, considers the Law School Fund a worthy recipient. Perhaps you, too, represent a foundation, a trust, or other client, that would appreciate knowing more about the Law School Fund.

Michigan Income Tax Credit

We remind those of you whose income is subject to the Michigan Income Tax that your gifts to the **Law School or Law School Fund do qualify for the credit provision in Section 260 of the Michigan income tax statute.**

Thus, without trying to get too technical here (obviously you will want to look at the statute), *within the limitations of the Act* the taxpayer can receive credit equal to 50 percent of his or her charitable contributions to institutions of higher learning located within Michigan. Since these charitable gifts also qualify as deductions on your federal return (in contrast to the Michigan credit) it means that many of you can make a substantial gift to the Fund, up to \$200, or up to \$400 if you file a joint return, without a very large increase in your cash outlay.

Dear Terry:

It is with great pleasure that I report to you the results of the 1979 campaign of the Law School Fund. They are set forth, together with last year's results as follows

	1978	1979
Total Amount Contributed	\$573,910.61	\$687,473.58
Total Number of Gifts	5,541	5,887
Total Number of		
Alumni Participating	5,060	5,227
Average Size of Gift	\$103.57	\$116.78

This represents an increase of 6.24% in the number of gifts, and 12.75% in the average size of the gifts, with an incredible increase of 19.79% in the dollar amount. There was also a significant increase in the percentage of alumni participating in the Fund. In 1978 we had gifts from 40.9% of our alumni. We set a goal of 45% participation in 1979, and, although we fell a bit short, we moved in the right direction and achieved 41.4%.

The 1979 campaign was also marked by the establishment of two new regions for the Fund, one for Japan and one for Europe. In both regions we have been fortunate to have as chairmen enthusiastic alumni who treasure their years as foreign graduate students at Michigan and who have shown a lot of initiative in conducting the first official campaign for the Fund among our alumni abroad. They have made a good beginning and we are confident of great things from them in future years.

The success of the 1979 campaign is a tribute to the immense loyalty that the Michigan Law School graduates have for the school. In my contacts with the regional chairmen I have never encountered a more loyal, enthusiastic and dedicated group of workers. Their expressions of love for the Law School were inspirational. In addition Professor Roy Proffitt, Lois Richards and Wenda Richmon all did an extraordinary job in running the campaign, with their numerous daily contacts with the members of the organization—regional chairmen, state and local chairmen and class agents. Everyone worked together and achieved fine results. I extend my sincere thanks to all who worked on the campaign and to all who gave.

This year of 1980, we will conduct the twentieth annual campaign of the Fund, and we want to commemorate this landmark year with the largest alumni participation in our history. Our goal, therefore, is to have 50% of our graduates contribute to the Fund.

Most sincerely,

William A. Groening, Jr.

Dear Bill:

The record of the Law School Fund during the first year of your term as chairman is a splendid achievement. The faculty and students join with me in congratulating you and all the members of your team—the regional chairmen, state and local chairmen, and class agents—upon your success. We are grateful to each of you and to each of the nearly 6,000 alumni and friends of the School who contributed to the Fund during the past year.

As every alumnus is by now aware, institutions of higher education face a period of budgetary stringency. The University of Michigan is no exception. The straitened circumstances of universities pose especially severe problems for legal education. At the very time that the funds available for higher education are diminishing, law schools are called upon to expand their programs of instruction. The curriculum must not only keep pace with the growth of the law, it must offer students an opportunity to develop skills whose development traditionally was left to the early years of practice. Curricular expansion is, moreover, only one of the sources of pressure on the law school budget. Rising tuition levels and the effort to open the profession to all segments of our society have increased the need for financial assistance to needy students. In addition, faculty salaries have fallen well below their historic relationship to the incomes of practicing lawyers. An improvement in faculty salaries is essential if law schools are to continue to attract and retain men and women from the ranks of the ablest members of the profession.

As the University of Michigan Law School moves to meet the challenge of these difficult times, it is reassuring—and gratifying—to know that it has the support of so many devoted alumni and friends. Michigan's unique tradition of public and private support has for many years been an important source of the School's strength. The maintenance of that tradition is now more vital than ever. The continued support of the Law School by its alumni and friends is a heartening expression of their willingness to join with the faculty in maintaining Michigan at the forefront of legal education.

Once again, warm thanks to you and to the many others who contributed to the success of the Law School Fund during the past year.

Cordially,

Terrance Sandalow
Dean

Special Donor Groups

We invite your attention to our discussion of these several groups in "READING . . . BETWEEN THE SHEETS" on page one and the additional descriptions of each group on the inside of the back cover.

The James B. Angell Society

A very special group indeed! It honors those who have given the University \$1 million, or have made a commitment of \$1.5 million as a deferred gift. Among those so honored are four Law School alumni and the sister of one of them who have made such gifts to the University. In each case all or a major portion of the gift was for the benefit of the Law School. All are now deceased.

William W. Cook
Clyde A. DeWitt
Frederick L. Leckie
Julian A. and Rosina
Marguerite Wolfson

Michigan Benefactors

This is a personal recognition awarded those individuals, corporations, or foundations who by their major gifts to The University of Michigan permit the institution to implement facilities, programs, and services that enable it to maintain leadership among the universities of the world. Basic qualifications for such recognition is a gift of \$100,000 in cash, or \$150,000 in the form of a deferred gift.

Michigan Benefactors were first designated as such in 1974. Among those who have been so honored are the following members of the "Law School Family," who either attended the Law School or who are spouses of alumni:

The Presidents Club

The University of Michigan Presidents Club is one of the most respected organizations of its type in the country. No other public university, and few, if any, private universities or colleges have the allegiance and backing of such a large number of people who support their institution in one of the most effective ways—with dollars.

The Presidents Club has been enthusiastically supported by many Law School alumni and a list of the Law members follows. Law membership increased in 1979 from 385 to 435.

The University Deans Club

This is a relatively new and quite different designation to recognize individuals who make an annual gift of \$500 to the University.

In our list below, we have included Law School alumni and friends of the School who have made such gifts to the Law School (including gifts for the Capital Campaign as well as for the Law School Fund). In order to make this list correspond to our fiscal year for the Law School Fund and this report (February 1 to January 31), we include here only those who qualified between February 1, 1979 and January 31, 1980. Later qualifiers will be listed next year. One other limitation—if donors are listed in one of the preceding Special Donor Groups, they will not also be listed here, unless they have joined the above groups since making their qualifying gift.

Membership is open to individuals, corporations, foundations, associations and other groups. A combination of cash gifts and a deferred gift may be used to qualify; the deferred portion must be at least 150% of the difference between the total cash gifts and \$1,000,000. *For Angell Society only*, all gifts over a person's lifetime are considered for qualifying, and all who in the past have made gifts of at least \$1,000,000 have been recognized. Each *individual* member is eligible for membership in the Presidents Club.

MICHIGAN BENEFACTORS

Membership is open to individuals, corporations, foundations, associations and other groups. For individuals, a cash gift combined with a matching gift of not more than \$50,000 totaling \$100,000, each payable over 10 years may be used to qualify. *And* all gifts received by the University from the individual since January 1, 1961 may be credited in qualifying. A combination of cash gifts and a deferred gift may be used; the deferred portion must be at least 150% of the difference between the total cash gifts and \$100,000. Each *individual* Benefactor is eligible for membership in the Presidents Club.

Individuals only. In lieu of the basic cash gift of \$50,000 the donor may make a cash gift of \$37,500 plus a matching gift of \$37,500, each payable over a period of 10 years to qualify. All Presidents Club qualifying gifts may also be credited in qualifying for Tappan.
