Reading . . . Between the Sheets

Fan Mail

I would be less than honest if I suggested that the written response to these columns was overwhelming, but your occasional notes and letters are welcome and helpful.

Several wrote in response to my comments a year ago about L. Hart Wright, frequently detailing the writer's favorite anecdote about his or her experiences with Professor Wright. Many of these were passed on to Mrs. Wright, and she, in turn, shared them with her daughters in Beirut, Lebanon, and Chicago. Your thoughtfulness was sincerely appreciated by his family.

On a completely different subject, one alumnus wrote that he was pleased to see the Fund's progress over the years, excited as were we, about reaching the million dollar level in 1982, but he reminded us of the inroads of inflation. Why didn't we, he asked, report the success of the Fund in "real dollars?" A good question, we thought, so read on.

Real Dollars

We doubt that anyone reading our reports was unaware that inflation reduced the purchasing power of contributions to the Fund. But the actual impact, as shown by the line drawn on the bar graph near the center of this report, will probably surprise many of you.

To determine this "real dollar" display we have used the consumer price index of consumer goods and services compiled by the Bureau of Labor Statistics, U.S. Department of Labor. The price index used each year was given in relation to a period with 1967=100. Our information was taken from the *Handbook of Basic Economic Statistics*.

It is apparent that even in "real dollars" the Fund has enjoyed a substantial growth since its beginning in 1961, and its importance to the school is significant, but a closer look shows some sobering facts:

(1) In only *one* year were total contributions in "actual dollars" less than in the preceding year. But in "real dollars" contributions fell short of the previous year's total in *seven* campaigns—nearly one-third of the time.

(2) Because of inflation averaging 8.23% a year, even though total "actual dollars" contributed to the Fund increased regularly (more than 65% in 1979 compared to 1972), the purchasing power of the "real dollars" contributed in 1973 through 1979 was less than it had been in 1972. It was only in 1980, after a record-breaking year in which actual dollars received were 21.5% greater than in 1979 (even though the CPI jumped a whopping 13.5% the same year) that the "real dollars" total exceeded the similar figure for 1972.

(3) Put another way—to know how many "real dollars" were contributed in 1983 compared to the base year (1967) you divide every actual dollar received in 1983 by three.

(4) Although many of you have increased the size of your gifts over the years (and we are grateful), the average annual gift (total dollars divided by total gifts) has *increased* at only a little more than one-half the *rate of increase* of the total contributions. New contributors have also been essential to the substantial growth of the Fund.

It is tempting to do more, but surely it is clear that with never-ending inflation the Fund will continue to grow in "real dollars" only if donors increase their gifts at a comparable rate and/or we continue to increase our base of

support. To meaningfully increase the "extras of excellence," and to assure that Michigan retains its place as one of the world's truly outstanding centers of legal education, both will be necessary.

New Numbers

Each year we report to you the successes (and occasionally the shortcomings) of the just-ended campaign. By every measure 1983 was a banner year:

Total dollars received	\$1,400,278
	(up 24.2%)
Total gifts	7,318
	(up 8.7%)
Total alumni donors	6,123
	(up 4.7%)
Per cent of alumni	
participation	44.0%
	(up 1.6%)

It will be hard to top these impressive figures in 1984, but we look forward to the challenge. With your help we shall do it.

What Dollars and Where Do They Go?

The figure for total dollars received faithfully follows the pattern and content of our reports for previous years. But for a number of reasons we think it useful to tell you a few more details.

In reporting the results of any fund-raising activity serious questions arise. How and when to report gifts received through a decedent's estate, or from a trust fund or life insurance policy, is troublesome. What should one do about the value of a gift-in-kind that has not been liquidated? Is there a best time and way to report pledges? In reporting about an "annual fund," such as the Law School Fund, should a "large gift" (whatever that means) be included although it is not likely it will be repeated in another year? What of even cash gifts for the support of some specific purpose?

We have resolved all of those problems and more. In a very real sense the "Law School Fund" is a large umbrella, and covers a wide variety of current cash gifts for both designated and undesignated purposes. Most of our non-cash gifts are readily negotiable securities which are quickly sold and the value reported as cash. Other less negotiable gifts, e.g., real estate, books, antique pistols (yes, really), automobiles, etc., are reported in an annual report only if liquidated during

Don Black and John Lynch

the same reporting period in which they are received. Proceeds received from estates, trusts, and life insurance policies are never reported as a part of the Law School Fund. Only cash actually received as a part of a larger pledge is reported. Large gifts as well as small, if otherwise reportable, are included. We know that in a given year this might skew the figures, but there is no readily available alternative.

During the six years of the Law School's Capital Campaign, we were careful to distinguish gifts for the two campaigns, and to report as gifts to the Law School Fund only those so intended. We shall be alert for the same distinction in connection with gifts in response to the University's

new "Campaign for Michigan."

Even of the gifts that we do include in the reports there are a good many designated by the donor for a specific purpose. Some of these designated gifts will still go immediately into some expendable account, but others are intended to be invested in an endowed account with essentially only the future earnings to be expendable. (The annual earnings from these invested accounts are never included in the annual report of the Law School Fund.) Of course, any designation restricts the Dean's discretion as to the use of the gift. In recognition of these distinctions we shall for the first time separate the gifts into these major headings:

A New Name

If you have not already seen or heard the news, you should know that Jonathan D. Lowe, J.D. '76, has joined the Law School staff as Director of Law School Relations. He will work with me in all aspects of Law School development and alumni affairs. Barring the unforeseen, I shall continue doing most of the things I have been doing until August, 1986.

Accolades

Both the donors and the members of the "team" responsible for the annual solicitation are indispensable to the success of the Fund, and we thank each and every one. But each year the results achieved by a few of the team members deserve special recognition. The wide differences in size, numbers, and previous levels of participation make comparison difficult, but some things simply must be noted. This year they include:

(1) Five **Regions** increased total contributions more than 20%. They and the region chairpersons were: **Region II**, Jerome B. Libin; **Region IV**, John B. Pinney; **Region VIII**, Thomas R. Beierle; **Region IX**, Frederick W. Lambert, and **Region X**, Jonathan D. Lowe.

(2) **Region VI**, under Gene H. Hansen, and **Region VII**, under Duane Ilvedson increased the number of gifts from their regions more than 10%.

(3) Several states within larger regions showed remarkable increases. **Virginia** (outside of the D.C. Metropolitan area) under Garth E. Griffith increased gifts 21% and more than doubled the dollars; Edward D. Buckley helped to show a 76% increase in dollars in **South Carolina**; **Kansas**, Terry Paup, chairman, increased the number of gifts 36%; and **Texas** under Michael Knuths and Sarah A. Margulies showed gains of 42.9% in dollars and 11.4% in the number of gifts.

(4) Among the **Class Agents** it is hard to say who had the *best* performance but it is clear we had an outstanding group of leaders. There were no less than 24 classes that showed a gain in *every important category* by which we compare them—total number of donors, average gift, per cent of the class participating, and total dollars raised. Agents for the following classes take a bow: 1934, 1939, 1945, 1946, 1947, 1948, 1951, 1954, 1959, 1961, 1964, 1965, 1967, 1968, 1971, 1973, 1974, 1975, 1976, 1977, 1978, 1980, 1981, and 1982. In addition, 20 of the 64 classes

Matching Gift Programs for Law Firms

Last year we reported that for several years a large and growing number of commercial companies had recognized the importance of charitable giving as one way to support a wide variety of worthy causes and, at the same time, encourage their employees and officers to contribute on their own to their favorite charities and had instituted programs through which the company matched the individual's charitable gifts.

We also reported that matching gift programs in law firms was a growing practice, and we urged each and every one of you to give serious consideration to starting such a plan. During 1983 Ms. Kay Felt, National Vice Chairperson for the Law School Fund, and a partner in Dykema, Gossett, Spencer, Goodnow & Trigg in Detroit, with the help of several volunteers, continued her efforts to persuade more firms to adopt a matching gift program. Although the growth in numbers is slower than we would like, our efforts continue to show some positive results. During 1983 we received matching gifts from 35 law firms. This compares to 19 firms in 1981 and 26 in 1982.

An added inducement which might persuade you to institute a matching gift program in your firm, or corporation, if it does not already have one, is related to our Placement program. The Law School, for the first time in 1984, has instituted a \$200 fee for potential employers who wish to interview at the School. This interviewing fee will *not* be charged to those corporations and firms whose contributions to the School during the preceding year are at least equal to the fee. Gifts through a matching gift program would be one way that a firm could meet this requirement.

The variety of the programs that we know about is interesting—some match only associates, some only partners, others both; some have top dollar limits on their matching gifts; others will double the gifts of associates, and match partners equally—or the other way around. Either Kay Felt or the Ann Arbor Law School Fund Office will be glad to share whatever we know with you, so that you can develop the program that fits the needs of your firms.

The Russell Lee Rua Scholarship Fund

On April 16, 1983 Russell L. Rua, JD 1982, while vacationing with a classmate in Mexico, died in a scuba diving accident. At the time of his death, Russell was an associate with the Houston, Texas firm of Baker and Botts. As a memorial to their son, and in recognition of the needs of future Law School students, Mr. & Mrs. Ernest J. Rua of Washington, D.C., established the Russell Lee Rua Scholarship Fund. This new permanent scholarship was funded with a generous gift of \$125,000, the largest single gift yet received through the Law School Fund.

Special Donor Groups

Your reaction to our previous discussion of special donor groups suggested we should reprint some of the details about these various groups, and we have on page fifty-one.

Later in this report you will find several lists containing the names of Law School alumni, friends of the Law School, and members of the "Law School Family" (usually spouses of alumni) whose gifts or commitments to the University now qualify them for inclusion within one of these special groups. A name will normally be found only in the one list with the highest requirements for which the person qualifies. For example, even though the person's gift for 1983 was at least \$500, the lower limit for the University Deans Club, if that person is already a Benefactor or a member of the Presidents Club, his or her name would not be included in the Deans Club list.

If you wish more information about deferred gifts, trusts, insurance, unitrusts, pooled income funds, bequests, gifts other than cash or negotiable instruments, etc., please feel free to telephone or write the Law School Fund. Or you may wish to write to the Associate Director of Development, The University of Michigan, 3540A Student Activities Building, Ann Arbor, Michigan 48109.

Bequests and Life Insurance

During 1983 the Law School was the direct recipient of money as beneficiary under the wills and insurance policies on the lives of the following:

DeRoy Testamentary Foundation
Arthur J. Hass
Leger J. Metzger
Henry King Ransom

Gerald Stotzer, Robert and Pamela Guenzel

Byron Walter and Charles Killin

Marion Lehr Simpson
Robert A. Sullivan
Helen Bates Van Tyne
Louis Zano

Some of these gifts provided new student scholarship or student loan funds, and others permitted the money to be used with the discretion of the dean. These gifts are not reported with any other figures and statistics in the report because they were not necessarily the result of a donative intent in 1983 and because we thought the addition of the amount of the proceeds to the annual giving campaign would distort the direct results of that campaign.

The bequests serve as reminders of the truth and applicability of a statement published by one of our sister law schools to show the relationship of its annual giving program and bequests to the law school: "Annual giving to the Fund has improved steadily—but death terminates annual giving, and annual givers must become testators who remember the law school in their wills." Life insurance policies can serve a similar purpose.

Commemorative Gifts

Each of us has at one time or another received the sad news of the death of a person who has meant a great deal to us. We must determine the most appropriate way to show our respect. A letter is often difficult to phrase.

You may feel that the graduation of a friend or relative, or a birthday, or perhaps retirement of a friend or colleague, etc., should be marked by a commemorative gift, but how, and where?

On these occasions a gift to the University of Michigan Law School will allow the donor to honor the individual in a way that will bring lasting benefits to others. The person honored or the next of kin, as appropriate, will be told of the donor's thoughtfulness by the Law School.

We welcome inquiries.

Gifts-in-Kind

We frequently receive gifts of securities in lieu of cash, and they are certainly welcome. These gifts are usually sold promptly and the proceeds are reflected in the cash figures that we report. From time to time we receive gifts of real value, but a little less marketable than typical securities, that are not included elsewhere in the report. These gifts, too, are welcome. They have included such diverse things

as a collection of antique pistols, a city lot in Escanaba, rare books for the Law School library, savings bonds, an automobile, life insurance policies, 100 ceramic coffee mugs, an undivided interest in some real property in Barry County, Michigan, a working interest in some oil and gas leases, and a framed portrait of the late Professor L. Hart Wright. We suggest, if the gift-in-kind that you contemplate is an unusual one, and may entail special handling problems from the University, that you contact the Law School Fund office before you attempt to make the transfer.

Non-Alumni Gifts

Many gifts from non-alumni are sent as memorial gifts (see more in other parts of this report). A few other very substantial gifts come through charitable foundations and trusts where our alumni have a role in advising the directors or trustees, and from time to time we receive a gift from an alumnus' individual client who wishes to make a charitable contribution, and on the advice of the alumnus, consid-

ers the Law School Fund a worthy recipient. Perhaps you, too, represent a foundation, a trust, or other client that would appreciate knowing more about the Law School Fund.

Michigan Income Tax Credit

We remind those of you whose income is subject to the Michigan Income Tax that your gifts to the **Law School or Law School Fund do qualify for the credit provision in Section 260 of the Michigan income tax statute.**

Thus, without trying to get too technical here (obviously you will want to look at the statute), **within the limitations of the Act** the taxpayer can receive credit equal to 50% of his or her charitable contributions to institutions of higher learning located within Michigan. Since these charitable gifts also qualify as deductions on your Federal return (in contrast to the Michigan **credit**) it means that many of you can make a substantial gift to the Fund, up to \$200, or up to \$400 if you file a joint return, without a very large increase in your cash outlay.

TO ALL WHOSE WORK AND CONTRIBUTIONS
MADE THE 1983 CAMPAIGN A SUCCESS
—AND TO THOSE WHO OVERLOOKED 1983
BUT RECOGNIZE THE LAW SCHOOL'S NEED
FOR FINANCIAL SUPPORT:

With pride and appreciation I can report that support for the 1983 Law School Fund has broken all records. Contributions from 6,123 alumni, 188 students and 487 friends of the Law School totaled \$1,400,278.44. Everyone who contributed money, effort, or both has our deepest thanks.

But before we relax, and assume that all is well and that the Law School has the support it needs, it is important that we look beneath the surface. When we penetrate the raw numbers the picture becomes a bit less cheerful. Two facts are enough to make my point:

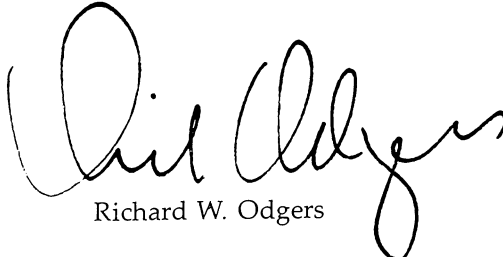

First, in 1983 the Fund was the beneficiary of a \$125,000 individual gift that will not necessarily have a counterpart in 1984 and in the years ahead. If that gift is deducted, the increase in 1983 over 1982 would be reduced by 46% even if the effects of inflation are ignored.

Second, the effects of inflation can't be ignored. As Roy Proffitt has pointed out in this year's "Between the Sheets," when contributions are adjusted to reflect the impact of inflation the apparent growth of the Law School Fund in some years evaporates and in others is substantially reduced. A large portion of our "progress" over the years has been artificial—the product of erosion of the dollar.

None of this is intended to take away the credit that is rightly due to contributors and to those who have volunteered their time to get the Law School Fund message to their fellow alumni/ae. But it *is* intended to underscore the point that none of us can afford to become complacent. The Law School Fund must run hard just to stay in place.

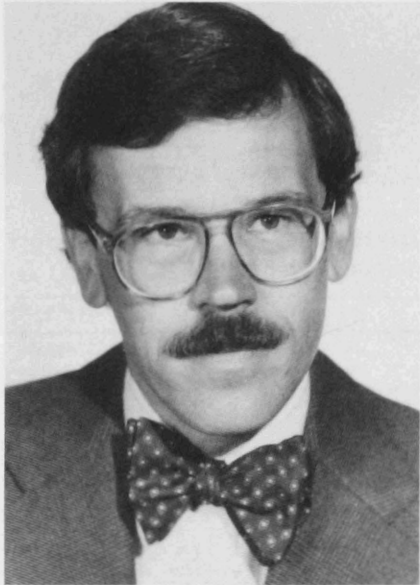

Michigan's margin of excellence is due in large measure to the Fund. Our efforts will have to be increased in 1984 if the students and faculty are to continue to enjoy the support they need and deserve.

Sincerely,

Richard W. Odgers

The Presidents Club

The University of Michigan Presidents Club is one of the most respected organizations of its type in the country. No other public university, and few, if any, private universities or colleges have the allegiance and backing of such a large number of people who support their institution in one of the most effective ways—with dollars.

The Presidents Club has been enthusiastically supported by many Law School alumni and a list of the Law members through January 31, 1984 follows. Law membership increased in 1983 from 549 to 584.

The University Deans Club

This is a relatively new and quite different designation to recognize individuals who make an **annual** gift of \$500 to the University.

In our list below, we have included Law School alumni and friends of the School who have made such gifts to the Law School (including gifts for the Capital Campaign as well as for the Law School Fund). In order to make this list correspond to our fiscal year for the Law School Fund and this report (February 1 to January 31), we include here only those who qualified between February 1, 1983 and January 31, 1984. Later qualifiers will be listed next year. One other limitation—if donors are listed in one of the preceding Special Donor Groups, they will not also be listed here, unless they have joined the above groups since making their qualifying gift.

MATCHING GIFT PROGRAM

Do you work for a company or a law firm that has a matching gift program? If you do, your gift to the Law School Fund can usually be matched dollar-for-dollar. All you need to do is obtain a matching gift form from your employer, fill it out, and send it to us with your donation to the Law School Fund. It will be processed here, returned to your employer, and your gift will become doubly valuable.

During the 1983 Law School Fund campaign matching gifts were received from the following:

Law Firms

Adams Fox Marcus Adelstein & Rosen
Andrews & Kurth
Belin Harris Helmick Heartney &
Tsedell
Bell Boyd & Lloyd
Cahill Gordon & Reindel
Campbell Byrd & Black

MICHIGAN SPECIAL DONOR GROUPS*

THE JAMES B. ANGELL SOCIETY

Membership is open to individuals, corporations, foundations, associations and other groups. A combination of cash gifts and a deferred gift may be used to qualify; the deferred portion must be at least 150% of the difference between the total cash gifts and \$1,000,000. *For Angell Society only*, all gifts over a person's lifetime are considered for qualifying, and all who in the past have made gifts of at least \$1,000,000 have been recognized. Each *individual* member is eligible for membership in the Presidents Club.

MICHIGAN BENEFACTORS

Membership is open to individuals, corporations, foundations, associations and other groups. For individuals, a cash gift combined with a matching gift of not more than \$50,000 totaling \$100,000, each payable over 10 years may be used to qualify. *And* all gifts received by the University from the individual since January 1, 1961 may be credited in qualifying. A combination of cash gifts and a deferred gift may be used; the deferred portion must be at least 150% of the difference between the total cash gifts and \$100,000. Each *individual* Benefactor is eligible for membership in the Presidents Club.

THE HENRY P. TAPPAN SOCIETY

Individuals only. In lieu of the basic cash gift of \$50,000 the donor may make a cash gift of \$37,500 plus a matching gift of \$37,500, each payable over a period of 10 years to qualify. All Presidents Club qualifying gifts may also be credited in qualifying for Tappan. A combination of cash gifts and deferred gift may be used; the deferred portion must be at least 150% of the difference between the total cash gifts and \$50,000. Each member is eligible for membership in the Presidents Club.

THE PRESIDENTS CLUB

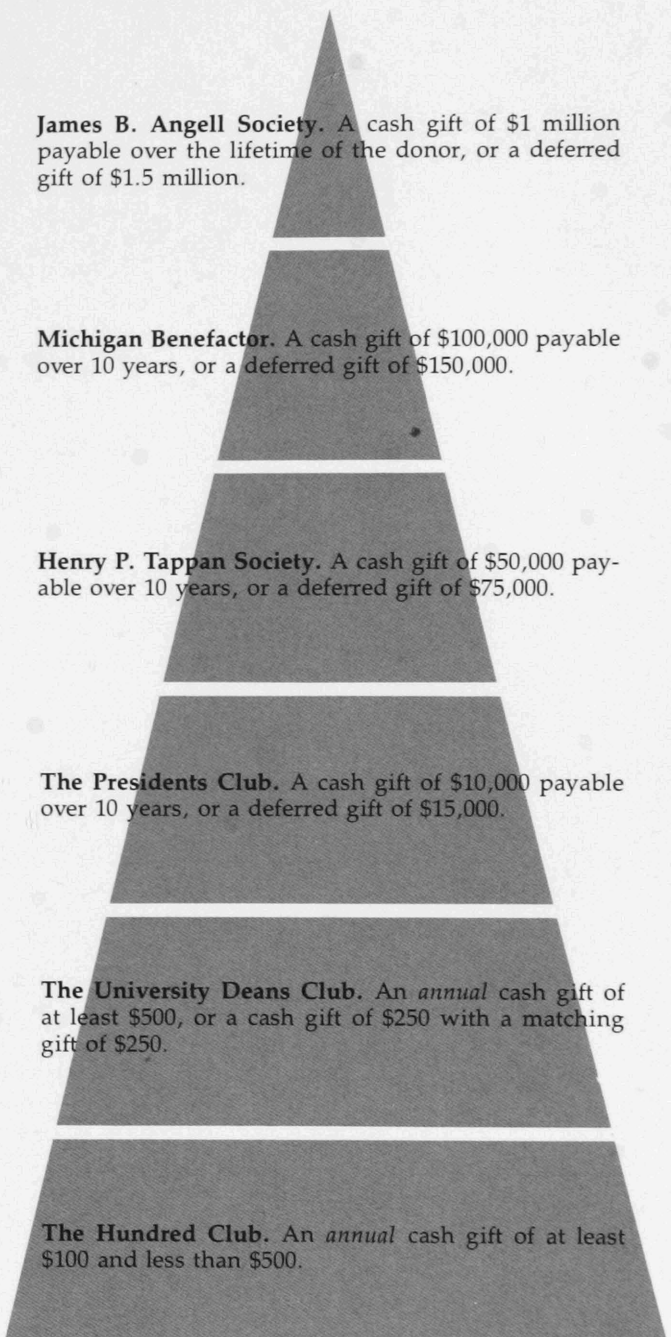

Individuals only. In lieu of the basic cash gift of \$10,000 the donor may make a cash gift of \$7,500 plus a matching gift of \$7,500, each payable over a period of 10 years. Gifts received by the University in the *10 years prior to the commitment to qualify* may be credited in qualifying. A combination of cash gifts and a deferred gift may be used; the deferred portion must be at least 150% of the difference between the total qualifying cash gifts and \$10,000. If the donor's deferred gift is a *life insurance policy* the face value must be \$25,000.

THE UNIVERSITY DEANS CLUB

Individuals only. Recognition is for an *annual* gift or gifts. The donor may use a cash gift of at least \$250 and a matching gift sufficient to total \$500. The *University's* year to measure the "annual" gift is July 1 to June 30. The *Law School Fund's* year for making the list of names in this report is February 1 through January 31 each year (our fiscal year for all purposes). Thus if you made a \$500 gift to the Law School in March, 1984, your name will not be in *this* report, but will be listed next year when we report for 1984.

THE HUNDRED CLUB

Individuals only. For an *annual* gift or gifts. Matching gifts *may not be used* for this designation. Membership is acknowledged by both the University and the Law School, but we do not carry a separate list of names in this report. More than 2,000 alumni and friends qualified for membership in this group with gifts for the Law School (both *Law School Fund* and the *Capital Campaign*) in 1983.

James B. Angell Society. A cash gift of \$1 million payable over the lifetime of the donor, or a deferred gift of \$1.5 million.

Michigan Benefactor. A cash gift of \$100,000 payable over 10 years, or a deferred gift of \$150,000.

Henry P. Tappan Society. A cash gift of \$50,000 payable over 10 years, or a deferred gift of \$75,000.

The Presidents Club. A cash gift of \$10,000 payable over 10 years, or a deferred gift of \$15,000.

The University Deans Club. An *annual* cash gift of at least \$500, or a cash gift of \$250 with a matching gift of \$250.

The Hundred Club. An *annual* cash gift of at least \$100 and less than \$500.

*Please see our comments about these groups in "Reading... Between the Sheets" on p. 1 and the list of Law members starting on p. 37.
