

DEVIL MOUNTAIN WHOLESALE NURSERY

is committed to stocking, growing, and sourcing more native plant species than any other nursery in California. Landscaping with natives is a responsible approach to traditionally water-thirsty designs, and offers many more benefits than just saving water.

■ LOWER MAINTENANCE

Native plants prefer native soils and do not require soil amendments or fertilizers.

■ REDUCES USE OF PESTICIDES

Native plants have fewer pest problems and have developed their own defenses against diseases.

■ INVITES POLLINATORS

Native plants create a mini-refuge for butterflies, hummingbirds, bees, and other beneficial insects, adding to your community's biodiversity.

 Proper mulching is key! Either add mulch or leave natural leaf litter and duff in place to improve water retention in the soil.

Most California native species are drought-tolerant and can thrive on low amounts of supplemental water once established. All drought-tolerant plants require regular water for at least two dry seasons in order to develop strong stems and root systems. By the third dry season these plants should be able to thrive on low amounts of supplemental water, except for times of extreme hot weather or prolonged drought.

 Certain California native species are not drought-tolerant and require regular water throughout the year. These are marked with a water drop symbol.

CALIFORNIA NATIVE PLANTS

GROUNDCOVERS

Includes shrubs and perennials that stay below 12 inches tall and have a spreading habit that covers a wide area.

<i>Arcostaphylos edmundii</i> 'Carmel Sur, A. 'Emerald Carpet', <i>A. uva-ursi</i> 'Pt. Reyes'	Manzanita
<i>Artemisia pycnocephala</i> 'David's Choice'	Beach Sagewort
<i>Epilobium septentrionale</i> 'Select Mattole'	California Fuchsia
<i>Erigeron glaucus</i> & cvs.	Seaside Daisy
<i>Fragaria chiloensis</i> , <i>F. vesca</i>	Beach Strawberry
<i>Heterotheca villosa</i> 'San Bruno Mountain'	Hairy False Goldenaster
<i>Lessingia filaginifolia</i> 'Silver Carpet'	Silver Carpet
<i>Oxalis oregana</i>	Redwood Sorrel 
<i>Satureja douglasii</i>	Yerba Buena

GRASSES

Grasses are typified by narrow leaf blades and wind-pollinated flower heads. Includes sedges and rushes.

<i>Aristida purpurea</i>	Purple Three-Awn
<i>Bouteloua gracilis</i> & cvs.	Blue Grama Grass
<i>Calamagrostis foliosa</i> , <i>C. nutkaensis</i>	Mendocino Reed Grass
<i>Carex pansa</i> , <i>C. praegracilis</i> , <i>C. tumulicola</i>	Sedge
<i>Deschampsia cespitosa</i>	Tufted Hair Grass
<i>Festuca californica</i> , <i>F. idahoensis</i> & cvs., <i>F. rubra</i> & cvs., or <i>F. x 'Siskiyou Blue'</i>	Fescue
<i>Juncus patens</i> & cvs.	California Gray Rush 
<i>Leymus condensatus</i> & cvs., <i>L. mollis</i> , <i>L. triticoides</i> & cvs.	Wild Rye 
<i>Muhlenbergia rigens</i>	Deer Grass
<i>Nassella pulchra</i>	Purple Needlegrass

FERNS

Ferns are non-flowering plants with fronds. Prefer shady and wet areas, although some listed can do well with less water.

<i>Adiantum capillus-veneris</i>	Maidenhair Fern 
<i>Athyrium filix-femina</i>	Common Lady Fern 
<i>Blechnum spicant</i>	Deer Fern 
<i>Dryopteris filix-mas</i>	Male Fern 
<i>Polypodium californicum</i> & cvs., <i>P. scolieri</i>	California Polypody
<i>Polystichum munitum</i>	Western Sword Fern
<i>Woodwardia fimbriata</i>	Giant Chain Fern

PERENNIALS

Perennials are soft-stemmed plants that do not form woody branches. This category includes many flowering plants and succulents.

<i>Achillea millefolium</i> & select cvs.	Yarrow
<i>Aquilegia formosa</i>	Western Columbine 
<i>Artemisia californica</i> , <i>A. tridentata</i>	California Sagebrush
<i>Asclepias fascicularis</i> , <i>A. speciosa</i> , <i>A. subulata</i>	Milkweed, Butterflyweed
<i>Aster chilensis</i> , <i>A. alpinus</i>	California Aster
<i>Dicentra formosa</i>	Pacific Bleeding Heart
<i>Dudleya pulverulenta</i>	Chalk Liveforever
<i>Epilobium canum</i> & cvs.	California Fuchsia
<i>Eriogonum fasciculatum</i> & cvs., <i>E. grande rubescens</i> , <i>E. giganteum</i> , <i>E. latifolium</i> , <i>E. umbellatum</i> & cvs.	Buckwheat
<i>Eschscholzia californica</i>	California Poppy
<i>Hesperoyucca whipplei</i>	Chapparal Yucca
<i>Heuchera maxima</i> & select hybrids	Island Alum Root
<i>Iris douglasiana</i> , <i>I. Pacific Coast Hybrids</i>	Douglas Iris
<i>Mimulus</i> spp. (except for <i>M. cardinalis</i> & <i>M. guttatus</i>)	Monkeyflower
<i>Monardella villosa</i> & cvs., <i>M. macrantha</i>	Coyote Mint
<i>Penstemon heterophyllus</i> cvs., <i>P. paryii</i>	Penstemon
<i>Romneya coulteri</i>	Matilija Poppy
<i>Sedum spathifolium</i> cvs.	Stonecrop
<i>Sidalcea malvaeflora</i> 'Purpetta'	Checkerbloom
<i>Sisyrinchium bellum</i> , <i>S. californicum</i> & cvs.	Blue Eyed Grass
<i>Solidago velutina</i> ssp. <i>californica</i>	California Goldenrod
<i>Verbena lilacina</i> 'De La Mina'	Cedros Island Verbena

SHRUBS

Shrubs are woody plants that stay below 15-20 feet high.

<i>Arcostaphylos</i> spp.	Manzanita
<i>Baccharis</i> spp.	Coyote Brush
<i>Calycanthus occidentalis</i>	Western Spice Bush 
<i>Carpenteria californica</i> & cvs.	California Anemone
<i>Ceanothus</i> spp.	California Lilac
<i>Encelia californica</i>	Coast Sunflower
<i>Fremontodendron californicum</i> & cvs.	Flannel Bush
<i>Galvezia speciosa</i> & cvs.	Island Bush Snapdragon
<i>Garrya elliptica</i> cvs.	Silk Tassel Bush
<i>Gaultheria shallon</i> (coastal only)	Salal 
<i>Heteromeles arbutifolia</i> & cvs.	Toyon
<i>Holodiscus discolor</i>	Cream Bush

<i>Lupinus albifrons</i> , <i>L. arboreus</i>	Lupine
<i>Mahonia aquifolium</i> , <i>M. pinnata</i> 'Ken Hartman', <i>M. repens</i>	Oregon Grape
<i>Myrica californica</i>	Pacific Wax Myrtle
<i>Philadelphus lewisii</i> & cvs.	Wild Mock Orange
<i>Physocarpus capitatus</i>	Pacific Ninebark 
<i>Prunus ilicifolia</i> ssp. <i>lyonii</i>	Catalina Cherry
<i>Rhamnus californica</i> & cvs.	Coffeeberry
<i>Rhus integrifolia</i> , <i>R. ovata</i> , <i>R. trilobata</i>	Sumac
<i>Ribes aureum</i> var. <i>gracillimum</i> , <i>R. malvaceum</i> , <i>R. sanguineum</i> , <i>R. speciosum</i> , <i>R. viburnifolium</i>	Currant, Gooseberry
<i>Rosa californica</i> & cvs.	Rose
<i>Salvia</i> - select species & hybrids: <i>S. apiana</i> , <i>S. 'Bee's Bliss'</i> , <i>S. clevelandii</i> & cvs., <i>S. leucophylla</i> & cvs., <i>S. mellifera</i> & cvs., <i>S. 'Poza Blue'</i>	Sage
<i>Sambucus mexicana</i>	Elderberry
<i>Solanum umbelliferum</i> var. <i>incanum</i> , <i>S. xanti</i> 'Mountain Pride'	Bluewitch, Nightshade
<i>Symphoricarpos albus</i> , <i>S. mollis</i>	Snowberry
<i>Trichostema</i> spp.	Woolly Blue Curls
<i>Vaccinium ovatum</i> & cvs.	California Huckleberry 

TREES

Trees are single or multi-stemmed woody plants that grow to 15 feet and taller.

<i>Aesculus californica</i>	California Buckeye
<i>Alnus rhombifolia</i>	White Alder 
<i>Calocedrus decurrens</i>	Incense Cedar
<i>Cercis occidentalis</i>	Western Redbud
<i>Cupressus macrocarpa</i> , <i>C. sargentii</i>	Cypress
<i>Lyonothamnus floribundus</i> ssp. <i>asplenifolius</i>	Catalina Ironwood
<i>Platanus racemosa</i>	Western Sycamore
<i>Quercus agrifolia</i> , <i>Q. douglasii</i> , <i>Q. kelloggii</i> , <i>Q. lobata</i> , <i>Q. tomentella</i> , <i>Q. wislizenii</i>	Oak
<i>Salix lasiolepis</i>	Arroyo Willow 
<i>Sequoia sempervirens</i> cvs.	Coast Redwood 

VINES

Vines have long and flexible stems that climb to cover fences or walls, forming a living screen.

<i>Lonicera hispidula</i> var. <i>vacillans</i>	California Honeysuckle
<i>Vitis californica</i> 'Roger's Red'	California Wild Grape
