The cover of this year's report features Prince Jonah Kūhiō Kalaniana'ole over a field containing the text of the first page of the Hawaiian Homes Commission Act of 1920. The Act also provides the background for each section divider, providing a constant reminder of the vision of our founder, and our mission as the Department of Hawaiian Home Lands.

The design theme of this year's report is Wao Akua. Atop the highest peaks of all the islands is the realm of the gods. A large piece of the Hawaiian Home Lands inventory sits high atop Mauna Kea on Hawai'i Island. There dwell the gods of koa, māmane, nēnē, 'io, and ua. Throughout the pages of this annual report, we invite the reader on a huaka'i to the uplands of Mauna Kea to a place which, some day, our native Hawaiian beneficiaries might again refer to as "home."

The Honorable Neil Abercrombie
Governor, State of Hawaii
State Capitol
415 South Beretania Street
Honolulu, Hawai'i 96813

Aloha Governor Abercrombie:

I am pleased to submit the Department of Hawaiian Home Lands 2012 Annual Report covering the period from July 1, 2011 to June 30, 2012. This annual report details a period of significant change for our organization and the Hawaiian Home Lands trust.

During the 2011 Legislative Session, the Senate confirmed seven of the nine members of the Hawaiian Homes Commission, and the "new" commission held its first meeting on July 18, in Paukūkalo, Maui. The department also welcomed a new deputy to the Chair at the start of the fiscal year. At the close of this reporting period, the commission has welcomed a new Chair and a new member from Moloka'i, and the staff has welcomed a new Executive Assistant.

Despite the shifts in leadership during this year, our staff has achieved successes and continues the legacy of the founder of the homestead program, Prince Kūhiō. The department made 28 homestead awards in Kula, Waiohuli Hikina, and Wai'ehu Kou on Maui, and 29 awards in Kānehili in Kapolei, O'ahu. We also held a groundbreaking ceremony for self-help lots in Kalama'ula and Ho'olehua on Moloka'i, and another groundbreaking for 44 lots in Waimānalo on O'ahu.

This year also saw advancing partnerships with two other Hawaiian trusts, the Office of Hawaiian Affairs (OHA) and Kamehameha Schools. In September 2011, the Hawaiian Homes Commission and the OHA Board of Trustees held a joint meeting to discuss the goals of each trust as well as opportunities for collaboration. These joint meetings are continuing and prove to be good starting points for meaningful collaboration. In June 2012, the Hawaiian Homes Commission approved a general lease of 40 acres to Kamehameha Schools to develop a state-of-the-art learning center in Mā'ili. This partnership is a commitment by both trusts to create opportunities and resources for the native Hawaiian community on the Leeward Coast of O'ahu.

Looking forward, the department will have to consider how the *Nelson v. Hawaiian Homes Commission* ruling will impact its operations, while also preparing for the end of the Act 14 settlement payments in the next two years. In addition to stabilizing department funding, we will also look at how best to serve trust beneficiaries by increasing access to capital for homestead applicants and lessees, supporting community-based initiatives, and re-assessing our agricultural homestead program.

We look forward to continuing to build partnerships with sister agencies, private companies, and non-profit and community organizations to fulfill our mission and serve native Hawaiian families. On behalf of the Hawaiian Homes Commission and the staff of the Department of Hawaiian Home Lands, I thank you and the members of the State Legislature for your continued support of Native Hawaiians.

Me ke aloha,

Jobie M.K. Masagatani, Chair-Designate,
Hawaiian Homes Commission

(2) *Placing native Hawaiians on the lands set aside under this Act in a prompt and efficient manner and assuring long-term tenancy to beneficiaries of*

Prince Jonah Kūhiō Kalanianaʻole.

Princess Elizabeth Kahanu Kalanianaʻole.

Prince Jonah Kūhiō Kalanianaʻole

Prince Jonah Kūhiō Kalanianaʻole is regarded as the founder of Hawaiian Home Lands. The following is excerpted from the *Congressional Record* for Sunday, January 7, 1923. In the House of Representatives, the Speaker *pro tempore*, Rep. William A. Rodenberg from Illinois, dedicated day's session to honor the Congressman from the Territory of Hawai'i, Jonah Kūhiō Kalanianaʻole, who had passed away on the same date of the previous year:

He was born on the island of Kaua'i, Hawaiian Islands, on March 26, 1871. His father, Kahalepouli, was a high chief and the son of the last King of Kaua'i; his mother was Princess Kinoiki Kekaulike, sister of Queen Kapiʻolani, consort of King Kalākaua. As a member of the royal family he was brought up in the court of his

uncle, the King, and took part in all official functions and receptions at the palace. At the age of 13 he was made a prince by royal proclamation. His early education was in Honolulu at the Royal School and Punahou College. He then spent four years at St. Mathews College of California. Later he was a student at the Royal Agricultural College in England, winding up his education in a business college there. At the conclusion of his college days he spent a year as the guest of the Japanese Government. His uncle, King Kalākaua, hoped that he would marry a princess of the royal house of Japan.

Although he grew up to early manhood as one of the royal family, with the probability that he would someday be the King of the Hawaiian Islands, he was democratic by nature, taking part in all athletic sports and

excelling in football and rowing. He was an expert horseman and there was nothing he enjoyed more keenly than going with the cowboys after wild cattle and horses on the rugged slopes of Mauna Kea, or spearing wild boars from the back of a horse. He was a polo player some ability. He also was fond of yachting and gamefishing.

An excellent marksman with either rifle or shotgun, he was a welcome member of shooting parties. Golf was also a favorite pastime – in fact he was an all-around sportsman.

Of royal lineage and a probable future king, his outlook on life and his prospects were brought to an abrupt change by the overthrow of the Hawaiian monarchy in 1893, when the Republic of Hawaii was established.

The young prince was then 21 years of age. Two years later Hawaiians mounted a revolution, with the object of reinstating the Queen, and Prince Kūhiō took part. For this he, and others, were arrested as political prisoners and sentenced to a year's imprisonment. While in prison he became engaged to a young chiefess, Elizabeth Kahanu Ka'auwai. They were married soon after his release and left shortly for a tour of the world, including visiting Africa, where he hunted big game. He was there during the Boer War and took part on the side of the British.

He returned to Hawai'i in the fall of 1901, and in 1902, after urgent persuasion, became the Republican candidate for delegate to Congress and was elected for his first term that year.

Having decided his path of duty, he never wavered, and was elected to Congress for 10 consecutive terms, at great personal sacrifice. A pure-blooded Hawaiian, it was natural

Young "Prince Cupid" Kūhiō.

and greatly to his credit that he devoted much serious thought and energy to rehabilitation of native Hawaiians. He saw his people to flock to the larger cities where life in crowded tenements was leading to racial extinction, and he devoted himself to getting them back to the land. His efforts culminated in the passage in 1921 by Congress of the Hawaiian Homes Commission Act, a measure to provide homesteads for native Hawaiians for an indefinite term at a nominal rental and for government loans to the settlers.

The Prince was made one of the commissioners worked to carry out his dream. At his death his wife, the Princess, was appointed to his place on the commission.

Although it was known that "Prince Cupid" was seriously ill, his death came as a grievous shock to his host of friends in Hawai'i.

He died by his wishes in his Waikiki home,

Pualeilani, among his friends. A Honolulu newspaper wrote, the day after his death, “At Pualeilani, through the night of vigil, while the Prince was sitting in his armchair, himself knowing that death could not long be barred from entrance to his chamber, he sat with his face toward the open door facing Kalākaua Avenue, his lessening vision drinking in deeply of the green verdure across the way in what was formerly the great acres of his aunt the Queen Dowager Kapi‘olani, in whose home he had spent so many happy days of his boyhood and young manhood. Sitting by his side was Princess Kahanu.

She held his hand closely. The Prince smiled often as his eyes met those of his sweetheart Princess and he appeared to be hoping that her last view of him would be a memory of him still smiling.”

As the last titular prince of his line, his funeral was the last royal funeral ever held in Hawai‘i. He was buried with all the pomp and pageantry of ancient Hawaiian royalty in the royal mausoleum. American and foreign government officials were there to represent their countries, and throngs of friends came to pay their last respects.

The beautiful silver mounted koa casket was placed in a catafalque and drawn by 200 stalwart Hawaiians from the former palace to his last resting place, a distance of over a mile. In the funeral procession the Army was represented by a considerable contingent, departments of government, organizations of various kinds, schools, and thousands of friends and admirers all marched in the procession. The services at the palace and at the mausoleum were indeed impressive and will dwell long in the memory of those who witnessed it.

Office of the Chair

The Office of the Chair manages the daily operations of the Department, sets directions, and provides leadership support to all DHHL offices and divisions. Additionally, the office is responsible for supporting the Hawaiian Homes Commission.

On May 11, 2012, Governor Neil Abercrombie appointed Jobie Masagatani as the Chair-Designate to fill the position vacated by previous Chairman Alapaki Nahale-a. The Chair of the Hawaiian Homes Commission also serves as the director of the Department, and has full charge of and responsibility for the administration and execution of all actions approved by the Commission.

The Office of the Chair also houses the Native American Housing and Self-Determination Act (NAHASDA) program, the Enforcement Team, and – as of October 2011 – the Community Development Grants program.

Each year, the Commission, Department, and the trust face legal challenges that, in most cases, hinder the Department's programmatic progress and its ability to deliver homestead opportunities to native Hawaiians. In FY 2012, the Hawai'i Supreme Court issued a ruling in *Nelson v Hawaiian Homes Commission*, Case No. SCWC-30110. This ruling marks a turning point in the history of the Department and the Hawaiian Home Lands trust. Among other things, the Court held that the State of Hawai'i must provide general funds to DHHL for its administrative and operating expenses. In the near future, his ruling will have far reaching implications for the Department and how it operates. As a result of the ruling, the Office of the Chair and Department administrators will be working with the Governor and the Legislature to determine the sufficient sums required to cover the Department's administrative and operating expenses.

In addition to addressing the Nelson ruling, the Office of the Chair also looks forward to leading new initiatives to stabilize Department funding, increasing access to capital for homestead applicants and lessees, supporting community-based initiatives, re-assessing the agricultural homestead program, and implementing policies affecting natural resources, for example, water and renewable energy, on our lands.

Native American Housing Assistance and Self-Determination Act (NAHASDA)

The Native American Housing Assistance and Self-Determination Act (NAHASDA) was passed in 1996 and transformed the way that American Indians and Alaska Natives provided affordable housing on rural Indian reservations and Alaska Native villages. The act opened the door for increased partnerships with financial institutions and most importantly, enabled the federal policy of self-determination to be extended Native American populations across the nation.

In 2000, Congress amended NAHASDA by adding Title VIII, which provides similar funding for native Hawaiian families whose total household income is at or below 80 percent of the established area median income levels for their respective counties and that are eligible to reside on Hawaiian Home Lands. The Department of Hawaiian Home Lands (DHHL) is the designated recipient for the Native Hawaiian Housing Block Grant (NHHBG) as administered by the U.S. Department of Housing and Urban Development's (HUD) Office of Native American Programs (ONAP). This Congressional amendment is the first time in the history of the Hawaiian Homes Commission Act of 1920, as amended, that the federal government has provided any significant level of financial investment into the Hawaiian Home Lands program for affordable housing activities.

Each year, DHHL submits a Native Hawaiian Housing Plan (NHHP) to HUD for review and approval. As of June 30, 2012, DHHL received \$97.5 million in funding for ten (10) NHHPs, and an additional \$10.2 million in American Recovery and Reinvestment Act (ARRA) funds. ARRA funds were made available to DHHL under Title I of NAHASDA, and in accordance with the 2008 NHHP.

Over 400 families have benefited from NHHBG through infrastructure development, subsidies (down payment assistance, matched savings programs), direct loans, self-help home construction programs, and home rehabilitation. This includes 121 families this fiscal year.

The following section is a summary of the 2012 program accomplishments under NAHASDA and the Native Hawaiian Housing Block Grant Program

American Recovery and Reinvestment Act

DHHL received \$10.2 million in May 2009 and expended 100 percent of ARRA funds by HUD's due date of May 6, 2012, on the following projects. The type of activities identified for ARRA project use in the 2008 NHHHP, as amended, were infrastructure development and house construction, in accordance with the ARRA legislation. In

selecting projects, DHHL gave priority to projects that were "shovel ready," projects that would spur construction and create employment opportunities. The following activities were proposed by DHHL and approved by HUD:

- Kaupuni Village – \$2,565,943
Infrastructure Development, Site Improvements for 19 lots
- Kaupuni Village – \$3,558,320
House Construction, Construction of 19 homes
- East Kapolei II B & C – \$4,075,737
Infrastructure Development, Site Improvements for 47 lots

Construction

Expenditures for construction primarily associated with the following programs totaled \$402,000: East Kapolei infrastructure road and sewer project; La'i

‘Ōpua Village 5 streets, street lighting, sewer, utilities, and home construction; and the La‘i ‘Ōpua Village 5 restoration and management of endangered plant preserves totaled \$402,000.

Grants

Various non-profits are reimbursed for administrative costs (i.e., allocated portion of payroll, rent, office supplies, etc.) associated with their respective grant proposals. \$697,000 in NHHBG funds were disbursed to reimburse these non-profits for their administrative costs related to self-help home construction, home repair training, energy efficiency classes, financial counseling, and financial education classes for first-time homebuyers.

Loan Program

A total of \$583,000 in direct loans was given out to four (4) first time-home buyers of income-eligible families.

Individual Development Accounts (IDA) and Down Payment Assistance (DPA) Programs

Both programs were designed for families who do not have the financial resources for a down-payment on their loans and therefore would not qualify for a mortgage.

The IDA program allows a family to establish a regular savings program whereby for every \$1.00 in savings NHHBG funds would be used to match this amount by \$3.00. One family saved \$2,500 and received matching funds of \$7,500.

The DPA program is also designed for families who do not have the money for a down- payment on their loans and therefore would not qualify for a mortgage; \$1.4 million was provided to 26 families in

Kānehili Phase 4 and Kumuhau subdivision under this program.

Home Rehabilitation Subsidy Program

Many low-income homeowners need to make repairs to their property but are unable to afford the repairs themselves. The objective of the Home Rehabilitation Subsidy Program is to provide these families with grants of up to \$50,000 to rehabilitate their homes in order to provide decent, safe, and sanitary living conditions.

These grants can be used for repairs to roofs and floors caused by termites or wood rot, repairing or replacing faulty electrical wiring and plumbing, etc. The grants can also be used to accommodate the special needs of a disabled member of the household.

Primarily administered by the City and County of Honolulu and County of Hawaii, DHHL disbursed \$247,000 in NHHBG funds for administrative costs and direct grants for this program; four (4) families benefited from this program this year.

INFORMATION AND COMMUNITY RELATIONS OFFICE

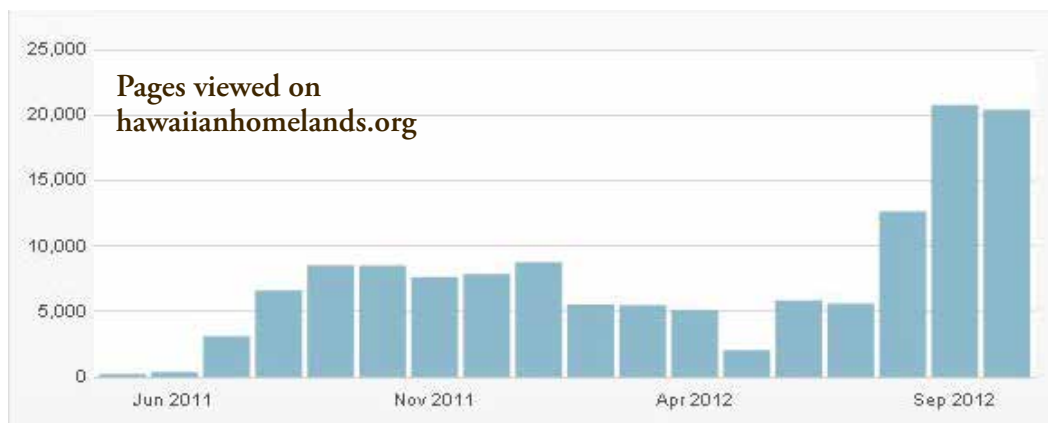

The Information and Community
Relations Office is the communications
hub for the Department of
Hawaiian Home Lands.

Information and Community Relations Office

During fiscal year (FY) 2012, the Information and Community Relations Office (ICRO) resurrected the production, printing, and distribution of the Department's newsletter – Ka Nūhou. The revamped design of the quarterly newsletter saved the Department of Hawaiian Home Lands (DHHL) over \$15,000 in printing costs, without reducing the quality of information. Ka Nūhou remains a primary source of information for beneficiaries of the Hawaiian Home Lands trust.

The Department's website at www.hawaiianhomelands.org has continued to be a popular resource for information on DHHL, our communities and our beneficiaries. Since going online in May 2011, the site has received 134,975 page views from thousands of visitors from around the globe. On its busiest day, ever, the site served up 1,149 page views.

Information is constantly updated on the Home Page to include news releases, photos and video from current DHHL events, news on community events happening on or around our homesteads, and information of particular interest or benefit to our beneficiaries.

The site is designed and structured to drive visitors toward most-requested information. The most popular sections of the site, excluding the Home Page are Applications & Wait List, Land Management Division, and Lessee Information pages.

In FY 2012, ICRO integrated e-mail marketing into its arsenal of community outreach tools, allowing the Department to not only create and send electronic communications, but to track the effectiveness of its e-mail campaigns. ICRO utilized the e-mail marketing service to deliver news releases, promote DHHL events, and disseminate information to homestead community leaders, in a more efficient manner.

ICRO expanded the Department's presence on social media sites, nearly doubling the number of followers on its primary social media platform – Facebook, from the previous

year. As a result, DHHL is able to publicize many department, beneficiary and homestead community events to a wider audience.

ICRO also worked with other divisions to plan several milestone events in FY 2012 including:

- Ceremony to bless the Papakōlea Hawaiian Homestead Community Kitchen
- Key ceremony with the U.S. Secretary of the Department of Housing & Urban Development Shaun Donovan and the Amano 'Ohana in the Kānehili Hawaiian Homestead Community in Kapolei, O'ahu
- Lot Selection Ceremonies for the Hawaiian homestead communities of Kānehili, Phases VI & VII (O'ahu) and Waiohuli (Maui).
- Ceremony to commemorate the signing of a partnership agreement between DHHL and the University of Hawai'i at Mānoa
- Publicized the blessing of a new Hawaiian homestead home built by Hawai'i Community College students in Keaukaha.

- Groundbreaking ceremony for the 44-lot Hawaiian homestead community of Kaka'ina, in Waimanalo, O'ahu, at which Governor Abercrombie spoke

ICRO also assists other divisions with presentations, graphic design, photography, print production, speechwriting, and other editing and writing assignments. ICRO handles all media inquiries, including assisting reporters with major stories on Hawaiian Home Lands projects including Kaka'ina, Humu'ula and Pu'unēnē that appeared across major media, including Hawai'i News Now (KHNL-NBC, KGMB-CBS, and KFVE), KITV-ABC, KHON-Fox, Big Island Video News, the Honolulu Star-Advertiser, Hawaii Tribune-Herald, and Maui News.

ICRO also is responsible for producing the DHHL Annual Report.

While the smallest division within DHHL, with staff fluctuating between three and five, ICRO is often intimately involved in any public story or event concerning the Department.

PLANNING OFFICE

Planners have many kuleana to facilitate, translate, coordinate, prioritize, implement, summarize, and finally evaluate. The Planning Office provides a long-term and comprehensive perspective that supports the Hawaiian Homes Commission, the Department and beneficiaries in realizing the mission, goals, and objectives of the Hawaiian Homes Commission Act.

Planning Office

The Planning Office serves the Hawaiian Home Lands trust in many different ways. The Planning Office provides a long-term, comprehensive perspective that is focused on realizing the mission, goals, and objectives of the Hawaiian Homes Commission Act.

The Planning Office has three major areas of focus: 1) Land Use and Development Planning; 2) Homestead Community Development Programs; and 3) Beneficiary Policy and Advocacy.

Land Use and Development Planning

Embedded in this area of focus, the Planning Office provides planning support data and assessments in order to enhance and make plans, policies and programs more efficient. The Planning Office conducts specialized research, surveys, and other planning studies in order to monitor and implement the Department's overall Planning System which is described in detail below.

GIS Support – The Planning Office maintains a Geographic Information System (GIS) database relating to the inventory of lands that comprise the Hawaiian Home Lands trust. GIS technology is a powerful tool for capturing, managing, displaying, and analyzing all types of geographically referenced information. The Planning Office provides GIS land inventory data to the U.S. Census Bureau and the Hawai'i Statewide Planning and Geographic Information System.

General Plan – Comprehensive policy document (adopted 2002) which ensures coordinated, integrated and orderly social, physical, and economic development of Hawaiian Home Lands through the establishment of goals, objectives, and implementation actions.

Island Plans – Asserts the Commission's authority to designate land uses for Hawaiian Home Lands based on a comprehensive analysis for Kaua'i (2004), Maui (2006), Moloka'i (2006), and Hawai'i (2002). Island Plans are also used to assert Commission's authority to secure water for its foreseeable needs, to set aside property for revenue-producing purposes, and to assign land with cultural and natural resource values for pono management.

New Island Plan Underway – O'ahu Island Plan

Island Plan Land Use Amendments Approved –

- Anahola, Kaua'i - Land Use Amendment from Mixed Commercial/Industrial to Industrial for an area totaling 65 acres
- Pūlehunui, Maui - Land Use Designation of Commercial/Industrial for newly-acquired 105 acres
- Mā'ili, O'ahu - Land Use Designation of Residential and Community Facilities for 89 acres.

Program Plans – Provides strategic direction, implementing actions, and budgets for major program areas such as housing, agriculture, energy, water, cultural and natural resources.

Completed Program Plan – Native Hawaiian Development Program Plan (January 2012)

Program Plans Underway –

- Water
- Energy
- Agriculture

Development Plans – More detailed land use, infrastructure, design, and feasibility elements for development of specific tracts of land.

Development Plans Underway –

- Pūlehunui, Maui
- Anahola-Kamalomalo‘o, Kaua‘i
- Waimea-Kekaha, Kaua‘i

Regional Plans – Based on consultation at the community level, Regional Plans provide the means to define opportunities for partnerships among stakeholders, including the trust, its beneficiaries, and other interest groups in the region. There are 21 Regional Plans throughout the State.

New Regional Plan Completed – Ka‘ū, Hawai‘i (May 2012)

Updated Regional Plans –

- Waimea Nui, Hawai‘i (January 2012)
- Waimānalo, O‘ahu (November 2011)

Regional Plan Implementation

In FY 2012, the department supported implementation of the following Regional Plan Priority Projects:

Hawai‘i –

- Kailapa Community Association partnered with the University of Hawai‘i, Department of Urban and Regional Planning to develop a Conceptual Land Use Plan for the Kailapa Resource Center.
- Developed the Kauhale Homestead alternative for two lots in Waimea and Keaukaha.
- Secured \$8 million for the Maku‘u well and water system development.
- Keaukaha-Pana‘ewa Farmers Association secured land and established a Farmers Market.
- Ane Keohokālole Highway Extension (Mid-Level Road) in Honokōhau, Kona completed.

Maui –

- Established a State Interagency Working Group to develop a Master Plan for lands at Pūlehunui.
- Completed preliminary studies to determine water and waste water needs at Pūlehunui.
- Awarded the Waiohuli Hawaiian Homesteaders Association, Inc. a Project Implementation grant of \$250,000 to assist in the development of the Waiohuli Community Center.
- Met with State Department of Transportation officials regarding the Kihei-Kula connector road.
- Negotiated a benefits agreement for the development of a \$1.0 million road for Kahikinui which nearly completes the main mauka access road.
- Worked with the Leeward Haleakalā Watershed Partnership Group, the Department of Land and Natural Resources, and adjacent landowners to ensure funding and programmatic support to complete the Kahikinui Koa Forest Protection and Restoration perimeter fencing project.

Molokaʻi –

- Finalizing application to the U.S. Department of Agriculture, Rural Development, for DHHL's Molokaʻi Water System Upgrades totaling \$8.46 million in grants and loans serving Hoʻolehua and Kalamaʻula.
- Working with Kalamaʻula Homesteaders Association on an Environmental Assessment for renovation of Kiowea Park.

Oʻahu –

- Waimānalo Hawaiian Homestead Association secured \$7.2 million in New Market Tax Credits, grants and fundraising for development of their Community Technology, Education, and Employment Center (CTTEC).
- Papakōlea Commercial Kitchen completed.
- Oʻahu homestead sewer system assessments are being conducted for Papakōlea, Waimānalo, Nānākuli, and Waiʻanae Valley.

Kauaʻi –

- Amended Anahola land use designations from mixed Commercial/Industrial to Industrial for a Solar Energy Project.
- Budgeted \$750,000 to cap and case exploratory wells at Wailua.
- Acquired the Aloha Beach Resort property and general lease in Wailua from the Board of Land and Natural Resources.
- Commissioned a reservoir dam assessment for the Puʻu ʻŌpae reservoir in Kekaha and four reservoirs in Anahola.
- Site selected, Environmental Assessment accepted, and permits being secured for the Kekaha Enterprise Center.

Homestead Community Development Programs

Pursuant to Title 10 Administrative Rules, Chapter 6.1, DHHL prepares a Native Hawaiian Development Program Plan (NHDPP) every two years for Commission review and approval. The goal of the NHDPP is to “increase the self-sufficiency and self-determination of native Hawaiian individuals and native Hawaiian communities.” This is accomplished with implementation of the NHDPP by improving the general welfare and conditions of native Hawaiians through educational, economic, political, social, cultural, and other programs.

In August-December 2011, the Planning Office conducted the required research and community consultation activities for the biennial review. In January 2012, due to decreasing Native Hawaiian Rehabilitation Fund (NHRF) funding levels, the Commission reduced program activities, combined similar activities, and eliminated certain programs. Consequently, the write-up below reflects reduced levels of NHDPP activity.

Educational Scholarships – The purpose of the Hawaiian Homes Commission Scholarships (HHCS) is to promote and support the educational advancement of native Hawaiians to achieve economic self-sufficiency. The HHCS provides financial awards to qualified native Hawaiians enrolled as classified full-time students in degree-seeking programs at accredited post-secondary educational institutions. Recipients must be native Hawaiian (50 percent or more Hawaiian ancestry) or a Homestead Lessee (25 percent or more Hawaiian ancestry).

For the past 15 years, the Planning Office has been awarding educational scholarships. In FY 2012, the Planning Office awarded 150 scholarships totaling approximately \$200,000 for the 2012-13 academic year. Funding for the scholarships is provided by the Native Hawaiian Rehabilitation Fund.

Agricultural Technical Assistance Program – For the past 23 years, DHHL contracted the University of Hawai‘i, College of Tropical Agriculture and Human Resources (UH-CTAHR) to bring the university extension services model to homestead agricultural communities and 1,500 farmers and ranchers on Moloka‘i, Hawai‘i, and Kaua‘i.

Kūlia I Ka Nu‘u Program – Organizational Capacity-Building - For the past six years, the Kūlia I Ka Nu‘u community development training program offered a graduated training/capacity-building curriculum that provided homestead associations with individual case-by-case assistance. Over time, upon successful completion of training courses, the program provided grant and land awards to support homestead association goals to become economically self-sufficient.

Community Development Training and Technical Assistance – The Planning Office secured a U.S. Department of Agriculture, Rural Communities Development Initiative grant of \$175,000 to provide training and technical assistance to qualified organizations to develop their capacity to undertake community and economic development projects in rural areas. Matched by the Hawaiian Homes Commission, a total of \$350,000 is available for this purpose. In the past year, the Planning Office implemented the first project under this grant:

Kahua o Ka Ola – Foundations for Prosperity: The 2012 Hawai‘i Family Financial Empowerment Symposium, June 27-29, 2012. In collaboration with HACBED (the Hawai‘i Alliance for Community-Based Economic Development) and HANO (the Hawai‘i Alliance of Nonprofit Organizations), the grant sponsored 50 homestead leaders representing 29 homestead associations to attend a three-day symposium aimed at increasing family and community self sufficiency through financial empowerment. Representatives from Washington, D.C., New York City, and Chicago, among other cutting edge communities, brought their experiences and energy to Hawai‘i to discuss how family financial empowerment is now at the forefront of nonprofit community development organizations across the nation.

The Planning Office organized a pre-symposium event that provided homestead-specific training workshops on the new DHHL grants process and compliance requirements, basic bookkeeping for homestead associations, best practices for proposal writing for local trusts and foundations, and best practices for nonprofit governance.

NeighborWorks Community Leadership Institute Training – The Planning Office secured nine NeighborWorks scholarships (all expenses paid) to attend this leadership training held in Kansas City, Missouri from October 13 to 16, 2011, which centered on the theme: “Engaging Leaders Across Generations.” The Planning Office selected young leaders from the Maku‘u Farmers Association to attend the conference. As a result of this training session, the youth from Maku‘u developed outreach and educational pamphlet materials on the Maku‘u Farmers Market and disseminated them through their social networks.

Community Grants – During the two-year period, 2010 to 2012, the Planning Office awarded and managed the community grants identified below. In October 2011, the management and awarding of Community Development Grants became the responsibility of the Office of the Chairman.

Planning Office Grant Awards FY 2010-2012

Type of Grant	Number Awarded	Amount Awarded
Capacity-Building	12	\$50,000
Project Implementation	9	\$235,078
Regional Plan Priority Project	12	\$672,172
Community Economic Development	5	\$1,250,000
Statewide Administrative Support	2	\$160,000
TOTAL	40	\$2,367,250

Land Awards for Community Development - As part of its strategy to promote homestead community self-sufficiency and self-determination, the Commission has approved the transfer (by right-of-entry, license, or lease) of Hawaiian Home Lands to nonprofit homestead organizations to plan, design, and develop community benefit projects. These organizations received Kūlia I Ka Nu‘u grants, training and technical assistance services, and land awards (table on following page):

DCC&R Communities – The Planning Office provides services to support new “DCC&R communities” on Hawaiian Home Lands. These are homestead communities that have a set of rules and guidelines (Declaration of Covenants, Conditions and Restrictions or DCC&R) for the operation and maintenance of their homestead communities. A homestead community controls and enforces the DCC&R to preserve, maintain, enhance, and protect the value of property and amenities within a homestead community.

There are currently 14 homestead communities with DCC&Rs on Hawaiian Home Lands representing 1,839 residential units, or 22% of the total residential units statewide. Six new DCC&R homestead communities receiving services are:

- Kaupuni Village Community Association, Wai‘anae, O‘ahu
- Kumuhau/Kaka‘ina Subdivision Community Association, Waimānalo, O‘ahu
- Lālāmilo Residence Lots Association, Lālāmilo, Hawai‘i
- Pi‘ilani Mai Ke Kai Community Association, Anahola, Kaua‘i
- Villages of La‘i ‘Ōpua, Kealakehe, Hawai‘i
- Kānehili Community Association, Kapolei, O‘ahu

The Hawaiian Homes Commission recognized that many homesteaders may not be familiar with DCC&R responsibilities. The Commission authorized funds to provide technical assistance to these new DCC&R homestead communities. Services include:

- **Organizational Assessments and Meetings:** A series of meetings to complete the organization’s Articles of Incorporation, By-Laws, other compliance documents, including the mail-out of notices, nomination forms, ballots, and other expenses to conduct board elections and board meetings.
- **Formation of Nonprofit Corporation:** Assistance includes drafting/finalizing all compliance documents based on extensive discussions with board members regarding their duties, liabilities, and other implications if they choose to form a nonprofit corporation.

- Training, Planning, and Facilitation: Once the Board is established, specialized trainers are brought in to train each association in:
 - Planned communities laws and other compliance issues
 - Board governance
 - Basics in setting up a corporation budget to determine appropriate homeowner dues; and
 - Meeting management and facilitation, including Roberts Rules of Order
- Kānāwai Enforcement Procedure: Staff reviews the enforcement procedure with all DCC&R Boards, revises it as appropriate, and finalizes the structure and procedure for enforcement with the Hawaiian Homes Commission.

Beneficiary Policy and Advocacy

The Planning Office is responsible for conducting beneficiary consultation on proposed policy changes and land use designation changes, including those related to revenue-generating projects affecting homestead regions. In the past fiscal year, the Planning Office conducted the following beneficiary consultations:

Ko koā uka, ko koā kai.

Those of the upland, those of the shore.

Speaks of the process of exchange. Upland dwellers brought poi, taro, etc. to their shore kinsmen. Shore dwellers gave fish and other seafood. Visits were never empty-handed, but always with something from home to give.

(3) Preventing alienation of the fee title in the lands set aside under this Act so that these lands will always be held in trust for continued use by native Hawaiians in perpetuity;

(4) Providing adequate amounts of water and supporting infrastructure, so that homestead lands will always be usable and accessible; and

(5) Providing financial support and technical assistance to native Hawaiian beneficiaries of this Act who are engaged in activities to enhance economic self-sufficiency and promote community-based development; the traditions, culture and quality of life of native Hawaiians shall be forever self-sustaining.

(c) In recognition of the solemn trust created by this Act, and the historical government to government relationship between the United States and Kingdom of Hawaii, the United States and the State of Hawaii hereby acknowledge the trust established under this Act and affirm their fiduciary duty to faithfully administer the provisions of this Act on behalf of the native Hawaiian beneficiaries of the Act.

(d) Nothing in this Act shall be construed to:

(1) Affect the right of the Legislature and indigenous citizens of the Kingdom of Hawaii to seek redress of any wrongful activities associated with the overthrow of the Kingdom of Hawaii; or

(2) Alter the obligations of the United States and the State of Hawaii to carry out their public trust responsibilities under section 5 of the Admission Act to native Hawaiians and other descendants of the indigenous citizens of the Kingdom of Hawaii. [L 1990, c 349, -1]

ADMINISTRATIVE SERVICES OFFICE

The Administrative Services Office provides staff support in the areas of personnel, budgeting, program evaluation, information and communication systems, risk management, facilities management, clerical services and other administrative services. This office, with its staff of 7, also provides support services in preparation of reports to the Legislature and facilitates the rule-making process.

Administrative Services Office

The Administrative Services Office provides staff support in the areas of personnel, budgeting, program evaluation, information and communication systems, risk management, facilities management, clerical services and other administrative services. This office, with its staff of eight, also provides support services in preparation of reports to the Legislature and facilitates the rule-making process.

2012 Legislation

The state Legislature passed two measures that were proposed by the department and introduced as part of the Governor's Administrative Package.

- Act 174, SLH 2012 exempts expenditures less than \$100,000 from the Hawaiian Home Operating Fund, Hawaiian Home Receipts Fund, Hawaiian Home Trust Fund, Native Hawaiian Rehabilitation Fund, and Hawaiian Home Administration Account, from the Hawaii Public Procurement Code.

- Act 175, SLH 2012 extends the repeal date in Act 187, SLH 2010, to continue the pilot project that enables the Department of Hawaiian Home Lands to begin housing and other projects without having the full amount of the cost of the projects on hand at the start of the project. Requires reports on the status of the pilot project to the Legislature prior to the convening of the 2013, 2014, and 2015 Regular Sessions.

The Supplemental Appropriations Act of 2012 (Act 106, SLH 2012) maintained the current allocation of department positions:

115 special fund, 93 trust fund and 3 federal fund positions. Included are funding for 11 temporary positions.

The department has one program ID, HHL 602, Planning and Development for Hawaiian Homesteads.

FY 2013 Operating Budget

Means of Financing	Amount	Positions
Special Fund	\$12,784,660	(115)
Trust Fund	\$156,865,624	(82)
Federal Fund	\$15,341,820	(3)
Total	\$184,992,104	(200)

Act 215, SLH 2012 provides for two (2) operating grants-in-aid for the funding for Lāi 'Ōpua 2020 and Waiohuli Hawaiian Homesteaders Association, Inc., in the

amounts of \$400,000 and \$375,000, respectively through general funds.

CIP Projects

The Supplemental Appropriations Act of 2012 (Act 106, SLH 2012) appropriated \$20,000,000 in Federal funds for the Native American Housing Assistance and Self-Determination Act (NAHASDA) Development Projects. The \$20 million was appropriated for plans, design, and construction for various Hawaiian homestead projects and improvements throughout the state.

Act 106 also appropriated \$660,000 in General Obligation Bonds for the design and construction for Phase I of developing a community facility, Hale Halawai, in Waiohuli, Maui. This project is a grant pursuant to Chapter 42F, HRS.

The Land Development Division is responsible for developing DHHL property for both homesteading and income-producing purposes.

Land Development Division

The Land Development Division is responsible for developing DHHL property for both homesteading and income-producing purposes. Its three branches are:

Design and Construction Branch, which designs and constructs on-site and off-site infrastructure for the development of residential, farm, and pastoral lots for homesteading purposes;

Housing Project Branch, which provides turn-key homes in in-fill project areas to applicants and assists lessees of vacant lots in arranging financing and in contracting with a builder; and

Master-Planned Community Branch, which prepares plans and designs, and constructs communities with homes, businesses, services, open space, recreational and cultural amenities.

Major Projects for 2012

Hawai‘i

Lālāmilo Phase 1, Waimea, Hawai‘i

Infrastructure improvements for 37 residential lots, including roads, water distribution, drainage facilities and utilities were completed in March 2011. This development of two subdivisions of 20 and 17 lots includes two owner-builder homes, five vacant lots and 30 turn-key homes. As of June 30, 2012, 30 homes were occupied.

Lālāmilo Housing Phase 1, Offsite Roadway Improvements, Waimea, Hawai‘i

Channelization of the Kawaihae Road/Keanu‘i‘omanō Street (West Access Road) Intersection. Improvements include constructing storage lanes, pavement widening, grading, and utility relocations. The design is approximately 70 percent complete. DHHL anticipates advertising the project for construction in the late fall 2012, with start of construction estimated to begin in spring 2013.

Lālāmilo Offsite Water System: 1.0 Million Gallon Reservoir and Transmission Mains, Waimea, Hawai‘i

Construction of a 1,000,000 gallon reservoir, a 16-inch transmission main along Kawaihae Road, and 16- and 12-inch transmission mains along South Kohala Distribution Road to provide water to the Lālāmilo Subdivision. Reservoir construction began July 19, 2010, and was substantially complete as of January 20, 2012. The Contractor is addressing the final punchlist items and the reservoir is being dedicated to the County of Hawaii Department of Water Supply. Transmission main construction began June 6, 2011, and is estimated to be completed in November 2012.

Lālāmilo Housing, Phase 2A, Increment 1, Waimea, Hawai‘i

Infrastructure construction for Lālāmilo Phase 2A, Increment 1, which consists of 83 residential lots, one archaeological preservation lot, one HELCO Substation easement lot, and one park. The construction contract has been bid and awarded. Start of construction is estimated to begin in November 2012.

Pu‘ukapu Hybrid Water System, Waimea, Hawai‘i

Water system design in three phases for 184 pasture lots awarded during DHHL’s acceleration award program in 1985 and 1986. Design of the project’s Phase 1 was completed in 2009. Construction of Phase 1 began October 4, 2010. Construction is substantially complete. DHHL is establishing a water operations program to complete the water system. Estimated construction completion December 2012.

Kawaihae 304.5’ and 632’ Reservoirs System Repair Work, Kawaihae, Hawai‘i

Construction drawings for repairs to two existing reservoirs, consisting of routing and sealing of cracks, painting, modification to railing system, and replacement of asphalt area are nearing completion. Construction estimated to start in late 2012 or early 2013.

La‘i ‘Ōpua Village 5, Kealakehe, Hawai‘i

Construction of the roads and utilities for a 117-lot subdivision on 23.6 acres in Kealakehe, north of Kealakehe High School, began May 1, 2009, and is substantially complete. Contractor completing final punchlist items. Phase I house construction started October 4, 2010. As of June 2012, 42 houses have been completed, with 33 homes occupied. Housing Project Branch is coordinating marketing and sales of remaining nine (9) homes with developer, Armstrong Builders.

La‘i ‘Ōpua Village 4, Kealakehe, Hawai‘i

The mass grading of a 242-lot subdivision on about 60 acres at Kealakehe, located east of Kealakehe High School was completed in December 2009. The current plan is to develop the subdivision in two phases, Phase 1 (‘Ākau) and Phase 2 (Hema). Engineering contracts for each phase have been awarded to develop construction drawings for the road, utility, and other infrastructure improvements. Construction of the site improvements for Phase 1 (‘Ākau) is estimated to start in late 2013, dependent upon funding availability. Funding for the water and wastewater systems will be provided by the U.S. Department of Agriculture Rural Development, with the assistance of Nā Kūpa‘a o Kūhiō, a non-profit organization which facilitates Federal funding opportunities.

Maku‘u Offsite Water System Development, Puna, Hawai‘i

Construction of a production well, 1 million gallon reservoir, transmission lines, and support facilities to service DHHL’s Maku‘u homesteads. Construction will commence in the first quarter of 2013. The water system will provide service to 66 existing lots and permit new house lot development. Funding will be from DHHL Trust Funds and U.S. Department of Agriculture, Rural Development, with the assistance of Nā Kūpa‘a o Kūhiō, a non-profit organization which facilitates Federal funding opportunities.

O‘ahu

Kānehili, East Kapolei, O‘ahu

Roads and utilities were completed in January 2010 for this 403-lot subdivision. Construction of 270 turnkey houses by Gentry Homes, Ltd., commenced in February 2009. Occupancy began in May 2009 and all house sales/loans were closed by July 2011. Construction of an additional 38 turnkey houses by Gentry Homes, Ltd., started in May 2012, with completion scheduled for January 2013. Construction of 10 modified self-help houses began in June 2011 and was completed in November 2011. Additionally, six lots were awarded for owner-builder construction – all have been completed and occupied.

East-West Road, East Kapolei, O‘ahu

This road will be the primary arterial for East Kapolei II, connecting the various components (including Hawai‘i Housing Finance & Development Corporation’s affordable multi-family housing projects, The Salvation Army’s Kroc Community Center, two schools, and DHHL’s residential subdivisions) with the Kualaka‘i Parkway (formerly known as North-South Road) and the University of Hawai‘i West O‘ahu campus. Construction began in the May 2010; scheduled completion is October 2012. Phase 1 opened in January 2012 for the Kroc Center grand opening in February 2012.

East Kapolei IIB and IIC, East Kapolei, O‘ahu

Mass grading of approximately 60.5 acres, in preparation for construction of roads and utilities for 290 single-family lots began in the April 2010, and was completed in February 2012. This project was funded with Federal American Recovery and Reinvestment Act (ARRA) monies provided through the U.S. Department of Housing and Urban Development (HUD). Meanwhile, engineering designs for East Kapolei IIB (160 lots) have been submitted to the County for approval; construction is scheduled to start in the fall of 2013. A total of 205 undivided interest leases were awarded for East Kapolei IIB and IIC in 2008.

Former Pesticide Plant Cleanup, East Kapolei, O‘ahu

The facility had been used by O‘ahu Sugar Plantation for the mixing and loading of pesticides used in the cane fields. As a result, the grounds are contaminated and remediation is required before development can occur around the site. The DHHL has received a \$200,000 Brownfields grant from the U.S. Environmental Protection Agency (EPA), and up to \$1.97 million in loan funds from the State Brownfields Revolving Loan Fund. Remediation work started in January 2012 and is scheduled for completion in early 2013.

Kumuhau, Waimānalo, O‘ahu

Infrastructure improvements for 52 residential lots, including roadways, water distribution, sewer collection, drainage facilities, and utilities were completed in February 2011. Turnkey house construction on 45 lots began in July 2010 and the first home was occupied in February 2011. As of June 30, 2012, all homes were occupied. The remaining seven (7) lots have been reserved for construction of self-help houses projected to be built in fiscal year (FY) 2012 - 2013.

Kakaina, Waimānalo, O‘ahu

This is a 44-lot residential project on a 7-acre parcel acquired from the Department of Land and Natural Resources in 2007. Construction plans are under review by the various County agencies. Infrastructure construction is scheduled to start in late summer 2012. This will be the first DHHL residential subdivision to utilize U.S. Department of Agriculture, Rural Development funding for the construction of water and wastewater improvements, with the assistance of Nā Kūpa‘a o Kūhiō, a non-profit organization that facilitates Federal funding opportunities.

Nānākuli Avenue Sidewalk Improvements, Nānākuli, O‘ahu

The installation of 2,300 feet of sidewalks along Nānākuli Avenue fronting the Nānākuli Middle and High School began in March 2011. The project also involves handicap ramps and other appurtenances, and was completed in January 2012.

Sewer System Infrastructure Assessments for Princess Kahanu Estates, Papakōlea, Waimānalo, Wai‘anae, and Nānākuli Homesteads

The existing DHHL sewer systems located within City and County of Honolulu streets in the Waimānalo, Papakōlea, Nānākuli, and Wai‘anae subdivisions are currently being investigated to assess structural condition and hydraulic capacity. DHHL has procured two local professional engineering firms to perform the aforementioned assessments on the existing DHHL sewer systems, which consists of approximately 130,000 feet of sewer lines and 778 sewer manholes. The assessment will identify any deficiencies within the existing sewer systems.

Maui

Kēōkea-Waiohuli, Kula, Maui

The Kēōkea-Waiohuli Development consists of a total of 386 lots comprised of 66 Kēōkea farm lots and 320 undivided interest residential lots. Infrastructure improvements, including roadways, offsite water transmission, water distribution, reservoir, drainage facilities and utilities for the Phase 1 of Kēōkea-Waiohuli Development consisting of 98 undivided interest residential lots and 66 Kēōkea farm lots began in September 2006 and was completed in March 2010. Due to severe lot drainage concerns, additional engineering work and construction of drainage structures is proposed for FY 2013 and 2014, respectively, before homes meeting HUD standards for lot drainage can be built. By June 30, 2012, 61 Kēōkea Farm lessees had selected lots and approximately 10 homes have started construction.

Honokōwai Exploratory Well, West Maui

A new exploratory well located in Honokōwai, West Maui was completed in March 2011. This exploratory well will provide a potable water source for the development of the Villages of Leialī'i Phase 1B development. The design of the permanent well, transmission and storage requirements will commence in mid-2012.

Single-Family Homes at Various Maui Subdivisions

DHHL has issued a Request for Proposals (RFP) to design, finance, construct, and market twenty-four (24) or more single-family homes in various DHHL subdivisions on Maui, including Kula Residence Lots Unit 1 and Wai'ehu Kou Residence Lots, Phase 3. The start of house construction is projected for the third quarter of 2012. Armstrong Builders has been contracted to construct 26 homes in various Maui subdivisions for award to undivided interest lessees. Construction of all 26 homes is expected to be complete in FY 2013 - 2014.

Moloka'i

Moloka'i Water System, Emergency Generator and SCADA System, Moloka'i

Installation of a backup generator into the existing water system, and a Supervisory Control and Data Acquisition (SCADA) system to monitor the water level and quality of the aquifer, was completed in March 2012. Design of repairs to the booster pump facility is scheduled to start in the fall of 2012.

Kaua'i

Pi'ilani Mai Ke Kai, Anahola, Kaua'i

Phase 1 of the project consisted of 80 improved lots. Site work began in September 2006 and was completed in April 2009. The first phase of homes began shortly thereafter and 36 turnkey units are complete. Fifteen vacant lot awards were also awarded of which two homes are built and three are under construction. Twelve homes were built through a self-help program in early 2011.

Phase 2 of the project was initiated in 2011 with the award of an engineering contract for design of infrastructure improvements for a 53-lot subdivision. Construction for infrastructure development is anticipated to be bid in the 3rd quarter 2012. Funding for the water system will be provided by the U.S. Department of Agriculture, Rural Development, with the assistance of Nā Kūpa'a o Kūhiō, a non-profit organization which facilitates Federal funding opportunities.

Homestead Services Division

The Homestead Services Division (HSD) is involved in the direct servicing of homestead lessees and applicants for homestead leases. Its four branches are as follows: (1) Applications Branch; (2) Housing Project Branch; (3) Loan Services Branch; and (4) District Operations Branch.

Homestead Applications Branch

The Applications Branch is responsible for ensuring that applicants meet the blood quantum requirement of the 1920 Hawaiian Homes Commission Act, as amended. The branch is also charged with the maintenance of applicant records and includes all transactions involving applications such as processing new applications, transfer requests, reinstatements, rescissions and successorships to application rights.

As of June 30, 2012, the Department of Hawaiian Home Lands waiting lists reflect a total of 42,529* applications for all residential, agricultural, and pastoral homesteads, which represents an increase of 581 applications on file as compared to the previous fiscal year. The amount of applications and the number of applicants differ because the rules allow applicants to hold two (2) applications, one (1) for a residential lease and the other for either an agricultural lease or a pastoral lease.

During fiscal year (FY) 2012, the Application Branch processed 1,562 applicant transactions (which includes new applicants and applicant transfers) requiring Hawaiian Homes Commission action.

**Please note that the June 30, 2012 totals of 42,529 applications and 26,550 are preliminary figures. For specific final application totals by island and type, as well as for the final total of applicants for FY 2011-2012, please contact the Application Branch at (808) 620-9220.*

Housing Project Branch

The Housing Project Branch is DHHL's "marketing arm" for homestead leases and awards for DHHL. In collaboration with the Land Development Division, it processes applicants from DHHL wait lists through financial qualification, native Hawaiian qualification, contractor and house design selection, lot selection and lease execution. With departmental priorities centered on residential lease awards, the work efforts of the Housing Project Branch has expanded tremendously prompting strategic involvement and coordination of lenders, realtors, home buyer counseling and housing contractors.

During FY 2012, the Housing Project Branch has facilitated 18 new residential awards, one (1) new agricultural award, and processed 64 lease amendments, as a result of 64 undivided interest lessees being able to qualify for a loan to purchase or build their own home. To achieve this, staff sent out approximately 16,370 offering letters to market 90 units within 11 projects statewide. Upon indicating interest, staff arranged for approximately 578 interested applicants to work with various lenders to financially qualify for a home. A series of orientations and workshops helped to individualize the efforts.

Loan Services Branch

The Loan Services Branch administers the Department's loan origination, loan servicing and loan collection programs. DHHL is authorized by the Hawaiian Homes Commission Act of 1920 to provide loan funds to native Hawaiian beneficiaries and issues guarantees through Memorandums of Understanding (MOU) for loans made by alternative lending sources for the replacement, construction, and repair of homes, and payment of real property taxes.

The Direct Loan Program run by the Loan Services Branch is a revolving loan fund. The branch works to collect funds in a timely manner so those monies can be used again for more loans, helping more native Hawaiians.

Improving the department's loan collection makes efficient use of funds and ensures the most beneficiaries possible are being helped. Working with loan delinquencies, the branch also refinances loans and offers financial counseling to help keep lessees on their property.

In FY 2012, the Loan Services Branch issued 18 direct loans, totaling some \$3 million. The Loan Services Branch continues to place an emphasis on the collection of delinquent DHHL direct loans to replenish the revolving loan funds. The revolving funds are made available for new loans to homestead lessees for home purchases, home construction, repairs, sewer connections, and real property taxes. When loans are not repaid, it reduces the amount of funds available to other native Hawaiians.

The Department has existing MOUs with various lenders to guaranty loans of which the United States Department of

Agriculture's Rural Development ("RD") has the largest volume. DHHL guarantees RD's direct loans to its beneficiaries. In FY 2012, DHHL issued 29 guarantees to RD loans totaling some \$6 million.

In addition, the 2005 Legislature passed and the Governor signed into law Act 53, which amended section 208 (5) of the Hawaiian Homes Commission Act of 1920 to authorize lessees to enter into loans insured by private mortgage insurance acceptable to the Commission. Since August of 2005, three (3) local lenders, American Savings Bank, Bank of Hawai'i, and Hawai'i National Bank have created a program to provide financing to lessees. In FY 2012, these three lenders funded only four (4) loans totaling \$489,000. The minimal use of the program is attributed to the tightening of underwriting policies by the lenders' insurance partner, Mortgage Guaranty Insurance Corporation (MGIC). This program is currently being phased out by the lenders due to MGIC's new restrictions.

Lastly, in FY 2008, the U.S. Department of Housing and Urban Development's (HUD) 184A loan program was launched. The program enables the lessees and the lenders another option for financing. In the HUD 184A loan program, HUD guarantees the lenders' loans on DHHL leased land. Also, the guaranty fee paid by the lessee is less than the insurance premium the lessee would pay for a similar Federal Housing Administration 247 mortgage loan. There were 52 loans for \$13.4 million processed through the HUD 184A loan program during the 2012 fiscal year. The HUD 184A program has proven to be a very popular product for our lessees due to lower closing costs as compared to the other mortgage loan products.

District Operations Branch

The District Operations Branch is comprised of six district offices located on O‘ahu, Kaua‘i, Moloka‘i, Maui, and in East and West Hawai‘i. These offices provide frontline support and services to the homestead lessees, applicants, and homestead community associations by managing homestead areas and by assisting in various departmental projects in their respective areas. Neighbor island district offices also provide services to all other DHHL divisions and staff offices and serve as a liaison on behalf of the Chairman’s office as needed. Interacting with private, federal, state and county agencies, the branch provides and coordinates services for the native Hawaiian beneficiaries such as facilitating and processing lessee requests for lease closings; conveyances through successorships, transfers, or assignments; subdivision of homestead lots; relocations; surrenders of homestead leases; authorization to pursue home improvement permits; updating lessee files and successorship designations; and compliance with the conditions of the lease.

The O‘ahu District Office, in addition to servicing O‘ahu lessee requests, manages, coordinates and finalizes the processing of all transactions and legal documents for homestead lessees, including participating in contested case hearings and preparing submittals to the Hawaiian Homes Commission.

During FY 2012, the O‘ahu District Office completed 192 assignments of leases, 140 transfers through successorships, 83 lease amendments, and 489 ratifications for designation of successors.

As of June 30, 2012, there were 9,849 homestead leases statewide.

A large, lush green tree with dense foliage is the central focus, growing on a rocky, sloping hillside. The tree's branches are thick and its leaves are vibrant green. To the left, there are smaller bushes with yellow flowers. The background shows a clear blue sky and a distant, hazy horizon. The overall scene is a natural, outdoor setting.

– ‘Ōlelo No‘eau No. 328

-101. Purpose.] [Text of section subject to consent of Congress.]

(a) The Congress of the United States and the State of Hawaii declare that the policy of this Act is to enable native Hawaiians to return to their lands in order to fully support self-sufficiency for native Hawaiians and the self-determination of native Hawaiians in the administration of this Act, and the preservation of the values, traditions, and culture of native Hawaiians.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION · DEPARTMENT OF HAWAIIAN HOME LANDS

(b) The principal purposes of this Act include but are not limited to:

(1) Establishing a trust for the benefit and use of native Hawaiians, upon which they may live, farm, ranch, and otherwise engage in commercial or industrial or any other activities as authorized in this Act;

(2) Placing native Hawaiians on the lands set aside under this Act in a prompt and efficient manner and assuring long-term tenancy to beneficiaries of this Act and their successors;

(3) Preventing alienation of the fee title to the lands set aside under this Act so that these lands will always be held in trust for continued use by native Hawaiians in perpetuity;

(4) Providing adequate water and establishing infrastructure, so that homestead lands will always be usable and accessible; and

(5) Providing financial support and technical assistance to native Hawaiian beneficiaries of this Act so that by pursuing strategies to enhance economic self-sufficiency and promote community-based development, the traditions, culture and quality of life of native Hawaiians shall be forever self-sustaining.

(c) In recognition of the solemn trust created by this Act, and the historical government to government relationship between the United States and Kingdom of Hawaii, the United States and the State of Hawaii hereby acknowledge the trust established under this Act and affirm their fiduciary duty to faithfully administer the provisions of this Act on behalf of the native Hawaiian beneficiaries of the Act.

(d) Nothing in this Act shall be construed to:

(1) Affect the rights of the descendants of the indigenous citizens of the Kingdom of Hawaii to seek redress of any wrongful activities associated with the overthrow of the Kingdom of Hawaii; or

(2) Alter the obligations of the United States and the State of Hawaii to carry out their public trust responsibilities under section 5 of the Admission Act to native Hawaiians and other descendants of the indigenous citizens of the Kingdom of Hawaii. [L 1990, c 349, -1]

FISCAL OFFICE

The Fiscal Office is responsible for providing financial information,

accounting services, and establishing internal financial control policies and procedures for the Department.

Fiscal Office

The Fiscal Office is responsible for providing financial information, accounting services, and establishing internal financial control policies and procedures for the Department.

In order to evaluate the Department's past performance, reporting on current performance, and planning for the future, this division provides DHHL's management with various financial reports, as well as information on financial trends and developments.

The Fiscal Office also provides valid, reliable, properly classified financial data to: a) the State of Hawai'i Department of Accounting and General Services (DAGS) for incorporation in the State of Hawai'i Comprehensive Annual Financial Report (CAFR); b) DHHL's independent auditors for preparation of the Department's annual audited financial statements; and c) recovery.gov, the American Recovery and Reinvestment Act website.

In 2012, the Fiscal Office received and processed receipts from various sources, including DHHL's water systems, principal and interest on loans, non-homestead income producing leases (i.e., general leases, revocable permits, and licenses), sale of homes, and federal grants.

The Hawaiian Homes Commission Resolution 260 on Non-Homesteading Leasing of Trust Lands, adopted by the Hawaiian Homes Commission at its April 23, 2012, meeting, requires: 1) DHHL to disclose in its Annual Report annual revenues generated by each non-homestead land instrument; and 2) actual expenditures on Capital Improvement Projects and funding sources for the previous two (2) fiscal years. The Fiscal Office has provided this information to the Land Management Division and Land Development Division for inclusion in their sections of this year's Annual Report.

The Fiscal Office plays a vital role in establishing and maintaining internal controls to ensure the data in the financial statements and reports are reliable, safeguarding the trust's assets, promoting operational efficiency and ensuring the Department's operations are in compliance with DHHL's policies, goals and objectives as well as laws, rules and regulations that govern DHHL.

The Fiscal Office maintains the Department's accounting records and prepares the Department's financial reports, which conform to generally accepted government accounting standards.

The Department of Hawaiian Home Lands has passed its independent financial audit each year with an "unqualified audit opinion" which demonstrates that the Department has effective controls over the accounting of its revenues, expenditures, disbursements, assets, and liabilities.

The Department's draft fiscal year 2012 Financial Statements are presented on the following pages of this year's annual report.

– ‘Ōlelo No‘eau No. 365

-101. Purpose.] [Text of section subject to consent of Congress.]

(a) The Congress of the United States and the State of Hawaii declare that the policy of this Act is to enable native Hawaiians to return to their lands in order to fully support self-sufficiency for native Hawaiians and the self-determination of native Hawaiians in the administration of this Act, and the preservation of the values, traditions, and culture of native Hawaiians.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION DEPARTMENT OF HAWAIIAN HOME LANDS

(b) The principal purposes of this Act include but are not limited to:

(1) Establishing a benefit and use of native Hawaiians, upon which they may live, farm, ranch, and otherwise engage in commercial or industrial or any other activities as authorized in this Act;

(2) Placing native Hawaiians on the lands set aside under this Act in a prompt and efficient manner and assuring long-term tenancy to beneficiaries of this Act and their successors;

(3) Preventing alienation of the lands set aside under this Act so that these lands will always be held in trust for continued use by native Hawaiians in perpetuity;

(4) Providing adequate amounts of water and supporting infrastructure, so that homestead lands will always be usable and accessible; and

(5) Providing financial support and technical assistance to native Hawaiian beneficiaries of this Act to enhance economic self-sufficiency and promote community-based development, the traditions, culture and quality of life of native Hawaiians shall be forever self-sustaining.

(c) In recognition of the solemn trust created by this Act, and the historical government-to-government relationship between the United States and Kingdom of Hawaii, the United States and the State of Hawaii hereby acknowledge the trust established under this Act and affirm their fiduciary duty to faithfully administer the provisions of this Act on behalf of the native Hawaiian beneficiaries of the Act.

(d) Nothing in this Act shall be construed to:

(1) Affect the rights of the indigenous citizens of the Kingdom of Hawaii to seek redress of any wrongful activities associated with the overthrow of the Kingdom of Hawaii; or

(2) Alter the obligations of the United States and the State of Hawaii to carry out their public trust responsibilities under section 5 of the Admission Act to native Hawaiians and other descendants of the indigenous citizens of the Kingdom of Hawaii. [L 1990, c 349, -1]

LAND MANAGEMENT DIVISION

The Land Management Division is responsible for managing all

non-homestead DHHL assets. These lands comprise approximately

80 percent of the Hawaiian Home

Lands inventory and include lands utilized for agricultural production,

pastoral purposes, commercial and industrial uses. Through its various

land dispositions, LMD generates revenue to support homestead

development projects.

Land Management Division

The Land Management Division (LMD) is responsible for the management of all DHHL non-homestead assets. These lands comprise the bulk of Hawaiian Home Lands inventory (approximately 80%) and include those utilized for agricultural production, pastoral purposes, and commercial and industrial use. Through its various land dispositions, LMD generates revenue to support homestead development projects. LMD consists of three separate but interrelated branches: (1) Land Management, (2) Income Property and (3) Technical Services Branches.

The Land Management Branch (LMB) is responsible for the management of all lands unencumbered by homestead use. LMB also provides support to DHHL's Land Development Division (LDD) by issuing permits and licenses. Issuance of dispositions such as Right of Entry and License Easements to the various state and county agencies, which require access and use of Hawaiian Home Lands for infrastructure and utilities purposes, assists LDD prior to their development of homestead communities.

The Income Property Branch (IPB) is specifically tasked with generating revenue from the development and long term leasing of DHHL assets not slated for residential use. The income generated and the services provided by IPB are integral components of DHHL's goals toward self-sufficiency and community building. As such, IPB has an integral role towards one of the trust's primary goals, which is to place Native Hawaiians on the land.

The Technical Services Branch (TSB) manages the land inventory of Hawaiian Home Lands prior to homestead disposition. Its responsibilities include database management of all non-homestead assets. TSB has also had the distinction of managing the construction of DHHL's district offices and its headquarters in

Kapolei. TSB also oversees the appraisal process for the rental, acquisition, exchange, licensing, and general leasing of DHHL's non-homestead properties. Third party appraisers are hired for the valuation of LMD assets to ensure that the trust is fairly compensated by market standards in its dispositions.

In conjunction with the State of Hawaii, Department of the Attorney General, LMD continues to actively pursue illegal activities such as trespassing, squatting and dumping, off-road driving, hunting without a permit and rock and cinder removal on DHHL's unencumbered lands.

Mindful of the tough economic challenges that continue to impact our local economy the past three fiscal years, the Land Management Division has been vigilant in its administration of the trust's land assets. Watchful of local real estate trends, the business climate of the state, and economists' continual downgrade of our economy, LMD continues to prioritize its responsibilities in order to better serve the trust's goals and maintain its current revenue stream.

In conjunction with the department's Fiscal Office, LMD continues to find creative solutions to better serve our clients. Over the past two fiscal years, in an effort to reduce rent delinquencies, the two divisions have

improved the billing process and instituted a streamlined invoicing system. LMD continues to focus on attracting quality tenants with a proven track record of success for its long-term dispositions.

Ho‘omalūō, the department’s Energy Policy, which began several years ago, continues to grow as LMD works to provide leasing opportunities to developers of renewable energy projects on Hawaiian Home Lands. In its endeavors to be a model of self-sufficiency and green energy sustainability, DHHL, in cooperation with the Department of Business, Economic Development and Tourism’s (DBEDT) Hawai‘i State Energy Office, has become a leader in the state with its clean-energy initiatives, having issued several solar projects on Hawaiian Home Lands.

Improvements in Transparency on Non-Homestead Use of Trust Lands

In FY2012, LMD broke new ground at the Department in an effort to improve transparency on DHHL land dispositions and land holdings, as directed by the Hawaiian Homes Commission through the approval of Resolution 260.

In April 2012, the Commission approved Hawaiian Homes Commission Resolution on Non-Homesteading Leasing of Trust Lands (a.k.a. Resolution 260). Resolution 260 aims to improve transparency in data reporting, land disposition, land value & benefits, and administration & capital project funding.

While LMD has provided thorough records of land use instruments, including general leases, licenses, revocable permits, and right of entry permits, in previous DHHL annual

reports, the implementation of Resolution 260 on May 1, 2012, has boosted the Department’s transparency efforts.

Full implementation of Resolution 260 remains a work-in-progress. LMD estimates full and final implementation of Resolution 260’s reporting requirements in the Department’s FY2013 Annual Report.

Significant Events

- **License No. 774
Homestead Community Development Corporation (HCDC)
Waimea, Hawai‘i**
The Hawaiian Homes Commission approved the issuance of a license for approximately 161 acres to HCDC for a proposed Waimea community facility to include a cultural, educational, and economic benefit for the surrounding Waimea/Kamuela area.
- **General Lease No. 293
Kalaeloa Solar One, LLC
Kalaeloa, O‘ahu.**
The Hawaiian Homes Commission approved and consented to adding an additional 48 acres to an existing 34-acre premise (for a total of 82 acres) to allow for the sublease of a portion of the site to Sun Power Corporation. The additional acreage will be used to expand the current proposed system, which employs Concentrate Solar Power technology, to incorporate a photovoltaic component to the project. It is believed that the combination of the two technologies is the first of its kind in one project. This portion of the system is to be completed in December 2012.

Interagency Working Group and Beneficiary Consultation

LMD has been instrumental in the formation of an interagency working group

consisting of State of Hawai'i landowners and private landowners in the Pu'unēnē region of Maui. The group was formed in anticipation of providing the much-needed infrastructure prior to development of the region. It is comprised of the Department of Public Safety (DPS), whose interest in the region is to relocate the Maui Community Correctional Center from Kahului to Pu'unēnē; Department of Accounting and General Services (DAGS), whose interest is the planning and implementation of the Maui Community Correctional Center; Department of Land and Natural Resources (DLNR), the largest land holder in the area; and the Department of Hawaiian Home Lands (DHHL). DHHL has taken the lead in securing water and wastewater infrastructure resources and facilities that are currently unavailable in the region.

DHHL held a beneficiary consultation meeting to present the department's development plans to our Maui homesteads. The department received general support from the community on its development plans for the area. The development of a water resource and wastewater facilities for Pu'unēnē will make the current fallow area suitable for future development. The Maui homestead community can begin planning future use of a portion of the 646-acre Hawaiian Home Lands parcel located mauka of Mokulele Highway.

Sandwich Isles Communications, Inc. Accomplishments

2009 – 2011 Status Report

Sandwich Isles Communications, Inc. (SIC) continues to work closely with DHHL's LMD and LDD in the planning, design and construction of its residential developments and commercial projects statewide. SIC

is responsible for the cost of design and construction of all telecommunications infrastructure which service new projects on Hawaiian Home Lands. This includes installation of underground ducts, handholes and manholes, underground cabling and miscellaneous telephone equipment. SIC is committed to providing DHHL with the highest quality of service and therefore is the first service provider in the state to install fiber optic cabling to each residential home. Due to the large number of homes with copper cable SIC expects this project to be completed in 2012.

This fiscal year saw the continuation and near completion of projects started in fiscal years dating back to 2007. Construction work continued through this period on the Anahola Unit 6 project on 10 Self-Help homes completed in 2010. The Kekaha Residence projects on Kaua'i, and the Kaupe'a, Kānehili, Kaupuni and Kumuhau projects on O'ahu were completed in 2009/2010. In 2010, construction in East Kapolei II started with the East West Road. Construction on the La'i 'Ōpua Village 5 project was completed in 2011.

During this period SIC also completed the Safeway/Target project in Pana'ewa and started construction on the Ke Kula 'o Samuel Kamakau Charter School in Ha'ikū Valley, O'ahu. SIC is currently completing service installation to the U.S. Coast Guard Facility located atop Kamehame Ridge. They are engineering the service installation to the Kalaeloa Solar One project in Kalaeloa, O'ahu.

When SIC first started building infrastructure to service the various DHHL properties throughout the state the technology was based on copper cabling

to the homes. From 1997 to today the technology has advanced from copper to fiber optic cabling. SIC made the decision in 2006 to install fiber optic cabling to all new residential projects starting with Kekaha and Kaupe'a projects. This provides the capability for unlimited bandwidth to each home. In 2010, SIC initiated a project to replace all copper cabling with fiber optic cable.

Their most recent noteworthy project is the offering of cellular phone service to SIC customers which commenced in 2011. As part of the service rollout SIC has plans to improve cellular coverage by installing new cell towers.

– ‘Ōlelo No‘eau No. 2685

-101. Purpose.] [Text of section subject to consent of Congress.]

(a) The Congress of the United States and the State of Hawaii declare that the policy of this Act is to enable native Hawaiians to return to their lands in order to fully support self-sufficiency for native Hawaiians and the self-determination of native Hawaiians in the administration of this Act, and the preservation of the values, traditions, and culture of native Hawaiians.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION DEPARTMENT OF HAWAIIAN HOME LANDS

(b) The principal purposes of this Act include but are not limited to:

(1) Establishing a trust for the benefit and use of native Hawaiians, upon which they may live, farm, ranch, and otherwise engage in commercial or industrial or any other activities as authorized in this Act;

(2) Placing native Hawaiians on the lands set aside under this Act in a prompt and efficient manner and assuring long-term tenancy to beneficiaries of this Act and their successors;

APPENDICES

(3) Preventing alienation of the fee title to the lands set aside under this Act so that these lands will always be held in trust for continued use by native Hawaiians in perpetuity;

- General Leases

- Licenses

(4) Providing adequate and supporting infrastructure, so that homestead lands will always be usable and accessible; and

- Revocable Permits

- Rights of Entry

(5) Providing financial support and technical assistance to native Hawaiian beneficiaries of this Act so that by pursuing strategies to enhance economic self-sufficiency and promote community-based development, the traditions, culture and quality of life of native Hawaiians shall be forever self-sustaining.

(c) In recognition of the solemn trust created by this Act, and the historical government to government relationship between the United States and Kingdom of Hawaii, the United States and the State of Hawaii hereby acknowledge the trust established under this Act and affirm their fiduciary duty to faithfully administer the provisions of this Act on behalf of the native Hawaiian beneficiaries of the Act.

(d) Nothing in this Act shall be construed to:

(1) Affect the rights of the descendants of the indigenous citizens of the Kingdom of Hawaii to seek redress of any wrongful activities associated with the overthrow of the Kingdom of Hawaii; or

(2) Alter the obligations of the United States and the State of Hawaii to carry out their public trust responsibilities under section 5 of the Admission Act to native Hawaiians and other descendants of the indigenous citizens of the Kingdom of Hawaii. [L 1990, c 349, -1]

 (2) *Placing native Hawaiians on the lands set aside under this Act in a prompt and efficient manner and assuring long-term tenancy to beneficiaries of*

(1) Establishing a permanent land base for the benefit and use of native Hawaiians, upon which they may live, farm, ranch, and otherwise engage commercial or industrial or any other activities as authorized in this Act.

(a) The Congress of the United States and the State of Hawaii declare that the policy of this Act is to enable native Hawaiians to return to their lands in order to fully support self-sufficiency for native Hawaiians and the self-determination of native Hawaiians in the administration of this Act, and the preservation of the values, traditions, and culture of native Hawaiians.

(b) The principal purposes of this Act include but are not limited to:

(1) Establishing a permanent land base for the benefit and use of native Hawaiians, upon which they may live, farm, ranch, and otherwise engage in commercial or industrial or any other activities as authorized in this Act;

(2) Placing native Hawaiians on the lands set aside under this Act in a prompt and efficient manner and assuring long-term tenancy to beneficiaries of this Act and their successors;

(3) Preventing alienation of the fee title to the lands set aside under this Act so that these lands will always be held in trust for continued use by native Hawaiians in perpetuity;

(4) Providing adequate amounts of water and supporting infrastructure, so that homestead lands will always be usable and accessible; and

(5) Providing financial support and technical assistance to native Hawaiian beneficiaries of this Act so that by pursuing strategies to enhance economic self-sufficiency and promote community-based development, the traditions, culture and quality of life of native Hawaiians shall be forever self-sustaining.

(c) In recognition of the solemn trust created by this Act, and the historical government to government relationship between the United States and Kingdom of Hawaii, the United States and the State of Hawaii hereby acknowledge the trust established under this Act and affirm the fiduciary duty to faithfully administer the provisions of this Act on behalf of the Hawaiian beneficiaries of the Act.
