| Amount at Credit on 30th November, 1909.....  | <u>\$4,750,000 00</u> |

There has been a steady improvement in trade conditions through the country, and the business of the Bank shows an increase in every department.

Nine Branches of the Bank have been opened during the year, and one has been closed, making the number of Branches now 77.

The new Branches are Roncesvalles Avenue, Toronto, and Kingston, in Ontario; Benito, in Manitoba; Elstow and Kennedy, in Saskatchewan; Calgary and Lethbridge, in Alberta, and Vancouver and New Westminster, in British Columbia.

An appropriation of \$77,650.47 has been applied in reduction of Bank Premises account, making that account \$800,000, the same amount as last year.

An amount of \$250,000 has been transferred from Profit and Loss Account, and added to the Rest, making that Fund now stand at \$4,750,000.

All of which is respectfully submitted.

W. H. BEATTY,  
*President.*

The President in moving the adoption of the Report said :—

**GENTLEMEN** :—I shall detain you a very short time while I make a few remarks of a general character respecting business conditions and comment upon some features in the Report which has just been presented.

A year ago our neighbors in the United States were just entering upon a recovery from the depression which followed the panic of 1907 and such recovery has been of an unusually satisfactory and progressive character.

We in this country have, at the same time, been making quiet, steady improvement owing to unusually favorable conditions. It has again been impressed upon us that the great sources of wealth in this country are our productive soil, our mineral resources, our timber forests and our fisheries. An enlargement of the area of lands brought under cultivation has been accompanied by an increase in the quantity and value of our field crops. In 1901 our field crops were valued at \$194,953,000, in 1908 at \$430,000,000, and those of 1909 are estimated at \$532,000,000, being an increase for the year of over \$100,000,000. In this connection it is interesting to note that the field crops in our own Province of Ontario show an increase this year of over \$15,000,000, and that their value represents \$200,000,000 of the total of \$532,000,000 above mentioned.

Our mineral production in 1901 was about \$48,000,000, in 1908 \$130,000,000.

Accurate figures for lumber, live stock, dairy products and from our fisheries are not ascertainable, but it is quite safe to say that if these were added to the products of agriculture and of the mine the aggregate amount realized from these sources of our national wealth would, for the year 1909, be over \$1,000,000,000.

The past year has also seen a substantial addition to the population of the Dominion, which is now estimated at 7,350,000. About 90,000 of this year's immigrants came from farming districts in the United States, and brought substantial sums of money with them, which have directly contributed to the increase in Bank deposits and to the available capital of the country.

There have been large expenditures upon Railway construction (over 1,100 miles having been constructed this year in the Western Provinces alone), the funds for which have been largely provided by borrowings abroad.

The aggregate of capital brought into this country by the sale in foreign markets of securities of Dominion and Provincial Governments, of Municipalities and of many large industrial enterprises, has also run into large figures.

As a result of the prosperity arising from the foregoing causes, our manufacturers have been regaining their activity, our importers have been benefiting by larger sales of goods, labor of all kinds has found steady and remunerative employment, and increased trade is evidenced by larger Bank Clearings, larger railway earnings, greater volume of exports and imports, larger circulation of bank notes and an increase in deposits.

The Dominion is only at the beginning of the development of its lands and other natural resources and we can, therefore, look forward with confidence and have large expectations as to its future.

At the same time we must not be unmindful of some unfavorable features that present themselves. The extent to which speculation in real estate is being carried on in parts of our Dominion is suggestive of danger, and the high cost of commodities and the great increase in the cost of living will have a very serious influence upon our continued development.

As the time for renewal of Bank Charters is at hand a revision of the Bank Act is engaging the attention of the Government. The working of the Act during the past ten years has, we believe, on the whole, been satisfactory to the country. All parts of the Dominion are liberally supplied with banking facilities, and the Banks have loyally striven to promote the best interests of the people. We do not, therefore, anticipate that any radical changes will be proposed by the Government.

# THE BANK OF TORONTO

Referring now to our own Report which has just been presented, the notes in circulation show an increase over a year ago of \$333,726. We have availed ourselves of the privilege given to Banks under which they are permitted to issue Bank notes in excess of the amount of the paid-up capital, and our circulation at its highest point reached \$4,358,000. The deposits show an increase for the year of \$7,694,092, and, although some amounts of a special character have contributed thereto, yet there has been a very general increase at all branches of the Bank. Current commercial loans show an increase of \$4,057,137, and the total loans, including call loans, have increased \$6,417,139.

These figures show that the Bank has shared in the general growth of the country and has obtained its fair proportion of the additional business resulting therefrom.

Your attention is also called to the expansion of the Bank in the number of new offices that have been opened, all of which we hope will, in years to come, prove a source of strength and earning power to the Bank.

We would have been glad at the same time to have been able to exhibit a larger amount of profits earned for the year, but the Bank carried much larger reserves than usual on which no interest has been obtained. The rates for call and short time money for the greater part of the year were very low, and the interest bearing deposits increased more rapidly than the borrowings of our commercial customers.

Under the conditions which existed we are gratified we can present as favorable a statement of earnings. After the payment of dividends, contributing to the Officers' Pension Fund and writing an amount off Bank Premises, which reduced the amount of that account to \$800,000, we have been enabled to add \$91,820.62 to our Profit and Loss Account. We have, therefore, thought it wise to transfer \$250,000 from Profit and Loss Account and add this amount to Rest Account, making that Fund now stand at \$4,750,000. After so doing we are still able to carry forward in Profit and Loss Account the sum of \$68,871.49.

I have pleasure now in moving that the Report which has just been presented to you be received and adopted.

The Motion was seconded by the Vice-President, MR. W. G. GOODERHAM, and carried. It was also resolved that printed copies of the Report be distributed to the Stockholders.

Moved by MR. J. L. ENGLEHART, seconded by FREDERICK LEM. GRASSETT, M.D., and

*Resolved*—That the thanks of the Stockholders be given to the President, Vice-President and Directors for their care and attention to the interests of the Bank.

The balloting for Directors for the ensuing year then took place, and the result was reported by the Scrutineers to the Chairman as follows:—
