Dear Sir,

..... John Evans of Branäs Ucha also pays 5 l modus for hay and grain and he receives from Robt Foulks of Tyn y ffordd from 8-10s ... as tithes of a meadow called Gwern y Crythor the sum varies according to the crop he is also exempted from paying tythes for Pwl Gwgan that is in his own holding. Both those pieces were in the property of the Duke of Ancaster. Gwern y Crythor was lately purchased by Sir Edw Lloyd [? Mostyn] and Pwll Gwgan by Mr Evans of Bodwenni which piece he wished to arrange to this modus also exempt from payg tithes a field and a piece of field in the holding of Hugh Edward Sir W's tenant at Tyn y Graig. This is all claimed under this modus John Evans of Branäs says this field and the part of a field in the holding of the tenant of Tyn y graig are a part of Branäs Ucha farm and a few years ago.

This field and the piece were let by Sir Watkin's tenant of Branäs to the tenant of Tyn y Graig with the tyth included but abt 7 years ago the then agent took this field and piece from Branäs farm and added them to Tyn y Graig Tithe and all, and no tithe have been paid from these grounds.

John Evans says that he can oath that he heard an old man in that neighbourhood say that Gwern y Crythor and Pull Gwgan was part of Branäs Ucha farm but the owner getting poor sold them to get money before he sold the whole of the farm and he thinks that those pieces and farm were sold by Morgan Branäs abt eight score years since. But what he has heard I suppose can't be an evidence

Yearly value

Gwern y Crythor abt 5.0.0

Pwll Gwgan do 5.0.0

Field & part of Tyn y Graig do 7.0.0

Branäs Ucha do 110.00

127.0.0 under one modus

Glanllyn June 21st 1789

Dear Sir

I got Robt Lloyd late of Tyn y Maes now Ty Ucha to make the foregoing valuation he has gathered the Tythes of Llandrillo for eight years last past and he says that he could not be more exact had he been upon oath as to the value, all the pastures except those written rough pastures have been one time or the other plowed
 A farm holder in this parish pays nothing for herbage but 1d per cow that caved 2d for each mare that drops a fole. Branas Isa have sowed abt the same quantity of grain this year as they used to do and greazed abt the quantity of land as usual – Branas Ucha sowed less this year of about 157 acres of oats less than usual and greazed more of nearly ... as Ddol Fawr, for they keep 3 cows more than they have most years – I have not costed up nor brought forward sums each piece amounts to for I did not know wd it be of used to be accurate as to the pence and farthings.

Mr Evans of Bodwenni I have seen today he has not had the valuation he promised he had not seen the man but the person that attended Mr Robt Edwards told Robt Cadwalader’s son that Branas Isa valued to £17.16s.6d and that Branas Ucha from £12-13 but if you wish to know before Mr Evans will let you, give me a line & I will ... Mr Edwards for the valuation. I think he will not refuse me. I am sorry to so bad an account of Sir Watkin’s health I hope he is better. Will you give my respectful complements to Mr Evans when you see him. I am dear sir
