

iFeel™ MouseMan®

Point, Feel and Click

optical

Interactive experience

Don't just see it, feel it! This mouse lets you know where you are, through distinct vibrations, as you move over bookmarks, pull down menus, web links and more. Now you can feel where your mouse goes. And there's no special software needed. Everything you need to feel it, is in the box.

Provides smooth, optical performance

This high-precision mouse glides across hundreds of surfaces, recording motion optically without a ball or rollers. There are no moving parts to break down. Even after months of using, you'll never have to stop and clean it.

Designed to fit your hand

Logitech's innovative mouse was designed to fit your hand and to maximize comfort and performance. Rest your hand on the

gentle slope of this mouse and the buttons and scroll wheel fall under your fingers. The handy side button is right under your thumb. Putting the buttons and scroll wheel at your fingertips, the iFeel MouseMan® has 4 customizable buttons, including a convenient thumb button.

Save time with one-click shortcuts

Logitech MouseWare software already assigns double clicking with a single click and other shortcuts to the buttons. A pull down menu of available shortcuts makes it simple to change the settings to meet your needs.

Built to last

This mouse is made for a long life with the quality of Logitech, the world's largest maker of mice, which has sold more than 300 million mice and the first to introduce a mouse that lets you feel the web and your desktop.

iFeel™ MouseMan®

Point, Feel and Click

Easily navigate the web

Just click the scroll wheel and Logitech's WebWheel feature pops up to give you easy access to browsing commands and web sites without leaving your current application. Roll the wheel to move back and forth between web pages, or select another command and go directly to your favorite sites. WebWheel comes with five preset sites and makes it simple to customize your own sites.

Warranty

The Logitech iFeel MouseMan® includes a five-year limited warranty.
