

The advertisement features a central image of a silver and black FreeCOM DataBar USB flash stick with a sliding mechanism. The stick is shown in two positions: one with the USB connector retracted and one with it extended. The text 'FreeCOM' and '64GB' are visible on the stick. In the background, a laptop is shown with the stick plugged into its USB port. The overall design is clean and professional, with a white background and a light blue accent color.

ACCESS YOUR FILES ANYTIME. ANYWHERE!

Freecom DataBar has always provided the ultimate cost-effective mobile storage solution for people on the go. Offering capacities up to 64GB we launch our newly designed DataBar which is even smaller and stronger than before!

The Freecom DataBar features a sliding mechanism that enables users to retract the USB connection into the stick when not in use. This simple concept strikes a perfect balance between elegant design and practicality, eliminating the need for a separate cap to protect the USB connection.

Working on a presentation, a document or e-mails and need to take them with you? No problem! Want to share new MP3 files or digital pictures with your friends? It is really easy! Simply copy the files onto DataBar and take them with you. To access your data, simply plug DataBar into any PC or MAC – without the need for software drivers, bulky cables or adapters. Anytime. Anywhere!

FRECOM DATA BAR USB 2.0

- Save, access and share data with colleagues and friends
- Slimline design allows direct placement next to other USB devices
- Easy installation, no drivers needed, powered by the USB port
- Retracting capless design with intuitive sliding mechanism
- Available in capacities from 2GB up to 64GB
- Compatible with PC, notebook and Mac allowing cross platform file sharing
- Ideal for storing and sharing digital pictures, music files, text files, spreadsheets & presentations
- Designed in collaboration with acclaimed Dutch industrial design agencies Niels in Vorm and EigenID

IDEAL FOR HOME AND OFFICE USE

HOME USE

- Store all your digital photo's, music, movies, games
- Take the Freecom DataBar with you and share your files with friends

OFFICE USE

- Store your spreadsheets, documents, presentations
- Take the DataBar home or on the road and work on your files away from the office
- Share data between computers and networks
- Use the Freecom DataBar for software installations/updates on multiple PC's

RETRACTABLE CAPLESS DESIGN

Never lose the cap of your USB stick anymore. The clever sliding mechanism eliminates the need for an additional cap to protect the electronics of the USB connector. You simply pull the connector back into the enclosure. Ease of use at its very best!

DRAG AND DROP FILES

Drag a file here, drop it there. Use it to exchange, save or share files on any PC or Mac. The DataBar is renowned for its ease of use, durability, practicality and affordable purchase price, making it the ideal USB Stick for business people, students and home users.

UP TO 64 MOVIES

Got a lot of files? Need more space for your pictures? Want to back up your PC? The DataBar is available in amazingly high capacities of up to 64GB. With that kind of space you can easily save over 43.000 pictures on your DataBar.
