
FU3822

Secvest switching power supply

Supply the Secvest 2WAY components, such as the universal module and control unit with the necessary power using the FU3822 Secvest switching power supply unit.

FU3822

Secvest switching power supply

Technical Data

Type:	Switching power supply	Connection 12 V:	open cable end
Input voltage:	100 – 240 V/AC 50/60 Hz	Output cable length:	approx. 1.5m
Input current:	max. 0.45 A	Dimensions (WxHxL):	approx. 44 x 69 x 83 mm
Output voltage:	12 V/DC \pm 0.6V	Colour:	White
Output current:	1.5 A	Weight:	approx. 190 g
Output:	18 W
