**Agreement on Preshipment Inspection
Independent Entity**

Original: English

LIST OF EXPERTS FOR INDEPENDENT REVIEWS

Revision

Article 4(a) of the Agreement on Preshipment Inspection provides for independent review procedures to be administered by an independent entity (IE). Article 4(b) of the Agreement foresees that the IE shall establish a list of experts; members of panels to be set up by the IE in case of disputes shall be chosen from that list. The list is to be made publicly available and circulated to all WTO Members.

Annex I of the Decision on the Operation of the IE, adopted by the General Council on 13 December 1995 (WT/L/125/Rev.1) contains the Agreement between the WTO, the International Chamber of Commerce (ICC) and the International Federation of Inspection Agencies (IFIA). Under paragraph 2 of this Agreement, the ICC and IFIA shall jointly "draw up, and update annually, their respective lists of experts as provided for in paragraph (b)(i) and (ii) of Article 4 of the PSI Agreement, and assist the IE in drawing up and updating the list of independent trade experts as provided for in paragraph b(iii) of that Article; ...".

The attached document is the first annual update of the list of experts that was circulated in document G/PSI/IE/1. It is being circulated for the information of Members.

INDEPENDENT REVIEWS OF PRESHIPMENT INSPECTION ACTIVITIES

LIST OF EXPERTS FOR INDEPENDENT REVIEWS

The experts in this listing are, subject to availability at the appropriate time, prepared to be chosen to serve as members of Independent Review Panels in accordance with Article 4 of the WTO Agreement on Preshipment Inspection.

The list is divided into three sections:

- Section 1: "Experts for PSI Companies" are those experts nominated by the International Federation of Inspection Agencies (IFIA)
- Section 2: "Experts for Exporters" are those experts nominated by the International Chamber of Commerce (ICC)
- Section 3: "Independent Trade Experts" are those experts who may serve as chairmen of panels, nominated by the Independent Review Entity (IE).

An exporter and PSI company involved in a dispute are each requested to select three non-affiliated persons from their respective sections (1 and 2) of the list taking into account the geographical location of the dispute and the common language of the parties.

If a three-person panel is to be established: the IE will appoint one person, depending upon availability, from each of the three names put forward by the exporter and PSI company. The IE will also appoint one person from Section 3 of the list to serve as chairman.

If a one-person panel is to be established: the IE will select one person from the Independent Trade Experts list to serve as a sole panel member.
