Tyler Moore
Section Chief, BOEM, Alaska Regional Office
3801 Centerpoint Drive, Suite 500
Anchorage, Alaska 99503-5823

December 13, 2021

Dear Mr. Moore,

Environment America works to protect the places that Americans love and promote core environmental values we share, such as clean air to breathe, clean water to drink, and clean energy to power our lives. Along with our state affiliated groups, we are submitting the attached 9,982 signatures calling for the Bureau of Ocean Energy Management to protect Alaska's endangered beluga whales by canceling Lease Sale 258 in Cook Inlet.

Each of the 9,982 people signed the following letter:

Docket # BOEM-2020-0018-0049

Cook Inlet is home to a unique population of beluga whales that has been on the decline for decades.

Since 1979, Cook Inlet's belugas have dropped in number by 80%, and their population is still struggling to recover. One of the major threats facing these iconic Arctic whales is the pollution and habitat destruction that results from oil and gas exploration and drilling. Cook Inlet's iconic belugas are already struggling for their survival -- and new oil and gas projects in Cook Inlet that will pollute and fracture their habitat could be the final nail in their coffin.

One million acres of land are currently up for sale to entities that would develop them for oil and gas drilling. To protect Cook Inlet's endangered beluga whales, I urge you to cancel the lease sales in Cook Inlet.

When we drill, we spill, and leasing more of this sensitive habitat for oil and gas drilling would put Cook Inlet's amazing wildlife and coastal communities at risk. Expanding drilling anywhere in the inlet poses an unconscionable risk to the belugas; oil spills don't heed arbitrary borders, and the areas where belugas congregate may change as range patterns shift with rising sea temperatures. Only cancelling the lease sale will ensure that the inlet's belugas and other amazing wildlife will have a chance to survive and thrive for decades to come. On behalf of thousands, we urge you to cancel this lease sale and protect our coast.

Sincerely,

Dyani Chapman
Alaska Organizer
Environment America
