Valid Stonefly Names for North America

by **B.P. Stark, R.W. Baumann, and R.E. DeWalt**

Updated as of 3/19/2009

This static list of names is the most complete listing of valid stonefly names for North American species. The list also provides author names for all species and all states and provinces of USA, Canada, and Mexico and some Mesoamerican countries where the species have been reported in peer reviewed literature. To find complete nomenclatural information, literature associated with the order, families, genera, and species, and photographs of selected species please go to <http://plecoptera.speciesfile.org>.
