## THE HISTORY OF ASHFORD UNIVERSITY

### FOUNDING

The history of Ashford University begins in 1891, when Father John Murray invited the Sisters of St. Francis to help him teach students in Clinton, Iowa. By 1893, the Sisters were able to purchase some land in Clinton, on which they established their mother house and the Mount St. Clare Academy, a prep school for girls. The Academy and mother house quickly outgrew their old building. In 1910, the mother house and the academy moved into the newly constructed Mount St. Clare building.

Seeing a need for teachers in Clinton County and the surrounding area, the Sisters founded Mount St. Clare College, the predecessor to Ashford University, in 1918. At that time, the Mount St. Clare Academy, College, and Convent were all housed in the same building.

### EXPANSION

In 1950, the North Central Association of Colleges and Schools first accredited Mount St. Clare College. Following the accreditation, the school quickly began to expand. The sisters moved into an adjoining convent building in 1956. A new library and gym were opened a few years later. During the '60s, the Science Hall was opened. And in 1967, the college became coeducational.

For the 1979-1980 school year, the college received approval for its first four-year degree, a Bachelor's program in business administration. The following year, the Mount St. Clare Academy merged with St. Mary's High School in Clinton, forming Mater Dei High School (now known as Prince of Peace Academy). With the space freed by the academy's merger, the school began to offer additional four year programs.

In 1997, the sisters moved off campus into their new mother house, The Canticle. In 1998, the Durgin Educational Center was opened, which included new athletic facilities, including Kehl Arena.

### BECOMING A UNIVERSITY

In 2002, Mount St. Clare College began to offer a Master's program over the internet. In conjunction with the expanded course offerings, the school changed its name to The Franciscan University, and the name of the athletic teams were changed from "The Mounties" to "The Saints." In September 2004, the school modified its name to The Franciscan University of the Prairies, in order to avoid confusion with similarly named schools.

In March 2005, the University was purchased by Bridgepoint Education, Inc. After the completion of the sale, the institution's name was changed to Ashford University. The school also dropped its affiliation with the Roman Catholic Church and became a for-profit institution.

For more details, see the Ashford Timeline on page 66.

## COMMENCEMENT **SPEAKER**

### **LEX GILLETTE**

Elexis “Lex” Gillette is the best totally blind long and triple jumper in the history of U.S. Paralympics. He is the current world record holder in the long jump, a three-time Paralympic medalist, a two-time long jump world champion, and a 16-time national champion. He is the only totally blind athlete in the world to eclipse the 22-foot barrier in the long jump. Think all of this came easy, think again.

The average eight year old child can be seen riding a bicycle, shooting baskets, or playing at a nearby playground, but Lex Gillette was far from being your average child. In 1992, Gillette witnessed his eight years of sight slowly fade away due to recurrent retina detachments. Ten operations couldn’t stabilize what little sight that he had. After the final operation, Verdina Gillette-Simms, Lex’s mother, had the difficult task of telling her son that he would most likely never see again. As difficult as this was, Gillette-Simms vowed to teach her son everything that he would need to know in order to be successful in life. Today, her efforts can be seen through the excellence of her son.

At 19 years of age, Gillette saw his dreams come true by winning his first silver medal in the long jump at the 2004 Paralympic Games in Athens, Greece. Since that performance, Gillette has solidified himself as a top-notch competitor for Team USA by achieving medal winning performances at every major international competition he has attended to date. His latest achievement includes winning gold in the long jump at the 2015 ParaPan American Games that were held in Toronto, Canada. Another thing that is really impressive is that Gillette has successfully balanced education and athletics by achieving both a bachelor’s degree and master’s degree while continuing to compete at a high level. He earned his bachelor’s degree in recreation management from East Carolina University and his master’s degree in business administration from the University of Phoenix.

Gillette set his sights on the 2016 Paralympic Games with aims to make his fourth consecutive U.S. Paralympic team. Though he had a goal to win gold for the U.S.A., Gillette finished with a silver medal in the long jump.

As an athlete, motivational speaker and singer/songwriter, Lex Gillette epitomizes the phrase, “No Need for Sight When You Have a Vision.”
