Cable Management Panels

Features and Benefits

Cable Management is an important part of any installation. Combining aesthetics with functionality, the Molex Premise Networks range of rack mountable cable management products offer cable management with minimal effort. Manufactured using a high quality metal gauge and finished in graphite or RAL 7032 (beige) colours, these products complement Molex Premise Networks Patch Panel range.

The 1 and 2U Ring Run Panels, come complete with flexible plastic rings which are designed to aid installations by providing a speedy method of cable dressing. Blank Panels (1 and 2U) provide the in-fill for the tidy looking cabinet installation. The 1U Cable tidy brush panel offers the user the ability to hide unsightly cables behind the brush, but with the convenience of access to these cables if necessary.

- Styling complements Molex Patch Panel Range
- Graphite and RAL 7032 (beige) colour finishes available
- Plastic rings allow flexibility and convenience
- Available in 1U & 2 U
