# eFLOW<sup>®</sup> PRO ELECTRIC BARBECUE

FROM  
P. 76

This electric grill doesn't just get BBQ fans all fired up, it also captures their imagination. The sophisticated features – making it in no way inferior to its siblings – are reflected in its modern design. The cast aluminium elements contribute their part to this exciting look. At the same time, however, they also give the eFLOW<sup>®</sup> its unparalleled stability, which lies rooted in its compact design. The combination of design and performance thus predestines it for use on small balconies. And now brand new: The eFLOW<sup>®</sup> in a matt graphite finish of the Shadow series. A new look that once again will be sure to WOW anyone who sets eyes on it.

NEW

# BBQ TECHNOLOGIES

# FASTER, HOTTER, SIMPLY DELICIOUS.

## THE ENDERS TURBO BURNER

The TURBO ZONE™ allows you to grill using infrared heat like a real professional. With a top temperature of up to 400 °C on the grill, it will help you achieve the perfect barbecue aroma and flavour for excellent steaks.

**TURBO  
ZONE**®

-  Freely adjustable and turbo-fast from the lowest to the highest temperature
-  Simply turn the red knob and the TURBO ZONE™ delivers max performance straight away
-  Clearly recognisable by the visible red glowing stainless steel mesh of the flame tamer
-  Hot frying at maximum temperature gives meat that delicious smoky flavour
-  Meat stays much juicier and much tastier

**300 °C**  
IN THE COOKING  
CHAMBER

**400 °C**  
ON THE GRILL

**800 °C**  
TURBO ZONE™

**TURBO CONTROL**

# TEMPERATURE CONTROL

**HEAT RANGE**<sup>®</sup>  
BRENNERSYSTEM

While previously, many years of barbecue experience may have ensured a passable barbecue result, today, Enders HEAT RANGE technology and its professional heat control and distribution features guarantee your barbecue will be an all-round success. From the stainless steel burner to the flame tamer to the grill grate, the barbecue features are perfectly coordinated to guarantee that temperature is perfectly controlled, from low cooking at approx. 80 °C to the maximum heat of 400°C on the grill to sear your steak to perfection.

- 🔥 Constant temperatures from 80 °C up to 300 °C in the cooking chamber, up to 400 °C directly on the grill
  - 🔥 Reaches the maximum grill temperature is significantly faster
  - 🔥 Even heat distribution over the entire grilling surface including the front section
  - 🔥 New flame tamers minimise flare-ups
- UNIQ PRO, KANSAS II PRO, MONROE PRO, COLORADO, BOSTON BLACK and CUBIQ PRO model series all equipped with HEAT RANGE technology

Barbecue with precision temperature control from 80 °C to 400 °C.

# EFFORTLESS CLEANING

Enders' patent-pending, innovative solution for quick and easy cleaning of your barbecue in just a few steps:

- The entire combustion chamber and the fat trays have smooth surfaces – without corners and edges – and can be removed without tools
- All removable components are made of stainless steel and are dishwasher-proof or easy to clean by hand
- Kiss goodbye to annoying grill cleaning of hard-to-reach corners
- The UNIQ PRO, KANSAS II PRO, MONROE PRO, eFLOW PRO as well as the eCRAVE, feature SIMPLE CLEAN system

# THE ROOF IS ON FIRE

VERTICAL

ANGLED

HORIZONTAL

The Cruster® can be freely adjusted in height and angle of inclination via two T-buttons.

The Cruster®. Conceived, designed and built to turn the concept of barbecue on its head. A world first that will henceforth be enthroned at the very top of the food preparation chain and leave everything else for dust. It's raining fire. And the principle behind this natural spectacle? Anything but half-baked. The Cruster® uses the proven technology of the backburner and reaches peak temperatures of up to 800° C through infrared radiant heat. What makes it unique, however, is its versatility. Disguised as a back burner, the Cruster® can be converted into a top-heat grill within seconds. It can be adjusted almost freely in height and in its angle of inclination and thus offers unlimited possibilities for the preparation of various dishes. Whether pizza, thicker pieces of meat, casseroles or crème brûlée – the Cruster® turns the art of barbecue on its head.

The ceramic burner in a vertical position is ideal for rotating skewers: whether gyros, kebabs, grilled chicken or a crispy duck - the cruster® always produces an incredibly good crust.

Baking is also easy for the cruster®. In the angled position, it acts as the perfect source of top heat. Combining the burning power of the cruster with bottom heat and a pizza stone, it is possible to bake pizzas in less than two minutes, even with the lid open.

This position is ideal for preparing crispy steaks, a pork belly and for general gratinating, roasting and caramelising food. Due to the enormously hot temperatures, an excellent crust is created within a very short time without drying out the grilled food.

# UNIQ<sup>®</sup> PRO

## ONE NAME, UMPTEN FEATURES, EXTREME IN EVERY WAY

Uniqueness in series production: the brand new UNIQ PRO-Line from Enders. Three models that embody the predicate "top class" like no other BBQ. And what is it that is responsible for this: the Cruster<sup>®</sup>. The grill feature for extreme variability that only the UNIQ PRO series can call its own. Also on board: the dual side hob. A sturdy cooking grate made of robust cast iron, which enables preparation in both low and high temperature ranges and, in combination with the oven attachment, can also be used to re-cook several pieces of meat while leaving the oversized grill surface – which measures almost three square metres – free for use. And that's just the tip of this sizzling iceberg when it comes to sturdy cast aluminium parts: In addition to the 800 degree TURBO ZONE<sup>™</sup>, HEAT RANGE<sup>™</sup>, SWITCH GRID<sup>™</sup> and the dishwasher-optimised SIMPLE CLEAN<sup>™</sup>, a special slider grill grate is also included to conveniently slide food under the CRUSTER<sup>®</sup>. To ensure that nothing wobbles, tilts or sways, the UNIQ PRO series has levelling feet in the base cabinet to compensate for unevenness in the floor without any compromise. The UNIQ PRO-Line not only redefines the word uniqueness in an unparalleled design that places the greatest emphasis on the smallest components, it even delivers this excellence in series production.

# KANSAS II PRO

## WELCOME TO THE CHAMPIONS LEAGUE!

With the KANSAS II PRO series, every BBQ is guaranteed to succeed: the winner grills it all. The HEAT RANGE™ stainless steel burner design ensures that heat is distributed evenly right up to the edges. It's impressive on the inside too with a temperature range of a steady 80 °C to a searing 400 °C on the grill. The cast aluminium side panels on the lid which provide stability and durability. And because the best is never good enough for champions, the KANSAS II PRO series also serves up additional winning features such as: The SWITCH GRID™ grate system and the Enders TURBO ZONE™ offer you the perfect setting for your cooking creations. And once you're done, our SIMPLE CLEAN™ system allows you to clean the barbecue easily in no time at all.

# MONROE PRO

## READY FOR ALL BARBECUE ADVENTURES

The BBQs from the MONROE PRO series are real all-rounders. Those who like to push the envelope when it comes to barbecuing are likely to really test the boundaries with these fully featured superheros. Everything about the gas barbecues has been thought out and optimised down to the smallest detail. Even the end caps for the barbecue hoods are made of solid cast aluminium and are thus perfectly stable and durable – not to mention the cooking chambers made of cast aluminium and indestructible stainless steel. With the TURBO ZONE™ you can effortlessly master the supreme discipline of “grilling a steak to perfection”, while the HEAT RANGE™ stainless steel burner system allows you to set any desired temperature from low and slow, to fast and hot. More: The extensive range of accessories will meet all your needs. And thanks to SIMPLE CLEAN™, you can also wipe the barbecue down clean in no time at all. Brand new addition: The Shadow series with high-quality coating in Matt Graphite finish. A new, unique look that has already conquered the kitchen world and is now eclipsing everything known in the barbecue world.

# COLORADO

## SOME LIKE IT HOT.

If you like it even hotter and more sophisticated, you'll love the COLORADO! The high-quality series has an infrared BACKBURNER that provides extra heat at the back – perfect for preparing skewers, shish kebabs or even pizza. But the COLORADO can run at scorching hot temperatures even without back-up – thanks to the 800 °C TURBO ZONE™. And speaking of amazing features: the series also offers HEAT RANGE™ and SWITCH GRID™ technologies as well as a stainless steel warming grate that opens with the lid. As the generous features need to be appropriately protected, the side panels of the combustion chamber are made of high-quality durable cast aluminium. On top of that – or more accurately, alongside it – the COLORADO also boasts sturdy, fold-down side shelves. And even with the 11 kg gas bottle stowed away, there's still plenty of space in the base unit.

# CUBIQ® PRO

## THE BEST THINGS COME IN SMALL PACKAGES.

The CUBIQ® PRO may not be huge, but its features are still something to be hugely proud of: the compact design and cast aluminium parts, coupled with a whole range of helpful features – make it perfect for using on the balcony. With TURBO ZONE™, HEAT RANGE™ and SWITCH GRID™ technologies, it still has everything it needs to rival its larger counterparts in the wild. Whilst compact, it still has plenty of space to amaze: with a tilting compartment for your BBQ utensils and an extra area for your 11 kg gas bottle. And on top of that, there's a spacious grill surface, with additional fold-out shelves on the side – smaller is bigger.

# CHICAGO

## ONE FOR ALL. ALL IN ONE.

The CHICAGO series, named after the third-largest city in the land of unlimited possibilities, serves up barbecues offering unlimited possibilities. With these all-rounders, you don't need to be a pro to enjoy grilling success – and you'll get a taste of this as soon as your first steak touches the cast-iron grilling surface of the Chicago 3 R TURBO. With the TURBO ZONE™, you can reach maximum temperatures on the grill in no time at all, and your steak can be cooked to perfection, every time. And the SWITCH GRID™ system – with options such as a sear grate, pizza stone, pan, wok, poultry roaster and Dutch oven – ensures you'll have even the most demanding dishes under control.

# BROOKLYN NEXT

## BALCONY KING

The BROOKLYN NEXT series will transform your balcony into a barbecuing paradise. With two or three stainless steel burners, it offers maximum grilling performance in a compact design – perfect for limited urban spaces. Combine it with high-quality accessories such as the SWITCH GRID™ with various inserts, the stainless steel grill pan or the rotisserie, you'll be the hottest figure in the neighbourhood. Not least because of the elegant design of the BROOKLYN NEXT series.

## SAN DIEGO

**TOO GREAT TO BE SMALL.**

The SAN DIEGO series BBQs are real BBQ marvels. They offer spacious preparation and storage areas, but take up very little space. Perfect for small terraces, mini balconies or hot dates. Their sturdy frames come with a large shelf for plates and food and two additional shelves on the sides to store spices and sauces. A stainless steel warming grate opens and closes with the lid. And as it is made of durable stainless steel, it's easy to clean when you're done cooking up a storm. And speaking of clean: the spotless matt-black design of the stainless steel burner gas grill blends smoothly into any environment.

## URBAN

**CHECK OUT THOSE SMOKIN' HOT SKILLS!**

The URBAN range of BBQs offers a range of possibilities. Combining grilling, cooking and baking, you can always satisfy your hunger – the URBAN is nothing short of poetry in motion. What's more, it can do all this in an attractive design and with smart technology. What else can it do? Well, it can be operated with a gas bottle or a threaded gas cartridge. So, you can fire up any party with the tabletop version! No matter whether it's on the balcony or in the park at the other end of the city. The PRO version also comes with a dimensionally stable, durable and lightweight cast aluminium lid. And with the URBAN series trolley, you can really get the party started – in fact, you can get it started wherever you want. And the practical side shelves give you plenty of storage space too.

## eFLOW® PRO

**FULL ELECTRICAL POWER.**

Full power: the eFLOW® PRO 2 TURBO. Equipped to the max with innovative features, this one doesn't do things by half, but gives you the full charge straight away. From TURBO ZONE™ to SWITCH GRID™ – everything is there to make your BBQ heart beat faster (and hotter). Speaking of hotter: The two heating elements are infinitely adjustable with the help of LED-illuminated controls and allow you to barbecue and bake both directly and indirectly. Whatever you have in mind – with almost 2,000 cm<sup>2</sup> of grill surface, you have more than enough space for it. And that's just on the top, because the base cabinet offers further storage space and an additional shelf. This amazing barbecue is simply a work of art: Cast aluminium elements, such as parts of the barbecue hood and the cooking chamber, not only give the eFLOW® a fascinating look, but also ensure resounding stability. And now the eFLOW® PRO 2 TURBO also comes in the high-quality matt graphite you're familiar with from the Shadow series. What else is there to do but ask: What more could you want?

# PLUG & GRILL TURBO ZONE

# eFLOW® ELECTRIC BARBECUE PRO

NEW

FULL ON ELECTRIC  
POWER – THE GAS  
BARBECUE AMONG  
THE ELECTRICS.

Full on power: the eFLOW® PRO 2 TURBO. It is the first of its kind and equipped to the brim with innovative features. Our e-grill doesn't do things by half, but gives you the full charge straight away: **TURBO ZONE™** and **SWITCH GRID™**. Simply everything that makes your BBQ heart beat faster and hotter. Speaking of hotter: The two heating elements are infinitely adjustable with the help of LED-illuminated controls and allow you to barbecue and bake both directly and indirectly. Whatever you have in mind – with almost 2,000 cm<sup>2</sup> of grill surface, you have more than enough space for it. And that's just on the top, because the base cabinet offers further storage space and an additional shelf. This amazing barbecue is simply a work of art: Cast aluminium elements, such as parts of the barbecue hood and the cooking chamber, not only give the eFLOW® a fascinating look, but also ensure resounding stability. A justified question indeed: **What more could you want?**

# ACCESSORIES

## eCRAVE

**A REAL ALTERNATIVE-E**

The eCRAVE 2 is the BBQ solution for those who want an extremely compact electric grill but are not prepared to compromise on the grilling experience. A genuine alternative, which enables powerful direct as well as indirect grilling thanks to two separately adjustable heating elements. Combined with the enamelled grill grate, the eCRAVE 2 leaves a unique branding on the food. But what does perform a disappearing act, on the other hand, without exception: Dirt. With SIMPLE CLEAN™, even cleaning stubborn dirt is a cinch. Fold-down side shelves and plenty of storage space in the base cabinet also make the smart electric BBQ a space-saving miracle, which it does not appear to be the case at first glance.

AURORA®

## ALL GRILL, NO SMOKE.

The AURORA® has lots of things to offer. Smoke is not one of them. While other charcoal table barbecues churn out smoke like steam locomotives, this BBQ sizzles away cleanly and unobtrusively. The battery-powered and extremely quiet E-FAN BBQ fan technology means it can be operated without emissions. This not only ignites the easy-to-fill charcoal compartment below the enamelled preparation surface, but also your passion for grilling – the good, old-fashioned way.

# PLANGHA

## A TASTE SENSATION AS EXOTIC AS IT SOUNDS

With the plancha, you'll enjoy a slice of Mediterranean cuisine on your Enders barbecue. The grill plate boasts a huge grill surface made of enamelled cast iron, and optimally stores and distributes the heat of your BBQ. Thanks to the second feature, in particular, the plancha is ideal for a wide range of dishes – from fish and vegetables to burgers, bacon, fried eggs or pancakes. The practical grease gutter will keep your grill clean. The same applies to the comparatively high edge line: With this, turning food is as easy as ABC, and you won't miss a thing. Thanks to the adjustable feet, the grill plate fits on almost every Enders grill, with which you can conjure up dishes that will be all the more exotic with every bite. And why, do you ask? Because they just taste like that!

### PLANGHA H NEW

ITEM NO. 7799

#### for the cooking chamber

- for KANSAS II PRO
- for MONROE PRO
- for COLORADO
- for BOSTON
- for CUBIQ PRO

- with integrated grease gutter
- optimal heat storage and distribution thanks to the use of massive, enamelled cast-iron
- Extra high rim for ease of turning
- Two handles for comfortable transport
- Large grilling surface of just under 1,100 cm<sup>2</sup> for extra space and convenient barbecuing

# ROTISSERIE

## A PROFESSIONAL PLAYER

Turning heads around the world: the ROTISSERIE PRO made of stainless steel. Thanks to its clever universal holder made of cast aluminium, it is guaranteed to run smoothly. The skewer is attached to your barbecue in no time and without the use of tools. Its dual motor runs either on batteries or on electricity from the socket. The ROTISSERIE PRO also impresses all with its easy handling and space-saving storage. A professional skewer solution and a real all-rounder to boot.

### ROTISSERIE PRO NEW

ITEM NO. 7908

- universal barbecue skewer made from stainless steel with cast aluminium holder
- Quick and easy attachment of the cast aluminium adapters thanks to easy assembly without the use of tools
- quiet electric motor can be powered by batteries or mains electricity
- made of durable materials for a load-bearing capacity of approx. 10 kg

## GRILL MAGS®

### BOTTLE HOLDER

ITEM NO. 7814

- For bottles up to Ø 9.5 cm
- Integrated bottle opener
- Two strong magnets ensure a secure hold
- Robust steel frame with black lacquer finish
- Dimensions: W 11 x D 10.5 x H 17 cm

### KITCHEN ROLL HOLDER

ITEM NO. 7811

- Two strong magnets ensure a secure hold
- Robust steel frame with black lacquer finish
- Dimensions: W 31 x D 7 x H 3 cm

When things get a bit heated around the barbecue, it's important to keep on top of things. And we have the perfect solution: GRILL MAGS®. This ingenious yet simple solution delivers exactly what it promises. These exclusive and practical holders keep everything organised and within easy reach. Strong, silicone-coated magnets connect the MAGS to your barbecue quickly and without damaging the surface.

### SPICE HOLDER

ITEM NO. 7818

- Two strong magnets ensure a secure hold
- Robust steel frame with black lacquer finish
- External dimensions: W 22.5 x D 10.5 x H 5 cm
- Internal dimensions: W 20.5 x D 7.5 x H 5 cm

### CHOPPING BOARD

ITEM NO. 7824

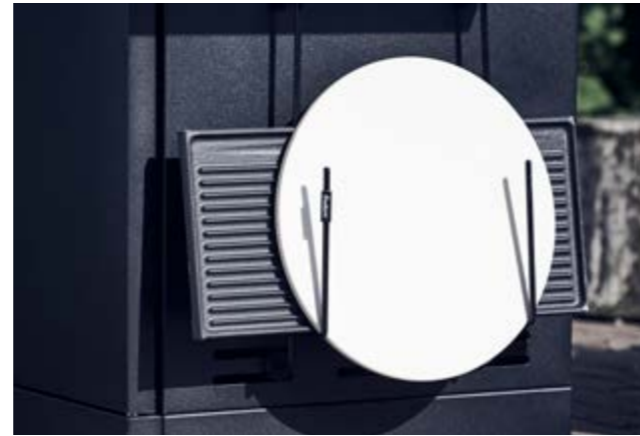

- Strong magnet prevents slipping
- Removable drip tray (750 ml)
- Deep drainage channels for clean drainage into the drip tray
- Dishwasher-proof
- Material: food-grade polypropylene (PP)
- Dimensions: W 30 x D 6.5 x H 46.5 cm

### BBQ CUTLERY HOLDER

ITEM NO. 7812

- Two strong magnets ensure a secure hold
- Robust steel frame with black lacquer finish
- Dimensions: W 30 x D 7.5 x H 3 cm

### GRATE HOLDER

ITEM NO. 7816

- Four strong magnets ensure a secure hold (up to 7 kg)
- Robust steel frame with non-slip black rubber coating
- Dimensions: 2 x W 3 x D 10 x H 39.5 cm

### WASTE BIN XL

ITEM NO. 7815

- Capacity: 8 L
- Two strong magnets ensure a secure hold
- Robust steel frame with black lacquer finish
- Dimensions: W 29 x D 14.5 x H 26 cm

### BBQ UTENSIL HOLDER

ITEM NO. 7817

- Capacity: 2.8 L
- Two strong magnets ensure a secure hold
- Robust steel frame with black lacquer finish
- Dimensions: W 21.5 x D 10.5 x H 19 cm

# MODULAR TROLLEY

## ROLL YOUR STORAGE SPACE TO WHERE IT'S NEEDED.

Our modular trolley makes storage dreams come true. The rolling space-saving miracle provides you with additional storage options. With two strong magnets, you can attach the variable mobile container to your BBQ. Whether on the left or right side is entirely up to you. The only thing you can be sure of is that you do it in the most convenient way possible with four flexible castors. Aside: Maximum convenience also awaits you when it comes to tidiness. Thanks to the unit's subdivision by way of an additional shelf, you won't have to search long, but you'll find it faster.

### MODULAR TROLLEY

ITEM NO. 88186

- additional storage space for the outdoor kitchen
- two strong magnets attach the trolley to the barbecue
- can be positioned to the left or right of the grill
- increased organisation with an additional shelf
- four flexible castors

W 34 x D 47 x H 76 cm  
11 kg

### MATCHING GRILLS

for flexible attachment to the gas bottle edge, Prevents rust edges forming on the patio

**EXCLUSIVE DESIGN**  
envelops unsightly, dented gas bottles

**SOFT TOP MATERIAL**  
with drawstring to completely enclose the gas bottle

**LONG-LASTING MATERIALS**  
water-repellent, fireproof, UV protection

# PREMIUM WEATHER PROTECTION COVERS

Today it may rain, hail or snow ... but who cares? This is not the end of the journey for your barbecue. Our PREMIUM weather protection covers shield your barbecue buddy from all the elements. Heavy rain, sunlight, blizzards or dirt can no longer do any harm at all. The light-weight fabric made of UV-resistant special fibre is extremely tear-resistant and colourfast. And thanks to the breathable PU coating, it is also really smart: waterproof on the outside and permeable to water vapour on the inside, thereby completely excluding the formation of condensation. Because of these solid features and the ease of handling, you will always be able to cover your barbecue with the PREMIUM weather protection cover quickly!

# ECO-BURNER TECHNOLOGY

Finally, you're sitting together with your friends once more. Of course, in the fresh air on the patio or the balcony and, of course, in the best of moods. Who wants to let the weather throw a spanner in the works and sacrifice a beautiful evening to a low-pressure zone or a cold front? Time for the ECO patio heaters from Enders. Why Enders? It's simple! That's because patio heaters from Enders get more radiant heat out of every kilowatt with intelligent technology. And because Enders delivers the heat where you want it.

## EFFICIENCY IN EVERY WAY

Efficiency starts with the fact that Enders patio heaters not only heat up the ambient air, but also deliver their heat directly to you and your friends thanks to infrared rays. But Enders would not be the global pioneer in the development of efficient patio heaters if we left it at that: For example, we have succeeded in reducing gas consumption by up to 83 % compared to a conventional 12 kW burner while generating the same amount of heat.

That means for you: 83 % less emissions, 83 % less costs and 83 % more enjoyment of the outdoors.

But see for yourself what's in it for you with our innovative technology solutions!

**83 % SAVINGS**  
in CO<sub>2</sub> emissions and costs\*.

**50 % SAVINGS**  
in CO<sub>2</sub> emissions and costs\*.

**30 % SAVINGS**  
in CO<sub>2</sub> emissions and costs\*.

\*compared to conventional 12 kW standard burners

The Enders NOVA® LED fireplaces also feature ECO GREEN technology in addition to a stunning design. The NOVA LED M with a burning time of 111 hours (8 kg gas bottle) and the NOVA LED L with 152 hours (11 kg gas bottle) also prove to be real efficiency heroes.

NOVA<sup>®</sup> LED**MRS. NOVA, NOVA.**

Ambience: romantic, flame: fantastic, effect: bombastic – with NOVA<sup>®</sup> we have created something wonderful for your patio. The slim housings surrounding the fireplaces come in Black, Grey and Taupe together with colour-coordinated glass cylinders and reflectors. The dancing fire in the centre is accompanied by a round, red LED light, while an indirect light shimmers around the base of the column in a high-quality finish. With its modern and aesthetic design, NOVA<sup>®</sup> is a truly a stunner to behold. And so compact, too, that it can easily be placed anywhere.

# WEATHER PROTECTION COVERS

**Enders**

PREMIUM weather covers from Enders provide lasting protection against all outdoor influences such as rain, sun, snow and dirt. The fabric – made of a UV-resistant special fibre – is permanently tear-resistant and colourfast. The breathable PU coating is not only waterproof, but also permeable to water vapour, preventing the formation of condensation.

Enders PREMIUM weather covers are lightweight, odourless and are impressively easy to use with clever details, such as being able to secure them in place with magnets integrated in the hem, making the cover windproof.

# ELECTRIC PATIO HEATERS

## ELECTRIC HEATERS.

Loom, Moow, Oron and Oxeo. Fantastic names that truly redefine the status quo under a starlit sky: the electric patio heaters from Enders. A perfectly coordinated family of models in terms of their design and range of functions, consisting of freestanding, suspended and wall-mounted heaters, that complement each other ideally, but also deliver outstanding performance independently of one another. When incorporated into a modern design setting, the electric patio heaters stand out above all due to their variability. Be it intensity, angle of inclination, height or alignment: The four heaters can be individually configured and thus always guarantee the best possible heat radiation. Thanks to Plug & Heat and wind-resistant infrared technology, this is achieved almost instantly. Simply heavenly.

# EXPLORER NEXT

## EVERYWHERE. WHEREVER YOU BARBECUE.

To make sure you don't end up missing your BBQ too badly, or wind up feeling hungry for a succulent barbecue feast when you're on the road: the EXPLORER NEXT PRO is at your side. This barbecue is a spirited adventurer that scores top marks with its compact design and heaps of useful features: extremely sturdy leg construction, a stainless steel grate, cast aluminium barbecue hood and a helpful storage surface. With the EXPLORER NEXT PRO, you're guaranteed more fun when camping or on your trip to the lake. And in addition to its mobility, this "Bear Grylls" of the BBQ world also knows how to deliver a top performance in terms of flexibility: The grill grates that sits above the practical gas hobs can be removed individually – making sure that fillet steak and pea soup don't get in each other's way. Good to know: All EXPLORER NEXT models are also available as CARAVAN version. They can be connected directly to the caravan or motorhome – leaving all the more time for you to explore.

# DALGETY BLACK

Outdoor fans get ready – HELLO HAPPINESS! The popular DALGETY camping cooker is now also available in a stylish, modern black matt finish. As far as the inner workings are concerned, the DALGETY BLACK continues to impress with a choice of two or three continuously adjustable high burners and a large grate diameter. High-quality and robust materials, a removable lid and smooth surfaces allow for quick cleaning – even when deep in the middle of nowhere. The DALGETY BLACK comes with an 80 cm connection hose, practical rubber studs for real stability and an optional ignition fuse. As an adventurer, what more could you wish for?

# BRISBANE

The premium cookers found in the BRISBANE series help deliver great food "on the go". Available with two or three burners, depending on preference, they are truly amazing with the highest quality of workmanship, and are all designed and geared towards ensuring robustness, sophisticated functions and aesthetic design. Both the lid and the housing are made of high-quality stainless steel that is as robust as it comes. Height-adjustable feet, an integrated ignition fuse and a removable, large-format pot grate ensure the highest level of convenience, even away from civilisation – nothing short of outstanding.

# CULINA

The CULINA cooking pot set made of robust and durable stainless steel is suitable for outdoor use for 1 to 3 people. The cooking pot set can be stored in a carrying bag to save space.

## PRODUCT OVERVIEW

### CULINA

ITEM NO. 6832

- Cooking pot set made from stainless steel
- Pot 1: Ø 18 cm, H 9 cm (approx. 1.5 L) & lid
- Pot 2: Ø 16 cm, H 8 cm (approx. 1 L) & lid
- Pan: Ø 17.5 cm, H 4 cm
- incl. nylon carrier bag
- Weight: 1 kg

Practical bag for transport and storage

stackable into each other to save space

### SHINE LED

ITEM NO. 6487

- Casing made of robust and impact-resistant plastic for durability
- 24 white LEDs deliver a high level of luminosity
- Folding handle can be used as a carrying handle
- Hooks included for easy hanging
- Battery-operated (batteries not included)
- Dimensions: 20 x Ø 9.5 cm
- Weight: 350 g

### SOLAR SHOWER

ITEM NO. 7497

- Volume: 20 L
- Adjustable flow rate
- Stable fabric for long service life
- For camping or the garden
- The sun's rays heat the water
- 2 m cord for fastening
- Weight: 310 g

### WATER CANISTER

ITEM NO. 7452/7453

- Water container with drain valve and outlet pipe
- Integrated ventilation in drain valve and outlet pipe
- Outlet pipe is stored inside the container to protect against contamination and loss
- Food-safe
- Easy to carry with sturdy handle
- Sturdy and impact-resistant
- Cap has fastening strap to prevent loss
- Large base for high stability
- Stackable to save space
- 10 L container: W 35.5 x D 16.5 x H 36.5 cm Weight: 610 g
- 20 L container: W 39 x D 19 x H 50.5 cm Weight: 1 kg

### FOLDABLE WATER CANISTER

ITEM NO. 7599

- Volume: 15 L
- With drain valve
- Sturdy carrying handle

## SUPREME ITEM NO. 4999

- Comfortable seat height of 44 cm – just like at home
- Integrated toilet paper holder
- Toilet lid and seat can be removed without tools for easy cleaning and quick, uncomplicated filling of the flush water tank
- Piston pump flushing
- Quick separation of flush and wastewater tank
- 1 ergonomic carrying handle each for flush and wastewater tank
- Transport roller for easy transport when the tank is full
- Fill level indicator for the wastewater tank
- Swivelling pipe for hassle-free emptying of the wastewater tank
- With ventilation button
- Very smooth and hygienic surface

## THAT “AT HOME” FEELING WHEN TRAVELLING

Most people share the unspoken agreement that they rank their toilet at home above all others. The SUPREME camping toilet from Enders allows you to take that feeling of home comfort with you wherever you go. With a seat height of 44 cm, it is the same height as the fixed toilets you're familiar with. It also has a pleasant ergonomic seat shape and practical toilet roll holder integrated into the housing. The smooth surface is just as easy to keep clean as it is to maintain without tools: The toilet lid and seat are easy to remove and the extra-large flush water tank is quickly refilled. It's going to be a great trip!

SUPREME	
Item number	4999
Flush water tank	21 L
Wastewater tank	22 L
Load capacity	130 kg
Weight	4.7 kg
Dimensions (W x D x H)	38 x 44.5 x 44 cm

Comfortable toilet seat

Integrated toilet roll holder

Tool-free removal of cover and seat

Ergonomic handles

Fill level indicator

Swivelling drainage pipe

Ventilation button

## DELUXE ITEM NO. 4950

- Seat height: 35 cm
- Piston pump flushing
- Quick separation of flush and wastewater tank
- Ergonomic carrying handle for the wastewater tank
- Transport roller for easy transport when the tank is full
- Fill level indicator for the wastewater tank
- Swivelling pipe for hassle-free emptying of the wastewater tank
- With ventilation button
- Very smooth and hygienic surface

## DELUXE STARTER-SET ITEM NO. 4940

Includes:

- 1 x Mobile WC DELUXE
- 1 x ENSAN BLUE 250 ml
- 1 x ENSAN RINSE 250 ml
- 1 x roll soft toilet paper

DELUXE	
Item number	4950
Flush water tank	15 L
Wastewater tank	17 L
Load capacity	130 kg
Weight	3.7 kg
Dimensions (W x D x H)	38 x 44.5 x 36.5 cm

## COMFORT ITEM NO. 49429

- Seat height: 32 cm
- Piston pump flushing
- Quick separation of flush and wastewater tank
- Ergonomic carrying handle for the wastewater tank
- Level indicator on the transparent screw cap of the wastewater tank
- Very smooth and hygienic surface

Item number	49429
Flush water tank	15 L
Wastewater tank	14 L
Load capacity	130 kg
Weight	3.4 kg
Dimensions (W x D x H)	38 x 44.5 x 33.5 cm

**QUINTISSENTIAL WC HYGIENE.**

The microbiological sanitation additives **ENSAN BLUE<sup>+</sup>** and **ENSAN RINSE<sup>+</sup>** effectively clean your mobile toilet system ecologically and sustainably. As environmentally friendly and high-performance alternatives to conventional additives, they utilise the natural recycling process: microorganisms reliably rid your camping toilet of unpleasant odours, keep it clean and efficiently decompose organic waste and toilet paper. In addition, our additives are biodegradable, non-hazardous and compatible with sewage treatment plants – that's why **ENSAN BLUE<sup>+</sup>** has been awarded the **Blauer Engel Environmental Label**. What's more, **ENSAN BLUE<sup>+</sup>** is twice as efficient as conventional additives for wastewater tanks.

**PRODUCT OVERVIEW**

**MICROBIOLOGICAL SANITARY ADDITIVES**

**ENSAN BLUE<sup>+</sup> 1L/2,5L** ITEM NO. 497698/497798  
FOR THE WASTE WATER TANK

- Powerful with microorganisms
- Awarded the BLAUER ENGEL Environmental Label
- Easily bio-degradable
- Non-hazardous and compatible with sewage treatment plants
- Facilitates the breakdown of organic waste and the decomposition of toilet paper
- Keeps the wastewater tank hygienically clean
- Gives the air a pleasant aroma
- For approx. 200 L of wastewater per 1 L sanitary liquid
- For approx. 500 L of waste per 2.5 L sanitary liquid

**ENSAN BLUE<sup>+</sup>** is twice as efficient as conventional additives for wastewater tanks.

[www.blauer-engel.de/uz84a](http://www.blauer-engel.de/uz84a)

**ENSAN RINSE<sup>+</sup> 1L** ITEM NO. 497898  
FOR THE RINSING WATER TANK

- Powerful with microorganisms
- Easily bio-degradable
- Non-hazardous and compatible with sewage treatment plants
- Cleans the bowl and slide valve when flushing
- Removes plaque, prevents limescale build-up and keeps the toilet hygienically clean
- Flushing water stays clean and fresh at temperatures up to 40 °C
- Gives the air a pleasant aroma
- For approx. 200 L of flushing water per 1 L sanitary liquid

**PRODUCT OVERVIEW**

**CONVENTIONAL SANITARY ADDITIVES**

**ENSAN BLUE 2,5L/5L** ITEM NO. 501798/501898  
FOR THE WASTEWATER TANK

- Facilitates the breakdown of organic waste and the decomposition of toilet paper
- Prevents unpleasant odours and reduces the formation of gas
- For approx. 250 L waste water per 2.5 L sanitary liquid
- For approx. 500 L of waste water per 5 L sanitary liquid

**ENSAN GREEN 1L** ITEM NO. 498098  
FOR THE WASTEWATER TANK

- Facilitates the breakdown of organic waste and the decomposition of toilet paper
- Prevents the formation of unpleasant odours
- For approx. 130 L of waste water per 1 L sanitary liquid

**ENSAN RINSE 1L** ITEM NO. 498498  
FOR THE FLUSH WATER TANK

- Cleans the bowl and slide valve with every flush
- Removes water scale, prevents limescale build-up and ensures the smooth functioning of the stop valve
- Protects all rubber seals and keeps the toilet hygienically clean
- Pleasant and long-lasting citrus scent
- For approx. 150 L of flushing water per 1 L sanitary liquid

**ENSAN TABS BLUE** ITEM NO. 501398  
FOR THE WASTEWATER TANK

- Tablet form for easy, safe and accurate dosing
- Facilitates the breakdown of organic waste and the decomposition of toilet paper
- Prevents unpleasant odours and reduces the formation of gas
- Essential oils provide a pleasant fragrance (spruce)
- 15 tablets per tin

**ENSAN WHITE** ITEM NO. 5005  
SOFT-TOILET-PAPER

- Easily degradable special toilet paper
- 4 rolls per bag, 2-ply
- Extremely soft and strong
- 300 sheets per roll
- 9 x 11.5 cm

VANCOUVER

When it comes to transport and storage, the industrial Pro-Box VANCOUVER is simply unbeatable. Other manufacturers can pack up and go home – and if they did, we'd be there ready to help them pack ... Our universal box is characterised by robust workmanship, long service life and maximum stacking and carrying capacity. Indestructible stacking corners made of die-cast and edge, floor and ceiling profiles made of solid profiles ensure that the VANCOUVER has maximum stability at all times. The double-beaded base is also extremely durable and stable. With the accompanying HANGTAG, the box can be easily labelled and the contents can be read from the outside.

PRODUCT OVERVIEW

VANCOUVER	S	M	L
Item number	1352	1351	1350
Volume L	123	170	236
Weight kg	6.5	8.1	9.2
Material thickness in mm	1	1	1
External dimensions in cm	W 66 x D 44.5 x H 51	W 79 x D 58.5 x H 44	W 79 x D 58.5 x H 60
Internal dimensions in cm	W 63 x D 41 x H 48	W 76 x D 55 x H 41	W 76 x D 55 x H 57

TOP FEATURES

**STAINLESS STEEL HINGES AND PLASTIC-COATED SPRING-LOADED HANDLES** for easy transport

**ALL-ROUND RUBBER PROFILE** for dust and splash water protection

**STURDY INDUSTRY PRO BOX** made of 1 mm thick aluminium

FEATURES

**ROBUST STACKING CORNERS** made of cast aluminium

**STAINLESS STEEL HANGTAG** to help identify the contents of the box.

**2 CORRUGATIONS** for extra stability and safety

**STURDY HINGED LATCHES** made of stainless steel

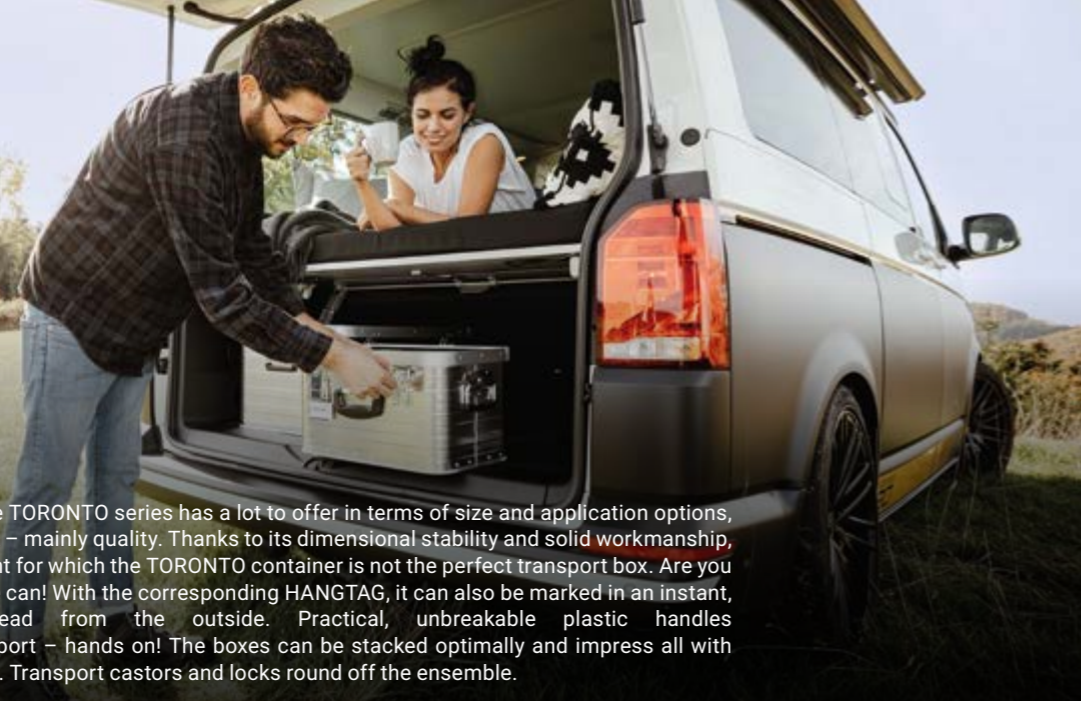

**HIGH STABILITY** with solid lid, edges and base

**2 STURDY LID STRAPS** hold the lid open

# TORONTO

The aluminium box of the TORONTO series has a lot to offer in terms of size and application options, both in and out of the box – mainly quality. Thanks to its dimensional stability and solid workmanship, there is hardly any content for which the TORONTO container is not the perfect transport box. Are you sure he's up to it? Yup, he can! With the corresponding HANGTAG, it can also be marked in an instant, and the contents read from the outside. Practical, unbreakable plastic handles ensure hassle-free transport – hands on! The boxes can be stacked optimally and impress all with their chic, elegant design. Transport castors and locks round off the ensemble.

## TOP FEATURES

**EXTRA STABLE FRAME CONSTRUCTION**  
for very high dimensional stability

**FOAM RUBBER SEAL IN THE LID** protects against dust and splash water

**2 SIDE SAFETY HANDLES** for ergonomic handling and high durability

**SELF-RETAINING LID**

**FRONT HANDLE** made of plastic, also usable as a suitcase-style handle

**SEALABLE LEVER TENSION LOCKS**
