**Energizer®** is leading the power and portable lighting categories worldwide with a powerful portfolio of groundbreaking products and consumer-led innovation.

Our battery and light products are sold in more than 140 markets around the globe.

## → Innovation at the heart of our strategy

From the first dry cell battery back in the 1890's, **Energizer®** has continuously built a rich history of powerful advancements with innovation always at the heart of the strategy.

## → A unique full line portfolio

The **Energizer®** portfolio counts with best-in-class product specifications and professional dedicated solutions designed to be used in the most technical work environments.

Our strong claim “Makers of the world's longest lasting battery (Ultimate Lithium™ AA)” reinforces our position of technologically advanced brand, capitalizing on the outstanding and unique performances of our Ultimate Lithium™ AA & AAA batteries.

## DOING THE RIGHT THING FOR THE PLANET AND OUR CUSTOMERS

At Energizer, we are focusing on reducing the impact our company and products have on the environment. Our purpose is to responsibly create products to make people lives easier and more enjoyable. We ensure consumers enjoy our products today without sacrificing tomorrow.

**Greenhouse Gas EMISSIONS REDUCED** in 2020 despite higher battery manufacturing volumes

**Plastics REMOVED** (5.5 metric tons) from waste material at our Washington UK plant

**Approx. 90% of WASTE RECYCLED** per year from our Asheboro, North Carolina site

**6.4 million litres of WATER SAVED** per year at one facility through technology improvements

Energizer invites you to join our long-lasting journey to a better future, and as part of this journey we look forward to extending recycled content to more of our battery range in the near future.

Product	Packaging
<p><b>Longer lasting products generates less waste*</b></p> <p>Makers of the World's Longest Lasting AA battery: Energizer® Ultimate Lithium™      Rechargeable Batteries** made with 22% recycled materials</p> <p><small>*AA, AAA only **Energizer® rechargeable batteries can be reused 100s of times to create less waste</small></p>	<p><b>Introduced PLASTIC FREE* battery retail packaging</b></p> <p><small>*Excluding Seals on select packaging</small></p>
<p><b>PowerSeal technology gives excellent shelf life and leakage protection</b></p>	<p><b>Primary packaging supports responsible forestry</b></p>

MAX PLUS™

OUR **Nº1** LONGEST LASTING ALKALINE (1)

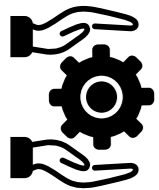

**Energizer**  
MAX PLUS™

**LONGEST ALKALINE BATTERIES OPTIMIZED FOR DEMANDING DEVICES AND WORK TOOLS**

**Max Plus AA is Up to 150% longer lasting<sup>(2)</sup>**

**Increased efficiency**  
Supporting larger energy demands from today's devices. Longer lasting power means fewer battery replacements for more efficiency

**A positive impact on the environment:** with Max Plus, More power, less waste<sup>(3)</sup>

**OUR LONGEST LASTING ALKALINE (AA/AAA)**

**Lasting power for demanding devices**  
For everyday usage

**MADE TO LAST, NOT TO LEAK**

**Reduces damaging risks for devices and work tools**

**RELIABLE & RESISTANT**

**12 years shelf life (AA/AAA)**  
Ready to use when you need them  
**10 years shelf life (C and D)**  
**5 years shelf life (9V)**  
Ready to use when you need them

## LIGHTS ARE ESSENTIAL WORK TOOLS

### FOR SECURITY

In case of emergencies such as power cuts and for moving around safely

- High quality LEDs without dark spots & areas for visual comfort
- Impact resistance and water resistance
- ATEX certified lights for hazardous work environments

### FOR COMFORT AND EFFICIENCY

To improve comfort at work & To optimize productivity

- Handheld and hands-free solutions
- Choose an adapted light solution based on your needs for light intensity, beam distance, and run time

## ENERGIZER® LIGHTS PROVIDES 4 CATEGORIES OF LIGHTS THAT COVER DIFFERENT USAGES

**SPOTLIGHT**  
Powerful long distance lighting

**HANDHELD TORCHES**  
For close-up work, inspection & precise lighting

**AREA LIGHTS**  
Light a wide work area

**HEADLIGHTS**  
Attached to a helmet or fixed to your head. The light follows your moves

### HANDS-FREE SOLUTIONS

ALL DATA IS INDICATED ON THE PACKAGING

## ENERGIZER LIGHTS FOLLOW ANSI STANDARDS

The American National Standards Institute ensures products performances are all measured based on a common protocol to facilitate choice.

## WHAT ARE THE LIGHTS CHARACTERISTICS?

### BRIGHTNESS LEVEL

The more Lumens, the brighter the light will be.

The scope and setting of the light is very important because if the light is too bright it can cause reflection, impede work and discharge power more quickly. Expressed in Lumens.

### BEAM ANGLE

Broader beam angles will result in more spread-out light, but the light will also be less intense. Vice versa, narrower angles will have less spread but higher light intensity.

### BEAM DISTANCE

refers to the maximum reach or distance at which a light source can effectively illuminate an area. Expressed in meters.

### RUN TIME

How long a light can run until it offers 10% of the initial lumen output. Expressed in hours.

### INGRESS PROTECTION: WATER RESISTANT & WATERPROOF

It indicates how well the device is protected by water and dust. First # is for solids (i.e. Dust). Second # is for water. The X means no protection.

The Energizer® lights are: IPX4 / IPX7 and IP67.

### DROP IMPACT RESISTANCE

The device is dropped six times in different orientations from at least 1 meter onto concrete surface. It must remain fully functional. Expressed in meters .

## POWERFUL & PORTABLE LIGHT FOR EVERY PROFESSIONAL

On the job, you can rely on Energizer® for professional-grade ruggedness, dependability and craftsmanship – offered in a wide variety of innovative lighting devices

### ENERGIZER PRO SERIES

More flexibility, more color accuracy and more resistance to water and dust

our new range of quality, professional-grade lights designed with performance, flexibility and durability to meet the tough standards and demands while on the job! Pro series lights are hybrid and have powerful LED technology that includes High CRI for high-definition color clarity.

### HARD CASE PROFESSIONAL

Solid performance light devices with standard features for the job to be done.

On-site or in the field, our Energizer® Hard Case® Professional flashlights feature rugged dependability combined with a good LED technology.

### INTRINSICALLY SAFE

Energizer® work and safety lights are designed and built with the rugged features hard-working professionals need and appreciate on the job. The built-in safety elements and MSHA Approved, ATEX Certified, and UL Listed Energizer Intrinsically Safe lights are safe to use in potentially hazardous environments

### TACTICAL SERIES LIGHTS

The Energizer® TAC Series are high performing and durable lights. Spanning from very compact and lightweight to larger, High performance models these are the perfect lights to carry with you and have, no matter what life throws at you.

### HEADLAMPS

Hands down, Energizer® has the most useful range of lightweight and versatile lighting products designed especially for those tasks that require two hands.

### METAL LIGHTS

Commercial-grade aluminum alloy isn't the only thing that makes these lights special - the combination of natural daylight color and a powerful wide beam creates a high-performance metal light that's «our most advanced flashlight ever.

**USE THEM ALL DAY LONG!**  
Runtime up to **9 hours in high mode**!

**EVEN IN DEMANDING CONDITIONS**  
Withstands at least **2M drop**<sup>(2)</sup>  
**IP67 WATERPROOF & DUSTPROOF**

**NEVER RUN OUT OF POWER**  
The Pro Series are Hybrid: Run on rechargeable and with primary batteries thanks to a cartridge included

**HIGH CRI**<sup>(3)</sup>  
Avoid any color confusion  
Thanks to a **HIGH CRI of at least 90**  
You will easily see the electrical cables and the painting colors in dark work sites.

**HANDHELDS & WORK LIGHT** with a convenient design

- Non-slip grip
- Large push button easy to use with gloves
- Magnet for hands-free use or storage
- Penlight with clip for secure pocket storage

**LIGHTWEIGHT HEADLAMPS** that fit all helmets providing comfort and safety

## WHAT IS ATEX<sup>Ex</sup>

ATEX (ATmosphere EXplosive) refers to the hazard of explosive atmospheres in the workplace.

This is due to flammable gases or combustible dust that mixes in the air which can give rise to the risk of an explosion.

### ENERGIZER® ATEX LIGHTS ARE SUITABLE FOR:

- Every atmospheres where Gas and Vapors can cause an explosion (Zone 0, 1 & 2)
- Both product groups
  - Group 1:** case specific to mines
  - Group 2:** all surface industries

### WHAT ARE THE CHARACTERISTICS OF ATEX CERTIFIED LIGHTS?

CE 0539 <sup>Ex</sup> I M 1 / II 1 / G / Ex / ia / op is / I / IIC T4

- CE Authorized by the European: Committee for electrochemical standardization
- 0539 Marking certifying DEMKO / UL international quality control
- <sup>Ex</sup> Protection against explosions
- I M 1 Mine equipment, category M1: high protection
- II 1 Surface industry type equipment, category 1: very high protection
- G Suitable for gas and vapor type risk environments
- Ex Tested to the latest European manufacturing standards
- ia Light material design ensuring maximum intrinsic safety
- op is Inherently safe optical radiation protection
- I For use in Mines category 1
- IIC Resistant to gas groups Acetylene and Hydrogen, Ethylene and Propane
- T4 Temperature class 4: resist up to 135°C

- Dimensions: (H)159x(W)30x(D)22 mm
- Weight: 108g

#### VISION HD METAL 3AAA

Minimum order	6
EAN	7638900 419 580
<b>3XAAA Alkaline batteries included</b>	

High mode	LUMENS	REACH	RUN TIME	WATER RESISTANCE	DROP RESISTANCE
	270 LUMENS	84m	2h30	IPX4	1m
Low mode	80lm	45m	12h30		

- Dimensions: (H)98x(W)34x(D)34 mm
- Weight: 84g

**HEADLIGHTS** Daily professional use

## HEADLIGHTS

**A COMPLETE RANGE OF HANDS-FREE SOLUTIONS**

**COMFORTABLE**  
Compact and stylish  
Practical lightweight solutions  
Adjustable headband

**RELIABLE IN EVERY WORK SITUATION**  
Water resistant  
Shatterproof lens

**HIGH PERFORMANCE**  
Latest LED technology  
Pivoting head to direct light as needed  
Dim light intensity for vision comfort

**HYBRID**  
Headlamp with flashlight option  
Rechargeable & runs on 2 CR123 batteries  
Waterproof IPX4

**HIGH PERFORMANCE HANDS-FREE SOLUTIONS DESIGNED TO FIT ALL HELMETS**

**INDUSTRIAL HELMET HEADLIGHTS**

**Daily professional use**

### RECHARGEABLE INDUSTRIAL HEADLIGHT

- Non-slip adjustable head strap with silicon layers and extra universal helmet attachments for increased stability
- Rechargeable Lithium Ion battery
- Charges via standard micro USB cable
- 7 light modes: Concentrated high and low & wide high and low white LED, Red LED for night vision, Flashing red LED, green LED for inspection work.
- Dimming to control light intensity
- Pivoting head
- Dimensions: (H)46x(W)60x(D)35 mm
- Weight: 120g

## SPOTLIGHT

### EXPERT PRO LED SPOTLIGHT

- Strong alloy construction
- Head swivels 140° to direct light where you need it
- Easy-to-use push button switch
- Simple battery replacement
- Hours of runtime
- 3 light modes:
  - Low (wide beam) thanks to 3 peripheral LEDs
  - Moderate (concentrated beam) thanks to one high mode central LED
  - High (concentrated + wide beam) with its 4 LEDs

- Dimensions: (W)152x(D)216 mm
- Weight: 689g

#### EXPERT PRO LED

## BOOKLITE LED

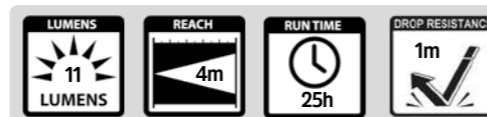

### BOOKLITE LED

Minimum order	12
EAN	7638900 383 911

2 x CR2032 batteries

- Flexible book light
- Large extended spring clip mounts securely to books, clipboards and eReaders
- The neck bends easily and then holds its position
- Dimensions: (H)244x(W)26 mm
- Weight: 28,7g

## INSPECTION LIGHT

### INSPECTION LIGHT

Minimum order	4
EAN	7638900 430 295

2xAAA batteries included

- Ideal for inspecting things up close
- Shatterproof lens
- Clip
- Push button tail switch
- Versatile usage
- Durable Aircraft Grade Aluminum
- Dimensions: (H)144x(D)22x(W)22 mm
- Weight: 45g

## METAL PENLIGHT

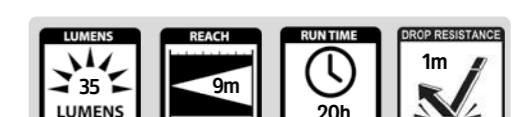

### METAL PENLIGHT

Minimum order	8
EAN	7638900 420 821

2 x AAA batteries included

- Easy-to-operate tail switch allows one-handed operation
- Sturdy clip
- Compact and Lightweight
- Dimensions: (H)140x(D)13x(W)18 mm
- Weight: 15g
