Italian Headquarters Announces Army is Perfectly Organized and Holds Austro-Germans in Check

(Associated Press by U. S. Naval Wireless.) ROME, Italy, Nov. 1.—The Italians in the north have effected a withdrawal of their line along the Tagliamento river with the third army complete.

ITALIAN HEADQUARTERS Nov. 1.—The Italian army, after falling back for many miles before the Austro-Germans, following the series of defeats on the Isonzo front, has been perfectly reorganized and is now holding the enemy along a line seven miles west of Udine.

LONDON, Eng., Nov. 1.—Thirty thousand German soldiers, including two generals of divisions, have been killed in the battle of Bainsizza, on the Isonzo front, says a cablegram from Italy. General Cadorna, the Italian leader, is forwarding reserves rapidly and here is every prospect of checking the Teutons. French and British support is immediately forthcoming.

BERLIN, Germany, Nov. 1.—The prisoners taken on the Italian front have increased to 180,000, and the number of guns captured to 1500. A great victory was won yesterday by the fourteenth Teuton army. The Italians made a stand at the Tagliamento river, but lost the bridgehead positions of Dignano and Ortopio. The Germans penetrated the rearward east of the lower Tagliamento and cut off and captured 60,000 Italians.

GERMAN AIR RAID ON LONDON; LITTLE DAMAGE

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Nov. 1.—A great attack on England, which in part penetrated to London, was carried out by the Germans last night but was repulsed with slight loss to the defenders. The new air defenses were called to operation successfully and, after a few minutes of fighting, the enemy machines turned and sped away. The attack of the 30 planes was made in seven groups. Three of the machines penetrated the air defenses in the heart of London and dropped several bombs, but the damage was slight and the casualties few. Later it was announced that the casualties were eight killed and 21 injured.

Scene at Capitol as First Draft Number is Drawn Today

Governor Pinkham drawing the first capsule at 9 o'clock this morning in the senate chamber. The number was 16 and called six men. Those in the picture, left to right are: Major Green, draft executive; Roscoe Gray of Honolulu Gas company, reader; Margaret Maby, checker; Governor Pinkham; Alatau Wilder and Ernest Gray, Boy Scout aides; Fred Taylor, Hawaiian Electric company, reader; and Anita Meyer, checker.

ALL NATIONALITIES IN RAPID DRAWING OF NUMBERS; WON'T BE COMPLETED TILL TONIGHT

RATE OF 725 NAMES PER HOUR IS AVERAGED—EVERY PRECAUTION TO PREVENT MISTAKES

- These are the men called by No. 16, the first drawn: Oahu—Fourth district—John Jesse Amaral, 550 Circle Lane. Oahu—Fifth district—Kiyosaku Uajima, Iwilei Road. Hawaii—First district—Robert Sanborn, homesteader, Ookala. Hawaii—Second district—Victorino Larangha. Maui—Third district—Tom Bega. Kauai—Sixth district—Togo Higa, Elele. John Jesse Amaral, the first man drawn for the Fourth district, Oahu, resides at 550 Circle Lane, and is employed by the Hawaiian Fertilizer company as a chauffeur. He is a Caucasian, aged 24 years. He was born in Oakland. Kiyosaku Oajima was born in Japan, is 28 years old, lives at Iwilei Road, and is employed as a stevedore by Mabe, Hamilton and Renny. Robert Sanborn, drawn from the first district, Hawaii, is a homesteader at Ookala.

The Star-Bulletin will issue a Draft Extra at 5:30 this afternoon with all the numbers which are available up to that time. The count is proceeding more slowly than had been anticipated and will not be concluded until far into the night, if then.

BEFORE a crowd of men and women this morning that had gathered for the opening of Hawaii's military draft in the senate chamber of the capitol, Governor Pinkham drew Serial No. 16 as the first, representing the first six men to be called for examination before exemption boards throughout the territory.

Governor Pinkham stepped down from the platform, the number was announced, and after a brief pause the drawing began. It was the start of a long day's program.

Tense was the feeling that greeted the first of the drawing, for not a person in the crowd but realized the solemnity of the occasion and the part it meant for Hawaii in the service of the nation. Seemingly the crowd held its breath to catch the first numbers.

The reading came clear and distinct, two readers being employed at a time and working alternately. As they called the numbers were taken down by lady clerks in the auditorium and by press reporters. In all five different persons were keeping this list. It was found after the first half hour that the reading was going slightly too fast, after which a little slower speed was taken and kept constant throughout the day.

At 10:45 o'clock the 1000th number was read. The rate at which the drawing was conducted proved to be on an average of 675 an hour. It is not probable that it will be completed at this speed until 10 o'clock tonight. The lady clerks who checked the numbers were Miss Melika Peterson of Mutual Telephone company, Miss Bonita Maxwell of the Hawaiian Electric, Miss Ruth Parr of the draft office, Miss A. M. Gross and Miss Margaret Tehaney of the local exemption board, and Miss Kathleen Ruckman of the Honolulu Gas company.

The readers were K. W. Gray of Honolulu Gas company, F. A. Taylor of Hawaiian Electric, J. T. Dyer of Oahu Railway company, Clement Moriyma of the Mutual Telephone and Thornton Hardy of the public works department.

Mills Boys Help Four boys of the eighth grade from Mills school acted as runners and clerks for the Star-Bulletin today in the big work of announcing Hawaii's drafted men. They are: T. Ishimura, Hong Ning, N. Misaka, Chee Yan.

The drawing proceeded regularly throughout the morning hours. Stops of two minutes were made every hour to give the workers and readers a breathing spell, and at 10, 11 and 12 noon respites of five minutes were allowed. The forces worked in relays, and at noon those who had the hour off lunched while their partners kept on at work.

Major Green was elated at the ease, harmony and smooth even pace of the work. Not a hitch developed. The only disappointment was that by reading the names slower the time which it was first estimated the drawing would be concluded fell far short of the actual operation. Major Green figured that perhaps it would not be concluded by midnight as there are 8200 numbers to be drawn, and at 1 p. m. only 2500 numbers had been disposed of. This leaves 5700 to be handled the balance of the day and at the rate of 600 an hour it will be well on toward midnight before the drawing is past.

An interested crowd of officials and private citizens dropped in at intervals during the day to watch the work so that at all times there was a crowd on hand.

President Wilson plans no vacation or speaking trip before the Christmas holidays.

Late News at a Glance

NORWAY COMES TO TIME WITH FOOD CONTROLLERS WASHINGTON, D. C., Nov. 1.—Norway, denied export privileges, is selling at cost price to the food administration her late purchases of sugar.

WALL STREET PRICES CRASH; TAXES ARE FACTORS NEW YORK, N. Y., Nov. 1.—Wall street prices crumbled and crashed down today to the lowest level of the year. The depressing Italian situation and effect of the enormous war taxes on many of the favorite stocks in the market were factors in the bearish movement. The stock exchange governors took action today to minimize "short" selling, ordering all members to show their stock-borrowing accounts. This will enable an embargo to be put on such operations and will determine the source of the selling. It will be ascertained whether German interests and vicious characters are behind a plan to disorganize the market.

GERMAN PRODUCTS LONG HELD COME TO THE U. S. WASHINGTON, D. C., Nov. 1.—Four million dollars' worth of German products long held at the Rotterdam docks and consigned to America, paid for before the war, have been permitted to move to America, it was given out today.

RUSSIAN MAXIMALISTS POSTPONE DEMONSTRATIONS PETROGRAD, Russia, Nov. 1.—The Maximalists have decided to postpone the demonstrations they had planned for November 2. The new date is kept secret.

CHANCELLORSHIP CRISIS STILL DELAYS BERLIN ACTION COPENHAGEN, Denmark, Nov. 1.—The political crisis in Germany caused by the refusal of the majority of the reichstag to accept von Hertling as chancellor is still unsettled. Von Hertling is undecided whether to take the portfolio in view of the developments. The Germania reports that his condition of acceptance is that the chancellorship and the Prussian premiership shall not be separated. It had been reported that Michaelis, retiring chancellor, would be made the Prussian premier.

STEPS BEING TAKEN TO STOP IMMIGRATION FROM SWEDEN

(By Associated Press) STOCKHOLM, Sweden.—More earnest efforts are being made to prevent emigration from Sweden as a result of the publication of statistics showing that in 1916 more than 7,500 persons left this country, as compared with fewer than 4,100 in 1915. About 67 per cent of those who go are between fifteen and thirty years of age, and virtually all take passage for America. Notwithstanding the increased emigration last year, a great number of Swedish-Americans who returned to Sweden have been induced to remain here, many having purchased farms, while for others places of work have been obtained through the instru-

American Troopship Is Hit By Submarine

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Nov. 1.—In the house of commons today it was stated for the British admiralty that between 40 and 50 per cent of the German submarines operating in the North Arctic and Atlantic since the beginning of the war has been sunk. "We must lay plans for a long war in order to see a short one," the members were warned.

WASHINGTON, D. C., Nov. 1.—The navy department today gave out an official statement that the U. S. transport Finland has been torpedoed while returning to the United States. She was able, however, to make a foreign port under her own steam. The Finland is one of the largest steamers flying the American flag. Her normal crew is 237. The report makes no statement as to casualties.

LIMIT ON SUGAR SALES PROFIT IS SET BY ROLPH

TO THE SUGAR TRADE It has just been brought to the attention of the United States food administration that refined sugars are being distributed in New York City and elsewhere on a margin of profit that the United States food commission considers unfair and unjust, and not in accordance with the food control bill of August 10, 1917. The trade is hereby notified that until further notice any margin charged by refiner of over 100 points net will be considered unfair and unjust, and any resales of such refined sugar (for domestic or export) to any customer, carrying a margin of over 25 points per 100 pounds over the refiners' list price, will also be considered unfair and unjust and contrary to the provisions of the food control bill, unless such sale is first approved by the United States food administration. The distributing trade will be licensed within a few days and a statement of all sugar transactions carried out by them during thirty days prior to application for license will be demanded when making application for license, and any overcharges will have an important bearing on the issuance of such licenses to such persons. STATEMENT ON DRAFT BOARDS SETTLES SOME APPARENT UNCERTAINTIES

That there may be no misunderstanding as to the operation of the draft today, and the make-up of the exemption boards may be kept clear in mind, the following is stated as the accepted procedure for Hawaii: 1. There is a district board of the Territory of Hawaii—the general board. 2. There are six local division boards, one for each of the territorial representative districts. For instance, on Oahu, where there are two such districts, the fourth and fifth election districts, there are two local division boards. It should be kept clearly in mind that the designations of these boards do not correspond to the designations of the political (representative) districts. For instance, the work of the fourth representative district, Oahu, is handled by Local Board Division No. 1, the fifth representative district by Local Board Division No. 2. 3. The drawing today is not the call to the colors. Today's drawing establishes the order numbers of the registrants—that is, the order in which they will be taken in the event of the actual call. Such a call can come in one of two ways: (a) Notification from Washington of Hawaii's quota. In this event the quota would be apportioned among the six local districts. (b) An order from Washington to the local boards to examine through out the entire list to determine the eligibles for military service in the entire list.

PORTUGUESE OF HAWAII TO LAUNCH BIG RED CROSS DRIVE ON SUNDAY

City Divided Into Ten Districts
and Committees Will Visit
Every Home

Following out extensive plans that have been many weeks in preparation, the Portuguese residents of Honolulu and Hawaii nei, are to participate in a Portuguese Red Cross drive. Sunday, November 4, is the day set for this work. The A Patria Society has taken the initiative in the matter, having named a committee September 12 to formulate plans for the campaign. This committee composed of Angelo da Cunha Pessoa, consul-general of Portugal, president; Prof. Euclides da Costa, vice-president; Lionel P. Correia, secretary; Dr. L. R. Gaspar, treasurer, and M. G. Santos and J. B. Pontes, was instructed to get in touch with all Portuguese organizations in Honolulu to further the work.

All beneficial, fraternal and religious bodies were invited to send one delegate each to a meeting of the committee, in order that one large representative body be formed for the purpose of systematising the task of gathering funds, for the Portuguese Red Cross. After the formation of this grand committee, the original committee from the A Patria Society became detached and embodied in the larger body, which is working independently of any other organization. The general committee after its organization was composed of the officials mentioned above and the following delegates: J. C. Souza, representing the Supreme Lodge of A Patria; A. H. R. Vieira, representing the Portuguese Evangelical School; B. Camara, Jr., representing the San Antonio Society; Frank Branco, the Lusitana Society; M. I. Pascoal, the Madelense; Felix Tranquada, the Portuguese Charitable Society; J. Maria Gomes, the Cathedral Holy Ghost Society, and K. F. Oliveira, the Michalense Societies.

November 4 has been set as the day on which every Portuguese home in Honolulu will be visited in order that the work of the Portuguese branch of the Red Cross shall be given aid. The city has been divided in ten districts and sub-committees appointed for each. While the canvassing will be confined solely to Portuguese and those of Portuguese extraction, any person of another nationality who should care to contribute to this noble endeavor to make war more humane, will find that their contributions will be gratefully accepted.

Headquarters for the committee have been established at the office of Dr. L. R. Gaspar, on Emma street,

where returns from the campaign will be received. All those who are, through any accident, overlooked by the visiting committeemen, are urged to leave their contributions at Dr. Gaspar's office. All moneys will be turned over to Mr. Angelo Pessoa, consul general of Portugal for Hawaii, who will forward the same to the headquarters of the Portuguese Red Cross at Lisbon.

Throughout the islands the collecting of these funds is being done by the agents of the Lusitana and San Antonio societies. The campaign will be carried on actively until the 15th of November. While a great many Portuguese contributed to our own Red Cross fund, it is confidently expected that the support given to this latest Red Cross endeavor will be every bit as hearty and generous.

The committees who will take part in the active work of solicitation are composed as follows:

MEN OF THE SCHURZ CHEER WOMEN OF CITY FOR RED CROSS ACTIVITY

Three cheers for the American Red Cross and the patriotic women of Honolulu were given by the men of the U. S. S. Carl Schurz, formerly the German gunboat Geler, when a great array of knitted garments were presented to the men as they were drawn up on deck.

The following letters tell the story: Hawaiian Allied War Relief Auxiliary of the Honolulu, Hawaii, Chapter American Red Cross. — October 29, 1917.

Captain Arthur Crenshaw,
Captain U. S. S. Carl Schurz.

My dear Sir:
The women of Honolulu take great pleasure in presenting these knitted garments for the use of the officers and men of the Carl Schurz, who are soon to be called out on active duty. Their only regret is, that on account of the impossibility of procuring wool, they are unable to present uniform sets in the colors and quantities desired.

The Hawaiian Allied War Relief Auxiliary of the American Red Cross desires to present at the same time, 270 suits of underwear for the use of the officers and men of the Carl Schurz.

These small gifts convey our Aloha and admiration to the brave men who will face our enemy to preserve the rights of humanity for future generations.

Very sincerely yours,
GERTRUDE M. DAMON,
Acting Chairman, Haw. A. W. R. Aux.
Christiana M. Wall, Sec.
U. S. S. Schurz,
October 30, 1917.
Mrs. Gertrude Damon, Chairman,
Hawaiian Allied War Relief Auxiliary,
Honolulu, Hawaii, Chapter,
American Red Cross.

My dear Mrs. Damon:
On behalf of the officers and men of the U. S. S. Schurz I desire to express, through you, to the Hawaiian Allied War Relief Auxiliary of the Honolulu, Hawaii, Chapter, American Red Cross, the sincere and heartfelt appreciation and thanks for the generous gift that has been made to the officers and crew of this vessel. I can assure you that nothing could have been done by the women

of Honolulu that would have been more appreciated than the gift just received.

Again tendering our sincere thanks for your generosity, I beg to remain,
Very sincerely yours,
ARTHUR CRENSHAW,
Commander, U. S. Navy,
Commanding Officer.

In the collection there are 78 sweaters, 90 mufflers, 65 pairs socks, 89 pairs wristlets, 19 helmets, 270 suits underwear.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

UTAH SUGAR CO. WILL TAKE OVER CALIFORNIA FIRM

SAN FRANCISCO, Oct. 20.—Final steps in carrying out the deal by which the Amalgamated Sugar Co. is to take over the plant of the Pacific Sugar Corporation at Tracy, were being taken yesterday by Ussing, Poole & Simmons, New York bankers. Representatives of this firm are at the St. Francis, where they will be joined on Monday by Leroy R. Eccles, vice-president and general manager of the Amalgamated Sugar Co., which is closely connected with and is controlled by the Mormon church. The Amalgamated Sugar Co. already possesses extensive plants at Ogden and Logan, Utah; Le Grande, Ore., and elsewhere, and enjoys the reputation in financial circles of being a very strong corporation. The Pacific Sugar Corporation, which is to be examined next week and taken over, represents a promotion of Roy Pike, and was organized as an incident to the exploitation and development of extensive acreage owned by the Whitehall estate, near Tracy. The price at which the California company is to be acquired has not been divulged.

W. C. WOODWARD IN LAND OFFICE

Wilbur C. Woodward, former assistant superintendent of public works and acting superintendent for several separate times when Charles E. Forbes was on the mainland, has been appointed office engineer in the bureau of hydrography, land department, succeeding Charles T. Bailey, promoted to chief engineer. Mr. Woodward's appointment is made by Land Commissioner Bertram G. Rivenburgh. The experience the new engineer has had in work on the various islands is considered of high value in the office. He began his new duties today.

Following his resignation from the public works department Mr. Woodward was employed for a time this spring by the Spalding Construction Company and later by the department quartermaster. Fourteen candy manufacturers in Cleveland will cut down on their output in order to conserve sugar.

DEFENSE SOCIETY URGES WAR ON HUN ALLIES

(Associated Press by U. S. Naval Wireless.) NEW YORK, N. Y., Nov. 1.—The trustees of the American Defense Society yesterday passed a resolution urging upon President Wilson the necessity of calling a special session of congress to declare war upon Austria, Turkey and Bulgaria. The trustees urge that, in view of the necessity of sending immediate aid to Italy, a state of war between America and Austria should be proclaimed, otherwise embarrassing complications may result. It is also pointed out that the presence of Austrian representatives throughout the United States, many of whom are acting as spies and agents of Germany, adds to the difficulties of keeping military secrets from the enemy and places the secret service agents and others in situations where they are hampered and embarrassed in their work. The arguments applying to Austria and the necessity of a declaration of war against that power, apply equally in the cases of Turkey and Bulgaria, the resolution states.

BRITAIN BACKED U. S. IN WAR WITH SPAIN

(Associated Press by U. S. Naval Wireless.) NEW YORK, N. Y., Nov. 1.—Plans for a hostile naval demonstration against the United States by Britain and through the firmness of Lord Salisbury was the assertion of Sir George Reid, former commissioner to London from Australia, in a banquet here last night in which he spoke for the close relationship of the two great Anglo-Saxon, or at least English speaking nations. In the course of his speech Sir George Reid pointed out how differences had been settled, soreness healed and the two countries had been drawing closer for more than a score of years. It was then that he gave to Great Britain and to Lord Salisbury credit for preventing a hostile demonstration by the navies of a number of European nations against the United States at the time of the outbreak of the Spanish-American war. Approaches were made to the various nations of Europe, the speaker asserted, and finally England. When the envoys came to Lord Salisbury he emphatically refused to take any part in the project. He went even further, said the Australian, and told them, "If you undertake anything of that kind you will find the British fleet facing you."

CHAOTIC CONDITIONS PREVAIL IN RUSSIA

LONDON, Eng., Nov. 1.—The general situation throughout Russia remains chaotic, with many of the provinces evincing a hostility towards the Petrograd government that has taken the form of refusing to sell flour to the residents of that capital. Yesterday the mayor of Petrograd posted notices throughout the city thus explaining the scarcity of bread, announcing that the wheat growing districts, in many cases, had refused to ship flour to the capital. The notices urged the citizens to remain calm, as the government was preparing to remedy this condition. Above all, he prohibited the holding of any mass meeting to discuss the food situation. Throughout the country districts, anarchy prevails and various attempts to destroy railroad bridges and rolling stock have been reported. Neither passenger nor freight trains leave any of the principal centers now without strong military guards aboard, to check any attempts at seizing the trains or wrecking them.

TEUTONS CAPTURE SMALL ARMY IN GORIZIA DRIVE

NEW YORK, N. Y., Nov. 1.—Official reports from Berlin state that the total number of prisoners now taken in the great drive is more than a hundred and twenty thousand, while the toll of big guns abandoned by the Italians as they retreated from one point to another is more than a thousand. Premier Orlando, who assumed office at the head of a completed cabinet yesterday, marked his inauguration to the premiership by sending a telegram to General Cadorna, urging him and his army to resist to the utmost as all Italy stood united behind him and preparing to furnish him whatever assistance in men and supplies he might need.

NEW JERSEY HUN EDITOR INDICTED FOR TREASON

TRENTON, N. J., Nov. 1.—Benedict Prieth, editor and publisher of the New Jersey Free Zeitung was indicted for treason by the federal grand jury yesterday. The indictment was based on the wording, the tone and meaning of several articles which had been published by the German paper dealing with the position of the United States, causes for entry into the war and criticism of President Wilson, his cabinet and various officials of the government.

TELEPHONE OPERATORS AGREE TO DELAY STRIKE

SAN FRANCISCO, Cal., Nov. 1.—Avoidance of a tying up of the business of the cities of the Pacific coast seemed probable last night through the efforts of Mediator Reed. He secured an agreement to postpone the strike of the telephone girls operating on the switchboards, and the men in the wiring and trouble departments who were to join the strike in sympathy.

DECLARES FOOD IS PLENTIFUL IN GERMANY

BERLIN, Germany, Nov. 1.—The undersecretary of the food department has issued an official statement in which he announces that subsistence for the nation during the fourth year of the war is now assured, the reports of the harvest being complete. "The potato crop," he states, "is over four million tons above the estimate, while a corn supply has been secured sufficient to carry the nation through until the harvest of 1918."

CHINA PROTESTS JAPAN CONTROL OF RAILROADS

PEKING, China, Nov. 1.—The Chinese government, through its department of foreign affairs, yesterday sent out to the powers a formal protest against the extension of Japanese control over the railway of the Shantung peninsula. This protest is based on the claim of China to a restoration of the sovereignty of the Shantung sections over which Germany had exercised sovereign power and which were captured by Japan.

FEAR SCHOONER WHITE BEAR LOST 'UP NORTH'

NOME, Alaska, Nov. 1.—Citizens yesterday commended a tug which was despatched to sea to search for the schooner White Bear. The schooner, with four persons aboard, was blown out to sea by a gale which raged throughout Sunday and has since not been sighted. Fears are entertained that the schooner has become unseaworthy and that those aboard are unable to bring her back to port.

Removed Gall Stones Without An Operation

Simple Remedy Brought Relief After Doctors Said Knife Was the Only Way

Mrs. Mary E. Franse, of West Point, Neb., is firmly convinced, through her own experience, that stomach trouble and gall stones can be effectively treated and permanently relieved without an operation. In a letter to the Pinus laboratories Mrs. Franse says: "Ten years ago I was about to undergo an operation for gall stones when I heard of your treatment. Dreading an operation above everything, I determined to at least try Fruitola and Traxo, and have never been sorry I did as I have not been troubled with gall stones since."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased of Benson, Smith & Co., wholesale distributors; a doctor's prescription is not necessary. Fruitola is a pure fruit salt that acts as an intestinal lubricant, and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to rebuild and restore the weakened, run-down system. A booklet of special interest to those who suffer with stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

SCOUTS SELL OVER \$54,750 WORTH OF BONDS

The scouts of Honolulu have sold \$54,750 worth of Liberty Bonds, which has proven the good salesmanship of the boys. Scout Ezra Crane of Troop IX sold the largest number of bonds in town.

The following list of scouts are those who will receive the honor of possessing a war service medal:

Ezra Crane, Troop IX, 65 bonds, amounting to \$5,800; Guy Gitt, Troop VIII, 39 bonds, amounting to \$3,900; R. Duncan, Veteran Scout, 57 bonds, amounting to \$1,800; Montgomery Clark, Troop IV, 33 bonds, amounting to \$5,700; Alatau Wilder, Troop I, 18 bonds, amounting to \$1,800; Walker Matheson, Troop IV, 14 bonds, amounting to \$1,100; Herbert Richards, Troop IV, 16 bonds, amounting to \$4,900; Wah Soo Ching, Troop III, 16 bonds, amounting to \$1,850; Schoening, Troop I, 15 bonds, amounting to \$1,350; E. Carter, Troop XVII, 14 bonds, amounting to \$1,250; John Trout, Troop IV, 12 bonds, amounting to \$600; Walter Samson, Troop I, 12 bonds, amounting to \$1,150; Jack Leithead, Troop VIII, 12 bonds, amounting to \$800; L. Kartado, Troop XVIII, 12 bonds, amounting to \$650. Thus fourteen medals Uncle Sam will have to send to far-away Honolulu from Washington.

The following is the list of scouts who have sold bonds throughout the city:

SCOUTS COMMENDED FOR PROMOTING LIBERTY LOAN.

The treasury department authorizes the following:

Reference has heretofore been made to the splendid work done by the Boy Scouts of America in promoting the sale of the first issue of Liberty Loan Bonds. Though possibly many other subscriptions were indirectly induced by their efforts, it has been carefully figured out that subscriptions aggregating some \$23,000,000 were taken in by the Boy Scouts, representing 152,000 individual subscribers.

Seven thousand six hundred and eighty-six Boy Scouts of America earned the war-service emblem by selling 10 or more Liberty Loan Bonds and will receive in time the badges of honor.

The Boy Scout holding the highest record for bonds sold is Fred Shelton of Troop I, Mayfield, Ky., who sold 324 Liberty Loan Bonds, aggregating \$24,750. He is a farmer boy, and obtained subscriptions for the bonds in the neighborhood of his home.

The patriotism and efficiency of the Boy Scouts will be utilized to the greatest extent possible in the second Liberty Loan campaign. It is an inspiring thing to see the boys of America actuated by a great national feeling rendering great national service. They are the citizens of tomorrow, and their tomorrow must see the world safe for democracy. In aiding the sale of Liberty Loan Bonds they are performing their part to that great end.

President Wilson has just issued a letter commending the work of the Boy Scouts in the last Liberty Loan campaign, and wishing them greatest success in the coming one.

The President will present, it is announced, a United States flag to the Boy Scout troop selling the largest amount of Liberty Loan Bonds of the second class.

SCOUT EXECUTIVE VISITS.

As Troop VIII has no scoutmaster, Scout Executive R. N. Burnham hoped to conduct their meeting of last Friday evening. He announced to the scouts that he hoped to have an able and permanent scoutmaster by next Friday evening. He later explained a way for mobilizing so that the scouts could be called out in short notice. After this it was agreed by the patrol leaders to hold at least one meeting during the week to practise knot tying for a contest which will take place at the next meeting.

TROOP IV.

The members of Troop IV held a regular meeting last Friday evening during which the scouts were taught subjects which all scouts should know in order to attain the rank of Tenderfoot, Second Class and First Class.

The troop as a whole has organized a first aid class which will have a meeting of instruction during this week. Scouts Lennox and Peterson passed the requirements in cooking for the rank of Second Class.

TROOP XX

Meeting was called to order at 7:30 sharp. Most of the time was spent in discussing the troop's coming show November 16 and 17. This show is going to be something worth seeing. The admission will be 25 cents as the troop is "in the hole" for quite a sum.

Important! Every boy report in full uniform Friday, 7:30 sharp.

SAYS ACID STOMACHS NEED MAGNESIA

Doctor Calls Bisurated Magnesia Safest, Quickest and Most Effective Acid Stomach Corrective.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one prescribed by leading specialists is bisurated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus ensure painless normal digestion. Care should be taken to get bisurated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda salts, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.—Adv.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Hawaii Joins in Raising Great National Army

November 1, 1917, is a date that will endure in the history of Hawaii.

On this day thousands of Hawaii's young men are called to take their second step in upbuilding the army of Americans during the greatest national crisis since North and South went to four years of shattering warfare.

The first step of these young men of Hawaii was taken when they registered in accordance with the provisions of the selective draft. Hawaii's record in that registration was one of which we are all proud; a record that the enemy must recognize as proof of readiness to respond to the call of duty.

A large proportion of those registered will be justly entitled to exemptions but those remaining will constitute a picked body of young men from which Hawaii's quota can be drawn with splendid results.

That these young men whose names today are drawn for probable active service will uphold and enhance the record begun in the registration there is no doubt. The stuff of Americans is in them; they would wish no higher praise. When the call for service comes they will be ready to answer.

Hawaii is later than the mainland in the operation of the draft. There has been time to note the results of the draft on the mainland, and it is generally recognized that the system Uncle Sam is using is developing a real national army.

The selective draft or conscription is thoroughly democratic, as the mainland communities have learned. It puts the young millionaire and the young laborer, the student, the clerk, the professional man, the businessman, the skilled artisan, all in the ranks of democracy.

No one is favored above another. There is no discrimination for the rich man and against the poor. The young chap who has been pampered in the lap of luxury must get out into camp and shoulder a gun and dig a trench just as the young chap who has been a worker since his boyhood.

As soon as this fact became apparent in the main-

land states, the drafted men developed an esprit de corps, a willingness, that was not only highly commendable, but of direct advantage to the veteran of fliers entrusted with the duty of whipping the national army into shape for active service.

The operation of the exemption plan has awaked surprisingly little opposition. In some cases the boards proved incompetent and a few, a very few, charges of favoritism were made. These cases were promptly handled by the higher-up authorities. On the whole, the record of the exemption boards was superb. Their personnel was capable and anxious to be just and fair.

The fact that Hawaii's draft is later than that of the states is an advantage in this matter of exemptions, for there are now valuable precedents and pertinent rulings by which the boards here may be governed in construing a difficult law.

Are you among those Americans drafted today? If so, you are given a great opportunity for serving your country. You are entrusted with a great responsibility. One of the most famous remarks in all history is that of Napoleon, who said that every soldier of France carried a marshal's baton in his knapsack—meaning that the French army system offered every soldier, no matter how low his rank, the opportunity to rise to the highest military honor in the gift of France.

The American soldier has his own peculiar and shining opportunity—that of doing valiant service for his country.

You who are drafted are in a significant measure entrusted with the honor of your territory and your nation. You are part of the greatest army ever raised—an army which is going to war not because this nation wants to wage war, but because the time has come for us to defend our rights and the common rights of humanity and human liberty.

From this time on the man whose name has been drawn in the draft and who is not exempted is a marked individual—marked with the badge of honor. He is a soldier of the republic.

LITTLE TALES ABOUT TOWN

PIGS IS PIGS
H E was getting a divorce from his wife. She had deserted him, he told the court. Yes, he went on, in answer to a question, he had been making a good living on the land he owned. He kept a lot of pigs for which there was a good demand and there was always plenty of pol and fish in the house and his wife always had plenty of holoaks to wear.

"Are you still in business?" asked the court.

"No," answered the petitioner.

"How long since you got rid of your pigs?"

"I haven't had any pigs around the place since my wife went away," said the plaintiff.

Everybody laughed and the man got his divorce.

GOATS IN COURT
N O one knew who they were or whence they came. They entered the judiciary building this morning, one behind the other, tripped down the long lanai and entered Circuit Judge Kemp's chambers. After looking around there, they went on into the clerk's office, and then into the court room. They walked around the bench for a while, and then went out into the lobby, a bystander holding the door open for them.

"Poor kids, maybe they are lost," suggested Detective H. Thomas Lake.

"Perhaps they are looking for the juvenile court," supplemented Interpreter C. Aloysius Doyle.

"The little one looks pretty young, but I guess she's the mother of the youngster," Lake went on.

"Maybe she wants to adopt the youngster," mused Doyle.

But the couple, apparently lost in the big building and too timid to take advantage of any assistance bystanders might offer, soon headed for the makal door. With glad cries they bounded out of the building and began to nibble at the grass under the big banyan tree. They were a couple of goats.

JUST BOY AND DOTING PARENTS
T HEY had been to Waikiki for a swim—father, mother, baby brother, two little sisters and Son.

Mother and father were greatly perturbed as they clambered on a car at the Outrigger club, for the discovery had been made that Son, left to his nine-year-old manliness, had made short shift of dressing after his swim by stealthily consigning his underwear to the family basket.

Much to the embarrassment, Son was asked to place the folded under-shirt across his breast so he would not catch cold. No other evidence was necessary that they were all malhains, and did not know that Hawaii's kindly climate was as apt to cause a cold from an excess of clothing as for lack of it.

Son blushed in the presence of the carload of passengers, as an attempt was vainly made to persuade him to open his outer shirt and do as instructed. Then father roughly ordered him to do so. Boy caution over-

The Argument of the Commandeered Steamers.

The Matson liners Maui and Manoa do not appear on the Star-Bulletin steamship calendar for November. Why? Because the United States government has taken or will shortly take these two vessels unto itself for war purposes.

The Wilhelmina and the Matsonia have places on the November calendar but will not appear on the calendar for December. They will follow in the governmental footsteps of the Maui and Manoa.

Are we fully sensing the realization of the fact that these moves are strong arguments for economy in food supply. If we do realize it, what then? If you individually realize it, what are doing to save? What is anybody here doing for the conservation of food?

We are all willing; more than willing to do our "bit." But why are we not all doing that "bit" doing along lines of "doing their bit" for war times' sake, and it is more than probable that half of them will say that they want to do something; they know that they ought to do something; but they don't know what to do.

Leaving out of the argument the conservation of food, let it be asked, What are they doing to eliminate waste? While it is not a sin for a housewife to plead guilty to not being able to manage the purchasing end to an advantage, there is no excuse for the waste of food that has been purchased.

If there should be prizes offered for suggestions that will lead to the elimination of waste, we are sure that the following would stand a fairly good chance of capturing a number of them:

One housewife of this city says, "We realize in our family what we may be up against soon, and we have eliminated 'don't like that' from the family vocabulary, and that goes." Another says, "I have put my house on 'rations' already, and as the members are all inclined to be stout, I have gradually cut down on the quantity, and quite slyly I am dropping the sweet and the starch and the fat as often as I can."

Another housewife of courage and determination declares that she purchases all her supplies in quantities that warrant a second meal. She says, "You can make even a 'nicky eater' a convert to twice-cooked food if you try hard enough."

A lady in Kaimuki claims that her scheme is most effective. "The food that I am giving my family is simple, but so cooked that it is good enough to earn an encore, and the platter is generally cleaned."

An essential thing to be kept in mind is that an ounce of prevention is worth several pounds of cure. It is a strange phase of collective human nature, that people of any city will readily give assent to the most extreme measures, and the spending of unlimited amounts of public money in the actual presence of an epidemic, but are persuaded with great difficulty to observe the simplest measures of prevention. Cleanliness is the most efficient barrier to any disorder. Clean up the city! Clean up the streets! Clean up the back yards and be safe!

The Hawaiian bandsmen have wisely declined to strike. They will regain some of the prestige which the Hawaiian band enjoyed for years if they stick to their work, develop their abilities and make the concerts real musical events. They will also then regain the crowds which used to attend the concerts. Attempts to mix politics and music must be disastrous to music.

Not So Badly Off

Uncle Sam does not seem to have the fell intention, in some quarters credited to the benevolent old gentleman, of leaving Hawaii in the lurch for shipping facilities.

The two coasting steamers Governor and President which have been assigned to this run with the commandeering of the Matson liners carry the respectable total of 822 first-cabin passengers. One has accommodations for 414 and the other for 408. They lack some of the broad deck space afforded by the crack Matson steamers, but they will do very well indeed for passenger steamers. And Hawaii's representative on the shipping board organization is certain there will be freight accommodations when the need arises.

Uncle Sam has little use for slow freighters in the war-trade. They are more of a liability than an asset. The Maui and the Matsonia, which are fast enough, have facilities for speedy handling of cargo possessed by few Atlantic steamers. They can be put to any one of several important war uses. It is their very useful character, in which comparative speed and freight facilities are combined, that explains why Uncle Sam wants them on the Atlantic.

It took military reverses and Zeppelin raids to wake up England. It has taken the stinging defeat of an army and imminent danger of invasion by the Germans to wake up Italy. For months the Italian Socialists and other factions have been indulging in talk that would not be tolerated in England, France or the United States. These factions are silenced in the face of the Austro-German drive, with one Italian army apparently cut to pieces and another in full retreat.

Hawaii is fortunate in the high type of men who have been chosen to serve on the draft exemption boards. Their ability and character guarantee justice and equity in handling the difficult matter of exemption claims. Several of these men have had to give up vacations to serve on the boards but their time and energy are freely given.

Boy Scouts are very much "on the job" in any public movement where they can do service. Their work in helping to handle the draft today is evidence of their readiness to be of use to their city and their country.

Congressmen are to visit Gen. Pershing's camp. The censor will doubtless prevent us from ascertaining the real sentiments of Gen. Pershing about the visit.

A motorman has been fined \$200 for heedless driving. Next will be prosecution of the pedestrian for heedless walking.

Almost everything is regulated now but the fellow who practises the clarinet next door between 9 and 11 p. m.

By today's draft Hawaii is helping to "make the world safe for democracy."

It might be said that the milk probe brought forth some curdling facts.

HAS A GROUCH ON HONOLULU
Honolulu, Oct. 31, 1917.
Editor Honolulu Star-Bulletin:
Sir: As a visitor to Honolulu, I find myself nervous to ask a question that is asked by other visitors, namely, What is the matter with Honolulu?

Here every prospect pleases and only man makes his fellow beings doleful and despairing. This fact would not be so unpleasant were it not for the fact that the "man" referred to in this connection is numerically a small part of the population who assumes to be ALL in a city that should be as cosmopolitan as it is windswept. Ninety per cent of the people are under the sway of unpopular laws, including the tourist who comes here misinformed as to true conditions.

It seems to me that the governing body of Honolulu if it wishes to aspire to the cult of puritanical New Englandism might in all fairness take pains to explicitly deny the exploitation given this city and island by song writers, showmen, travelers and magazine story people. In plain English, the big world is very much under the impression that this place is prime for those who seek indulgence in wine, women and song, with certain bizarre features that make it different from the similar attractions. It is because this impression is worth untold millions of dollars that the promotion committee refuses to scotch the lie?

Visitors in Honolulu have a good time because they seek it out for themselves, or else they go without it. The makin's are here, but officially Honolulu frowns on all the pleasures that soldiers or millionaires may find.

Here the two newspapers printed in English—both of which are alike and say "Me, too" to every editorial utterance of the other, as far as any casual eye can see—lift up their hands in a wrong direction to a heaven that they know nothing about, while printing diatribes in behalf of prohibition, a state of intolerance that they seek to fasten on the community, unmindful of the fact that its advertising effect would be about as valuable to the islands as if it were announced that they had been anchored off the coast of Alaska. Not everybody drinks, but the majority of pleasure seekers know that the kill-joys hold all the processions in the wake of a dry wave.

And they've made it a closed Sunday town! So very fitting, too, with not one-fourth of the population of Christian belief. Some little villages—most of them in fact—are not as narrow as the government of this city of varied races in the mid-Pacific.

Here also we hear howls, mostly from the newspapers, to clean up a town that is already the most browbeaten, lawridden I was ever in. The liquor men are called upon to interpret the law regarding selling liquors to soldiers even as the government did not intend, if the cities on the mainland are not all mistaken. The daily press provides as an antidote for it reform pabulum a sort of forced and manufactured wartime patriotism of a jingoistic persuasion such as I have never encountered elsewhere. It makes a patriot sick and a slacker no less proud.

Much more could be written, but what's the use? Once again we say: Here every prospect pleases and only man giveth his fellow beings a pain.

Yours truly,
HENRY P. JOHNSTONE.

KALEIOPU REJOINS
Honolulu, Oct. 31, 1917.
Editor Honolulu Star-Bulletin:
Sir: I was considerably amused at the reception accorded my recent letter to the Honolulu Civil Service Commission by Messrs. Aluli and Sheldon. It was most comical, and I should it really have died of laughter were it not for the gravity of the situation. I had when I come to ponder over it I think that my little letter has made a decided hit. The chairman of the commission must have had a hunch of what was coming, and he promptly ordered the clerk not to read it aloud, but to pass it around privately. I cannot blame the chairman for this, inasmuch as it would have been humiliating for him to hear orally such choice excerpts as "you are not a fit body for maintenance" and "as public servants you are public failures," with the recommendation that the commission hand in its resignation to the mayor.

Nor am I surprised at the hastiness with which Mr. Aluli was moved toward the consigning of my letter to the waste basket, or the benign generosity of Mr. Sheldon in offering me a box of candy, which, by the way, I have not yet received, with the plea that I be made to keep quiet.

Now I have no objection to candy or other sweet favors that my friend may donate to his humble servant, but I find it impossible, somehow, to keep silent. I might be inclined toward doing so were I in Germany just now, but when a fellow really comes down to brass tacks there is "Prussianism" right here in Honolulu. And far be it from me to incur the dread displeasure of the sovereign and sublime duet.

Had I the pen of a Tom Moore I should address myself in amorous ditties to my friends, Messrs. Aluli and Sheldon, and they would be such poetical bouquets as would outshine an

THEATRICAL OFFERINGS
'SLACKER' STIRS LOVE FOR FLAG

Patriotic efforts in any line of endeavor are strong drawing cards with the public today, especially the pleasure-seeking portion of the public. In song, story or motion picture a patriotic fusion brings home the character of our citizenship. Good evidence may be had at the Hawaii theater where "The Slacker" is the feature film and none needs to be told that "The Slacker" is a patriotic motion picture. It is one of those martial offerings that leads its audiences to wonder; how there can be any "slackers" in the world. "The Slacker" is a strong sermon, ably told by its author and ably produced by Metro, also ably acted by Emily Stevens and an efficient cast. It is an American offering from end to end. It might have been produced by George M. Cohan, but it was not. The theme is American and the leading lady an American. The audiences at the Hawaii are cosmopolitan. It is only on rare occasions that the management of the Hawaii feels able to run a feature through an entire week—Charlie Chaplin's excepted—but "The Slacker" will stand a solid week and might prove a good "repeater." As a lesson to every man, woman and child in Hawaii it would easily bear repetition and as a box-office attraction there should be no question of its success on a reappearance.

RACING BILL IS BIJOU OFFERING

A real Bohemian melodramatic farce is on the boards at the Bijou the remainder of the week, opening tonight with Monte Carter in the star role. While "Izzy" and company have been glutting the public with feasts of humor the past month and a half, they are going to turn their histrionic efforts to a new line of performance, in which pathos will intermingle with the usual riot of wholesome comedy. Tonight's show goes under the name of plume of "Izzy and the Jockey." It savors of the Sheephead Bay tracks and many lines that will revive old memories of the followers of the turf will be interpolated. The plot deals with a square jockey, who is ruled off the track by the crooked ring, on a charge of crookedness. Accompanied by his valet, he seeks refuge at a summer resort, where a culture savant is expected, and arriving at the opportune moment, the jockey and Izzy bring with them a case of mistaken identity and are accepted as the noble guest and his valet. From then on the scenes become a riot of laughter, with gay music, tuneful songs and entrancing dances providing a delightful whirl of merriment. Ethel Davis is booked for a new and nifty song with chorus effects, in which she will be assisted by Lon Da Buttrick also has a new song program, cing steps and the same will be burlesqued by his hogan, "Izzy." Miss Buttrick also has a new song program, which is bound to score well. Needless to say, the chicks will be as certain as ever in their new ensemble chorus appearances.

JACK PICKFORD LIBERTY STAR

Again enter a member of the Pickford family at the Liberty Theater, this time it being Jack, the talented brother of the talented Mary, supported by Louise Huff, Hobart Bosworth and a Lasky stellar cast, in "Freckles." These two young stars are amongst the most popular visiting the Liberty Theater, while Bosworth is one of the best character actors in filmdom. "Freckles" is a story that misses the "sob" class by a very narrow margin. It is brimful of tense scenes and calls for the frequent brushing away of a tear. It is happily relieved from sadness by the brilliant flashes which follow closely on the heels of each

out gases and poisons. Even if your bowels move slightly each day, that is not enough. There must be an occasional THOROUGH, complete cleansing to rid your system of all accumulated, decaying matter.

Appendicitis is primarily due to the poisons formed by decaying food in the bowels. It is a disease caused by improper and insufficient bowel elimination. Many people have only a small passage in the center of the bowels while the sides are clogged with stale, fermenting matter. They may have a bowel movement every day but it is not a complete movement and the old stale matter stays in the system to ferment and cause trouble. Besides appendicitis such unclean bowels cause headache, stomach trouble and 90 per cent of all other sicknesses. The old foul matter sticking to the sides of the bowels often stays in for months, poisoning the body and causing that listless, tired feeling known as "auto intoxication."

MOTHER IN NEW YORK TO HEAR SAD NEWS HER SON LOST ON SCHOONER

An echo of the fate of the lost schooner Alice T. Alger came to Honolulu this week and a mother's anxious query as to the fate of her missing boy is to be answered. Nearly a year ago Mrs. R. Danzle, the mother, wrote to the Star-Bulletin from her home, 1163 Washington avenue, New York city, inquiring as to the whereabouts of her son Max, a sailor, supposedly somewhere on the Pacific. The Star-Bulletin at that time could inform her only that he was believed to be aboard a vessel which had sailed from this port. The mother later fell ill, and it was not until a few days ago that she wrote again, asking this paper for information. In the latest letter she enclosed a small photograph taken on board a vessel, her son with several others appearing in the picture.

EXAMINATION OF DRAFTED MEN IS NEXT BIG WORK

Draft work is full of big tasks and the next big task in line for those connected with the work in Hawaii is the examination of men drafted today at the selective drawing. This work will devolve upon the various local exemption boards and the central or district board.

That is, the boards will become active should the actual call for drafted men come, as explained in a statement on Page 2 today.

These boards are numbered according to the six representative districts of the territory. The men who will serve on them and ahead of whom the heavy work now lies are as follows:

Central Board—J. A. Balch, C. M. Fond and Clarence Crabbe. District 1—Dr. H. B. Elliot, W. H. Smith and Dr. L. B. Sexton. District 2—T. C. White, William McQuaid and Dr. O. A. Jeffreys. District 3—Clem Crowell, William F. Kaae and Dr. William Osmer. District 4—H. Gooding Field, Judge Antonio Perry, Dr. A. F. Jackson, John Guild and John H. Drew. District 5—George F. Renton, F. J. Lowrey, Dr. H. B. Cooper, B. L. Marx and Alfred Eames. District 6—W. H. Rice, J. M. Kaneaku and Dr. J. M. Kuhns.

LOCAL AND GENERAL

Forty-seven suits for divorce were filed in circuit court in October.

Circuit Judge Ashford's trial jurors who are not engaged in the Sam Goldino case have been excused until 9 o'clock next Monday morning.

The Inter-Island Steam Navigation Co. has filed in circuit court a bond of \$500 to cover the removal of the case of the utilities commission against the steamship company to federal court.

Charged with keeping liquor for sale without a license, Raymond Ramos was convicted in Circuit Judge Ashford's court yesterday and sentenced to serve four months in Oahu prison.

The trial of Sam Goldino, charged with the malicious conversion of an automobile, was begun this morning in Circuit Judge Ashford's court. Further trial will be had tomorrow. Attorney Lorin Andrews is representing the defendant.

Rupert Henwood, who was taken from a foreign vessel at this port and held pending an investigation of charges of embezzlement, has been returned to Australia by Marshal J. J. Smiddy at the instance of the Australian government.

Attorney General Gregory notified Secretary of War Baker that in his opinion the agreement entered into by the Wright-Martin and Curtiss Aeroplane companies for the interchange of patents is legal.

One thousand carloads of peaches, one-ninth of the entire crop of New York State are rotting in the orchards because the peach growers cannot get the cars to take their fruit to the market.

PLANTATION LABOR WILL GET BONUS OF 78 PER CENT, RECORD-BREAKER

Hawaii's plantation labor will reap a huge reward in bonuses for the year which ended yesterday.

Announcement has been made by Royal D. Mead, director of the Hawaiian Sugar Planters' Bureau of Labor and Statistics, that the bonus will be 78 per cent. This is a big increase over the figure of last year, which was 52.95 per cent.

The announcement is as follows: "The average of the daily New York market price for 96 deg. centrifugal sugar, duty paid, for the year ending October 31, 1917, was 6.998 cents per pound or \$121.99 per ton. At \$121 per ton the bonus to plantation laborers would be 76.5 per cent. At \$122 per ton the bonus rate would be 78 per cent.

"A bonus of 78 per cent has there-

Beef Price Rises; May Be Probed

Metropolitan Advances Two Cents on Choice Cuts; Cattle Says He Thought Meat Men Were Already Making Reasonable Profit

Milk and beef went up today. So did beef and pig.

The Metropolitan meat market announced this morning that until further notice, two cents a pound more will be charged for choice cuts of beef, including round steak, T-bone, sirloin, tenderloin and porterhouse. The old reliable hamburger, which used to sell for 22 cents a pound, has jumped to 24 cents a pound. There will be no advance—at least not just now—on other cuts of beef, or on veal, pork or mutton.

This raise has become effective because, says the manager of the Metropolitan, the Hawaii Meat Co. has increased the price of wholesale beef one cent. Therefore the Metropolitan will raise its price a cent to cover this additional expense, and also tack on another cent. The expense of operating the market is also pretty high, the manager added.

At C. Q. Yee Hop's market it was announced that no raise would be made there until a meeting of butchers could be held. At some of the other markets it was announced that the price might go up one cent, but that there was nothing definite. The territorial marketing division, which is selling beef far below the prices charged by the Metropolitan, will not increase its prices. The manager pointed out that it was able to sell cheaper, as it does not deliver, whereas the Metropolitan does.

But the bombshell came this morning when J. F. Child, federal food commissioner, declared he would certainly investigate the rise in the price of meat if any complaints are made to him.

A. L. Castle, chairman of the territorial food commission, said the food board would also look into the increase.

"I always understood that the meat men were making a reasonable profit," said Mr. Castle.

Poi went up a cent a pound today and may keep going up, it was announced in market circles. This is another advance that the food commission is planning to look into.

Palmyra Isle May Once More Change Hands

California and Hawaiian Capitalists Want to Buy it to Establish Canning Factory

Once more Palmyra island is to pass into new ownership if the plans of Hawaii and California capitalists materialize.

Accompanying H. E. Cooper, former circuit judge, when he left here for Palmyra last Tuesday was a representative of a syndicate of capitalists who are anxious to acquire control of the island. For several days it has been known that Mr. Cooper had been made tempting offers for his island property, but until this morning it was believed only California interests wanted to buy Palmyra.

However, inquiries made as to the identity of the California capitalists revealed the fact that a number of investors who are interested in the Hawaii Preserving Co. are back of the scheme to purchase Palmyra and establish a fish canning factory there, as well as to increase its copra output.

As Judge Cooper was leaving for Palmyra he was asked if he would tell the amount he was now asking for the island. He replied that certain circumstances made this impossible, but since then it is said the option on the island is to cover a purchase price of \$15,000 or \$16,000.

Judge Cooper bought the island five years ago for the insignificant sum of \$750. His title grantor was Mrs. M. Wundenberg, widow of F. W. Wundenberg, who in the late '80s was postmaster general of the kingdom of Hawaii. Wundenberg had bought it from W. A. Kinney, whose ownership was a losing one, for he had paid \$750 for the property and parted with it for \$500.

K. C. Ensoldsen, a stranger in Hawaii, but who came here with full power of attorney to act for the California capitalists he represents, is the man who is accompanying Judge Cooper to the island to investigate its prospects for the establishment of a fishing cannery.

Milk Price Agreement Is Reached

New Rates to Be Reduced From One Cent to One-half Cent, and Producers Probably Will Receive 9 Cents; Food Board Considers New Arrangements

Members of the food commission at a meeting this afternoon voted to approve temporarily the milk prices suggested under the agreement reached by the dairy association and the producers. "This schedule seems fair and I recommend that it be approved for the time being, at least," said Chairman A. L. Castle.

An agreement has been reached between the Honolulu Dairymen's association and producers whereby the new prices of milk to the public, which went into effect this morning, will be reduced one cent and, in some instances, half a cent, and the price paid to producers will be in the neighborhood of 9 cents.

This action was taken as a direct result of the investigation of the advanced milk prices begun yesterday afternoon by the territorial food commission. The agreement has been subject to the approval of the food board, and the commission is meeting this afternoon to discuss it.

According to the agreement milk to the public will sell at 14 instead of 15 cents a quart, which is a reduction of one cent in the new prices which went into effect today. Pints of common milk will sell for 7 1/2 cents instead of 8 cents. Jersey milk will sell for 16 instead of 17 cents a quart, while pints will cost 8 1/2 cents instead of 9 cents. Baby milk will remain the same, 10 cents a pint and 20 cents a quart.

At yesterday's investigation producers declared that 9 cents would be a fair price for the milk furnished the dairy association by them. Some of them, however, wanted as much as 10 cents a quart. According to the agreement reached today, the price to the producer probably will be 9 cents.

Prior to the establishment of the new prices, milk sold for 13 cents a quart to the public, while the producer received 8 cents a quart. It was declared that, at this rate, the producers were losing money.

GARCIA AGAIN IS REPRIEVED BY GOVERNOR

Will Not Go to Gallows Until Authorities Can Check Up Fully on Kohala Crime

Antonio Garcia, who was to have been hanged last Friday morning for the murder of a Japanese at Honokaa last May, and who was reprieved until tomorrow morning, when he was to have gone to the gallows for his crime, has again been reprieved by Governor Pinkham. No new date has been set for the hanging, but Garcia will not pay the penalty with his life until the authorities are satisfied that he told the truth in his startling confessions of last Friday. He confessed to having assaulted and murdered the Kunahe girl at Kohala, for which crime a man is now serving a life sentence in prison. He also confessed to a murder in the Philippines.

Sheriff Samuel Pua of Hawaii has been sent for and will arrive Saturday from Hilo. Sheriff Pua is familiar with the details and circumstances surrounding the murder of the girl, for which Garcia swears he is responsible, and he will thoroughly investigate the new revelations. Together with Attorney-General Stainback, the sheriff of Hawaii and the high sheriff of the territory will probe into every detail and look at every angle of Garcia's statements.

There is some doubt that Garcia's confessions are true. It is plausible, say the officials, that the condemned man, knowing that he must face the gallows for his crime of killing the Japanese, has made this confession concerning the murder of the girl, so that the man now serving a life term will be pardoned. It is with this in view, to determine whether or not the condemned man's story is true, that Sheriff Pua and Attorney-General Stainback will go over the case again.

Governor Pinkham this morning signed the reprieve, staying the man's execution for at least another week. Garcia is willing and eager to talk, and if the investigations are completed before the end of next week, Garcia will probably go to the gallows Friday, November 10.

DE LAITTE PLANT FOR MAKING GAS WINS INTEREST

More than 50 interested engineers, chemists and others today attended an interesting exhibit of the de Laitte gas plant, at the Honolulu Iron Works, and saw successful tests of the miniature plant.

The exhibit was conducted and explained by the inventor of the process, L. B. de Laitte of Paris and San Francisco, who arrived on the Maui to give the demonstrations.

The plant, a compact and simple mechanical device, worked effectively in response to the inventor's plan of showing how much better is his process than that ordinarily used. It is claimed for the de Laitte process that it will manufacture gas approximately 60 per cent cheaper than is now the case, and is especially adaptable for plantation use. One of the plants is to be tried out on Oahu plantation by the Honolulu Iron Works, under whose auspices the demonstrations are held.

The de Laitte plant may be built in large, medium or small units, or collections of units, being mechanically elastic in this respect. With the high prices and scarcity of wood and coal, it is declared that the plant is especially desirable for Hawaii.

At the conclusion of his talk today, Mr. de Laitte was questioned by many of the audience and explanations were given in detail of the mechanical workings of the plant.

WAR TAX INVADERS HONOLULU AND MANY PRICES MAY SOON ADVANCE

The new war tax hammer got busy this morning and hit every store in town handling patent medicines, toilet articles, sporting goods or games of any kind, musical instruments and musical goods of any kind or description. All these things are looked upon by the war department as luxuries, and anybody who wants to be luxurious in war times will have to pay extra for the privilege.

At present the merchants themselves are standing the tax. E. O. Hall & Son are out exactly \$76 today in their sporting goods department, while Wall, Nichols & Co. figure that their firm will be out in the neighborhood of \$140 on their music, musical instruments and sporting goods because of the new floor tax.

Neither of these two firms expects to increase the price of such goods now on hand, but they do anticipate a further increase in the selling price of new shipments.

All the drug stores are very busy taking stock of their goods, which means that all patent medicines, every bottle of perfume, every tube of toothpaste, every box of facepowder—anything that could be construed by a critical internal revenue man as being intended for the toilet of man or woman—has this morning an increased value in the eyes of the retailer to add anything to their selling price just yet. By and by the price will get another boost, just a little bit more on some and a little bit less on others than the actual war tax applied. This will even things up, and keep down the necessity for bringing the penny into use.

The war tax on facilities furnished by public utilities hits every store in town. The law, which is section 509, reads:

"That there shall be levied, assessed, collected and paid (a) a tax equivalent to three per cent of the amount paid for the transportation by rail or water or by any form of mechanical motor power when in competition with carriers by rail or water of property by freight consigned from one point of the United States to another; (b) a tax of one cent for each 20 cents, or fraction thereof, paid to any person, corporation, partnership or association engaged in the business of transporting parcels or packages by express over regular routes between fixed terminals, for the transportation of any package, parcel or shipment by express from one point in the United States to another.

A clause is added providing that the carrier collecting such taxes shall not be required to list separately the articles if the total amount of freight and tax is stated.

James A. Dunbar of Henry May & Co. says this will mean a big increase in their expressage.

"The war tax hits us going and coming," said Mr. Dunbar. "For instance, our increase in postage rates will be no small item. Then, too, we, like every one else, will have to pay our share of the tax on outgoing radios, telegrams, and telephone messages, which means 5 cents extra every time we send a message, and 10 cents extra if we want to prepay the reply we expect, but it is the increase in expressage that we shall feel most."

W. D. Adams, of the Bergstrom Music Co., where the clerical force was busy taking an inventory, said: "At present there will be no increase in the price of talking machines, records, etc., although the war tax adds considerably to the cost price to us. Eventually, the price on these goods will undoubtedly be raised."

ALL-SAINTS DAY WELL OBSERVED

This day, November the first, is the Day of All Saints. Although it means little to the people of Honolulu outside the Catholic and Episcopal churches, in many places it is one of the most important days of the year. In New Orleans it is a public holiday. None of the banks and few of the business offices have been open at all today, and this afternoon all the offices will close, and so will the big department stores and smaller shops in Canal street, as well as the little places tucked away in side streets.

Some time during the day everybody will go to some one of the many cemeteries where their dead lie above ground, each in its own little house. Before the sun sets this evening nearly every tomb in the city will have laid upon it a wreath or garland of flowers, or, on some, perhaps only a single jasmine. It is the day when New Orleans gives flowers to her dead.

All day long the street cars, taxis and jitneys to the cemeteries will be crowded with men, women and children bearing flowers. Standing in the aisles of the car, jostled by the crowd, will be a woman who has been wearing the same black dress and hat for five years. Perhaps for the last two months she has had meat only once or twice, but in her hand, held so it will be protected from the crowd, she will hold an intricately woven wreath. It is for this wreath that she has been saving.

The stream of people pouring into Metairie cemetery will be heaviest about 2 o'clock in the afternoon, after the shops are closed. Just outside the entrance are booths and stands where refreshments are sold, and inside the gates pious nuns, whose faces are seldom seen at any other time of the year, will solicit the convent walls, will solicit alms for the poor. Further inside, following the shaded avenues that wind among the houses of the dead, French societies and Italian societies and Spanish and Hibernian societies have been saying special prayers for the repose of the souls of their friends and loved ones.

At 6 o'clock, as night falls on the city, the cemeteries are emptied of the living, the gates closed, and the dead, under their burden of flowers, rest in quiet under the great, quiet stars.

Governor Williams of Oklahoma ordered a ban on all roping contests.

ANY P. O. WILL CASH LIBERTY BOND COUPONS

Liberty Loan Bonds interest coupons can be cashed when they fall due at any post office in the United States of America or its territories according to the information given to the local Liberty Loan executive committee today by D. H. MacAdam, Honolulu postmaster. The question whether the coupons could be cashed at a post office branch or otherwise anywhere in the United States or its territories has been under discussion since the last campaign here began and the matter was settled this morning when Postmaster MacAdam's letter reached the committee. Postmaster MacAdam received official notice from Washington, D. C., several days ago which cleared up the discussion. The notice was as follows:

"The attention of all postmasters is directed to paragraph 2, section 372 of the Postal Laws and Regulations, which authorizes them to cash all kinds of government paper."

"Under this regulation postmasters should use postal funds in their possession to cash the coupons of the Liberty Loan coupon bonds of the United States upon presentation at their offices when such coupons fall due: else to cash warrants issued by the Treasury Department in payment of interest on the Liberty Loan registered bonds when such warrants are indorsed and presented by responsible persons."

Comparison of Hawaii's subscription to the first and second Liberty Loan is made in a letter sent yesterday to William G. McAdoo, secretary of the treasury, by the local executive committee. For the first loan these islands subscribed \$4,500,000 from 1,037 subscribers. For the second loan Hawaii subscribed \$8,060,650 from 19,151 subscribers.

To the first loan the Hawaiian banks and trust companies contributed \$3,000,000 which included the subscription from the army of \$50,000 and Hawaiian concerns contributed through San Francisco agents \$1,500,000. To the second loan the banks and trust companies contributed \$5,214,000, the army \$1,269,000 and local concerns through San Francisco \$1,577,500. Included in the figures for the second loan was the \$94,500 taken in through Japanese banks and \$31,500 through the Chinese-American bank.

The figures show an increase in the second campaign over that of the first of \$3,560,650 in subscription and 18,113 in the number of subscribers.

PETERS LOSES CASE AGAINST TELEPHONE CO.

Attorney Emil C. Peters' petition to have his business telephone numbers and address inserted in the directory issued by the Mutual Telephone Co. last April has been denied by the public utilities commission, and an order to this effect was signed this morning by Chairman Will T. Carden and Commissioner Will P. Thomas. The opinion denying the petition was written by Chairman Carden.

In part, the decision reads as follows:

"Had this complaint come before the commission a reasonable length of time prior to the proposed issuance by the telephone company of a new telephone directory, the commission would be in a position to reasonably grant the relief requested. In view of the fact, however, and because of the fact that within a period of less than 10 days from the date of the filing by the petitioner of his amended complaint, the company will of its own volition and in the regular course of its business engage in the preparation and issuance with all due diligence and despatch of a new telephone directory, it is, in the opinion of the commission, unreasonable at this time to grant the relief requested."

"The order prayed for in the petition both as originally filed, and as amended, will be denied."

Animal Keeper To Take His Vacation In 2-Hour Shifts

George Conrad Will Get Full Two Weeks But Can't Be Spared it all at Once

GEORGE CONRAD, keeper and friend of animals at Kapiolani park, is to have a two weeks' vacation, so the board of supervisors has decided. Since Mr. Conrad is possibly the only man in Honolulu who understands just the food mixture necessary to keep the leopard's spots rightly placed and properly shining, and just how much daily exercise is necessary to keep Daisy, the elephant, from attaining that degree of embonpoint so much abhorred by the feminine soul, the vacation is to be taken at the rate of two hours a day until the number of working hours in two full weeks have been consumed. This means that Mr. Conrad will always be on hand when mealtime for the animals rolls around, and that he will also be able to look after the health and happiness of the animals.

A little family squabble last week between Prince and Princess, the two leopards, resulted in Princess being badly bitten on the back. As there is no veterinarian for the park, Mr. Conrad has been treating the wounded animal himself, with the result that the bite is now just about healed, and the quarrel that caused it smoothed over.

"The order prayed for in the petition both as originally filed, and as amended, will be denied."

WAR'S COST TO U. S. COMPARED TO OTHER WARS

The estimated ordinary expenses of this government in the first year of its participation in the war is \$12,067,278, 679.07. This does not include a penny of what we have lent and are going to lend to our allies. It is merely the sum to be spent, with no financial return, on the running of the government in war time, including, of course, the expense of the greatly enlarged army and navy on the new war footing. This total for the present year is \$27,987,000 more than the government spent in the entire 17 years from the beginning of the present century to the present year.

Ordinary expenditures of this government last year—that is, the fiscal year ended June 30, 1917—were \$1,416,635,116, or about a tenth of what they are now estimated to reach in the present twelve-month. In addition, last year there were various extraordinary expenditures, such as \$25,000,000 for the Danish West Indies, but they do not belong in the group of ordinary expenses to which the estimate of more than 10 billions is contrasted. Only once before in the history of the government had the ordinary expenses exceeded a billion, and that was in the last year of the Civil War. In these totals of expenditures of previous years the deficits due to Postal Service and the expenditures for bond exemptions are not included, for those items are not included in the estimate of more than 10 billions for the current war year. Interest payments on bonds are included.

The army and navy expenditures for one year of this European war amount to \$9,064,240,482, just about two and a half times as much as it cost to keep the army and navy going through practically 17 years of fighting in the five previous wars of this country which were of importance. In other words, the cost of both branches of the fighting service for the war of 1812, the second Seminole war, the Mexican war, the Civil war, and the Spanish war, was all told, \$3,743,776, 773.

Against this estimate of "ordinary" government expenses for the year ending June, 1918, which is to be exact as to cents, is \$12,067,278,679.07, there are, to offset it, the estimated receipts on the basis of existing laws, \$1,323,500,000; also \$2,000,000,000 of the \$5,

WEEKLY PRODUCE REPORT

By A. T. LONGLEY, Marketing Superintendent.
ISSUED BY THE TERRITORIAL MARKETING DIVISION
FOR WEEK ENDING, OCT. 26.

The territorial marketing division has received a shipment of island butter this week which is very good and selling for 60 cents a pound retail. This is the first shipment of island butter the market has received since the middle of August.		Papayas have advanced three-fourths of a cent a pound while pineapples and bananas have remained the same.	
The price of eggs has advanced and they are very scarce. The price of island poultry has also advanced. Island as well as imported corn has dropped a little in price during the past week, also the price of imported cracked corn, barley and oats.		The division is receiving shipments of fresh asparagus each day from Pearl City, which we are retailing for 15 cents a pound.	
There are still no island Irish potatoes or island onions in the market, those being sold are from California. Sweet potatoes are selling about as usual with a slight increase in price.

DEPUTY MARSHAL TO SECURE EXEMPTION

Marshal J. J. Smiddy has been informed by Attorney General Gregory that his deputies will be exempt from military service. Deputy Marshal L. K. Silva enrolled on registration day and, as soon as he is drafted, it will be the case, Marshal Smiddy will inform the attorney general.

"It is my opinion that the officers in question can render more efficient public service in the positions they now occupy than as members of the National Guard," writes the attorney general.

AMERICAN FLIER DIES FROM FALL AT KOCHI, JAPAN

(Special Cable to Nippon Jiji) TOKIO, Japan, Nov. 1.—A great holiday crowd of 20,000 persons in the city of Kochi was shocked yesterday when Frank Champion, a young American aviator, fell to his death while giving an exhibition flight there. He is the first foreign aviator killed in Japan.

The exhibition flight was arranged for Champion as a part of celebration of the emperor's birthday anniversary. While he was ascending in the air the plane in which he was riding collapsed and the machine was sent down to the ground, carrying with it the birdman to an instant death.

Aviator Champion has been visiting Japan for some time, coming here with Katherine Stinson, the famous American birdwoman. Miss Stinson returned home after giving a series of flights in many large cities in Japan, but Champion stayed to make his final and fatal flight yesterday.

SPARE US FROM CENTS, IS CRY

Objections to the penny as a coin to be used in making change in Honolulu are still rife among business men.

"It would be a big mistake," said T. E. Wall of Wall, Nichols & Co., "for Honolulu to insist upon the use of the penny. Wherever the penny is used in making change it tends to make the people picaunish and parsimonious. A man addicted to the penny-change habit will walk six blocks and lose 25 cents' worth of time to save two pennies. I am decidedly and unequivocally opposed to having the penny come into current use in Honolulu."

"It will have to come," said C. M. V. Forster, manager of Jordan & Co. "We keep pennies now for paying federal taxes, and for stamps, and also for making change when our customers demand it, which is not often."

Ralph S. Johnstone, internal revenue collector, says there is no actual shortage of pennies in the States and that pennies will have to be used in making change wherever the federal government is concerned.

Cigar stores are accepting stamps in change wherever the war tax makes the odd cents necessary.

F. G. McGee aviation instructor, was killed when his machine plunged into Lake St. Clair, Mich. McGee was instructor at Selridge Aviation Field.

A school for military aeronautics at Yale University has been planned and sanction now exists with the War Department.

AUCTION BULLETIN

With great pleasure we announce the consignment to us of Two Thousand Five Hundred Rugs for direct sale to the people of Honolulu by public auction. Your Christmas Rugs are right here in the rooms for your selection, finest goods, perfect condition, only reason for this sale is the owners are going entirely out of the Rug Trade. This makes for your profit and advantage right now when freights are so high, goods of all kinds so scarce in Honolulu. We have not had time to arrange an inventory and announce the Great Sale day, but we will have things in shape in a very few days, and the Ads will appear right away, and we are going to SLAUGHTER these Rugs, now is your chance to get your Christmas Rugs cheap, and get that present so acceptable for friends. A Rug, nothing can be better than the useful these days. Honolulu Auction Rooms, J. S. Bailey.

WOMAN DIES AT 114 IN HOME OF HER SON AGED EIGHTY YEARS

PUEBLO, Colo.—The funeral of Mrs. Cruz Real the Indian-Mexican woman, who died at Avondale at the age of 114, was held in that town recently, and was attended by hundreds of persons. Mrs. Real was born April 20, 1803, at Santa Fe, N. M. She was married the first time in 1821 to Joseph Real, who died in 1880. Her second marriage took place in 1885. This time to Appalonia Druala. He died ten years ago at the age of 60. At that time his wife was old enough to be his grandmother. The aged woman has been like a child in many respects for the last fifteen years. She lived with a son, Antonio Real, who is now 80 years old. She slept nearly all the twenty-four hours of the day, and had regained her childhood keenness of sight and hearing. She came to Pueblo county in 1849, and for years lived with the Indians.

RECORD PRICE PAID FOR FARM WORKERS

HARRISBURG, Pa.—What is believed to be a record wage for Pennsylvania for farm labor has just been reported to the bureau of employment, a branch of the state department for labor and industry. It was an offer of thirty-five cents an hour with board and lodging. Offers of from twenty to thirty cents have been made before.

NOTICE.

TOG TALKS by Janet Walker

NOVELTIES FOR WINTER WEAR

This coming winter is bringing us a collection of remarkable hats as well as interesting costumes. This is not an exaggerated description, as it is really an inadequate term, as one simply sits and stares at these unlooked for models, these distinct inspirations from the work shops of our famous designers. Georgette for instance has sent us the picturesque hat on the left. Just imagine the smartness of a hat that turns up on two sides, edged with ostrich quilling, and trimmed with a black and silver bow! We cannot help but say exquisite!

Fortunately we women of Hawaii will be able to ignore the tremendously lavish furs that fashion is dictating for winter modes with combinations so different from any we have seen heretofore. Possibly we may feel inclined to follow to a slight extent, using some of our furs in trimming cloaks and hats, but to buy new ones at their present fabulous prices, forbid!

Erte is a genius, we all must admit; he is one of those people whose characters are many sided. One moment he presents you at Sheba's court, and while you are having a heavenly time salivating about, and surreptitiously looking at the jewels and things, he whisks you off and you find yourself again in the twentieth century looking admiringly at the futurist contrivances for turning the head of the family worshiper that hover constantly about him. The motor coat on the right is one of Erte's ravings. This design is a motor wrap that would resist a hurricane with shell buttons fastening the mole hood; mica shields the face, while the wrap is of green cloth.

Paris has exerted her boundless energy this year by producing some marvelous embroidery. The Renaissance tapestries have been turned to for inspiration, and their motifs copied almost exactly; even the wool and dull silk embroidery yarns are the same faded shades that Marguerite de Valois threaded back and forth four centuries ago, in her castle at Chenonceaux. Classic designs have also been revived, so one might truly say that embroidery is the mode of the moment. Even the famous silk looms of France are reproducing these old embroidery designs in their wonderful brocades. Simplicity may be the keynote of the times, but extreme simplicity is used in the most costly of gowns, a veritable paradox.

Having these embroideries in mind attention is centered in the extremely modish gown in the center. While outline is extremely exaggerated, this horizon blue velvet embroidered in silver possesses a charm that is distinctive. What would delight the hearts of our women is the exquisite muff of white chiffon that goes with this lovely costume. The velvet turban, one of the most simple offered, lends a last exclusive touch to the whole.

Muffs will relieve us for a while from our eternal hand-bags, but bags we must have for our knitting, so one of our designers has cunningly combined both, in a muff of white satin lined with purple. It looks like any other innocent muff on one side, but on the other side a gathered section, with an elaborate flap, forms a capacious pocket in which can be carried a whole sweater, or a half dozen balls of yarn.

A feature of Premet's skirts this year are their uneven lengths, many models being longer on one side than on the other. Another of the distinctive features of this collection is a charming collar, which buttons on one side to the shoulder in a very correct and rather severe fashion, but can be worn unbuttoned just as well; in which case, it falls over in a deep reverse, which is faced with some

PHOTOS TODAY.

1. French hat of black velvet, turned up on two sides and trimmed at the edges with ostrich quills, and a black and silver bow.
2. Futurist motor coat by Erte, in green cloth and moleskin fur hood. This model suggests hurricanes and things.
3. Gown with the new bustle silhouettes that is going to be popular, or know the reason for its disfavor, if there be one. The lovely embroidery of silver threads was most surely not the work of idle hands.

bright color, and forms a new triangle neck-line.

Skirts are narrower than the tunics or drapes which form the outer garment, and are shorter than shown by the most dress-makers. The coats of suits like the majority of winter outfits are more than three-quarter length; and speaking of lengths, it is quite astonishing to view the shortness of some of Premet's evening dresses, and though no trains are used, an effect of length is obtained by their draperies.

Lavin shows old fashioned quilting as a motif for trimming suits and one piece dresses. They are trimmed with bands, or just quilted on the hem.

There is also a great deal of futing used. For example, sleeves are fluted from the elbow to the wrist, and are held in by a wrist band. Some of Lavin's patent leather belts are sashes rather than belts, and are draped and crossed in front, buttoning on the hips. A few smart coats have loops of satin faced grosgrained ribbon trimming the opening at the front, the first almost under the chin, and the third midway to the waist line.

To complete a costume most elegantly, hosiery to match the gown must be worn, and, most frequently in turn the hosiery is only complete when worn with plain black French heeled pumps.

ALL PATIENTS OUT OF BERETANIA HOSPITAL

Preliminary to turning over the Beretania hospital building to the Kapolani Maternity home the former institution has been closed and all the patients removed. It was stated today that the building has been thoroughly renovated for the change, but the exact time that the transfer would be made was not stated. It will be known in the future as the Kapolani Maternity home annex.

"TOG TALKS"

This article is number 16 of a series of papers on practical dressmaking and millinery subjects, with special hints on profitable buying for wear in Hawaii. This new department is being conducted by Janet Walker, who, with several years of experience in dressmaking and with a wide knowledge of materials, patterns and values, brings to the work an unusually thorough equipment. All materials described in these papers may be purchased at the Honolulu shops and the aim is to furnish hints in an attractive, readable form for the women and girls of the city whether they make their own clothes in whole or in part, or buy at the tailors, the milliners, the dressmakers or the shops.

Future articles—"Things We Can Make for Christmas Gifts." Mrs. Maria L. Parsons, 34 years old, died in the hospital at Middletown as the result of burns sustained at her home in Old Saybrook two weeks ago.

EXPECT TO BEGIN FOOD PLEDGE CAMPAIGN ON MONDAY MORNING

Unless all materia and data is in hand by that time, the territorial food commission may not be able to begin Hawaii's "Food Pledge" week next Monday morning, as had been anticipated. According to J. F. Child, federal food commissioner for the islands, there is still considerable work to be done on arrangements, but the commission hopes to be able to launch the campaign on time.

It is planned to use the machinery of the Red Cross—the same that so successfully conducted the recent Red Cross drive—to secure the signatures and cooperation of housewives during "Food Pledge" week. The following methods of distribution have been suggested:

First: If the householder is willing

to sign the pledge card when delivered, the solicitor can present the household direction card and window membership card and collect the signed pledge card.

Second: If the householder does not wish to immediately sign the pledge, the solicitor should deliver the household direction card and return later to collect the signed pledge card and deliver the window membership card.

Third: If the householder does not wish to immediately sign the pledge, the solicitor may deliver the household direction card and pledge card, requesting the householder to sign and mail the pledge card.

It is vital to the success of the plan not to give up the window tag to any one who has not signed the pledge.

FURTHER RULES FOR MARKETING DIVISION MADE

A series of new rules for the territorial marketing division, of interest to producer and consumer alike, have been made and approved by the board of agriculture and forestry. One rule of especial interest provides that account sales will be rendered as soon as the consignment to the market is disposed of, and settlement will be made in full at the same time if funds are available. It is also provided that in no case will settlement be made later than the tenth of the month following date of sale.

The new rules are as follows: Shipping Mark—All consignments of goods for the division must be marked "T. M. D." The name and postoffice address of the consignee must be on each package in order to prevent confusion.

Postoffice Address—Address all mail to the Territorial Marketing Division, P. O. Box 1237, Honolulu, T. H.

Bills of Lading—Where goods are shipped by rail or steamer, a copy of the bill of lading must be mailed to the division at the time of shipment or earlier if possible.

Freight—The freight on consignments may be charged to the account of the division. In such cases the amount will be deducted on the account sales.

Commission—A 5 per cent commission will be charged on the gross sales on all consignments and deducted on the account sales.

Drayage—A drayage charge of one cent a cubic foot measurement or 50 pounds weight will be charged on all shipments hauled from the wharves or railroad depot, with a minimum charge of five cents. Hauling goods for producers in the city, to the division, will be at the regular rates charged by the draying companies.

Cold Storage—One-quarter of a cent a pound per month or fraction thereof will be charged for cold storage on all dressed meats.

Livestock—Unless livestock can be sold immediately at a fair price, it will be slaughtered and put in cold storage, the slaughtering and cold storage charges being deducted on the account sales.

Feed—A charge of one cent a day will be made for each head of poultry held on consignment at the division. Candling—A charge of one cent a dozen will be made for candling each dozen unstamped eggs received. Eggs stamped with the name and guarantee of the producers will not be charged for candling.

Grading—A charge will be made for actual expenses for grading and packing consignments received in poor condition.

Settlements with Consignors—Ac-

count sales will be rendered as soon as the consignment is disposed of and settlement will be made in full at the same time if funds are available. In no case will settlement be made later than the 10th of the month following date of sale.

Credit Accounts—No consignee will be allowed to purchase merchandise against his consignment account unless he has a credit cash balance due him on the books of the division, or a consignment of non-perishable produce, which when sold will more than pay for any goods purchased. No credit accounts will be opened on the books for retail customers. Persons ordering seed by mail must enclose check or postoffice money order to cover cost before seed will be sent.

Only business houses of good financial standing and government institutions will be given credit, and these will be required to settle in full within thirty days from date of rendering account.

All buyers and sellers shall conform to these rules and regulations in order to claim any right under Act 206 of the Session Laws of 1917, Territory of Hawaii.

HORSE CHESNUTS USED TO CONSERVE GRAIN

LONDON, Eng.—School children all over England will spend their leisure time during the next six weeks gathering horse chesnuts, which the government is able to use in unlimited quantities in the manufacture of munitions. Researches last year by the Royal Society led to the discovery that horse chesnuts provide a satisfactory substitute for the grain used in certain processes of munition making. Every ton of horse chesnuts harvested will save half a ton of grain for human consumption. Plans made by the school authorities indicate that more than 300,000 tons of these chesnuts will be turned over to the government by school children this fall.

The plans for the harvesting are under the supervision of local committees. Groups of children will gather the chesnuts systematically in bags, which will be taken to a central square and deposited in great heaps.

No payments will be made to the children. Chesnut collecting is to be regarded as their contribution toward winning the war.

Guy Emerson, director of publicity for the second federal reserve district, reported that the German Volkszeitung refused to take a Liberty Loan advertisement.

Mayor Urges Wide Observance Nov. 14 Of Pineapple Day

"Everybody in the city and county of Honolulu who eats, should eat pineapple on Pineapple Day, which will be Wednesday, November 14," said Mayor Fern this morning. "The newspapers should say more about this day, to keep it before the people, and the people themselves should talk about it. We want to encourage the extensive use of pineapples in the territory."

"This observance of Pineapple Day," the Mayor continued, "I look upon as entirely in keeping with the nation-wide movement toward food conservation, in that it encourages the use of a home-grown product. I am in favor of its wide observance on November 14."

"I am not urging the celebration of Kalakaua day, which falls on November 16," said the Mayor, "because I don't want it forgotten by the people, at all, but this year, at least, I am not in favor of spending any public money on its observance, nor do I believe the people should be encouraged to celebrate it privately at any great expense. When the war is over, we shall make a big day of Kalakaua's birthday, as we did last year. But Pineapple day," concluded his honor, "should be observed throughout the territory on Wednesday, November 14. I hope every table in the islands will serve pineapple three times on that day."

Society Suffers in Summer

Possibly there is nothing more annoying to a refined woman than offensive perspiration or body odors. These abominable social pests have been well exemplified in the experience of Dr. M. E. Charter, Faculté de Paris, France. Dr. Charter uses a sponge bath made of 1 oz. Tyre's Antiseptic Powder in one gallon of water as preventive and cure. He says he finds the powder to be a deodorizer and stimulant of the skin and an alligator of pain. Two teaspoonfuls of the pure powder in a pint of water gave him excellent results. In a case of Polson Oak after all other remedies had failed, similar happy effects were obtained from the use of the same strength solution in Kozema.

The tender skin of a child is exceptionally sensitive to heat. Tyre's Antiseptic Powder used either dry, mixed with talcum, or in solution as a sponge bath gives the little one comfort from all such painful affections. The doctor further suggests to social patrons the use of Tyre's Powder instead of poisonous talcum, carbolic acid, peroxide, etc., as it is in every way more agreeable and the results accompanying its use are much to be preferred to the dangerous and disagreeable agents now in use. It is sold in packages at 25c and \$1.00 by the manufacturer, J. S. Tyre, Chemist, Inc., Washington, D. C.

Notice to Sick Women

The Experience of These Women Prove That There is a Remedy for Your Illness.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. FERCY PRESTIDGE, Aberdeen, Idaho.

Kingfisher, Okla.—"For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no pain, backache or dizzy spells. Every one tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it."—Miss MYRA SOUTHWICK, R. F. D. No. 4, Box 33, Kingfisher, Okla.

Most of us are dependent on a milk supply which is far from satisfactory!

The cows may be unhealthy—the supply may take too long to reach us, it may be poor in quality, the milk is subject to contamination by disease germs, it may be watered and by not too clean water at that. And yet there's a remedy at hand. In thousands of homes throughout Australia and the Pacific the milkman has been superseded by a tin bearing the famous Highlander Brand. Highlander Condensed milk (full cream) is absolutely germ free—the milk is drawn from healthy cows subject to Government inspection on the rich pastures of Southland, New Zealand, while the processes of filtration and evaporation remove all dirt and destroy all disease germs. The milk is condensed within a few hours of leaving the cows. Highlander quality is the highest in the world—full cream. Why not prove it for yourself? It costs but little to buy a can, and you'll find that it helps to solve the milk problem simply and economically.
