HONOLULU, HAWAII TERRITORY, THURSDAY, APRIL 17, 1902.

PRICE FIVE CENTS.

OFFICIALS ARE LET OUT

Leper Settlement Committee Report.

FATHER WENDOLIN MUST ALSO GO

Supt. Reynolds' Resignation Accepted and McVeigh Appointed.

As a result of the investigation made by the Board of Health into the charges of Ambrose Hutchinson, of cruelty to a leper at Molokai, the resignation of Dr. Oliver was demanded yesterday, Bishop Gulstan is requested to remove Father Wendolin from the settlement, and the resignation of Superintendent C. B. Reynolds, tendered some time ago, was accepted, and Jack McVeigh appointed in his stead.

At the regular meeting held yesterday afternoon the findings of the committee, composed of E. P. Dole, W. L. Moore and J. S. B. Pratt were approved, and the majority report recommending the removal of Reynolds and Oliver was adopted. The matter was all out and dried, the action taken yesterday having been decided upon at Monday's secret meeting.

In the reading of the minutes of the special meeting was found for the first time the recommendation for the removal of Father Wendolin. This was embodied in a resolution, introduced by Dr. Cooper, which read as follows: "Resolved, That the harmony and interests of the Leper Settlement will be promoted by the removal of Father Wendolin, and that the Right Rev. Gulstan, Bishop of Panopolis, be requested to remove him forthwith, and appoint some other priest to fill the vacancy made thereby."

THE COMMITTEE'S REPORT.

E. P. Dole, as chairman of the committee, thereupon read the report, in which was contained also the substance of the evidence taken before the committee at Molokai. It is as follows:

Report of committee in the matter of the investigation of charges presented by Ambrose Hutchinson, leper settlement.

Dr. Henry C. Sloggett, President of the Board of Health.

Sir:—We have the honor to submit the following report, based on the foregoing charges and evidence:

We find that Philipo Mikila and William Kalani were not arrested upon a trumped up charge or without probable cause; that Mikila's friends were not denied access to him; and that such food as he had was at all times sufficient in quantity. We find that the charges in other respects, although not proved in all details, are proved in substance and beyond reasonable doubt.

On December 2nd, 1901, Mikila and Kalani left the settlement in violation of the regulations of the Board of Health. John Walamau, captain of police, believed and had probable cause to believe, that they had been stealing sheep. No one being on trial for stealing sheep, the committee declined to investigate the truth of this charge, beyond the question whether there was probable cause for arrest. Upon the return of Mikila and Kalani, December 4th, Walamau arrested them and put them in jail.

Kalani made a confession, and was put in a light, airy cell. Mikila denied guilt, and, as a punishment, was put in a cell with no outside window, comparatively dark and ill ventilated. He was given a diet of salmon (which he chose instead of meat), bread and water, and was more or less closely confined for about a week, as a punishment. After that, he had ordinary rations and the liberty of the full yard; during all of the time he was in jail, from December 4th, 1901, until March 12th, 1902, he was not arrested on any charge, and no written accusation was made against him.

He was in an advanced stage of leprosy when he was arrested. As the disease progressed he became very weak, and was little more than skin and bones. As early as about the first of March his hands and feet were alive with maggots. The stench was offensive. On the 12th of March he was taken home by members of a fraternity to which he belonged. He died on the 14th. He had no proper care before leaving the jail. He had no medical attention, worthy of the name, at any time.

There is only one district magistrate on the island of Molokai. He lives at Pukoo, thirty miles away—but as distant, as far as the physical difficulties of getting to the settlement and leaving it are concerned, as New York is from Chicago. He did not visit the settlement while Mikila was in jail. With-

out the district magistrate in the settlement.

At yesterday's meeting of the Board of Health a communication was received from Acting Governor Cooper enclosing a letter from the Secretary of the Interior from a New York physician, who in turn had his information from a German friend. The latter had discovered his remedy in Brazil, and it is not unlikely that this is another concoction made from the tua-tua plant.

The letter referred to is as follows: 1135 Herkimer St., Brooklyn, N. Y., March 25, 1902. Sir:—A friend of mine who has lived many years in Brazil as a physician has had while practicing there, occasion to experiment with a remedy which seemed to have decided curative effects in cases of leprosy. Having in the meantime returned to Germany his researches in this direction had to be abandoned.

His results, however, have been so promising that he feels he would be doing wrong if he would let the matter rest where it is.

For this reason he would like the remedy put to test on as great a number of lepers as possible. He has asked me to try the remedy here in New York, having heard that we have a number of these unfortunate among us, and I have communicated with the local authorities to that effect. If I should receive a favorable answer, my friend will furnish me with a liberal supply of the remedy and the necessary instructions.

Not satisfied with this, however, he would like to put his remedy to a still more extended trial, and for this reason he has asked me to even go to the leper colony, Sandwich Islands, and stay there as long as necessary, provided his expenses would be paid, and a remuneration would be awarded to him sufficient to keep his family supported during his absence.

He told me of his plans when I visited Germany recently, and was quite enthusiastic about the prospects of stamping out this pest with his remedy, the main source of which is a plant indigenous to Brazil, in form of a decoction.

That is all the doctor cared to say about the nature of the remedy at present, reserving the details for the future.

Knowing the doctor from boyhood, he being a graduate from Heidelberg like myself, and physician in good standing and an earnest worker, I can vouch for him, and thought his proposition should be made known to the authorities.

Very respectfully, ALEXANDER KOCK, M. D. Upon motion of Dr. Cooper, it was decided to allow the remedy to be sent to Honolulu, where, if in the opinion of the board it of any merit experiments will be made upon the lepers. The physician must also send the formula and a quantity of the remedy, but the proposition to have him come here at the expense of the Territory does not meet with approval. Governor Cooper is advised that the matter will be kept strictly confidential.

ANOTHER LEPROSY SPECIFIC

Now it is a German physician who thinks he has discovered a sure cure for leprosy.

At yesterday's meeting of the Board of Health a communication was received from Acting Governor Cooper enclosing a letter from the Secretary of the Interior from a New York physician, who in turn had his information from a German friend. The latter had discovered his remedy in Brazil, and it is not unlikely that this is another concoction made from the tua-tua plant.

The letter referred to is as follows:

1135 Herkimer St., Brooklyn, N. Y., March 25, 1902. CABLES WILL BE WORKING WITHIN SIX MONTHS' TIME

Vice-President George Gray Ward Discusses Prospects For Early Action.

Some of the Cable Already Shipped and More Is on the Way--Rates and Work.

CABLE plans have progressed to such an extent that the outlook is for cable connection with California within six months, and perhaps in four months' time. That this is the belief of men who have much at stake in the proposition is shown by the following sentences in a private letter received yesterday from P. N. Lillenthal, manager of the Anglo-Californian bank of San Francisco, by Col. G. W. Macfarlane.

"I dined last night with Mr. Ward, of New York, head executive officer of the Mackay cable system. He tells me cables will be laid to Honolulu within six months and he thinks possibly within four months; that the cables are being made and some already have been shipped. He expects to lay about 120 miles a day." Should this belief on the part of Mr. Gray be well founded, there will be no more than three weeks consumed by the cable steamer Silver-town, when once she arrives in the Pacific with the cable, in getting into communication with this city.

Mr. George Gray Ward, vice president of the Postal Telegraph Company and vice-president and general manager of the Commercial Cable Company and the Commercial Pacific Cable Company, in company with Electrical Engineer Curtiss of the cable company, was in San Francisco when the last

mail left, looking after a suitable landing place for the California end of the cable. While the Navy authorities favor Monterey bay, Mr. Ward wants the cable to end in San Francisco and was then investigating points along the ocean front. In an interview on April 6th, he said that he had information that the cable was being made at the rate of 600 miles a month, and that it would be shipped on the cable steamer Silvertown in July, at the latest, and this would mean laying very soon after the ship arrived at San Francisco. He said that the cable was being made in England owing to the experience of manufacturers there, as the laying in this ocean was the most difficult of any ocean known, owing to depths of three and even five miles. There will be needed two cable repair ships and these may be built in San Francisco.

Mr. Gray said that the line to Manila would be finished by the end of 1904, and that it was hoped to secure the navy soundings. Messages from San Francisco will be handled in fifteen minutes according to the plans. The rate for this city are to be 50 cents a word, press rate 25 cents, until the completion of the Philippine line, when the private rate is to be put down to 35 cents a word.

Mr. Ward said that the contract for the laying called for it to be complete was in San Francisco when the last

JUDGE GALBRAITH HAS A MENTION FOR GOVERNORSHIP

Democratic Congressman Thinks Him a Winner. Little for His Place--Dole Invited to Testify Before Committee.

(Special to The Advertiser.)

WASHINGTON, D. C., April 5.—The coming of Judge Gilbert F. Little to town has set tongues wagging about the gubernatorial situation in advance of the arrival of Gov. Dole. The Judge has been keeping under cover, as I telegraphed by the last steamer. I have been unable to see him but two or three men who know him during the last two days. He is stopping at the Metropolitan hotel, a downtown hostelry, and registered there late Thursday evening last. The following day he called on President Roosevelt.

Yesterday the judge took a turn around the Capitol and came upon Delegate Wilcox. "Hello," exclaimed the judge.

"Hello, yourself," returned Wilcox. "Are you for Dole for Governor?" inquired the judge of the Delegate, during a brief conversation.

"I am not for anybody for Governor," responded Wilcox. "Damn your politics and politicians. I've been sick."

That abruptly ended the conversation. Representative Robinson, Democrat, of Indiana, saw Little in the gallery of the House and the two bowed low. They knew each other some winters ago when the Organic Act for the Territory was being framed.

"I will wager you that Little is looking for a promotion as judge," observed Mr. Robinson this afternoon, as he had Delegate Wilcox and Mr. Edgar Cayless on one side of the long table in the Committee on Territories, extracting information from them about the Islands. "I don't believe he is a candidate for Governor, whatever you may say. He wants promotion on the bench.

"But I shouldn't be surprised if the President selected Little for Governor," continued the Hoosier Democrat. "Or perhaps he will select Judge Galbraith for Governor and then promote Little to his place. The President could do nothing better than select a man of judicial mind and judicial training for such a place. And I tell you he'll do it. Mark my word."

The Hoosier Democrat felt confident he had it settled. He is studying up on Hawaii and expects a conference in a few days with Judge Little. In fact, the judge promised to come up and see him. He cross-examined Mr. Cayless and Mr. Wilcox closely about conditions in the Islands and assured them that a commission to visit the Islands and study the land problem was out of the question. However, he thought the land laws were not what they should be.

According to the advices here, Gov. Dole cannot arrive in Washington before next Wednesday evening. The newspapers announced that he was to leave San Francisco yesterday (Friday, April 4), and would stop over in Chicago a day. That means a journey of six days across the continent. At this writing George R. Carter is in Chicago, or was yesterday. It is expected that he may come on with the Governor. Mr. William Haywood invited the Governor to be his guest while in Washington, but has received a telegram of thanks, stating that the Governor would probably prefer to stop at a hotel.

DOLE BEFORE COMMITTEES. The opposition to Gov. Dole has been agitating for extensive hearings before the Committee on Territories of the House during his stay in Washington.

FUEL OIL FOR LOCAL STEAMERS

Following the successful trip of the oil burning steamer Enterprise of the Matson line, from San Francisco to Hilo, comes the announcement that the Oceanic Steamship Company will fit the Alameda and Mariposa with similar furnaces. It is understood that this improvement will be made at once, so that there will be a change ship for the southern run.

With the new fuel and improved boiler capacity the Mariposa will be as fast as the Alameda, it is thought, and with this ship in readiness for the Australian run, there will be plenty of time for the refitting of either of the new ships which may have repairs to make, so that the contract speed will be made all the time. The new system will be possible if there is a supply of fuel oil on hand here, and this necessary article, it is expected, will be ready very soon, under the plans of a new corporation which has in it many persons closely associated with the Oceanic line.

John A. Buck, who is heavily interested in Hawaiian sugar properties, and is as well one of the directors of the Matson Transportation Company, arrived in the Sierra yesterday for an inspection tour of the various estates of which he is a director. He is accompanied by John L. Koster, a capitalist of San Francisco, and A. F. Morrison, one of the leading attorneys of that city.

"We are making plans for the speedy introduction of oil fuel at our properties," said Mr. Buck last evening. "The Marion Chilcott, now on the way to San Francisco from Hilo, with a cargo of sugar, will go to the Risdon Iron Works as soon as she is unloaded, and will be immediately outfitted with tanks for use as an oil carrier. The Chilcott registers 1511 tons, and will be so equipped with tanks that she will have a capacity of 10,000 barrels of oil, if the experiment is a success other ships will be equipped for the trade. We are making arrangements for the erection of tanks for use by our ships here, for we intend to supply this fuel to the Honolulu Plantation. The changes in the Chilcott will cost \$75,000. If we can get the iron here all the construction will be by local companies, as we want the people here to get the work.

"I understand that the plans concerning the Mariposa and Alameda will be pushed as rapidly as possible. There will be oil burning furnaces put under the new boilers of the Mariposa, and when she is ready for sea the Alameda will be taken off long enough to be fitted in turn. I have not heard about any plans for the new steamers of the Oceanic line, but it is probable that if the experiments are successful there will be little delay in putting the system into them too. We are now building tanks at the foot of Second street for the supplying of ships, and are erecting large storage tanks at the Potrero in San Francisco.

"Partly owing to the low prices of sugar and the immense amount of stocks placed in the coast market, there is a decided slump in the price of shares, but we have confidence in the values, and I personally believe in the future of the Islands. The men who were with me last time, of the German Savings Bank, have lent much money here and will lend more. They are perfectly satisfied with their investments and have aided many enterprises simply by their knowledge of what is here.

"I expect to go to Hawaii on the Kinau on her special trip on Saturday evening, and will stay some time there, returning here for a longer stop."

Bishop Nichols' Lecture. Bishop Nichols' coming to Hawaii to organize the American Episcopal Church, recalled to him last evening in his lecture on "The American Prayer Book" the fact that one of his ancestors, a member of the first congregation of Episcopalians after the Revolutionary war, helped to organize the church in America, electing Samuel Seabury as Bishop. Another ancestor, Sir Edward Nichols, sailed from Jamestown, Va., in the former days, to be ordained by the Bishop of London.

The Bishop told at some length of the making of the American prayer book and the reasons for the revisions, the whole subject being given in a most interesting manner.

Bishop Nichols will lecture next Wednesday evening on "Some American Features in the Morning and Evening Prayer," and the Wednesday following on "Some Features of the Office of the Holy Communion in the American Prayer Book."

KILLED IN KAKAAKO

Bloody Slaying in a Lodging House.

MURDERER IS STILL AT LARGE

'Kentucky Bill' Avenges Foul Epithet With a Deadly Knife Thrust.

ABOUT 9 o'clock last night a report was brought to the police station by an officer that a man had been fatally stabbed in a house behind the brewery on Queen street. Deputy Sheriff Chillingworth immediately went to the place and found that murder had indeed been done.

On the lanai of a lodging house, situated at the end of the alley which bounds the brewery on the Walkiki side, lay the dead body of a man, weltering in a pool of blood. Gathered round were a crowd of morbidly curious ones.

The Deputy Sheriff's enquiries as to who had done the deed drew forth from Meyers, the landlord of the house, the following story:

About 8:45 deceased and another man, both of whom had been drinking, were arguing somewhat noisily on the lanai of the house. Presently a man known as "Kentucky Bill" emerged from the house and told the men to shut up. The dead man thereupon applied a foul epithet to Bill, who whipped out a big knife and stabbed the other under the heart, killing him almost instantly. "Kentucky Bill" then entered the house, and shortly afterwards escaped down the lane leading to Queen street.

As soon as Meyers had told his story, Deputy Sheriff Chillingworth entered the room Bill generally occupied and found a blood stained knife stuck into a rafter. The weapon had a blade about four and a half inches long with a razor edge, which was released from a buckhorn handle by pressing a spring. The name of the murdered man could not be ascertained, though he is said to have lived at Meyers' house for a long time. He is said to have worked around horses and to have been employed in some stable in town up to yesterday. Residents in Meyerville simply called him "Kid." He was about 24 years of age.

"Kentucky Bill" is well known in Kakaako. He is over six feet tall, with drooping shoulders and a red mustache and used to eke out a living by mending chairs. He was fond of posing as a bad man and there is not a bar-keeper on Queen street whom he has not regaled with tales of blood from old Kentucky, never forgetting to emphasize his narrative by remarking that he was every bit as handy with his knife as with his gun.

The locality where the murder was committed is an unsavory one and the houses at the end of Brewery lane are the abiding place of some of Honolulu's hardest characters. Whenever the police want a man they never overlook Brewery lane and a casting of nets of the law in that direction always results in a rich haul of rascality. Of late the place has achieved almost as unpleasant notoriety as did Twile, and sailors at this port are well apprised of the exact bearings of Brewery lane long before Honolulu is sighted.

As soon as Deputy Sheriff Chillingworth had made a thorough search of the premises and satisfied himself that the murderer was not hidden there, a jury was empaneled and the body viewed as it lay. Then the deputy sheriff returned to the police station and the hue and cry was raised.

It was given out by Chillingworth that a reward of \$100 would be paid for the apprehension of the murderer and then every available officer was turned out on the case. All over town men were stationed and the Sonoma was carefully watched all night, as were all vessels scheduled to sail today.

Up to an early hour this morning "Kentucky Bill" was still at large, notwithstanding the indefatigable efforts of the police, who worked hard all night long to discover where he was hid.

The murderer is a white man of about 35 years of age. He is tall, above the average, and slenderly built. When last seen he wore gray pants, a check vest, white shirt and a round black hat or skull cap.

About 11 o'clock last night a man named Dan Smith told the police that he arrived on the scene directly after the murdered man had been stabbed and that he held him in his arms until he died, trying to relieve what he thought was a hemorrhage, by sucking the blood from his throat. Smith's clothes were covered with blood. He was locked up last night pending a thorough investigation of his story.

OFFICIALS ARE LET OUT

(Continued from Page 1)

We think, however, taking into account what can reasonably be expected of a native policeman in such an isolated place, that it would be unjust to hold him responsible for such a construction of a statute as a trained lawyer would give it.

Putting Mikila in a comparatively dark cell and depriving him of pol, as a punishment for not confessing, or for an offense of which he had not been convicted, was an outrage upon the fundamental principles of Anglo-Saxon liberty.

Walamau bears an honest name. He is a man of good repute. We think he tries to do his duty, according to his lights. Neither he nor the jailor appeared to be conscious of wrong doing. As most natives would have done under like circumstances, they looked to the white men in charge of the settlement, and took their impress. Making allowance for their subordinate positions, and for native characteristics, we think they are less in fault than Mr. Reynolds, and much less in fault than Dr. Oliver. They are, perhaps, as well qualified for their respective positions as any persons who can be found in the settlement to succeed them. We believe that the censure expressed in this report will teach them a lesson and serve the purposes of humanity and good government quite as well as their dismissal.

We think that Mr. Reynolds and Dr. Oliver should be judged by more severe standards. They are the men in charge, responsible to the Territorial government and to humanity for such help and comfort as can be given to nearly nine hundred human beings isolated from all the world and slowly dying from a loathsome disease. They are the men to whom the Board of Health, the attorney general, and all departments of the Territorial government rightfully look for full and reliable information in regard to conditions in this isolated and inaccessible lazaretto.

We have absolute confidence in Mr. Reynolds' honesty and honor, and commend his diligent and zealous efforts to administer the affairs of the settlement well; but it seems to us that his neglect to ascertain more carefully Mikila's condition when his attention was called to it, was inexcusable, and that his lamentably bad judgment on that occasion calls for severe censure.

We are forced to the conclusion, not only that Dr. Oliver neglected Mikila, but also that he has neglected his work in other respects. He has shirked grave professional duties, delegating them to a leper who has had no medical training. He has kept no data worth mentioning. There is no other place on earth where leprosy can be studied so advantageously as at the leper settlement on Molokai. The physician stationed there, if he carries to his opportunities, has good prospects of world wide fame. We find that Dr. Oliver deserves very severe censure.

Respectfully submitted,
 This 14th day of April, 1902.
 (Signed) E. P. DOLE,
 WM. L. MOORE,
 J. S. B. PRATT.

The committee is a unit in regard to the findings of fact and the recommendations set forth in the foregoing report. As there is a difference of opinion in regard to the measures necessary to be taken, it has been decided best that each member should express his views in a supplemental report.

Report of Attorney General and Dr. W. L. Moore:
 We have tried to reconcile our consciences to a recommendation that Mr. Reynolds and Dr. Oliver be censured and retained. We cannot do it.

While we gladly bear testimony to Mr. Reynolds' upright character and loyal services, his neglect on this occasion was inexcusable or worse, and will, we believe, so shake public confidence in his administration of the leper settlement, and so weaken his influence and authority there, as to make a change of superintendents unavoidable in the near future. We think his resignation, tendered some months ago, should be accepted, to take effect on the appointment of his successor.

We think the evidence proves that on many occasions Dr. Oliver has shamefully neglected his duties and that the interests of humanity demand his retirement.

Respectfully submitted this 14th day of April, 1902.
 (Signed) E. P. DOLE,
 W. L. MOORE.

Minority report of Dr. J. S. B. Pratt:
 I agree with the supplemental report of the majority of the committee in regard to the case of Dr. Oliver, but am unable to do so in the case of Mr. Reynolds. While I consider that he committed a grave mistake in not removing Mikila, when requested to do so by the medical superintendent of the settlement, I do not consider that his not doing so is sufficient cause to call for his resignation.

Respectfully submitted this 14th day of April, 1902.
 (Signed) J. S. B. PRATT.

Upon motion of E. A. Mott-Smith, the report was accepted and the recommendations made by the committee were adopted.

ELECTION OF SUCCESSOR.
 The question of a successor to Mr. Reynolds was then taken up, the superintendent signifying his willingness to step out on May first or earlier if it suited the board's convenience. Applications for the position were then read from J. E. McVeigh and C. B. Wilson, and upon motion, the vote was made by secret ballot. McVeigh received the unanimous vote of the board. He was for some time connected with the quarantine service in Honolulu, and was a candidate for the position of superintendent at the time Mr. Reynolds was elected.

A committee composed of Drs. Sloggett, Moore, Cooper and Pratt, is to decide upon a successor to Dr. Oliver.

COMMEND MR. REYNOLDS.
 The members of the board were unanimous in their expressions of praise for Mr. Reynolds, and a resolution embodying this feeling was adopted.

Mr. Dole stated that the duty the committee had to perform was a most disagreeable one, but still it had to be

done. He said Mr. Reynolds was an honest and conscientious officer, who always did his duty well. Though Mr. Reynolds had been with the committee during all its investigations he never sought to influence the members in any way nor have any conversation with them regarding the matter under discussion. However honest the man was, justice demanded his removal, and so the committee had recommended.

Dr. Cooper stated that he agreed with the minority report and thought that an old servant of the board for twenty-one years should not be summarily dealt with. He proposed a vote of thanks for the many years of faithful service performed and it was unanimously adopted.

Supt. Reynolds then asked permission to address the board, which was cheerfully granted. He expressed his appreciation for the vote of thanks, but said it made him feel bad to leave a position he had held for twenty-one years under a cloud. He did not wish to change the decision of the board in any way, but simply wanted the members to know certain facts, as it was a relief for him to finally withdraw from the supervision of the lepers. He never

JUDGE GALBRAITH HAS A MENTION FOR GOVERNORSHIP

(Continued from Page 1.)
The committee met yesterday and agreed to the plan for apportionment of Senators for the Territory, as reported from the sub-committee. That plan was fully described in my recent letter, and embodied in a bill presented by Delegate Wilcox. During yesterday's meeting a resolution was unanimously adopted to invite Gov. Dole to be heard. The members of the committee, especially the Democrats, have been filled with arguments that Gov. Dole vetoes all local measures, and therefore the islanders are obliged to bring these local measures to Congress if they wish any action. They say the county bill, the school bill and others of that ilk, come in this category—that Congress is asked to act because Gov. Dole has vetoed all such measures when passed by the Legislature. The Governor undoubtedly will be given an exhaustive hearing, and he will be able to offset the statements that have been made against him, as pertains to legislation, before the House Committee.

Hon. William Haywood has engaged an apartment in the Farragut, a new building on Farragut square, and almost directly across the street from his residence. There he now has his office. The Farragut is a fine apartment house, but it is particularly fitted for the office business which Mr. Haywood has to conduct. It is handy to his residence, is equipped with telephones and other ready means of communication with all parts of the city, and is a very easy place to take friends and talk over business matters.

THE DITCH DECISION.
As I telegraphed by the last steamer, Assistant Attorney General Willis Van Deventer, assigned to the Interior Department, has reviewed the law in the case and decided that the Governor of Hawaii has full authority to grant licenses and to give long-term leases for public lands in the Territory for the construction of irrigating ditches. This is a complete reversal of the decision given by the Interior Department last summer. The text of the decision does not appear to be available yet, although it was stated yesterday that it had already been signed by the Secretary of the Interior, and that a copy was to be furnished Senator Foraker immediately. The statement of a reversal of a formal decision, however, is authoritative, and the text will undoubtedly be made public before long.

Mr. Arthur C. Gehr, Land Commissioner Boyd, and Mr. Haywood all regard this as a victory for their contention against granting any charter to private companies by Congress, and probably this decision will head off all legislation. However, Senator Foraker has had it in mind to pass some general legislation, expressly giving the Governor of Hawaii authority to act in such matters. He has been urged to let the matter drop right here and now. He may consent to do so.

The House Committee on Territories will probably press the apportionment bill at an early date. There is every probability of its becoming law. As for the other bills, they are sleeping a long slumber, as I have indicated in previous letters.

GENERAL LEGISLATION.
Developments of the last few days indicate that the canal bill is to have a show in the Senate and that it will have some chance of becoming law at this session. The steering committee of the Senate decided this morning to give the canal bill the right of way, contemporary with the Philippine bill. The Cuban reciprocity bill is not yet before the Senate, and therefore the steering committee could take no cognizance of it, but it is believed that when the Cuban bill has been placed before the Senate, as it will be after it has passed the House, the latter part of next week, it will be put ahead of the canal bill.

Senator Spooner of Wisconsin today wagged sixteen boxes of good cigars against one box of cigars of equal quality that a canal bill would be passed and signed at this session of Congress. He is a pretty good judge, although some still think that the canal bill will fall in the closing days. There are signs of a terrible fight in the Senate over the Cuban reciprocity bill. That and the Philippine bill will likely provoke long debate, probably a month in all. Representative Corliss of Michigan is priming himself for another speech on the Pacific Cable bill. Nobody is paying much attention to him. He is expected to launch on another bitter attack against the company with his remarkable zeal for attack on this particular point.

NEW RULES FOR CIRCUIT COURT

The Three Judges Decide Upon Procedure for the Future.

The three Circuit Judges, at a meeting yesterday, adopted rules of court which will govern in the future in the First Circuit. The local courts have been working without such rules up to the present time, following out the old-established code of the Hawaiian tribunals and common law courts instead. The new rules make but few changes from the old practice. One change is that Friday will hereafter be motion day instead of both Fridays and Saturdays as formerly.

It was decided also that each of the three judges should draw their own jury, instead of the presiding judge drawing the jurors for all three courts. Thus instead of forty-eight petit jurors being drawn by the presiding judge, each of the three will draw sixteen. This will obviate the necessity for the judges remaining idle until the presiding judge has secured a jury.

The Island Curio Store, 116 Hotel street, has the most complete collection of Island curios, fans, mats, hats, shells, coral, calabashes, beads, Hawaiian coins and postage stamps, on sale. Take your friends to this old curiosity shop and you will delight them.

PUBLIC LANDS NOTICE.

On Saturday, May 17th, 1922, at 12 o'clock noon, at the front entrance of the Judiciary Building, will be sold at public auction the lease of the land known as "Kaupakua," situate in the district of Hilo, Hawaii, and containing an area of 219 acres, a little more or less.
Terms: Five years.
Upset Rental: Six hundred dollars per annum, payable semi-annually in advance.
Lease to commence from the 17th day of June, 1922, at which date possession of the land will be given.
For further particulars apply at the Public Lands Office, Honolulu.
Public Lands Office, April 12th, 1922.
EDWARD S. BOYD,
6142 Commissioner of Public Lands.

NOTICE

Is hereby given that upon Saturday, April 19, A. D. 1922, at 10 o'clock a. m., a jury duly drawn and subpoenaed "In re widening of Waikiki Road, from the Junction of King Street to Kapiolani Park, and changing a portion of the same," will meet at the office of the High Sheriff, in Honolulu, Island of Oahu, and thence adjourn to the site of the proposed roadway, there to inspect and examine such locality and ascertain all facts as may have a bearing on the matter.
All persons in any way whatsoever concerned in the above mentioned improvement are therefore notified to be present at such time and place, there to be heard by the jury in relation to the proposed improvement.
A. M. BROWN,
High Sheriff, Territory of Hawaii.

Supreme Court Decision.
The Supreme Court handed down an opinion yesterday reversing the Circuit Court in the case of Hakalau Plantation Co. v. W. Z. Kahena, administrator, an action to quiet title. The decision is written by Chief Justice Frear, Justice Galbraith dissenting. The court holds "That an answer of general denial in an action to quiet title does not operate as a disclaimer—either as amounting to a specific denial of the plaintiff's allegation that the defendant's claim adversely or as not setting forth specifically the defendant's adverse claim."

COURT FUND VERY LOW

Two Thirds of the
Appropriation
Is Gone.

TWO MORE TERMS
WILL EXHAUST IT

Next Legislature Will Have to Provide for Conducting Courts After May Term.

The May term of Circuit Court is probably the last full term which can be held within the appropriation made by the legislature for the present biennial period which still has over a year to run. Of the total appropriation of \$36,000 for expenses of Supreme and Circuit Courts over two-thirds of the amount has already been expended, and there is less than \$12,000 to pay the expenses of the courts for the remaining fifteen months of the period. The total cost of dispensing justice in the Islands for the first nine months of the present fiscal year has been \$24,806.87, not including the salaries of the judges, paid from the United States Treasury, or the salaries of any of the under officials of the courts, which are paid by the Territory from a specific appropriation. Of the amount so expended the two Circuit Judges, Humphreys and Gear, have stood sponsor for over two-thirds, and more than double the amount expended by all other Circuit Courts and the Supreme Court combined.

At the rate at which the expenses were run up during the last term of Circuit Court, the balance remaining in the fund will carry the courts through the coming May term, and there will be sufficient to start the following term. From then on the courts will be compelled to depend upon a possible appropriation by the next legislature for unpaid bills, for in no other way can the necessary funds be obtained.

The cost of the courts in the Territory up to December 31st, 1901, being the first six months of the biennial period, was \$16,211.52. Since then the cost for the first term of the courts in the new year was \$7595.35, making the total given above.

The principal expenditure was, of course, for juries, the fact of three judges holding sessions at the same time showing by the enormous expenditure on this account. The expense of the petit jury for the February term in this Circuit was \$2750.20. The grand jury was conducted at a cost of \$1633, which is as much almost as was estimated by the Chief Justice for grand juries in the Territory for the entire biennial period. The grand juries receive regular fees of two dollars, the same as petit jurors, but in addition it is necessary to appoint an extra bailiff, interpreters, carriages, etc., also come extra. John H. Wise, as clerk to the grand jury, was voted \$175 in addition to fees for his services, while W. J. Coehlo, for typewriting the minutes and report, was given \$88.20 in addition to the regular per diem.

WAITING UPON SURGEON'S REPORT

Fire Claims Bill Now Before
Committee of the Lower
House.

William Haywood, counsel for the Chamber of Commerce at Washington, has forwarded to that body copies of the bill which has been introduced into the lower house by Delegate Wilcox, providing for the payment of the Fire Claims losses according to the judgments of the court, with information concerning its status.

The bill was published in full in the Advertiser yesterday morning. It provides for the appropriation, out of any money in the Treasury not otherwise appropriated. As soon as the bill had reached the committee on claims, of which Congressman J. V. Graft of Illinois is the chairman, it was ordered printed, and copies of it were forwarded to Surgeon General Wyman, with a request for a report by that official upon the accomplishments of the Board of Health in stamping out the plague here, and to what extent the service was of benefit to the Mainland.

On previous occasions Dr. Wyman has shown that he is a friend of the Islands, and those who know of the position which is now occupied by the bill believe that the report will be favorable. There is expected to be a demand for a report from the local quarantine officers, upon the work during the plague here.

A pain in the chest is nature's warning of a threatened attack of pneumonia. Dampen a piece of flannel with Chamberlain's Pain-Balm and bind over the seat of pain, and another on the back between the shoulders. One application gives relief. Try it. BUSINESS LOCALS

Bargains are still the rule at the Lace House.

Mrs. Hanna has the Delinators for May, Union and Hotel Sts.

Laces and embroideries will be the specialties at the Lace House sale for the next few days.

Polo and Australian saddles, also polo sticks and balls, can be had from Theo. H. Davies & Co. Ltd.

Miss Noble, public stenographer and typist, at Hawaiian Hotel. Orders by telephone promptly attended to.

Don't let other people snatch up all the good things which are going at the Lace House. Get some yourself.

On Tuesday next, on the premises, 56 School street, Will E. Fisher will sell the entire household furniture and effects.

The Eagle Cleaning and Dyeing Works on Fort street have just had a telephone put in. Their number is White 2362.

Call at Pearson & Potter Co. and get their prices on awnings and canvas goods; always pleased to show goods and quote prices.

Beautiful things for the home in Sterling silver, rich cut-glass, fine china, etc., displayed today in the Ewa window of the W. W. Diamond Co. Ltd. store.

At noon today, at his salesrooms, Will E. Fisher will hold an auction sale of fine furniture, including koo bookcase, folding bed, crockery and glassware.

A few choice offices in the Boston block on Fort street are offered for rent. Electric light, elevator and janitor services all included in the rent. Rates can be had on application to the Hawaiian Trust Co. Ltd.

New Map of the Nation.

Maps of the United States, made according to the latest surveys, dated 1900, have been issued by the General Land Office, bearing the name of Commissioner Hermann. The maps are most complete. They show the original thirteen States and the subsequent acquisitions of territory, each being defined clearly. Finally, for the first time, there is a border of small maps, in which are shown Alaska, Hawaii, Porto Rico, the Philippines and an outline map of Cuba. The map is one of the very best, both in coloring and in execution, that has been sent out by the Department of the Interior. Delegate Robert W. Wilcox has sent a copy of the publication to the Advertiser, and since it has been hung it has been very much admired by all who have seen it.

LOCAL BREVITIES.

Hon. W. O. Smith will start for Washington on the Sonoma.

It is stated, but not verified, that Franklin Austin went to the coast on a recent steamer.

The government school fair will take place at the Normal School grounds on Saturday, April 25.

Bishop Nichols will hold confirmation next Sunday evening at 7:30 o'clock in St. Clement's church.

There will be a choir practice this evening at St. Clement's parish house. A full attendance is requested.

Mrs. C. J. McCarthy and family returned yesterday from California, after an absence of several months.

Tragedy well staged, is what the audience said of the Elleford's presentation of the "Banker's Daughter."

Mrs. John D. Spreckels, accompanied by Mrs. Sands W. Forman, arrived in the Sierra for a short visit to Honolulu.

Lieut. J. L. Purcell, U. S. N., who was here on the Nipsic after the Samoan hurricane, has been invaded from the Philippines for three months.

Mr. Joseph F. Coffey, formerly county prosecutor of San Francisco, arrived in the city yesterday for a short stay. He expects to go to Hawaii on Saturday.

The Board of Health, at yesterday's meeting, adopted resolutions of thanks for the services of Judge Wilcox and Stenographer D. H. Case in connection with the Melokai investigation.

Mrs. U. Thompson will be the lecturer this afternoon at 5 o'clock in the Y. W. C. A., her subject being "The Care of One's Health." Mrs. Walter Hoffman will sing a solo at the noon song service today.

The Rapid Transit Company began laying tracks on King street yesterday to parallel the Tramway tracks between South street and the Waikiki turn. The work is being done at the foot of Alapai street.

One of Pain's cars on the Waikiki line was driven full tilt against projecting boards from a load of lumber extending partly across the track. The car was damaged on one side and the passengers scared out.

When Bates of the Elleford company found that Randall of the Warde combination was in town, he hurried to his window and billboard. There was not much room left for Warde.

There will be a special meeting of the Mothers' and Teachers' Club at Punahou Preparatory School, Thursday, April 17th, at 2:30 o'clock, to discuss the subject of earning. The cooperation of mothers and teachers is vitally essential in forming definite plans to meet serious needs.

DIFFICULTIES NOT SETTLED

Final Arrangements at Kona Are Not Yet Completed.

The gasoline schooner Eclipse came in last night at 8 o'clock from her regular run to Kona and Maui, bringing up 23 head of cattle from the Kahikuni ranch on Maui, 60 cords of firewood, several tons of charcoal and corn, and a miscellaneous lot of cargo.

The captain reports when he left Kaialua final arrangements had not been completed by the Kona Sugar Company with the Japanese laborers, but the work was going ahead, although not as rapidly as the management desired. Grinding cane from a Portuguese plantation was just beginning when the Eclipse left.

Frederick Warde.

Yesterday's steamer brought Wm. W. Randall, business manager for the twenty-first annual tour of Frederick Warde, who will open at the Opera House here May 8, in the following repertoire: Thursday, May 8, "Virginia;" Saturday, May 10, matinee, "The Mountebank;" Saturday night, "Julius Caesar;" Tuesday, May 13, "King Lear;" Thursday, May 15, "Othello;" Saturday, May 17, matinee, "Merchant of Venice;" Saturday night, "Macbeth;" Tuesday, May 20, "The Lion's Mouth;" Thursday, May 22, "Damon and Pythias." There will be two special nights, one for the Knights of Pythias and one for the Elks.

STILL ANOTHER SHIPMENT

—OF—

New Goods

Manufacturers' Shoe Co., Limited
 1057 FORT STREET.

mosquitoes no longer dreaded...

—THAT'S A POSITIVE STATEMENT. We mean every word of it. Why do you let yourself be annoyed by mosquitoes when there isn't any need of it? Perhaps it's because you do not know about the little apparatus called S-K-E-E-T-G-O. It is such an improved way of using powder that words fail to describe it. There is no smoke or disagreeable odor; your eyes are not affected; nor is the throat parched unpleasantly, as is the case with burning powder.

Hundreds of people are using S-K-E-E-T-G-O. Why don't you? After trying it according to directions you are not perfectly satisfied return it and money back. You take no risk.

With each S-K-E-E-T-G-O we furnish a serviceable lamp with chimney on which the device is used. Use the Goddess Fire brand of mosquito powder for best results.

If you live in the country ask your store to get one for you. Price, complete, \$1.

First quarter of the Moon on the 14th at 7:56 p. m.

Times of the tide are taken from the United States Coast and Geodetic Survey tables.

The tides at Kahuku and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich 10 hours 30 minutes. Sun and moon are for local time for the whole group.

SHIPPING INTELLIGENCE.

NEW ZEALAND WANTS SUGAR

Premier Seddon Plans New Legislation—Growth of American Trade.

Mr. Frank Dillingham, American consul at Auckland, New Zealand, with his wife and family, are passengers in the Sonoma, on the way to their old home at San Francisco. Mr. Dillingham is taking his first vacation since his appointment by President McKinley five years ago. He will go on to Washington.

"The principal topic in the colony is tariff," said Mr. Dillingham last evening. "Premier Seddon is an earnest advocate of reciprocity. He wants to send the colony's wool to the United States and buy what the colony wants at good rates and admit the imports free. I am of course in favor of anything which will extend our trade. When I went to Auckland five years ago our trade with the colony was only a million and a half a year. Now it is above six millions.

"There is being made a consistent effort to encourage the sugar industry in New Zealand. The Premier wants to pass a bill granting a bounty to beet sugar growers. There is great probability of its going through. We have had no trouble with plague recently, the only cases having been discovered two years ago, in the most uncleanly portion of the city. Since then we have had no trouble of any kind."

Mr. Dillingham is a brother of Senator Dillingham of Vermont and a cousin of B. F. Dillingham of this city, who met him at the steamer and entertained him during his stay.

PASSENGERS.

Arrived. Per stmr. Mikahala, April 16, from Kaula ports—H. A. Jaeger, M. L. May, F. Arndert, H. Warren, W. H. Rice Jr., A. V. Peters, D. Land and 40 deck. For arrivals per S. S. Sonoma, see page 10.

In Washington, D. C.: Down Pennsylvania avenue came a tattered and torn man. His eyes were blacked, his nose was bleeding, and his cheeks were bruised, while he limped painfully and had one arm in a sling. Did the astute detective who observed him stop him and ask which direction the footpads had taken? Not he. He said: "Good morning, Senator."—Baltimore American.

Gentleman (to Jokel)—"Well, John, did you give the marquis my note?" Jokel—"Yes, sir; but it's no use writing letters to him. He can't see to read them. He's blind—blind as a bat!" Gentleman—"Blind?" Jokel—"Yes, sir, blind. Twice he asked me where my hat was, and I had it on my head all the time!"—Tit-bits.

There is this peculiar thing about our Hair Vigor: it's a hair-food, not a dye. It doesn't turn your hair suddenly black and make it look dead and lifeless. But gradually the old color comes back, all the rich color it used to have. And it also stops falling of the hair.

Ayer's Hair Vigor

It keeps the scalp clean and healthy, removes all dandruff, makes the hair grow rapidly, prevents it from falling out, and does not allow a single gray hair to appear.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

LYCURGUS EN ROUTE

They Knew He Was From the Old World.

TALE OF FELLOW TRAVELLER

The Greek Restaurateur Discusses the Political Affairs of the Hawaiian Islands.

(Special to The Advertiser.)

SAN FRANCISCO, April 10.—All Hawaii knows through the Advertiser's San Francisco correspondence that George Lycurgus, the chief purveyor in Honolulu to the smart set, will never again be counted as a citizen of the Territory. His farewell to the patrons who have made him rich in the past few years was spoken to me before he left here on his way to Europe. Nor did he wear crepe or speak in mournful tones when he declared his intention of passing his remaining days amid the gaieties of the old world, and far from the roar of the surf at Waikiki. This is an old story, and almost before Lycurgus sailed from New York it was printed in the columns of the Advertiser.

But now there is wafted back an echo of the passing Greek from the chilly East which will amuse and entertain those who know the former bashed and moustached host of the Union Grill.

By a curious coincidence I met here a day or two ago a man who was Lycurgus' traveling companion from here to New York, and who has vivid memories of his conversation and actions. This man—let us call him Jones—happened to get on the same train at the Oakland mole as Lycurgus did. The latter had engaged a whole compartment, or stateroom, and was looked on by the Pullman porter as a foreign prince who had dispensed with his equestrian and valets for a lark, and who wanted to see a bit of American life as it really is.

Perhaps, though, it were better to let my informant tell the tale as he told it to me. I have set it down without change or comment and much as I had chatted to a phonograph instead of the Advertiser's correspondent. There may be some points obscure to its readers, but if so they must puzzle

Catarrh Can Be Cured

Some people have had catarh as long as they can remember—to cough, choke and constantly gurgle, and expectorate is a regular habit—sort of a second nature but vile and annoying.

Catarrh in the head is an inflamed condition of the mucous membranes in the nasal passages often caused by a cold. Now, unless this inflammation is drawn out the catarrh will continue to do endless damage. It will rot the bones in the nose, cause deafness, injure the sight, cause a foul breath.

Indigestion will also follow for the stomach has work of its own with trying to digest the toul chunks of decayed matter that slide down the throat from the head while the sufferer is asleep. Halpruner's Wonderful Medicine cures catarrh, drives the inflammation out of the body, purifies the blood, gives tone and vigor to the membranes and the lith to the whole system. It cools, allays and heals and you are well in a short time at very small cost—50c and \$1 a bottle.

Go to your druggist and ask for Halpruner's and be sure that you get it—Halpruner's Medical Manufacturing Co., 28 California St., San Francisco, Cal.

MRS. LELAND STANFORD NOW HERE ON A VISIT

MRS. LELAND STANFORD.

Mrs. Stanford, widow of the late Senator Leland Stanford, has done a great work for the university system of California. The university at Palo Alto was established by Mr. and Mrs. Stanford as a memorial to the son who died in 1850. It is called Leland Stanford, Jr. University. Since her husband's death Mrs. Stanford has given the university the greater part of her time, and a large part of her fortune has gone to it in endowments.

MRS. LELAND STANFORD, whose munificence to the University, to which she and her husband gave the name of their only son, that the world's greatest free seat of learning should be a monument to his memory, arrived in the Sierra yesterday and is domiciled at the Moana hotel for a short stop in the city. Just how long Mrs. Stanford will be here and whether or not she will visit the other islands, are matters which are enveloped as much in mystery as is the destination which the party will have when the time comes for departure.

Miss Berner, for many years private secretary to Mrs. Stanford, a maid and a valet, are in the party. Miss Berner said yesterday afternoon that Mrs. Stanford was in pretty good health, but that the experiences of the journey and seeing such a country for the first time had been somewhat wearying, and she had retired and would not see callers for a couple of days. This is the first trip of Mrs. Stanford west of San Francisco, though since the death of her husband and son she has been a constant traveler, making her home in San Francisco only during short stays, usually given over to work for the advancement of the interests of the university.

The present trip was made principally from a desire to see the islands and for the health of Mrs. Stanford. The plans of the tourists, according to Miss

them out themselves. So here in the plain, unvarnished yarn as confided to me by the man we will call Jones:

I took the evening overland from Oakland, and had some trouble about my berth. The train was jammed full of people, and someone else claimed my place. While the dispute was being arbitrated by the conductor, I had to stand up, as all the seats were taken. I went into the smoking compartment and there found myself without a cigar. I had left my case in my grip and this had been lost in the shuffle of passengers. A man sitting next to me offered me a smoke and we fell into conversation. He was a foreigner. I knew at once, but I couldn't decide whether he was an Italian or a Greek. He was dressed in the height of fashion, with everything brand new, and with diamonds on his fingers and in his shirt and cravat. His accent was decidedly broken, but he talked quickly and was perfectly familiar with English, and even American slang. I have never met a more courteous fellow, and my curiosity was aroused by his manner and appearance.

He suggested that the car was stuffy and that perhaps I was thirsty. Then he ordered a bottle of champagne. I saw by the directions for its cooling and opening he gave the man that he was skilled in wines and a connoisseur. He sipped the sparkling stuff with the tongue of a gourmet and remarked that it was a trifle too dry. To the porter he gave a dollar for himself. All the journey his open-handedness struck me. He told me his name was Lycurgus.

"Not a descendant of the famous lawgiver of Greece?" said I.

"Just the same," said he.

You may imagine that I was tickled to death to meet a scion of one of the greatest men the world ever knew. I found later on that he had been an intimate of some of the best known men all over the world. He had known Queen Liliuokalani of the Sandwich Islands, Robert Louis Stevenson, Governor Dole, Admiral Miller, and all sorts of people. He and Stevenson had had many drinks together at a place the rich Greek called Sonn Sousee, on the ocean near Honolulu. He said that Stevenson was a four-bottle man and needed the Scotch liquor he drank to keep him strong, as he was suffering from consumption at the time. Lycurgus talked as if he had entertained Stevenson, and I take it the Greek had a fine country place at which he made merry with his friends. He also spoke of his establishment in Honolulu which he called the "Creel." Some Greek name, I guess. He said he still kept it and also had property on the island on which the big volcano is. I asked him about Hawaii.

Berner, are exceedingly indefinite, owing to the fact that the health of the head of the party is the first consideration, and what may be done here or how long he spent must be governed by the effect upon her condition. Should the climate prove grateful there is every possibility that the visit may prove one which will not be ended before late in the summer. Just as indefinite are future plans which must naturally be governed to a great degree by the time spent here.

As soon as it was known that Mrs. Stanford was in the city, among the many men and women who have attended the great school, there arose a discussion as to the means to be employed to show their aloha for her and their alma mater. After continued talking over the various proposals it was decided that there should be held a meeting of all Stanford men and women at the residence of Dr. J. S. McGrew, Hackfeld and Lunallilo streets, at 8 o'clock Saturday evening, at which time there will be discussed the giving of a reception to Mrs. Stanford, or some other plan which may meet with her favor. There will be a great number of the students present at this meeting, for there are men not only in the city but as well out on some of the plantations, who will wish to be present to take part in the preliminaries and the subsequent honors to Mrs. Stanford, if her health is such as to grant the reception. There will be several calls made upon Mrs. Stanford as soon as she will receive, perhaps today or tomorrow, when the subject may be broached to her.

"Too dear," he said. "It costs too much to live there for what you get."

It seems he has spent most of his time there for some years. I imagine he was mixed up in a revolution or two as he mentioned that he had been arrested once by the missionaries. I guess he wasn't religious enough for the preachers.

He seemed to be up on the politics of the place, and said that a judge named "Hump" was raising Cain in the Islands by putting everyone in jail who was not in his crowd. It appears that this Hump came from Arizona and passed into Honolulu with Confederate money. You had to have thirty dollars in cash to pass the savage who ran the landing place, and this Hump, as Lycurgus called him, didn't happen to have the currency. Later he became a judge and got rich playing the sugar stocks. He started a paper called the "Rebooblica"—must be a kanaka name—and imported an editor named "Geels" from the wild west. Well, sir, you'd a died laughing to hear the Greek tell about the rows Hump stirred up and the way he bossed the roost there. Then the judge got into trouble, this paper, the Rebooblica, busted, and when Lycurgus left Honolulu, Hump was on his uppers and everybody roasting him.

Lycurgus said Honolulu was one of the liveliest places in the world after dark with certain people. He told me about a fat judge—I forget his name, but he was a friend of Hump—raising Ned at his place—the Creel—and throwing the sugar bowl out the window. He said there was more champagne drunk in Honolulu than in any place in the world with such a small white population. Why, they just pour it down, according to Lycurgus.

I went all the way to New York with the fellow, and I never met such a prince in my life. He drank nothing but champagne and the waiters used to fall over themselves to wait on him. He had the whole drawing room of our car to himself, though there was a pretty Australian woman aboard to whom he talked a good deal. You ought to have seen him order a meal. He knew the fanciest bill of fare from a to zizzard and made the cooks stand on their heads.

He told me he was rich and was going to travel in Europe for some years. He's tired of hobnobbing with the queens and poets in Hawaii and will try a diet of dukes and dandies at Monte Carlo and Paris. I believe the fellow is a nobleman himself. He spent money like he was a millionaire and his manners were mighty aristocratic. I understand he paid \$200 for his berth to Liverpool from New York. He certainly was a corker.

FREDERICK O'BRIEN.

NEW NURSE NOT WANTED

Miss Roosevelt's Protege Can't Come.

BISHOP GULSTAN AGAINST IT

Sisters at Molokai Also Oppose Coming of French Girl.

MISS ROOSEVELT'S protege will not be permitted to minister to the wants of Molokai's lepers. Both Bishop Gulstan and the Catholic sisters at the settlement are against the coming of Marie Leurquin, the French girl who asked President Roosevelt's daughter to assist her in her charitable ambition.

The Board of Health at yesterday's meeting unanimously voted to refuse the petition, and the secretary was notified to so inform Acting Governor Cooper, who will in turn notify the Secretary of the Interior and Miss Roosevelt.

The correspondence from Bishop Gulstan and Sister Marianne follows: Honolulu, April 4, 1920. J. S. B. Pratt, Executive Officer: Dear Sir: Your favor of yesterday I only received and highly appreciated. I will take the liberty to answer your question as candidly as it was put to me in regard to Miss Marie Leurquin, who wishes to go to Molokai and help the Sisters.

1st. The Sisters live in a community and they are best at home by themselves alone; this is very natural.

2nd. The Sisters are guided in their work by one heart and every member of the community understands that and abide by this rule.

3rd. A stranger, no matter how pure her intention might be, can not help to disturb occasionally the unity of a community, which is the strength of a community.

In consideration of these reasons, I respectfully ask from the honorable Board of Health to reject the offer of Miss Marie Leurquin to come to assist the Sisters at Molokai.

Yours respectfully, (Signed) GULSTAN, Bishop of Panopolis.

Bishop Home, Kalaupapa, Molokai, April 11, 1920.

J. S. B. Pratt, M. D., Honolulu: Dear Sir: I have received your letter of the 3rd inst. with the copies of letters from H. E. Cooper, Acting Governor, from Thos. Ryan, Acting Secretary, from Mademoiselle M. Leurquin.

In reply, I beg to state that I cannot take any responsibility in the case of Mademoiselle Leurquin. Should she be accepted she would be disappointed in not finding the work she desires to do. I consider it best not to accept her at present.

Respectfully yours, (Signed) SISTER MARIANNE.

HERPICIDE GROWS HAIR LIKE THIS within a few months. NEWBRO'S HERPICIDE kills the dandruff germs that cause falling hair and finally baldness. No other preparation but Herpicide kills the dandruff germ. Destroy the cause, you remove the effect. Herpicide is a delightful hair dressing for regular toilet use.

S. S. SONOMA RAN INTO HURRICANE

Had to Heave to for 12 Hours. Unusually Big Crowd of Passengers.

The S. S. Sonoma arrived from Pago Pago and the Colonies about 8 o'clock last night and occupied the berth at the Channel wharf just vacated by the Sierra. The vessel was nearly a day late in arriving, due to bad weather experienced after leaving Auckland.

The Sonoma left Sydney at 1:30 p. m. on April 1, arriving at Auckland at 5:40 a. m. on the 5th. Auckland was left at 10:15 p. m. The vessel arrived at Pago Pago on the 10th, leaving at 11:14 a. m. on the same day.

Fine weather with calms and smooth sea were experienced to Auckland, thence to noon of the 6th a light variable wind and sea prevailed. At 4 p. m. of the 6th the vessel ran into a whole gale, with increasing wind and sea, the barometer falling rapidly. At midnight the wind had reached a storm, with terrific squalls of hurricane force, and tremendous seas. The ship had to heave to for twelve hours. On the 8th wind and sea moderated until Pago Pago was sighted, when thick, rainy weather was experienced, the ship being delayed ten hours in consequence. From Pago Pago to Honolulu the weather was pleasant, with fresh trades and moderate seas.

The passengers for Honolulu were: Mr. S. Brown, Mr. A. Turner, Mr. C. R. Miller, Mr. R. A. Scott and valet, Miss McLean, Mr. Voight, Mr. and Mrs. F. Cammilleri, Mr. and Mrs. F. Maitland. The Sonoma has on board an unusually heavy list of through passengers, most of whom are en route for England to attend the coronation ceremonies. The plague situation in Sydney was reported to be about the same, and when the Sonoma sailed no fresh cases had been reported for twenty-four hours, the first clean day in a fortnight.

STEAMER SIERRA FROM THE COAST

The S. S. Sierra was sighted about 8 a. m. yesterday and two hours later was docked at the Oceanic wharf. The steamer left San Francisco on April 10 and brought two days' later mail and newspaper files. The time of her trip was 5 days, 18 hours, 25 minutes. The Sierra brought 343 tons of freight and 87 passengers for Honolulu. Among the passengers were Mrs. J. D. Spreckels and maid, and Mrs. Jane L. Stanford, maid and valet. The passenger list for Honolulu was as follows:

F. Albright, Wm. Afs, Mrs. Lorrin Andrews, infant and maid; Mrs. Appleman and child, Mrs. E. J. Barrett, Miss B. Berner, Mrs. E. Bishop, Miss C. Bishop, Chas. Breed, Mrs. Breed, J. Buck, J. B. Castle, J. F. Clyne, J. F. Coffney, J. K. Farley, Mrs. S. Forman, Chas. Helm, Mrs. Helm, Miss Helm, H. Herzer, H. Johnson, H. P. Jones, J. B. Kenney, J. L. Koster, Mrs. L. Lewis, Miss Lewis, Mrs. C. J. McCarthy and two children, Miss I. McCarthy, Miss P. McCarthy, Mrs. J. H. McPherson and child, G. E. Moore, Mrs. Moore, W. F. Morrison, I. Munroe, Mrs. Myers, Mrs. G. S. O'Neill, Miss A. Porter, W. W. Randall, J. B. Renny, Miss M. M. Ricker, Miss E. Schmidt, A. Scheidecker, Mrs. Scheidecker, H. Slater, Mrs. C. R. Spilvalo, Miss Spilvalo, Mrs. J. D. Spreckels and maid, Mrs. Jane L. Stanford, maid and valet; J. N. Wallingford, R. E. Wallingford, P. W. Wobber, Edw. Campsie, Mrs. H. Culman, Jas. Doda, Miss Farmer, W. L. Herkles, Hans Johnson, J. T. Jury, E. W. Lankins, H. C. Lechnor, Jno. Makowski, Mr. E. Peck, Mrs. P. F. Peck, Miss R. Peck, C. A. Rose, Gordon Stewart, J. T. Thomson, H. T. Wilson. The Sierra sailed for Pago Pago and the Colonies at 8 o'clock last night. C. I. Loeb joined the vessel here for Sydney.

Freighters Delayed.

SAN FRANCISCO, April 8.—Owing to a delay in sailing from Newport News, the Pacific Mail Company's huge new steamer Korea will not be able to sail hence for Honolulu on May 17th in the Peru's place, as originally scheduled. Although a twenty-knot vessel, the Korea will probably occupy forty days on the trip from Newport News, and a week or more would be required here to put the steamer in trim for the trip to Hongkong. Captain Tremaine Smith, who is to take command of the Siberia, sister ship of the Korea, has not yet left for Newport News.

SAN FRANCISCO, April 8.—The large new steamer Alaskan of the American-Hawaiian line, was to have had her trial trip last Saturday, but alterations in the machinery not having been completed, the trial was postponed until probably next Saturday. As soon as possible thereafter the Alaskan will sail for Honolulu and New York, under command of Captain Banfield, and will be the first of the big twin-screw freighters on the line.

Shipping Notes.

The Pacific cable has reached the Fiji Islands. The schooner Olga, Captain Waldwick, sailed for San Francisco yesterday.

The ship A. J. Fuller will probably sail for San Francisco this morning with sugar.

Disengaged tonnage in San Francisco at present amounts to 30,887 and engaged tonnage to 45,398.

The American ship Troquois has been lost near Macassar, in the Dutch East Indies. Captain Chadwick Thompson, her master, formerly commanded the ship Roanoke. It is not known if any lives were lost.

GREAT SISTER SHIPS ARRIVE

Acme and Arthur Sewall Make Good Trips in Ballast From Japan.

Two large steel four-masted ships arrived yesterday from the Orient, the Arthur Sewall and the Acme.

The Sewall arrived shortly before noon, after a trip of thirty-five days from Hiogo, Japan. The trip was pleasant and uneventful. The ship came in ballast, and will load sugar here for New York. The master, Captain Gaffney, has his wife on board.

The vessel is lying at the old Fish-market wharf. The Sewall was here about a year ago. She left Honolulu for Philadelphia last April and proceeded from there to Hiogo.

About 4 p. m. the American ship Acme, Captain Lawrence, tied up alongside Sorenson's wharf and almost next door to the Arthur Sewall. She arrived from Yokohama after a trip of thirty days, having sailed on March 17. Like the Sewall she came in ballast, and had a fine, uneventful trip. She will load sugar here for New York.

There are now three ships in port built by the Arthur Sewall Company, of Bath, Maine. They are the Acme, 2987 tons; the Arthur Sewall, 2919 tons; and the Edward Sewall, 2916 tons. Both of the Sewalls are owned by their builders but the Acme is the property of the Standard Oil Company.

Another ship built in the same yard and coming to Hawaii is the Dirigo, 81 days out from Hongkong, for Hilo. She will proceed from Hilo here to complete her cargo of sugar.

The Acme, Arthur Sewall and Edward Sewall are all very much alike, and their resemblance to one another is intensified by their being painted the same color, gray above and red below the waterline.

The Eclipse will leave Friday at 3 p. m. for Koaokakai and Kamalo, on Molokai; Lahaina, Honolulu, Kahului, Makena and Kihui on Maui.

The freighter Tampico sailed from Elele on Tuesday for Kahului, where she will complete her cargo for San Francisco.

THEY WILL REMAIN.

The bump of reverence is over, shadowed by the bump of intelligence in the 20th century man and woman. Old things are not preserved simply because they are old. Whatsoever is no longer useful must get out of the way. Nevertheless, progress that is not intelligent will not be permanent. We shall continue to breathe air, drink water and eat bread. There will be no "improvement" on the great essentials of living, and we do not want any. Babies will come into the world as they have from the beginning, and people will die out of it as they have done since the world began. Let us not run away with the idea that all of our treasured opinions are to be upset. Through every change, all standard articles which, like WAMPOLE'S PREPARATION have builded a reputation on honour and good service, will hold their place. This effective remedy belongs to the past, the present and the future. It is not only up-to-date but ahead of date. For Wasting Diseases, Impaired Nutrition, Influenza, Lung Troubles, Impure Humors in the blood with resulting skin affections, etc., it possesses the confidence of physicians and the people everywhere. It is not expected to fail; it never does fail. The formula after which it is made is an inspiration. It contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It is palatable as honey, and yet so medicinal as to be effective from the first dose. Professor Reddy, of Canada, says: "I have much pleasure in stating that I have used it in cases of debility and have found it to be a very valuable remedy as well as pleasing to take." "It cannot disappoint." Sold by chemists.

ELECTION OF OFFICERS.

AT THE ANNUAL MEETING OF The B. F. Dillingham Co., Ltd., held March 29, 1902, the following officers and directors were elected to serve during the ensuing year, viz:

B. F. Dillingham, President. E. E. Paxton, Vice President. W. F. Dillingham, Treasurer. A. W. Van Valkenburg, Secretary. Albert Raas, Auditor. W. F. Allen, Director. W. F. Frear, Director.

A. W. VAN VALKENBURG, Secretary. Honolulu, April 9, 1902. 6140

AGAIN THE CRUSHER
Boyd Reopens the Insane Asylum Trouble.

The old controversy between the Board of Health and the Department of Public Works over the Insane Asylum crusher was reopened yesterday, but the board again refused to allow the operation of the crusher.

In response to a communication from the board regarding the insanitary condition of the Nuuanu stream district Supt. Boyd sent the following reply:

DEPARTMENT OF PUBLIC WORKS
Honolulu, T. H., April 12, 1902.
Dr. H. C. Sloggett, President Board of Health.
Sir—The attention of this department has been called to the insanitary condition of some of the streets in the Fifth District, i. e., west of Nuuanu stream, caused by the water from the late heavy rainstorm collecting in pools thereon and becoming stagnant, from which a stench arises, thus jeopardizing the health of those residing in that vicinity.

At the present time this department lacks proper material to macadamize these streets to grade, and is also unable to construct gutters to carry away rain water or such other water that may be thrown on said streets by the occupants of stores and buildings along the same, and further, there is a continual cry from the residents of that locality for an abatement of the diaphragm, and in some instances, almost impassable condition of the roads in the district mentioned.

I therefore desire to say that this department is extremely anxious to relieve the condition in the said district, but not having any location in the vicinity of these required improvements for quarrying purposes, I have to ask the consent of your honorable board to allow my department to quarry the material and crush the same at the government quarry immediately above the insane asylum, operation of which was lately closed by the request of your board, in order that material of very little cost to the government could be secured to relieve the same. My department fully appreciates the endeavors of the Board of Health to protect the patients under their treatment at the asylum, and in order to lend assistance to your board in carrying out this laudable desire, should the board see their way clear to grant the permission asked, everything possible will be done to carry out any suggestion that your board may make in order to prevent any bad effects to the patients or injury to them or any damage to the property of the asylum.

In conclusion I desire to express the hope that your board may find it possible to grant the permission as above requested, the same to extend over a period of not more than six months.

Very respectfully,
(Signed) JAS. H. BOYD,
Superintendent of Public Works.
President Sloggett said that he was as strongly opposed as ever to the opening of the crusher. He stated that he had had the matter investigated by a competent engineer, who had reported that stone could be secured within half a mile of Nuuanu street, and that it would cost not more than \$3000 to remove the crusher from its present location. Dr. Moore and E. A. Mott-Smith both expressed themselves as strongly opposed to a reopening of the controversy. Mr. Mott-Smith said the board had gone over the matter carefully once before and made a final report, and there had been no cause to change that action. Upon his motion it was determined to invite Mr. Boyd to confer with the Board of Health, but that he did not believe anything could be done. Either the asylum or crusher would have to be moved.

GRAND JURY MAKES A FINAL REPORT
Three Indictments Returned in Federal Court, and One Case Ignored.

The Federal grand jury for the April term set a good example for a quick work. A final report was made yesterday by that body after a session of but two days. Three indictments were returned and one ignored. The case against Jean Sabate, charged with violating postal laws, was ignored. The report says: The United States District Attorney has brought to the attention of the grand jury four cases, all of which have been carefully considered, and in three cases true bills of indictment have been found and returned to your honorable court, and in the fourth case no bill has been returned, as the evidence presented was not deemed sufficient to warrant a conviction.

In concluding its report the grand jury desires to state that there were no secret investigations made, other than those presented by the United States Attorney, and takes this opportunity to express its appreciation of the ability, fairness and courtesy that has characterized Robert W. Breckons during its short session.

A list of the cases investigated by this grand jury, in which true bills of indictment have been found, is hereto attached and made a part of this report.
Charles A. Richardson, violating Sec. 3346 R. S. U. S.
Manuel R. Castanha, violating Secs. 3228 and 3269 R. S. U. S.
Frank Castanha, violating Secs. 3258 and 3269 R. S. U. S.

The fireman is in great danger from falling bricks or timbers as well as from the flames. No fire department is properly equipped without a supply of Chamberlain's Pain Balm. This liniment is unexcelled for burns and bruises. One application gives relief. Benson, Smith & Co., Ltd., Wholesale Agents, sell it.

THE MAN FOR ME!

The Happy Man!
The Man With Force!
The Man With Grit!

The man whose look and action show him to be one of nature's models, the man who grasps your hand with a strength and a smile that say, "I am a man." Show me the man with confidence in himself, the man who does not hesitate to do what he thinks is right, and I will show you a man you can trust.

I ADMIRE MEN OF POWER!

And I have devoted my life to developing them. I know that Electricity is the force that makes vitality, and I use it to build up men who are nervous, hesitating, sleepless, fainting in memory, losing self-confidence, weak in heart and stomach, losing youthful ambition and courage. Men like that, or those with pains in the back, rheumatism, sciatica, or those other troubles which follow a loss of nature's vital power, I can cure. I can make them feel young, strong and energetic with my Electric Belt. If you are such a man come to me. My belt is in a class by itself. I take the other kind in trade. Get my book. It has facts you will be interested in. It is free if you enclose this ad.

"Eyes That Are Fountains Of Thought And Song"

may be very defective in vision indeed; may be painful organs to the owner, but may become the greatest source of joy through correctly fitted glasses.

So many do not realize how very poor their vision is, because, having seen objects with their own eyes only, they have no conception of the great difference in the appearance of those objects to the perfect eye.

It is part of our business to look after the correction of eye defects; and the making of lenses which do overcome the trouble.

Our facilities are perfect, and work done will be to you lasting satisfaction.

BERRY'S FINANCIAL REPORT

There is little of interest or encouragement to be mentioned in this report. The summer weather seems to have engendered inertia in all lines of trade for business.

"I can see no change in the money market," said a prominent banker today, "but the feeling among business men is better than it has been for months. Returns for sugar are being received steadily and for the most part are being placed to the credit of the agents who are carrying overdrafts in San Francisco. In a short time these overdrafts will have been liquidated and then the receipts will come to the Islands. In a few months money will be easier and conditions will be normal again."

The bond market has been active as has been evidenced by the fact that out of remaining \$500,000 first mortgage Wailua bonds to be floated, some \$390,000 has been placed. Koloa Sugar Company, operating in Kaula, has sold \$25,000 of its bonds. Kihel Plantation Company filed its deed of trust last week, with the Hawaiian Trust Company as trustees. The issue included \$500,000 first mortgage, six per cent bonds. Kohala is completing her bond issue. A block of \$50,000 of Oahu Railway & Land Company bonds was sold during the week at 104 1/2. Hawaiian government 5's brought 97 1/4. Hilo Railway 6's are 100 asked. Honolulu Rapid Transit bonds are not quoted; a large block being under operation to a Boston syndicate.

The Inter-Island Steam Navigation Company held its adjourned annual meeting today. New by-laws were adopted and a new Board of Directors chosen. A regular quarterly dividend of one and a quarter per cent has been declared.

Sugar shares are steadier. A standing bid of 60 for Wailua failed to bring out any stock. Oahu is 90 bid, and Ewa sold at 24. Hawaiian Sugar changed hands at 25. McBryde advanced to 6 while Kihel fell to \$4.50. Payments are getting rather behind, and collections are very crowded. The real estate market is dull and lower prices are the tendency. Building operations, while brisk, are not as extensive as formerly, and rents are still on the decline.

A number of retail firms on Fort street contemplate moving to more commodious quarters. The narrow and crowded condition during business hours and the concommencing measures there seems to be an undecided opinion with some as to Fort street retaining the future retail trade.

Four foreclosures since our last report: Sung Wing Lung Co., grocers, Honolulu; M. Brasch & Co., lace, Honolulu; Lin Chong, general merchandise, Nahu, Maui; Kwang Chong Tai Co., general merchandise, Honolulu; Austin Publishing Co., Ltd., Honolulu.

The mortgage indebtedness has increased since our last report \$543,854.67. The following instruments have been filed since our last report:

64 Deeds	\$106,710 00
33 Mortgages	563,659 67
4 Chattel mortgages	6,536 00
18 Releases	19,805 00

NO FLAT BOTTLES

A Morning Stimulant With No Reaction

Many people have learned the value of an internal bath in the morning, but many more will be delighted when they have felt the mental poise and physical exhilaration which comes with the practice of slowly sipping one or two glasses of

WHITE ROCK WATER

immediately on arising. The stimulating properties of this water are fascinating. It enlivens the brain and sharpens the faculties for the duties of the coming day.
