## The Paper

### Clairefontaine – Founded 1858, Etival-Clairefontaine, France

Great ideas deserve great paper.

Clairefontaine is a French paper manufacturer that is renowned for its fine quality notebooks. The paper is exceptionally white and ultra smooth. The mill has been making paper since 1858 and notebooks since 1890. Clairefontaine notebooks have been used by generations of writers, university students and travelers.

- Superior opacity – use both sides of a page
- 90g pH neutral, acid-free paper
- Clairefontaine paper is made from pulp and wood by-products from forests independently certified

Materials sourced from certified sustainable forests

Clairefontaine paper is made from pulp and wood by-products from forests independently certified. The waste from the water treatment plant is converted into agricultural compost. This is a first for the paper industry.

Better manufacturing process

Clairefontaine has reduced its water consumption through an advanced recycling method. The water is so clean when it is returned to the river people can swim, boat and fish downstream within sight of the mill.

No bleaching

Our paper is chlorine-free. A gift of nature, a mineral called calcium carbonate gives Clairefontaine paper its famous trademark qualities of extra white and ultra smooth.

## Collections

### Classic Notebooks

Made with the best writing paper in the world!

### Notebook Collections

Same great paper with a range of beautiful and unique covers.

### Fine Art Papers (pg. 61)

Every piece of art needs a surface and Clairefontaine's wide range provides something for every artist.

## Neo Deco Notebooks

Art Deco, the emblematic decorative trend of the "Roaring 20's", has been modernized in this striking collection. Each reference features a unique patterns, highlighted by a golden finish. Neo Deco is a sophisticated and elegant notebook collection.

## The Iconic French Notepad

Rhodia is known for high quality, exacting standards and timeless design. It is closely associated with creativity and innovation coupled with tradition.

These pads are a favorite of artists & designers, writers, notebook fans and people who appreciate exceptionally smooth paper for notes, sketching and hand drafting. People love them for their grids, quality & iconic covers.

**Made in France since 1934.**

### Origins

Rhodia originated as part of a family business known as Verilhac Brothers, Paper-Maker in 1932. The first Rhodia pad was made in 1934 in Lyon. In Lyon there is the Rhône river. People born in this region are called Rhodaniens. The name came from there. The two spruce trees in the logo represent the two brothers.

The Rhodia Notebook, originally a sideline for Rhodia, was to become its most famous product. It immediately overshadowed other notebooks of the time because of its quality materials and original design of a scored front cover. The orange cover dates back to the 1934. It remains unchanged to this day.

### The Paper

All Rhodia products feature Clairefontaine paper. Clairefontaine is a French paper manufacturer that is renowned for its fine quality notebooks. The paper is exceptionally white and ultra smooth. The mill has been making paper since 1858 and notebooks since 1890. Clairefontaine notebooks have been used by generations of writers, university students and travelers.

### Collections

#### Classic Staplebound

The iconic orange and black notepads.

#### Dot Everything

The original dotGrid.

#### Wirebound

Tools for efficiency and creativity.

#### Rhodiarama Colors

Between orange and black there is a Rhodia for you.

## History

Exacompta is well known throughout Europe for its extensive range of office supplies. These include filing & organizing supplies, desktop accessories, planners, and other business stationery.

Exacompta -- a play on the words "Exact Accounting" -- was started in 1928. At a time when accounting was done by hand, Exacompta manufactured ledgers of exceptional quality. Each ledger was finely bound, with thick mint or ivory paper and crisp, clear print.

The legacy continues today, Exacompta produces high quality home and office, filing, and stationery products with an emphasis on environmentally responsible manufacturing. Many of the products are FSC® or Blue Angel® certified, both highly regarded European environmental groups.

## FAF Pads

The FAF pad is a practical and highly functional, refillable desk pad with a unique vintage look. The perfect fit for your desk, home office and all of your writing needs. Makes a great gift.

- Solid brass construction with non-slip backing
- Bright white 70g paper
- Includes 170 micro-perforated pages for easy removal
- Refillable with 170 blank or dot pages
- Elegant black gift box with clear top

## History

Herbin was established in 1670. The original J. Herbin was a sailor, and from his many journeys to India he brought back to Paris formulas for manufacturing sealing wax and inks. Generations of remarkable people, from Louis XIV to Coco Chanel, have used Herbin sealing wax. It is renowned as one of the highest quality sealing waxes ever made.

In 1798, Jacques Herbin, the 4th generation family scion, relocated the workshop and commercial establishment to Rue des Fosses-Saint-Germain-l'Auxerrois in Paris.

## The Oldest Name in Pen Inks in the World

Herbin is the oldest name in pen inks in the world. "La Perle des Encre" (The Jewel of Inks) was created in 1700. "L'Encre des Vaisseaux" ("Ship's Ink") was produced at an unknown date before then.

Herbin continued to develop new inks in the 19th century. They began production of India Ink (also known as Chinese Ink) in 1829. Their violet ink was the everyday color used by students during the Third Republic (1870-1940). Herbin even developed a special black ink just for Victor Hugo, one of the greatest French writers.

Today, Herbin produces a range of beautiful fountain pen and calligraphy inks, writing instruments, gift sets and accessories. Herbin inks are made in France, and the finishing touches on the bottles are still done by hand in Paris.

## Kenzo Takada "Shogun" Ink **NEW**

### Enhanced with Gold and Red Metallic Sheen

Kenzo Takada is recognized worldwide as one of the most famous creators and designers of his generation. His recognizable style combines multicultural inspirations with a distinct Japanese touch.

Kenzo Takada sadly passed away just as the partnership with Jacques Herbin, who was dear to him, had started. This ink is thus a homage to this exceptional man.

Creating was Kenzo Takada's passion, a powerful drive to always bring beauty to the fore. The Herbin Shogun Ink by Kenzo Takada twilight-colored ink, reminiscent of a beautiful night of stars, is coated with fine red and gold shimmer. The resulting hue is reminiscent of certain armors from the Shogun era, for which Kenzo Takada held a fine appreciation.

Great for fountain pens inks

- Highly saturated color with gold and red sheen
- Gift boxed
- Wide mouth 50ml glass bottle

Description	Reference	Case Pack
Shogun	H132/09	1

## 350<sup>th</sup> Anniversary Inks

### Enhanced with Gold and Silver Metallic Sheen

This elegant, deep green ink features delicate flecks of both silver and gold pigment, creating a luxurious sheen and subtle shade variation as you write. Inspired by the lush plant life said to have inhabited the fabled continent of Atlantis, Vert Atlantide is a tribute to the brand's founder, Jacques Herbin. An esteemed navigator, Herbin was believed to have been enthralled by the legend of this lost civilization. Vert Atlantide was chosen earlier this year by pen and ink aficionados from across the globe to commemorate the 350th anniversary of the Jacques Herbin brand; the oldest name in ink in the world.

Great for fountain pens inks

- Highly saturated color with gold and silver sheen
- Gift boxed. Includes Herbin history pamphlet
- Wax seal "350" adorns bottle
- Hand-dipped wax seal cap
- Wide mouth 50ml glass bottle

Description	Reference	Case Pack
Vert Atlantide	H151/39	1

**Precaution: Shake bottle well before filling your writing instrument. Frequent cleaning is recommended for maintaining your pen.**

## 1670 Anniversary Inks

### Enhanced with Gold Metallic Sheen - 50 ml

The "1670" Anniversary collection celebrates the life of the 17th century French adventurer Jacques Herbin. Sailing from India, Monsieur Herbin arrived home to Paris with formulas for the now famous Herbin sealing waxes and inks. Enhanced with a metallic gold sheen that adds luster to all of your writing.

Great for fountain pens and most writing instruments

- Highly saturated color with gold sheen
- Gift boxed. Includes Herbin history pamphlet
- Wax seal "1670" adorns bottle
- Hand-dipped wax seal cap
- Improved wide mouth glass bottle

## History

Founded in 1850, Brause manufactures steel nibs for writing, drawing and calligraphy. Brause nibs can be found in the toolbox of many calligraphers, lettering artists, penmen and illustrators and are considered to be among the best on the market. The quality of the craftsmanship is renowned by calligraphers worldwide.

Famous nibs include the Steno, nicknames "Blue Pumpkin", the Extra Fine Point, also known as "Arrow", the Rose, and the Index Finger.

## Steel Nib Manufacturing

Offering a subtle balance between relative elasticity for easier writing, and the resistance necessary for clear strokes, Brause Nibs are manufactured from cold rolled steel and pressed with tools specific to each model and nib size.

The most delicate part of the manufacturing process involves cutting a slit down the middle of the nib, enabling the ink to flow correctly and freely from the reservoir to the tip of the nib.

## Origins of Salto Font

Karlgeorg Hoefler (1914-2000) was a highly accomplished calligrapher, type designer and educator in lettering arts.

He developed a universal pen with novel writing and drawing features for Brause. As a result of this he began to design type faces.

Hoefler developed his first font from lettering done with the broad nib, Brause 505. Using this nib he produced broad, thick strokes as well as extremely fine lines.

The Salto font was developed by Karlgeorg Hoefler and introduced in 1952 by the foundry Gebr. Klingspor in Offenbach. The Salto font is recognized today as the embodiment of the zeitgeist of the '50s.

## The Paper

For 400 years, the Schut mill in the Netherlands has been producing fine art papers of unmatched quality. In 1998, Schut was acquired by the group Exacompta Clairefontaine. Schut Paper is an historic, legendary mill that maintains the exacting paper-making techniques that have been part of Schut's legacy since 1618. Exaclair's current collection of art papers are made with the same care and quality assurance that prevailed in the Dutch Golden Age when Schut supplied paper to Rembrandt and his contemporaries.

## Wet Techniques

Our papers have been designed and product to support all wet mediums from watercolor, to gouache, to collage and more. We understand that choosing the right surface is essential and have ensured that ours meet the strictest requirements for absorbency, wet strength and color preservation. Clairefontaine's fine art papers are produced with a combination of centuries-old expertise and modern technology to inspire confidence for creative experimentation and to guarantee an exceptional artistic experience.

## Dry Techniques

Our range of drawing and sketch papers are perfectly suited to a variety of mediums such as pencil, pen and ink, pastels and more. Each features its own distinct surface texture that enriches creative expression and will bring out the best in every artist's work. These luxurious papers are milled to assure fine line control with excellent erasability and, in the case of ink, with no bleed through or ghosting.

## Mixed Media

Our mixed media papers are produced with students, hobbyists and professionals in mind. They have been developed to support a wide range of mediums, from wet to dry. Double-sized to provide exceptional wet strength and vivid color rendering, Clairefontaine mixed media papers are perfectly suited to pencil, pen and ink, watercolor, gouache, layered collage, light acrylics and more. Artists have the creative freedom to put these papers up to the most rigorous task!

## Calligraphy

Calligraphers from beginners to professionals, have very specific requirements for the paper, ink and nibs used in their work. We are proud to offer a vast range of exceptional tools to meet their demands. Our Brause steel nibs, made in Germany since 1850, along with our fine art papers and historic Herbin inks are a favorite of lettering artists worldwide.

## Pastelmat - 360g

The trusted medium for the pastel market.

The pastel adheres so well to this new paper that you don't need to use a fixative between each layer. You are able to multiply the layers without a saturation effect. Pastelmat brings new opportunities for pastel artists, offering a coarser surface than velour but a softer surface than sand paper.

- Organic Velvety Surface: strong, velvety surface that has more tooth than traditional Ingres papers but without the abrasive qualities of sanded papers
- Vibrant Color: surface grabs onto the pastel, breaking up the pigment and pulls it deep into the surface for exceptionally vibrant color
- Painting with Pastel: surface has unique interaction with pastels, allowing the artist to create painterly effects with soft, buttery marks.
- Blending: remarkable control, allowing for effortless, precision blending of pigments.
- Layering: Supports building up multiple layers of pigment to control color tone and intensity.
- Washes: Holds up to water or solvent-based washes.
- No need for fixatives: surface pulls and holds pigment so deeply, fixatives are not needed to keep the color stable.
- Mixed Media Surface: in addition to pastel and pastel pencils, it will support most dry and wet media including: oil pastels, charcoal, colored pencils, acrylics, watercolors and gouache.
- Supports All Pastel Types: supports the application of soft, medium and hard pastels, Cray-Pas® and other oil pastels, PanPastel® colors as well as pastel pencils.
- Acid free, pH neutral
- In the pads, each sheet is protected by a crystal paper divider.

## "Fontaine" Watercolor Paper - 100% pure cotton

During the "Golden Age" of Dutch painting, the De Veentjes mill became known for handcrafting the finest papers available. Later owned by the Schut family and recently acquired by Exacompta Clairefontaine of France, the Schut mill continues to produce some of the finest quality art papers on the market today. Professional quality watercolor paper. Natural white finish is achieved without the use of optical brighteners. Colors will remain true and luminescent over time. Acid-free, pH neutral, archival.

### Watercolor Cold Pressed - 300g (140lb) or 640g (300lb)

Classic, light-grained watercolor paper.

Available in wirebound books, traditional 4-sided glued blocks or sheet packs of 10. See individual references for paper weight.

- Our most popular texture for watercolor artists
- Light grain, medium tooth for excellent water absorption
- Perfect for wet on wet techniques
- Wirebound pad and sheets: 300g (140lb)
- Block: 640g (300lb)

### Fleur de Coton Art Print Paper - 250g (115lb)

Professional quality, 100% cotton, natural white paper free of optical brighteners.

The long cotton fibers make this a durable paper, strong enough to withstand the rigors of a press.

The lightly textured surface allows exceptional ink absorption and is ideal for engraving, lithography, silkscreen and more. Acid-free and archival.

Sheets - 10 sheets	22 x 30"	975055	1

## The History

Stillman & Birn has been associated with the art materials industry in the United States for decades. The original company was founded in 1958 by Philip Birn (1911 – 2004), a highly admired Viennese bookbinder who brought his "old world" craftsmanship to a small plant in the SoHo section of Manhattan. From his plant at 270 Lafayette Street, Philip Birn pioneered the concept of the black hardbound sketchbook.

In 2019, Stillman & Birn was added to the Clairefontaine Rhodia family of art papers.

Because of the robust quality of our papers, we believe that our sketchbooks inspire creativity: artists can feel confident to experiment with new ideas and materials because our papers support the most demanding techniques on paper.

## Our Manufacturing

Stillman & Birn products are proudly made in the USA and shipped from our manufacturing facility in Hamburg, NY. Because we are one of the few fine art companies that are vertically integrated, controlling the entire production cycle from manufacture of our papers through to the binding process, we are not only able to guarantee consistent quality, but also to minimize environmental impact.

## Sketchbook System

In order to meet the wide range of artists' needs, Stillman & Birn's sketchbook system gives them the choice of paper weight, shade, and surface type best suited to their specific techniques. With both internal and surface sizing, our papers have exceptional wet strength that supports the application of multiple washes. Similarly, just as the paper's sizing slows down water absorption, pigment stays on the surface of the sheet. The result: remarkably glowing color!

Our hardbound bindings - stiff when new - are designed to be broken in. The spines get eased in and then lay completely flat, accommodating both two-page drawing layouts and flatbed scanning. The wirebound bindings allow for your book to lay and remain flat and easy removal of pages to archive or share. The softbound covers are sewn bound allowing flexibility while remaining durable. Rounded corners prevents frayed edges and gives each book an elegant finish.

## Maya® Pad

Maya® is a cellulose based paper, perfectly smooth on both sides. Its highly resistant surface allows ink to dry rapidly and will also withstand repeated scratching and erasing without pilling. This paper is acid-free and PH-neutral. Vegan friendly.

- **Sheets/Pages: 50/100**
- **Paper/Color: 120g/Smooth white, gray or black**
- Top staplebound
- Black card cover
- Microperforated sheets

**Cross'n'Dot**

An innovative, clean and refined ruling to combine the pleasure and ease of creation on a subtle lace alternating every 5 mm delicate small open crosses and small discreet dots. This graceful matrix can make itself almost imperceptible to the scanner, copier or when photographed or filmed.

**Cross**

Delicate little crosses make up this original and elegant ruling, which allows comfort and spontaneity. This geometric grid is an ideal support to help you without disturbing you. The light grid allows it to be almost imperceptible by the scanner, copier or when photographed or filmed.

### White Maya® Pad

This cellulose-based 55 lb white Maya® paper is perfectly smooth on both sides. It is particularly well suited for detailed pencil, felt tip, graph liner and nib drawings. Its highly resistant surface allows ink to dry rapidly and will also withstand repeated scratching and erasing without pilling. This paper is acid-free and PH-neutral. Vegan friendly.

### Grey Maya® Pad

This deep dyed cellulose-based 55 lb grey Maya® paper is perfectly smooth on both sides. It is particularly well suited for detailed pencil, felt tip, graph liner and nib drawings. Its highly resistant surface allows ink to dry rapidly and will also withstand repeated scratching and erasing without pilling. This paper is acid-free and PH-neutral. Vegan friendly.

### Black Maya® Pad

This deep dyed cellulose-based 55 lb black Maya® paper is perfectly smooth on both sides. It is particularly well suited for detailed pencil, felt tip, graph liner and nib drawings. Its highly resistant surface allows ink to dry rapidly and will also withstand repeated scratching and erasing without pilling. This paper is acid-free and PH-neutral. Vegan friendly.

19005

## PAScribe Pad NEW

PAScribe was founded by Paul Antonio as the social media brand for Paul Antonio Scribe. It is also the arm of tools and materials used by Paul in his studio and on his travels. His illustrated Egyptian hieroglyphics are housed in the Metropolitan Museum in New York.

PAScribe pads are available in white, black, or grey tones. Perfectly smooth on both sides, it is particularly suitable for calligraphy.

- **Sheets/Pages: 60/120**
- **Layout: Lined**
- **Paper/Color: 120g/White, Black, Grey**
- Staplebound
- Microperforated sheets
- Scored cover

## Carb'ON Book NEW

The intense black of the deep-dyed 55 lb Carb'On paper is perfect for high contrast effects. It is double-grain: one side has a very fine grain, while the other is virtually smooth and ideal for dry drawing techniques. It is also very well suited to highlighting with white ink or gouache.

This paper is acid-free, pH-neutral, and light -resistant. Vegan friendly.

- **Sheets/Pages: 56/112**
- **Layout: Blank**
- **Paper/Color: 120g/Black**
- Smooth on one side, grained on other
- Italian leatherette hardbound
- Elastic closure, ribbon marker
- Ideal for dry techniques: pencil, chalk, sanguine, pastel, pigmented felt pen, white ink, gouache

## Calligraphy Pad

Simili Japon is a smooth, lustrous ivory 60 lb paper made from pure alpha cellulose. It is manufactured with long fibers which make it highly resistant and perfect for India ink drawings.

It is transparent and therefore also lends itself well to calligraphy using a scaled grid. Vegan friendly.

- **Sheets/Pages: 50/100**
- **Layout: Blank**
- **Paper/Color: 130g/Ivory**
- Glued at the top, canvas-backed
- Black card cover
- Microperforated sheets

Description	Size	Reference	Case Pack
Calligraphy Pad-50 Sheets	A5+	116122	1
Calligraphy Pad-50 Sheets	A4	116123	1

## Marker Pad

Layout 45 lb is an extra white, super smooth paper that is especially well suited to alcohol markers. It is highly bleed-proof and therefore lends itself perfectly to color blends and gradation. It is perfect for pencil and India ink, as well as inking (pen, liner, nib) and coloring (alcohol markers and other felt tips).

In spite of its weight, the paper is still transparent. This paper is acid-free and PH-neutral. Vegan friendly.

- **Sheets/Pages: 50/100**
- **Layout: Blank**
- **Paper/Color: 100g/White**
- Extra smooth layout paper
- Glued at the top, canvas-backed
- Black card cover
