# *Syringa vulgaris* 'Paul Thirion'

Row 4-15

Planted at the Hort Farm: July 11, 1966

Double IV

Mid-Season

Tagged: yes Confirmed: yes

Created: Lemoine France 1915

syn. - 'Paul Therion'

Named for Paul Thirion 1873–1925, horticulturalist at Nancy Parks, France

Awards: RHS Award of Merit 1927, RHS Award of Garden Merit 1969

May 30, 2019

Note: There are/were 2 Paul Thirions separated by the water pipe. The largest in the photo below has died, killed by bittersweet and grapevines. There is a small cane growing, protected mostly, under the remaining dead branch pointing south as the rest of the plant has been cut down. There is another lilac growing around the pipe itself, but this summer (2022), it proved not to be a Paul Thirion.

# *Syringa vulgaris* 'Sensation'

Row 4-16

Planted at the Hort Farm: July 11, 1966

Single VII & I

Mid-Season

Tagged: yes Confirmed: yes

Created: Eveleen Maarse 1938

syn. - 'Sensācija'

Named: Referring to be a sensation, since it was the first bicolor lilac ever selected

Awards: First Class Certificate 1938 (KMTP)
