

EPSON[®]
EXCEED YOUR VISION

PowerLite[®] S11 MULTIMEDIA PROJECTOR

A bright value projector with flexible connectivity.

A smart value choice for any classroom or conference room, the PowerLite S11 offers bright, vivid images with 2600 lumens of color/white light output¹, plus easy setup with horizontal/vertical keystone correction and 3-in-1 USB Plug 'n Play connectivity. This affordable projector also features built-in closed captioning, plus enhanced connectivity including audio out and monitor out, for flexible connections to external speakers or monitors. Present PC-free slideshows or connect to an Epson DC-06 document camera for added versatility. Featuring Epson 3LCD technology and SVGA resolution, the reliable PowerLite S11 always ensures vibrant presentations that are sure to engage any audience, without impacting your budget.

Bright, brilliant presentations — 2600 lumens color/white light output¹ and SVGA resolution

Enhanced connectivity — audio out, monitor out, RS-232c, PC-free slideshows and direct connection to the Epson DC-06 document camera via USB

3-in-1 USB Plug 'n Play instant setup — display your presentation, transmit audio and control your presentation — all with one standard USB connection

Easy setup and greater positioning flexibility — 1.35x digital zoom, +/- 30 degrees horizontal and vertical keystone correction and Quick Corner[®]

PowerLite® S11 MULTIMEDIA PROJECTOR

The best-selling projectors in the world

Epson understands education and has a solution no matter what your teaching scenario. Built with image quality and reliability in mind, Epson projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From long-throw projectors to ultra-short-throw, interactive, and all-in-one solutions, Epson has the model made for you.

3LCD technology — for quality and color that's beyond amazing

Innovative technology with proven reliability

- 3 chips for full-time, vibrant color
- 25% less electricity required per lumen of brightness when compared to 1-chip DLP projectors²
- Over 20 years of road-tested reliability built into every projector

▲ 3LCD, 3-chip technology

Energy-efficient E-TORL® lamp, exclusively from Epson

- Delivers more lumens per watt and lasts up to 5000 hours³
- Minimizes both light diffraction and light leakage
- Maximizes your presentation time, while minimizing your costs

▲ E-TORL lamp

Amazing color and white light output

- 2600 lumens color light output and 2600 lumens white light output¹
- High color light output for bright, balanced, colorful images
- White light output that's measured using ISO 21118 (a more rigid standard than the outdated ANSI lumens rating used by competitive products)

Easy-to-use and intuitive control panel

▲ Compact and portable design

Better Products for a Better Future™

Eco Features

- Energy-efficient 3LCD light engine
- Energy-efficient E-TORL lamp
- Designed to be recycled⁴
- RoHS compliant
- Epson America, Inc. is a SmartWaySM Transport Partner⁵

Enhanced connectivity

- RS-232c to connect to an A/V control device
- Partner your projector directly with the Epson DC-06 document camera via the USB Type A port
- Audio out to connect to an external amplification device
- Monitor out to view your presentation on both the screen and external monitor simultaneously
- Deliver PC-free slideshows using a USB flashdrive (supports JPEG, PNG, GIF and BMP files)

Advanced 3-in-1 USB Plug 'n Play instant setup — for Windows® and Mac®

- Three features, all with one standard USB connection
 - Display your presentation
 - Transmit audio
 - Control your presentation

Easy setup and picture adjustments

- 1.35x digital zoom — for positioning flexibility
- +/- 30 degrees vertical keystone correction — allows for easy adjustments when the projector is placed above or below the center of the projection screen
- +/- 30 degrees horizontal keystone correction — allows for off-center positioning, and still present a rectangular image

Without horizontal keystone

With horizontal keystone

Quick Corner

- This innovative feature allows you to move any of the four corners of an image independently, to adjust each corner for a perfectly rectangular picture

PowerLite S11 Additional Features

- **Built-in 2 W speaker** — enhance your lessons and presentations with sound
- **Carrying case included** — for easy portability and protection when stored
- **Remote control included** — new design for easy navigation
- **Sleek, compact design** — fits in any classroom or conference room

Quick, convenient control

- **Instant Off®** — no cool-down time required; it's ready to shut down when you are
- **A/V Mute Slide** — control your presentation; it's right at your fingertips
- **Direct Power On/Off** — power the projector on/off with the flip of a wall switch

Energy saving features

- **Sleep Mode** — set from 1 to 30 minutes to save energy when no signal is detected
- **ECO Mode** — change the power consumption settings to ECO mode to reduce lamp brightness and fan noise, and save power and lamp life

Built-in closed captioning

- Helps meet ADA 508 requirements for students with hearing impairments
- No need to pay for an additional decoder and its installation
- Easily enabled or disabled through the projector remote or menu

High-efficiency filter

- 1.3x bigger surface area than our previous generation adds a higher level of protection.

1 Color and white light output will vary depending on mode selected. White light output measured using ISO 21118 standard.
2 Data source: ProjectorCentral.com Jan. 2011. Average of 1038 shipping models for which manufacturers provided lumens and total power data, all resolutions and brightness levels.
3 Lamp life will vary depending upon mode selected, environmental conditions and usage. Lamp brightness decreases over time.
