# President's & Executive Director's Report

We began the year on July 1 at the height of an expansion project, and we closed the year on June 30 with a beautiful new glass wing, an amazing Hot Shop and frameworking studio, a remodeled Palette Café and Museum Shop, and a new Art School Gallery, celebrated with a spectacular grand opening in April.

Thanks to our Board of Trustees and volunteer organizations, along with our conscientious staff, we cut the ribbon on the new wing and studios on schedule while still managing regular and new programs, studio classes, guest services, and special events—all with measurably high results.

Our endowments are up 11% at just over \$32M. Once again, we are ending the year in the black. We began two fundraising campaigns to assist with the building expansion and, to date, 300 donors have given \$1,033,000 to the equipment campaign, and 208 donors have given \$1,226,000 to the endowment campaign, which is on its way to a \$4M goal. Twenty-six grant applications totaling \$3,185,000 were submitted; 22 have been approved for a total of \$2,965,111.

Our major fundraising events, Community Gala, Wine Tasting, and Art on Tap were all great successes. Additional, The Party: An Artrageous Affair again astonished everyone with its energy and creativity, raising the highest dollar amount ever.

The Friends of Modern Art encountered with a washed-out Saturday Flint Art Fair but recovered nicely on Sunday. They again sponsored the ever-popular film series with over 150 screenings attracting 9,815 viewers. FOMA also sponsored the exhibitions titled *Rodin: The Human Experience* and *From Lens to Eye to Hand: Photorealism 1969 to Today*.

The Founders Society raised funds with its annual First Frost Arts & Fine Crafts Fair and the DuMouchelles appraisal day. They also sponsored library book purchases, exhibitions in the Graphics Gallery, and the Ubuhle beadwork exhibition in the Hodge and Henry Galleries.

The Curatorial Department was busier than ever, processing 370 new gifts and six purchases to add to the collection. In preparation for the opening of the new gallery wing, the staff completed research and writing for hundreds of labels and two new books, as well as the design and installation of the new galleries, all while installing twelve exhibitions.

The FIA encountered 158,000 visitors overall during the year and registered 2,768 members. The Art School enrolled a total of 1,857 students, up from 1,400 last year, resulting in a total of 15,289 encounters versus 12,000 last year. Through the Education Department's adult programs, college programs, family programs, the K-12, homeschool, and early childhood programs, 57,000 children and adults were reached this year, up slightly from last year.

A good part of our success in reaching our audiences can be attributed to the public relations position and the marketing coordinator. Our digital media specialist reports that we have received, to date, over 1.5M views on Facebook this year. The Visitor Services Department also expanded, as did the security force, to provide even greater attention to the safety, comfort, and satisfaction of our visitors.

None of this could have been accomplished without the help we receive from so many generous people. We are extremely grateful to our many, many donors for their financial support in this expansion year when we needed them the most.

(left to right) President Thomas J. Mitchell and Executive Director John B. Henry

We are pleased to have this opportunity to thank our dedicated volunteers, the Friends of Modern Art, Founders Society, and Docents for their contributions of time and energy to plan and staff our special events and to thank all who serve on the FIA Board of Trustees. Their collective judgement and commitment are what connects the Institute with the community we represent. Lastly, We must express our deepest appreciation to our highly skilled and seemingly tireless staff. Their ability to turn their knowledge and creativity into all that's tangible at the FIA is second to none.

# Exhibitions

This fiscal year, the Flint Institute of Arts presented 12 unique exhibitions that allowed visitors the opportunity to experience 514 works of art by 211 different artists. The goal of exhibitions is to enhance the visitor's understanding of the various thematic, aesthetic, and historical elements of a work of art. From larger-than-life bronze sculptures to small ceramic vessels, the FIA presented a broad range of exhibitions this year that explored a variety of artistic styles and themes.

In the summer, University of Michigan-Flint students organized *Self-Expression*, which explored artists' self-portraits, offering viewers a glimpse into how artists see themselves or wish to be seen. In the Ann K. Walch-Chan Gallery, *The Art of Jade* highlighted a material valued for its rarity as well as its beauty. The exhibition showed the ways in which jade artworks were regarded as symbols of social identity, hierarchy, status, wealth, and power in both Chinese and Mesoamerican cultures. In commemoration of the 100th anniversary of the death of sculptor August Rodin, the FIA presented *Rodin: The Human Experience—Selections from the Iris and B. Gerald Cantor Collections*. The exhibition showcased more than 45 bronze sculptures, from small-scale to monumental works and included some of Rodin's best-known pieces, such as works from *The Gates of Hell*.

In the fall, following a six-week closure from August 1 to September 15, 2017, visitors got a chance to consider the impact and purpose of scale in *Size Matters: Big and Small Works from the FIA Collection*. This exhibition featured 24 artworks from the permanent collection that ranged from very large to very small in size. Guest lecturer Michael Farrell explored the impact of size in his lecture for the exhibition opening. The FIA also presented *The Eccentric Vision of William Stolpin*, which paid homage to local artist William (Bill) Stolpin. Stolpin's subjects

were as varied as the techniques he used. He explored everything from nature and abstraction to fantasy and outer space. *The Art of Containment: Vessels from the Sidney Swidler Collection* also opened in the fall. The exhibition featured more than 40 vessels made by local, national, and international contemporary ceramicists. Each object is part of a large collection that was donated by ceramics collector Sidney Swidler.

In the new year, the FIA presented *Ubuhle Women: Beadwork & The Art of Independence*. The exhibition displayed a form of bead art called *ndwango*,

developed by a community of women living and working together in rural South Africa. The Ubuhle artists use black fabric, reminiscent of the headscarves and skirts they wore growing up, as a canvas for intricate beaded works of art. Two artists, Ntombephi “Induna” Ntobela and Zandile Ntobela, as well as curator Bev Gibson, traveled from South Africa to Flint to speak at the Community Gala. *Rhythms & Experiences: Everyday Life in 19th-Century Japanese Prints* also opened in January in the Graphics Gallery. Sarah Lippert, Associate Professor of Art History at University of Michigan-Flint, guest curated the exhibition and gave a lecture on the topic. The exhibition took viewers into the quiet rhythms and familiar habits of everyday Japanese life in the 19th century.

As the fiscal year neared its close, beginning on April 21, visitors had the chance to experience an array of different mediums as well as celebrate the opening of a new wing and exhibition gallery. *Small Worlds*, guest-curated by Kathryn Sharbaugh, highlighted different techniques, styles, and types of paperweights from the 19th century, the classic period of paperweight manufacturing, to present day. *From Lens to Eye to Hand: Photorealism 1969 to Today*, showcased the works of Photorealist artists. Since the invention of photography in the mid-19th century, artists have used photographs as both a tool and as inspiration for their work. The exhibition brought together key works from public and private collections in a broad survey of this movement. As its inaugural exhibition in the new contemporary craft wing, the FIA presented *Breaking with Tradition: Contemporary Ceramics* in the Harris-Burger gallery. The exhibition explored how contemporary ceramicists have experimented with innovative forms, shapes, and colors. *In Search of Lost Time: Peter Milton Prints* opened in the Graphics Gallery. The exhibition featured works by master printmaker Peter Milton, known for his elaborately detailed, large-scale etchings that combine the real and surreal.

# Films

The FIA Film Program is intended to offer motion pictures that appeal to a broad and diverse audience in the local community. The program is comprised primarily of a weekly schedule of film series and festivals in the FIA Theater. The main series, sponsored by the Friends of Modern Art (FOMA) and held mainly on Fridays, Saturdays, and Sundays, accounted for 43 titles over 39 weeks from September 2017 until June 2018.

A total of 9,815 patrons attended all film-related FIA events in fiscal year 2017–18. The FIA Film Society continued for its ninth year to encourage members to take a stronger interest in the program.

Among the films shown at FIA in fiscal year 2017–18 was *Loving Vincent*, a 2017 Academy Award nominee for Best Animated Feature. It set house records for attendance when it played for a weekend in January, and it returned to the museum in June for a season-ending encore. Other popular titles included the comedies *The Leisure Seeker*, *Paris Can Wait*, and *Lady Bird*; the dramas *The Hero* and *Lucky*; and the art-themed *Maudie*. Chile's *A Fantastic Woman*, which won the 2017 Oscar for Best Foreign Language Film, showed here in May 2018. *Call Me by Your Name* (Italy/U.S.) and *The Square* (Sweden) were among other Oscar-nominated films screened.

An occasional Thursday night adjunct series—this season spotlighting films about film history—supplemented the weekend schedule. Among the subjects in the series of documentaries and scripted features were director Alfred Hitchcock and actress-turned-inventor Hedy Lamarr.

In addition to the FOMA-funded titles, the FIA partnered with the Flint Jewish Federation for the 14th annual Karen Schneider Jewish Film Festival of Flint and with the local nonprofit Communities First for the third season of a four-title series of African American-themed films.

By season’s end, the society included 97 members and sponsors—a substantial increase from 78 in 2016–17. Most of the members were at the basic membership level of \$100, which granted the donor 36 tickets to FOMA films, listings in the FIA Members Magazine and Annual Report, and access to monthly e-mailed newsletters about upcoming movies.

Higher sponsorship levels gained donors listings on screen before each film presentation, extra tickets and a presence on the FIA website.

# Videos

Each year, the FIA features a number of contemporary video artworks in the Media Arts Gallery. This year, nine videos touched on multiple themes, including gender roles, folklore, and consumption. The gallery is ideally suited for single-channel videos, played on a continuous loop, and projected onto an 8x4 foot screen, as well as small video installations.

# Acquisitions

The Flint Institute of Arts' permanent collection is a resource for creating exhibitions and developing educational programs for a diverse public, including scholars and students.

The growth of the collection is supported by gifts from civic-minded individuals who donate funds or works of art to the permanent collection. In addition, the Curatorial Department and the Collections Committee work together to identify strategies and seek new funds for the acquisition of artworks that meet museum objectives and the expectations of an ever inquisitive and knowledgeable public. The staff conducts work essential to the care and management of the collection, including research, documentation, preservation, conservation, presentation, and interpretation.

# Loans

The Flint Institute of Arts believes an effective way to enhance its reputation as an important cultural institution is to lend works of art from its permanent collection to other museums. Lending art promotes collegial relationships between museums, and provides national and international audiences exposure to works of art from the FIA's outstanding permanent collection. In addition, the FIA also borrows works from other museums, galleries, and collectors to supplement its permanent collection and exhibitions.

# Publications

Publications are one of the many tools museums have to disseminate information about art in their collections through new research and up-to-date photography. These books are offered for sale to visitors, providing a lasting memory of their visit. Additionally, these publications are gifted to other museums to share knowledge and create opportunities for future collaborations. In fiscal year 2017–18, the FIA published two books relating to glass, both contemporary and historic.

***The Glass Glass Collection*** catalogue (hardcover; 200 pages; \$44.95) commemorates the public unveiling of the Sherwin and Shirley Glass Glass Collection, on loan from the Isabel Foundation, at the Flint Institute of Arts in its new wing dedicated to contemporary craft. In this fully illustrated publication, FIA Executive Director John Henry demonstrates why Flint, Michigan is an ideal location for a contemporary craft wing; Habatat Galleries Founder Ferd Hampson discusses how the Glasses' collecting interests represented a "quest for the best;" and Patricia Grieve Watkinson contextualizes the collection within international and American glass movements. *Support for the catalogue provided by the Isabel Foundation.*

***Paperweights: Highlights from the Flint Institute of Arts Collection*** (hardcover; 248 pages; \$24.95) features more than 140 weights from the Classic Period (1845–1860) of French manufacturers Baccarat, Clichy, and Saint-Louis, to works by contemporary artists Josh Simpson and Debbie Tarsitano, from the collections of Mrs. Viola E. Bray and Mrs. Genevieve Shaw. Kathryn Sharbaugh, FIA Director of Development, served as guest curator to research and write about the history of paperweights, as well as highlight their various styles, techniques, and categories. This book was published in conjunction with the exhibition *Small Worlds*, which presented a survey of glass paperweights from the 19th century to the present. *Support for the catalogue provided by the Bray Charitable Trust.*

# Grand Opening

From the dedication of the Harris - Burger Gallery on Friday night to the last gather of glass pulled from the Hot Shop furnace on Sunday afternoon, the FIA Community Weekend Grand Opening was a red hot success.

## Contemporary Craft Wing & Art School Arena

The weekend began on Friday evening, when the Rubens Society members got a sneak preview of the new collections. On Saturday morning, a capacity crowd was treated to a ribbon-cutting ceremony filled with affection, humor, and hope provided by dignitaries including Senator Debbie Stabenow and Charles Stewart Mott Foundation Chairman and CEO Bill White, and FIA Executive Director John Henry. In the state-of-the-art Hot Shop, Mott Foundation President Ridgway White, accompanied by FIA Board President Tom Mitchell, cut a glass ribbon, opening both the glass studios and the Contemporary Craft Wing to the public. Admission was free for all on both Saturday and

Sunday, thanks to Huntington Bank. Visitors enjoyed docent-led tours focused on the Sherwin and Shirley Glass Collection of Contemporary Glass, studio demonstrations in the Art School, and lectures on both glass and Photorealism. The Hot Shop, which started its schedule of free weekly demonstrations through the generosity of McLaren Health Care, was on fire throughout the weekend. Glass blowers performed shows on the hour, educating observers on the history and techniques used for centuries in the creation of glass objects.

The FIA staff and faculty thank our patrons, volunteers, and visitors for a sizzling celebration of our new spaces.

# Education

The Flint Institute of Arts is committed to promoting understanding and enjoyment of the visual arts through high-quality art education programs. We believe art is a vital component of life and that learning is a lifelong process. Our educational programming provides dynamic and enriching experiences for people of all ages with all levels of familiarity with art.

Our programs invite people to gain greater understanding and enjoyment of the FIA's outstanding permanent collection and special exhibitions. We are designed to present learning opportunities that are rich in content and stimulate imagination, thought, and creativity.

Education programs served a total of 57,006 during the fiscal year, a 4% increase over 2017.

A homeschool student builds a tower.

## K-12 Programs

PreK-12 programs served 39,224. Fifteen percent participated in gallery lessons, 15% in studio activities, 69% in outreach programs, and 1% in self-guided visits/other. Eighty-six percent of students attended public schools, 2% private schools, and 12% homeschool/charter schools, with 91% of the schools located in Genesee County. The remaining 9% of schools served were from Livingston, Midland, Oakland, Presque Isle, Sanilac, Shiawassee, St. Clair, St. Joseph, Tuscola, and Washtenaw counties.

## Docents

Docents are integral to the Education Department. Sixteen volunteers were involved in the docent program in 2018. They participated in intensive training sessions from September through May. Docents assisted with 402 gallery and studio programs and served 6,030 people, resulting in 1,124 hours of service. In addition, six people participated in new docent training.

# Art School

The FIA Art School is dedicated to the enrichment of the community through individual academic exposure to the visual arts. Highly qualified faculty offer instruction in drawing, painting, photography, animation, fibers, ceramics, sculpture, pre-college portfolio development (PDP), film appreciation, and early childhood art courses. Since 1928, the Art School has operated continuously, helping students develop a wide range of artistic goals and skill levels. Programs are designed to support the mission of the FIA with dynamic curricula that engages students and the community through creative processes, studio experiences, and gallery exhibitions.

## Programming

The Art School continued hosting free family activities to engage the community in art-based projects. A total of 739 adults and children attended these events, including Holiday Walk, MLK Day Celebration, and several other in-house events.

Youth members participated in three special activities led by early childhood specialist Rebecca Andrus. Twenty-eight members between ages 5 and 12 studied and created interpretations of the sun using foil repoussé, designed birdhouse cottages, and created incredible steampunk butterfly collages.

The FIA/McLaren Flint collaborative program, *Healing Through Art Therapy*, generated 84 encounters during the fiscal year 2017–18 with art therapist Gail Singer.

The Art School partnered with the Food Bank of Eastern Michigan to produce more than 1,700 handmade ceramic bowls for the Food Bank's annual Empty Bowls Project, which helped raise over \$40,000.

In February, the Pre-College Portfolio Development Program (PDP) welcomed 16 new students. Representatives from college art programs, including Milwaukee College of Art and Stamps School of Art and Design at the University of Michigan, visited the program. Students and parents participated in a free bus trip to the Stamps School of Art and Design, where they met with admissions representatives and toured the studios and campus. PDP students also participated in a workshop with California-based media artist Gerry Fialka.

The Seventh Annual Lego Competition was held on May 12, 2018. Ninety-seven children in grades K-12 submitted original creations for the competition. The event was attended by 1,033 people and included a guided LEGO mosaic activity led by members of the Michigan Therapeutic LEGO Users Group, an open building session in the Art School

studios, and a screening of the *LEGO Batman Movie* in the FIA Theater. With support from Dr. David Taylor, Dr. Shawn Reiser, the Flint Area School's Credit Union, and Barnes and Noble, judges awarded more than \$2,000 in LEGO kits and gift certificates to 30 winners.

The Art School presented four student and faculty exhibitions in the Art School hallways and in our downtown Auxiliary Studios. Opening receptions and downtown Art Walk activities drew in 667 people.

The Art School continued its partnership with the Disability Network of Flint and Genesee to provide accessible art classes to adults with a range of disabilities. Disability Network instructors and aides teach classes twice a month in an Art School studio. This program has logged 300 encounters this year.

The Hot Shop, sculpture studio, and frameworking studio opened in Spring 2018. The new studios have hosted 20 first-time courses, reaching dozens of new students. The Art School has brought in eight new faculty and assistants, including a full-time Glass Programs Manager, to teach classes and run the shop. During the Hot Shop Grand Opening, guest artists Jeff Mack and Eric Meek from the Corning Museum of Glass joined FIA glass faculty to provide demonstrations for the public. On April 27, glass artist Marc Petrovic created an original glass sculpture during a demonstration for guests of the Habatat Gallery in the Hot Shop. Flameworker Kari Russell-Poole demonstrated torchwork in the new Flameworking Studio. The Hot Shop offers free public glassblowing demonstrations during museum hours every Saturday. Funded by McLaren Health Care, these demonstrations have served 1,140 visitors since April 21.

## Enrollment

Art School sessions were expanded from three per year to four. This change was intended to provide more consistency in session length, to encourage momentum from one session to the next by reducing downtime between sessions, to mimic the calendars of the public schools to help youth enrollment, and to better serve students during the winter and spring who might travel during this time. While session-to-session comparison for the first couple years may not provide a true benchmark, we can see an improvement in enrollment numbers by looking at the annual totals. Fiscal year 2016–17 saw total enrollment of 1,523 while 2017–18 (the first four session year) totaled 1,857 registrations.

Summer 2017, 408 students  
 Fall 2017, 444 students  
 Winter 2017–18, 407 students

## Scholarships

The Art School granted \$17,975.60 in scholarships for the 2017–18 FY to 135 students (81 youth scholarships and 54 adult scholarships).

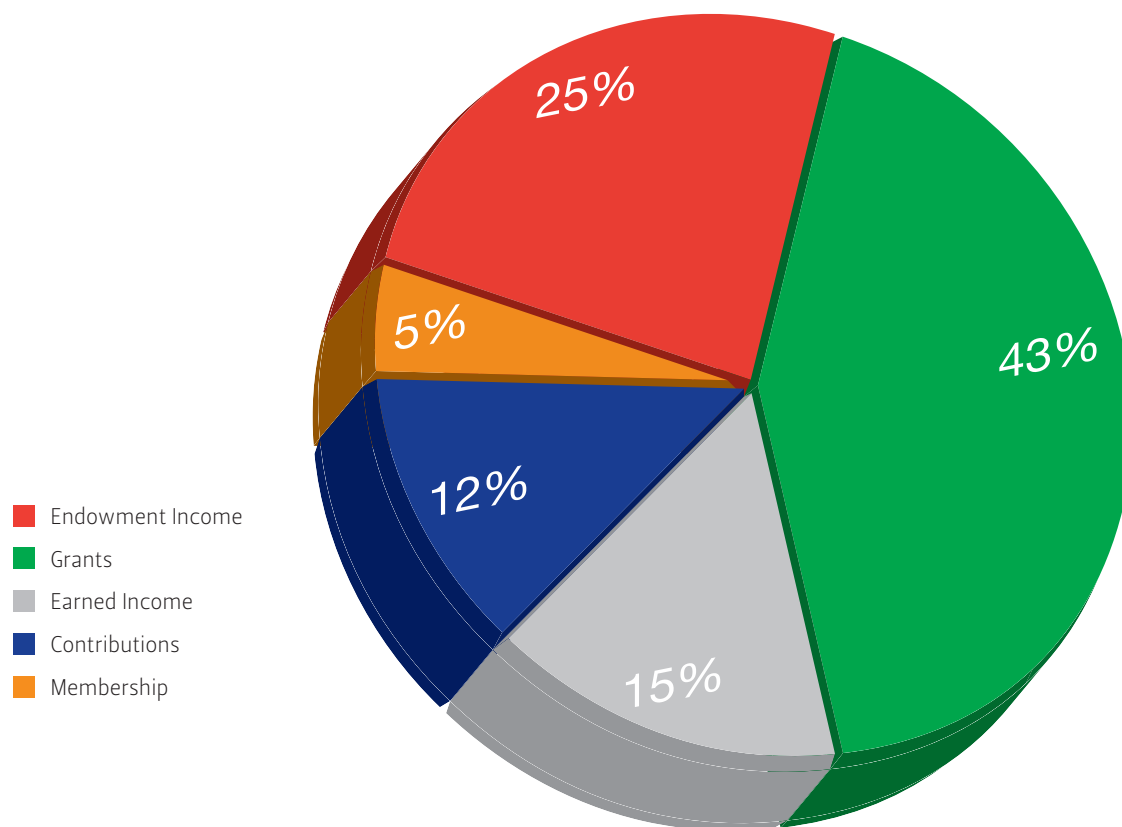

# Development

The Development Department is responsible for all areas of funding for the Flint Institute of Arts. This includes five primary sources of support: endowment income, grants, earned income, contributions, and membership.

In addition, the department manages audience development, public and community relations, promotion and marketing, internet and social media, and the FIA website.

## Income

The FIA has five primary sources of support: endowment income, grants, earned income, contributions, and membership.

## Endowment Income

Both restricted and unrestricted, endowment funds support general operations, exhibitions, programs, art acquisition, art conservation, scholarships, lectures, and membership initiatives. As of June 30, 2018, the endowment funds totaled \$32,614,109 contributing 25% the annual income. Unrestricted donations in the form of planned gifts and bequests are traditionally allocated to endowment.

## Grants

The FIA receives grant awards from foundations, community organizations, businesses, corporations, and the state and federal governments. Revenue from grants represents 43% of the FIA's annual income. The FIA receives support from two auxiliary groups, the Founders Society and Friends of Modern Art (FOMA).

## Earned Income

Income generated from sales, tuition, facility rentals, special events, and admissions provide 15% of the FIA's operating income.

## Contributions

Sponsorships, annual appeal gifts, memorials, donations commemorating anniversaries and birthdays, and funding of specific programs or events represents funds in this category, which contribute 12% of the FIA's annual income.

2017 Thompson Lecture, Noah Charney, *The World Wishes to be Deceived: A Brief History of Art Forgery*

## Membership

Membership dues represent 5% of the FIA's general operating support and begin at \$20 for Youth and Student levels and progress to \$1,000+ for the Ruben's Society level. Basic benefits are enjoyed by all, and higher level donors receive extended benefits, such as reciprocal membership privileges to over 900 museums nationwide, at the Sustainer level (\$100) and above. The Rubens Society generates more than \$100,000 to the budget and Society members are invited to three exclusive events throughout the year. FIA Art School members receive a discount on art classes. Of new members who joined the FIA, 22.5% joined through the Art School.

The Flint Print Club was established in 2007. The club is limited to 100 members who, after first becoming a member of the FIA at the Family level

(\$50) or above pay an annual club fee of \$250 and receive a commissioned print by a critically acclaimed artist. The club is dedicated to connoisseurship, the pursuit of personal collecting, and the purchase of prints to augment the FIA's collection.

The FIA College Town initiative provides free membership to college students nationwide. Students with a valid ID receive many of the basic membership benefits and receive invitations and other announcements via email.

Please see pages 40–51 for this fiscal year's membership listing.

Donors to and members of the FIA provide the foundation for all the FIA's activities.

# Special Events & Facility Rentals

The Flint Institute of Arts offers an active schedule of events for members and the general public throughout the year, including Holiday Walk, the Founders Society's First Frost Arts & Fine Crafts Fair, and the Friends of Modern Art's Annual Flint Art Fair. Annual fundraisers at the FIA are diverse and appealing to all demographics. A committee of devoted and hard-working volunteers are active in all areas of planning each event. From Beer Tasting and Wine Tasting to the Community Gala and The PARTY, the FIA continues to create a varied palette of events to raise funds for the museum and engage the community.

# Auxiliary Groups

Each year, support groups donate thousands of dollars and volunteer hours to the Institute in support of exhibitions, art acquisitions, and programs. The Flint Institute of Arts is deeply grateful to the members of the Friends of Modern Art and the Founders Society for their generous support.

## Friends of Modern Art

### Letter from the President, Lynne Taft-Draper

In past years, the Friends of Modern Art (FOMA) has made concerted efforts to expand and diversify its Board of Directors. After reviewing and adapting the leadership priorities, recruitment criteria, and selection process, a “call to leadership” was issued. Several eager and responsible candidates accepted the challenge, becoming invaluable additions to the board. The FOMA Board now has 13 members with varying backgrounds, including corporate operations, art education, higher education, engineering, and law.

In May 2018, the FOMA Board held the first FOMA Member Event in recent years and was delighted with capacity attendance. By utilizing the recently opened Hot Shop, it was also an opportunity to introduce members to the FIA Art School’s new offerings. Through pre-registration, FOMA Members chose a hands-on studio experience in framemaking, painting, or clay, or a Hot Shop glass demonstration. Pizza and refreshments rounded out the evening.

During fiscal year 2017–18, FOMA’s contributions to the FIA included exhibition support for *From Lens to Eye to Hand: Photorealism 1969 to Today*, on view in the FIA’s Hodge and Henry Galleries from May 5 to August 12, 2018. The exhibition, examining this important contemporary art movement aligned with Pop Art, featured ordinary elements of contemporary life, such as vehicles, buildings, and consumer products. The exhibition attracted 34,909 visitors to the FIA.

The second weekend in June marked the 51st Annual Flint Art Fair. Although Saturday was rainy and cold, Sunday held up to past average attendance. Overall, the event attracted more than 3,000 visitors and hosted more than 100 artists.

The FOMA Film Series, which ran between Labor Day and mid-June, had another successful year. Total attendance was 7,718, an average of 198 patrons per week. The highest total attendance for individual weekends was 662 patrons for the Academy Award-nominated *Loving Vincent*, which set house records on successive days when it played in January, and 424 for the comedy *The Leisure Seeker*, shown in April.

Other top FOMA Film Series attractions were the Academy Award-nominated shorts program (359 viewers), the comedies *Paris Can Wait* (341 viewers) and *Lady Bird* (303), the art-themed drama *Maudie* (312 viewers), and the character-driven dramas *Lucky* (287 viewers) and *The Hero* (277 viewers).

Thanks to the FOMA Board and the many volunteers whose time and energy helped achieve these accomplishments.

Friends of Modern Art Flint Art Fair

Founders Society First Frost Arts & Fine Crafts Fair

## Founders Society

### Letter from the President, Sheila Smith

The Founders Society presented a check for \$27,000 to the Flint Institute of Arts on June 20, 2017 at the society's end of fiscal year business meeting. Fully committing to making First Frost successful, despite outside challenges, the 2017 revenue of \$22,925 from the 12th annual First Frost Arts & Fine Crafts Fair yielded a profit of \$21,404.

With Art Sales & Rental closing to accommodate the FIA Art School Gallery, Founders members united to sell the remaining artwork and art-related inventory and transport the shelving and equipment to storage.

Due to this undertaking, Travel & Tours was not a priority and thus did not reach its typical margin of profitability. By continuing to develop innovative plans for trips of regional, national and international interest, the Founders Society strives to increase its future travel participation.

Founders continued to improve its online and social media presence and specifically addressed this by appointing a Social Media Chair and committee.

As of June 2018, Founders membership increased to 359, up from 309 in 2017, generating \$3,590 in income. As part of the regular membership renewal process, the FIA collects these monies for Founders.

On December 4, 2017, Founders Society, along with Docents, hosted their traditional holiday luncheon in Isabel Hall for all FIA staff, and enjoyed increased attendance. This was their way to thank the FIA staff for the many ways in which they generously support and assist Founders in accomplishing its mission.

Income received from this year's activities enabled the Founders Society to fund its FIA pledge, leaving a balance of \$91,466.

In addition to the fundraising activities, devoted and hardworking Founders Society members collectively donate thousands of hours of dedicated service to benefit the FIA.

# Financial Statement

Board of Directors  
Flint Institute of Arts  
Flint, Michigan

## Independent Auditor's Report

We have audited the accompanying financial statements of Flint Institute of Arts which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Flint Institute of Arts as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We have previously audited Flint Institute of Arts' June 30, 2017, financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 5, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2017, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Investments is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
