The Practical Choice for Faxing Convenience

Digital Answering Machine

Convenient 4-Point Operation Key

Fast 6-Second Transmission*¹

Generous 448KB Memory

Offering More Convenience with a Digital Answering Machine Function

Compact and stylish, the FO-A660 offers increased convenience and power with its digital answering machine and fast faxing transmission. And navigating the controls is simple with its 4-Point Operation Key.

Digital Answering Machine with Flash Memory

A digital answering machine gives you superior clarity, instant message access and no tape worries. Flash memory stores up to 20 minutes of messages without the need for battery backup, even if a power failure occurs.

Fast 6-Second Transmission¹

A super fast transmission time of 6 seconds per page at 14.4 Kbps contributes to productive operation as well as reduced phone line charges.

4-Point Operation Key

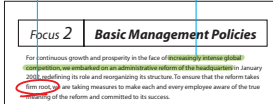

Centrally placed on the access board, the 4-Point Operation Key simplifies the most commonly used operations. Featuring a large, circular design, the 4-Point Operation Key gives quick access to speed dialling, user settings and operational volume.

Plain Paper

The FO-A660 prints out faxes on plain paper, which, unlike thermal paper, is easy to write on and won't curl or fade. Plus, you'll need only one type of paper to cover all your faxing and copying needs.

Write directly onto faxed documents... or highlight them with fluorescent pens

ECM (Error Correction Mode)

ECM checks for errors caused by poor phone line conditions before printing the document. If errors are found, the FO-A660 will signal the transmitting ECM machine to resend the information.

448KB Memory

The FO-A660 has a generous 448KB memory, which can hold up to 24 pages^{*1} of documents. This large capacity adds greater enhancement to the machine's convenient functions such as memory transmission, broadcasting and substitute reception.

Automatic Dialler

The Automatic Dialler function lets you store up to 40 numbers for speed dialling. Plus, the electronic telephone directory lets users easily search for names alphabetically on the LCD.

Other Features

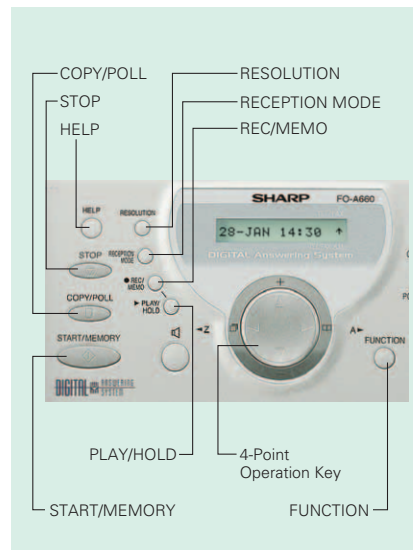

- Compact Body
- Convenient Copier Function
- 64 Levels of Halftone
- Anti-Junk Fax Function
- Help Function
- 50-Sheet Paper Tray^{*2}
- Header Printout
- Transaction Report
- Automatic Fax/Phone Changeover

Specifications

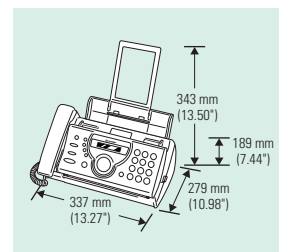

Applicable line	Public switched telephone network
Type	Desktop facsimile transceiver
Data compression	MH/MR/MMR
Transmission time	Approx. 6 seconds ^{*1}
Modem speed	14,400 to 2,400 bps with automatic fallback
Resolution	Horizontal: 8 pels/mm (203 pels/inch) Vertical: 15.4 lines/mm (391 lines/inch) [Superfine] 7.7 lines/mm (196 lines/inch) [Fine/Halftone] 3.85 lines/mm (98 lines/inch) [Standard]
Max. document width	216 mm (8.50")
Max. scanning width	210 mm (8.27")
Max. recording width	210 mm (8.27")
Paper size	A4/Letter/Legal
Automatic document feeder	10 sheets ^{*2}
Power requirements	Rated local AC voltage and frequency
Power consumption	Max. 110W
Dimensions (W x D x H)	337 x 279 x 343/189 mm (13.27" x 10.98" x 13.50"/7.44") (with paper tray/without paper tray)
Weight	Approx. 3.0 kg (6.6 lbs.) (with paper tray)
Supply	FO-9CR

*1: Based on Sharp's standard No. 1 chart at standard resolution (ECM mode on).
*2: 60 to 80 g/m² A4 copier paper at room temperature.

Automatic Dialer

The Last Word in Faxing Convenience

It's here, the compact facsimile you've been waiting for. With a 4-point operation key for easy access to the most-used functions, and plain paper printouts for better-quality, longer-lasting copies, the UX-P410 really is the last word in convenience.

4-Point Operation Key

The easy-to-use 4-Point Operation Key simplifies the most commonly used operations. Featuring a large, circular design, the 4-Point Operation Key gives quick access to directory dialling, user settings and operational volume.

Plain Paper

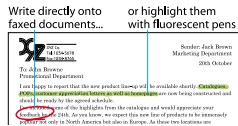

The UX-P410 prints out faxes on plain paper, which, unlike thermal paper, is easy to write on and won't curl or fade. Plus, you'll need only one type of paper to cover all your faxing and copying needs.

15-Second Transmission*1

A fast transmission time of 15 seconds per page at 9.6 Kbps contributes to productive operation as well as reduced phone line charges.

Convenient Copier

The UX-P410 also serves as a convenient copier. Simply place originals in the document feeder, and with one pass through the machine the UX-P410 will make up to 99 copies.

Automatic Document Feeder

The UX-P410's handy 10-sheet automatic document feeder lets you send or copy up to 10 pages*2 automatically. A real time-saver in the home or office.

Compact Body

The footprint of the UX-P410 is extremely small, making it ideal for placing on your desk or virtually anywhere. Space-saving and unobtrusive, the UX-P410 easily blends into any room interior.

448KB Memory

The UX-P410 has a generous 448KB memory, which can hold up to 24 pages*1 of documents. This large capacity adds greater enhancement to the machine's convenient functions such as memory transmission, broadcasting and substitute reception.

Automatic Dialler

The Automatic Dialler function lets you store up to 30 numbers for speed dialling. Plus, the electronic telephone directory lets users easily search for names alphabetically on the LCD.

Other Features

- 64 Levels of Halftone • Anti-Junk Fax Function • Help Function
- Header Printout • Transaction Report
- Automatic Fax/Phone Changeover • 50-Sheet Paper Tray*2

Specifications

Applicable line	Public switched telephone network
Type	Desktop facsimile transceiver
Data compression	MH/MR/H2
Transmission time	Approx. 15 seconds*1
Modem speed	9,600 to 2,400 bps with automatic fallback
Resolution	Horizontal: 8 pels/mm (203 pels/inch) Vertical: 15.4 lines/mm (391 lines/inch) [Superfine] 7.7 lines/mm (196 lines/inch) [Fine/Halftone] 3.85 lines/mm (98 lines/inch) [Standard]
Max. document width	216 mm (8.50")

Max. scanning width	210 mm (8.27")
Max. recording width	210 mm (8.27")
Paper size (W x L)	A4 (210 x 297 mm)
Automatic document feeder	10 sheets*2
Power requirements	Rated local AC voltage and frequency
Power consumption	Max. 110 W
Dimensions (W x D x H)	With paper tray: 337 x 279 x 343 mm (13.27" x 10.98" x 13.50") Without paper tray: 337 x 218 x 189 mm (13.27" x 8.58" x 7.44")
Weight	Approx. 3.0 kg (6.6 lbs.) (with paper tray)
Supply	FO-9CR: 60 m roll imaging film (one roll per package)*3

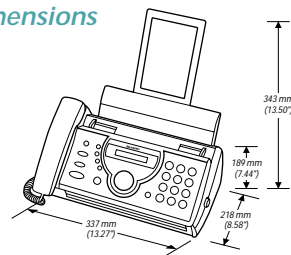

Design and specifications are subject to change without prior notice. Facsimiles may not be used in countries other than those where they were purchased.

*1 Based on Sharp's standard No. 1 chart at standard resolution. *2 60 to 80 g/m² A4 copier paper at room temperature. *3 Initially ships with 50m roll of imaging film.
