

# Kinship Caregiver Program

## Grandparents: Are you raising a relative's child?

The Kinship Caregiver Program at Catholic Charities supports caregivers from all cultural and faith backgrounds that are raising relatives' children due to circumstances such as the death or illness of the biological parents, incarceration, or drug abuse. We offer monthly support groups, fun family events, and special trainings to families in five counties: Denver, Arapahoe, Jefferson, Adams, and Douglas. Our programs are free and include meals and childcare.
