

Leopard Cast Iron Plant

Aspidistra minutiflora 'Leopard'

- **Use:** Makes a stunning specimen for the woodland garden in the Deep South and a great house plant further north. . Excellent for those difficult to fill areas in deep shade like under a porch or stairs. Spreads by underground stems. Deer resistant. **Super tough! Fairly drought tolerant too once established!**
- **Exposure/Soil:** Part sun– shade; moist, well drained soil. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Makes an attractive clump of 30" tall and wide.
- **Hardiness:** Zone 8a-10b; Shrub; also makes a great house-plant
- **Foliage:** Evergreen. Narrow, ribbon-like leaves only 0.5" wide. Each green leaf is heavily speckled with large golden spots.
- **Flower:** Insignificant brownish-purple flowers in spring.
