Halogen Supply Co. 4653 W. Lawrence Ave Chicago IL 60630-2588

Since 1939 Halogen has been leading the way in the Swimming Pool Industry. With one of the oldest catalogs in the industry, Halogen has continuously provided high-quality pool and spa products throughout

the United States. Serving Residential, Commercial, and Institutional facilities for over 80 years, we've built our reputation on providing excellent customer service, product expertise, and a huge inventory of in-stock items.

It is our intention that this catalog is used as a valuable resource to provide "almost everything for your pool." More valuable than this catalog is our knowledgeable sales staff, which averages over 25 years' experience. It's these quality people that give your purchases from Halogen "VALUE" you won't receive anywhere else. Whatever your swimming pool supply needs may be, please call toll free at 1-833-SWIM-327. We look forward to serving you.

Halogen Supply Co.

## CONDITIONS OF SALE

**PRICE INFORMATION**—All prices are F.O.B. Chicago unless otherwise stated. DUE TO MARKET CONDITIONS, PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. Minimum billing \$10.00. All orders under \$10.00 are cash.

**TAXES**—All Illinois customers are subject to Illinois sales tax of 10.25% and all Michigan customers are subject to 6% sales tax. All tax exempt customers must provide us with proof of exemption in writing.

**SHIPPING**—All orders requiring shipping will be sent via Best Way at Halogen's discretion. All shipping charges plus a \$3.25 handling charge will be added to customers invoice.

**TRANSPORTATION CLAIMS**—All reasonable precautions are taken in packing goods for shipment, but we are unable to be responsible for goods damaged or lost in transit. Recovery claims must be filed with the common carrier by the purchaser within the time limit allowed by such a carrier, the loss or damage claim should be noted on the original copy of the freight bill by the receiver.

**RETURNS**—Merchandise returned for credit must be approved for return by a Halogen authorized representative and must be accompanied by proof of purchase and reason for return. All returns are subject to handling and restocking charges as determined by the product manufacturer and Halogen Supply Company, Inc.

**ORDERING**—Catalog numbers will expedite the shipment. Weights shown are approximate and a separate billing will be necessary where special packaging for export is required.

**TERMS**—Net 30 days where credit rating is satisfactory. A service charge of 1½% per month is charged on invoices over 30 days old.

## SUPERMAX VS VARIABLE SPEED PUMP

The SuperFlo VS Variable Speed Pumps bring the remarkable energy cost savings of variable speed technology to standard pools at an affordable price. They reduce energy costs by up to 80%. SuperFlo VS Variable Speed Pumps have an easy-to-read graphical display and a built-in timer so the pumps are easy to install and easy to use.

### Features:

- Variable speed technology costs significantly less to operate
- Ideal for standard pools requiring up to 1.5 hp pump
- 110/230V and 50/60Hz capability
- Real-time clock with 24-hour memory retention
- Simple, intuitive user interface is easy to program and operate
- Easy to access electrical connections for simple installation
- Three operating speed settings plus override capability
- SuperFlo pump by Pentair Aquatic Systems is a direct replacement for the Hayward® Super Pump®
- WEF 5.9 THP 2.2

## VGREEN® VARIABLE SPEED MOTOR

The VGreen variable speed motor by Century is a durable TEFC replacement motor designed to deliver premium energy savings from 40 percent to 80 percent versus a standard single speed motor.

### REPLACE ANY MOTOR WITH A VGREEN MOTOR

The VGreen motor can replace any single speed motor without replacing the pump, turning any pool into a high-efficiency system that is better for the environment and lowers the cost of pool ownership.

### VGREEN EFFICIENCY

- Integrated user interface allows for easier and faster installation
- Durable TEFC construction with ECM technology delivers 40 to 80 percent energy savings versus a single speed motor

### Features:

- Freeze Protection
- Single Phase
- 50/60 Hz
- Full Variable Speed (600-3450 RPM)
- 303 Stainless Steel Shaft
- Class F Insulation
- 40°C Ambient
- UV and Rain-Proof Enclosure
- Digital Inputs for Third Party Automation
- VGreen User Interface\* Compatibility

## INTELLIPRO® VSF

### VARIABLE SPEED AND FLOW PUMP

IntelliPro VSF pump is the first variable speed and flow pump that adjusts to changes in flow conditions to maintain its preprogrammed flow rate to run optimally throughout the entire filtration cycle. It's like having cruise control for your pump.

### Features:

- Eight programmable speed or flow settings and built-in timer
- Rotatable keypad with optional wall mount kit (sold separately)
- Top-mounted field wiring compartment is easier to access and connect
- Totally enclosed fan-cooled design for increased performance and long life
- Menus are easier than ever to use
- Precisely maintains system flow requirements
- Compatible with Pentair Automation
- WEF 6.6 THP 3.95

## INTELLIFLO® VSF

### VARIABLE SPEED AND FLOW PUMP

IntelliFlo VSF pump is the first variable speed and flow pump that adjusts to changes in flow conditions to maintain its preprogrammed flow rate to run optimally throughout the entire filtration cycle. Filters get the right amount of flow to maintain water clarity. Laminars and other water features perform more consistently. Equipment efficiency and service life increase.

### Features:

- Eight programmable speed or flow settings and built-in timer
- Rotatable keypad with optional wall mount kit (sold separately)
- Top-mounted field wiring compartment is easier to access and connect
- Totally enclosed fan-cooled design for increased performance and long life
- Menus are easier than ever to use
- Consistently maintains system flow requirements
- Compatible with Pentair Automation
- WEF 6.1 THP 3.95

NEW PRODUCTS

## WHISPERFLOXF® VS

### COMMERCIAL VARIABLE SPEED PUMP 5HP

The WhisperFloXF VS Commercial Pump is the first five-horsepower variable-speed pool pump that runs on single-phase or three-phase power. It's an economical, combined motor/drive solution for both H/MAC (hotel, motel, apartment, condominium) or large residential installations. The WhisperFloXF VS Commercial Pump provides sophisticated, energy-saving pump technology without the high costs typically associated with independent pump/external drive setups.

### STANDARD FEATURES

- Integrated 5HP motor/drive; no expensive external drive required.
- Versatile power input capability; runs off a wide range of single- or three-phase power.
- Speed or flow control for maximum efficiency and pool performance\*.
- External control capability through automation systems or relays.
- Intuitive programming operation.
- Meets commercial codes and agency requirements.

\* When connected to Pentair's inline 4-20mA flowmeter kit (sold separately), or similar 4-20mA flowmeters, this pump is capable of maintaining a constant flow based on the needs of your pool system.

 E. **#R111386** 18" Curved Brush, Plastic Back, Nylon Bristles w/end Caps for vinyl liners (residential use). . . . . **\$13.80**

- F. **#R111646** 18" Curved Brush, Aluminum Back, Stainless Bristles . . . . . **\$41.37**  
 G. **#R111626** 9" Straight Brush, Aluminum Back, Stainless Bristles . . . . . **\$25.07**  
 H. **#R111616** 6" Straight Brush, Aluminum Back, Stainless Bristles . . . . . **\$20.14**

## ACID WASH/TILE/DECK BRUSHES

- I. **#6020** 10" Wood Acid Brush, Tapered . . . . . **\$18.48**  
 J. **#469** 5" Wood Acid Brush, Tapered . . . . . **\$15.23**  
 K. **#9600** 10" Plastic Acid Brush, Dual Sided, Threaded . . . . . **\$26.04**

## WYSIWASH SANITIZER

The Wysiwash Sanitizer is not only a hose-end sprayer. It is a precisely calibrated, scientifically designed and tested, patented sanitizing system.

The Wysiwash System will effectively clean, sanitize, and eliminate odors while blasting away dirt with a jet stream of water.

The hydro-injection venturi system produces a solution of hypochlorous acid that is up to 120 times more effective than liquid bleach!!!

Wysiwash is so easy to use that you will sanitize more often with increased effectiveness. Simply connect the Wysiwash Sanitizer to the hose and spray. There is no need to worry about proper dispensing-it's automatic!

- #WYS-101-ID** WYSIWASH Sanitizing Unit only. . . . . **\$180.25**  
**#20255** WYSIWASH Caplets 5.9 lbs . . . . . **\$47.33**

# VACUUM CLEANERS &

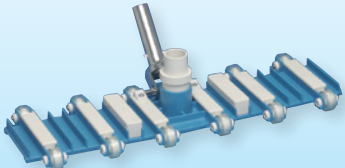

## Commercial Vacuums

### PRO-VAC®

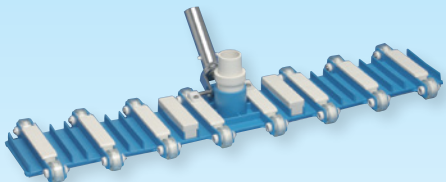

These patented vac heads will clean a pool bottom in up to half the time. Unique suction chamber concentrates vacuum velocity equally. Has metal swivel handle and adjustable wheels that increase or decrease vacuum velocity. Special flex strips guide debris into exclusive suction chamber. Swivel connection for 1½" vac hose while 2" fits directly on body. Recommended by Service Pros throughout the world.

A. #R201276 14" Width . . . . . \$130.96

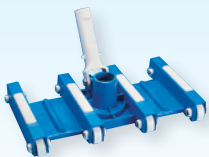

B #R201286 22" Width . . . . . \$166.40

C. #R201296 29" Width. . . . . \$201.94

## RESIDENTIAL CONCRETE POOL VACUUM

### E. FLEXIBLE VACUUM HEAD

A new improved vacuum made of rugged flexible plastic. Use with with 1½" vacuum hose.

#R201112 12" Width . . . . . \$68.38

## VINYL LINER VACUUM

### F. CLEAR VIEW VACUUM HEAD

Triangular shaped weighted see-thru design features newly improved two-piece ¼"-1½" vacuum hose swivel connection which allows hose to move freely without twisting. Replaceable brushes with vinyl bumpers (weight 4 lbs.)

#R201398 . . . . . \$81.44

#R201540 Brushes for 196 Vacuum Head . . . \$18.81

### G. ECONO TRIANGULAR VACUUM

Has replaceable nylon brushes, snap adapt handle and adapters for ¼"-1½" vacuum hose (weight 4 lbs.)

#R201392 . . . . . \$43.43

#R201536 Brushes for 194 & 195 Vacuum Head \$15.10

### H. VINYL LINER VACUUM-SPECIAL CONTOUR

Shape designed to keep vacuum on pool floor at all times. Replaceable brushes and vinyl bumpers. Fits ¼"-1½" vacuum hose

#R201350 . . . . . \$40.72

#R201526 Brushes for 193 New Style Vacuum Head . . . . . \$14.15

#R201302 Brushes for 198 Old Style Vacuum Head . . . . . \$8.51

### I. MINI-VAC

Designed for use with a garden hose, ¼", or 1½" vacuum hose. Unit is complete with silt bag, hose adapter, shut-off valve for garden hose use and snap-adapt handle. Includes brush attachment for use on vinyl pools.

#R201146 . . . . . \$34.97

### J. #R201696 Replacement bag

for #201146 Mini-Vac . . . . . \$8.57

### K. SPA WAND®

Simple, effective hand-held cleaning device for spas.

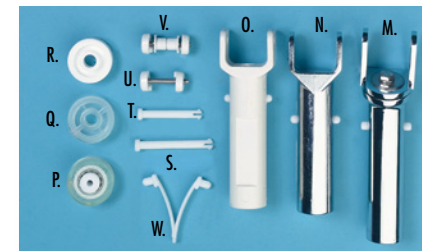

#5-300-00 Spa Wand Pro XL. . . \$166.05

#5-400-00 Residential Spa Wand. . . \$90.57

#5-500-00 Spa Wand Pro . . . \$147.23

## PARTS

M. #R201408 Metal swivel handle— Fits most standard vac heads. Swivel feature allows freedom to steer in any direction with ease . . . \$33.35

N. #R201420 Metal handle fits most vac heads \$19.64

O.#R201476 Plastic handle fits most vac heads \$6.90

P. #R201557 Ball bearing wheel fits most vac heads . . . . . \$7.61

Q. #R03022 Polyurethane wheel 1¾" . . . \$4.89

R. #R03021 White wheel . . . . . \$2.46

S. #R03101 Pin for most vinyl vac heads. . . \$1.17

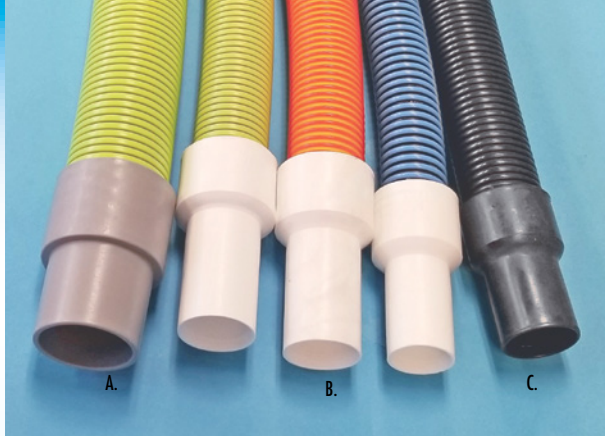

T. #R03086 Pin for small vac head . . . \$1.98

U. #R201458 Axle for ball bearing wheel . . \$1.95

V. #R201456 Axle for most wheels . . . \$4.20

W. #22001 Plastic spring clip — Used to clip handles into poles on all brushes and vac heads . . . \$2.58

## COMMERCIAL POOL CLEANERS

### A. TIGERSHARK® 2

TigerShark® 2 commercial robotic cleaner is perfect for the class B pool market. It calculates pool size with an on-board computer for the most efficient cleaning pattern. The unit's ability to clean for 7 consecutive hours provides adequate time to clean a larger pool in a timely manner. Powerful on-board pump vacuums dirt and debris, while scouring pool bottom, walls, inclines and steps. It features a patented easy-clean removable cartridge that can simply be rinsed with a garden hose.

- On-board intelligent computer calculates pool size and most efficient cleaning pattern
- Preset 7-hour clean cycle automatically turns off when done
- Powerful on-board pump sucks up dirt and debris
- Scours pool bottom, walls, inclines and steps for a complete clean
- Patented easy-clean removable cartridge can be rinsed with a garden hose
- TigerShark 2 features a 100' cord

Rec. Pool Size	Up to 30' x 60'
Gallons Circulated	4500 GPH
Filter Micron Porosity/Area	5/1000 sq. in.
Motor System	Non-oil filled, microprocessor
Cleaning Speed	55 sq. ft/minute
Cleaning Cycle	7-hours bottom, wall and waterline
Recurring Cleaning Cycle	No
Cord Length	100'
Swivel	No
Out-of-Water Sensor	No
Voltage	115/50 24VDC
Height/Width/Length	11" x 16" x 16"
Caddy Cart	Included with CC Part Number Models
Warranty	1-year limited warranty on parts and labor

## RESIDENTIAL POOL CLEANERS

### B. AQUAVAC® 6 SERIES

AquaVac® 6 Series pool cleaners are reinventing the robotic cleaner market with first-of-their-kind capabilities. While other cleaners can lose suction, AquaVac 6 Series cleaners feature patented SpinTech™ filterless technology with 18 hydrocyclones, maintaining maximum suction power. The six variable-speed-driven rollers with adaptive traction offer wall-to-wall cleaning on any pool surface and the unique TouchFree™ debris canister, with a quick release button, is designed for effortless cleanup. AquaVac 6 Series cleaners are the perfect solution for pool owners who want the latest in innovation and smart technology.

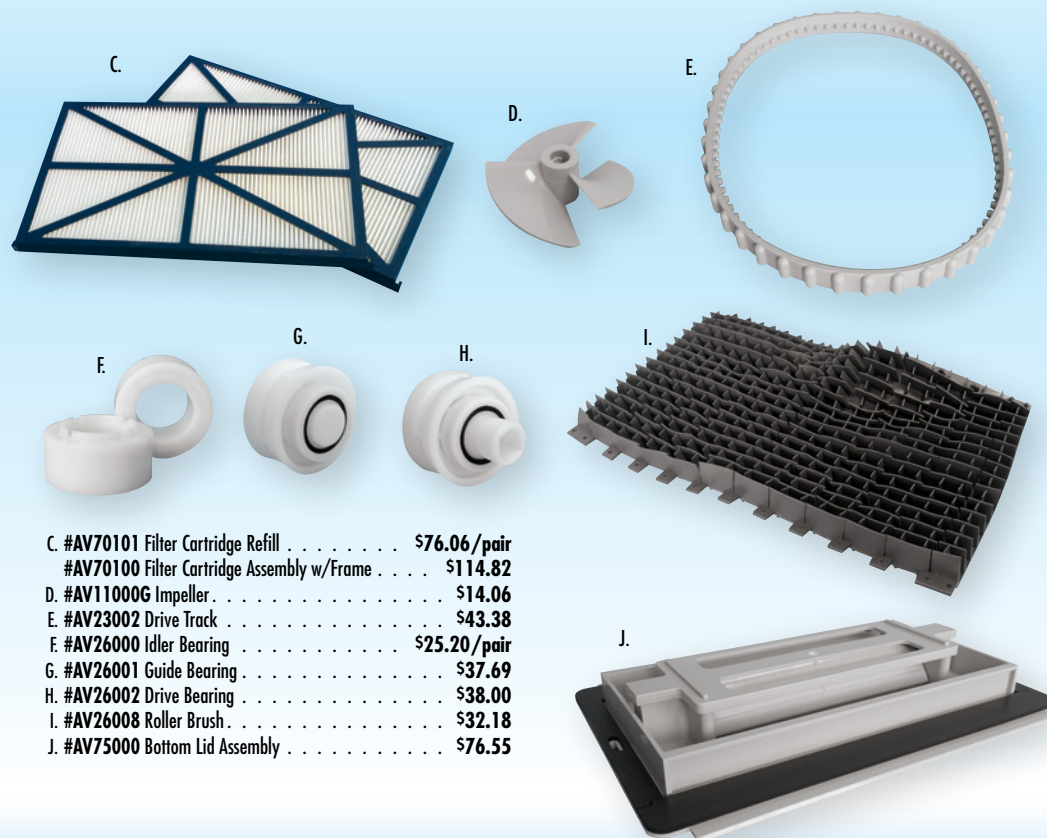

#RCH601CUY AquaVac 600 . . . . . \$1,606.89

#RCH651CUY AquaVac 650 . . . . . \$1,801.68

- Spin Tech filterless technology maintains constant suction
- HexaDrive™ adaptive traction expertly navigates, climbs and scrubs all pool surfaces
- TouchFree debris canister empties and rinses itself with the press of a simple quick release button
- Wi-Fi\* offers control from an iPhone®, iPad®, or Android™ device, SpotClean remote steering and multiple programmable color themes (AquaCac 650 only)
- AquaVac 600 operates on a recurring 48-hour cleaning mode, while AquaVac 650 offers a programmable weekly cleaning schedule
- Caddy cart and power supply included with both models

## The Wave of New Technology in Public Pool Cleaners Automatic Pool Cleaners A Dolphin for Every Pool

### COMMERCIAL POOL CLEANERS

#### wave 60

##### Automated robotic cleaner for shallow pools

A proven workhorse, the Maytronics Wave 60 robotic pool cleaner is the ideal solution for small hotel, condo, and apartment pools up to 50 feet. The Wave 60 saves you valuable time when it comes to maintaining your facility pool with its easy, plug-and-play operation.

#### WAVE 60 Product Specifications

Ideal pool length	Up to 50 ft.
Cleaning coverage	Floor, Walls, and Waterline

#DL1060-US WAVE 60 Cleaner . . . . . \$1,699.00

#### wave 80

##### The trusted name for commercial pool cleaners

Engineered for power, the Maytronics WAVE 80 robotic pool cleaner is the ideal solution for small to mid-sized condo, apartment, and neighborhood pools up to 68 feet.

#### WAVE 80 Product Specifications

Ideal pool length	Up to 68 ft.
Cleaning coverage	Floor, Walls, and Waterline
Brushing	Dual Scrubbing Brushes + Center Active Scrubber

#DL1080 WAVE 80 Cleaner . . . . . \$2,395.00

#### wave 120

##### Automated robotic cleaning for shallow pools

Designed for large pools up to 121 feet, put the power of two robots to work at once with the Maytronics Wave 120 commercial robotic pool cleaner. Ideal for universities, YMCAs, and water parks.

#### WAVE 120 Product Specifications

Ideal pool length	Up to 121 ft.
Cleaning coverage	Floor, Walls, and Waterline
Brushing	Quad Scrubbing Brushes

#DL9359 WAVE 120 Cleaner . . . . . \$5,675.00

#### wave 200 XL

##### Wave 200 XL key features and advantages

- Outstanding results:**
  - Line by-line cleaning process** - state-of-the-art programmable tracking systematically cleans the pool floor one path at a time.
  - AutoDirect** - intelligent, self-learning technology and multiple scanning modes delivers systematic, independent and fast cleaning of any large institutional pool of any shape or type.
  - Multi Pattern Scanning** - advanced navigation system and powerful technology ensure complete pool coverage.
  - Highly efficient dog-free filtration with spiral three layer system** - simultaneously separates and filters rough fine and ultra-fine dirt. Spiral flow system spins the water with large debris off the course filter net. The course filter mesh retains the large particles allowing the cartridge filter to run longer. The ultra-fine debris is caught in a large pleated cartridge filter. Top access, with snap-in/out separation of the layers, for easy and convenient maintenance and cleaning.
- Easy, everyday operation and maintenance** - with interactive MMI for intuitive programming and diagnosis of pool cleaner, including: Automatic pool entry and exit using "Drive to pool: and "Drive home" features. Choice of programs and multiple operation modes displayed on a user-friendly LCD screen. Remote control for manual manoeuvring to clean hard-to-reach pool corners. Full filter bag indicator. Operation delay feature.
- Multipurpose Caddy with Auto Cable Release** - transports the robot and automatically releases just enough cable to reach the far end of the pool, prevents kinks and tangles, simply crank the reel to neatly rewind the cable.
- Multi pool cleaning** - setup of up the four different scanning modes and remote control IDs provides optimizes cleaning of multiple different pools with a single robot

**Ideal for pools:** up to 108 ft in length **Cable length:** 115 ft  
**Weight :** 52 lbs **Warranty:** 36 months or 3000 hours on non-wearable

• #7200 Wave 200XL Cleaner **\$8,199.00**

#### wave 100

The best value for money in institutional cleaning Dolphin Wave 100 Highly efficient fully automated cleaning for park, high school, YMCA and other small institutional pools. The advanced gyroscopic system ensures accurate scanning for systematic coverage of floor, walls and water-line. High-capacity filtration space captures dirt, dust and all other types of debris, leaving a clean surface.

- Total pool cleaning** - Unique gyroscopic system delivers accurate and effective scanning along the entire pool.
- Advanced, high-capacity 2 levels filtration options** - 2 filtration options: ultra fine and fine for all pool conditions and seasons. 20% extra filtration capacity, leaves the pool water clean and free of hair, dust, insects and other debris.

**Ideal for pools:** up to 32' x 82' **Cable length:** 98 ft

**Caddy:** For handling & Storage

**Warranty:** 24 months or 3000 hours on non-wearable parts

**Filtration:** 2 filter bag options, 70 and 50 micron, for all types of dirt and debris

**Brushes:** Dual active combined brushes

**Weight:** 29 lbs

#9096X Wave 100S Cleaner **\$3,499.99**

#### wave 140

##### The trusted name for commercial pool cleaners

Extra-wide for maximum cleaning efficiency, the Wave 140 is the perfect solution for large university, fitness clubs, YMCA, and resort pools up to 127 feet, including those with beach entry. The Wave 140 helps minimize downtime due to cleaning with its plug-and-play, fully automated operation, and multiple cleaning options keeping your pool open for guests to enjoy. With a wide cleaning path of 22 inches, the Wave 140 excels at floor scrubbing and heavy-duty dirt collection, for an ultimate clean swimming pool.

#### WAVE 140 Product Specifications

Ideal pool length	Up to 127 ft.
Cleaning coverage	Floor only
Brushing	Dual Scrubbing Brushes

## WATER TECH

"The pool invention people"

### CLEAN THE ENTIRE POOL IN MINUTES OR SPOT CLEAN IN SECONDS

The Pool Blaster Volt FX-8, designed for cleaning medium to large swimming pools and spas, is a leap forward from the original Pool Blaster MAX. The VOLT FX-8 features over one liter of debris capacity and, with its thirteen inch wide vacuum head, offers a huge cleaning path. The FX-8 vacuums up to one hour between chargings.

#FX-8...\$316.05

The newly designed Pool Blaster VOLT FX-4 is the perfect choice for cleaning large spas and small to medium sized in-ground or above-ground residential pools. The rechargeable FX-4 features a "latch" style nose cap for ease of operation and, as with all VOLT pool vacuums, can be attached to a pool pole or can be used as a hand-held cleaner.

#FX-4...\$171.15

The new Pool Blaster VOLT FX-2 features vastly increased debris capacity and three times the cleaning power of the original Aqua Broom. Ideal for cleaning "quick set-up pools and residential spas, the VOLT FX-2 operates for over three hours powered by five "D" cell batteries.

#FX-2...\$88.20

### STA-RITE GASOLINE ENGINE PUMP

3 H.P. gasoline engine pump, 6" cast iron hair strainer and basket (not mounted), cart with handle, discharge hose 25', fittings and clamp. 2" suction and discharge. 104 g.p.m. with 5' lift, 95 g.p.m. with 10' lift; 83 g.p.m. with 15' lift. 150 lbs.

#437 ..... \$2,429.00

### WATER TECH PRECISION 2.0 Li Professional Pool Vacuum

Powerful, Cordless, Rechargeable Commercial Pool Vacuum  
Having the right tools to do the job will save you time, money and unnecessary headaches. The Precision 2.0Li works on any surface: concrete, tile, vinyl, or fiberglass. Simply attach the Precision 2.0Li to any standard telescopic pool pole, turn the unit on, and you are ready to vacuum! Its lightweight, no fuss design is free from hoses, external pumps and electrical cords. The durable design and powerful suction makes the Water Tech Precision 2.0Li the perfect companion for any Pool Service professional.

Perfect for overall pool vacuuming including: steps, swim outs, benches, spillover spas, negative edge troughs, tanning ledges and fountains.

#### Check Out What Comes Standard

Two powerful lithium batteries, wall charger, three high volume discharge valves, three high volume filter bags, 2 vacuum heads and a shoulder strap.

#PB-50000PL ..... \$1,270.50

**EPOXY PAINTS**

**ZERON**

A one-coat epoxy pool coating recommended for use by pool service professionals. This high solids epoxy covers all types of stains and even will seal hairline cracks. An excellent alternative to replastering rough and stained plaster pools and provides a long lasting finish. Coverage is 125 – 175 sq. ft. per gallon.

- #1517-W Zeron White 1 gallon . . . . . \$156.33
- #1517-BB Zeron Bikini Blue 1 gallon . . . . . \$156.33
- #1517-BM Zeron Blue Mist 1 gallon . . . . . \$156.33
- #1517-B Zeron Black 1 gallon . . . . . \$156.33
- #1517-VB Zeron Viking Blue 1 gallon . . . . . \$179.45

**POXOLON**

Poxolon is a high gloss pool coating that provides a tile like finish. This easy-to-apply epoxy is recommended when recoating existing epoxy pools but also is used to paint new unpainted pools or for refinishing rough and stained plaster. Use with primer on concrete, plaster, fiberglass and metal pools where two coats are usually required. Coverage is 225 – 250 sq. ft. per gallon.

- #1518-W Poxolon White 1 gallon . . . . . \$146.15
- #1518-BB Poxolon Bikini Blue 1 gallon . . . . . \$146.15
- #1518-BM Poxolon Blue Mist 1 gallon . . . . . \$146.15
- #1518-B Poxolon Black 1 gallon . . . . . \$146.15
- #1518-VB Poxolon Viking Blue 1 gallon . . . . . \$177.60
- #1518-BI Poxolon Blue Ice 1 gallon . . . . . \$146.15

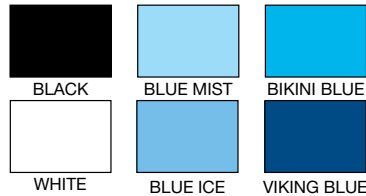

**RUBBER BASED PAINT**

**PARALON 2**

Paralon 2 is a premium grade chlorinated rubber base pool enamel that is easy to apply, long lasting and provides a high gloss finish. Paralon 2 is recommended for existing chlorinated rubber base coatings. Two coats are recommended for repairing jobs and 3 coats over bare concrete. Coverage is 250 sq. ft. per gallon.

- #1519-W Paralon 2 White 1 gallon . . . . . \$112.85
- #1519-BB Paralon 2 Bikini Blue 1 gallon . . . . . \$112.85
- #1519-BM Paralon 2 Blue Mist 1 gallon . . . . . \$112.85
- #1519-B Paralon 2 Black 1 gallon . . . . . \$112.85
- #1519-BI Paralon 2 Blue Ice 1 gallon . . . . . \$112.85

**POOL COATINGS COLORS**

**FUSION PLUS**

Fusion Plus is the smart way to convert your worn rubber-base coated pool to an epoxy finish. Simply clean surface, roll on FUSION PLUS, then follow with one coat of ZERON or two coats of POXOLON. Your rubber-to-epoxy finish will be beautiful, and will last for years! Coverage is 225 - 250 sq. ft. per gallon.

- #1523 Fusion Plus \$105.45

**PRIMERS**

**POXOPRIME II**

Poxoprime II is an epoxy primer for application over unpainted concrete or plaster. Poxoprime II soaks in and seals the surface and can be applied over a damp surface to reduce down-time. Used as an undercoat for Poxolon or Zeron. Coverage 200 – 225 sq. ft. per gallon.

- #1520 Poxoprime II 1 gallon . . . . . \$98.05

**GUNZITE PRIMER**

Gunzite is a two-part primer used as an undercoat for Poxolon or Zeron usually used over rough plaster or concrete. The heavy viscosity of Gunzite acts as a fill coat that provides a smooth surface. Especially effective on sandblasted surfaces. Coverage 100 – 150 sq. ft. per gallon.

- #1521 Gunzite Primer 1 gallon . . . . . \$98.05

**SOLVENTS**

	GALLONS	QUARTS
#1109 Epoxy solvent 1 gallon . . . . .	\$46.25	\$16.65
#1108 Rubber base solvent 1 gallon . . . . .	\$48.10	\$17.58

**DURACOURT COURT PAINT**

Formulated from tough acrylic polymer specifically designed for asphalt or concrete outdoor surfaces. Colorfast coating retains fresh appearance for years and resists sun fading. One-coat product that requires no specialized labor. Simply sweep, mark boundary lines and you are ready to paint. Coverage approximately 100 – 125 sq. ft. per gallon.

**DIVING BOARD RESURFACING KIT**

The Olympic diving board resurfacing kit is used to resurface old worn diving board surfaces. Each unit contains one quart of Convoy epoxy non-slip coating, one textured roller cover, one pint of solvent and complete instructions. One unit resurfaces one – 8 ft. diving board. Not intended to repair cracks.

- #1518-U100 Diving Board Resurfacing Kit – White \$82.33
- #1518-U102 Diving Board Resurfacing Kit – Bikini Blue . . . . . \$82.33

**SURFACE PREP**

Olympic PREP MAGIC (245) is a one-step, clean and etch pool surface preparation solution that allows you to clean your surface without the extra steps of traditional surface cleaning. Simply mix PREP MAGIC with water, clean your surface, and then rinse

- #KEL-345 Prep Magic 1 gallon . . . \$37.93

**PATIO TONES DECK PAINT**

This water-based deck paint not only beautifies your pool and patio area but actually penetrates the concrete to provide a cooler surface that resists peeling and chipping for years. Can be applied over a wet surface with an approximate coverage of 120 square feet per gallon depending on surface porosity. Call for complete Patio Tones Color Charts and descriptive literature.

## RAMUC "EP" EPOXY

Ramuc's finest epoxy swimming pool coating is a high solid, self-priming high gloss paint formulated to provide a tile-like, abrasion resistant surface. Ideal to use for the protection of concrete, plaster or fiberglass in swimming pools, spa's, reflecting pools, water parks and wave pools. Coverage is approximately 450 sq. ft. on recoats or 200 sq. ft. on bare surfaces.

- #1540-DB-1 Dawn Blue 1 gal. kit . . . . . \$146.52
- #1540-MW-1 White 1 gal. kit . . . . . \$146.52
- #1540-AG-1 Aqua Green 1 gal. kit . . . . . \$146.52
- #1540-B-1 Black 1 gal. kit . . . . . \$153.18
- #1540-DKB-1 Dark Blue 1 gal. kit/1 gal. kit. . . \$153.18

## RAMUC HI-BUILD EPOXY

Ramuc Epoxy Hi-Build is a premium satin finish self-priming epoxy that's an excellent choice to renovate plaster or concrete pools or spas. Long-lasting and durable it upgrades faded or scratched fiberglass. Coverage is 150-200 sq. ft. per 2 gallon kit on sandblasted or rough surfaces and 300-350 sq. ft. per 2 gallon kit on recoats.

- #1540-HBW Hi-Build White 2 gal. kit . . . . . \$293.04
- #1540-HBDB Hi-Build Dawn Blue 2 gal. kit. . . \$293.04

### POOL SURFACE

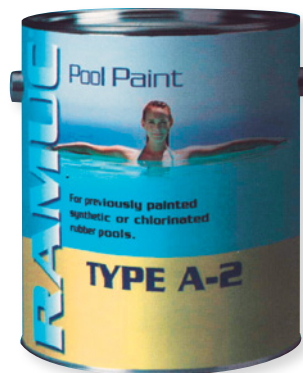

### ACCENTS

## RAMUC ULTRA PRO 2000 COMMERCIAL RUBBER

Ultra Pro 2000 is a low VOC rubber based pool paint formulated for commercial use on concrete or plaster pool surfaces. Self-priming - no primer needed. VOC Compliant in all 50 states. Two years' service life.

- #1545-DB Ultra Pro 2000 Dawn Blue 1 gallon \$109.89
- #1545-RB Ultra Pro 2000 Royal Blue 1 gallon \$109.89
- #1545-W Ultra Pro 2000 White 1 gallon . . . \$109.89

## INTRODUCING NEW TYPE A-2 PREMIUM RUBBER BASED POOL PAINT

- Versatile-topcoats and upgrades existing chlorinated and synthetic rubber systems.
- VOC Compliant-meets the strictest state and federal environmental regulation of 320 gpl VOC.
- Easy to clean, semi-gloss stain-resistant finish.
- Excellent hiding and coverage; spreads at 250 sq ft on bare surfaces, 350-400 sq ft on recoats.
- Self-priming

- #1544-DB-1 Dawn Blue 1 gal. can . . . . . \$126.54
- #1544-W-1 White 1 gal. can . . . . . \$126.54
- #1544-B-1 Black 1 gal. can . . . . . \$129.87

## RAMUC POOL PAINTS

### RAMUC DS WATER-BASED ACRYLIC

Type DS is formulated to provide a decorative but tough, durable film that protects concrete and plaster pools. Self-priming type DS can be applied over previously painted chlorinated and synthetic rubber base paint, as well as properly prepared epoxy painted surfaces. Type DS is ideal where down time is critical, can be applied over damp surface and put into service 3 days after final coat. Coverage is 250 sq. ft. on bare surfaces, 350-400 sq. ft. on recoats

- #9101-W-1 Type DS White 1 gallon . . . . . \$113.22
- #9101-DB-1 Type DS Dawn Blue 1 gallon . . . \$113.22
- #9101-B-1 Type DS Black 1 gallon . . . . . \$116.55

- #92242 Skid-Tex non-skid additive 1 lb. container \$8.62

### UNIVERSAL THINNER

Ramuc Universal thinner can be used for either epoxy or rubber base paints.

- #1539 Ramuc Thinner 1 gallon . . . . . \$43.29

### CLEAN AND PREP SOLUTION

**DESCRIPTION AND USE:** Clean & Prep Solution is used to clean and degrease while simultaneously dissolving mineral deposits, increasing porosity for good adhesion on surfaces prior to painting.

- #9306 CLEAN AND PREP SOLUTION 1 gallon . . . . . \$54.95

- VOC Compliant
- Perfect for painted surfaces
- Turns traditional 3-steps into a 1-step process
- Water-rinse neutralize
- Odor-free; No Fumes
- Biodegradable, safe to use near plants & grass
- Excellent for filter element cleaning

### RAMUC COPING SPRAY PAINT

Renew the vibrancy of pool coping with non-skid Coping Spray Paint by Ramuc Pool Specialty Coating Systems. Avoid expensive and time-consuming coping removal by using RAMUC COPING SPRAY to brighten, restore, and protect the existing coping material. Easy to use, environmentally safe and economical.

- #1541 Coping Spray Paint . . . . . \$25.81

# TILES, DEPTH MARKERS, GROUT, CAULK & SEALANT

## DEPTH MARKERS

Black print on white background  
Available in imperial and Metric units

**GLASS OVERLAY** – Tempered glass that can be installed over tile, fiberglass, or paint. Must use installation kit for permanent installations.

- #1596 6" x 6" Marker . . . . . \$11.14
- #1596-NDS 6" X 6" No Diving Sign . . . . . \$12.83
- #1598 Installation kit (up to 15 markers). . . . . \$18.00

**Vinyl Stick-Ons** – Self-adhesive skid resistant vinyl tiles for above waterline use only. Must use adhesive and edge sealer.

- #1595 6" x 6" Marker . . . . . \$11.14
- #1595-NDS 6" x 6" No Diving Sign . . . . . \$12.83
- #1595-8X8 8" x 8" Marker . . . . . \$19.35
- #1595-NDS-8X8 8" x 8" No Diving Sign. . . . . \$21.04
- #1597 Installation Kit (up to 40 6" and 22 8") . . . . . \$47.25
- #1597-ES Edge Sealer only . . . . . \$19.95

**PLASTIC STICK-ON** – For stainless steel gutters

- #1590 4" x 6" Marker . . . . . \$11.14
- #1590-NDS 4" X 6" No Diving Sign . . . . . \$12.83

**SKID RESISTANT CERAMIC TILE** – For permanent installation in decks

- #1594 6" x 6" Marker . . . . . \$8.33
- #1594-NDS 6" X 6" No Diving Sign . . . . . \$10.24
- #1594-8X8 8" x 8" Marker . . . . . \$17.55
- #1594-NDS-8X8 8" X 8" No Diving Sign. . . . . \$19.69

**SMOOTH CERAMIC TILE** – For permanent installation in walls

- #1592W 6" x 6" Marker . . . . . \$7.65
- #1592W-NDS 6" X 6" No Diving Sign . . . . . \$9.56

### 6" x 6" FROST-PROOF FLAT TILE

- #1592W White . . . . . \$4.50
- #1592B Blue . . . . . \$4.50
- #1592BL Black . . . . . \$4.50

### 6" x 6" BULLNOSE TILE

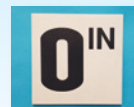

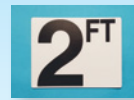

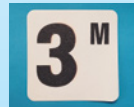

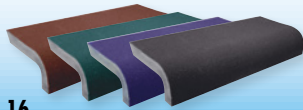

- #1593W White . . . . . \$11.40
- #1593B Blue . . . . . \$11.40
- #1593G Green . . . . . \$11.40

**SAFETY EDGE TILE** – Clearly mark the step edge for safe pool entry. Factory skid resistant surface. Frost resistant.

Colors: blue, black, brown and green

Specs: ¼" thickness 2 ¼" x 1" x 6"

- #1591 Safety Edge Tile (specify color) \$4.16

**TILE SET/GROUT** Thin set mortar for installation and grouting of all types of tiles. #1594 50 lbs. . . . . \$29.32

## GATOR GRIP TAPE

Our anti-slip safety grit tape help to provide extra traction where slippery surface conditions may occur on floors, steps and equipment. Constructed from a thick base layer with an aggressive 60-grit mineral abrasive compound. Tape is coated with an aggressive acrylic adhesive with a removable liner. Great for use in equipment rooms.

- #RE629BL Black Anti-Slip Strip 6" x 21" \$14.00

## SOFTEX TAPE

Softex coarse resilient slip-resistant tape works great in or around the home, pool, patio, workshop, locker room, boat, deck, or other areas where there is a bare foot or light shoe traffic. This tape has a deep embossed surface that will perform in heavier duty applications, while still being comfortable for bare foot traffic. Tape can be easily mopped for cleaning.

- #RE3891BL Vinyl Traction Tape 4" wide \$2.60/ft

## AQUABOND UNDERWATER REPAIR COMPOUND

### Swimming Pool Repair Epoxy Adhesive

- All purpose "Wet or Dry" adhesive provides an easy no-mess application
- Easily mix, apply, and cure underwater
- Repair coping, fiberglass, or a vinyl liner
- Secure handrails or rocks
- Kit contents: One DM-50 dispensing gun, One 50 ml cartridge of UW-5000 off white, Five SM-5416 static mixers

- #DMK-5000 AquaBond Repair Compound Kit \$124.95

- #UW-5000 50ml AquaBond Repair Compound . \$35.68

## AQUAFLEX UNDERWATER SEALANT

### Mixes, Applies & Cures Underwater

- Quickly and reliably repair leaks
- Can be mixed and applied underwater
- Kit contents: One DM-50 dispensing gun, One 50 ml cartridge of AFC-8100 clear, Five SM-5416 static mixers, One multi-radius spreader

- #DMK-C8100 AquaFlex Sealant Kit. . . \$146.60

- #AFC-8100 50ml AquaFlex Clear Sealant . \$57.33

**833-SWIM-327**  
833-7946-327  
www.halogensupply.com

## CAULK & SEALANT

### VULKEM SEALANT 116 & 45

A one-part, polyurethane sealant. For use in expansion joints for swimming pools, decks and sidewalks, and is suitable for continuous immersion. Vulkem 116 is for vertical or horizontal joints. Vulkem 45 is self leveling for horizontal joints only.

- #1570W Vulkem 116, White 10.5 oz. cartridge . \$10.40
- #1570G Vulkem 116, Gray 10.5 oz. cartridge . \$10.40
- #1572W Vulkem 45, White 30 oz. cartridge. . \$30.45
- #1572G Vulkem 45, Gray 30 oz. cartridge . \$30.45

### B. BOSS CAULK

801 Neutral silicone adhesive provides excellent adhesion to ceramic tile, spa jets, skimmers, lighting fixtures, and plumbing. 801 also adheres well to fiberglass, ABS, acrylic, PVC, wood and masonry.

- #80100B Silicone Adhesive, Clear 10.3 oz. cartridge \$14.36
- #80101B Silicone Adhesive, White 10.3 oz. cartridge \$14.36

### C. PERMANENT SEALER

Seals seams and cracks even under water. Leaking cracks have been successfully plugged when a pool is filled. Permanent Sealer will dry in about 30 minutes under water. Comes in 10 oz. cartridges.

- #1533W White . . . . . \$8.44
- #1533W-HV High Viscosity White . . . . . \$8.93
- #1533C-HV High Viscosity Clear . . . . . \$11.77

### D. POOL PUTTY

No need to drain concrete pools to repair leaks and cracks because pool putty hardens under water. Pool putty is packaged in convenient cartridges for an easy 1-to-1 mix. Approximate setting time at 70°F is 90 minutes.

- #1534 Pool Putty 14 oz. unit . . . . . \$21.38

### E. POOL PASTE

A high strength epoxy that creates a strong permanent bond to almost any material. Use pool paste to replace tiles or repairing cracked skimmers, fittings and accessories. Can be sanded and painted. Setting time is approximately 90 minutes at 70°F.

- #1535 Pool Paste 16 oz. unit. . . . . \$35.01

## CEMENT PATCHING

### MASTERSEAL 590 (FORMERLY WATERPLUG)

Thoro Waterplug stops running water instantly

- Fast setting (3 to 5 minutes)
- Expands as it sets
- Sets up under water
- Anchors bolts and fixtures firmly 1 lb. will fill 17 cu. in. or a crack  $\frac{3}{4}$ " x  $\frac{3}{4}$ " x 30"

#1560-10 Waterplug

10 lbs. \$49.43

#1560-50 Waterplug

50 lbs. \$101.98

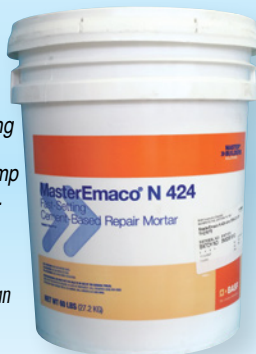

### MASTEREMACO N424 (FORMERLY THORITE)

EmacoGP is a fast-setting cement base patching material that will not slump or shrink at patch edges. Excellent structural strength often stronger than original concrete.

#1561-60 Thorite 60 lb.-can

\$107.71

### MASTEREMACO N220 (FORMERLY ACRYL 60)

Acryl 60's acrylic polymers add extra strength and durability when mixed with cement base patches and coatings such as Emaco GP, All-Crete, Super Quickseal and Thoroseal. Use 1 part Acryl 60 to 3 parts water under normal conditions.

#1552-01 Acryl 60

1 gal. bottle \$61.13

#1552-05 Acryl 60

5 gal. can \$240.91

## SEALANTS

### MASTERSEAL 585 (FORMERLY SUPER QUICKSEAL)

Super Quickseal is a Portland based cement, dry-polymer-modified smooth coating. Super Quickseal is ideal for finishing concrete swimming pools.

Coverage: 750-1,000 sq. ft. per 50 lb.-bag.

#1566W Super Quickseal,

White 50 lb. bag

\$82.91

### MASTER 581 (FORMERLY THOROSEAL)

Thoroseal waterproofs anything of block, brick, concrete, or stone, including swimming pools and basement walls. A cement based sealer that works above or below grade. Keeps water out while allowing surface to breathe. Coverage: Approximately 225 sq. ft. per 50 lb. container, depending on surface conditions.

#1550 Thoroseal

50 lb. pail \$102.40

## BRUSHES FOR APPLICATION

#2714-LH 14" Patching Brush

less Handle ( see pg 3 for handle)

\$13.82

#1553

6" Beaver Brush

\$10.56

## PLASTER PATCHING

### SGM PEARL BRITE

#### Features:

- Pearl Brite high performance plaster mix is pre-blended and ready to use.
- Pure white color resists chemical attacks, etching, staining, discoloration and delamination
- 80-lb. bag covers approximately 25 to 35 sq. ft. depending upon surface roughness

#20-PBC300 Pearl Brite Plaster Mix. . . . . \$71.37

### SGM DYNAMITE POOL PATCH

• High strength • Sets under water • Brilliant white  
Dynamite pool patch is a mixture of portland cement and special additives that permits underwater patching and general concrete repair work to be done instantly. Pool patch can be used wherever a quick setting caulking or plugging material is needed. Extremely fast-setting. Working time 3-5 minutes

#1555 Dynamite Pool Patch 9 lbs. . . . . \$23.22

#1556 Dynamite Pool Patch 60 lbs. . . . . \$101.70

**833-SWIM-327**

## SEALERS PATCHING & ACCESSORIES

## EPOXY PRODUCTS

### ABOWELD NO SLUMP EPOXY PATCH

For patching and building up vertical surfaces without forms or molds. Fills cracks. Bonds permanently. Will also bond to wet surfaces. Crack repairs and tile installation repairs. Available in white only

#5512QR Aboweld55-1 (2 Quart) . . . . . \$95.13

#5512GKR Aboweld55-1 (2 Gallon Kit) . . . . . \$251.79

### ABOCRETE SELF-LEVELING EPOXY COMPOUND

Permanently repairs, bonds, rebuilds and resurfaces concrete and most rigid surfaces. Self leveling. Fills cracks. Excellent substrate for decorative color grit and aggregate.

#ACK5R Abocrete (1 Gallon Kit) . . . . . \$93.45

#ACKR Abocrete (5 Gallon Kit) . . . . . \$264.39

### TREAD SPREAD SLIP RESISTANT EPOXY COATING

Bonds Tenaciously to concrete, wood, metal, fiberglass, and most rigid surfaces. Use on wet, dry, underwater surfaces where slip resistance is needed. Much more durable and longer lasting than tape. Exceeds OSHA and ADA recommendations for slip resistance in both wet and dry conditions. Coverage is 12 sq. ft. at 1/8 in thick per gallon. Color is Slate Gray.

#TS2PK Tread Spread 2 pint kit . . . . . \$56.491

#TS2GK Tread Spread 2 gallon kit . . . . . \$237.83

# PENTAIR/STA-RITE COMMERCIAL/ RESIDENTIAL SELF PRIMING POOL PUMPS

## C-SERIES PUMPS

Perfect for the toughest outdoor and indoor projects, the C-Series pump gets its durability from all-brass construction and a stainless steel basket. For decades, the C-Series has proven its dependability as one of the most effective commercial pumps available anywhere. It has set the standard for medium and high-head performance in the pool industry. The C-Series Pump is available with and without a hair and lint pot.

### Standard Features:

- Heavy-Gauge stainless steel strainer basket
- 6" suction and 4" discharge for maximum efficiency
- Open area of Strainer Basket is 5 times area of suction port
- Heat-resistant seal operates at up to 150° Fahrenheit
- One year limited warranty
- 200-208 and 575 volt models available on request

Available with or without strainer.  
Pumps are self-priming with strainer.  
Pricing upon request.

## EQ-SERIES PUMPS

- Designed in every detail for maximum efficiency
- The only non-corrosive, all plastic pump designed exclusively for the commercial pool and water applications market
- The EQ's impeller features an exclusive design that provides true breakthrough performance
- Lower load due to efficient impeller design means longer motor life
- Cam and Ramp™ lid design with clear lid for added convenience in servicing

### Additional Features:

- Lightweight
- 6" suction and 4" discharge with strainer pot
- Heat resistant seal operates at up to 150° Fahrenheit
- Cam and Ramp™ lid design with clear lid
- Self-priming pump(with strainer pot)
- NSF-Listed
- Available in single and three phase 60 hertz models
- Models available for water feature applications
- One-year limited warranty

Available with or without strainer. Pricing upon request.

## PENTAIR TEFC REPLACEMENT MOTORS

**TEFC Replacement Motors make happier customers. Case closed.**

Single-phase totally enclosed fan cooled (TEFC) replacement motors for Pentair provide longer service life and greater reliability than traditional open drip proof (ODP) motors.

### LONGER LASTING

TEFC motors last longer. That's because they're designed to help prevent the intrusion of water, dust and other contaminants that can lead to premature failure in ODP motors

## SEMI-COMMERCIAL D.E. FILTER SYSTEMS

### FNS PLUS D.E. Filter

Our FNS PLUS Series filters keep pool sparkling clean and free from impurities. For superior strength and reliability, these commercial-grade filter tanks are manufactured from fiberglass-reinforced polypropylene. Our unique top manifold design with curved vertical grids makes maintenance convenient.

- Rugged fiberglass-reinforced polypropylene tank combines fiberglass strength with the smooth finish of polypropylene.
- Top manifold design ensures better precoat and superior

Design Flow Rate*									
Catalog No.	Model No.	Sq. Ft.	GPM	GPH	6 Hours	8 Hours	Precoat Required	Tank Height	Price
18-0007	FNSP 36	36"	90	5,400	32,400	43,200	3.5 lbs.	43"	\$1,262.98
18-0008	FNSP 48	48"	120	7,200	43,200	57,600	5 lbs.	49"	\$1,420.97
18-0009	FNSP 60	60"	150	9,000	54,000	72,000	6 lbs.	55"	\$1,568.62

\* Flow rate is based on 2.5 GPM per sq. ft. of filter area. Actual system flow will depend on plumbing size and other system components.

\*See page 23 for valve options

## SEMI-COMMERCIAL HIGH-RATE SAND FILTERS

### TRITON® COMMERCIAL SAND FILTERS

C and Triton C-3  
High Capacity Fiberglass Side Mount  
Sand Filter without Valves

- Maximum Operating Pressure 50 psi
- Full 2 in. Drain
- 8 in. opening for easy access to sand bed
- The Triton C-3 features standard 3 in. flange connections
- TR 100C-3 & TR 140C-3 models are available in black only

F.O.B. Factory

This filter series features multiple diverters for increased filtration rates in commercial applications up to 20 GPM/sq. ft.

## QUAD D.E.™

### Cartridge Style Filter

The crystal clarity of D.E. with cartridge convenience

Diatomaceous earth (D.E.) filters have always been recognized for providing the cleanest pool water. And cartridge filters are popular for their convenience and easy cleaning features. Now Pentair has found a way to bring you the best of both. The new Quad D.E.® Filter features four easily accessible and removable D.E. cartridges. And cleaning couldn't be easier. In fact, you have three options...backwash and recharge like a traditional D.E. filter, remove and rinse off the cartridges, or simply remove the lid, leave the cartridges in place, open the drain plug, and rinse.

## DIATOMACEOUS EARTH SEMI- COMMERCIAL RESIDENTIAL FILTERS

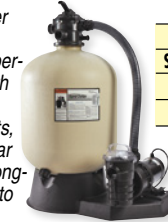

Note: Must use a HiFlow™ Valve (Part # 261050) or Slide Valve (Part # 263034 or Part # 261165) when plumbing filter with a backwash valve. See page 23 for these values.

Catalog No.	Model No.	Filter Area Sq. Ft.	Vertical Clearance*	Filter Diameter	FlowRate Res.*** GPM	Com.	Turnover Capacity-Res.(Gallons) 8hrs.	10hrs.	12hrs.	Price

## ABOVE GROUND SAND SYSTEMS

We've combined the efficient Sand Dollar filter with the powerful and economical OptiFlo® Aboveground Pool Pump to create this high performance system for above ground pools. With its rugged construction highly efficient filter design and hydraulically matched components, this system provides all the clean, crystal clear water your pool requires. Plus, it's built with long-term reliability in mind, and incredibly simple to operate and maintain.

### Sand Dollar Systems Flow Rate †

Sq. Ft.	Diameter	Height	GPM	Flow			Lbs. Sand Required†
				8 Hour	10 Hour	12 Hour	
1.8	19 in.	34.0 in.	40.0	19,200	24,000	28,800	150
2.3	22 in.	35.5 in.	60.0	28,800	36,000	43,200	250

† Flow rates based on NSF 20 GPM per sq. ft. of filter area. Actual system flow will depend on plumbing size and other system components.  
† Sand must be 20 grade silica sand or equal.

- #PNSD0040DE1160 19" Sand Dollar System w/1 HP Pump . . . \$882.74
- #PNSD0060DO1160 22" Sand Dollar System w/1½ HP Pump . . . \$948.26

## RESIDENTIAL SAND FILTERS

### Features:

- Special lateral design provides superior flow characteristics, long filter cycles for economical operation.
- Maximum Operating Pressure 50 psi.
- Combination water and sand drain makes servicing and winterizing fast and easy.
- 40, 50 and 60D come with plastic clamp.

### TAGELUS™ TOP MOUNT FILTER Fiberglass Tank with Multiport Valve, Clamp Style

Our process creates a one-piece, fiberglass reinforced tank with superior strength and durability. Tagelus® Top Mount filters are equipped with a six-position, clamp style, top mounted multiport valve.

# SEMI COMMERCIAL & RESIDENTIAL CARTRIDGE FILTERS

**STA-RITE®**

## SM Series

- Patented balanced-flow tank hydraulics direct water through each side of the filter module for uniform dirt loading, no clogging and long, unattended operation.
- Complete media coverage combined with shallow pleats for greater dirt holding capacities, longer filter cycles and less cleaning.
- Shallow pleat design also permits quick and thorough cleaning- just rinse the module with a hose.

Filter Sizing						
Cat. No.	Sq. Ft. of Area	Maximum Flow	Pool Size 8 Hr. Rate*	Pool Size 6 Hr. Rate*	Port Size	Price
S7M120	300	100 gpm	36,000-48,000	27,000-36,000	2	\$1,651.59
S8M150	450	125 gpm	45,120-60,000	33,840-45,000	2	\$2,166.65

## SYSTEM 3® MOD MEDIA

### One cleaning for an entire season?

Sta-Rite's System3® Mod Media™ filters handle 2-3 times more dirt than other filters to deliver maintenance-free performance for up to a full season. Featuring perfectly balanced flow and integral manifold design, these filters are engineered to deliver the ultimate in labor-savings. System3® Mod Media™ filters are ideal for inground pools, inground hot tubs and water features.

### Performing to a higher standard

Based on Sta-Rite's extensive research in filtration and media science, System3 Mod Media filters make Ultra-Capacity Filtration™ a reality. Unlike conventional "cartridges," these filters combine a patented balanced flow and integral manifold design, plus an easily-cleaned media element. Modular filter tanks permit quick change of filter media. The result is a filter system that not only requires less frequent cleaning, but is also easy to clean.

The System3 Mod Filter is constructed of Dura-Glas® high-density composite resin to weather the elements for long, dependable life. And its sleek, contemporary appearance and matte black finish looks attractive in any pool setting.

## ABOVE-GROUND FILTER SYSTEM

### CLEAN & CLEAR CC100 FILTER SYSTEM

- High quality filtration unit using a thermoplastic chemical-resistant tank. Equipped with easy spin-on unions for plumbing hookups
- High flow manual air relief valve
- 1 inch drain and washout
- Single piece base and body design 1 1/2 HP pump

#PNCC01000E1162

IHP SYSTEM . \$910.64

## CLEAN & CLEAR® PLUS FILTERS

### Fiberglass Reinforced Polypropylene Tank

Clean & Clear® Plus Filters have a corrosion resistant injection molded filter tank featuring superior strength and reliability. The cartridge assembly uses four easy to clean, non-woven, polyester cartridges. Each filter is supplied with a bulkhead union set for easy installation.

### Featured Highlights:

- NSF listed
- Superior strength
- Large filter area for increased dirt capacity
- 1-1/2 in., 100% drain clean-out port
- Continuous High Flow™ internal air relief
- Base and plumbing kits now available
- Injection molded tank
- Balanced hydraulic flow
- Tension Control™ clamp
- 100% factory tested
- Black bulkhead unions
- High Flow manual air relief valve

Cat. No.	Model No.	Sq. Ft.	Tank Height	Price

## CLEAN & CLEAR® CARTRIDGE FILTER

### Carefree...by design

Like all Pentair cartridge filters, the Clean & Clear® filter features an easily-cleaned cartridge for the ultimate in carefree pool filtration. The fiberglass-reinforced tank halves are secured with an innovative clamp ring—just loosen the ring and remove the top half for easy cartridge access and rinsing. Filter maintenance doesn't get any easier.

- 1 1/2" drain and washout for quick and convenient maintenance and winterization.
- Innovative lock-ring requires only half of a revolution for a safe, leak-proof seal.
- Single piece base and body designed for maximum durability.
- One-year limited warranty. See warranty for details.
- 2" plumbing for maximum flow.

# PENTAIR POOL & SPA HEATERS

## THE MAX-E-THERM™ LEAVES OTHER HEATERS COLD!

- **Easy-read digital display.** Pivoting UV-resistant plastic visor filters the sun's rays to give you a better view of the digital display.
- **Diagnostic lights.** Control panel indicator lights tell you whether to service the heater or the system if problems arise.
- **Weatherproof touch controls.**
- **Forever rust-proof.** Sleek, black matte enclosure made of Dura-Glas® – an exclusive Sta-Rite material that handles the heat and weathers the elements.
- **Cupro-Nickel heat exchanger.**

- #SR200HD Max-E-Therm Heavy Duty Heater \$3,687.18
- #SR333HD Max-E-Therm Heavy Duty Heater \$4,598.48
- #SR400HD Max-E-Therm Heavy Duty Heater \$4,916.96

Simply Smarter.

## ETI™ 400 HIGH EFFICIENCY GAS HEATER

**THE HIGHEST EFFICIENCY EVER.**  
**The longest-lasting heat exchanger ever built.**

The ETI™ 400 High-Efficiency Heater features the TitanTough™ Direct-Fire Pure Titanium Heat Exchanger, the longest-lasting heat exchanger ever built. And it delivers 96% thermal efficiency, the highest of any pool heater. The ETI™ 400 heater provides excellent flexibility for installation, with fully sealed Category IV direct air venting that does not require large room openings for combustion air.

### Features:

- Incredible 96% thermal efficiency gets more heat into pool water faster
  - TitanTough™ Direct-Fire Titanium Heat Exchanger stands up to the harshest water conditions
  - Rotatable front door and control keypad allow easy right-or left-hand plumbing
  - Ultra-quiet operation
- #46-1113 ETI™ 400 Heater . . . . . P.O.A.

#47-5612 Condensate Neutralizer artridge Kit . . . . . P.O.A.

## High Performance Eco-Friendly Heaters

### MASTERTEMP® HEATER

MasterTemp heaters offer all the efficiency, convenience and reliability features you want in a pool heater, plus a lot more. As easy to use as your home heating system, plus, user-friendly indicator lights make system operation and monitoring a snap. The compact design and super quiet operation won't intrude on your pool side leisure time. Heavy-duty (HD) unit with cupro-nickel exchanger stands up to the harshest of applications, like low pH, high flow or heavy use.

### Features & Advantages

- Heats up fast so no long waits before enjoying your pool or spa
- Best-in-class energy efficiency\*
- Eco-friendly MasterTemp® is certified for low NOx emission and outperforms industry standards
- Rotating digital display allows for easy viewing
- Tough, rustproof exterior handles the heat and weathers the elements
- Certified for outdoor and indoor installations
- For Air Intake Kit order part number 46-1031

\* Standard Copper Heat Exchanger 84% Efficient.  
Heavy-duty (HD) Cupro-Nickel Heat Exchanger 82% Efficient.

## RAYPAK X94 PROFESSIONAL HEATER

### Highly Efficient.

Intelligent technology. Built with the same Raypak Professional Series high performance DNA.

Same digital control logic used on all Raypak pool products

#### Standard Features:

- Model 410 @399,000 BTU input
- Stainless Steel heat exchanger ASME certified.
- Pre-wired flow switch and T&P gauge, 50 state ASME compliant
- Industry leading diagnostic digital control-assembled in the U.S.A. Multi-unit functionality, pump and 3-way valve control.
- Flexible 4" venting options - PVC, CPVC, Polypropylene, Stainless Steel.
- Direct vent capable - ducted combustion air.
- 3 year parts and labor limited warranty (see warranty for details).

# COMMERCIAL AND ELECTRIC POOL HEATERS

## Raypak's Next Generation Condensing Heater

Time-honored technologies unite with cutting-edge advancements in Raypak's new XTherm vertical heater. Never before has a vertical heater provided both the installer and pool builder such installation flexibility, ease-of-commissioning, reliability and long-term performance. Small space, not a problem. The XTherm has one of the smallest installed footprints of any vertical condensing heater. Our compact design makes it the perfect choice for those hard to reach retrofit projects. Raypak's XTherm is built with commercial-grade components and materials. From our steel channel base to our stainless steel flue wrapper, and condensing heat exchanger, you can tell the XTherm is built to last. It's easy to handle and install, but still user friendly to service. Now is the perfect time to take a closer look at Raypak. P.O.A. Call for pricing

Models 1005, 1505, 2005  
**97% Thermal Efficiency**

Can be vented with PVC pipe

### Key Features

- PVC vent capable - optional at time of order
- 3 models from 1,000,000 to 2,000,000 BTUH
- 97% thermal efficiency at full fire in pool applications
- Minimum continuous inlet water temperature (50°F)
- Small footprint, less than 11 square feet
- AB 1953 low lead certified
- On-board diagnostic center, real English, no codes
- All models indoor/outdoor certified
- Complete cabinet protects all controls and wiring
- Meets all current Low NOx regulations
- Suitable for altitudes up to 10,000 ft. (derate above 5,000 ft.)
- Equipped with all cupro-nickel, copper, bronze and stainless steel waterways

## COMMERCIAL MEGATHERM®

High Performance Electronic Ignition Heaters

Powerful, efficient, and reliable, MegTherm™ pool heater are for large commercial pools where economical performance and rapid heat-up are required. Available in indoor and outdoor models in both natural and propane. MegaTherm™ is design certified to the ANSI® Z21.56 Standard for Gas-Fired Pool Heaters. (Outdoor 500-1825 units are certified for use without the addition of a draft diverter or external vent. Indoor units incorporate a built-in draft diverter and require only vent piping.) Salt water models (500-1825) are available with cupronickel alloy heat exchanger tubes and bronze headers and header covers.

### Hi-E2® THE MOST EFFICIENT HEATER

#### Hi-E2® Heater

The Hi-E2 sets the standard with a proven in-use record of over 20 years providing ultra-efficient heating with a 95% efficiency rating – cutting operating costs by 30% or more\*. Small, lightweight and easy to install indoors, it features a low-maintenance design using our hot surface ignition system – requiring no pilot light.

- Compact & Lightweight – 33% smaller footprint and is 42% smaller in volume and 34% lighter than comparable heaters
- Best Indoor Installation – Direct PVC pipe connection capability for flexible indoor installation with no additional parts
- Ultra-Efficient Heating – Features an impressive 95% heating efficiency rating and reduces operating cost by 30% or more\*
- Durable & Dependable – Over 20 years of proven performance in use

#EHE350NC- 350,000 BTU ASME Commercial Heater . . P.O.A.

## CAT CONTROLLERS

Introducing the CAT 6000, the industry's most advanced water chemistry controller. With an advanced, intuitive full-color touch screen, CAT 6000 guides you through programming. Innovative sensing technology utilizes a unique feature named "Dynamic Sanitizer Control", allowing for more precise sanitization control than ever before. The CAT 6000 uses innovative solid-state sensing technology\* for its low-maintenance true free chlorine, temperature, and conductivity sensors. The CAT 2000@ constantly monitors pH and sanitizer activity (chlorine, bromine, even salt systems) and automatically implements chemical feeding in proportion to demand for picture-perfect water quality at all times.

#CAT2000 Standard Controller . . . . . \$2,697.91  
 #CAT 6000 Free Cl, Wifi/Cellular Controller . . . . . \$6,123.25

## AQUARITE

As the global leader in salt chlorination, Hayward provides luxuriously soft water and the most convenient sanitization method on the market to millions of pool owners around the world. With the introduction of AquaRite 900, we're taking our industry-leading technology to the next level. AquaRite 900 is designed to provide the same superior salt chlorination you expect from Hayward, but with an Extended Life TurboCell, it produces 25% more chlorine over its lifetime than our leading AquaRite systems. The Extended Life TurboCell cuts your chlorine costs by 50% or more, to less than \$1 per pound. Plus, with an industry best 4-year warranty, you can relax in the comfort of your pool completely worry-free.

#AQR940 Aqua Rite 900 (w/40k cell) . . . . . \$2,660.13  
 #TCELL940 40K gal replacement cell only (4 yr warranty) \$1,546.07

## PRO SERIES FILTER

For both new and aftermarket installations Pro Series filter provide efficient flow, totally balanced backwashing and an advanced self-cleaning under-drain system for the best value in filtration. Durable corrosion-proof filter tank molded of color-fast material for long-lasting, all-weather performance. 7-position Vari-Flo valve provides maximum flow at lower pressure drop. Large pressure sand/water drain for rapid winterizing or servicing. Flange clamp design allows 360 rotation for easy installation. Integral top diffuser ensures even distribution of water over the entire sand bed for maximum use of the filtration area. Precision engineered umbrella-fold self-cleaning laterals for balanced flow and backwashing, plus easy serviceability.

#S166T 16" Sand Filter w/valve . . . \$480.29

## SWIMCLEAR CARTRIDGE FILTER

SwimClear single element filters are simply the most efficient single element cartridge filters ever produced. They capture more dirt for superior water clarity without the need of supplemental media while the industry's lowest head loss can increase energy savings. SwimClear is also the easiest to service: the Easy-Lok™ ring design, ergonomic grip handles, and lowest lift height provide fast cleaning and element replacement.

#C100S Swim Clear 100sq. ft. . . . . \$691.40  
 #C150S Swim Clear 150sq. ft. . . . . \$952.54

## PERFLEX EXTENDED-CYCLE DE

The Perflex Extended-Cycle DE filter series cleans pools fast-removing particles as small as one micron the first time through. That's because Perflex incorporates a patented Flex-Tube™ design that works in combination with DE (diatomaceous earth) filter powder to produce the clearest, most sparkling water possible.

#EC65A . . . . . \$1,210.99  
 #EC75A . . . . . \$1,303.62

HAYWARD PRODUCTS

## VS OMNI PUMP W/SMART CONTROL

VS Omni variable-speed pumps offer the simplest, most affordable way to add smart control to an existing pool. Fast and easy to install, VS Omni can control up to 4 pieces of equipment. This pump enables pool owners to set schedules and control their pool and spa equipment with their smart phones from anywhere. Works with Amazon, Alexa, Nest and other popular smart phone home automation systems. Provides industry-leading energy cost savings and can pay for itself in less than 2 seasons  
 #HL2350020VSP MaxFlo Omni Pump w/Controller (1.65THP) \$2,477.11

## POWER-FLO MATRIX

The Power-Flo Matrix has been engineered as a uniquely superior above-ground pool pump. With a single push of a button, this truly versatile pump changes from a discharge and back again. It's large profile and integrated styling makes the Power-Flo Matrix a swimming pool pump like no other.

Model No.	HP	Voltage	Pipe Size	Ctn Weight	Price

# POOL LIGHTS & ACCESSORIES

## INTELLIBRITE® 5G COLOR LED

The incredibly efficient IntelliBrite 5G color-changing pool lights are made up of combinations of individual, color LED lights that are automatically sequenced at varying speeds, producing a vibrant spectrum of hues. The superior design allows for uniform light intensity and color while avoiding hot spots and glare.

Choose from 5 predetermined fixed colors (blue, green, magenta, white and red) or 7 popular preprogrammed "color shows".

#601000 Pool 120V 30' cord . . . . .	\$1,293.60
#601001 Pool 120V 50' cord . . . . .	\$1,325.16
#601010 Pool 12V 30' cord. . . . .	\$1,197.69
#601011 Pool 12V 50' cord. . . . .	\$1,233.08
#640120 Spa 120V 30' cord . . . . .	\$1,035.38
#640121 Spa 120V 50' cord . . . . .	\$1,067.62
#640130 Spa 12V 30' cord . . . . .	\$979.92
#640131 Spa 12V 50' cord . . . . .	\$1,016.0

## INTELLIBRITE® 5G WHITE LED

The IntelliBrite 5G white lights combine unmatched energy efficiency with superior light intensity and distribution. The exclusive design can be adjusted to create a standard, wider beam or a narrower pattern, depending on your pool's needs.

#601100 Pool 120V 30' cord . . . . .	\$779.31

F.O.B. FACTORY PRICE ON APPLICATION

## REPLACEMENT BOARDS

### Eureka Diving Board

The Eureka is the ultimate board for heavy-duty use on commercial pools. It is available in both 14' and 16' lengths. The Eureka Boards feature a durable acrylic outer body (skin) and a non-slip tread. The entire core is reinforced with fiberglass.

### Swim Club Diving Board

The Swim Club Board is the ideal mid-range board for commercial pools. It is available in 10', 12', 14' and 16' lengths. It has a durable acrylic outer body and a non-slip tread.

### Olympian Aluminum Diving Board

The Olympian Aluminum Board is intended for heavy duty use on commercial and residential pools. It is available in 8', 10', 12', 14' and 16' lengths. The Olympian Aluminum Diving Board features an epoxy and welded beam extrusion construction with welded ends, providing exceptional durability, and a non-slip tread for maximum safety.

### Frontier III Diving Board

The Frontier III Commercial Board has a durable acrylic outer body and a non-slip tread. It is available in 10', 12', 14' and 16' lengths.

Priced on Application

## DIVING TOWERS

Heavy-duty towers designed for commercial aquatic facilities. Our diving towers pair with a variety of 8' to 16' boards, and are designed for a wide range of usage levels and pool envelopes.

### Deluxe

Deluxe towers come in 1 and 3 meter heights to accommodate 14' or 16' diving boards, allowing you to find the perfect size for your commercial diving pool. Choose from right, left, dual or heel mount models. The steel tower is primed only and ready for a paint topcoat.

**833 SWIM 327**  
833-7946-327  
[www.halogensupply.com](http://www.halogensupply.com)

### Steel Meter

The Steel Meter stand comes in three sizes ranging from 1/2 meter to 1 meter in height. Although ideal for commercial applications that require a strong and durable diving tower, the 1/2 meter size is also appropriate for residential pools where the diving board gets a lot of activity. The stainless steel, powder coated construction is built to last for years with minimal maintenance. Board length will be determined by size and type of pool. Handrails are required for 3/4 and 1 Meter models and are sold separately

## LIFEGUARD CHAIRS

### O-Series: 360° Visibility

Scan more with the O-Series Lifeguard chair. Its circular design offers a full view of the protected area and unobstructed exit capability which enables quicker response to potential threats. Plus it's portable so you can have protection where you need it.

### Low Profile

This unit offers portability in a traditional form factor with the added benefit of 360° viewing

### Standard

This narrow profile unit offers portability and a 6'/1.8m high seat for elevated scanning

### Sentry™ Lifeguard Chair

Designed to complement any aquatic environment, Sentry lifeguard chairs provide an elegant look that will stand the test of time. Constructed from high-density polyethylene (HDPE) they are strong, durable and low maintenance.

Priced on Application

## DIVING BOARDS TOWERS, STARTING PLATFORMS & LIFE GUARD CHAIRS

**SR Smith™**

## STARTING PLATFORMS

### Universal

This platform's unique u-shape design provides a wide staging area that promotes safe platform access and doubles as a combination coaching step/rest area.

### Legacy™

These single-post models are ideal for competition aquatic facilities.

### Velocity

Designed for fast, solid starts, the Velocity Starting Platform is the next generation of starting blocks.

## POOL LIFTS

### THE MIGHTY 400 & THE MIGHTY 600

The Mighty series is ADA compliant and UL certified to meet pool lift standards 60335-2-1000.

The Mighty lifts provide accessibility solutions with versatility, greater water drafts and a setback up to 44". Designed for in ground anchoring, the Mighty series will accommodate existing "standard" Scout 2 and Revolution concrete anchors. Created for its adaptability, the Mighty's can be purchased with a pedestal for additional wall clearance or unusual gutter profiles. Pedestals come in 8", 1', 2', 3' and 4' options.

The Mighty series is ideal for easy and affordable ADA compliance. US Patent Pending. \*If you have an existing Revolution anchor please let your sales rep know\*

#### Standard Features:

- UL Certification
- Setback up to 44"
- 360 degree rotation
- Direct drive rotation
- Flip-up armrests
- Stainless steel construction
- Durable powder coat finish
- Five year pro-rated electronics warranty
- Five year structural warranty

#### THE MIGHTY 400 LIFT

**F-MTY 400: Mighty 44, No Anchor**

- 400 pound ( 181 kg ) weight capacity
- Up to 12" deck to water

#### THE MIGHTY 600 LIFT

**F-MTY 600: Mighty 44, No Anchor**

- 600 pound ( 272 kg ) weight capacity
- Up to 14" deck to water

\*Plastic color options - standard blue, gray, tan or white

\*Powder coat options - white, gray or tan

#### Pedestal Options

Standard Pedestal, 8" anchor inserts

Shallow Pedestal, 4" anchor inserts

\*Pedestals come in 8", 1', 2', 3' and 4'

options (powder coat options, white, gray tan)

### THE RANGER 2 LIFT

Welcome the newest lift in the Pro Pool Series, the Ranger 2 Pool Lift. The Ranger 2 is the newest version of our most popular lift, The Ranger. The new ADA compliant lift features a field reversible design, 350 pound weight capacity, UL Certification, and comes standard with a 14 inch deck to water draft.

The Ranger 2 upholds the same standards for durability and reliability as all Aqua Creek pool lifts. This lift is ideal for use on smaller hotel and motel pools. It is also a great choice for backyard pool enthusiasts who enjoy their independence. This lift is designed to be independently operated by the user, allowing full control of the lift with an easy to use 2 button handset.

The Ranger 2 is available with the same color options, solar charging station, anchoring system, and accessories as the Pro Pool Series lifts.

#### Features:

- UL Certification 350 lb (160 kg) weight capacity
- Setback range 14.5" to 19" (37 - 48 cm)
- 14" Water draft
- Field reversible
- Adjustable base plate
- All stainless steel construction
- Durable powder coat finish
- Flip-up armrest
- Adjustable footrest & lap belt
- Water resistant handset
- Rechargeable battery with wall mount charger
- Five year pro-rated electronics warranty
- Five year structural warranty

## TAYLOR 2000 SERIES KITS

A.

### A. 2000 SERIES TEST KITS by Taylor

The K-2000 test kit will test for free available, total and combined chlorine and bromine, pH, acid and base demand. All reagents are ¼ oz.

**K-2000 . . . . . \$52.50**

B.

### B. COMPLETE™ - HIGH (K-2005)

- ¼ oz. Reagents
- Free & Total Chlorine 1-10 ppm
- Bromine 2-20 ppm • pH 7.0-8.0
- Acid & Base Demand
- Total Alkalinity
- Calcium Hardness • Cyanuric Acid

**K-2005 . . . . . \$82.49**

D.

### D. COMPLETE FAS-DPD CHLORINE

Same as K-2005 except uses 9058 comparator, sanitizer tests are titrations to improve accuracy and eliminate color-matching problems, and Free & Combined Chlorine is 1 drop = 0.2 or 0.5 ppm

**K-2006 Complete FAS-DPD Chlorine \$101.33**

### SERVICE COMPLETE FAS-DPD CHLORINE

Same as K-2006 except features 2 oz. reagents, more DPD powder, and large carrying case

**K-2006C Service Complete \$178.79**

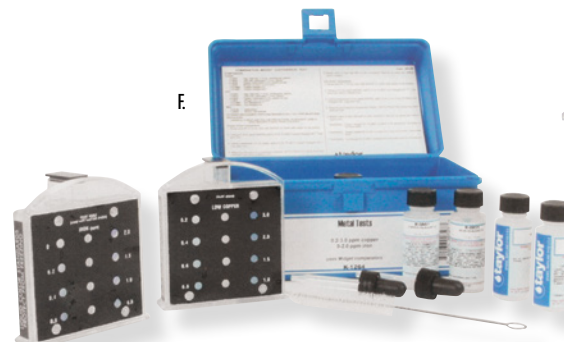

### COMPLETE FAS-DPD BROMINE

Same as K-2006 except CYA test is not needed and Bromine 1 drop = 0.2 or 0.5 ppm

**K-2106 Complete FAS-DPD Bromine \$96.89**

## TAYLOR COMMERCIAL SERIES

Kits in the Commercial Series test for two closely related parameters using liquid-color standards. The Slide and Midget comparators in this series give the **most accurate colorimetric readings available** short of high - end electronic instrumentation. Cases are custom-molded plastic; reagents are .75 oz. in Midget kits and 2 oz. in Slide kits.

F.

### THE SLIDE COMPARATOR

Recognized by nine liquid-color standards and three test cells. Slide sits in Enslow base. Measures one parameter. Calibrated to work with specific reagents. Use to compensate for color and/or turbidity in the water sample.

G.

### G. DPD CHLORINE-HIGH & pH SLIDES

Free & Total Chlorine 1.0 - 10 ppm pH 6.8-8.4  
**K-1765-H Chlorine-High & pH Slides \$261.39**

### DPD CHLORINE-LOW & pH SLIDES

Free & Total Chlorine 0 - 3.0 ppm pH 6.8-8.4  
**K-1765 Chlorine-Low & pH Slides \$258.80**

### F. COPPER & IRON MIDGETS

Copper 0.2 - 3.0 ppm Iron 0-2.0 ppm  
**K-1264 Copper & Iron Midgets \$166.03**

### THE MIDGET COMPARATOR

Recognized by eight liquid-color standards and a single test cell. Measures one parameter. Calibrated to work with specific reagents. Use when color and turbidity in the water sample are not problems.

## TAYLOR PROFESSIONAL SERIES

H.

## TAKE A LAB POOLSIDE

### H. PROFESSIONAL COMPLETE CHLORINE

Provides the pool professional with accurate and reliable analysis of the major testing requirements for all pools, spas, and hot tubs. Each kit contains slide comparators which provide the most accurate colorimetric comparisons available. The professional complete test kit, tests for DPD chlorine 0.0-3.0 p.p.m. and 1.0-10 p.p.m., pH 6.8-8.4, acid and base demand, total alkalinity, calcium hardness, cyanuric acid, copper 0.0-3.0 p.p.m., iron 0.0-2.0 p.p.m. and total hardness. A must for every pool professional.  
**K-1741C Professional Complete . . . \$639.80**

# LAMOTTE TEST KITS & ACCESSORIES

**A. ColorQ PRO 7**  
 The ColorQ PRO7 photometer was designed for pool and spa professionals to measure seven primary pool and spa tests directly on a digital display. Test factors include **Free Chlorine, Total Chlorine, Bromine, pH, Alkalinity, and Calcium Hardness** using liquid or tablet reagents to measure tests, and **Cyanuric Acid** with 100 TesTabs®. The user friendly photometer, testing reagents and photo-diagrammatic multilingual instructions (English, Spanish, French) are packaged in a convenient carrying case.  
**MODEL LA-2056** (Reagent version) . . . . . \$208.95  
**MODEL LA-2057** (Tablet version) . . . . . \$208.95

## COLORQ REAGENTS & TEST TABS

<b>3883A-H</b> CA Tabs 50 pack . . . . .	\$19.50

**B. INSTA-TEST 3 TEST STRIPS** Insta-test 3 strips provide the simplest and precise test for free chlorine or bromine (0–10 ppm) total alkalinity (0–240 ppm) and pH (6.8–9.0) in the market. Comes complete with 50 strips per bottle and complete instructions. **2976** . . . . . \$8.25

**INSTA-TEST 5** Tests for free and total chlorine/bromine, pH, total alkalinity and total hardness. Comes complete with 50 strips per bottle. **2977** . . . . . \$13.33

**INSTA-TEST PHOSPHATE** Measures the phosphate levels from 0, 100, 200, 300, 500, 1000, in 15 seconds. The phosphate strips are packaged 25 strips to a bottle. **3021** . . . . . \$13.00

**INSTA-TEST SALT** Measures from 1500, 2000, 2500, 3000, 3500, 4000 and 5000 ppm in 20 seconds. The Salt Strips are packaged 10 strips per bottle. **2998** . . . . . \$8.25

**C. WATERLINK® SPIN TOUCH™**  
 The innovative WaterLink® Spin photometer does all your pool and spa water testing for you. Each sealed reagent disk contains the precise amount of reagent needed to run a complete series of tests. Just fill one unique Spin reagent disk with less than 3 mL of water and all your vital tests are done automatically. In just 30 or 60 seconds all the test results are transferred into the DataMate® software (sold separately) and analyzed to display results and recommend precise treatment instructions.

- C. 3581** Mobile Waterlink Spin Touch Lab . . . . . \$1,305.94
- D. 4335-H** 3 Use Free CL/BR/ALK/PH (50 pkg) . . . . . \$148.75

## E. POCKET TESTERS

Lamotte Pocket Testers are a great way to accurately test your levels. They feature an easy to read LCD screen and push button calibration.

- 5-0103** Waterproof Ph Pocket Tester . . . . . \$189.58
- 1749** Salt/TDS/TEMP Pocket Tester . . . . . \$159.39

E.

**F. LAMOTTE DIP CELL SERIES TEST KIT**  
 This 7013L Test kit is designed for the pool operator and service pro. It tests for free and total chlorine in ranges of 0.5–10.0 ppm, pH 6.8–8.2, total alkalinity, calcium hardness, acid and base demand and cyanuric acid. Comes complete with color coded instructions and handbook.  
**7013L** . . . . . \$98.13

**G. LAMOTTE'S POOL MANAGER SERIES KIT**  
 This kit is an all table test kit designed for public pool operators. The precise Octa-Slide Comparator System tests for free and total chlorine 0.5–10.0 p.p.m., pH 6.8–8.2, total alkalinity, calcium hardness, acid demand and cyanuric acid. Also includes diagrammed instructions, saturation index calculator water quality handbook and enough tablets for 50 tests (Cl and pH).  
**3368-NJ** . . . . . \$115.77

**H. LAMOTTE PRO 250 SERIES TEST KIT**  
 This is a complete kit for the commercial public pool operator. It tests for free and total chlorine, pH, total alkalinity, calcium hardness, acid and base demand, cyanuric acid and copper and iron. A must test kit for the commercial pool operator.  
**7002-NJ** . . . . . \$244.76

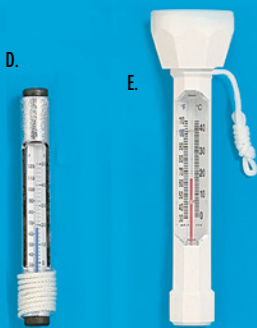

**I. LAMOTTE EC-5 CYANURIC ACID KIT**  
 This kit provides an economical and simple way of determining cyanurics by turbidity methods in pools and spas in ranges of 20–100 p.p.m.  
**6838** . . . . . \$39.69

**J. LAMOTTE TEST TABLETS**

<b>6999A-J</b> DPD #1 tablets . . . . .	\$8.40 per 100

**26244GDX #3 Sol. . . . . \$4.92**

- C. TAYLOR DPD TEST KIT**  
 This kit tests for free chlorine, .5–5 ppm or bromine 1–10 ppm, pH 6.8–8.2. Ideal for above-ground pool owners. **K-1001 . . . . . \$14.63**
- D TAYLOR TROUBLE-SHOOTER TEST KIT**  
 This kit tests for free and total chlorine, .5–5 ppm or bromine 1–10 ppm, pH 6.8–8.2 acid demand and total alkalinity. **K-1004 . . . . . \$25.88**

- E. RAINBOW CHALLENGER TEST KIT**  
 This kit is geared for the above-ground pool owner and tests for total chlorine (0.1–3ppm) and pH (6.8–8.2). **R151076 . . . . . \$17.48**
- F. RAINBOW CHALLENGER BROMINE TEST KIT**  
 This kit tests for bromine (0.4 to 3.0 ppm) and pH (6.8–8.2). Is ideal for residential pools and spas utilizing bromine. **R151196 . . . . . \$16.36**
- G. REAGENT REFILL FOR RAINBOW TEST KITS**  
 OTO & PH 1/2 oz. reagent pack refill. **R161150 . . . . . \$6.57**

## TEST KITS

# PALINTEST TEST KITS RESIDENTIAL TEST KITS THERMOMETERS

- A. POOL TEST 10 BLUETOOTH®**  
 The Pooltest 10 Bluetooth is ideal for large commercial pools, spas and pool engineers. The Pooltest 10 is quick and easy to use and is fully integrated with the Palintest tablet test reagents.
- Built in water balance calculations
  - Store 100 user ID's and 500 datasets
  - Includes all major pool parameters
  - Digital measurements for quick and accurate results
  - Simple and easy to use
  - Waterproof and portable
  - Suitable for poolside use
  - Bluetooth and USB connectivity
  - Compatible with Palintest's Aqua Pal app

### Test for

- Bromine
- Calcium Hardness
- Chlorine (free, combined & total)
- Copper
- Cyanuric Acid
- Iron
- Ozone
- pH Phenol Red
- Phosphate
- Total Alkalinity

## SAFETY EQUIPMENT

### D. DRI-DEK® – THE SELF-DRAINING FLOOR SYSTEM

No more puddles. No more wet floors. No more germs. Now there's Dri-Dek. The perfect solution for showers. Steam rooms. Dressing areas. Locker rooms – or any place that gets wet. Why? Because Dri-Dek's textured surface not only drains water. Its patented design lifts you above wet floors, too. And it comes in 9 designer colors. So you can match decor. Anywhere. Any time.

#978 1' x 1' Dri-Dek . . . . . \$7.40  
#978-3x4 3' x 4' Dri-Dek sheet . . \$104.18  
#978-3x12 3' x 12' Dri-Dek Roll . \$307.93  
#978-CORNER 2" x 2" Corner. . . . \$2.17  
#978-EDGE 2" x 12" Edge . . . . . \$3.45  
For color choices, add to code number  
(example: #978-1): -1 Red, -2 Yellow, -3 Blue,  
-4 Almond, -5 Green, -6 Gray, -7 Black, -8 Burgundy,  
-9 Teal. F.O.B. Naples, FL

### E. C.P.R. MICROSHIELD

A "First Response" protective device which provides a barrier between the victim and the rescuer, and one-way valve that prevents the victim's secretions from contacting the rescuer. Packaged in a convenient vinyl case with instructions, it is ready for use any time and is completely disposable.

**Note:** The microshield is for use by C.P.R. trained individuals only.

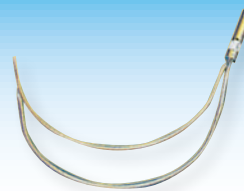

**DO NOT USE ON INFANT VICTIMS.**

Dispose of after initial use.

#975 . . . . . \$11.93

E. #18604 24 Unit First Aid Kit. . . . . \$76.50  
(ILLINOIS STATE APPROVED)

### G. LIFE HOOK and RESCUE POLE

Double loop life hook with 2-6 ft. poles.  
#909 Life Hook with Rescue Pole . . . \$144.44

H. #909A Life Hook only . . . . . \$34.10

### I. RING BUOY ASSEMBLY

U.S.C.G. Approved. Ideal for camps, pools and home use. Assembly consists of our JB-20 ring buoy. Equipped with stainless steel rack and 60 ft. throw line.

#962 . . . . . \$157.00

### J. RING BUOYS

U.S. Coast-Guard approved. Ring buoys are made of PVC foam. Covered with heavy nylon fabric.

#JB-20 20" dia. . . . . \$101.85

#JB-24 24" dia. . . . . \$109.20

### K. THROW LINES

Polypropylene throw lines with float can be attached to a ring buoy without taping or splicing.

#957 60' long . . . . . \$32.18

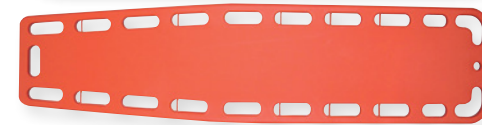

### L. WATER RESCUE TUBES

A wrap-around type life-saving aid for open water. Made of the highest quality Ensolite enclosed cell foam. Covered with an extra heavy duty vinyl skin. Comes complete with towline and shoulder strap. This device is not U.S.C.G. approved.

#980 40" Rescue Tube . . . . . \$67.41

#980A 50" Rescue Tube . . . . . \$73.50

## SAFETY EQUIPMENT

M.

### M. SPINE BOARD

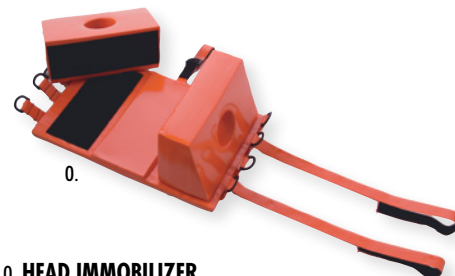

AB Spineboard is an economical yet extremely strong board. The shell of the board is heavy duty and is x-ray translucent. The board comes with 21 hand holds and 8 pins for your strapping needs. The spineboard is waterproof and excellent for water rescue. The weight capacity of this board is 700 lbs. It's made of durable polyethylene. In large orders, we can do custom colors.

#10-993-ORG Spine board only 72" x 18" x 2.5" \$176.40

N.

N. #10-301-BLK One piece spine board strap 72" x 2" \$11.93

O.

### O. HEAD IMMOBILIZER

Head Immobilizer is easy to use and is compatible with the majority of spineboards on the market. Our immobilizer features side blocks with fast-stick closures for a snug fit and up to 50% more support surface. The Head Immobilizer comes with 2 head/chin straps and a base plate that adheres easily to the board. It's waterproof and buoyant, so it can be used for water rescues. Can easily be cleaned and disinfected for reuse.

#10-001-ORG Water rescue model 10" x 16" x 7" \$110.25

P.

### P. VELCRO SPINE BOARD STRAPS

Velcro straps are made of durable nylon webbing covered with velcro, enabling the user to accomplish fast and firm immobilization. This strap is for use with all spine boards. It's sold in a set of three.

#10-305-ORG Velcro spine board straps  
Set of 3 . . . . . \$4 2.00

# SAFETY VACUUM RELEASE SYSTEMS GRATES & SUMPS

## SR-500 Stingl Switch (Safety Vacuum Release System)

The Model SR-500 is a Safety Vacuum Release System (SVRS) which works by monitoring the vacuum on the suction side of the pool or spa pump. When a blockage occurs in the main drain or skimmer a sudden rise in vacuum will cause the SR-500 to shut down pump operation and activate an audible alarm. The pump will remain off with the alarm sounding until manually reset.

#SR-500.....\$832.50

Note: High Voltage 240/480 triple phase 3.5 HP pumps (20 amps) or greater require a contactor. (not included)

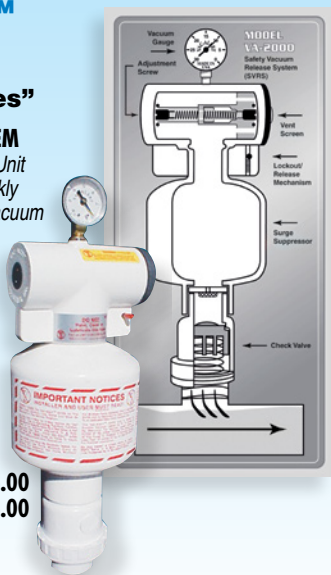

## Vac-Alert™

“Save a child’s life....  
Vac-Alert™ saves lives”

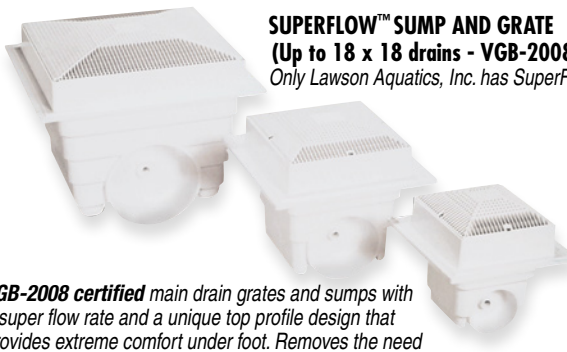

### SAFETY VACUUM RELEASE SYSTEM

- Vac-Alert™ Model VA-2000 SVRS Unit reacts in less than a second to quickly release dangerous pump suction vacuum
  - A totally mechanical safety system easy to install, adjust, and test
  - Made of engineered plastics and 316 stainless steel
  - The vac-alert complies with ASME/ANSI standard A112.19.17 for vacuum release systems for residential and commercial pool and spas
  - 3-year limited warranty
- #VA-2000S Below Grade Unit \$725.00  
#VA-2000L Above Grade Unit \$725.00

## SUPERFLOW™ SUMP AND GRATE (Up to 18 x 18 drains - VGB-2008) Only Lawson Aquatics, Inc. has SuperFlow™

VGB-2008 certified main drain grates and sumps with a super flow rate and a unique top profile design that provides extreme comfort under foot. Removes the need for field-built sump certification.

- Open grate area of 54%-allowing for a maximum flow rate
- Internal plumbing fittings instead of external. Allows stacking and avoids breaking off or cracking during shipment, pressure testing or handling.
- Unique built-in water stop with two vertical extensions prevents water passing over the flange.
- A solid one-piece, injection-molded unit. Less expensive than fabricated PVC sheets, stainless steel and fiberglass.

### MAHC-I SERIES

18" x 36" Stainless Steel Sump with Four 9" x 18" Anti-Entrapment Suction Outlet Covers

For ANSI/APSP-16 flow ratings and VGB Certification documentation.

Floor/Wall 1,674 GPM at 1.5 fps  
Floor/Wall 1,116 GPM at 1.0 fps

358 square inch opening

Configurable sumps simplify compliance with the Model Aquatic Health Code, the International Swimming Pool and Spa Code, and the latest revisions to ANSI/APSP-16.

Priced on application

# emotron®

**A simple, cost effective VGBA solution to prevent pool and spa entrapment**

### Key Features

The Emotron PSP20 uses the existing Pump Motor as a Sensor to protect swimmers from pool & spa entrapment. When a spa or swimming pool pump experiences a loss of suction caused by the drain being blocked, the PSP20 detects a significant drop in motor load and shuts the pump off in 1 second

## ANTI-ENTRAPMENT

### AEGIS ANTI-ENTRAPMENT SHEID

- ASME A112.19.8.a-2008 VGB-2008 & NSF Certified
- Easily installed over existing main drains
- Prevents bather entrapment
- Fiberglass construction
- No bonding required
- Slip resistant surface
- Includes stainless steel hardware
- Wall flowrate: 1120 GPM
- Floor flowrate: 1432 GPM
- Life: 15 years - submerged outlet
- Covers up to 24" x 24" main drain

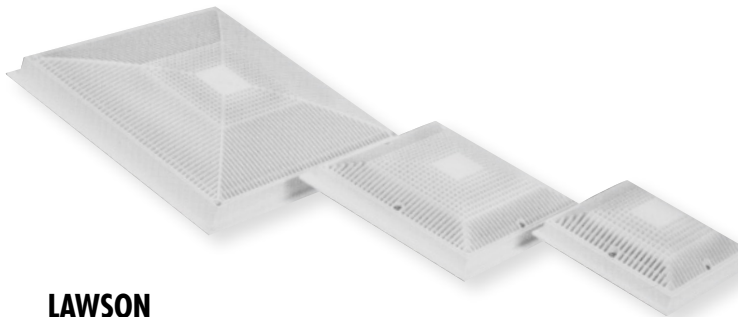

1/4" dia S.S. drop-in anchors with 1/4" S.S. fasteners & washers

MODEL NUMBER	OVERALL SIZE L x W	OPEN AREA	MAX. FLOW RATE @ 1.5 F.P.S.

## FRAMES AND GRATES

### VIRGINIA GRAEME-BAKER POOL & SPA SAFETY ACT

By December 19, 2008

**ALL public pool owners must**

- Install drain covers that meet ANSI/ASME A112.19.8-2007 standard on EVERY drain/grate.
- Install an automatic shut-off system, gravity drainage system, Safety Vacuum Release system (SVRS), suction-limiting vent system or disable the drain, if the pool operates off of a SINGLE main drain. Pools and spas with unblockable drains are exempt from this requirement.
- Ensure that dual or multiple main drains are at least 3 feet apart.

**WARNING:** Installing a VGB Act approved grate does not necessarily establish compliance. ONLY a professional design engineer or your local health department can help you to confirm that all criteria of the act have been met.

**Universal Drain Cover**  
Concrete, Vinyl & Equalizer Pools

### SDX2 RETRO HIGH-FLOW SAFETY DRAIN

SDX2 is a high flow suction outlet suitable for use as a wall fitting, or as a floor fitting when debris removal is not a concern. Available for concrete, vinyl and fiberglass pools, SDX2 performs at a very high flow rate while operating at one of the lowest velocity ratings in the industry. SDX2 boasts a flow rating of 188 gpm on the floor and 154 gpm on the wall.

# ENERGY SAVING SYSTEMS

## Filtrex INCORPORATED

Filtrex regenerative diatomaceous earth filters eliminate the need to backwash . . . saving makeup water, chemicals and heating energy. Filtrex provides unequalled water clarity – up to 99% effective in removing contaminants down to 1 micron.

Halogen has over 400 Filtrex installations. Call for references in your area.

## REGENERATIVE D. E. FILTERS

Diatomaceous Earth (D.E.) is the best pool filtration media. Filtrex makes the best D.E. Filter. Filtrex's advanced technology combines low carbon stainless steel construction with the exclusive Flex-Tube™ filter element and a proven system of precoat regeneration to eliminate the need for continuous slurry feed throughout the filter cycle. The New Vacuum Transfer System, now standard on all New Filtrex Systems, allows for quick and easy filter precoat and eliminates airborne diatomaceous earth previously associated with the old precoat tank. Existing Filtrex Systems can also be retrofitted with the New Vacuum Transfer System. Call us toll free for more information.

## EPD POLY LINED STEEL HIGH RATE SAND FILTERS

EPD has utilized the latest in plastics technology to bring you the new Poly lined steel filter vessels (50 and 100 psi models) which combine the corrosion durability of linear low-density polyethylene with the strength of steel. The monolithic liner means the need for cathodic protection is eliminated. These new poly lined steel tanks can be ordered with 13.5 or 16.5 sq. ft. of filter area per tank in single (1) through (8) tank configurations with the automatic filter controller, the EPD Hi-Rate sand filtration system does not require supervision of its day to day operation. Operating and maintenance costs, normally associated with commercial filtration systems, are non-existent. The automatic backwash control console is programmed to perform all of the filtration and backwash functions automatically 24 hours per day, 365 days per year. Systems can be also purchased with semi-automatic and pressure differential controllers. **Price on Request**

## HALOGEN CONTROLLERS

### All-Encompassing Control of Regenerative Systems:

It's More Than a Filter, It's a Science.  
**HALOGen.RTS (Regenerative Total System)**  
**HALOGen.CS (Custom System)**

Benefits include:

- Ease of Use
- Total System Control
- Mobile Connectivity
- Training Built In
- Alarm Logging and Trend Reports
- Maximize Resource Savings - Minimize Operating Costs

#### Ease of Use

- Large 15 1/2" color touch screen with sound, graphics and video
- Intuitive user interface and experience
- Graphically displayed system status shown on one screen
- Flexibility with auto or manual modes
- User-friendly set-point entry
- Accessible from tablets, mobile devices and PCs

#### Total System Control

- Filter cycle control
- Flow control with VFD
- Chemical control
- Temperature control
- Level control with automatic fresh water makeup
- Cleaning modes
- All safety interlocks
- Customized solutions tailored to your facility

**HALOGen.RTS**  
(Regenerative Filter System) and  
**HALOGen.CS** (Custom System)

#### Training Built In

- Training videos with audio for all procedures
- Imbedded manuals and data sheets specific to system design

#### Alarm Logging and Trend Reports

- Real-time trending reports for all control loops
- Trending histories stored
- Easy-to read graphical displays of real-time trends and histories
- Audible alarms to alert staff
- Alarm emails immediately sent to staff

#### Maximize Resource Savings - Minimize Operating Costs

- Complete integration of all system controls maximizes resources and ease of use
- System component synergy contributes to the longevity, performance and efficiency of a pool system.

## BLUE-WHITE FLOW METERS

### A. MODEL F300 BLUE WHITE FLOW METERS

**NEW!** Dual scale reads Sched 40 & Sched 80 PVC.  
**NEW!** Easy to read red float with no more float bounce. Unique pitot tube design increases accuracy & reduces straight pipe requirements by 50%. The **F-300 Series** is a low cost, accurate pitot tube type flow meter designed specifically for the swimming pool industry. Mounts on horizontal pipe only. Specify for pipe or copper tubing.

Cat. No.	Size	SCH40 / SCH 80	Price
F-30150	1½"	10-70/10-60 gpm	\$114.14
F-30200	2"	20-120/18-100 gpm	\$122.68
F-30250	2½"	29-150/25-130 gpm	\$139.99
F-30300	3"	45-240/40-215 gpm	\$157.79
F-30400	4"	79-400/70-375 gpm	\$172.12
F-30600	6"	170-1100/160-1000 gpm	\$278.33
F-30800	8"	300-2200/275-1950 gpm	\$309.41

Note: Add a "P" to Catalog No. for PVC or Iron pipe; "T" for copper pipe.

### B. VERTICAL MOUNT FLOW METERS D-300/U-300

For installations with a minimal amount of room, hence more vertical pipe than horizontal. Please specify if direction of flow is up or down.

Cat. No.	Flow Direction	Size	SCH 40 /SCH 80	Price
U-30150	Up	1½"	12-70/10-60 gpm	\$139.19
D-30150	Down	1½"	12-70/10-60 gpm	\$139.19
U-30200	Up	2"	20-120/18-100 gpm	\$149.98
D-30200	Down	2"	20-120/18-100 gpm	\$149.98

Note: Add a "P" to Catalog No. for PVC or Iron pipe; "T" for copper pipe.

### C. BLUE-WHITE F-2000 DIGITAL FLOWMETER

The **F-2000 Series** is battery or plug-in transformer (included) operated and can be quickly installed on an instrument panel or wall. This top quality meter is accurate to ± 1% full scale and can handle pressure up to 300 PSI and temperature to 200°F.

Cat. No.	Pipe Size/Type	Flow Range	Price
RTPB-15K8	1½" (sch. 80)	15-150 gpm	\$901.62
RTPB-20K8	2" (sch. 80)	30-300 gpm	\$901.62

RTPB-80A8	8" (sch. 80)	400-4000 gpm	\$1,003.38
RTPB-100A8	10" (sch. 80)	600-6000 gpm	\$1,023.75
RTPB-120A8	12" (sch. 80)	800-8000 gpm	\$1,023.75

### D. BLUE & WHITE DIGI-FLO F-1000

This meter is ideal for those who require rate of flow only. The meter is shipped pre-programmed. The meter LCD display is powered with 2 (AAA) batteries. Please specify pipe type (sched. 40 or sched. 80 PVC).

#### Features:

- Display update time: every 2 seconds
- Enclosure ABS material
- Accuracy ± 2% full scale
- Saddle Mount design for easy installation.

## INTRODUCING

# FlowVis®

## FLOW METER

### E. FlowVis® Key Features

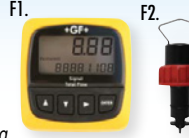

- The only flow meter to carry NSF 50 (required by CA Title 24)
  - NSF verified average accuracy 97.9%
  - Install right next to other fittings without the need for straight pipe before or after
  - Install horizontal, vertical, or even upside-down
  - Includes check valve function
  - Includes water velocity indication of 5', 7', and 9' per second
  - Establish correct flow rates for heaters, water features and chemical feeders
  - Quickly re-establish correct flow rates after customer tampering
  - Models for 1.5", 2", and 2.5" pipe
  - Retrofit kit easily, converts existing Jandy or Praher check valves into FlowVis flow meter or repairs existing FlowVis meters. No plumbing required.
  - Installing a flow meter with a variable speed pump allows you to use instrumentation to dial in the pump's optimum speed
- #FV-C Complete FlowVis for 2" & 2½" pipe . . . . \$189.00**

### F. SIGNET 8150 Battery Powered Flow Totalizer

The Signet 8150 Battery Powered Flow Totalizer is compatible with the Signet 515 and 529 flow sensors, and will provide years of dependable operation. The large digital display indicates flow rate and totalized flow volume simultaneously.

#### Features:

- Three totalizers: 2 resettable and 1 permanent, user-selectable
- Long-Lasting Lithium batteries
- Mounting versatility
- No-flow indicator
- Large digital display with averaging
- Simple push-button operation
- User-selectable access code prevents unwanted changes
- Auto-calibration

- F1. **#3-8150-1** (yellow body) FIELD MOUNT for Pipe, Tank and Wall Mounting . . . . . \$815.24  
**#3-8150-1P** (black body) PANEL MOUNT includes mounting bracket and gasket. Panel sold separately . . \$815.24

**#3-8150-P1 INTEGRAL MOUNT\*** 5" to 8" pipe . . \$1,303.23  
\* Mounted on Model 515 Paddlewheel Sensor For Installation Directly On Pipe to Be Monitored

### F2. SIGNET 515 ROTOR-X PADDLEWHEEL FLOW SENSORS

Cat. No.	Pipe Size	Price
P51530-P0	½" to 4"	\$449.54
P51530-P1	5" to 8"	\$517.83
P51530-P2	10" and up	\$560.18

See Installation Fittings For Mounting 515 Sensors and 3-8150 Integral Mount Units To Pipe

### G. SIGNET 2551 MAGMETER

The Signet 2551 Magmeter is an insertion style magnetic flow sensor without any moving parts. All versions are constructed of corrosion-resistant materials to provide long-term reliability with minimal maintenance costs. Utilizing the comprehensive line of Signet installation fittings, sensor alignment and insertion depth is automatic. These versatile, simple-to-install sensors deliver repeatable flow measurement over a wide dynamic range in pipe sizes ranging from 0.5 to 12 inches. The 4 to 20mA output can be used for a direct input to PLCs, chart recorders, etc. Price includes Magmeter sensor with local display.

#### Frequency or Digital (S²L) output No Display

with polypropylene and 316L SS Sensor Body. Programmable open collector for use with the 9900 instruments

Cat. No.	Pipe Size	Price

# LEVEL CONTROLLERS SAFETY SWITCHES GAUGES & ACCESSORIES

## WATERMASTER II LEVEL CONTROL SYSTEM

The WaterMaster II is an all-electronic level control system for commercial swimming pool applications. This system solves the level control needs of customers or designers who want to eliminate the need for pneumatic controls in their buildings systems.

The system controls surge tank water level to  $\pm 0.05$  feet of set point. The PLC controller also controls pool skimming action by measuring changes in gutter flow into the surge tank and turning on the fresh water make-up solenoid as needed.

The control package includes a PLC based level controller, either an ultrasonic level sensor or an electronic pressure reducer, a 120 volt hydraulic main drain modulating valve and a 120 volt slow closing fresh water make-up solenoid valve  
**Price on Request**

### B. LEVELOR ELECTRONIC WATER LEVELER

The alternative choice of contractors over mechanical floats. Trouble-free, easy to install and no moving parts. Levolor is a computer-controlled device that automatically detects and replaces a low water condition to a pre-set level. Works well on new and existing pools and spas and also where a consistent liquid level is desired like aquariums, ponds, reservoirs, storage tanks, water cooling towers, etc.

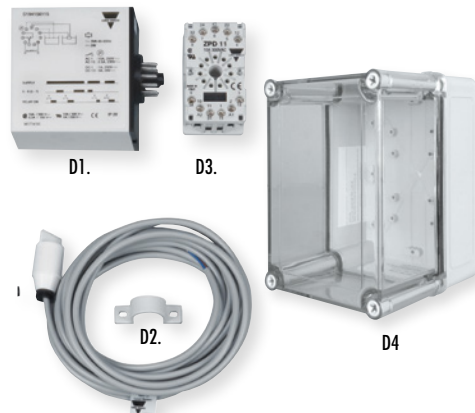

#K1100CKA Levolor Controller (110V) . . . \$750.17

### C. WARRICK AUTOMATIC WATER LEVEL CONTROL

To prevent vacuum filter overflow or to automate your city water make up to the swimming pool. This solid state control is more reliable as well as less expensive, compared to electromechanical units. Electrode fittings are available with either 2" pipe thread or 2" standard pipe flange. Electrodes are type 303 stainless steel.

- #16ML1A1 Warrick solid state level controller . . . . . \$616.83
  - #16ML1A0 Controller relay replacementless housing . . . . . \$463.37
  - #3E2B Electrode fitting threaded for two electrodes . . . . . \$592.88
  - #3E3B Electrode fitting threaded for three electrodes . . . . . \$674.77
  - #3F2E Electrode fitting flanged for two electrodes . . . . . \$755.39
  - #3F3E Electrode fitting flanged for three electrodes . . . . . \$858.79
  - #3R1C0 Electrode rod 1 ft. length . . . \$40.90/ft.
- NOTE: The third character in item no. indicates rod length. Please designate length when ordering and contact us for pricing.

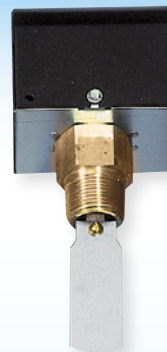

### D. CARLO GAVAZZI LEVEL SENSOR AMPLIFIER, CONDUCTIVE TYPE

Level control relay for conductive liquids for swimming pool applications. The relay operates approximately 10 seconds after the sensor is no longer immersed in the water. A complete system consists of all components listed below

- D1. #S194-156-115 Amplifier . . . . . \$357.32
- D2. #A94-10 Sensor . . . . . \$181.58
- D3. #ZPD11 11-Pole Socket . . . . . \$27.79
- D4. #VM755CT Enclosure for Gavazzi Controller \$113.99

## SWITCHES & VALVES

### E. MCDONNELL MILLER FLOW SWITCH

The FS250 Series flow switch with a 5 year warranty offers an economical and positive way to start or stop almost anything electrically operated. Actuate a signal light, sound an alarm, start or stop a motor, use wherever it is important to know when flow or no-flow occurs.

#FS251 . . . . . \$261.38

## POOL SENTRY

### AUTOMATIC POOL WATER LEVEL MONITOR

Pool Sentry takes the worry out of maintaining a constant water level. As any responsible pool owner knows pools lose water for a variety of reasons. Evaporation from the sun and wind, loss from playful splashing, the water gets carried out with emerging swimmers, and even minor leaks in the pool itself. The Pool Sentry works to keep water levels stable around the clock.

Works with above ground or in-ground pools!  
#M-3000 Pool Sentry. . . . . \$90.87

## BASKET STRAINERS

### FRP "T" STYLE BASKET STRAINERS by Mermade Engineered For Commercial Systems

Strainer Housings are fiberglass reinforced plastic construction. FRP and stainless steel components assure that wetted parts will not rust. Features include: quick opening latches, see thru lid, and a stainless steel basket. Flanged connections are drilled to ANSI 150 lb. standard. Strainers are pressure tested to 50 PSI.

## THERMOMETERS & SIGHT GLASSES

### A. INDUSTRIAL THERMOMETER

9" adjustable angle industrial thermometer. 0°-160° range with 4" bottom stem for installation in 3/4" NPT separable brass well. #SX93575 Thermometer only. . . . \$122.64 #W35B Brass well only . . . . . \$31.08 Other scale ranges available upon request.

### B. POOL HEATER THERMOMETER

#1416 Pool heater thermometer, 1/2" N.P.T. Bottom connection. Range 40°F to 280°F . . . . . \$30.45 #1416-1 Same as 1416, but with lower back connection. (Not shown). . . . . \$24.36

### C. LETRO THERMOMETER

Reads 30°F to 130°F and 0°C to 55°C. Easy read 3" dial. 1/2" N.P.T. Nylon well. #SL-1 DW Thermometer with well . . \$74.55 #SWN Well only . . . . . \$20.46

### D. SIGHT GLASSES

Constructed of non-breakable clear plastic with brass bodies and deflecting vane to force water through sight chamber. #1398 1 1/2" M.I.P. . . . . \$255.12

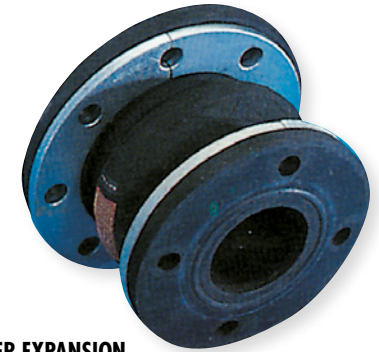

### E. IN-LINE SIGHT GLASSES

With ABS plastic bodies. #SP1072S 1 1/2" SKT . . . . . \$41.35 #SP1074S 2" SKT . . . . . \$42.23

## BASKET STRAINERS PUMP CONNECTORS THERMOMETERS SIGHT GLASSES & SERVICE CLAMPS

## PUMP CONNECTORS

## RUBBER EXPANSION JOINTS/REDUCERS

Constructed of neoprene and a high strength synthetic fabric to reinforce the body. These connectors reduce the force exerted on pipe lines and equipment, as well as control pulsation shocks and noise transmission. These joints can be used to connect pipes of the same size, as a concentric reducer for pipes of varying size that share a common centerline or eccentric reducers for pipes of unequal sizes with offset axes.

## \*PULSAR SYSTEMS

With the Pulsar® System chlorinator remarkable water clarity color and sparkle are as easy to achieve as they are to enjoy. The Pulsar System reduces the hazards of chlorine gas and liquid bleach, protects plaster and equipment and reduces chloramine odors dramatically. The Pulsar feeder chlorinates, removes organics and metals, boosts hardness and shock treats, all in one simple process. Pool water that's balanced using the Pulsar System is clean and clear with less hassle, leading to longer pool and equipment life.

### B. PULSAR I

For use on pools/spas from 500 to 50,000 gals. Capacity (weight of pellets): **27 lbs.** Feed-rate range (AvCl/day) (Minimum): **0.5 lbs.** (Maximum): **25 lbs.**

#79803 Pulsar I Chlorinator P.O.A.

## High-Tech Commercial Pool Disinfection with Powerful Performance

### A. PULSAR PRECISION

The Pulsar® Precision feeder is a high capacity erosion (HCE) feeder that is compact and lightweight with a modular design. This innovative feeder system is easy to maintain and service with a flexible design that allows for easy integration for small to large commercial pools.

- Won't overstabilize pool
- More concentrated than liquid bleach
- Dry, easy to handle formulation
- Will not cause reduction of ORP
- Highly concentrated to reduce shipping and handling costs
- Longer shelf life compared to liquid bleach

#73250 Pulsar Precision Feeder Complete P.O.A.

#73280 Pulsar Precision Feeder Only P.O.A.

#### Feeder Specifications

### C. PULSAR INFINITY

The Pulsar® Infinity system is an innovative approach to commercial pool chlorination. The patent-pending, slow dissolving tablets work with our easy to use Pulsar® Infinity feeder, an automatic solution that meets the needs of the modern pool facility. The Pulsar® Infinity system is a 3-in-1 product that chlorinates, increases calcium and boosts alkalinity. With the simplicity of an erosion feeder, the Pulsar® Infinity feeder's streamlined design is easy to install, service and requires minimal operator attention. Capacity (weight of tablets): **6.4 lbs.** Feed-rate NSF Listed @7lbs/day for pool applications and **5.5 lbs/day** for spa applications

#74444 Pulsar Infinity Feeder P.O.A.

#30056 Pulsar Infinity Tablets 25 lb pail P.O.A.

#30480 Pulsar Cleaner Solution 1 qt. (not shown) \$14.36

\*NOTE: ILLINOIS, NORTHERN INDIANA AND WESTERN MICHIGAN CUSTOMERS ONLY.

## STENNER CHEMICAL FEEDERS

D. Stenner Peristaltic Chemical Feeders are made of tough high strength polycarbonate plastic that is resistant to the most corrosive chemicals. Patented mechanical control allows precise controlled output and is self-priming. Comes complete with spare tube assembly, injection fitting and 20 feet of 3/8" tubing (1/4" tubing and fittings available upon request). Stenner maintains ETL (conforms to NSF STD-50), UL and CSA listing. Other models available upon request.

### SINGLE HEAD-ADJUSTABLE FEED RATE

## BLUE/WHITE FLEXFLO PERISTALTIC METERING PUMPS

### FEATURES:

- Peristaltic pump design does not have valves that can clog requiring maintenance.
- Self priming even against maximum line pressure. By pass valves not required. Cannot vapor lock or lose prime.
- Outputs pressures to 100 psi. • Base or rear panel mount.

### MODEL A-100NA FIXED SPEED - DIAL KNOB CONTROL

- Easy to use dial knob output control. • 20:1 turndown ratio.
- Adjustable 60 second repeating interval timer. 3-60 second adjustable on time per 60 second cycle. • Built-in Tube Failure Detection system (TFD). Senses chemical in the pump head, shuts off the pump and activates an NPN open collector output. • Compatible with Blue/White's output flow verification sensor system.

Model No.	Output GPD	PSI	RPM's	Pump Tube	Price
ATN00A-4T-1	2.3	100	14	1/4"	\$684.30
ATN10A-6T-1	16	100	30	3/8"	\$667.78
ATN30A-6T-1	30	75	60	3/8"	\$667.78
ATN10A-7T-1	52.5	50	30	7/16"	\$667.78
ATN30A-7T-1	95.1	50	60	7/16"	\$667.78

## NEW BLUE/WHITE PRO SERIES FLEXFLO A1A PERISTALTIC METERING PUMP

Specially designed for pools, Spas and Water Parks. Feed rates from .01 to 100 GPD Pressures to 40 PSI Tube Failure Detection (TFD) system Variable speed brushless DC motor 3-year warranty

- Peristaltic pump design does not have valves that can clog requiring maintenance.
- Self priming - even against maximum line pressure. Bypass valves are not required. Cannot vapor lock or lose prime.
- Outputs rates from .01 to 100 GPD (.01 to 15.8 LPH) and pressures up to 40 PSI (2.76 Bar).
- Energy efficient variable speed DC motor. to save money over VS. the competition
- Patented Tube Failure Detection (TFD) system. Senses tube failure by detecting chemical in the pump head, shuts off the pump and activates a 48VDC @80mA relay, No false triggering.
- Remote Start/Stop: Non-powered dry contact for remote start/stop.
- Three Nylon molded squeeze rollers for optimum squeeze, unparalleled accuracy, and long tube life.
- Heavy duty rotor - single piece plastic rotor means no flexing and increased accuracy with no metal springs or hinges to corrode.
- Chemically resistant tubing capable of pumping bleach (sodium hypochlorite), calcium hypochlorite 20%, and muriatic acid (hydrochloric acid).

Model.	Voltage*	Price
A1A4-7T	115 VAC	\$668.48

## CHLORINE & BROMINE EROSION FEEDERS

### HAYWARD SMALL RESIDENTIAL CHLORINATOR

**Easy-Lok Assembly** has thread assist mechanism to provide dependable sealing. **Chlorine Chamber** has extra large capacity CL-100 series holds 4.2 Lbs of Tri-Chlor tabs, CL-200 series holds 9 lbs. **Dual Regulating Valve** is easy to use and lets you control and adjust rate of feed.

- #CL100 In-Line 4.2 lb. capacity. \$111.59
- #CL200 In-Line 9 lb. capacity. \$143.33
- #CL110 Off-Line 4.2 lb. capacity \$125.87
- #CL220 Off-Line 9 lb. capacity. \$184.21

### RAINBOW IN-LINE FEEDER

Model 320 works the same way as Model 300 but is an in-line feeder. Comes complete for 2" standard PVC with pipe adapter for 1 1/2" pipe. Holds approximately 11-3" tablets or 98 small tablets. NSF listed. Treats 6,500 to 70,000 gallons

- #R171096 . . . . . \$145.61

### RAINBOW HIGH CAPACITY CHLORINE/BROMINE FEEDERS

These professional high capacity feeders are designed to sanitize large residential or commercial swimming pools using either Chlorine or Bromine tablets or sticks. For off-line 1" hard plumbing installations.

- #R171215-Model HC3315  
15 lb. capacity. Can treat up to 97,600 gals. with Chlorine (Tri-Chlor) and 20,200 gals with Bromine . . \$329.29
- #R171230-Model HC3330-30 lb. capacity.  
Can treat up to 160,000 gals. with Chlorine (Tri-Chlor) and 40,900 gals with Bromine . . . . . \$358.47
- #R171240-Model HC3340-40 lb. capacity can treat up to 332,000 gals. with Chlorine (Tri-Chlor) and 61,600 with Bromine . . . . . \$375.52

See page 58 for Erosion Feeder parts

### PENTAIR RAINBOW FEEDER

Model 300 works on pressure side of pump where chlorine is discharged in return line down-stream from equipment. For use with Bromine or Trichlor slow dissolving tablets. Comes complete with easy to adjust control valve and check valve. Holds approximately 11-3" tablets or 98 small tablets. NSF listed.

- #R171070 Treats 80,000 to 322,000 gallons . . . . . \$216.24
  - #R171016 Treats 12,000 to 48,000 gallons . . . . . \$131.54
- Holds approximately 237-1" tablets or 29-3" tablets. NSF listed. (Not shown).

## STORAGE TANKS

### POLYETHYLENE TANKS

Used for storage of liquid or granular chlorine, soda ash or sodium bisulfate solutions.

- #8613 30 gal. - tank only \$366.51
- #8614 55 gal. - tank only \$425.31
- #8625 Cover only for 55 or 30 gal. tank . . . . \$139.10
- #113 100 gallon polyethylene tank with cover . . . . \$1,000.16

### F.O.B Factory

Note: Other tank sizes available upon request.

## CHEMICAL FEEDERS

## ELECTRONIC METERING PUMPS

### PUMPS By LMI

The safest and most versatile solid state electronic metering pump made. Feed corrosive acids or caustics with confidence. Comes complete with suction, discharge, foot, injection check 4-way anti-syphon/priming valves and tubing. Call for pricing on models not listed here.

- #AD251-930SI 24 gpd/110 psi. \$1,244.25
- #AD261-940SI 48 gpd/50 psi. \$1,285.20
- #B121-490SI 60 gpd/100 psi. \$1,499.40

See page 59 for LMI parts

### ELECTRONIC PUMPS By Pulsatron

The Pulsatron chemical feed pump comes complete with Teflon faced reinforced diaphragms, dual control versatility, safety circuit protection and water resistant cover. Comes complete with all necessary valves and tubing including Pulsatron's exclusive 5-function anti-syphon valve.

- #LPA3SAPTC1-500 12 gpd/100 psi. \$847.00
- #LPB4SAPTC1-500 24 gpd/100 psi. \$929.78
- #LPE4SAPTC3-500 44 gpd/100 psi. \$1,111.69
- #LPH6SAPTC3-500 120 gpd/100 psi \$1,487.06

See page 59 for Pulsatron parts

# AUTOMATIC CHEMICAL CONTROLLERS AND REPLACEMENT PROBES & OZONE GENERATORS

## AQUASOL CONTROLLERS

**A. THE AQUASOL LINE OF WATER CONTROLLERS** automatically maintains both the chlorine/bromine residual (using ORP technology) and pH in your pool or spa, continuously providing sanitary, clear water while eliminating tedious, manual water testing and treatment. Aquasol eliminates the problems associated with water chemistry control. By paying for themselves through chemical savings and reduced labor costs, the Aquasol controllers are an essential item to the operating budget of any commercial pool/spa operator.

### Advantages and Features:

- Saves on chemicals – up to 40%
- Saves on labor of testing and correcting
- Eliminates odor and eye burn complaints
- Functional lifetime warranty on the circuit board
- Indicator lights show feed and alert status
- Overfeed safety timer
- **Most importantly, Aquasols are serviceable by your staff saving you hundreds, even thousands of dollars in service fees charged by other controller companies.**

- Available in three models.
- A. #SPC Model SPC, basic controller . . . . . \$1,968.75
  - B. #WTC Model WTC – Features digital meters for both ORP and pH display . . . . . \$2,283.75
  - #M011-HP Safety Pressure Switch—Is recommended to interlock controller with system flow (not shown) . . . . . \$320.63

## HALOGEN CONTROLLERS

- Benefits include:
- Ease of Use
  - Total System Control
  - Mobile Connectivity
  - Training Built In
  - Alarm Logging and Trend Reports
  - Maximize Resource Savings - Minimize Operating Costs

**All-Encompassing Control of Regenerative Systems:**  
It's More Than a Filter, **It's a Science.**  
**HALO**Gen.RTS (Regenerative Total System)  
**HALO**Gen.CS (Custom System)

### Ease of Use

- Large 15 1/2" color touch screen with sound, graphics and video
- Intuitive user interface and experience
- Graphically displayed system status shown on one screen
- Flexibility with auto or manual modes
- User-friendly set-point entry
- Accessible from tablets, mobile devices and PCs

### Total System Control

- Filter cycle control
- Flow control with VFD
- Chemical control
- Temperature control
- Level control with automatic fresh water makeup
- Cleaning modes
- All safety interlocks
- Customized solutions tailored to your facility
- HALO** Gen.RTS (Regenerative Filter System) and **HALO** Gen.CS (Custom System)

### Training Built In

- Training videos with audio for all procedures
- Imbedded manuals and data sheets specific to system design

### Alarm Logging and Trend Reports

- Real-time trending reports for all control loops
- Trending histories stored
- Easy-to read graphical displays of real-time trends and histories
- Audible alarms to alert staff
- Alarm emails immediately sent to staff

### Maximize Resource Savings - Minimize Operating Costs

- Complete integration of all system controls maximizes resources and ease of use
- System component synergy contributes to the longevity, performance and efficiency of a pool system.

## CLEARWATER TECH OZONE GENERATORS

Ozone is a powerful oxidizer. It has been used in waste water treatment, aquariums and large volume water stores, as well as swimming pool and spa applications. Since 1986 ClearWater Tech (CWT) has designed, engineered, and manufactured ozone generation equipment for many applications such as bottled water, potable water, commercial laundry, and pool and spa systems. CWT's ozone systems provide not only oxidation, but also sanitation, reducing chloramine production and provide **The Ultimate Swimming Experience!** Allow Halogen to help with your ozone water treatment needs.

### B. TITAN SILENT CHECK VALVES

Bronze to bronze seating with special stainless steel spring control to insure positive, noiseless opening and closing. These valves are applicable to all water systems, work in any position and are designed with larger-than-pipe-size flow area for low pressure loss and maximum efficiency.

Cat. No.	Size	Shipping Weight	Price

Pricing for valve sizes not shown available upon request. Prices are F.O.B. Chicago, IL

## BUTTERFLY VALVES

### C. CAST IRON BUTTERFLY VALVES by Bray

Bray series 30-119 is a wafer style with polyester coated cast iron body, nylon II coated ductile iron disc, 416SS stem, EPDM seat and 10-position lever operator. Stainless steel disc available. Call for quotation.

Cat. No.	Size	Price	Cat. No.	Size	Price
1390	2"	\$158.76	1395	6"	\$363.83
1391	2½"	\$174.20	1396	8"	\$509.36
1392	3"	\$185.22	1397	10"	\$679.14
1393	4"	\$222.71			

F.O.B. Chicago

### D. PVC BUTTERFLY VALVES

Features PVC body and disc for better chemical and abrasion resistance, lever operator and EPDM seal for bubble tight shut-off.

Flange gaskets not required.

1228	4"	\$198.00			

F.O.B. Chicago

### E. MODULATING FLOAT CONTROL VALVE by Clayton

The Float Control acts to maintain a constant level in the filter or surge tank, automatically, by causing the main valve to open or close in proportion to the volume of water being withdrawn.

#1418 ½" SS and Bronze construction . . .	\$1,598.94
#BFVNL ¾" Brass float valve . . . . .	\$63.79
#BFVFP8 8" Float . . . . .	\$24.08
#BFVR12 12" Rod . . . . .	\$5.42

## SOLENOID VALVES

### F. GRANZOW SOLENOID VALVES

An economical solenoid valve alternative for air and water applications. 2-way, internally piloted, normally closed solenoid valve. Brass body, stainless steel armature, plunger spring and fixed core. Nema 4 electrical connection rating. Available in standard and slow close models. Slow closed models have manual flow control and bypass knob. All valves are 115 Vac normally closed, 230 and 24 volt models available upon request.

Size	Standard No.	Price	Slow Closing No.	Cat. Price
1/2"	W4B19-000	\$203.50		
3/4"	W5B19-000	\$306.25	W5B19-000-02	\$348.80

2"	W9B19-000	\$925.10		

### G. PVC SOLENOID VALVES

TFV series solenoid valves are made from glass reinforced nylon with natural rubber diaphragm. Quarter turn bleed lever allows manual operation without spills. Exact water flow adjustment with flow control units. In-line maintenance - no need to remove from line. Available with 24 or 110 volt solenoid

Size	Voltage	Flow Control	Cat. No.	Price

2"	24	Yes	TFV200TF	\$248.09
2"	110	No	TFV2001TF10V	\$257.13

### H. ELECTRIC SOLENOID VALVES Normally closed, Nema-1 Enclosure by ASCO

Locate on chlorine booster pump discharge line for true safety. When main recirculation pump shuts down no water will be allowed to the chlorine ejector. Operate with chemical controller to automate erosion chemical feeders. Also used on fresh water make-up lines in conjunction with water level control.

Size	Standard No.	Price	Slow Closing No.	Cat. Price
1/2"	8210G002	\$187.30	8221G003	\$405.60

2"	8210G100	\$1,214.10	8221G013	\$1,852.81

All valves are 1 phase, 115 volt. 230 and 24 volt units available upon request.

## COMMERCIAL VALVES

## MODULATING VALVES

Modulating butterfly valves can be used on vacuum filters, gutter lines and surge tank applications.

### I. ROTARY ACTUATED BUTTERFLY VALVES by Bray

Bray Series 30 valve operated by their series 90 spring to close pneumatic rotary actuator complete with VRC pneumatic positioner, adjustable pressure regulating valve and pressure gauge. Please specify if valve is to be normally open or closed.

Cat. No.	Size	Price	Cat. No.	Size	Price
1483	3"	P.O.A.	1486	8"	P.O.A.
1484	4"	P.O.A.	1487	10"	P.O.A.
1485	6"	P.O.A.	1488	12"	P.O.A.

**NOTE:** If an electro-pneumatic positioner is required in lieu of pneumatic positioner add "-6A" to model numbers above.

Pricing Available Upon Request.

### J. DIAPHRAGM OPERATED BUTTERFLY VALVES by Dezurik

Model 632 with diaphragm actuator will utilize water or air pressure to actuate the diaphragm operator and will provide bubble tight shutoff. Comes complete with cast iron body, lugged end style stainless steel disc, and shaft. Please specify normally open or normally closed.

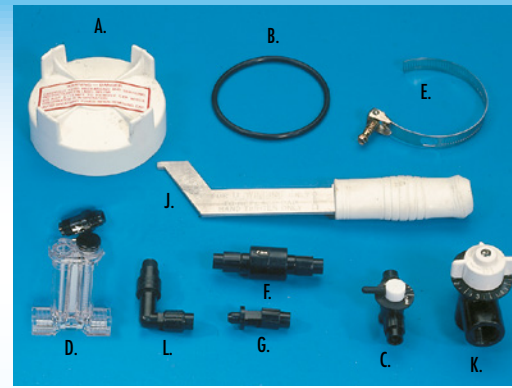

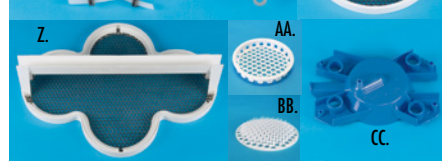

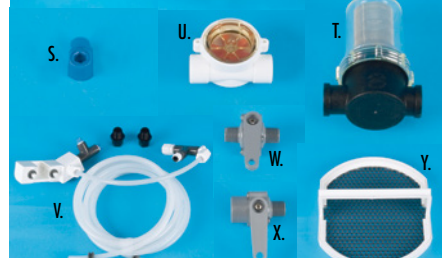

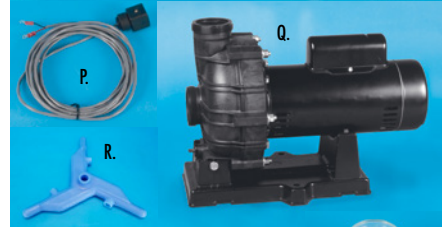

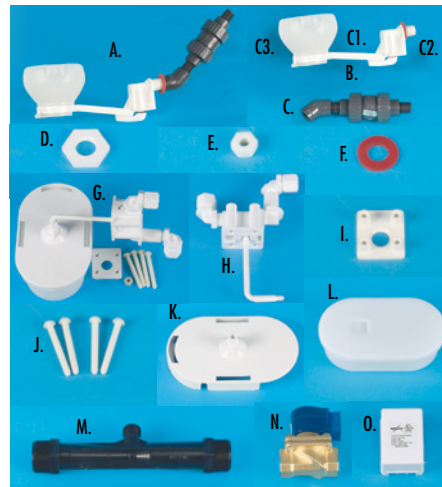

Pricing Available Upon Request.

## INTELLICONNECT™ CONTROL MONITORING SYSTEM

IntelliCenter is Pentair's highest-capacity and most service-friendly control system ever. Communication with this system can be done on a wide range of devices and platforms. Many important service, programming and monitoring tasks can be done without an on-location service call. Order popular bundled systems and receive everything in one box or build systems a la carte.

### Features:

- Enables smart connections to any these Pentair devices: IntelliFlo® or IntelliPro® Pumps, IntelliChlor® or iChlor® Sanitizers.
- Allows for two relay connections to equipment like pool or landscape lights, pool cleaner booster pumps, or single-speed pumps including competitive models.
- Provides real-time information on the status of the filtration systems and other pool equipment.
- Easily sets up and schedules automatic operation of connected equipment.

PRODUCT NO.	MODEL	VOLTS	AMPS	SHIP WT.	PRICE
52-3317	INTELLICONNECT	115/208-230	13.2/12.0-11.5	53	\$469.31

## INTELLICENTER® POOL CONTROL SYSTEM

IntelliConnect allows pool owners to monitor and control various devices, including pumps, lights sanitizers and more, all through an app on a smart device, for easy convenient control. IntelliConnect provides real-time information on the status of the filtration system and other pool equipment. Pool owners can command the system to work a little harder when extra filtration is needed.

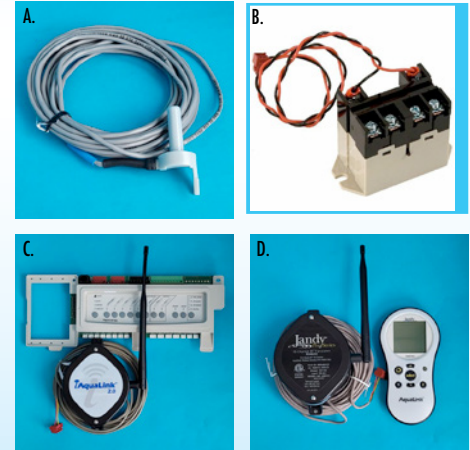

### Features:

- Easy to program, with step-by-step, on screen instructions.
- Color touchscreen interface displays intuitive instructions in clear text and rich colors.
- Convenient control from inside and outside the home via outdoor and indoor control panels and wireless remotes.
- Remote control from anywhere: Android® and iOS® device, Web browsers on Mac® and PC computers and voice command with smart speaker devices like Amazon Echo®.
- Interfaces with iOS®, Android mobile devices, Apple Watch® and smart speakers, enabling owners to check their pools status remotely.

Priced on application

- E. Vinyl repair kit. 1 oz. tube of #100 vinyl adhesive and 40 sq. in. of patching vinyl and dauber. #1069 Vinyl repair kit . . . . . \$5.04
- F. Vinyl repair patches for blue liners 2 H.D. gauge vinyl strips measuring 6" x 23" (must use vinyl adhesive) – Color blue vinyl. #1064 . . . . . \$8.80

## LADDERS & ACCESSORIES

### A. HEAVY DUTY A-FRAME FOR 48" TO 54" POOL

Unique one-piece handrail/leg design will hold 300 lbs. Outer steps swing up and lock into upright position. Just fill with water to prevent floating.

#7000 . . . . . \$395.12

### B. HEAVY-DUTY INPOOL LADDER FOR 48" TO 53"

18" wide, flat oversized (5") steps; 22" high handrails; 9 1/2" handrail span. Includes deck platform at top. Weight limit 300 lbs.

#6000 . . . . . \$245.94

## COMPLETE STEP-SYSTEM

### C. CONFER-STEP

For above ground pools with flat bottoms. Easy, snap together installation. Large, flat steps (each with 270 square inches) complete with two all-plastic handrails. Mounting brackets included; secures unit to pool or deck. Gray steps for high visibility in water. Economical, yet strong; holds 400 pounds.

- Fits Decks up to 60"
- Height to Top Step – 47 inches
- Height to Handrail – 38 inches
- Projection into Pool – 32 inches
- Width – 31 inches
- Riser Height – 11 inches
- Step Dimensions – 10" x 27"

#STEP-1 . . . . . \$391.88

# SeaKlear®

Reliable. Safe. Effective.

## PHOSPHATE REMOVER

SeaKlear Phosphate Remover works better and does more than other phosphate removers.

- Commercial 1 oz per 5000 gallons  
Residential 3 oz per 5000 gallons
- Proven to eliminate phosphates from fertilizers, rainwater, soaps and decaying vegetation and other pollutants.
- Nontoxic - 100% safe for your family and the environment

#1040105 Phosphate Remover  
Commercial 1 Quart . . . . . \$58.99

## THICK TILE & VINYL CLEANER

SeaKlear Thick Tile & Vinyl Cleaner is designed to remove film, oil and scum lines from tile, vinyl and grout. Unlike other products of this type, SeaKlear Thick Tile & Vinyl Cleaner is non abrasive, yet it reaches down into the pores to remove soils.

- Removes oil and scum lines
- Cleans grout lines
- Removes dull films
- Safe for acrylic surfaces

#SKL-T-C Thick Tile & Vinyl Cleaner  
Quarts. . . . . \$18.19

## ALGAE PREVENTION & REMOVER

To control algae in pools, simply add SeaKlear Algae Prevention & Remover every 3 months.

- Use against blue-green, black and mustard algae
- A single treatment lasts 3 months
- Non staining formula
- Guaranteed superior performance
- Part of the proven family of SeaKlear water treatment solutions

#SKA-B-Q Algae Prevention & Remover  
Quarts. . . . . \$27.26

## CHITOSAN CLARIFIER

SeaKlear Chitosan Clarifier works better and does more than other clarifiers. Quite simply, it is the best clarifier money can buy. Our proprietary, patented chitosan polymer formula has been proven to be reliable at safely keeping pools clear, easily and effectively.

- Naturally clarifies cloudy water
- Eliminates oil and scum
- Safe to use with all sanitizers
- Removes excess metals
- Easy and simple to use
- Makes cleaning all filters quicker and easier

#SKP-C-Q Chitosan Clarifier for Pools  
Quarts. . . . . \$22.09

## FREE & KLEAR

Free & Klear blends our original SeaKlear Chitosan Clarifier, SeaKlear Phosphate Remover and enzyme formulations to keep pool water looking beautiful. Free & Klear is an ideal weekly maintenance product that tackles common issues faced by many pool owners. It reduces problems such as phosphate loading which can cause issues with pool surfaces and equipment. Free & Klear works great with salt systems as it helps maintain optimum performance of cells by reducing troublesome calcium phosphate scale. Free & Klear also treats the buildup of lotions and oils on both the filter and in pool water that can result in clarity problems. If phosphate levels exceed 1000 ppb, use SeaKlear Phosphate Remover to reduce the level down and use the Free & Klear to maintain low levels.

#1040400 Free & Klear  
Quart . . . . . \$26.00

## STAIN PREVENTION & REMOVER Professional Strength

Stain Removal: 1 qt. per 20,000 gallons  
Maintenance: 6-8oz. per 10,000 gallons

- Most effective metal prevention available
- Professional-strength, proprietary blend
- Superior product for iron and copper removal
- Removes and prevents metal stains from iron, copper and other metals
- Reduces scale buildup • Controls scale and metals

#1110012 Stain Prevention & Remover

# SEAKLEAR & NATURE 2

Nature<sup>2</sup> is a sanitizing system that uses patented mineral-bed technology to provide crystal clear water and improved water quality. Working with the pool filtration system, Nature<sup>2</sup> uses elemental minerals that combine with a small amount of chlorine to inhibit bacteria growth and eliminate contaminants. Minerals make the water noticeably softer and less chlorine means a lower potential for red-eye, dry skin or foul odors. With Nature<sup>2</sup>, your swim experience is clean, fresh, and gently soothing.

## Nature<sup>2</sup> PROFESSIONAL "G"

- #W25904 Nature<sup>2</sup> Professional "G" Vessel 2" . . . . . \$754.28
- #W28125 G25 Cartridge 25,000 Gallons . . . \$212.06
- #W28135 G35 Cartridge 35,000 Gallons . . \$231.80
- #W28145 G45 Cartridge 45,000 Gallons . . \$250.61

## Nature<sup>2</sup> "A" SANITIZER

Nature<sup>2</sup> "A" brings all the sanitizing benefits of mineral technology to your above ground pool.

#W28165 A30 Mineral Cartridge . . . . . \$193.26

## Nature<sup>2</sup> EXPRESS

Nature<sup>2</sup> allows pool owners to bring all the benefits of mineral technology to their existing pool with a quick, do-it-yourself installation. The unit attaches to the plastic plumbing of most inground and above ground pool systems.(comes complete with mineral cartridge for pools up to 25,000 gallons)

- #W20086 Nature<sup>2</sup> Express 1/G . . . . . \$266.05
- #W20176 Nature<sup>2</sup> Express A/G. . . . . \$253.45
- #W28175 Nature<sup>2</sup> Express 1/G + A/G Mineral Cartridge. . . . . \$183.58

## Nature<sup>2</sup> SPA

Nature<sup>2</sup> Spa works with your existing filter to give you clean, clear water without high levels of chlorine. A difference you can see, feel and smell.

- #W20750 Spa Purifier. . . . . \$54.45
- #W29300 Spa Test Strips . . . . . \$17.03

# CHEMICAL WATER BALANCE PRODUCTS & FILTER AID

## CHEMICALS ETC.

**A. SODA ASH – (pH UP)**  
Dry granular product to increase pH of pool water. When pH drops below 7.2 soda ash will help restore your pool water to its proper pH level.

- #300-05 5-lb. container . . . . . \$13.50
  - #300-10 10-lb. container . . . . . \$21.32
  - #300-50 50-lb. bag . . . . . \$39.24
- Also, pH Up available in Great Lakes Biochemical brand.
- #3454 2-lb. jar . . . . . \$5.56
  - #3456 4-lb. jar . . . . . N/A
  - #3458 8-lb. container . . . . . \$15.14

**B. SODIUM BISULPHATE – (G.B.S. or pH DOWN)**  
Is a granular form of muriatic acid and is safer, easier and less corrosive. Whenever pH rises above 7.6 add pH reducer.

- #312-06 6-lb. container . . . . . \$21.20
  - #312-12 12-lb. container . . . . . \$37.92
  - #312-50 50-lb. drum . . . . . \$66.50
- Also, pH Down available in Great Lakes Biochemical brand.
- #3489 2-lb. jar . . . . . \$4.82
  - #3491 4-lb. jar . . . . . \$10.38
  - #3493 10-lb. container . . . . . \$17.46

**NOTE:** 50 lb. bags of Sodium Bisulphate (G. B. S.) available on request for BIDS.

**C. SODIUM BICARBONATE – (ALKALINITY INCREASER)**  
Is a granular product to increase the total alkalinity in your pool water when it drops below 80 p.p.m.

- #333-05 5-lb. container . . . . . \$13.14
  - #333-10 10-lb. container . . . . . \$22.44
  - #333-50 50-lb. bag . . . . . \$38.50
- Also, available in Great Lakes Biochemical brand.
- #3497 7½-lb. jar . . . . . \$14.46
- Dosage: 1½ lb. per 10,000 gallons of water will raise the alkalinity level 10 p.p.m.

**D. HAL-STA – (POOL CONDITIONER or STABILIZER)**  
Chlorine and its derivatives are susceptible to rapid decomposition by the sun's ultraviolet rays. To cut this loss and improve the chlorine's active life, stabilize with pool conditioner. Stabilizer is compatible with the chlorine releasing it at a slow rate to last longer and reduce chemical needs.

- #3393 2-lb. container . . . . . \$13.46
  - #3395 4-lb. container . . . . . \$26.68
  - #3396 25-lb. container . . . . . \$116.300
  - #3397 45-lb. container . . . . . \$196.20
  - #3398 100-lb. drum . . . . . \$365.620
- Also, available in Great Lakes Biochemical brand.
- #3481 2-lb. jar . . . . . \$8.64
  - #3483 4-lb. jar . . . . . \$16.64
  - #3486 10-lb. jar . . . . . \$40.14
- Dosage: 1 lb. per 4,000 gallons of water.

**E. SODIUM THIOSULPHATE**  
When chlorine concentration becomes too high in pool water, use this chemical to lower chlorine level safely.

- #335 5-lb. pail . . . . . \$24.30
  - #339 25-lb. pail . . . . . \$101.80
  - #340 50-lb. pail . . . . . \$190.64
- Dosage: 1 lb. per 100,000 gallons of water decreases chlorine 1 p.p.m.

**F. CellaPerl® PERLITE FILTER MEDIA FOR SWIMMING POOLS**  
CellaPerl® is a lightweight filter media suitable for use in all diatomaceous earth (DE) filters

- **EASY TO HANDLE**  
Lightweight Bags Makes it Easier for All to Use
- **ENVIRONMENTALLY FRIENDLY**  
All natural, Non-Toxic Product
- **GOOD CLARITY**  
Removes Particles Down to 4.0 Microns
- **IMPROVED OIL ABSORPTION**  
Provides a Cleaner Pool

- #313-25 lb CellaPerl® . . . . . \$37.38

**G. CALCIUM CHLORIDE**  
Dry granular chemical used in increasing hardness of the water.

- #3446 6-lb. jar (GLB brand) . . . . . \$10.44
  - #3442 15-lb. pail (GLB brand) . . . . . \$28.52
  - #318-50 50-lb. bag . . . . . \$32.10
- Dosage: 5 lb. per 10,000 gallons of water increase hardness 25 p.p.m.

**H. DIATOMACEOUS EARTH**  
Swimming pool grade precoat media produces brilliantly clear water for any diatomaceous filters.

- #310 50-lb. bag D.E. . . . . \$47.80 ea.
  - #310-P Pallet Price 50lb BAG-36 per bag . . . . . \$43.00 ea.
  - #316 25-lb. bag D.E. . . . . \$24.86 ea.
  - #FW60 50-lb. bags special D.E. . . . . \$130.00 ea.
- for regenerative filters . . . . .

**I. MURIATIC ACID**  
Is a liquid chemical used for lowering total alkalinity or pH.

- #325 1-gal. container . . . . . \$7.17

Note: Cases consist of 4 gallons.

**J. ANTI-FREEZE (non-toxic)**  
Protects your pool and spa water systems from freeze damage to 50°F (below zero) when used as directed (propylene glycol base).

- #399 1-gallon container . . . . . \$5.80

**K. WIPE OUT By King Technology**  
Quickly penetrates dirt, grease and grime and holds them in suspension for fast, easy removal.

- No scrubbing
- No toxic fumes
- Will not affect water balance
- Safely used on fiberglass, tile, concrete, marble, wood, covers and vinyl liners.

- #KING-6012 quarts . . . . . \$14.38
- #KING-6012-1 gallon . . . . . \$42.75

**L. WATERTITE LEAK SEALER**  
Fix cracks without draining. Dual action formula first stops and then seals leak with a waterproof glaze.

- #3643 quart . . . . . \$29.26

## BALANCERS

### A. Leisure Time Spa Up

A granular product that raises pH and total alkalinity levels in hot water. Increases the effectiveness of the sanitizer when levels are in range.

- Spa water should be maintained at a pH of 7.2-7.8 and a total alkalinity of 80-120 ppm.
- Compatible with all sanitizers.

#3998 Spa Up 2 lbs. . . . . \$10.65

### B. Leisure Time Spa Down

A granular product that lowers pH and total alkalinity levels in hot water. Increases the effectiveness of the sanitizer when levels are in range.

- Always maintain the pH of your spa water between 7.2-7.8.
- A high pH can cause scaling and or cloudy water.

#3997 Spa Down 2 lbs. . . . . \$11.07

### C. Leisure Time Calcium Booster

Raises the level of water hardness, which helps prevent foaming and corrosion of equipment to extend the life of the spa.

- Maintain a hardness level of 150-400 ppm.
- Compatible with chlorine, bromine, ozone and biguanide sanitizers.

#3999 Calcium Booster 2 lbs. \$11.94

## CLARIFIERS

### D. Leisure Time Bright & Clear

Specially designed for hot water application, Spa water becomes cloudy because millions of small, suspended particles accumulate in the water. The particles are too small to be filtered out. By using Bright & Clear, the small particles combine to form larger particles that can be trapped by the filter to improve water clarity.

- Clears cloudy spa water fast.
- Compatible with chlorine, bromine, ozone and biguanide sanitizers

#3995 Bright & Clear 2 lbs. \$18.278

### E. Foam Out

Foam Out rids spas of foam caused by a concentration of body oils and other materials. This fast acting liquid suppresses foam and suds in spas, hot tubs, therapeutic pools and fountains.

#3637 Foam Out 32 oz. . . . \$15.42

#3639 Foam Out 1 Gallon . . \$76.78

### F. Leisure Time Metal Gon

Sequesters iron, copper and other minerals and prevents staining of spa surfaces. It is highly concentrated and only needs to be added upon start-up.

- Last from refill to refill.
- Compatible with chlorine and bromine sanitizers

#3989 Metal Gon 2 lbs. . . . . \$15.78

## CLEANERS

### G. Leisure Time Jet Clean

Keeps spa and jetted tub plumbing clear of organics, oils, dirt and minerals to prevent buildup that can restrict water flow and damage equipment.

#3990 Jet Clean 2 lbs. . . . . \$12.84

## SANITIZER & SHOCKS

### H. Leisure Time Reserve

A bromide solution that remains in a stable bank in the spa water until Renew oxidizer added, releasing bromine to provide a non-chlorine sanitizing system.

- This product should be added when the spa/hot tub is filled and used weekly thereafter to maintain a bank of bromine water.
- Compatible with bromine sanitizing systems.

#3993 Reserve 2 lbs. . . . . \$22.20

### I. Leisure Time Renew

A non-chlorine shock oxidizer treatment with a buffering element that eliminates odors and clears cloudy water by reducing contaminants. Can be used with chlorine, bromine or other sanitizers.

#3994 Renew 2 lbs. . . . . \$27.68

### J. Leisure Time Brominating Tablets

Low-odor, low-dust tablets fit all floaters. When used as directed this product will sanitize spa and hot tub water, keeping it clean, clear and free of odor. This product gives the effectiveness of chlorine without the chlorine odor.

- Easy-to-dose tablets.
- Compatible with bromine sanitizing systems.

#3991 Brom Tabs 2 lbs. . . . . \$37.78

### K. Leisure Time 56 Granular

Specifically formulated for spas and hot tubs, this concentrated granular chlorine effectively sanitizes and shocks hot water to keep it clean and clear.

- Maintains clean, clear sanitized water
- Compatible with chlorine sanitizing systems.

#3992 56 Granular 2 lbs. . . . \$32.13

**833-SWIM-327**  
833-7946-327  
[www.halogenupply.com](http://www.halogenupply.com)

# POOL PRODUCTS

## NON-CHLORINE SHOCK

### A. OXY-BRITE® NON-CHLORINE SHOCK OXIDIZER

Oxy-Brite® non-chlorine shock oxidizer creates sparkling water and shock treats in one step. Containing DuPont™ Oxone®, a powerful oxygen-based oxidizer, its powerful formula rids pool water of contaminants that cause odor and irritation. It also brightens and clears the water with unique blue water brightening crystals.

#3400 1 lb. pouch . . . \$8.72 #3406 20 lb. pail . . . \$148.84  
 #3402 2.2 lb. bottle . \$18.78 #3408 50 lb. drum . \$328.86  
 #3404 5 lb. bottle . . . \$40.22

Swimming can resume in just 15 minutes! 1 lb. treats 10,000 gallons of water. Use weekly as part of your pool maintenance program. Compatible with chlorine, bromine, salt water chlorine, ozone and minerals

## CLARIFIERS

### B. CLEAR BLUE® CLARIFIER

This super-concentrated clarifier adds sparkle while removing particles that dull pool water. Clear Blue® clarifier improves filter efficiency and reduces sanitizer demand by removing organic particles that clog filters without affecting pH.

#3421 gallon bottle . . . \$57.20  
 #3423 quart bottle . . . \$18.76

Use just 2 fl. oz. per 10,000 gallons weekly to keep water sparkling clear. Will not affect water balance. Compatible with chlorine, bromine, ozone, salt water chlorine and biguanide sanitizing systems.

### C. NATURAL CLEAR® ENZYME CLARIFIER

Natural Clear® clarifier is an enzyme-based water cleaner that quickly rids pools of organics that cause odors, scum lines and cloudy water and helps keep filters clean.

#3405 quart bottle . . . \$14.20  
 #3407 gallon bottle . . . \$52.30

Compatible with chlorine, salt water chlorine, bromine, ozone and biguanide sanitizing systems. Prevents waterline buildup and clogged filters by rapidly digesting oils, lotions and organics. Improves filtration.

### D. DROP 'N' VAC® FLOCCULENT

With clarifying capabilities, this product drops unfilterable debris to the bottom of the pool for easy vacuum removal. This formula is effective over a wider range of pH levels than comparable products.

#3413 quart bottle . . . \$21.78

Compatible with chlorine, salt water chlorine, bromine, ozone and biguanide sanitizing systems. Prevents waterline buildup and clogged filters by rapidly digesting oils, lotions and organics. Improves filtration.

## ALGAEICIDES

### E. ALGIMYCIN® "2000" ALGAEICIDE

Algimycin® 2000 algaeicide kills, prevents and controls all algae types. A special wetting agent penetrates and kills algae cells. This nonmetallic, poly-complex formula gives fast and effective control with no foaming or staining. It also acts as a clarifier and filter aid by removing algae fast.

#3429 quart bottle . . . \$33.38  
 #3431 gallon bottle . . . \$117.46

Fast and effective treatment for green, black and yellow algae. Compatible with chlorine, bromine, ozone, salt water chlorine and biguanide sanitizing systems.

### F. ALGIMYCIN® "1000" ALGAEICIDE

This copper/quat formula eliminates black algae. Its patented triple-chelation process holds copper ingredients active in solution for longer algae control.

#3425 quart bottle . . . \$41.04

Swimming can resume immediately after treatment. Compatible with chlorine, bromine, mineral purification systems, salt water chlorine and ozone sanitizing systems

### I. ALGAE-X

Algae-X is a non-foaming multipurpose 30% polymer algaeicide that treats green and yellow algae. It is effective over a wide pH range.

#3445 quart bottle . . . \$28.30

Does not require pH adjustments to be effective. Compatible with chlorine, bromine, salt water chlorine, ozone, biguanide and mineral sanitizing systems

### H. VANQUISH® DEPOSIT CONTROL

Specially formulated to treat the pink deposits that accumulate on pool walls and in plumbing, Vanquish® deposit control treats pink, white and clear deposits in any swimming pool, including those sanitized with biguanide systems.

#3437 quart bottle . . . \$28.30

Compatible with all sanitizers including chlorine, bromine, salt water chlorine, ozone, minerals and biguanide.

### G. STRIKE OUT® ALGAEICIDE

Designed to control green and mustard algae, this chelated 7.4% copper algaeicide is effective and economical.

#3448 quart bottle . . . \$24.66

Swimming can resume immediately after treatment. Compatible with chlorine, bromine, ozone and salt water chlorine sanitizing systems.

### J. ALGIMYCIN® "600" ALGAEICIDE

This non-foaming, triple-action 60% polymer algaeicide destroys and prevents the regrowth of green algae and increases water clarity all in one step.

#3433 quart bottle . . . \$23.58

Does not require pH adjustment to be effective ideal for winterizing pools. Compatible with chlorine, bromine, salt water chlorine, ozone, biguanide and mineral sanitizing systems

**833-SWIM-327**  
 833-7946-327  
[www.halogensupply.com](http://www.halogensupply.com)

**SURFACE CLEANERS**

**A. TLC® SURFACE CLEANER**

TLC® surface cleaner removes oil, grime and mineral scale from common pool surfaces such as tile, vinyl and concrete. Its thick, concentrated formula clings to upright surfaces longer for more effective cleaning power. Do not use TLC® surface cleaner on marble, porcelain, terrazzo, enamel surfaces or bronze and metallic glazed tiles, or other surfaces not intended for cleaning.

#3434 quart bottle . . . . . \$15.48

Usage: Always wear rubber gloves with a sponge, cloth or soft brush for application. Allow 3 minutes while it bubbles then scrub briskly.

**STAIN PREVENTION/ MINERAL CONTROL Cont.**

**E. SUPER SEQUA-SOL® SEQUESTERING AGENT**

This concentrated granular is specially formulated to protect pool surfaces from minerals in the water and is ideal for use with hard water. It is also great for pool openings or when adding make-up water. Helps neutralize small quantities of stain-producing minerals such as iron, copper or manganese that occur when adding make-up water or initially filling a pool

#3414 2 lb. bottle . . . . . \$33.86  
#3416 20 lb. pail . . . . . \$250.46

Dosage: initial treatment 10 oz. per 10,000 gallons of water. Weekly treatment: 2 oz. per 10,000 gallons of water.

**B. COVER CARE**

Cover Care cleans, deodorizes and protects pool and solar covers from grime, grease, oils and dirt, leaving only a fresh lemon scent behind. Cover Care can also be used to clean plastic or canvas outdoor furniture, boat covers, umbrellas and other vinyl and canvas poolside accessories.

#3365 quart bottle . . . . . \$10.68

Dosage: Dilute 12 fl. oz. of Cover Care with 2½ gallons of water and spread over the entire cover. Clean with nylon brush and then rinse cover with fresh water.

**STAIN PREVENTION/ MINERAL CONTROL**

**C. STAIN MAGNET**

This granular formula quickly eliminates metallic stains from pool surfaces with no need to test the water or close the pool. It is compatible with most types of pool surfaces.

#3420 2½ lb. Granular . . . . \$27.24

**D. SEQUA-SOL® SEQUESTERING AGENT**

Sequa-Sol® sequestering agent holds iron, manganese, copper and calcium in solution so they do not react with other elements in the water. It prevents staining, scale and rust on pool equipment, pipes and fittings. Protects pool equipment and surfaces from stains, scale and ruse.

#3410 quart bottle . . . . . \$23.06

#3412 gallon bottle . . . . . \$87.40

Dosage: initial treatment 16 fl. oz. per 10,000 gallons of water. Weekly treatment: 4 fl. oz. per 10,000 gallons of water.

**FILTER CLEANERS**

**F. FILTER CLEANSE**

This multi-purpose granular formulation cleans and unclogs all types of swimming pool filters of grease, oils and scale with a combination of acids and detergents. Its unique chemistry will gradually change from red to yellow as it cleans. Use routinely once every month or two during season to maintain efficient operation

#3426 2 lb. bottle . . . . . \$23.04

#3430 20 lb. bottle . . . . . \$213.92

#3432 50 lb. drum . . . . . \$350.24

Dosage: Dissolve 1 lb. in 5 gallons of lukewarm water and let soak overnight (at least 12 hours).

**G. FILTER FRESH® FILTER CLEANER**

This specially developed acid-based liquid cartridge cleaner removes debris overnight. Regular treatment with this soak-and-rinse formula helps filters operate at maximum efficiency. Removes body oils, suntan lotions, grease and other organic materials as well as scale and mineral buildup from all swimming pool filters

#3629 quart bottle . . . . . \$16.15

#3631 gallon bottle . . . . . \$46.04

Dosage: 16 fl. oz. of Filter Fresh with every 2½ gallons of lukewarm water, then place elements in solution and allow to soak for 12 hours.

**H. FILTER RINSE**

This backwashing aid for sand filters couldn't be easier to use! Just pour it into the pool skimmer to clear sand particles of caked-on organic and inorganic materials. One-step formula cleans sand filters fast. Renews the sand particles and keeps the filter operating at maximum efficiency

#3499 quart bottle . . . . . \$20.54

Dosage: Adding filter rinse to the skimmer during the backwash cycle removes this caked-on material, and permits free and even water flow through the sand. 8 oz. per backwash.

**ULTIMA®**

**I. ULTIMA® ENZYME CLARIFIER**

- Enzyme & clarifier in 1
- Clears cloudy water
- Improves filter efficiency
- Compatible with sanitizers
- Non-toxic biodegradable

#3427 1/2 gallon container . . \$22.38

**J. ULTIMA® TOTAL CONTROL SHOCK & ALGAEICIDE**

Ultima® Total Control is a fast-acting shock and algaeicide in one formula. It combines the anti-algae power of chlorinating compounds and chelated copper for immediate and extended relief from black, green and yellow algae. It shock treats at the same time, leaving your pool crystal clear and contaminant-free.

- Shock treats and buffers pH
- Controls algae
- Improves water clarity
- For best results, use this product in the evening after pool use is finished for the day

#3424 3 lb. granular bottle . . \$27.80

Dosage: 3 lb. per 20,000 gallons.

# CHEMICALS

## CHEMICAL PRODUCTS BY ALL CHEM

### A. PROSHOCK

(Calcium Hypochlorite)-68% available chlorine in powder form. Destroys bacteria, algae, and fungi. Can be manually poured into pool or fed through a chlorinator.  
(Formerly HTH)

- #PTHS-308 5-lb. pail . . . . . \$26.00
- #PTHS-304 25-lb. pail . . . . . \$104.18
- #PTHS-305 50-lb. pail . . . . . \$199.18

### POWER BLAST 70

68% available chlorine in powder form (commercial use).  
#308 100-lb. drum . . . . . \$339.28

### B. SUPER PROSHOCK

(Calcium Hypochlorite)-73% It is a more powerful shock treatment with more of the benefits pool owners look for. 73% available chlorine. No need to pre-dissolve because it quickly dissolves in less than a minute.  
(Formerly HTH)

- #PTHS-351 1-lb.(73% shock) . . . . . \$5.54
- #PTHS-358 5-lb.(73% shock) . . . . . \$28.68
- #PTHS-354 25-lb.(73% shock) . . . . . \$111.60
- #PTHS-355 50-lb.(73% shock) . . . . . \$211.54

### C. PULSAR TABLETS

A specially blended form of calcium hypochlorite (65% available chlorine). The pellets contain an additive that reduces the scale usually associated with calcium hypochlorite solutions. These patented pellets have a uniform dissolution rate, and provide steady, uniform chlorination of pool water.

- #165-50 50-lb. drums . . . . . \$198.00
- Call for Pallet Pricing

## CHEMICALS

### D. HAL-O-CHLOR (liquid chlorine)

12-15% sodium hypochlorite solution. Kills bacteria, algae and is used as disinfectant and deodorizer. Poured into pool directly or fed by chlorinator. Available in 1 gallon size throwaways.  
#302 1-gal. . . . . \$6.56

## NON CHLORINE SHOCK

### F. PROTECH – NO CHLOR

No Chlor is an auxiliary, non-chlorine shock treatment. It oxidizes organic materials in pool water and allows swimming immediately after use. Use on a regular weekly basis to improve the efficiency of your sanitizing chemicals.

- #3311 1-lb. bag . . . . . \$7.58
- #3313 6-lb. container . . . . . \$39.46
- #3309 25-lb. pail . . . . . \$143.10
- #3310 50-lb. pail . . . . . \$268.28

### G. PROCHEM POOL SHOCK (calcium hypochlorite)

65% available chlorine used for super chlorinating and winterizing pool water.  
#3305 1-lb. bag . . . \$5.18

### J. THE BUG

Devours scum, slime and grime from pools and spas  
• Absorbs 40 times its weight in body oils and lotions  
• 300% more surface area than the ball and cannot be closed in the water lines • When one side is scummy flip over, when saturated clean and reuse • Under normal conditions The Bug should last an average season.  
#SB-2 Double Pak \$13.68

### K. BUGMITT

• Abrasive pad is permanently bonded to the latex mitten  
• Ideal for fiberglass, acrylic, vinyl and tile  
• Scour powder designed specifically to remove scum lines from pools and spa.  
#SD-1 . . . . \$8.98

### L. BUG HOUSE

Traps debris, scum and bugs in most skimmer baskets. Place Bug House inside basket with stretch elastic binding for over the rim.  
#BH-3 . . . . \$6.01

### M. ALGAE BUGGER

Great for cleaning Sand and DE Filters plus cartridge filters. Ideal for hundreds of other uses. Algae Bugger features a shut off valve for easy control. Simply attach to garden hose.  
#AB-1 . . . . . \$17.03

### N. BUG-STRIP

Repairs fabric for solar and winter covers.  
• Easy to apply  
• Unsurpassed adhesion  
• Ultraviolet resistant  
• High strength reinforced.  
#BS-1 . . . \$12.65

### O. POLLEN BUG-A-BOO

Collects pollen, foam, minute insects & surface oils.  
#PB-2 . . . . \$8.98

## ALGAECIDES

**A. PROTECH – ALGAECIDE 30**  
Dual acting, concentrated algaecide, specially formulated with 30% polyquat. Non-foaming.  
#3320 quart . . . . . \$14.78

**B. PROTECH – ALGAECIDE 60 PLUS**  
Dual acting, concentrated algaecide which prevents and kills black and mustard algae. Specifically formulated with 60% polyquat. Non-foaming.  
#3324 quart . . . . . \$22.10

**C. PROTECH – COPPER ALGAECIDE**  
Economically priced. Copper algaecide is specially formulated for the smaller volume vinyl pool.  
#3352 quart . . . . . \$21.60

**D. PROTECT – YELLOW ELIMINATOR**  
This product is specially formulated to eliminate cloudy water due to accumulations of yellow or mustard colored debris from pool surfaces.  
#3353 2 lbs. . . . . \$20.66

**E. YELLOW OUT by Natural Chemistry**  
• Amazing algae cleanup results when used prior to shock treatment with a EPA-Registered compound that kills green and mustard algae.  
• 2lbs per 15,000 gallons of water.  
#3399 . . . . . \$19.68

## CLARIFIERS

**F. PROTECH – CLARIFIER**  
Highly concentrated water clarifier. Removes small, non-filterable particles by enlarging them to a filterable size. Does not affect pH.  
#3318 quart . . . . . \$8.90

**G. PROTECH – SUPER CLARIFIER**  
For the most healthful sparkling clean water possible use super clarifier once a week for desired water clarity.  
#3334 quart . . . . . \$11.75

**H. PROTECH – 4 IN 1 NATURAL CLARIFIER**  
• Clarifies cloudy water  
• removes excess metals  
• eliminates oil & scum lines  
• improves filter efficiency.  
#3327 1 quart (10 oz. per 5000 gal.)  
. . . . . \$19.50

**I. PROTECH – SUPER FLOC OUT**  
Thoroughly settles unfilterable suspended debris to the pool bottom so debris may be easily vacuumed to waste.  
#3351 quart . . . . . \$12.15

**J. PROTECH SPA DEFOAMER**  
Liquid that controls foaming and sudsing in spas.  
#3331 quart . . . . . \$13.78

## STAIN PREVENTION & METAL CONTROL

**K. PROTECH – METAL OUT PLUS**  
Super-sequestrant prevents stains caused by iron, copper and manganese in pool water and spa water.  
#3312 quart . . . . . \$17.38

**L. PROTECH A+ STAIN REMOVER**  
Helps remove the most stubborn stains caused by metals and scaling.  
#3321 2 lb . . . . . \$41.92

## SPECIALTY CLEANERS

**M. PROTECH TILE & VINYL CLEANER**  
Concentrated cleaner for use in and around all pools and spas. Removes oil, grime and scale deposits.  
#3325 quart . . . . . \$10.93

**N. PROTECH POOL COVER CLEANER**  
Cleans and deodorizes solar or winter cover. Removes stubborn stains. Easy to apply and rinse.  
#3326 quart . . . . . \$11.68

**O. PROTECH SPA FILTER CLEANER**  
Liquid concentrate excellent for cleaning sand, D.E. and cartridge filter.  
#3329 quart . . . . . \$13.78

## CHEMICALS

**P. DDDS-PINE (WAS HAL-PINE)**  
DDDS cleans, disinfects, deodorizes and sanitizes floors, walls, and bathrooms. 2 1/2 oz. of DDDS-Pine per gallon of water. Pine scented.  
#3116 1 gallon . . . . . \$31.10

**Q. HAL-TILE CLEANER AND BRIGHTENER**  
Use anywhere there is iron, rust, oxidation, hardwater stains, soap scum, magnesium and calcium stains, excellent on tiles and shower stalls.  
#3106 gallon \$24.45

## STAINLESS STEEL CLEANING PRODUCTS

**R. CITISURF 2310** is a high quality blend of chemicals formulated for cleaning, rust removal and passivation of stainless steel products. Citisurf 2310 is specifically designed to provide low cost and efficient removal of all rust and free iron from the surface of stainless steel and other metals, providing the highest chrome oxide levels possible.  
#CF1-2310 Citisurf 1 Gallon \$84.00

**S. RUST + RESCUE 200** is a high quality blend of chemicals formulated for the protection of stainless steel and other metal surfaces from moisture and harsh atmospheric chemicals that could lead to corrosion.  
#RR1-200 Rust + Rescue  
1 Gallon \$120.75

TRI-SODIUM PHOSPHATE

55 lbs.

**T T.S.P. (TRI-SODIUM PHOSPHATE)**  
• Removes dirt, grease and oils to prepare pool surfaces for painting.  
• Removes dirt, grease and oils from filter cartridges and filter elements.  
#331-50 55-lb. bag \$148.68

# STABILIZED CHLORINE & BROMINE

## CHLORINE

### A. PROTECH – DICHLORO 56% CONCENTRATED CHLORINE

Is the best stabilized granular chlorine on the market with a 56% available chlorine and 99% active ingredient. This chlorine leaves no residue and will be protected from the sun's damaging rays that affect chlorine. This quick dissolving granular stays effective against algae and bacteria longer than non-stabilized chlorine.

- #3375 2 lb. bottle . . . . . \$21.94
  - #3376 5 lb. pail . . . . . \$51.02
  - #3377 10 lb. pail . . . . . \$95.28
  - #3380 25 lb. bucket . . . . . \$209.66
  - #3381 50 lb. bucket . . . . . \$363.54
- All 25 lb. & 50 lb. buckets come with childproof easy-open lids.

### B. PROTECH 3" TABLETS – 8 Oz. each

Is an 8 oz. 3" doughnut shaped stabilized slow dissolving chlorine tablet. Each giant Trichlor tablet has the power of 90% available stabilized chlorine with 99% active ingredient. Works great in floaters, skimmers or almost any automatic chlorine feeders.

- #3300 5 lb. pail – 10 tablets . . . . . \$52.64
  - #3301 10 lb. pail – 20 tablets . . . . . \$92.60
  - #3303 25 lb. bucket – 50 tablets . . . . . \$192.36
  - #3304 50 lb. bucket – 100 tablets . . . . . \$363.54
- All 3" tablets come wrapped individually except 50 lb. & 25 lb. containers. All 25 lb. & 50 lb. buckets come with childproof easy-open lids.

### C. PROTECH 1" TABLETS –

#### 1/2 Oz. each

Is a 1/2 oz. stabilized slow dissolving chlorine tablet with 90% available stabilized chlorine and 99% active ingredient. This tablet will leave no residue when totally dissolved in water. Ideal for floaters, skimmers or almost any automatic chlorine feeders.

- #3333 5 lb. pail . . . . . \$54.02
  - #3335 10 lb. pail . . . . . \$99.22
  - #3337 25 lb. bucket . . . . . \$204.26
  - #3338 50 lb. bucket . . . . . \$375.00
- All 25 lb. & 50 lb. buckets come with childproof easy-open lids.

### D. PROTECH STICKS –

#### 8 Oz. each

A slow dissolving 8" stick with 90% available stabilized chlorine and 99% active ingredient. This stick will leave no residue when totally dissolved in water. Ideal for floaters, skimmers or almost any automatic chlorine feeders.

- #3389 10 lb. pail . . . . . \$98.98
  - #3387 25 lb. bucket . . . . . \$203.62
- All 25 lb. & 50 lb. buckets come with childproof easy-open lids.

## BROMINE

### E. PROTECH –

#### BROMINATING TABLET

Is a 63% available bromine and 31% available chlorine. Bactericide-algaecide disinfectant for pools and spas. Bromine is much more effective over a wider pH range and is less irritating to your eyes and skin. Recommended use in an automatic bromine feeder.

- #3339 4 lb. pail . . . . . \$64.12
  - #3340 1 1/2 lb. bottle . . . . . \$24.90
  - #3343 25 lb. bucket . . . . . \$335.66
  - #3345 50 lb. bucket . . . . . \$373.58
- All 25 lb. & 50 lb. buckets come with childproof easy-open lids.

**NOTE:** There is a Hazardous Fee on all Bromine, ProTech 1" & ProTech Sticks if shipped by UPS for \$30.00

## POOL CHLORINATORS

E.

G.

H.

### F. ELONGATED FLOATING CHLORINATOR

Elongated large floating chlorinator. Holds up to 4 lbs of tabs or sticks.

- #B8072 Large Floating Chlorinator . . . . . \$14.90

### G. RAINBOW FLOATING CHEMICAL DISPENSER

Adjustable floating chlorine feeder that has twist lock cap. Holds six 3" trichloro tablet or 3 lbs. of 1" tablets.

- #307 Rainbow floater . . . . . \$15.02
- #R18856 Strainer screen for floater . . . . . \$7.81H.

## POOL CHLORINATORS

- Adjustable flow rate. • Child resistant lock.
- Pools over 10,000 gallons.

- #GAME-11404 Clownfish . . . . . \$34.67

## ABOVE GROUND CHLORINATORS

I.

### I. ABOVE GROUND CHLORINATOR

- Adjustable flow rate. • Holds 3 tablets.
- Pools under 10,000 gallons.

- #GAME-4003 Derby Duck . . . . . \$18.56

## SPA CHLORINATORS

J.

K.

### J. RAINBOW CHLORINE/BROMINE FLOATING DISPENSER

For spas and small swimming pools. Chlorine, bromine tablets or sticks up to 1 1/8" diameter.

- #307A Chlorine/Bromine floater . . . . . \$15.98
- #R18855 Strainer screen for floater . . . . . \$3.93.

### K. SPA BROMINATORS

- #GAME-8000 Derby Duck . . . . . \$16.09

## L. ACID MAGIC

A full strength muriatic acid replacement that is safer to ship, store and handle.

- Up to 90% less fumes than traditional muriatic acid.
- Buffering agents prevent burns to intact skin.
- Equal in strength to 20° baume muriatic acid(31.45%).
- Direct one-to-one replacement for muriatic acid.

**Pools And Spas:** Excellent pH down, alkalinity reducer and filter cleaner. Apply ACID Magic as an acid wash to remove rust, scale, mineral deposits and stains from glass, tile, and porcelain surfaces in showers, locker rooms and restrooms.

- # USA/128-1 1 Gallon . . . . . \$17.22
- # USA/5G-1 5 Gallons . . . . . \$86.14
- # USA/15G-1 15 Gallons . . . . . \$258.40
- # USA/30G-1 30 Gallons . . . . . \$439.42

## M. POOL SALT

- High purity salt for use with salt water chlorinators.
- Quick Dissolving • Contains no YPS
- Meets recommendations of leading chlorinator manufacturers

- #SALT-40 40lb bag . . . . . \$11.09

Guide for 40lb. bags of salt required to increase salt

Pool Gallons	10,000	15,000	20,000	25,000	30,000
Salt 480 ppm	1 Bag	1.5 Bags	2 Bags	2.5 Bags	3 Bags
Salt 3,200 ppm	7 Bags	10 Bags	13 Bags	17 Bags	20 Bags
Salt 4,000 ppm	8 Bags	12.5 Bags	17 Bags	21 Bags	25 Bags

## POOL ENZYME PRODUCTS

**A. Pool Perfect – Just Capfuls Per Week for Clear Perfect Pool Water:** The industry standard for natural enzyme water treatment. Pool Perfect prevents scum and waterline ring. It eliminates chemical odors, keeps filters cleaner, extends filter life and reduces shocking.  
#03220 2 L/67.6 oz. \$34.36

**B. Pool First Aid – The Pool Problem Solver:** Combines powerful broad spectrum natural enzyme formula with our organic clarifier to fix pool problems fast.  
#03122 2 L/67.7 oz. \$27.70  
(2L/67.6oz treats 33,500 gallons)

**C. Pool Magic Spring & Fall – For Hassle Free Spring Startup:** Contains a concentrated natural enzyme based formula designed specifically to work in cold water. It quickly breaks down non-living organic contaminants, and cleans up cloudy, dirty pool water.  
#03722 1 L/33.9 oz. \$19.86  
(1L/33.9oz treats 25,000 gallons)

## PHOSPHATE REMOVAL PRODUCTS

**D. PHOSfree – Eliminates Phosphates from Pools:** Use Natural Chemistry's unique patented formula to reduce phosphate levels in a pool to near zero at initial fill or at season opening. The amount needed depends on pool size and phosphate level in the water.  
#05221 2 L/67.6 oz. \$30.08  
#05121 3 L/101.5 oz. \$40.10  
(1L/33.9oz treats 20,000 gal. pool with 300ppb phosphates)

**E. Pool Perfect+PHOSfree**  
A weekly maintenance product that reduces phosphates and non-living organic waste in pool water. Use it to make your water feel soft and silky while preventing problems such as; waterline rings, non-living organic staining, surface oils, and phosphate build up.  
#05235 2 L/67.6 oz. \$47.32  
#05131 3 L/101.5 oz. \$66.42  
(1 capful weekly treats 8,000 gallons)

**F. Pool Magic+PHOSfree**  
Ideal to treat your pool at the beginning and end of each season as well as reducing phosphates at any time as the first step of Natural Chemistry's Clear, Perfect Water Program. Pool Magic+PHOSfree contains all natural enzymes that break down non-living organics to make opening and closing fast and easy. A quick clean up to start off the season.  
#05141 1 L/33.9 oz. \$25.36  
(1L/33.9oz treats 25,000 gallons)

## METAL AND SCALE CONTROL

**G. Stain Free – Extra Strength:**  
An all natural citric acid product that eliminates metal staining to pool liners and finishes. Stainfree is ideal for treating staining on all pool surfaces. Use with Natural Chemistry's METALfree and you have the ultimate 1-2 combination for stain fighting!  
#07395 1.75lbs. \$39.10

**H. METALfree – Deactivates Metals:**  
A highly effective metal deactivation agent that prevents staining and discoloration from trace metals such as iron and copper. METALfree also prevents scale build-up due to calcium and other minerals. These trace metals and minerals may already be in the pool water or in the fill water. METALfree does not contain phosphonic acids and will NOT raise phosphate levels in pool water.  
#07001 1 L/33.9 oz. \$25.72 (1L/33.9oz treats 20,000 gallons)

**I. SCALEfree:**  
Protects your pool from the damaging effects of scale build-up and staining due to excessive calcium, iron, copper, and other minerals. SCALEfree protects generator cells from life shortening damage and performance issues caused by scale build-up. SCALEfree is compatible with all pool surfaces and can be used with most sanitizing systems.  
Do not use SCALEfree with biguanides.  
#07511 2 L/67.6 oz. \$40.56

## POOL SPECIALTY PRODUCTS

**J. Clear & Perfect Clarifier – The Ultimate 6 in 1 Clarifier:**  
A technologically advanced and highly concentrated pool water clarifier. Use to effectively and quickly clear problem water or to "polish" dull water by removing small suspended particles that filters cannot capture. Clear & Perfect is not pH sensitive, does not affect pool water pH. Does not contain any dyes.  
#03500 1 quart/32 oz. \$21.58

**K. Instant Pool Water Conditioners:**  
Used for stabilizing chlorine in swimming pools from sunlight loss. Works the instant it is added to pool water!  
• Concentrated liquid, one gallon will add 32 ppm of conditioner to 10,000 gallons.  
• Works efficiently in any water temperature  
#07401 1 gallon/3.78L \$35.42

**L. Filter Perfect – Sand and Cartridge Filter Cleaner:**  
A highly concentrated deep cleaning solution that removes build up caused by; oils, grease, non-living organics, and more on filters. It is very effective on cartridge elements, DE filter grids, and sand filters. Filter Perfect improves filter efficiency and lengthens cycles between filter cleanings.  
#03215 1 L/33.9 oz. \$19.34  
(1L/33.9oz treats average size filter.)

**M. COVERfree:**  
A patented technology that is a revolutionary liquid swimming pool cover. It is an advanced mono-layer product that helps save water and money by decreasing evaporation and heat loss. COVERfree creates an invisible barrier on the surface of the water that works even when swimmers are in the pool.  
#07100 1 quart/32 oz. \$27.52  
(4oz per 20,000 gallons weekly)

## NATURAL CHEMISTRY

## PRO SERIES Professional Strength - Professional Results

**N. PRO SERIES® ProZymes**  
PRO SERIES ProZymes Pool reduces the buildup of non-living organic contaminants. Sunscreens, body oils, lotions, cosmetics along with other contaminants make up the non-living organic load that contribute to problematic symptoms such as: waterline rings, short cycling filters, unpleasant odors, poor water clarity and peak load cloudiness. This concentrated naturally based enzyme formula works with all sanitizing systems.  
#20305 5 gallon \$290.20

**O. PRO SERIES® Stain & Scale Control:**  
PRO SERIES Stain & Scale Control protects pools from the damaging effects of scale buildup and staining due to excessive calcium, iron, copper and other minerals. It works without the use of phosphates or harsh acids. This product also works very well at preventing/reducing scale from forming on chlorine generator cells and UV crystal lens. It can be used with most sanitizing systems (do not use with biguanides) and is compatible with all pool surfaces #20705 5 gallon \$307.24

**P. PRO SERIES® PhosREMOVE:**  
Reducing phosphate levels in swimming pools is easy with Natural Chemistry's PRO SERIES phosREMOVE. This product is a lanthanum based formulation. PRO SERIES phosREMOVE effectively and efficiently removes phosphates and reduces pool problems! #20505 5 gallon \$461.36

**Q. PRO SERIES® Filter Cleaner:**  
PRO SERIES Filter Cleaner is a highly concentrated deep cleaning solution that removes buildup caused by: oils, grease, non-living organics and more on filters. It is very effective on cartridge elements, D.E. filter grids, sand filters and regenerative media filters. It improves filter efficiency and lengthens cycles between filter cleaning. PRO SERIES Filter Cleaner is compatible with chlorine, bromine and alternative sanitizing systems. Cleans without acid!  
#20325 5 gallon \$312.54

## SPA PRODUCTS

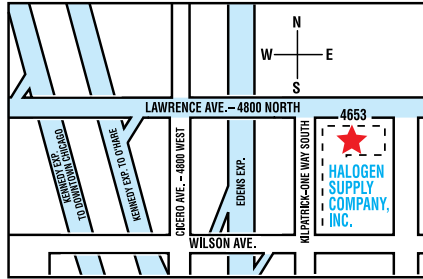

**R. Spa Perfect – One Capful Per Week\* for A Perfect Spa:**  
Specifically formulated for hot water temperatures and is a patented natural enzyme and botanical extract formula that powerfully, yet gently biodegrades body oils, cosmetics, suntan oils, and other non-living organics. No more waterline rings, clogged filters or cloudy smelly water. Spa Perfect is also a continuous cartridge filter cleaner. Since oils don't build up, cleaning with nasty chemicals and acids is rarely required.  
#04021 16 oz. \$9.48 #04131 1 L/33.9 oz. \$18.74  
#04034 2 L/67.7 oz. \$33.04 #04100 5 gallon/18.9L \$284.50  
\* 1 capful per week treats 400 gallons

**S. Spa Purge – Spa Plumbing Cleaner:**  
Restores spa plumbing to original condition. Removes built-up organic waste deposits from all spa plumbing. Easy and very safe to use. Cleans where you can't.  
#04137 1 L/33.9 oz. \$19.34  
(1L/33.9oz treats any size spa.)
