Introduction

Croatia may be a small country, but it has a remarkably vibrant film industry, with exceptional local talent and production companies that have an impressive record in domestic and international production.

With the 20% cash rebate introduced in 2012, skilled professionals and production costs among the lowest in Europe, Croatia is making its way back on Europe's filmmaking map.

These factors, in combination with spectacular locations and the country's proximity to some of Europe's largest filmmaking centers such as Vienna, Budapest, Munich and Prague have led to a steady rise in the international production of commercials, television series and major international feature films in Croatia.

The year 2008 was a turning point, both for Croatian filmmakers and for international production companies filming in Croatia. In the summer of 2007, the Croatian Parliament passed a new **Film Act**, underlying its commitment to boosting the creative industries in the country.

In January 2008, the newly founded governing film body, **The Croatian Audiovisual Centre**, opened its doors. In May 2008, Croatia became the first candidate country to join the European Union's **MEDIA Programme**.

2012 has been a remarkably successful year for Croatia's film industry, bringing about an increase in the number of films shot and screened, an increased interest in domestic film among the Croatian audience, international success of Croatian co-productions and short-length works at film festivals worldwide, as well as a few important structural changes.

Among these structural changes is the **digitization of the Croatian independent cinema network**, organized by the Croatian Audiovisual Centre, in cooperation with the Ministry of Culture. The digitization project is expected to be finished by Spring 2013, converting a total of 99% of the country's cinemas to digital, thus enabling audiences throughout Croatia access to a wider cinema landscape and a more diverse cultural offering.

Furthermore, staying true to its pledge to continue giving its full support to developing filmmaking and film culture in Croatia and to attracting international film projects to the country, the government has introduced the **Film Production Incentive Program** (i.e. Cash Rebate Program). Amongst the first 5 projects that have applied for the Program are 3 feature length films (amongst them is 1 co-production), 1 TV series and 1 TV film. Originating from the US, the UK, France, Switzerland and Germany, these projects prove that the variety of the country's locations, in combination with high-quality local service providers and financial feasibility have placed Croatia back on the world production map.

The Croatian Film Commission

As an integral part of the Croatian Audiovisual Centre, the Croatian Film Commission is here to help navigate filmmakers through the production waters and incentives available in Croatia.

If you are considering shooting your next project in Croatia, the Croatian Film Commission would be an excellent first point of contact. With a wealth of information and insight into the nuts and bolts of filmmaking, we can provide you with all the necessary information you need in order to make an informed decision and make the most out of your filming experience in Croatia.

We work closely with both the commercial, as well as the public sector in Croatia and can assist you with any queries regarding your shoot and stay in Croatia – from pairing you with local production personnel that matches your shooting requirements and assisting you with preliminary location scouting, through providing you with information concerning legal requirements, permits and logistics and putting you in touch with local and state authorities, to consulting you on our financing and co-production schemes and providing you with continuous support throughout your entire project cycle.

Co-Production Funding

The Croatian Audiovisual Centre provides public funding for the development and support of the Croatian Audiovisual Industry.

Support is provided for script and project development; film production, promotion and international sales; festivals and audio support schemes; film education, culture and archives, as well as skills and training initiatives.

International feature film co-productions are eligible to apply for grants, provided they are able to qualify as official co-productions under the bilateral co-production treaties that Croatia has with other countries or under the provisions of The European Convention on Cinematographic Co-Production.

In addition to three bilateral co-production treaties with France, Germany and Canada, Croatia has also ratified the European Convention on Cinematographic Co-production.

Croatia is a member of the European co-production fund EURIMAGES and has joined the EU MEDIA 2007 Programme in May 2008.

Cash Rebate

This is a new Production Incentive Programme introduced in 2012. It is available to international and local filmmakers in the form of a cash rebate of up to 20% of production costs incurred in Croatia.

GENERAL INFO

Type of incentive?

Cash Rebate.

How much is the benefit worth?

Up to **20%** of the qualifying expenditure.

Is there a cap on the amount that can be raised? Yes, there is a ceiling of 20 million Kunas on qualifying local expenditure per project. The minimum local spend per project is 300,000 Kunas for Documentaries and 2 million Kunas for Feature Films.

What type of projects qualify?

The Rebate applies to Feature Films, Documentaries, Short Films,

Television Drama and Animation. The Rebate does not apply to Commercials, Reality tv, Game Shows and Soaps.

What constitutes qualifying expenditure?

The benefit is based on the cost of Croatian cast and crew working in Croatia, as well as goods and services purchased in Croatia.

How does it work from the foreign producer's point of view?

The foreign producer must team up with a local Croatian co-producer or production service provider. The Croatian production company applies to the Croatian Audiovisual Centre (HAVC) for a provisional certificate before the start of production, and for a final certificate upon completion of the production in Croatia. The Croatian partner is responsible for compliance with prescribed formal requirements. The Croatian partner provides the full range of production services, including locations scouting, scheduling, budgeting, casting and crewing, and takes full responsibility for all production services carried out in the State throughout the life-span of the production.

When is it paid?

The net benefit will be made available on completion of production, audit of the final cost statement and evidence that all the requirements have been met.

Is there a cultural test a project must pass or some other criteria it must meet?

Yes. The Croatian cultural test comprises three categories: 'cultural content', 'creative collaboration' and 'production resources'.

Resources and Infrastructure

Resources and Infrastructure

Croatia offers an ideal combination of filming conditions. It is a small, yet diverse country, whose **brehtaking locations** feature landscapes and architecture that can accommodate even the most demanding visual requirements. In addition, Croatia's long standing tradition of film and commercials production has helped foster a number of **highly skilled film crews** and **production companies** who are able to service multiple big productions simultaneously shooting in Croatia. Croatia's **modern roads and communications infrastructure** allows not only easy access to locations, but also for an overall ease of planning in all stages of production.

All these factors combined with one of Europe's most competitive rates, a 20% cash rebate and the proximity to all major European film hubs place Croatia as one of the most artistically and financially viable filming destinations.

Courtesy of Pakt Media

Production know-how

Croatia has an impressive track record in international production, especially prior to the 90's, when it was among the largest European service production destinations for American productions, second only to the UK. Films shot in Croatia include Norman Jewison's Oscar winning *Fiddler on the Roof* (1971), Volker Schlöndorff's Oscar winning *Tin Drum* (1979), István Szabó's Oscar contender *Colonel Redl* (1985), etc.

In addition to a striving local AV industry, the continuous influx of international co-production and production projects keeps Croatia up to date with the current film and commercial production trends and techniques.

Today, Croatia boasts exceptional local talent; both in front as well as behind cameras, experienced film crews and excellent

logistical support. Among the projects that were shot in Croatia in more recent years, are HBO's *Game of Thrones* (Season 2 and 3), Oliver Hirschbiegel's *Diana*, Peter Greenaway's *Goltzius and the Pelican Company* (supported, among others, by The Croatian Audiovisual Centre and Eurimages) and Anthony Hemingway's *Red Tails*.

Production Companies

There are a number of full-service production companies in Croatia with experience in international productions.

Croatian production companies can assist you in any aspect and phase of your project – from preliminary location scouting, tax and legal advice services, through assisting with visa applications, shooting permits, accommodation, travel and catering arrangements, to casting, facilities and equipment rental, special effects, editing, sound post-production or anything else your project may require.

Whether looking for a co-producer or a production service provider with international experience, the best step is to contact the Croatian Film Commission who can help put you in touch with a company tailored to your production needs.

For a list of production companies, please see the Address Book section of the Guide.

Facilities and Technical Equipment

Spreading over an area of 110,000 square metres, Jadran Film contains 25,000 square metres of studio complex and additional buildings with 5 sound stages of various sizes.

In addition to a few smaller studios, there are a number of warehouses and open lots throughout the country that are regularly adapted by local production companies for large-scale shoots.

Croatia's state of the art technical infrastructure offers filmmakers an assortment of equipment, such as film and video cameras, sound, lighting and grip equipment, as well as postproduction services, such as film processing and scanning, picture and sound editing, computer animation, special effects and compositing.

Several equipment rental houses with experience in domestic and international productions and their qualified English-speaking technicians trained to work with a wide range of equipment are able to cater to your every need.

Local state of the art postproduction facilities, ranging from picture and sound editing, SFX, computer animation to dubbing studios are able to deliver complex renderings on short deadlines.

Crews

Croatia's film crews are highly skilled and reliable and are able to efficiently carry out even the most demanding production.

With a continuous influx of international productions shooting in the country, Croatia's offer of experienced English-speaking assistant directors, actors, cinematographers, production and costume designers, key technicians, animators, location managers and other AV professionals is on a steady rise.

If you are looking to hire local talent in the Art Department, Grip, Post-production or any other department, the Croatian Film Commission can assist you in finding the most suitable and qualified companies and freelance artist and technicians that are able to do the job skillfully, on time and on budget.

There are also a number of local casting agencies whose comprehensive databases contain detailed profiles of principal talent and extras of a wide range of looks, skills and experience in film, TV, and commercials.

In addition, there are some full-service production agencies that have their own in-house casting departments, so you can be sure that you will find the perfect match for any given role.

Costumes & Props

With a tradition of international co-productions that includes spaghetti-westerns, WWI and WWII movies, historical and biblical dramas, sci-fi movies etc., Croatia offers some of the largest collections of period and theme specific costumes and accessories.

In addition to film studios and theatres offering ready-made costumes, there are also a number of local designers and tailors with experience in period wear, able to create tailor-made costumes. Croatia also has an impressive collection of props: furniture, weapons and period vehicles, both military and civilian. The same amount of creative energy and skills can be found in local craftsmen and set designers, whose painting, carpentry, wood-working and other skills are guaranteed to build even the most elaborate sets that are consistent with the story, tone and visual identity of your project.

Istria
Courtesy of Pakt Media

Locations

For a relatively small country, Croatia offers a wide variety of geographical and cultural locations. Especially interesting are 1,246 islands along the Adriatic coast; the karst limestone land formations of the coastal hinterland; the Istrian peninsula... Croatia is a country that boasts breathtaking landscapes comprising Adriatic islands, mountains and spectacular waterfalls, to name some. Historically, the country has always stood at the crossroads of Eastern and Western cultures, and even nowadays it stays true to its designation as a meeting point of different cultures. Indeed, it is a space where the Roman rubs with the Medieval, the Renaissance and the best of the Baroque, peacefully co-existing with the 19th century Austro-Hungarian architecture and design and the best examples of the post WWII design, such as the newly restored Tito's villas in Split and the Brioni archipelago off the Western coast of Istria, which stand testimony to more recent times and customs. Such a varied and eclectic sample of possible filming locations is not commonly found.

Croatia is also one of the rare countries that boast an amazing mixture of different climates: continental, Mediterranean and mountainous, and all that in a radius of less than 200 kilometres. In practical terms, this means that it is enough for the film crew to be placed, for example, in the city of Sinj (an hour car drive from the seaside, but also an hour car drive from the mountains covered by snow) in order to be able to film three completely different seasons and landscapes, if needed.

Hotels & Amenities

Croatia has a very well developed tourism infrastructure and is able to meet all accommodation demands.

Whether you are looking to book a 5 star or boutique hotel, private villa, lighthouse or a B&B, there are a number of local agencies able to arrange individual or group stays that will cater to your specific needs.

Croatia's rich culinary tradition that reflects the country's sundry geographical position and colorful history can be savored in many local restaurants and taverns throughout the country. In addition, Croatia offers a wide range of bars, cafes and clubs.

Throughout the year, Croatia offers many cultural events – concerts, festivals, theatres, and exhibits can be enjoyed in all major Croatian cities.

More information on Croatia can be found on the website of the Croatian National Tourist Board.

Sea Transport

Maritime traffic goes through the ports of Rijeka, Ploče, Split, Zadar, Dubrovnik, Hvar and Korčula.

The largest Croatian passenger port is Split in Dalmatia, also called the gateway to the islands, followed by Zadar.

The main Croatian ship passenger carrier Jadrolinija maintains the majority of regular, international and domestic car-ferry, ship and high-speed lines, but there are a number of other privately owned carriers.

Ferry services are also available to Italy.

Buses and Railways

Croatian Railways

Croatia's railway system is well developed and offers direct connections with Slovenia, Hungary, Italy, Austria, Switzerland, Germany, Bosnia and Herzegovina and Serbia. There are transfer connections with almost all other European countries. All rail services are operated by the national railway company Croatian Railways (Hrvatske željeznice).

web: www.hznet.hr

Buses

The Croatian bus network is well developed and even the remotest parts of Croatia are reachable by bus.

Regular international bus lines connect Croatia with neighbouring countries and the majority of Central European and Western European countries.

Traffic and Roads

The Croatian highways network is considered to be of very good overall quality and excellent security.

Croatia has now over 1,400 km of motorways connecting the capital Zagreb to most other regions. The best-known motorways are A1, connecting Zagreb to Split and A3, passing east-west through northwest Croatia and Slavonia.

There is also a smaller network of roads connecting to the highways.

When travelling to Croatia by car, be sure that you carry a valid driver's license, your vehicle registration papers and the Green Card or Certificate of Insurance.

The speed limit is 50 km/h in settlements; 80 km/h in out of settlements; 110 km/h on roads and 130 km/h on motorways, unless stated differently.

A toll is charged on most motorways. Cash payments are in Kunas; Euros and all major credit cards are accepted.

Filming and Location Permits

No official permission is required for feature film shoots or any other type of production other than the normal requirement for permission from the owner or the authority responsible for the location in question.

However, under the terms of the Film Act, all productions filming in Croatia are obliged to register the shoot with the Croatian Audiovisual Centre by filling out the standardized form, which can be obtained by contacting the Croatian Audiovisual Centre or downloaded from the following link:

www.havc.hr/filming_registration_form

We do recommend teaming up with a local production company if you are planning to shoot in Croatia, as the local know-how of the policies and procedures will greatly reduce the time spent on preparing and executing your project.

A Croatian partner can help with obtaining funding from various public and private sources and can also provide a full range of production services from pre-production to principal photography and post-production, as well as sharing all important local knowledge and personal contacts.

Visas

Citizens of the EU and European Economic Area member states, Australia, Canada and the US do not require a visa to enter Croatia.

Continuous stay or total duration of consecutive stays may not exceed 90 days in the period of 6 months, counting from the date of first entry.

Citizens of other countries who are subject to visa requirements are obliged to apply for a visa prior to their entry to the Republic of Croatia.

If there is no Croatian diplomatic mission or consular post in the applicant's country, a visa application may be submitted to the nearest Croatian diplomatic mission/consular post.

For more detailed information on the visa regime and a full list of countries subject to visa requirements visit:

<http://www.mvpei.hr/mvp.asp?pcpid=172>

Working Permits for Foreign Nationals

Foreign nationals filming in Croatia on a temporary basis do not require a working permit. Foreign nationals staying in hotels or other type of accommodation through a local service provider or co-producer are automatically registered by the hotelier or the Croatian partner.

Foreign cast and crew intending to stay in Croatia for longer than 60 days must apply for a temporary residence permit and should contact the Croatian Ministry of Interior no later than 30 days prior to expiration of their 60 days stay.

The Croatian Audiovisual Centre can put you in touch with Croatian partners who can assist you with obtaining all the necessary paperwork for a foreign crew member.

Additional details: The Law on Foreigners dated October 28, 2011: and Amendments to the Law, published in the Official Gazette ('Narodne Novine') No. 130/2011 on November 16, 2011 are regulations pertaining to the residence of foreigners in the Republic of Croatia. Contact your local Croatian embassy for more information.

Customs Regulations

Customs regulations in the Republic of Croatia are almost entirely harmonised with EU regulations and standards, but the value of non-commercial items that can be brought into the country for personal use and are exempt from tax duty or VAT, is limited to only 1,000 Kunas.

Foreign and local currency and traveler's cheques may be freely taken in and out of the country by both foreign and Croatian citizens with foreign residence, but transfers of an amount of 10,000 Euros or more must be declared to a customs official.

Valuable professional equipment and other technical devices must also be declared to a customs official at the border crossing. VAT is refunded to persons who do not have permanent or temporary residence in Croatia, for individual goods purchased in Croatia, for amounts in excess of 740,00 Kunas, upon the presentation of a Tax Refund Cheque form verified by a customs official during the export of purchased goods, at the latest 3 months from the day of purchase. Foreign nationals must claim Tax refund within six months of the receipt issue date.

For additional information, please
contact the Customs Administration:
www.carina.hr

Temporary Import of Professional Equipment

The procedure of temporary admission is regulated under the Customs Law of the Republic of Croatia.

In the temporary admission procedure, foreign goods may be used on the customs territory of the Republic of Croatia, with full or partial exemption from payment of import duties and exemption from trading measures, when the foreign goods are intended to be re-exported in the same state as they were in at import, except for impairment loss resulting from the use of these goods.

Goods may remain in temporary admission procedure for up to 24 months, with the option for determination of special deadlines. Goods can be imported into the Republic of Croatia on the basis of an ATA Carnet issued by the Croatian Chamber of Commerce. An ATA Carnet is a simple international customs document used for simplifying temporary admission to a foreign country with a validity date of one year. This document provides temporary admission of certain categories of goods in the customs territory of any country that has adopted the Convention on temporary admission without using national customs documents, customs duties or deposits, which is part of the regular procedure for temporary import or export.

Facts about Croatia

Croatia lies between central and eastern Europe bordering the Adriatic Sea.

It extends over 56,594 square kilometres, bordering Slovenia in the west, Hungary in the north, Serbia in the east and Bosnia and Herzegovina in the south. Croatia also has a long maritime border with Italy in the Adriatic Sea. It has an amazing 5,835 km of coastline, 4,058 km of which belongs to the 1,246 islands in the Adriatic. Croatia can be divided into three geographically distinct zones: the Coastal region; the Mountain region; and the Pannonian region. Its terrain composes of rocky coastlines, flat plains along the Hungarian border, densely wooded mountains, lakes, and rolling hills.

Among the 8,216 square kilometres of protected areas of nature are eight National parks, eleven Nature parks and numerous other reserves.

The country's rich cultural heritage that endured the Roman, Venetian, Italian and Austro-Hungarian rule is evident in its architecture, which offers outstanding examples ranging from pre-Roman, Romanesque, Renaissance, Baroque, Classical and modern architecture.

Although Croatia is officially divided into 21 administrative regions, the country can be divided into 5 clusters: Istria, Kvarner and the Highlands, Dalmatia, Slavonia and Central Croatia.

Istria

Location: Istria is the westernmost county of the Republic of Croatia and occupies the largest peninsula of the Adriatic Sea, with an area covering 2,820 km², mirroring the bay of Venice across from the Adriatic Sea and bordering Slovenia.

Rivers: Mirna, Dragonja, Raša

National park: Brioni

Administrative centre: Pazin

Economic centre: Pula

Other cities and towns: Pazin, Poreč, Rovinj, Opatija, Umag, Novigrad, Labin, Buzet, Motovun...

Web: www.istra.com · www.histrica.com

The beauty of the Istrian landscape continues to inspire artists and travelers alike.

The picturesque small towns of Istria with their narrow streets, towers, churches and old palaces are scattered among lush green hills and valleys. Indeed, the views are spectacular: vineyards, olive groves, valleys, mountains and streams that flow into the crystal blue sea.

The city of Pula is the region's cultural and economic center and home to one of the best-preserved Roman amphitheatres in the world. The town's 3,000 year history reveals itself through its rich architecture, where Roman temples, baroque palaces, early Christian churches, Austrian villas, remnants of mediaeval walls and the antique town gates still stand as vivid reminders of its glorious past.

Other cities in Istria include Rovinj, one of the most beautiful towns on the Adriatic coast; Poreč, a living cultural monument whose foundations were laid during the Roman Empire; and Umag, whose narrow streets preserved a Medieval urban structure.

Kvarner and the Highlands

Location:

This region includes the seashore and highlands north of Dalmatia and is composed of 2 sub-regions; the littoral region of the Bay of Kvarner and the mountainous and forested region of Lika and Gorski Kotar.

Mountain peaks: Bjelolasica (1,534 m), Risnjak (1,528 m), Snježnik (1,506 m), Vaganski vrh (1,757 m), Visočica (1,619 m), Ljubičko brdo (1,320 m), Šatorina (1,624 m), Veliki Zavižan (1,676 m)

Rivers: Kupa, Lika, Gacka and Novčica

Lakes: Kruščica, Plitvice lakes

National parks: Risnjak, Plitvice, North Velebit, Paklenica

Nature parks: Velebit

Islands: Krk, Cres, Lošinj, Rab, Pag

Largest city: Rijeka

Other cities and towns: Opatija, Crikvenica, Novi Vinodolski, Krk, Rab, Karlovac, Delnice, Gospić, Otočac, Senj...

Only an hour drive from Italy, and a 1,5 hour drive from the Croatian capital Zagreb, Kvarner is a region that offers an ideal solution for those looking for a maximum diversity of locations, settings and climates over a small area surface – Kvarner offers the coast, the islands and the highlands, all within an area of 3582 km².

Cres, Kvarner

Its capital Rijeka, Croatia's biggest port, is a middle-European looking city with a cosmopolitan vibe, that is home to palaces in the baroque and neo-classicist style, art galleries, museums and a beautiful theatre.

Croatia's two biggest islands, Krk and Cres are also situated in Kvarner. Both islands offer pristine beaches, beautiful vistas of vineyards and olive groves, and numerous architectural examples of their rich history: Roman, Venetian and Austro-Hungarian.

As venerable counterparts of the coastal area are the mountainous regions of Gorski Kotar and Lika, where the National Parks Risnjak, Northern Velebit and the Plitvice Lakes, along with numerous other protected nature parks, offer dreamlike settings of unspoiled nature: sparkling springs that grow into beautiful rivers, streams and rivulets; dense, fairytale-like forests; soft grazing meadows; translucent lakes; magnificent hills and spectacular mountain landscapes overlooking the Adriatic Sea.

Dalmatia is the long coastal strip of the Adriatic Sea and its many islands, separated from the continent by a mountain range. It is traditionally divided into three sub-regions: Northern Dalmatia, which has lots of small islands and a deep, connected inland (Zadar); Central Dalmatia with bigger islands (Brač and Hvar), moun-

tains close to coast (Biokovo) and a somewhat separated inland (Split); Southern Dalmatia, which is the narrow strip of land around Dubrovnik.

The astonishing natural beauties of Dalmatia have much more to offer than just its legendary combination of white stone and blue sea.

Further divided into three sub-regions of Northern, Central and Southern Dalmatia, this region offers some of the most beautiful Mediterranean beaches with rough cliffs or sandy shores; wild rapids that dissipate into scenic rivers; crystal-clear lakes and 5 of Croatia's 8 UNESCO protected cultural landscapes.

The natural and architectural wonders make Dalmatia not only one of the most attractive tourist destinations, but also provide for a perfect shooting location.

Filmmakers can choose from a range of different natural and architectural settings - perfectly preserved ancient ruins of the Diocletian's Palace in Split; Roman and Medieval forts; Romanesque churches or Gothic, Renaissance and Baroque buildings from the Venetian period.

The cities of Zadar, Šibenik, Split and Dubrovnik are the region's main hubs, but the surrounding National parks, nature reserves, as well as towns and villages on the islands and in the hinterland all have amazing filming potential.

Famous for its wide golden plains, oak forests and ancient wine cellars, Slavonia is Croatia's most fertile region, where picturesque villages and the surrounding cultivated fields offer the ideal rustic setting.

Slavonia is also home to the cities of Osijek, Slavonski Brod, Vukovar and Đakovo, whose unique continental architecture features Baroque and Classicist palaces, forts, and cathedrals.

In the vicinity of Osijek is the world-famous Kopački Rit, a natural wetlands reserve formed at the confluence of the Drava river into

the Danube and covering an area of 17,000 hectares. Kopački Rit is home to around 40 species of freshwater fish, 267 species of marsh birds and one of the largest natural fish nurseries in Central Europe. The reserve offers stunning scenery of nature in its most diverse and untamed form.

The ample aesthetic appeal of Slavonia's cultural, architectural and natural sites offer filmmakers an opportunity to create magical and captivating settings that are guaranteed to enrich the dramatic impact of their photography.

Central Croatia

Location: Central Croatia occupies the north–eastern region of Croatia and is situated between two large entities: the mountainous part in the south–west, through which routes continue towards the Coast, and the Slavonian plain in the east.

Rivers: Mura, Drava, Sava, Kupa, Korana

Mountains: Medvednica, Žumberak

Nature parks: Medvednica, Žumberak, Lonjsko Polje

Largest city: Zagreb

Other cities and towns: Varaždin, Čakovec, Karlovac, Križevci, Koprivnica, Krapina, Bjelovar, Sisak

Lying in the valleys of the rivers Sava, Drava and Mura, this continental part of Croatia is also home to Croatia's capital Zagreb. Central Croatia is a region where lowlands mesh with rolling hills covered with vineyards and beech and oak forests. The area offers well-preserved medieval citadels, 19th century feudal manors, Baroque castles and cities and beautifully groomed parks. Among the cities and towns are Varaždin, dubbed "Croatia's Vienna", Čakovec, Karlovac, Bjelovar, Koprivnica, Krapina and Križevci and Sisak.

Zagreb, Croatia's capital, is also its largest city and the country's cultural, economic and cinematic hub. Zagreb is a typical Central European city with an old city centre featuring classicist and secessionist facades in the Austro-Hungarian style, a Baroque Upper Town, a colorful open-air market in the vicinity of a beautiful Gothic cathedral, and magnificent green parks throughout the city. The city centre, bustling with life, offers the majority of the city's cultural and gastronomic venues, with museums, galleries, theatres, charming coffee houses, restaurants, and clubs. The commercial centre of Zagreb features modern architecture with high-rise buildings that can stand in as any contemporary European city.

Because of its architectural and geographical diversity, Zagreb and its surrounding areas provide filmmakers with a variety of looks, which makes it an ideal location for shooting various settings in a relatively small area.

Zagreb offers a wide range of accommodation and has excellent air, road and train connections to other European and non-European cities.

In addition to the Zagreb International Airport, that is only 17 km away from the city centre, a new network of motorways connects Zagreb to Italy, Austria, Slovenia and Hungary.
