

# Index of Authors

## How to use the indexing system:

The first number (preceding the dash) represents the session number in which the paper will be presented.  
The second number (following the dash) indicates the presentation order of the paper within its session.

**Example:** Guth, Peter L. .... 59-4\*

Find Session #59 in either the Abstracts volume or the Technical Session portion of the Program, and look at the fourth paper in the session.

Page numbers are not listed in this index. Refer to session number and order of presentation to locate the author you are searching for.

\*Denotes Presenter

## A

- Aalto, K.R. 158-10\*  
Aaltonen, Ismo S. 309-4\*
