

history of **birth trauma**, especially asphyxia, such as occurs when the umbilical cord is wrapped around the neck, preventing adequate oxygen from reaching the brain. In some cases there was physical trauma to the head during birth (or subsequently) resulting in a haemorrhage into the brain. Sometimes there was no physical insult at all, but childhood conditions were unstimulating or neglectful, resulting in slow development both physically and mentally/emotionally.

slowest remedy of our materia medica. syphilitic remedy
