Thank you Dad, you made this happen. I will never forget. Espero algún día poder compensarte por esta oportunidad de rehacer mi vida, tu sabes bien cuanto la necesitaba. Te quiero mucho papá y espero que mi felicidad sea parte de la tuya. Me gusta escuchar que te sientes orgulloso de mí, prometo no defraudarte.

Thank you Laufey, mi brujita preferida, por gruñir, que a veces lo necesito.

Thank you Awelita Pas, por hacerme creer que todo lo que me hacías comer era un entretenimiento para poder comer el mundo de un bocado ¡Ñam!, Te echo mucho de menos no se si puedo aguantar mucho más sin que me abrazes. Te quiero y siento no decírtelo tantas veces como quisiera.

Thanks to Awelito Bernabés, todavía te recuerdo y espero que nunca deje de hacerlo. Siempre que hablan de ti siento tanta admiración...espero algún día poder decírtelo en persona aunque estoy segura de que cuando ese día llegue tendremos muchas más cosas de las que hablar.

Thanks to my mom, por parirme, que ya es bastante peñazo, y encima aguantarme tantos años de peligrosidad...te quiero mamá. No dejes de soñar, sabes que no te apoyaría en eso de versionar canciones pero a lo mejor Rusia necesita espías... Sigue siendo pesada, sigue llamándome y sigue diciéndome cuanto me quieres...¡Cariño barato!

Thanks to Lela Lola, por parir a la única madre que tengo. Sabes que me da mucha alegría saber que crees en mí y que siempre me has visto como una hija más. Espero que nunca deje de serlo aunque esté lejos. Te quiero.

Thanks to Lelo Lolo, a todos los tíos y a todos los primos, os veré pronto, ¡la Pishu no está pero guardarme una silla cuando os reunáis, aun necesito saber que soy parte de la family!

Thanks to my brother, nunca supe que se podía querer tanto a una cosa tan pequeña, tú me das supe y me das ganas de triunfar para que no cometas mis errores. Espero que seas muy feliz y que sigas siendo parte de esta nueva vida. Cuida de mamá y sonrie todo lo que puedas, pues esa sonrisa también es mi sonrisa.

Thanks to Ms. Mac, is good to know that there is always somebody you can trust on. You made Tibbits a home for me.

Thanks to Mr. Rabinowitz for teaching me that negative times negative is positive. That's the biggest lesson I could ever learn.

Thanks to Mr. Rozanski for making Shakespeare a little easier (if that is possible).

Thanks to Mr. Horne for making me work like I never did before. You made me hate to love Ethics.

Thanks to Mr. Bутtenheim. Do never change, you made me laugh so much that I sometimes forgot I was actually in class.

Thanks to Mr. Cochran. I guess I just needed a second chance.

Thanks to the girls, especially to Ali, Jackie and Rong. Hope we keep in touch, you girls made this easier and that's why I also thank the boys for making things harder (I suppose that there has to be a balance). It would have been too boring if you guys didn't bother me at all. I know you are nice; you just weren't able to prove it.

Abuela, no prepares la comida. Me voy a comer el mundo.
Pero tranquila, que si no me sacia, te aviso.

Hoosac is a place where you can be yourself and as long as you don't mess up too much it can be a very fun place. It is a place with small numbers and diversity brings us closer to all ends of the earth. It's funny we all say we hate it but as I write I can't stand the thought of leaving, its like writing goodbyes to family, we live like family and for most of us its why we like this place so much. Hoosac gives you the chances and opportunities as very few do in life, it allows us to be ourselves, and most of all its inspiring in a way that is undefined. I came here looking for hockey and education and will leave with an experience of a lifetime, a memory that will stick with me forever.

"May the sun always be upon your face, the wind always to your back and let the wings of destiny carry you aloft to dance with the stars"

Mom and Dad - for always holding out a hand and helping me when discouraged. Thank you for the endless second chances as well as the endless possibilities. As I grow up I am slowly able to realize how much you have done for me, not that it hasn't been acknowledged but as I grow to begin to realize what you have done for me over the years. You have given the world and for that I could never thank you enough, you both mean more than anything to me.

Jamy Lapointe - Being my best friend ever since you moved to Ontario has given us ahead start over everyone, we have made many memories and there are still many more to come. Also for giving me the opportunity to open so many more doors in life by introducing me to the Hoosac Community. Again thanks Lapp's for being such a great room mate and good luck with college most definitely coming to visit you so get ready for it. All the best and see you over the summer kid.

Anthony Paquette- For a guy who is the third wheel of bundle nation and countless memories that we made in Montreal, I'll never forget you man, I'll be sure to come visit you in Ottawa next year.....

Kyle Hardy - So many visits to Montreal that will never be forgotten. The phone calls over break just reiterate the fact that we should be having fun. It's been a pleasure buddy and I am looking forward to seeing you over the summer.

Brad Warner- See you around Bellevegas, good luck with the university bear.

Christian Cyr - we'll always have the Proctor game together man, killer penalty killing...

Yannick Potvin - Quebec will never be a country, learn to love Canada good luck with Tri City Selects...

Ben Ornstein - Looking forward to eating in your restaurant one day Benji

Sylvia Cho- It has been very nice meeting you, you are a very nice girl and I can't think of a time you have been rude. If it wasn't for our little competition in ethics, I don't think I would be close to you at all, I am glad we are both over achievers, good luck with university and I hope to see you again next year.

Shawn Riggins- Riggs to all the great memories that have come out of this year, I miss ya buddy, good luck at Fitchburg man looking forward to seeing you around...

Amanda Fleming - Oh Fleming what a year, it has been very nice to have you along side us in our senior class, you're a very good friend.

To the entirety of the hockey team for such a wonderful season. It was the most fun I have had in a season being on the road everyday with you guys as well as living with you guys all year. Each and everyone of you should realize we're all very talented and don't let anyone tell you otherwise. I look forward to taking the title with all of you next year boys.....

Ms. Muller, you are truly one of a kind, inside and outside the classroom you are able to joke around and still keep a serious look in the classroom.

Ms. Mac, well what can I say I have put you through hell with college stuff just to tell you I am coming back, you would do anything for your students and it's very nice to have someone like you on our side!!!

Mr. Horne- for inspiring me inside the class room and for being there through countless essays, your class was a pleasure. I look forward to playing tennis for you next year.

Mr. Cochran- for holding down the fort in English. All the French Canadian, English Canadian battles. You're a great teacher who can make the classroom enjoyable.

Mr. Uhl -looking forward to lighting that candle in the wind next year on the piano

Coach and Rozanski, for busting us so hard this year. All the Thursday morning walks in the park, bag skates on Monday's and most importantly making hockey this year so much fun. It has been a pleasure thus far and I look forward to claiming the title next year with you guys. You both are great coaches and it's a privilege to play for you both.

I think I was successful considering your talking about coming back for an extra year like I did. We're pretty much brothers and I think its safe to assume it will always be that way. Wherever it is you go next year, I think its inevitable that I will be making an appearance so nothing to worry about there. This summer will be crazy.

Gabriella - You made this year fly by. We went through a lot together and all of it should prove our potential. I have never met somebody like you and nobody has had that kind of impact on me. Next year you will be in your own senior year at Hoosac reading my yearbook page without me. But in the end it won't matter where you are or where I am because when it comes to you, I will always feel the same. I will always love you. I hope to see you making multiple Manhattanville College visits next year

The team - Well boys, you know who you are, and regardless of what happened this year its obvious that our team had been put together to take home the championship. Everybody knows that we were capable of it and there is no question in my mind that you guys will take care of business in the years to come. All the best.

Ms Muller - You made my 2 years at Hoosac much more enjoyable then they would have been. I'll be seeing you soon.

Ms Mac - Everybody probably leaves you the same message every year saying I wouldn't have made it out into the real world and into college without you, but this is true. It was nice to be known as one of the sons and I thank you for everything.

Hoosac School is a place like no other. Only students who have attended can understand what I mean. It changed my life in ways I never thought possible, and I'm sure I'm not the only one. There is something about this place that makes you not want to leave, and if you don't believe me, you will notice that this is my second senior page. I will always feel that my additional year at Hoosac was one of the best decisions I ever made.

Thanks for all the good times in the dish room. Sorry for throwing the jugs. I know you hate that. I'm just getting back at you for giving me cups and mugs all the time.

Paul/Curt- I didn't get to spend as much time with you guys as I would have liked but I always got have a good chat about something. It was always good fun. Thanks guys.

Mr. Olf- I had your two hardest classes in my junior year but they seemed so easy because you were always cracking jokes that made me laugh. It has been great to get to know you and call you my friend. Thanks for everything. We are really gonna have to golf sometime.

Christian- We had a sick time bumping tunes before lunch and we were always having fun. I'm gonna miss you guyee.

Swartzie- It was awesome watching flicks with you and your constant quotes of movies. You need to get your flow back but other than that you're my boy.

Cronin- Had an awesome time with you all the time guyee. Your flow is always improving. I'm gonna miss coming in and waking you up in the morning. I'll see you around.

Niki- Our times at Hoosac were the best. I'll never forget the times we shared here. Every moment was so exciting and fun. I miss all the times that were special.

To everyone from my junior year: Hickey, Grignon, Mellon, Mitch, Collins, I miss all you guys and hope everything is going well. To the 2004-05 hockey team. We knew what's up. Just Dangle.

Mr. Ryan- Ry Guy, you were a great baseball coach. Baseball was the best season of the year. Your a funny guy. I'll miss seeing you around. Thanks for being a cool guy. I'll miss you.

Mr. Cochran- My advisor. I always felt good knowing I had you for my advisor. Thanks for seeing me through my times at Hoosac.

Shawn Riggins

Hardy- I have about 10 dents in my mask from you hitting me in the head. The funny this is that you told me it was an accident every time. You can snipe from just about anywhere on the ice and you mean to tell me you accidentally hit me in the head over and over again? But besides that man you were one of my better friends I made while I was at school. I will never forget when we were Sheppard's and we were tripping people with the sticks, or when we were throwing snow balls at cars in St Cats, or when we flipped beers off that table at ASADO day. I had a good time on the D bus with you this year. I'm sure I'll see you this summer and I'll be back next year for a few trips. Thanks for the laughs.

Scavs- It was a good year with you. Keep sniping in hockey and keep your temper at a minimum. Hold it down next year. Thanks for everything.

Norway- I have known you the longest of anyone on the team. 2 years ago I met you in Prague and knew I had to meet up with you at the Sac. I remember when you told me your legs bleed like hunter deer. I want to hear about you getting some big goals next year. Brother till the end man.

Poo- It took a little while but we became close friends over the year. Thanks for saving me against Brunswick with that OT goal. You have to fix that celebration though. Even though we didn't turn two in ball we still were a sick combo. The Yankees game was awesome I dunno if anyone had as much fun as I did though. Bring home the championship next year.

Coach- Thanks for bringing me to Hoosac. It changed my life and I will never forget you and the memories I have from this school.

Muller- Thank you for everything you did for me and the boys. You are truly a great person and a will never forget everything we did. There isn't enough space to explain how much I thank you for this year.

Pitt Mason- You treated me well. I lived in you for a year and it was insane. I hope you get some work done on you this summer and you look nice for next year. I love you Pitt. With all my heart.

Rosey- Are you serious?? The brewers a junk. Trim your beard. Thanks for being a good coach and a good friend to me. Take care.

Walker- You came a long way from the old Walker days. Now you are alright I guess.

Scotty- Lets play Washington. Good Saturdays.

Bloom- Hold it down Mase. You are a good egg. Good late nights.

Hoosac Hockey- Boys we had a crazy year. We had some big moments on the ice together. I won't ever forget the time we spent together on the ice. Bring it home next year. All the way.

Ahern- My roommate and my best friend. We have had some crazy times that I will remember for the rest of my life. It feels like just yesterday we will killing spiders at 4 in the morning the first night of school. It's hard to put into words the friendship we have together and I thank you for the memories we have. Of all the roommates I could have picked I picked the craziest kid on campus. Just remember man, I'm not going to be at the Sac anymore so don't get into any trouble because I won't be able to get you out of it. But you can call me if anything goes down. Our time at Hoosac might be over but our friendship will last a lifetime. Brothers forever man. Take care. Gear down big shifta.

Fergy and O'Rourke- It was a long year with you guys. Remember the times we had from the beginning to the end. I made some good friends at Hoosac but you guys were my crew from start to finish. Even though you guys live in Canada I'm going to make it to MTL and Nova over the summer and years down the road. O'Rourke how intense are you though seriously? I better hear some good stories about Tourke next year. From hockey to the dorm we were all boys and I thank you guys for being the friends you were. Take care boys. I'll be seeing you guys soon again.

Brad- It feels like just yesterday I was chirping you about the Blue Jays and you were bashing on the Red Sox with me. I will never forget the pre game speeches. You seriously are a bear though. Thanks for showing me Canada and Bell Vegas. For the record the Jays are pretty good and Canada definitely has the better hockey players even if they choked in the Olympics. But you were a great captain as well as a great hockey player and a great friend. Tell Alexander Keiths I miss him and I will be back soon to say hey. Whatever you do with your life just remember one thing. 15 miles 15 smiles.

Paquette- You are one wild dude. You are the definition of late night crew. We had some serious laughs together. From the first day of school you were a friend I could count on to get my back. I'm going to get up to MTL over the summer and we are going to hit that city as hard as we hit this school. Friends till the end.

A Prayer for Hoosac School

Lord, we thank you for the safety and good health

That we share at Hoosac School and that you may

Teach us how to better our relations among one another.

Help us make right decisions when we are faced with evil

And give a hand to those who have fallen

Allow us to live harmoniously together and learn

To love thy neighbor through good and bad times

All through the Grace of God, Amen.

Dear Tiara,

You have grown into an articulate, self-composed and capable young lady. I know what you had to do to get here, and I am so very proud of you. Herman Hesse once wrote, "Man's true profession is to find the way to himself." So here are a few things to help you on your journey:

- 1) Treat Planet Earth well. Take from her what you need and no more. Give her what she needs and more.
- 2) Don't define your life by your trials, but by how you overcame them.
- 3) When choosing a life partner pay more attention to his character than to his physical attributes or his purse.
- 4) Empathy and compassion will connect you to your fellow man/woman.
- 5) It is just as important to find the right person, as it is to become the right person.
- 6) Believe in something greater than yourself. God is a good choice.
- 7) Disagree without being disagreeable.
- 8) Happiness comes from what we accomplish and not what we acquire.
- 9) Remember, hurt people hurt themselves and others. It isn't personal.
- 10) There is nothing like a handwritten thank you note.
- 11) Take the high road. It might be a harder trek, but it takes you to a much better place.
- 12) These things are enduring: love, honesty, civility, courage, forgiveness, discretion, honor, dignity, gratitude, truth, decency and respect.
- 13) You have a beautiful smile. Use it often.
- 14) During your lifetime you will meet all sorts of people in all sorts of situations, and in the words of singer Kenny Rogers, "...you got to know when to hold 'em, know when to fold 'em, know when to walk away and know when to run."
- 15) To assure success: anticipate possibilities then plan well and work hard.
- 16) Don't become too proud to say, "I don't know." Too arrogant to say, "I'm sorry." And, too inflexible to change your mind.
- 17) Say what you mean and mean what you say.
- 18) I read somewhere that the obstacles to learning are complacency, misplaced or upside-down priorities and feeling that one knows everything.
- 19) Give without being exploited, and take without being exploitive.
- 20) Freedom is an awesome thing. It comes with great responsibility.
- 21) One sure way to become a good leader is to lead by example. Be guided by Chaucer's words: "If the gold will rust what will the iron do?"

I know that you are a grown lady now, but in my heart you will always be my little girl.
I love you.
Your Daddy

Congratulations Melanie !

Be proud of all you have accomplished!
Now let your energy and joy of life
guide you through the next four years
and beyond.....

Use your mind but follow your heart.
We will always be behind you 100%
Love,
Mom, Dad, Michael & Stephen
