# WMF Professional Cutlery

## The perfect look with a strong character

**Glass bead.** Velvety highlights and points of contact. The treatment using glass bead blasting adds a delicate, silk matt touch to the cutlery and table accessories. Here-by, small glass beads are blown under pressure on each cutlery. This extra delicate technique of finishing affords a uniform lustrous appearance.

Sold in 135 countries worldwide

Over 7 million pieces held in stock in Germany

Over 26 million pieces sold every year

Free shipping on all orders above £250 net

UK based call centre dedicated to support your business

## Cutlery Finishes

PVD Gold

PVD Copper

PVD Light Gold

PVD Anthracite

Silverplated / Polished

Stone-washed

Glass bead blasted

**PVD. Laid on additionally for quality good looks.** Colors of gold, light gold, anthracite and copper enhance the ambiance. The food-safe, metallic colors are applied layer by layer in the process known as physical vapour deposition, PVD. This noble kind of refinement are suitable for all WMF Cromargan® cutlery models. However, hollow-handle knives are excluded from the PVD process due to technical reasons. PVD, the technique that produces these decorative surface alterations, was originally developed for the jewelry industry.

**Stone-washing. Stone-tumbled singularities.** This imposing vintage character is especially effective in combination with rustic porcelain. Every piece of cutlery becomes unique. The effect of irregular abrasion is formed by tumbler stones, acting on the surface of the metal like tiny files. Therefore, no two pieces are exactly alike. The characteristic "distressed" or "aged look" are great eye-catcher.

# PLAYGROUND

## What is PLAYGROUND?

An invitation to mix and match. A broad palette of inspirations to set up the stage for your cuisine in uniquely different and exciting ways. Enjoy!

A) Gourmet Bowl with Marble Lid  
Code: 7 96 3100 91

B) Glass Cloche 13cm  
Code: 7 51 6400 91

A great performance played out on elegant food terraces, like the gourmet bowl made of oak with a marble lid. The chef becomes a magician.

Very casual: the 'Amuse Tower' can also be used as individual elements. Ideal for simple presentation of bar food.

C) Amuse Bouche Glass 4 Piece Set  
Code: 7 51 7603 91

D) Stone Bowl Flat  
Code: 7 32 2600 91

# WMF firstglass

Tradition. Design. Competence.

No other product can match perfect glass as a showcase for something special. Perfect quality and the finest finish are immediately obvious to the touch. Not even the tiniest imperfection mars the view of the inside. The effects are not created by glass as a material, but by the fine reflections and the smooth, curved shapes. Beautifully framing its contents, the WMF firstglass will show off any beverage to its best advantage.

This ambition means to us a lead-free crystal glass with an appropriate shape and brilliance to serve the finest wines. Highly break-resistant and dishwasher-safe, this robust glass is designed to withstand the tough demands of everyday catering use. It is made seamlessly in a single piece, with no join between the stem and the bowl.

# WMF firstglass

Elegance. Style. Strength.

*Smart*  
Made from one piece of glass.

# WMF Tea & Coffee Solutions

Success since 1927

WMF has over 90 years experience in the manufacture of high-quality professional coffee machines, renowned for their stylish looks, outstanding functionality and high level of reliability.

As with all WMF automatic bean to cup coffee machines, the operator can bespoke it to suit their requirements and select from different combinations of hoppers, grinders and steam arm options for steaming milk by hand.

## WMF Coffee Machines

**1500 S+**

Blending reliable performance with intuitive operation, the WMF 1500 S+ packs an eclectic array of advanced features into its slim dimensions. What's more, it can be tailored to meet your needs and satisfy your customers' preferences.

Recommended Daily Cups: 180

**5000 S+**

Representing a remarkable feat of engineering and design, the elegant profile of the WMF 5000 S+ accommodates a surprising array of high-performance features, customisable options and customer-focused innovations.

Recommended Daily Cups: 250

# Impulse Collection

They pack a punch! IMPULSE collection thermal jugs guarantee to keep drinks hot or cold – regardless of the outside temperature. The high-quality glass insulating core keeps coffee at more than 70oC, even after 12 hours. The completely leak-proof automatic and twist-action caps ensure splash and drip-free pouring. The prize-winning design combines a modern design with trendy colours and metal accents. The collection can also be combined perfectly with the CoffeeTime and TeaTime collections.

# WMF Buffet Solutions

## HOT & FRESH Best in its class.

The new WMF HOT & FRESH works perfectly with induction heating or with any other commonly used heat source. The lid is clear glass, so it doesn't just look good, it allows an excellent view of the food as well. Heat-resistant handles and catering-grade materials help keep workflows progressing smoothly.

# WMF CHANGE Chafing Dishes

*Silver plated version available*

## Handle without care.

With thermal insulated handles and fully retractable lids the Change Chafing Dish is a must have in any Hospitality Operation. With its integral condensation return technology, water marks on the table are now a thing of the past. The lids swing outside the pivot point around the fuel can holder (or hot plate) and pass completely underneath the canisters making the dishes accessible from all sides.

## Opens at the lightest touch.

A model of ergonomics in practice, a special cable guide allows the lid to open easily even when an electric heating element is in use. Smooth-acting, stepless brakes keep the movement of the lid optimally slow. For totally convenient opening, closing and stopping. All models, except the Manhattan, are stackable to save space.

The chambermaid's service trolley is the perfect all-rounder for room service. The service trolley offers space for hand towels and bed linen, and the sides have folding mechanisms, for example to attach a laundry bag. The upper shelf has adjustable compartments. The way the trolley is organised makes room service particularly efficient.

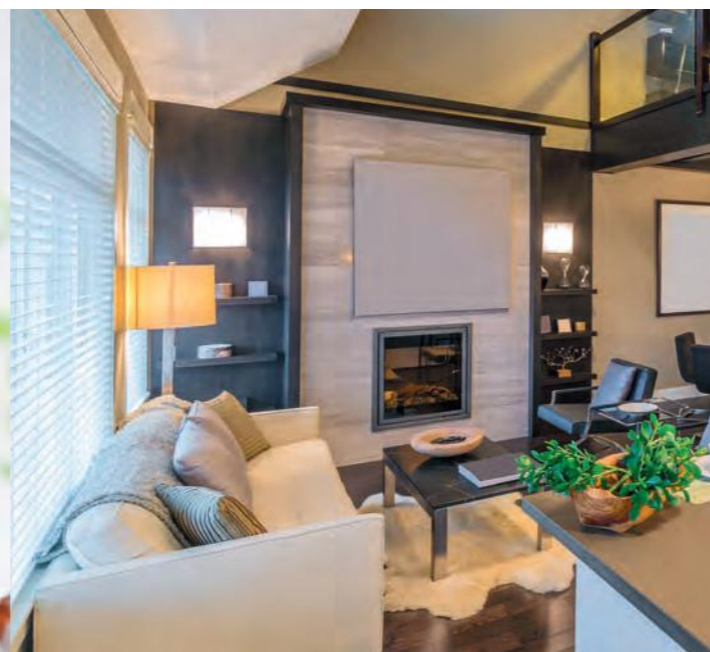

# WMF APARTMENT EQUIPMENT

Individual solutions for serviced apartments and hotel bedrooms

“Serviced Apartment” is the new trend for holiday and business travellers. Having the right apartment equipment will guarantee your clients a trouble free stay and homely experience. With a comprehensive assortment for the living area, kitchen and bathroom, which now also includes small domestic appliances.

And because we, as part of Groupe SEB, can combine years of expertise and a high-performance brand and product portfolio, there is plenty of room for individual requirements that match the interior and budget of your concept.
