Three-wheeler pram
Carycot
Infant car seat Zero Plus 0+

Highlights:

The complete set for sporty families
Extra light and agile
Compact folding size
Large, extendable canopy
Large basket
Height-adjustable handle

Productimages:

A great pram set for all parents that wish to be perfectly equipped from the birth of their child up to approximately the age of 4. Carrycot, infant car seat and 3-wheeler will keep you flexible at any time and they guarantee pure driving fun!

With the cosy carrycot you can transform Viper SLX in a pram that can be used right from birth. Here, your newborn will feel safe and at ease. The large carrycot is fixed by the Eays Fix System on the integrated adapters on the chassis within the matter of seconds.

The infant car seat can also be used for newborns. Thanks to its reliable side-impact protection system with patented shock-absorbing PU foam and 3-point harness, the infant car seat guarantees optimum safety during every car journey. And when it's time to go shopping, the infant car seat can be fixed on the pram chassis so as to transform it into a practical Shop N Drive System. This way, you won't need to wake up your little one when leaving the car.

Once your child is bigger, you may use the comfy and generous sports seat. The backrest can be brought up to the lying position by pulling the loop and the footrest is multi-adjustable. The canopy can be extended and pulled forward for a better protection. Through the viewing window you will be able to keep an eye on your child who can have a good view through the lateral windows. These also guarantee good ventilation. 5-point harness and front bar offer safety during your trips and the parking brake guarantees a strong hold during your stops. Toy, baby equipment and purchases can be stored in the large basket beneath the seat. And what's more: the push handle is height-adjustable and ideal for small, as well as big parents.

This light 3-wheeler is particularly agile thanks to its swiveling and lockable front wheel. Viper SLX is also ideal for strolls and excursions on uneven ground thanks to the large wheels and suspension. And when it's time to transport it, you can easily fold it down compactly to fit it in any boot.

Up to 25 kg! Viper SLX can be used for a very long time, as it can be charged up to 25 kg. This means we are voluntarily satisfying requirements over and above legal standards.

Colorvariants

312193 Smoke/grey

312339 Caviar/grey
